CHORUS & BAND PRESENT CHRISTMAS PROGRAM

Forest Hills Band and Chorus will present their annual Christmas program on Monday, December 19, at 8 p. m. in the Multi-Purpose building. Everyone is invited.

Operation Santa in full swing

Supposing you had to shop for one hundred children at your home this Christmas—picking out sweaters for each, figuring out sock and mitten sizes, getting toys and baby dolls straightened out, and matching up sleds to each child.

Supposing you had food baskets to make ready for 25 families, and supposing you had a big party to plan and execute the Friday before Christmas.

Supposing you had over 500 gifts to wrap, and about 150 gifts to acknowledge and over a $1,000 dollars to give and accrediting for. Be this the case, you would have some ideas as to the job before the Operation Santa workers & personnel the next two weeks.

As in the past years, the people of the Forest Hills area are rallying behind our gigantic Christmas project. In later issues, we'll attempt to do our best in recognizing the groups that have given us such fine support.

In the meantime, we could use a little financial assistance. Assistance with wrapping, party plans and the likes. Please make checks payable to the Cascade Christian Church Youth Council.

As of December 12, gifts total $300, against a one thousand dollar goal.

To hold college information meet on December 20

extended to all former graduates of Forest Hills High School to attend a college information conference to be held in the multi-purpose building at 1:00 p. m. Tuesday, December 20.

Some former graduates who are currently attending college have been asked to participate in a panel discussion followed by a question and answer period. Later huddle groups will be formed to give the seniors a chance to ask informal and more direct questions of a person who is now attending the college they are most interested in attending themselves.

The topics to be discussed are college from a freshman's point of view and college from an upperclassman's point of view.

All former grads are asked to meet in the library at 12:45.

This is an excellent chance for the seniors to obtain an insight both academically and socially of the college they are considering.

VFW Post 8303 to host annual holiday party

This Friday, December 16, the annual holiday party for V.F.W. members and their guests will be held at the post's club rooms on East Main Street, Lowell.

This annual event, will terminate the Post's activities for the 1966 year. All VFW members and their families and guests are urged to attend.

Cantata to be given Sunday

Vergennes Methodist Church cordially invites the residents of the Lowell and Ada areas to the church's Christmas cantata and program on Sunday, December 18, at 7 p. m.

The church choir, under the able direction of Tammy Goodwin is doing an outstanding job and will present an excellent musical of Christmas music.

The new youth choir, under the direction of Mrs. Ann Mulder, is refreshingly sweet with its Christmas arrangements, & will be featured on the program. Both choirs will be accompanied by Mrs. Norene Williamsen.

Also on December 28, at 7:30 p. m. in the Snow Methodist Church, we will commemorate with the Snow Methodist members as hosts to the rededication of ourselves as followers of the church.

Share this evening with us as well. We are indeed fortunate to have Rev. Wayne Speese of Lake Harbor Church, Muskegon, to lead us.

The programs are being planned by the membership and evangelism commission of the Vergennes Methodist Church.

School classes will reconvene on Tuesday, January 3. Happy holiday to all the Forest Hills' residents.

Ada Post Office open all day this Saturday

For the convenience of our patrons the Ada Post Office will be open from 8 p. m. to 5 p. m. on Saturday, December 17, for the sale of stamps and acceptance of parcel post only.

Postmaster Hein today emphasized that the proper ZIP Code in the address will help assure on-time delivery of the Christmas presents sent through the mail.

In a great many instances, ZIP Coded parcels travel by shorter routes and are handled fewer times because the five digits help postal clerks choose more direct transportation routes. This means there is less chance for damage to the gifts because they are handled fewer times.

ZIP Codes often help deliver a package that otherwise would be sent to the dead parcel office because the address can't be read.

The postmaster also urged the use of the 1966 Christmas postage stamp. The special holiday stamp is a replica of a painting by Hans Memling, the Flemish master of the Renaissance Era, now hanging in the National Gallery of Art in Washington, D.C.

The stamp was designed from the central portion of Memling's "Madonna and Child with Angels" which was painted on wood about 1480. Use of the stamp for the sending of greeting cards assures first-class handling. That means the cards will be forwarded if the addressee has moved or will be returned if there is a return address.

This is the fifth in a series of holiday stamps and the Postal Service expects it to be another best seller. The initial print order was for one billion, two hundred million stamps.

Mr. Hein estimated that 25,000 of the stamps will be sold locally.

The stamp design was unanimously recommended to Postmaster General Lawrence F. O'Brien by the Citizens Stamp Advisory Committee which passes on all stamps.

Cub Scout Pack 3290 to meet

Cub Scout Pack 3290 will hold its annual Christmas pack meeting and party Wednesday, December 21, at 7:30 p. m. in the Fellowship Hall of Ada Congregational Church.

All Cubs and their families are invited to attend. This will be a fun pack meeting.

Dens No 2 and 5 of the pack have been busy the past few weeks stuffing toy animals that they have taken to the Santa Claus girls for distribution to less fortunate children.

Mrs. Edith Cheseboro and Mrs. Sandy Rooker are the den mothers for these two dens. The boys enjoyed making these colorful animals and knowing they were going to make some little child happy at this time of the year.

Need for dump discussed at board meeting

The Cascade Township Board set 8 p. m. January 16 for a public hearing on the possibility of establishing a sanitary landfill in the township. The hearing will be held in the township hall.

The board also brought citizens up-to-date on negotiations to maintain the water level of the Thornapple River in the township, if and when the Ada and Cascade dams. now owned by Consumers Power Co, become public property.

Board members went on record as giving preliminary approval to the sanitary landfill operation for disposal of trash and rubbish proposed to be established in the 36th St. SE, Kraft Avenue area by National Disposal Contractors, a national firm which operates in several states.

A representative of the firm, August J. Edema of Byron Center, will attend the public hearing to explain the operation and show slides of sites operated in other states by the firm.

Township Clerk, Albert Heemstra, was directed to notify property owners in the immediate vicinity to the proposed site by letter. Notice of the hearing will also be published in newspapers.

Township Board members told Edema that a $5,000 performance bond would probably be asked from the firm if the operation is given final approval.

In the Thornapple water level issue, citizens were told by Township board members that the Cascade and Ada Township officials had agreed that the water level, created by the dams, must be maintained.

Supervisor Gerrit Baker said, however, that method to be used to maintain the water level must be decided by the upper (Cascade) and lower (Ada) Thornapple River Associations.

Two general methods have been proposed for water level control. One is to create a drainage district in Kent County to maintain the water level and the other to ask the Circuit Court to set the level by court order. Assessments again property owners under the two plans differ.

Baker told citizens that Consumers Power will give a quit claim deed to property owners along the river, giving them title to property from mid-river to their line. The property owners would have to pay the cost of obtaining the quit claim deed.

To entertain Wyoming Park

The Forest Hills Rangers, eager to get back on the winning way, will play host to the Wyoming Park Vikings Friday, December 16 at 8 p. m.

The Vikings started slowly, but have a rapidly improving team. They have considerable heighth with their center measuring 6' 6", and two fine guards in Dave Hartman and Robert Ransom.

The Rangers, stinging from their setback at Rogers, will rely on speed and shooting to off-set superior Wyoming heigth.

The reserve game will start at 6:30 p. m.

Letter to the Editor

Taxation is the power to destroy

Nothing could be more confusing to the resident property owners along the Thornapple River than the article appearing in the Grand Rapids Press on December 7, 1966 and the Cascade Township Resolution in the Suburban Life under the date of December 8, 1966, in which members are urged to sign petitions to establish a water level board under direction of the county drain commissioner in which the abutting property owners would be taxed per front foot at a rate at not known to pay for maintaining the Cascade Dam plus funds for sinking fund purposes and assuming the responsibility and liability for the dam.

The Cascade Thornapple Association is in receipt of a letter from the Conservation Department dated November 30, 1966, advising us that this matter is being handled by the Fish and Planning People at our request and we will be advised when the survey has been completed. It is not out of the ordinary for the Conservation Department to take over and control dams in Michigan rivers as the Conservation Department recently took over the Newaygo Dam on the Muskegon River and two dams on the Kalamazoo River and waters under their supervision are properly maintained.

What the people on the back waters desire to do in connection with the Ada Dam is their affair but we on the back waters of the Cascade Dam are working with the Conservation Department to solve our own problems. Taxation is the power to destroy, therefore we are not in favor of taxing the residents to maintain these public waters.

Should you desire additional information as to what the Cascade Thornapple Association is doing currently, contact the president, A. S. Carpenter, 7385 Kilmer Drive, SE. Phone 698-8245.

If you are not now a member of this association but desire to belong to the Cascade Thornapple Association you may contact Maurice Remenak, 6575 Burger Drive, SE. Phone 949-1373.

Statistics show shoe stretching

The American Podiatry Association has produced statistics showing that Americans not only have the biggest feet in the world, but that they are gettime bigger. They state that the average size for women is not 7-7½ A or AA, as against 4B in grandmother's day. During the Cinderella period (1910-20) women wanted shoes to look small and genteel so they wore shoes a half-size too small.

The reason for the growth, podiatrists say, is our diet. We feed our children into maximum growth and, of course, that includes their feet.

Poverty

Throughout the long course of history there have been poor people. Much has been written about the terrible plight of the poor and about the necessity of combating and eradicating the causes of poverty in a society which always has some rich people. In our time of affluent living this is a particularly perplexing and vexing problem. We are trying to answer this problem by means of the anti-poverty program. We must indeed take care of the poor. We should also do all we can to eliminate the pockets of poverty not by filling the pockets of people, but by enabling them to fill their own pockets in the way of productive labor.

In this Christmas season we are reminded of the anti-poverty program of Jesus Christ. Paul wrote to the Corinthian Church (2 Cor. 8:9) "For you know the grace of our Lord Jesus Christ, that though He was rich, yet for your sake He became poor, so that by his poverty you might become rich." When is a person poor? And when is he rich? Anyone is poor who is without God and without hope in the world. He is poor who is separated from God by sin. And, conversely, he is rich who has been brought back to God through the precious blood of Jesus Christ. He is rich who has become rich through the undeserved goodness of Jesus Christ who came to earth to die for sinners on the cross. ARE YOU RICH? —John Guichelaar

Junior Varsity edges Rogers

The depth of Coach John Wardrop's bench provided a key factor in the Ranger's Junior Varsity squeaker over the Golden Hawks of Rogers ,ast Friday night.

The absence of starting center Glenn Collins and two top men, Kent Zech and Russ Gruchow, did not dampen the spirit of the JV's in their 44-43 victory over Rogers' Hawks.

The contest was a seesaw battle with the Rangers scoring in hot and cold streaks. Rogers jumped to a quick 9-2 lead, but the Rangers fought back with 10 straight points to end the quarter 12-9. Utilizing both zone and press defenses, Coach Wardrop saw his team come off the floor at the half with a 22-22 deadlock.

Rogers pushed by Forest Hills to end the third quarter 38-31. The determined Rangers came back to tie the score and edged by 40-39. With 51 seconds the Hawks pulled ahead 43-42, bu Ranger John Witzel pumped in the go-ahead busket with 29 seconds showing. When the gun sounded, Forest Hills was on top 44-43.

The Rangers were led by Tom Teft with 14 points. Steve Grabarek pushed through 12 and Paul Jenks dropped in 8.

Teft was also high with 10 rebounds. Jenks pulled down 8 and Gary Gromer added 6.

Downs Rockford in non-leaguer

Forest Hills won its third game of the season with a non-league victory over Rockford, 87 to 70.

The pace of the game was extremely fast, both teams were using a full court press and scoring consistantly.

In the first half, the Rams and the Rangers battled it out on even terms, with the lead switching from one team to the other. The Rangers ended up on top of the halftime score by a meager four points, 44 to 40.

The second half was dominated completely by the fired up Ranger cagers. Rockford began to crumble under the pressure of the full court defense while the Rangers could seemingly do nothing wrong. The hustlin' Rangers enjoyed many fast breaks that resulted in easy baskets and connected on a high percentage of out-court shots to add to the scoring spree.

Steve Russ led the Rangers with a game high total of 28; John Stovall followed with 21 points; and Dan Mosher netted 13.

Orlo Elkins led the Rockford attack with 22 points.

Rangers suffer first defeat

The Rangers suffered their first defeat of the season by dropping their conference opener to Rogers.

The Rangers were looking for their fourth straight win, but were cut down by the Hawks 72 to 45.

The Rangers took the lead briefly at the beginning of the first period, but Rogers rushed back to post a 21 to 13 first quarter lead.

The Hawks took control of the game and erected a 48 to 20 half time lead and posted a 60 to 32 lead entering the final period.
