## Forest Hills To Vote On Extra Taxes For School Operation

At a public meeting to be held tonight (Thursday, June 27) at the Ada School the financial problems of the Forest Hills school district will be presented. Last week the citizens committee was acquainted with the problems of school money for the coming year and they felt sure it was reported that the district will vote extra millage for school operating funds.

Since the state requires that the millage cannot exceed 15 without a vote of the people, the Forest Hills School Board expects to place the question of extra money for school operation on the ballot in the school election July 8th at the Martin School. The voting will take place between 8 a. m. and 8 p. m.

### Reasons for Increase

School superintendent, Harold Chambers, will point out at the Ada meeting Thursday the following reasons for increasing taxes to operate the school:

1. The Kent County Allocation Board is not expected to grant Forest Hills District over 7.2 mills for operating purposes; the remainder of the 15 mills is being taken by higher costs of county and township government. Last year this district received 7.5 mills in all the townships except Grand

Rapids and in Grand Rapids Township the district received 8.81; the latter township represents about half of Forest Hills valuation. It is apparent that the 1957 tax will yield far less for the school.

2. State aid for 1957-58 school year will yield the Forest Hills School \$1.20 less per child because of a change in the deductible millage law.

3. Transportation will cost more next year because of a change in the state formula that allows transportation expense only for children that live over 1½ miles from the school. Our district has so many schools that this change of ½ mile will cut many dollars from the transportation funds now being received. Because of street hazards most parents, want their children picked up and brought to school.

4. Last but not least a rise in school costs is in the general inflation that has sent prices of everything up pricewise, from teachers salaries to cleaning supplies and thus increased the cost of operation. Three teachers are still being sought and our district must pay salaries comparable to the surrounding communities to attract qualified personnel.

### About Nine Mills

The Forest Hills school have asked the Kent County Allocation Board for nine mills to operate the schools. The final meeting of this board is Monday July 1st and it appears that we will receive about 2 mills less than what is required.

To operate the schools—and provide the transportation, curriculum and staff that the citizens of our district expect—it will be necessary to make up this difference by voting additional taxes for the schools.

### Bond Sale Tuesday

The consolidation of the districts and issuance of \$800,000 in bonds voted nearly a year ago will come to a final chapter on Tuesday, July 2, when bids for the sale of bonds will be received at the Martin School at 7 p. m.

After the bonds are sold it will be possible to ask for bids for the new high school building.

Anticipating the sale of the bonds the board of education has gone ahead and started construction on a 4 room addition on the Collins School, which is expected to be completed in time for the opening of school next fall.

### Help Handicapped?

Also on the ballot will be a proposal to levy an annual property tax—not to exceed a half mill for the purpose of developing a program for handicapped children in this district.

In a release from the office of Kent County Superintendent of Schools, Lynn H. Clark, this program which could be developed would be designed after one already underway in Oakland County.

Two elections will be necessary to establish the complete program and the first vote at the time of the annual election merely is to establish the Kent county special education district for handicapped children.

A second vote would then be held on Tuesday, September 17, and at this time the proposition would be increasing the present 15-mill limit on school, county and township taxes by a half mill for a period of 15 years.

This additional tax would be based upon the Kent county needs and in no case would exceed a half mill on state equalized valuation, according to Mr. Clark's report.

### Post Sign Announcing Erection of Super Market

Rounding the corner on the 28th Street from the highway (US-16) a new sign will catch your eye. Sid DeVries, manager of the IGA Supermarket in Grandville, has announced a new supermarket will open in the near future on property adjoining Kingslands Hardware. The sign was placed last Friday by the Cascade Business Men's Association.

### Danny DeWitt Awaits Day He Can Come Home

Little Daniel E. DeWitt, three-year-old son of Mr. and Mrs. Edward DeWitt, jr., of 4807 Cascade Rd., S.E., regained consciousness Sunday, June 16, and seems to be much improved. He and his parents are anxiously awaiting the day he will be able to return home from Blodgett hospital.

Danny was seriously injured June 3 when he fell from a moving car driven by his mother.

Besides suffering a concussion, Danny broke his leg. This will be placed in a cast sometime this week, according to Mrs. DeWitt, and it is hoped that the youngster will be able to return home soon, possibly in time for the holidays.

### Funeral Thursday for Mathias Rigo, 46; Dies Suddenly Sunday

Funeral services for Mathias Rigo, 46, of 1146 Cutter Parkway, SE, Eastmont, were to be held this afternoon (Thursday) at 11:30 at the DeVries Funeral home, Eastern Avenue.

Mr. Rigo, an employe of Sunshine hospital was pronounced dead on arrival at St. Mary's hospital late Sunday, where he was taken after suffering an apparent heart attack at his home.

Rev. Collins Weeber was to officiate at the funeral services, and interment is in Woodlawn cemetery.

Mr. Rigo moved to Grand Rapids about 10 years ago from West Virginia. He was a member of the Eastmont Reformed Church.

Surviving besides his wife, Madelyn, are three sons at home, Noel, David and Paul; and his parents, who live in West Virginia.

### Open House Sunday For Dr. and Mrs. Wiersma

Open House will be held Sunday, June 30, from 3-5 p. m. in the home of Dr. and Mrs. Robert Paine, 2005 Thornapple River Dr. for Dr. and Mrs. Jay Wiersma who are leaving the Cascade area for Detroit where the doctor will intern in Orthopedic surgery.

Guests will also have an opportunity to meet Dr. and Mrs. Robert Bateman. Dr. Bateman is taking over Dr. Wiersma's practice and will be located at the same address, having completed his internship at the Grand Rapids Osteopathic Hospital.

The Forest Hills Guild of the Grand Rapids Osteopathic Hospital will assist the hostess. Everyone welcome.

Mr. and Mrs. Clifford Richards and daughters spent the week end at their daughter's in Ohio.

Mr. and Mrs. Ed Jackiewicz and family were dinner guests Wednesday, June 19th of Mr. and Mrs. Vincent Maxim.

### Make Plans for Annual Festival

Carl Peters, vice-chairman of the St. Robert's Annual Festival to be held this year on Sunday, June 30, is pictured above talking over important plans for the gala affair with Mrs. Robert Kruer, a member of the dinner preparation and planning committee, (pictured left), and Mrs. Martin J. Frahm, whose husband is general chairman of the event.

### Call for \$11,350 Bridge Damages

Damages totaling \$11,350 have been recommended for payment on five parcels of property taken by the state highway department for highway construction of M21 near Ada bridge.

The above damages were recommended Tuesday in a report of circuit court commissioners as to their appraisal of damages as compensation to persons affected by the highway construction.

George Slykhouse, chairman, said the following damages are recommended: Ralph Kirsh, Harry and Mildred F. Shannon, \$3,500; St. Roberts church, \$750; Ralph W. and Lucy Moore and Union Bank of Michigan, \$5,650; J. Ross Vinton, \$1,000, and Peter and Alda G. Koster, \$450.

Other commission members are Ford Hoogesteger and Frank Damrell. The report will be filed with Circuit Judge Leonard D. Verdier.

### Hurrah—Vacation!

We thought next week would be a good one to go on vacation with July 4th holiday falling right on our press day—Thursday. From noon Saturday, June 29, until 8:00 a. m. Monday, July 8, this office will be closed!

Have a nice Fourth, folks. Be careful, drive slowly, and don't stay out in the sun too long. We'll try to practice what we preach, and be back here, safe and sound, Monday morning, July 8.

### IN SYMPATHY

The residents of the Forest Hills area wish to extend their sympathy to Mrs. Madelyn Rigo and three sons in the loss of their husband and father who passed away suddenly Sunday evening at his residence of 1146 Cutter Parkway Avenue.

Mrs. Howard Seeley of Cascade road returned home Sunday after spending almost three weeks in Butterworth hospital.

The St. Robert's church of Ada is holding their annual festival this Sunday starting at noon and lasting until 5:00 p. m.

A ham dinner is being served, and other entertaining features have been planned for the entire family, young and old.

Martin J. Frahm is general chairman with Carl Peters as vice-chairman and Gerald F. Witte secretary.

Susie Kruer and Florence Vandepoerle are in charge of the dinner preparations and planning, and Mrs. Florence McVoy will be in charge of the dining facilities and service.

Others working on the entertainment are:

Raymond J. Reyburn, Yvonne DeGreen, Eileen Stevens, Raymond W. Moore, Robert Kruer, Robert E. Wotell, Ethel Vander Warf, Robert J. McCormick, Richard Q. O'Brien, Robert DeGreen, James Boylon, Paul Roy, Dorothy Neubecker.

Louis A. Corsiglia is chairman of publicity and advertising.

### Recommend Set Back Of Twenty-Five Feet

A special meeting of the Board of Ada Township was held Saturday, June 15 at which time a letter from the Zoning Board was read recommending that the Township Board try to persuade Mr. and Mrs. David Sakson to reconsider the set-back of 25 feet from the right-of-way of Ada Drive for the erection of their building, The Village Store.

After much discussion and under the present Zoning Laws of Area 5 the following motion was made by trustee Carl Keena, "that the Township Board approve the granting of the permit as issued by the Building Inspector, John Slinger, as correct and the building be allowed."

### ICE CREAM SOCIAL TO BENEFIT NURSERY CARE

Cradle Roll Guild of the Cascade Christian Church are holding an Ice Cream Social on the church grounds on Saturday, June 29th from 6:00 p. m. until dark. In case of rain, the social will be held in Fellowship Hall.

The proceeds will go towards the nursery care supplied by the Guild on Sunday mornings.

The best way to sleep soundly is to live sensibly and think sanely.

### Thornapple Valley Little League

In the fourth game of the Thornapple Valley Little League season at the Ada-Lions field, the Cubs coasted to their second win by beating the Cardinals 10-2.

The Cubs made the most of their four hits and six Cardinal errors to give pitcher Ken Hussey an easy victory. Hussey's fast ball and excellent control proved to be too much for the Cardinal hitters, as they struck out twelve times and collected only three hits.

The Cardinals scored first on a single by Ted Ray, a walk, a sacrifice, and a wild pitch. They made it 2-0 in the second on a walk, a single by pitcher Jim Jones, and a force out.

The Cubs, however, took a lead the Cardinals were never able to catch by scoring five runs in the bottom half of that inning. Five walks, a hit, and an error did the damage of losing pitcher Jones and relief pitcher Ray the game.

The Cubs played excellent ball in the field, committing only one error.

### Schedule

There are three games next week. Monday, July 1, the Tigers meet the Braves. On Tuesday the Cubs and Cards will battle it out, and the next day the Tigers will face the Cards.

The week after the holiday there will be four games: Tigers and Cubs Monday July 8; Braves and Cards on Tuesday; Tigers and Braves on Wednesday; and on Thursday the Cubs and Cards will battle it out.

### Ada Christian School Holds Annual Meeting

The Ada Christian School Society's Annual meeting was held this past Monday at the school. It was attended by 46 of the parents. Three board members were elected for three year terms. They are Joe Ludema, Ed Vanden Berg, and John Van Spronsen.

The Society adopted a budget of \$23,000.00 for the 1957-58 school year. Approximately 75 per cent of this money is received from tuition paid directly by the families having children in school. The remainder comes from church collections and gifts from individuals.

## Youth Rally Saturday, July 6

Through the cooperation and interest of churches in Ada, Lowell, Cascade, Saranac, Alto and Smyrna, a Youth Rally will be held at the Lowell Fair Grounds July 6, Saturday, at 7:45 in the evening.

The rally will be held in the Exhibition Building, and a spectacular film, "The Glass Mountain" will be the feature of the program.

Among the attractions in the film will be Roy Rogers, Hopalong Cassidy, in the tournament of Roses parade, and the Rose Bowl game.

It is hoped that these youth rallies will be continued in Lowell, on the first Saturday of each month.

Do you know that every four minutes someone is saved from cancer? This year about 150,000 Americans will be saved from cancer, says the American Cancer Society.

## Public Notice

### Notice of Annual School Election

The annual election of Fourth Class School District Number One Fractional, Lowell Township, Kent County, Michigan for the election of two school district trustees, will be held at the Runciman Elementary Building on Monday, July 8th, 1957, between the hours of 7:00 a. m. and 8:00 p. m. o'clock. Nominating petitions have been duly filed for:

David F. Coons  
William S. Doyle  
Thomas B. Hill  
A. Edward Ward

Also take notice that the following will be submitted to the registered qualified electors of said school district at said annual election:

"Shall the county school district of Kent County, State of Michigan, come under the provisions of Sections 309 to 327, inclusive, of the school code of 1955, which are designed to encourage the education of handicapped children: provided, that any annual property tax levied for administration shall be limited to 1/2 mill, (.5 mills or .005 per cent)?"

Dated this Fifteenth Day of June, 1957.

By order of the Board of Education,

D. A. Wingeier, Secretary

c-9-11

### OFFICIAL NOTICE OF REGISTRATION TO QUALIFIED ELECTORS OF FOURTH CLASS SCHOOL DISTRICT NUMBER ONE FRACTIONAL, TOWNSHIP OF LOWELL

In accordance with law and by order of the Board of Education of Fourth Class School District No. 1 Fractional, Township of Lowell, County of Kent, State of Michigan, there will be a registration of those qualified school electors who live in the district and who are not now registered in the township. Such registration will qualify electors for the Annual Election which will be held on Monday, July 8, 1957, and for any special elections which might be called later.

Electors not now eligible may qualify for the right to vote in the school district by registering with township clerk Esther Fahrni at the Lowell Township Hall, 411 West Main Street, not later than 5 o'clock, p. m. on Friday, June 28, 1957. It is to be noted that the law no longer permits registration by officers of the Board of Education.

By order of the Board of Education  
FOURTH CLASS SCHOOL DISTRICT NUMBER ONE FRACTIONAL, LOWELL TOWNSHIP, KENT COUNTY, MICHIGAN  
D. A. WINGEIER, SECRETARY

c-9-10

## Senator Potter reports

... the latest news from Washington of special interest to Michigan ...

An Emerald set in sparkling Lake Superior waters, Isle Royale is one of Michigan's most spectacular natural assets, well worth the exertions her Congressmen are putting forth to build her up as a national park and tourist attraction. My polite—and occasionally impolite—proddings in the Senate Appropriations Committee bore fruit the other day when over a million dollars was "marked up" for Isle Royale in the new Interior Department money bill. A dock at Rock Harbor, utilities at Mott Island, trails, and a steel-hull boat to ply the waters north of Keeweenaw, will take the bulk of the funds. From the cool April mornings through the raw December nights which close the navigation season, the boat will pay for itself by carrying passengers and freight across 48 miles of blue water between the Michigan mainland and the wilderness island. All this is part of a long-range program, strongly supported by Representatives John Bennett and myself, which will eventually put five millions into Isle Royale to make her the loveliest of the 29 national parks in the United States.

Mickey Finns—4,346 of them—were served to the vicious sea lamprey recently, as the U. S. Fish and Wildlife Service searched for a chemical which would kill lamprey larvae but not harm fingerling trout and young bluegills. Beginning with acetanilide, and ending with zinc silicofluoride, the researchers tested everything. They found only two chemicals which seemed to fill the bill and are now giving them rigid tests in streams before definite results are announced. The war against the lamprey has taken two major forms of attack: electric fences to kill adult lamprey as they enter spawning streams and search for a selective poison to kill lamprey larvae which skulk in stream bottoms for six years before maturing into adult marauders. Looks like the poison problem is almost licked.

Floor Action on my wheat bill can be expected before long. It has been reported by the Senate Agriculture Committee and Farm Boss Ezra Taft Benson has spoken out in its favor. He agrees that a farmer should not have to

pay penalties for excess wheat if he uses it on his property for food, feed or seed. Powerful support is moving in behind this measure and I am confident it will become a law during the present session.

Mackinac Bridge may be singled out for one of the highest honors our Government bestows—a commemorative postage stamp. The Postmaster General is giving serious thought to this idea which Representative Victor Knox and I presented to him. The magnificent structure will tie Mackinaw City to St. Ignace, crossing the straits of Mackinac by the longest single unit suspension bridge in the world. Five miles long, four traffic lanes wide, containing one million tons of concrete and steel this mighty bridge will draw the eyes of the world on the day in June 1958 when it is formally dedicated. It is indeed worthy of a commemorative stamp.

Best Wishes,  
Charles E. Potter  
United States Senator

### Urge Annual Checkups

The American Cancer Society says that annual health checkups are important. Of 1,000 women more than 45 years old entering a doctor's office, 18 are likely to have cancer, while among 1,000 men, 17 are apt to have cancer.

Lowell Grocery, Locker and Ice Cream Business Sold  
**Eberhard Takes Over Christiansen Super Market on July 1**

L. V. Eberhard talks over the "Aristocrat" ice cream product with William Christiansen. The Eberhard chain of grocery stores has purchased the Christiansen Super Market, Locker department and ice cream business, and will take over Monday, July 1. This transaction between Eberhard and Christiansen is probably one of the biggest personal property transfers that has occurred in Lowell in some years. The building has been retained by Mr. Christiansen, and will be leased by the new owners.

Eberhard Food, Inc., will take over Christiansen's Super Market, July 1st according to an announcement made this week by L. V. Eberhard, president of the well-known Grand Rapids Super Food Markets.

Eberhard's, through the acquiring of the Christiansen Super Market, will begin a new trend to serve other communities in Western Michigan. The Lowell market, number 11, is the first to be located outside metropolitan Grand Rapids where Eberhards have operated super markets since 1939—eighteen years.

"We hope to continue Christiansen's fine reputation of quality foods, lower prices and friendly service maintained for a good many years", Mr. Eberhard said, "and to grow with increasing confidence in your community."

Carl Christenson, present manager of Christiansen's, will continue in that capacity for the new Eberhard Super Market, Al Pitsch, 738 High Street, Lowell, will join the present staff as assistant manager. Mr. Pitsch was formerly grocery manager in the Eberhard's Madison Square store in Grand Rapids.

**Redeem Stamps**

As is the practice in all Eberhard Super Markets, one S & H Green stamp will be given with every 10c worth of merchandise purchased at Eberhard's. All present Christiansen green stamps are to be brought in to the market for redemption, Mr. Eberhard said.

**Now Hours**

New store hours will be 8 a. m. to 7 p. m., Monday, Tuesday and Wednesday, and from 8 a. m. to 9 p. m. Thursday, Friday and Saturday.

**Market's History**

The present super market as it stands today held its grand opening just a year ago, in September. The grocery business first started at this location some years ago, but the first super market did not open until the summer of 1954. The floor space was doubled a year ago.

Mr. Christiansen started, way back in 1928, making his now famous Aristocrat Ice Cream in the back of his candy shop and ice cream parlor, where the present Christiansen drug store is now located.

From this small beginning he expanded into a double-store pharmacy, and then into the frozen food locker plant at the corner of Washington and Main (location of the present super market).

The locker plant branched out into a small meat market, then groceries were added, and the super market was first started in 1954.

**Soil Test Guides Garden Fertilizing**

You can save yourself some money and get better crops from your garden this year if you have the soil tested before applying fertilizer.

If the soil has not been tested, you won't know what it needs and the money and time you spend spend fertilizing may be wasted, points out James Porter, extension soils specialist at Michigan State University. He says there is still time to test those portions of your garden not planted to very early vegetables.

A typical recommendation is 20 pounds per 1,000 square feet, broadcast, and a teacup per 10 feet of each row at planting time. An analysis of 6-12-12 is the most commonly recommended.

If you test, you will know how much of what analysis fertilizer is needed, as well as the lime requirements. Too much of either can actually harm growth.

A good balanced fertilizer will be recommended by the county agricultural agent.

You can take your own samples. You need a clean pail; a spade or trowel, and some clean paper bags or pint jars.

Take a sample from each different part of the garden or plot by taking a slice of the soil about plow depth, and put it in the pail. Mix these samples together, and take a bag or jar of the mixture to the county agricultural agent's office.

Patronize Suburban Life

**Honey Creek News**  
 Mrs. Leona Hunt

Mr. and Mrs. Fred Bentley and family spent Sunday at the home of her sister, Mrs. John Boone in Grand Rapids.

Mrs. Dorothy Hunt spent Wednesday in Grand Rapids at her aunt's Mrs. Chester Dulyea. Also visiting there were two of her cousins, one from Port Huron and one from California.

Miss Linda Williams of Grand Rapids spent a week with Miss Barbara Bentley.

Mr. and Mrs. Glenn Quillan and Glenda are on a week's trip through Canada and Illinois.

Mr. and Mrs. Clayton Bazuin have moved in their new home on Conservation Road.

Mr. and Mrs. Frank Belcher and children have moved on Honey creek rd.

Mr. and Mrs. Carl Nowack and family have moved on the Char-

lie Crampton farm which they recently purchased.

Mr. and Mrs. Adrian Van Haven and children have moved in their new home on Conservation rd.

Mr. and Mrs. Charles King and sons recently moved on Honey Creek rd. They have purchased the Claude Richardson house.

Mr. and Mrs. Dana Burgess and family are moving on Briarwood in Grand Rapids. They are planning on building a new home on McCabe rd., in the not too distant future. We are all very sorry indeed to see them go.

Mr. and Mrs. Jos. King and children have bought the former Burgess home and are moving in this week.

Mr. and Mrs. Jacob Knoop entertained Mrs. Hess and Mr. and Mrs. Herbert Palmer and son of Grand Rapids with a picnic dinner at their home on Sunday.

Youth is the best time to be rich, and the best time to be poor.

**Elmer J. Hanna Appointed To Customer Relation Post**

Samuel M. Catsman, president of Catsman Company, with general offices in Flint, announces the appointment of Elmer J. Hanna of East Lansing as director of customer relations.

Hanna, who will assume his new duties on July 8, recently resigned as administrative assistant to the state highway commissioner, a position he has held for the past eight and one-half years. Previously Hanna owned and published a county newspaper and had served as administrative assistant to Governors Harry F. Kelly and Kim Sigler. He is a former president of the Michigan Press Association and past state department commander of the Veterans of Foreign Wars of Michigan.

The table was beautifully decorated with a tired cake and golden candles.

**Showboat Tickets On Sale Monday**

The Showboat tickets will go on sale Monday, July 1, according to Jack Howe, chairman of advance sales.

The ticket office this year is located next to the bank, on Main street.

Lylia Johnson will also assist Mr. Howe with the advance ticket sales.

Prejudice is the child of ignorance.

**BEAGLE CLUB PLANS ANNUAL PICNIC JUNE 30**

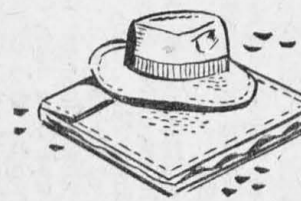

The Central Michigan Beagle club will hold their annual picnic this Sunday, June 30, at their club grounds on Ware rd.

There will be a Pack Run before dinner and one also in the afternoon.

Games have been arranged for the kids, and there will be entertainment for everyone.

The dinner is potluck and the public is invited.

"Many a husband will question his wife's judgment, but never in her choice of a spouse."

**Pint - Sized Visitor**

The saw-whet owl, Michigan's smallest and rarest native owl, is only slightly larger than a robin when full grown. A pair of saw-whets were discovered recently with a brood of four youngsters in a wood duck nesting box at Rose Lake wildlife station near East Lansing. This was only the fifth nesting of saw-whet owls on record in Michigan since 1888.

Things To Come—Don't worry about trimming off the bottom of your door if it won't clear the carpet. A new door hinge on the market lifts the door as it's opened so that the bottom clears the carpet... And, speaking of doors here's another new product that

makes sense: A finger guard that can be attached to the door to prevent careless fingers (especially children's) from becoming caught between the door and the frame... A new shaving brush

has a hollow, pliable handle to hold a tube of shaving cream. Squeeze the handle and suds form immediately at the brush.

## First '57 Fair Features Races

Two days of top harness horse races are included in Michigan's first fair this year. The Lake Odessa fair July 3 to 6 is the kick off of the 1957 fair season and top harness racing is included.

Good purses have attracted Michigan's best in trotters and pacers.

Races are the fourth of July and the fifth of July on a real good and well maintained track at the Lake Odessa fair.

### July 5—4-H Day

4-H Clubbers will have a night of their own at Lake Odessa's July 3rd to 6th Fair.

The big evening's event will be shared with everyone as a part of July 5th, Friday evening's entertainment in front of the grandstand. It's Ionia County's 4-H Share the Fun Festival which has grown over the years to be recognized as a top youth talent show in the county.

The youth are also putting on a saddle horse show of drills and tricks with their horses.

SKOTCH KOOLER

TOASTMASTER

UNIVERSAL

You thought that only labor disputes were settled by arbitration.

It isn't so. Parties to a dispute can submit their controversy to third persons or tribunals, other than courts, of their own choosing. Although an arbitration may not be strictly a judicial proceeding, it is often regarded as quite different from a mere appraisal of the situation.

There is a law that expressly provides that "All persons . . . may . . . submit to the decision of one or more arbitrators, any controversy existing between them, which might be the subject of an action of law . . .". There are various provisions and exceptions, of course, but if it is done properly a judgment of the court selected will be rendered on the basis of the decision of the arbitrator.

Interestingly enough if two parties decide to submit their controversy to an arbitrator they can limit the powers of the arbitrators in any manner, for the arbitrator's powers are derived solely from the submission agreement.

In the proceedings in arbitration the procedural rules used in courts need not be applied. But witnesses can be and are sworn in by the arbitrators and can be compelled to appear before such arbitrators by subpoenas.

This whole subject is not commonly known and most folks don't know that arbitrators are available and that their decisions have legal recognition.

I'm not suggesting that you should use arbitration instead of the courts. That depends on you and your controversy. But I think you should know that such a system exists for settling disputes.

(This column is an informational service of the State Bar of Michigan.)

## Frozen Jam Is Very Good!

Jam in the freezer—that's an easy way to provide jam for the family, says Eleanor Densmore, county home demonstration agent.

Frozen jam can be made from fresh or frozen fruit. It has a delicious fresh-fruit flavor and bright natural color.

The jam is not cooked—just boiled for one minute. Since it is not sterilized by cooking, the jam must be refrigerated or frozen. It keeps in the refrigerator for about six weeks; the freezer is recommended for longer storage.

Recipes have been developed by Purdue University and include jams made from strawberries, red and black raspberries, cherries, peaches, and apricots. Quantities and directions vary with each fruit.

If you'd like directions for making frozen jam, drop a card to the Cooperative Extension Office, Courthouse, Grand Rapids, or call Glendale 6-6544, Extension 81.

## Betting Tops Cancer

In 1955 the American Cancer Society raised \$26,000,000 for its fight against man's cruellest disease. Yet in that same year two and a half billion dollars was spent on legal betting on horse racing, 100 times as much as that spent on the cancer fight.

## Safety First For Happier Boating Trips

Boat safety can mean the difference between enjoyment and tragedy this summer for many persons on Michigan's lakes and streams.

Each year in Michigan, several deaths are caused by failure to observe basic boat safety practices. Fishermen and others using boats should be mindful of these safety rules:

Don't stand or walk in a small boat. When boarding, be sure to step in the center of the boat. Change positions only in shallow water where a sudden mishap will not be tragic.

Don't overload the boat. In most cases, two or three adults may be a full load. Equip your boat with a life preserver for each occupant.

Use judgment selecting an outboard motor. Too much power can damage the boat and might even swamp it.

Balance the load in the boat, with passengers distributed evenly, from side to side and from bow to stern.

Watch the weather. When conditions look threatening, it's safer to put off that boat trip. If you are on a lake when a storm breaks, head for shore and keep passengers seated on the floor.

Avoid sharp turns and other "hot rod" maneuvers. Fast, sharp turns are hard on the boat and can have dangerous consequences. Keep your boat under full control at all times, especially near swimming areas and other boats.

## Elevator Career Day

Young men with agricultural backgrounds interested in career opportunities in the feed and grain trade will want to attend the sixth annual Elevator Career Day on June 27 at Michigan State University. Program will begin with a 12 o'clock luncheon and the afternoon will be spent discussing career opportunities. Young men will have a chance to hear of the 25 scholarship programs offered in the field.

## Cancer Attack Mounts

The research attack against cancer is mounting. In 1945 only about a million dollars was appropriated annually for cancer research. This year, there will be more than \$50,000,000 available, the American Cancer Society says.

SUBURBAN LIFE, JUNE 27, 1957

## Diets Need Daily Supply of Proteins

When planning menus for your family, remember that proteins are a daily need for all diets. Faye Kinder of Michigan State University's College of Home Economics explains the role of proteins in our diet.

Protein is the building material for our bodies, and because the body has no way of storing this important nutrient, we must keep replenishing the supply with our daily meals.

Some of the foods especially rich in protein are meats, fish and poultry. Eggs, milk and cheese are also good sources of protein but do not contain as much as the first group.

You may also use legumes, nuts and cereal grains for part of your daily protein requirement.

Proteins from animal sources are better than those from plant sources, however; you can combine foods from both these sources to get a good mixture.

When you serve oatmeal and milk, macaroni and cheese or spaghetti and meat sauce, you are giving your family good combinations of these two kinds of proteins.

It is a good idea, nutritionwise, to divide the supply of protein between the meals of the day, and always have some in the breakfast meal.

Give your family good health through good nutrition by knowing and meeting their nutritive needs.

For results, use Suburban Life

**Hospital Ins-Outs**

Mrs. Howard Seeley, Cascade Rd. returned home from Butterworth hospital on Sunday, where she had been confined for 18 days after surgery.

Mrs. Milton Heaven, Denison Dr. returned home from Butterworth hospital on Sunday after undergoing surgery.

Mrs. George Bain, Cascade Rd. underwent surgery at Ferguson-Droste-Ferguson Hospital last week and will be returning home on Wednesday.

George Isner, Spaulding Rd. will be returning home on Friday from Butterworth hospital, where he has been doing very well since his operation.

**Pair Don't Agree On Ace Plating Guilt**

John E. Miller, 33, of Mundelein, Ill., pleaded not guilty Friday before Circuit Judge Dale Souter of the attempted burglary of nickel anodes from the Ace Plating Co., 5535 Cascade rd., SE, and was continued on \$10,000 bond pending trial.

Patrick J. Dwyer, 34, of Mt. Prospect, Ill., pleaded guilty to the same charge and was continued on \$10,000 bond pending presentence investigation.

The men were captured early last month by sheriff's deputies, East Grand Rapids police and neighbors as they fled the plating factory, officers reported.

**What Does Housewife Look For When She Buys a Dozen Eggs**

American housewife has expressed herself very definitely in what she wants in a dozen eggs.

The following information was brought out in a recent study by a member of the Michigan State Poultry Department.

She wants the large or extra large sizes of eggs that weigh from 24 to 26 oz. per dozen. She wants them uniform in size and attractively packaged. She demands clean eggs with uniform shell color. When she cooks the eggs, she likes to find a fresh odor, a firm white and a dark yolk. And when it comes to eating, she likes a fresh flavor.

This study indicates she wants a quality product and is willing to pay extra to get it.

Because of the stepped-up fight against cancer, led by the American Cancer Society, one in every three cancer patients is being saved. This compares with one in every four saved a few years ago.

**Draft Board No. 281 Organizes Thursday**

Local Board No. 281, one of four selective service boards serving Kent county, held their organization meeting last Thursday, June 20.

This board has jurisdiction over all registrants in the townships of Byron, Gaines, Paris and Wyoming.

Local Board No. 283, which organized Wednesday, covers the balance of Kent Co. excluding the above four townships, Grand Rapids Township, and the metropolitan area of Grand Rapids.

Members of Board No. 281 are: Ralph J. Bird, Russell W. Case and Charles C. Saur, all of Grand Rapids; Allard VanderLaan of Caledonia; Harm Wustman of Byron Center.

The government appeal agent is David M. Amberg, a Grand Rapids attorney; Board Clerk is Mrs. Christine F. Knight.

The medical advisors of local Board No. 281 are: Stephen Hollander, M. D., 1600 Grandville, SW, and Garrett E. Winter, M. D., 1967 Godfrey SW.

**Picnic Saturday, For Church, Sunday School**

The Sunday School and church picnic of Eastmont Reformed Church will be held Saturday, June 29, at Caledonia Park.

There will be games for all ages with interesting prizes for the winners. Games will start at 3:00 p. m.; supper will be at 5:30 p. m. and food will be furnished by the church—so, ladies, all that will be necessary to bring is table service.

Those desiring transportation meet at the church, the bus will leave at 1:30 p. m. and return to the church at 7:30 p. m.

A cordial invitation is extended to all, come and enjoy the outdoor activities.

**Plant Food Deficiencies**

Recognizing the symptoms is the first step in correcting nutrient deficiencies that may occur on your farm, according to Bill Rupp, county agricultural agent. A frequent walk through your fields to observe crop growth and leaf conditions is a good management practice.

The shortage of nitrogen causes stunted growth. Leaves turn light green and then yellow. The oldest leaves nearest the ground are affected first.

Phosphorus deficiency will also cause a stunting of the plant and an unusually dark green or reddish, purple color. This often shows up when plants are young. Alfalfa leaves may turn yellow at blossoming time and eventually drop off due to this deficiency.

Firing or drying along the tips and leaf margins is typical of potassium deficiency. This trouble is often referred to as leaf scorch.

Do not confuse nitrogen and potash symptoms. Nitrogen deficiency causes a yellowing along the midrib instead of the edges. Before you decide you have a deficiency, check to see that it's not insect or disease damage.

If it is kept as busy circulating as it should, the average \$1 bill will wear out in about 9 months.

**FIRECRACKERS AND STORMS**

The Fourth of July for people may be a day of celebration, but for dogs it's often the most terrifying day of the year. Hunting dogs used to the report of shotguns, as well as city dwelling dogs who take the bang of backfires in their stride, often panic at the sound of firecrackers exploding around them.

Veterinarians usually get many urgent calls on this date from owners whose dogs have

**Dog of the Week: AFGHAN HOUND**

Hound dog. Average weight, 60 pounds; shoulder height, 27 inch; coat, short, silky hair on back, feathered hindquarters, flanks, ribs, forequarters, ears and all four feet; color, all colors are permissible, but white markings, especially on the head, are undesirable.

gone into fits from the sound of firecrackers.

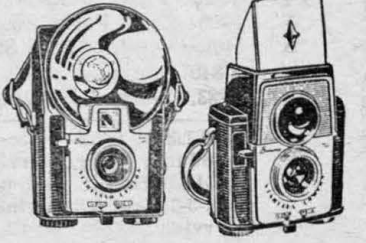

If your dog is nervous and highstrung, give him a sedative ahead of firecracker-popping time. Consult your veterinarian, as he may have a preferred remedy. This will quiet your dog. Let him pick his own safe retreat, and after some pats and comforting words leave him alone. He'll likely sleep through the noise. Try not to take him out if he's a city fellow, but if you must, walk him early in the morning and early in the afternoon before the fireworks get into full swing. Permit outdoor-living dogs in the house on this day.

The same handling and treatment are helpful during thunder storms. Many dogs apprehend storms an hour or two before they actually break. They will crawl under the bed and shake from tip of the nose to tail. Other dogs may ignore storms for years until a particularly nasty one breaks and from that day on they're tremblers.

**Feeding Tip:** Don't give your dog rich, starchy foods. Good all-purpose dog foods like Friskies contain every necessary mineral and vitamin.

There are more than 56,000 motels in our fair land; California has 7,800, Florida is next with 5,500.
