Building in Ada Tops \$400,000

At the monthly meeting of the Ada township board last Saturday, John Slanger, building inspector, announced that \$411,425 in construction work was completed in the township in 1956.

Slanger stated that 35 homes totaling \$344,075 were built in the township. Many of these, said Slanger, were luxury homes in the \$30,000 and up classification. The remaining \$67,350 in building projects consisted of garages, additions and remodelings.

In the period of December 1, to January 5, \$14,200 in building was begun.

Three members of the Ada fire department met with the board and discussed the possibility of purchasing a portable lighting unit and chain saw for use at night fires and in event of emergency. Board members were favorably impressed with the recommendation and authorized the fire department to investigate prices, makes and other details regarding this equipment.

A boat for use in event of drownings or possible aid to swimmers and boaters will be given to the department and Carl Keena, Ada township trustee, donated a trailer which will be used to carry the boat.

Henry Fase, supervisor, announced that Mrs. Alice Morris has been appointed as the new Ada librarian by the Ada and the Kent County Library boards. Mrs. Grace Whaley, former librarian was appointed to fill the unexpired term of Mrs. Morris on the Ada Library Board.

With no contest for office in Ada township this year it is interesting to note the length of time served by the present board members. Supervisor Fase has been a member of the board for 14 years, three of them as supervisor. Neal Vander Peerle, treasurer for the last three years has served for 18 years, Mrs. Blanche Loveless spent her 12 years as township clerk while Carl Keena and Grover Hill have served two and six years respectively as trustees.

Mrs. Grace Whaley, recently retired librarian, was honored at the meeting with a luncheon consisting of coffee, sandwiches, cookies and ice cream. The board expressed their appreciation for the fine work Mrs. Whaley had done and presented her with a token of their appreciation.

Women Voters To Meet

Next week Tuesday, January 15, the newly organized Thornapple unit of the League of Women Voters will hold its first discussion meeting. The group will meet at the home of Mrs. Campbell Steketee, 2000 Thornapple River dr. at 1:30 p. m.

Topic for the afternoon's discussion will be "The Suez Crisis" and all women in the Lowell, Ada, Cascade and Eastmont areas are invited to attend. Those wishing to join the unit will be invited to do so.

Last month the League was reformed and the following officers were elected. Chairman, Mrs. Richard DeVos, Unit Secretary, Mrs. Louis Murchio, and membership chairman, Mrs. Jay VanAndel.

Those seeking information may call Mrs. VanAndel, OR6-5921.

In Sympathy

Friends and neighbors extend sympathy to the family of Mrs. Winnie Telder who passed away December 31.

Ada Firemen Flood Skating Rink

Members of the Ada Athletic Association were busy Monday evening with the flooding of the Ada Athletic Field. If the cold weather holds, local youngsters will soon have a large, well lit rink where they can skate in safety. Using the township fire truck for pressure, the area can be flooded in a short time and by Saturday (perhaps sooner) the ice will be built up for good skating.

Missionary to Show Slides

Next week Wednesday evening, January 16, Mr. and Mrs. David Hondorp will show slides and speak on their experiences at the East Harlem Protestant Mission in New York.

Hondorp is a second year student at Western Theological Seminary in Holland, Michigan and last summer spent several weeks working at the Harlem Mission.

The evening's program is being sponsored by the Young Couples club and the public is invited to attend. Refreshments will be served.

Martin School News Round-Up

Mrs. Kinney, Kindergarten, is starting a Safety Unit with the Beginners.

Mrs. Hammond's First Graders have a colored booklet with a clown as the motif. There is also a big clown on the bulletin board.

The First Graders in Mrs. Taylor's room are Reading in "Ted and Sally". Her Second Graders are enjoying rhyming games with their spelling.

Second Graders in Mrs. Arndt's room are interested in reading and making model thermometers.

Third Grade has no report as their teacher, Mrs. Garrison, has been absent due to illness and Mrs. Paul Farnsworth has been substituting.

Mrs. Freyermuth's Fourth Graders are studying trees as a project in Conservation. Some students have written to various nurseries requesting material on trees, while others have written to a horticulturist in Boston, Mass., for pine seedlings to start in the class room.

Mrs. Roth's Fifth Graders have made Penguin Posters to decorate the room since Penguin and the cold weather we are having are associated together.

Mrs. Hendrick's Sixth Graders are busy preparing special reports on the countries of Europe.

The reason why some people get lost in thought is that it is unfamiliar territory to them.

Athletic Group Holds Annual Meeting

Annual meeting of the Ada Athletic Association will be held on Wednesday, January 30, at 8:00 p. m. in the Ada Town Hall. At this meeting election of officers will be held.

Present officers are Don Beimers, president, Cornie Heemstra, vice-president, Matthew Verhil, secretary, Bob Hand, treasurer and Stan Osmolinski, vice-secretary-treasurer.

All persons living in Ada Township are eligible for membership and are urged to attend the meeting. The Association, incorporated this past year has been working towards improvement of the Ada Athletic Field.

Ada Edges Belmont, 26 - 19

The Ada Red Wings pushed their season's win record up to four games last week with a 26 to 19 victory over Belmont. Coach Ferris Post stated that the Red Wings have a 4-1 record for the season.

Off to a slow start, last week's game showed 8-6 score at the half. In the second half, Ada came to life and really played basketball, chalking up a total of 18 points.

John Lyons was high point man for Ada with 10 points and Dick Fase played a good defensive game.

This Friday's game will be a home game for Ada when they meet Alexander Hamilton at 7:30. Tickets will be sold at the door and a good crowd is expected to be on hand, rooting for the Red Wings.

Wins Trip to New York

Last week Thursday and Friday, Vernon Reyburn, 4836 Luxemburg, attended a two day convention in New York for the Eastern Regional meeting of the Northwestern Mutual Life Insurance company.

Reyburn was the winner of the company's annual sales contest in this area with over \$700,000 in insurance policies to his credit. An all expense trip to the New York convention was Reyburn's award.

Family night teenage dance from 8 to 12 p. m. on Saturday, Jan. 12, 1957 at Amvets Post 30, Campau Lake. Soda pop and refreshments.

Price Named Athletic Director

According to Harold S. Chambers superintendent of the Forest Hills school district, Ray Price, principal of Ada was appointed by the board of education as the new athletic Director, at Tuesday's meeting.

Price, principal at Ada for the past four years, was Athletic Director at Lake City for four years. He also served there as principal and was coach for two years.

Beside serving at Lake City, Price coached for two years at Walkerville where he was superintendent for three years.

Duties of the Director include scheduling games, contracting for referees, arranging game schedules and handling ticket sales.

Chambers also stated that the board also decided at Tuesday's meeting to ask the original architects for the Cascade, Collins and Martin schools to prepare preliminary plans for two room additions to each of these schools. With the rapid expansion in this area, additional classrooms will soon be needed.

The board plans to keep the ninth grade in the Forest Hills district next fall if it is at all possible.

Next Monday, said Chambers, the board will meet with the architects for the new high school building. At this meeting preliminary plans for the new building will be considered.

BIRTHS

Mr. and Mrs. Kenneth Sinclair, 68th St., announce the birth of a son, Kim Frederick, born January 2nd at Blodgett hospital.

County Discusses Ada Bridge

The old M 21 bridge was the topic of discussion at Tuesday morning's meeting of the Kent county road commission. A nine member delegation of Ada area residents seeking to keep the old bridge was present and sought to get a definite answer from the commission regarding its fate when the new bridge is completed.

According to Dr. J. Clinton Foshee, main spokesman for the group, dismantling of the old structure would create a grave traffic hazard.

The group from Ada spoke to Charles Zeigler, State Highway Commissioner, at a meeting in Lansing two weeks ago and Zeigler stated that the bridge could be turned over to the county.

County Commission members, however, are reluctant to accept the bridge and according to Edwin Meuller, chairman of the county road commission, have no funds for repair and maintenance.

Otto Hess, county road commissioner, told the group that maintenance of the old bridge would be negligible if its use were limited to local traffic. Hess stated that a roadway with a right angle crossing at Ada dr., and M 21 would be required and for safety purposes a traffic light would also be a necessity.

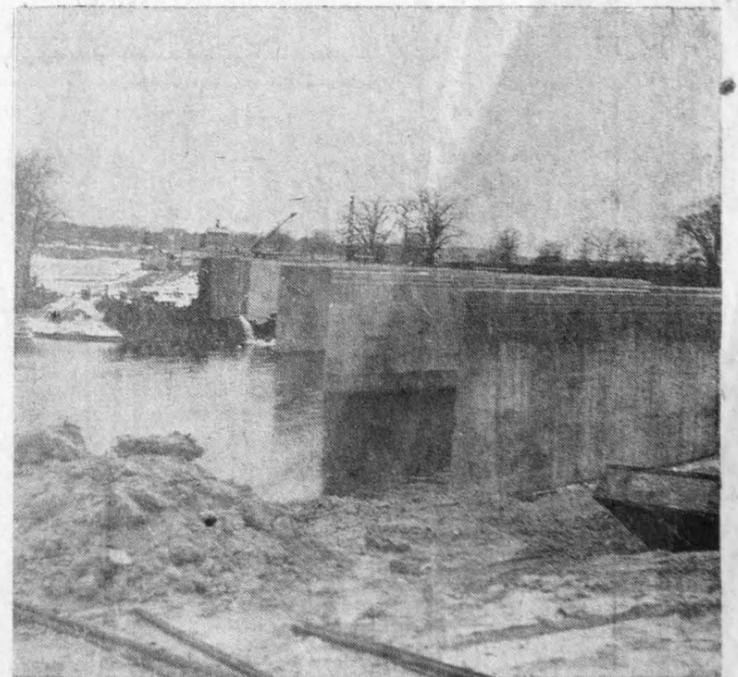

Meuller, definitely opposed to the proposition, mentioned that extensive repairs to the flooring and supporting piers would make the project too expensive. He also stated that a county engineer should give an estimate of repairs before any commitments are made.

The meeting broke up with the understanding that a survey would be made and a definite decision given to the group at a later date.

Present at the commission meeting were Bruce McMahon, Dick DeVries, Gordon Svoboda, Clifford Courtwright, Dr. Foshee, Henry Fase, township supervisor, Leon McVoy, Joe Czajkowski and Joseph Gillard Jr.

Full employment schedules in Michigan industry may make it profitable to find part-time or full-time work off the farm as a way to boost net income, say M. S. U. farm economists.

Ada Bridge Ahead of Schedule

The last of the six 90 by 24 foot piers for the new M21 bridge is almost completed. Finishing this part of the work far ahead of schedule will enable the entire job to be completed well in advance of the November 3 deadline. Approaches to the bridge will be completed in August.

ICE SKATING RINK AT CASCADE

The youth at Cascade are going to enjoy ice skating, thanks to the Cascade Businessmen's Association recreation committee, who have obtained permission from the Nick Stellin's to flood their property next to the firebarn for a skating rink. Now, if "old man winter" will just cooperate, the children will have a safe place to skate, and parents will not have to worry about their skating on the river.

Mr. and Mrs. Homer Morris were Sunday afternoon visitors of Mr. and Mrs. Leonard Rand and Mr. and Mrs. James Smith at Kalamazoo.

Will County Keep Old Ada Bridge

What does all the hubbub about the old M21 bridge in Ada mean? What caused many of the same people who fought so hard for removal of the old structure as a bad traffic hazard to suddenly reverse their position and begin to fight harder than ever to keep it? Will the removal of the old structure when the new is completed, cause an economic barricade to the village?

These are only a few of the many questions that arise when we consider the recently organized movement to retain the old structure.

The group seeking to keep the old bridge maintains that its removal would cause a loss of business to certain individuals north of Ada. They also claim that the new bridge and highway will create, instead of alleviating, traffic problems. And, they state, those persons living north of Ada will be greatly inconvenienced by being forced to drive a few hundred yards further than usual in order to cross the new bridge.

With the problem now thrown squarely into the laps of the Kent County road commission by State Highway Commissioner Ziegler, an answer, one way or the other, will soon be forthcoming.

Although we can see that two local businesses will suffer to a certain degree, we feel that the matter is more than just a local problem. If, for instance, the county should accept the bridge, pay for its definitely needed, ex-

tensive repairs, build a new roadway and a right angle crossing at Ada dr. and M21; if they did this, would it be fair to the taxpayers of this county?

Can we honestly and wholeheartedly support a plan that benefits a few at the expense of the majority? What would be the loss in revenue for the two local businesses? Fifty per cent?—Hardly, because those north of the river could still patronize these places as always. Loss in transient trade? With the old bridge for the use of local traffic, transients would pass these places anyway. We believe that good steady customers would not feel a few hundred extra yards of travel cause enough for going elsewhere.

Viewing the problem objectively, we feel that the taxpayers of Kent County would be forced to pay for a local project that would at the best, be a doubtful convenience for a few Ada residents.

Persons seeking the peace and quiet of the hills north of Ada will certainly not stop building because the old bridge is gone. Merging lanes for turn off traffic on the bridge approaches will, we believe, prevent accidents. As proof we offer Cascade village. Since the new highway was completed more than a year ago, accidents, formerly a weekly occurrence there have dropped to two in the entire period.

Hess's statement that future traffic conditions would warrant an overpass at Ada dr. and M21 if the old bridge were kept is further proof, we believe, that Kent county taxpayers would be imposed upon.

We hope the county considers the problem very carefully. We are certain that if the facts are weighed, local pressure notwithstanding, the old M21 bridge will be dismantled as originally planned.

OBITUARY

Sweet

Sympathy is being extended to members of the Sweet family at the death of the husband and father, Orley Sweet, aged 63 years, who passed away Tuesday morning at the family home in Utica.

A former resident of Buttrick Road, Ada the family made many friends here and Orley Sweet was a member of the Ada Lodge 280 F&AM of Ada.

He is survived by his wife, Myra, one son Monroe of Caledonia, two daughters, Mrs. May Stecker and Mrs. Betty Miller, both of Utica, five grandsons, and one sister, Mrs. Alice Holly of Caledonia.

Services were held Friday at the Mulliken funeral home, with interment in Utica cemetery, and under auspices the Masonic Lodge Utica No. 75, at the request of Ada Lodge No. 280 F&AM.

Mrs. Whaley Honored By Library Board

The Ada Kent County Library board held a surprise "open house" honoring Mrs. Grace Whaley, retiring librarian on Friday afternoon Dec. 28th. Refreshments were served to many friends and a lovely gift was presented by the Library Board. Stanley Carmen, assistant county librarian came for the special event; also Mrs. John Freyer-muth and Mrs. Hubert Freyer-muth and children from Grand Rapids. A short business meeting was held at which time Mrs. Robert E. Morris was appointed as Librarian to replace Mrs. Grace Whaley.

Saturday, January 5th the Ada township board invited Mrs. Grace Whaley as their honor guest and presented her with a beautiful gift after which refreshments were served. She has served under their sponsorship for fourteen years and will be greatly missed.

Letter to Editor

I don't know of any other way to do this, except to write you a personal letter in hopes that you will publish it.

My husband is an insurance adjuster and in his daily road work near Newago, came across a desperately needy family. A man his wife and 3 children 9, 7, and 5 years old.

Seeing it was the Wednesday before Christmas we decided to do what we could to make their Christmas a little more enjoyable. We fixed a carton of canned goods, fruit and candy—rounded up our sons—outgrown skates, toys and clothes to take to them.

Then Thursday Dick (our son) got up in Collins school and told his classmates of the family.

Friday morning he called home and asked us to come and get him. Much to our surprise and joy we picked up cartons and bags of clothes and toys—No junk, believe me, all good clean clothes and toys galore!

Then after school Dick and some of the neighbor children went out again and came in with bags full.

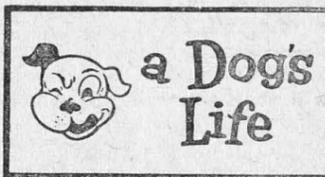

We ended up with 4 huge cartons of clothes for all the family. 2 cartons of food, a big carton of toys and nine dolls.

Our trip Saturday sure was a thrill and all the thanks any one needed was stars in the eyes of those 3 children and the tears of happiness in the eyes of the parents.

We can't thank all the wonderful people in person who made this possible, because we don't even know many of them. But we want to thank each and everyone now for the family they made so very happy and for us, because our Christmas was the happiest ever!

We all have a renewed faith in the goodness of people. Wishing you all the best in the New Year. Sincerely

The Osborn Family

CANINE POINTERS

by Bob Bartos
Prominent Dog Authority

Probably everyone has seen a dog "frozen" into immobility, tail held rigidly with perhaps a front paw raised stiffly at an odd angle.

The hunter, in reading the dog's points, soon learns that the dog doesn't take time to po-

Dog of the Week: Pointer

Sporting dog. Average weight: 60 pounds. Height at shoulder: 25 inches. Coat: Short, flat, firm in texture. Color: White with black, liver, orange, or lemon markings or ticking. Solid tan, brown or black.

sition himself comfortably. He spots his game and simply freezes.

A good pointer stays steady when a gun is fired, staunch and intelligent. He is not easily flustered. He is also restrained, calm, and trained to wait for the hunter's commands. And he has a keen and well-developed instinct for hunting.

To teach a dog a basic step in pointing, a game bird can be tied to a small stake in high weeds or cover. With about 50 feet of rope attached to the dog's choke collar, let him work toward the bird, the dog being downwind. As the dog gets his first scent of the bird, a helper walks in and pulls up the bird's stake and it flushes and flies for a short distance. With the stake and about six feet of rope, the bird won't go far.

Check the dog vigorously on the check cord each time the bird flushes, and using the command "Whoa"! voice-steady him at the same time. Eventually the dog will stand rigid on the spot until the command "fetch" is given.

Feeding Tip: Remember that a field dog requires good healthy food and lots of it. He should receive well-rounded, nourishing meals, such as provided in quality prepared dog foods, like Friskies.

Navy Recruiter at Lowell Post Office

Robert C. Treloar, Engineman First Class, U. S. Navy recruiter for this area, has announced that a special Navy recruit squad, to be called the "Spartan", will be enlisted from the Grand Rapids recruiting area on January 23, 1957. This squad along with three other squads from the Muskegon, Benton Harbor and Kalamazoo areas which are to be enlisted on the same date, will form a complete recruit company to be called the "Wolverine Company."

The company will undergo nine weeks recruit training as a unit at the Navy Training Center, Great Lakes, Illinois. The men of this company will be granted fourteen days leave upon completion of recruit training and prior to their first Navy assignment to service schools, ships or stations.

Your local Navy recruiter will be at the Post Office Building in Lowell every Wednesday between the hours of 10:15 a. m. and 3:15 p. m.

"New Tablet Relieves 'Hot Flashes,' Irritation From Change-Of-Life Without Costly Shots!"

"Shots I took gave no relief," says W. W., Chicago. "But with Pinkham's Tablets—no hot flashes—no 'sorry for myself' spells!"

Model Photo

Science offers women new freedom from much misery of change-of-life, thanks to an amazing tablet developed especially to relieve such functional discomforts. Doctors report sensational results using this home treatment alone—and no costly injections!

Relief for 8 out of 10 Tested! Irritability was calmed. Dizziness relieved. Hot flashes subsided. Here's why. This new tablet is a unique combination of special medicines. Acts directly on the cause of these troubles to relieve tense feelings, physical distress that bring unhappiness to so many. Clinical tests prove this.

Don't let change-of-life rob you of joy! Ask for "Lydia Pinkham's Tablets", now at drugstores without prescription. Contain blood-building iron. (Also liquid Lydia E. Pinkham's Vegetable Compound.)

Want a Hobby? Try Sculpture

Sculpture makes a grand hobby for people of all ages, declares Carleton W. Angell, who recently retired after 30 years as artist at the University of Michigan Museums.

"Most people who once start it leave it with reluctance. Seldom is there a person who finds it tedious," he maintains.

Professor Angell says, "One may learn to do seemingly ambitious things without too much difficulty. However, the best way for a beginner to start modeling is to start on something small and preferably something which may be put to some use."

He states, "Usually the beginner starts with some small object in the round; that is, a piece of sculpture which may be seen from all sides. Often I find it most convenient to start a beginner in so-called bas relief. (Bas-relief is sculpture in relief, as the sculpture on a coin.) Many students know how to draw, and bas relief is much like drawing, except that it is bolder and stronger in line. So this makes a good way to begin."

He continues, "From simple bas reliefs, beautiful tiles in burnt clay and colored cast cement find many useful places. For instance, in the garden walk, benches and terraces, set in the midst of brick or stone, they lend charm and added interest."

Professor Angell explains that from mere etching or drawing on a flat clay slab, the student can proceed to low relief and high relief, and "then it is only a short step to sculpture in the round."

According to Professor Angell, the pouring of plaster of Paris to make molds of bas relief, then taking copies of the bas relief from the molds, is fascinating business. "I have found many bas reliefs to make delightfully decorative pieces for the home when carved in pink or white alabaster. For example, a lamp base with its four sides carved in low relief or a lamp shield carved so thin as to be translucent are very pleasing to the eyes."

Something to look forward to in the long winter months after Christmas is the women's program during Farmers' Week, January 28-February 1, on the Michigan State University campus. This year, for the first time, there will be a luncheon (Wednesday, January 30) just for women and it will feature home economics at Michigan State.

Bananas broiled with Canadian bacon make an ideal luncheon salad accompaniment. Just brush peeled slices (one-third banana cut on the diagonal) with honey. Wrap a slice of Canadian bacon around each slice as far as it will go and secure it with a toothpick. Place on a broiler pan and broil, 4 inches from the heat, turning it to broil all sides.

Cookies may be baked and stored in your freezer for as long as six months, providing they are properly packaged.

Mrs. Jennie Grant of Dutton was a New Year's day guest of Mrs. Francis Reams.

Pam Courtright of Grand Rapids spent the holiday vacation with her grandparents.

For Your Child's Sake, Know When to Call Doctor

"Knowing when to call your doctor and what to tell him about your child's sore throat may save your youngster from attacks of rheumatic fever, the disease which causes more heart damage and long-term crippling illness in young people than any other," E. A. Irwin, M. D. of Dearborn, President of the Michigan Heart Association reports.

Explaining that a rheumatic fever attack is almost invariably preceded by a streptococcal infection ('strep' sore throat) Dr. Irwin said that the Michigan Heart Association is providing parents with a checklist of seven key questions to aid them in obtaining prompt medical attention for suspected 'strep' infections. He particularly urged parents whose children already have had rheumatic fever to consult their physician about preventive measures needed to forestall repeat attacks.

The "when to call your doctor" checklist is as follows:

Did the sore throat come on suddenly?

Does your child complain that his throat hurts when he swallows?

Does it hurt below the angle of the jaw when you press there gently with your fingers? Are the glands swollen there?

Does he have a fever? How much? (Usually a strep infection brings on a fever between 101 and 104 degrees)

Does your child complain of a headache?

Is he nauseated? Has he vomited?

Has he been in contact with anyone who has had scarlet fever or a sore throat (any child who has been exposed to scarlet fever should see his doctor for preventive treatment even if he does not have a sore throat.)

Additional information on how parents can help safeguard their children against rheumatic fever is contained in the pamphlet, "Now You Can Protect Your Child Against Rheumatic Fever," which can be obtained by writing to the Michigan Heart Association, Doctor's Building, 3919 John R, Detroit 1, Michigan.

SUBURBAN LIFE, JAN. 10, 1957

Health Officials Urge Polio Shots for Young Adults and Teen Aged

Teen agers and young adults need protection against polio just as much as young children need to be vaccinated, the Michigan Department of Health said today.

Ninety-five per cent of all paralytic polio cases in Michigan occur in persons under 36 years of age, the health department said.

Records show that the severity of paralysis increases with the age of the polio patient. For example, 25 per cent of all polio cases in Michigan occur in the 15-25 age group. But this same group accounts for 50 per cent of the polio deaths.

The state health department has recommended that as a public health measure all Michigan residents under 36 years of age should receive polio shots. This would leave only five per cent of the potential victims unprotected, all of them 36 years old or older.

Vaccinating 95 per cent of the potential polio victims in the state would virtually eliminate chances for future polio epidemics, the health department said.

However, if persons 36 years old or older want to be vaccinated as a personal health measure their private physicians probably will recommend that they receive the vaccine, the health department added.

In Michigan, polio vaccine is supplied without charge to physicians and local health departments for vaccinating children 1 through 14 years of age and pregnant women of all ages. About 70

per cent of the persons in these groups have now received two or more doses of polio vaccine, the department said.

The vaccine is available to all other persons through regular commercial channels.

State Police Say: 'Start New Year Right—Join Us'

Start the new year right in a well paid career by joining the Michigan State Police

That's the advice given young men by Sergeant Gordon Hanthorn commanding officer of the Rockford post.

Men between the ages of 21 and 29, inclusive, married or single, are being given a new opportunity to become members of the State Police, but they must have their applications on file by Wednesday, Jan. 30, according to the sergeant.

"The pay is excellent. In the trooper rank alone it ranges up to about \$7,000 a year and, as everyone knows, there will be a new pay raise which has already been approved by the state civil service commission and applies to everyone."

Pay increases with length of service and after two years the trooper gets a further boost by being automatically promoted one full step in classification. There are also very substantial increases with each promotion in rank.

Entrance requirements include a minimum height of five feet, nine inches and a high school education or its equivalent.

"A diet is what you keep putting off while you keep putting on."

Sit Down to Iron; Save Your Energy

Your ironing chores will be much less tedious if you set up an ironing center.

To do this home management specialists at Michigan State University suggest you surround yourself with your equipment for an easy flow of work.

Place all the things you need where you can reach them from a seated position. If you have never sat to iron before, get an adjustable ironing board so that you can give sit-down ironing a fair chance. It may take a while for you to get used to sitting while ironing, but after you become acquainted with this method, you'll not want to stand to iron.

The specialists suggest you arrange your chair at the ironing

board with your laundry basket of clothes to be ironed to your right. Set a table just behind you for placing folded and ironed clothes, and a clothes rack to your left to hang dresses, blouses and shirts. Another suggestion from the M. S. U. specialists is to use both hands when ironing. Interchange the iron from one hand to the other depending on the direction in which the iron is moving. Arrange, smooth and fold clothes with your other hand.

Avoid lifting the iron to an iron stand. Rest it at the point where last used and don't return it to the right end of the board each time. Use long rhythmic strokes; let the heat and moisture do the work. No pressure is needed.

panies in Michigan. This provides for \$10,000 in case of bodily injury or death to one person in one accident, \$20,000 in case of bodily injuries or death to two or more in one accident, and \$5,000 for property damage.

Furthermore, if the injured party obtains a judgment against an uninsured driver; the license will not be returned until the judgment is satisfied. This obligation cannot even be discharged in bankruptcy.

Michigan may let a driver without insurance use its highways until he has an accident, but after that he comes under some tough laws.

As for me, I like the peace of mind that comes with having liability and property damage insurance. And I would rest much easier if it should happen that I were the cause of an accident and someone was hurt.

State Park Users Willing to Pay

A majority of those questioned in a Michigan State University survey indicated they were willing to pay for use of Michigan state parks.

The survey, directed by Dr. Thomas L. Dahle, assistant professor of communication skills, revealed that of the 4,700 users queried in the parks last summer only one of every 12 opposed charging fees for park use.

The study was made in cooperation with the Michigan Department of Conservation and a full report on the findings will be released within three weeks by the Bureau of Business Research at M. S. U.

Among other things, the survey showed that 84 per cent of those using the parks lived in Michigan. There were very few complaints about upkeep of the parks although many inadequacies were found, the survey disclosed.

More than one third of the parks were rated "inadequate" by 30 to 75 per cent of the people questioned in them, and it was predicted the situation will become worse with increased use.

Sixty-five per cent of those in the survey said they would use the parks more frequently than they did the previous year.

"Love's like a radiator—it keeps you warm, even when you know it's only hot air."

Save your thumbs when it comes to cracking those large, plentiful Brazil nuts for holiday cake and cookie baking. The best way to remove the shells, say M. S. U. food specialists, is to cover the uncracked nuts with cold water, bring it to boil and boil three minutes. Then dry nuts and crack the shells easily.

Practically everything that Michigan farmers have to buy for farm production will be higher in 1957. But lime and fertilizer may miss the price hikes, say M. S. U. specialists.

You wouldn't drive your car out of the garage without liability insurance.

Driving today is just like a bingo game—when your number comes up, brother, it can cost plenty. Of course, there are always some people who prefer to gamble and use the highway without having any means of paying for damages caused by their negligence. Are these people subject to any laws? I checked at the local branch of the secretary of state and learned that in Michigan we have a financial responsibility law which places some strict requirements on the uninsured driver who gets himself into an accident.

Here's how it works. Whenever a driver is involved in an accident with another motor vehicle where there has been an injury, death or over \$100 in property damage, he must report that accident to the secretary of state who will automatically suspend his license within 30 to 60 days unless he is insured, posts adequate security or shows by affidavit that all claims are settled. Operators of a vehicle which is legally parked or struck in the rear while stopped at a traffic signal are not subject to suspension.

If his license has been suspended the motorist must fulfill the above requirements and, in addition, show proof of future financial responsibility before he can get his license back.

The amount of insurance required is the basic liability policy for sale by licensed insurance com-

In-Out of Hospital

Dolf, 8-month-old son of Mr. and Mrs. Gordon Svoboda was taken to the Grand Rapids Osteopathic hospital for treatment for infected tonsils last week. He is better and was brought home Friday.

Rev. Edward Kryger of McCabe rd., who underwent a gall bladder operation at Grand Rapids Osteopathic hospital Jan. 2, is as good as can be expected. Mrs. Esther Smith of Grand Rapids, who was visiting her daughter, Mrs. Kryger was taken to the same hospital with a lung infection.

The many friends of Grover Hill, Buttrick road will be interested to know he is getting along as well as can be expected. Mr. Hill was taken to Butterworth hospital, Grand Rapids after suffering a heart attack.

Mrs. Grover Hill, who returned home some time ago, is slowly recovering from the stroke she suffered and gets around the home in a wheel chair.

Demonstrations on how to judge carcass desirability of beef cattle and hogs through their appearance on foot is a new feature of Farmers' Week, January, 28-February 1 on the M. S. U. campus at East Lansing.

Survey Shows Hawaiians And Alaskans are Most Talkative Telephoners

The 2 most talkative telephone spots on the globe are U. S. territories—Hawaii and Alaska.

This and other facts were reported today in "The World's Telephones," the American Telephone and Telegraph Company's annual survey.

At the beginning of 1956, the survey showed, there were 101 million telephones in the world, or two phones for every one in service ten years earlier.

When it comes to using the phone, Hawaii out-talked all other areas. The island territory reported 647 conversations per capita during 1956. Alaska was second with 572.

For the fourth successive year Canada averaged more telephone conversations per person (446) than did the United States, which had 409. Iceland, as usual, ranked high on the conversation list with 399.

In the United States as of January 1, 1956 there were 56,243,000 telephone (now there are more than 59,000,000) operated by some 4,700 private companies. Most of the telephones in European countries were operated by government agencies.

A person in the United States could pick up a telephone and call any of 97 million other phones—41 million of them located in more than 100 other countries or territories.

Apple pie has an unusually good flavor when a dash of fennel seed is added to it. Fennel seed is a small fruit with an aromatic sweet taste somewhat like anise, and is used in sweet pickles, sausage, pastries, candies and liqueurs.

Cumin seed is a poignant spice for canapes. Mix chutney with snappy chesse and garnish with cumin seed. One of the oldest known spices, cumin seed is an ingredient in curry and chili powders. It is good in soups, cheese pies and stuffed eggs.

Martin P.T.A. Holds Meeting

The Martin School P. T. A. held their monthly meeting Tuesday, January 8th at 8:00 p. m. The usual business meeting was held and several reports were given. Mrs. Virginia Waterfield co-chairman of the carnival disclosed that the date of the carnival would be Saturday, March 30th, at the school.

Mrs. Bullson, Kent County Council Representative for our school, gave a brief report on the Christmas luncheon held last month.

Dick Smith, Director of Scouting for the South Kent District was invited to speak and gave a short but interesting talk on the need and organization of a Boy Scout Troop for the Martin-Collins School area. In order to organize a troop there is the problem of getting volunteer fathers to serve on the various committees, etc.

Any parents who have boys 11 years of age or older and are interested in getting it organized are asked to attend a meeting Sunday afternoon, January 13th at the home of Ed. Groening, 360 Forest Hills rd.

Guest speaker for the evening was Mrs. James Parker, 1st Vice-president of the National Congress of P. T. A. The highlights of Mrs. Parker's speech "The More we Get Together" was the importance the P. T. A. plays, not only in school, but in scouting activities, youth groups, community affairs, and most of all the home. Mrs. Parker, also stated that P. T. A. was a place where the teacher meets the parents as an individual and the parents met the teacher as an individual.

Refreshments were served by the Mothers of the Third graders with Mrs. Eva Parr serving as chairman.

The "Honor Banner" was awarded to Mrs. Arndt's second graders for having the most parents present.

Cpl. Eugene Rooker of the Michigan State Police of Rockford, and family spent the week-end with his parents, Mr. and Mrs. Bernard Rooker.

STRICTLY BUSINESS

"Get the plant whistle adjusted, Hassle?"

\$8,000 Fire In Ada

According to Howard Butts, Assistant Ada Fire Chief, approximately \$8,000 damage resulted in a barn fire at the home of Henry Fase, Ada township supervisor, last Saturday night.

The barn, filled with supplies for the Fase's honey business, was damaged although bulk of the loss consisted of damage to the bee supplies.

Besides Ada's equipment, Cascade, Vergennes and the Kent County fire rig responded to the call. Butts stated that a truck in the barn was pulled from the

blazing building and a second county tank truck was used to haul extra water.

Later, early Sunday morning, Cascade firemen again made a run to what was left of the empty house on the Floyd Atchison property, Cherry Lane and US 16. Two weeks ago the house, moved from Grand Rapids, was set afire by an arsonist(s) and apparently the same persons came back to finish the job, last Sunday.

The Martin school Cub Scouts Den No. 2 have as their January theme "Astronomy". Their Den Mothers, Mrs. Mabel Wood and Mrs. Virginia Waterfield took the boys down to the Grand Rapids Museum this week to visit the astronomy display to acquire more knowledge on the subject.

Henry Fase, Ada township supervisor, received a first hand demonstration last Saturday night on the merits of a portable lighting plant for Ada's fire department.

Less than five hours after the Ada board gave their firemen the go-ahead signal on a lighting plant Fase's barn started blazing and when Cascade firemen arrived with their lighting unit, any doubts that Fase might have had about their usefulness were dispelled.

We wish to take this opportunity to thank all those in this area for their cards and expressions of sympathy occasioned by the loss of our mother who passed away on New Year's day. Only those who have experienced the loss of

a loved one can know how much these expressions mean.

★ ★ ★

We hope the subscribers in the Cascade area have noticed that news from that section has increased in the last two weeks. Mrs. Heaven, your new correspondent, has done a fine job so far; and we hope she will be with us for a long while.

You can help her by phoning in your news. Her number, listed on the second page is OR6-2977.

★ ★ ★

Mild weather has foiled, at least temporarily, the plans for skating rinks in Ada and Cascade. Both the businessmen and fire departments will, we are sure, keep trying until their rinks are complete.

Monday night we took the children skating on a pond near home. First time on the ice for us since 1941. No, we didn't fall, but from the hoots of various youngsters, we gained the impression that we were not quite as graceful as we could have been. Maybe the skates were dull.

Cascade Board Holds Meeting

Main topic of discussion at the Monday evening meeting of the Cascade township board was the purchase of a station wagon which will be used to carry the disaster equipment recently acquired by the fire department.

Two delegates from the fire department presented a proposal to the board for its purchase. The wagon, a 1949 model, complete with siren, spotlight and snow tires, was offered to the township for \$165.

After discussing the matter and being assured by the firemen that the vehicle was in excellent running condition, the board voted to purchase the vehicle. It will be housed in the fire station.

A bill for \$894, cost of the disaster equipment (portable light plant, chain saw, reels of electric cord, etc) was discussed by the board. According to township supervisor Gerrit Baker, original plans for payment on this equipment were to be divided between the fire department, Civil Defense and the township board. At the recent meeting the board had voted to give \$200 towards this equipment.

Board members decided to withhold this money until both the fire department and Civil Defense contribute their share.

Although we are several months removed from last summer's dusty road conditions, a \$1,459.90 payment for dust layer in Cascade township was paid at Monday's meeting. Last summer 44,920 gallons of liquid chloride were spread on township roads. The material, at six and a half cents a gallon, is divided with the county, each paying half.

On Wednesday, January 16, the Cascade township zoning board will hold a meeting.

News of Servicemen

Airman Second Class Lee Norton, son of Mr. and Mrs. Ralph Norton, 4130 Buttrick, is home on a 15-day furlough from Lackland Air Force Base in San Antonio, Texas. Lee will return the 12th.

SP 3 Tad R. Lane, son of Mr. and Mrs. George Lane of 4737 Cascade rd., S. E., has been selected "soldier of the month" at Nelligen army post, Nelligen, Germany. Specialist Lane competed with representatives of other units on the base and was selected on the basis of outstanding character and performance in everyday activities. He is a member of the 70th engineering battalion.

The honor is Lane's second at the post. Last spring he was chosen winner of a post writing contest and won a free telephone call to his mother on Mother's Day.

Lane is a graduate of Creston High school and attended Michigan State University before entering service in September of 1955.

Four Cascaders Seek Township Office

Newcomers to the political scene in Cascade township are Paul Slater, Everett Marsman, Jack Buys and Ben Zoodsma. Slater, Marsman and Buys are seeking positions as trustees, while Zoodsma is running for justice of the peace. Slater, 35, has been a Cascade resident since 1933. He attended Lowell High and is a graduate of Grand Rapids Junior college and the U. of M. He has operated a service station in Cascade for 9 years and spent 3 years in the Infantry. Marsman, 41, was born in Paris township and came to Cascade in 1947 where he has operated a lumber company since that time. He attended South High. Buys, 27, is a life resident of Cascade, has been in the service station business for 10 years, attended Caledonia High and served in Korea with the Marines. Zoodsma, 33, has lived in Cascade for 9 years and has operated a hardware business for 8. He attended Lowell High and served in the Navy for 3 years.

Cascade News

Mr. and Mrs. Kenneth Nellist, Thornapple River dr., have just recently returned from a Western trip, visiting relatives, and spending Christmas with their son, Richard and wife in Redwood City, California.

Mrs. Robert Harter, Thornapple River dr., flew to Florida to be with her mother, Mrs. Max Souser of Thornapple River dr., who is seriously ill in the hospital in Tampa, Florida.

The members of the Tri Cees who enjoyed the skating party at Wood Lake Saturday evening were the Mr. and Mrs. Clifton Parker, Bruce Chadwick, Herbert Barnard, Walter Palm, Tommy Ray, Milton Heaven, Foster Bishop and Lyle Dykhuizen.

On Thursday, January 3rd, the following officers were elected in the Cascade Businessmen's Association: President, Robert Paine; Secretary-Treasurer, Rex Kingsland. The committees set up, and those heading them are as follows: Recreation, Paul Slater; New business, Charles Weston and Everett Marsman; Federal Committee, Gerrit Baker; Civic Betterment, Grover Buttrick and Fred Burger; Safety, Sybrant Dykehouse, and Site and Population Survey, Tommy Ray.

4H EXCHANGE DELEGATE GOES TO PHILIPPINES

Miss Mary Louise Walquist, daughter of Mr. and Mrs. Tom Walquist, 28th St., a student at M. S. U. has been named as a 4H exchange delegate. She will go to the Philippine Islands in June for a period of six months. She was named International Farm Youth Exchange by the Michigan 4H club office at M. S. U. She is the third Kent County 4H member delegated since the exchange began in 1948.

Next to having correct change, the best timesaver is a charge account.

COMING EVENTS

The Cascade Home Extension group will hold its monthly meeting and luncheon on Tuesday, Jan. 22 at noon at the home of Mrs. Alfred Scott, 2715 Thornapple River dr., with Mrs. James Pryor as co-hostess. The lesson will be on "Legal Phases of Home Management", presented by Mrs. Walter Goebel.

The Doerr Guild of Cascade Christian church will hold their monthly meeting on Monday evening, January 21 at the home of Mrs. Lyle DeArmond, 2025 Laray road at 8:00 p. m.

On Wednesday, Jan. 23 the annual South Kent Scout Appreciation Dinner will be held at Godwin school at 6:30 p. m. This is a pot-luck dinner for all Cub Scout, Boy Scout and Explorer committee members, leaders and parents. If interested in attending, please contact Mrs. Milton Heaven, OR 6-2977 for reservations and your assignment of food. By your attendance, you can show your boys' leaders you appreciate what they are doing for your boy.

The Community Club will meet Tuesday, January 15 for their pot-luck dinner at the home of Mrs. Alderink, 560 Forest Hills rd. Election of officers.
