CASCADE TOWNSHIP BUILDING PERMITS ISSUED

In March, Cascade Township issued the following building permits: Edward Lundbeck, Kenneth Poirier and Forest Hills Schools.

Blanche Loveless Ada Twp. Clerk Passes Sunday

Ada community leader and Township clerk, Mrs. Blanche M. Loveless, 7257 Bronson Street, Ada, passed away in the Grand Rapids Osteopathic hospital Sunday morning, April 2, at the age of 67, following a short illness.

Funeral Mass was held on Wednesday morning at 10 o'clock at the St. Robert's church in Ada. Interment was made in the Ada Cemetery.

She was born February 5, 1894, in the Traverse City area. Upon completing her schooling there she attended a nurses training school in Omaha, Nebraska, later returning to her home in Traverse City to attend the Conservatory of Music to study piano.

On June 4, 1918, she was united in marriage to Arthur Loveless and they made their home in Ada, where she has resided for the past 43 years. Mr. Loveless preceded her in death in August of 1955.

In 1945, Mrs. Loveless entered the political field and ran for township clerk, and has served in that capacity for the past 16 years.

Well-known in the Ada area as "Ma" Loveless, she received this name when a group of musicians under her direction played for social affairs. Her husband also did the calling for the square dances.

Besides being active in community and township affairs, Mrs. Loveless was a member of the Altar Society of St. Robert's church.

She is survived by one daughter, Mrs. Edward (Helen) Dunneback of Grand Rapids; three grandchildren and a host of friends.

Easter Tragedy Claims Two

Easter Sunday morning as a carload of youth were going to Snow Methodist Church for services, they met another car head-on on a hill near Snow Avenue and 36th Street. Larry Brady, 16 years of age, driver of one car, and his step-sister, Sally Thompson, aged 10, children of Mr. and Mrs. Cleo Thompson, 2893 Kissingrock Road, were killed and six others were seriously injured.

Sally Thompson was dead on arrival at Butterworth hospital and Larry Brady was dead on arrival at St. Mary's hospital.

Others seriously injured who were passangers in the Brady car were Keith Anderson 15, his sister Kay 12, and Larry's other sister Linda, 15. The other vehicle was driven by Robert Smith 32, of 555 Ary Court S. E., Grand Rapids. He and his two passengers, Carl Childs 15, and Roger Miller 14, both of Lowell, were also seriously injured. All are in serious condition in Grand Rapids hospitals.

Besides their parents and injured sister Linda Brady, the two youngsters are survived by a grandfather James Flannery of Byron Center and Larry's paternal grandfather, Carl Brady of California, Sally's paternal grandfather Clyde Thompson of Ravenna.

Double funeral services will be held Thursday morning at Roth's Chapel and burial will be made in Oakwood cemetery, Lowell.

Exchange Student to Speak At Parent-Teachers Club

Pirrko Linna, Finnish exchange student at Forest Hills High School, will be the guest speaker at the Orchard View Parent-Teachers' Club meeting on Tuesday, April 11, at 8 p. m.

The fifth grade Campfire Girls, under the direction of Mrs. Robert Hartwell, will be the hostesses for the evening.

All members are urged to attend as an election of officers will be held.

March Meeting

At the March meeting of the Orchard View Parent-Teachers' club a movie was shown on the new movie project recently purchased for the school.

The Spring Carnival will be held on May 19.

Those ape-carrying satellites do not come with a monkey-back guarantee.

A record spring turnout of 967 Ada Township voters Monday elected write-in candidate Richard Lynch supervisor of the township to defeat Carl Keena who was nominated in the February primary. The vote was Lynch 501, Keena 424. This is a remarkable achievement, winning on stickers being one of the most difficult of election efforts. The big turnout of voters points up the interest in township government in Ada.

The death of clerk Blanche Loveless on Sunday before the election poised a problem; a ruling stated that votes for Mrs. Loveless would not count and that write-in votes could be used to elect a clerk.

In a tally of votes Kathryn Sytsma received 294 votes, electing her clerk; also receiving write-in votes was Gloria Summers 68, and Augusta Bruinekool 39 votes.

Election day in Ada Monday was one of the most exciting days in the township history with candidates and their assistants bending every effort to get favorable votes for their candidates.

Clarence Hill, a member of the township board was appointed acting clerk by action of the township on Sunday to eliminate confusion in the township election machinery.

Other Candidates Elected

Also elected Monday—Neal VandePeerle, treasurer; Mona Rooker, justice of peace; Kenneth Anderson, trustee; Ralph Averill, Donald Beimers, Darwin Nellist and Robert Rooker, constables.

Cascade Annual Meeting

There was a small turnout at the Cascade Township Annual meeting on Saturday, April 1, estimated at 50. The program of surfacing Laraway Lake Drive from Cascade Rd. to Thornapple River Drive was approved.

The annual meeting also voted to set the salaries of the township supervisor at $4,000 per year; the clerk at $1200 and continue the treasurer on the fee basis.

Ada Rest Home Burns

Ada and Cascade fire departments answered a call at 300 Pettis Ave. N. E., on Saturday afternoon. The house is owned by Franz Gerlacher, who was at work when the fire broke out.

His wife, Margaret and three elderly occupants of the rest home had attended Good Friday church services and had taken a ride, so there was no one in the house at the time of the fire.

Damage was estimated at $10,000, which entirely destroyed the interior of the home. Cause of the fire was not determined definitely, but it was thought that careless smoking or spontaneous combustion of painting rags in the basement may have started the fire.

Spaghetti Dinner Thursday, Apr. 27

Spring is here. The grass is getting greener. We will start getting restless (Spring Fever, no doubt) so this calls for a "night out." No doubt about it, parents, children, Grandma and Grandpa, Aunts and Uncles and Cousins all should get together at the second annual Spaghetti supper sponsored by the Forest Hills PTA. April 27, on a Thursday night, serving from 5:30 to 7:30 p. m. in the beautiful All-Purpose Building, this Spaghetti supper may be enjoyed, and enjoy it you will.

Prices are within reach of all. $1.50 for adults; $1 for children, 12 and under. That is all you need spend and your appetite will be appeased and your tummies will be filled to capacity.

Mrs. Robert Bushouse is general chairman of the big event. Mrs. Clifford Reed is ticket chairman and Mrs. Joseph Gillard is in charge of decorations. Tickets may be obtained in advance by calling Mrs. Reed GL 9-3775 or Mrs. Bushouse, OR 6-3371 (Tickets will also be available at the door)—sound wonderful? We promise you it will be.

Cub Scouts Paper Drive

The Martin-Collins Cub Scouts are going to have a paper drive, with a neighborhood pickup on Saturday, April 22.

There will be another pickup sometime in May. Start saving your papers and magazines for the boys now.

Ada Twp. Annual Meeting

At the annual meeting of Ada Township on Saturday, April 1, the electors approved the purchase of voting machines for the township. It was reported that this would result in a savings, plus quicker more accurate counting.

If the township did not use machines it would be probably necessary to set up a third precinct.

Local Girls Appear on Albion Choir Tour

When the Albion college choir, under the direction of Professor David Strickler, meets fifteen concert engagements on its spring tour in Michigan and Ohio, Miss Martha C. Stiff, sophomore, daughter of Mr. and Mrs. Cary P. Stiff, of 620 Dogwood, Ada, and Miss Martha Wittenbach, sophomore, daughter of Mrs. Anabelle Wittenbach of 10380 Bennett, Lowell, will sing with it, appearing in the alto and soprano sections respectively.

This will be the 30th annual tour of this Albion musical organization.

Report From Lansing by Rep. Doorn

There are signs that members of the House of Representatives have their eyes on that May 12th adjournment date. The speeches are as lively as ever, but shorter. Delaying tactics that brought not a murmur a couple weeks ago, now bring protest. The wheels of the legislative mill are in full whirl.

This week saw several pieces of legislation passed by the House and sent to the Senate. It also saw some legislation defeated probably the most important was the defeat of the bill that would have repealed the One-Man Grand Jury Law. The vote was close.

A bill to give local authorities control over who should be given a SDD or SDM liquor license in their communities. In the past, the State Liquor Control Commission has consulted with local authorities, and for the most part have ruled according to their wishes. The bill, if it is approved in the Senate and signed by the Governor, would make it mandatory, not just an advisory function of local authorities.

Deer Herd Control was the subject of a hearing Tuesday night, which drew the largest crowd to attend a public hearing in the Legislature this session. It appeared that most of those present still favor having the control of the deer herd vested in the Conservation Department. It was noted that while the deer kill was way down, the sale of alcoholic beverages was at an all-time high in the deer country. Inclement weather had the hunters in bars instead of on runways, which may partially account for the lack of success of most of them.

A bill was passed that would prohibit the firing of an employee for absenteeism because of serving on a municipal court jury. Another bill is designed to end confusion in county treasurers offices by making April 15th the final day for purchasing of State bids at tax sales. Present law allows this purchase up to the day of the sale.

The House also approved a bill that will rid the books of some of the obsolete laws that now clutter bipartisan support.

A bill also was passed which sets up standards for dairy products containers and another bill would allow cities and townships to employ assessment services jointly.

A Republican caucus sent back to committee a bill that would have given some tax relief on purchases of cars and appliances, by collecting the tax only on the actual cash involved in the transaction, after trade-in allowances had been deducted. The revenue department estimated that it would cost the state about $20 million in lost revenue.

A hearing Wednesday evening on House Bill 21, which would set up a minimum wage law in Michigan found labor leaders supporting it and retail representatives opposing it. If it became law the increased labor costs would fall on hospitals, restaurants, hotels and service industries. Unaffected by the bill is agricultural and domestic employees. It is estimated that Michigan has from one and two hundred thousand people who now work for less than $1 per hour, many of them who cannot hold jobs that pay higher wages.

The House Elections Committee will check for voting irregularities in the City of Detroit, the committee planned to spend Monday, April 3, in the Motor City, checking precincts where investigation disclosed some irregular voting in last fall's election.

Deer hunting will start on the Saturday nearest the 15th of November, if a bill passed by the House Thursday, becomes law. It was contested, and found solid support from city members and most of the rural members objected. Some predicted that most lands will be posted against hunting if this becomes law.

A bill to require all maps or reproductions that carry the name "Michigan" shall contain both of the peninsulas, passed the house. Upper Peninsula legislators don't like having their part of the state left off of printed maps and advertising matter. As the law reads, it requires that when only one peninsula is shown, the fact that it is only part of Michigan must be carried in the printed information on the map or advertisement.

A bill to forbid cities to levy income or payroll taxes on people who live outside of their corporate limits provided hot debate in the House and failed to pass, after defeat of several amendments. The vote was reconsidered, and after more discussion, was made a special order for Tuesday.

The House concurred in a minor amendment to the bill to require that suits for damages against bar owners must be started within one year which had been put on by the Senate, and the bill now goes to the Governor.

Respectfully yours,
William Doorn, State Representative

Michigan Rich In Human Resources

Michigan is rich in the human and natural resources that are of great advantage to industry.

Our human resources consist of one of the nation's most highly passed management know-how. Our workers represent virtually all but a handful of the skills listed by the United States Bureau of the Census. Michigan workers are trained to do almost every industrial operation.

Our management personnel is paramount in production and development and our scientists are continually making important contributions to industry, health and our way of life.

In addition to these human resources, Michigan is rich in the God-given natural resources. We have an ever abundant supply of fresh water—the largest supply of any area in the world. Four of the five Great Lakes touch Michigan. We have 11,037 inland lakes and upwards of 36,000 miles of rivers and streams. Our water resource aids industry in its processing and for transportation. It is of benefit to the health of our workers and all our people. It serves as a means of recreation which makes living in Michigan a pleasant experience.

Michigan has salt, bromine, magnesium compounds, iron ore, lumber and pulp, oil, gasoline, cement, gypsum, peat and copper. A complete list of our natural resources reads like a list of industry's most wanted raw materials.

Michigan workers are able to take these natural resources and turn them into finished products ranging from aspirin tablets to automobiles and giant trucks.

Michigan's natural resources is the theme of another advertisement in a series of industrial development promotion series presented today in this paper. You can let the nation know about this wonderful advantage Michigan has for industry by clipping the advertisement and sending it to a friend outside of our State.

Travel on Michigan highways has more than doubled during the last 15 years, from 16 billion vehicle miles in 1946 to an estimated 32.8 billion miles in 1960.

Blanche is gone! Big, likable, lovable Blanche. Her passing not only leaves an ache in the hearts of those many, many people who knew her but also marks the end of an era for Ada and the surrounding area.

People like Blanche are mighty scarce these days. She was a product of the times in which she was raised. Hard times, gay times, simple, unsophisticated times. Friendly, go out of your way to do a favor times.

Ah, Blanche, we'll miss you. Miss the still roguish gleam in your eye, the rolling laughter, hearty and unashamed, and the quick tear of sympathy that you had for the hurts and fears of others. We'll miss the music from those hands of yours, Blanche. Real, down to earth music—the type that "just ain't played no more." That lilt, that tinkle, that beat; the style that no one but "Ma" Loveless and her "Boys" could put over. You who she charmed with her piano know about that.

She'll be missed, Blanche will, by Ada and its township people. Public servant, confidante of many she did her job wholeheartedly and well. What more, indeed, can a person do?

We say adieu, Blanche, unashamed of the tear in our eye and the lump in our throat. It was good to know you and we're thankful that our paths crossed for a brief time in our lives.
