Transportation Biggest Difficulty Need More Buses to Handle Students Schools Open With Enrollment of 1,393

School opened in the Forest Hills district last week with 1,393 students in grades kindergarten through the ninth. With nearly all of these children requiring transportation a great deal of difficulty has been encountered in handling the movement of students as rapidly as parents would like.

Harold Chambers, superintendent of schools, said Tuesday that the school board is making every effort to obtain more school buses to handle the transporting of children. He also stated that the hold-up in the construction work at the Collins school is causing a great deal of the transportation hardship. The lack of the special roof deck-

ing which is double tongued and grooved and must come from Washington State mills, is stopping construction at Collins. This material was supposed to be here in mid-August but latest reports from the mill reveal that it will be mid-September before it arrives.

Class Enrollment Big

The kindergarten in the Forest Hills District has 190 members the 9th grade which is being handled this year at Ada has 93 members, other grade enrollment reveals that the district will be class B high school in three more years when the upper four grades will have at least 400 members. This year the district is still sending 240 students to 11 high schools.

Transportation Bottle-Neck

Moving 1,393 students by bus to half a dozen different schools is bound to make for trouble. The first day of regular school bus drivers were calling out their schools like train callers at each pick-up. Many families have children boarding several buses, many have to transfer to get to their home school. One bus load of 25 kindergarten children got to the end of the route with 15 boys and girls still on the bus, the driver had to retrace his steps trying to get the children to determine which stop was their home.

As soon as more buses are available and the Collins school work is completed many of the problems are expected to be cured, in the mean time. Superintendent Chambers asks parents to bear with the school board.

Forest Hills Boosters Meet Friday, Sept. 20

William Thorn, president of the Forest Hills Boosters club, announced today that the organization will meet on Friday evening, September 20, at the Collins School, 7:30 o'clock to prepare for the coming year.

The club has underwritten the purchase of uniforms and equipment for the football team, and plans will be announced for an active fall and winter program. All adults interested in an athletic program are urged to attend. Coaches of the football team will be present and important matters will be taken up.

4-H Handicraft Club

John Slanger, Kent 4-H leader announced this week that the new handicraft club will begin soon. All boys interested in wood working are invited to take part in this group.

Carl Huisman, member of last year's group, received a blue ribbon for his model cradle entry in the State 4-H Fair at East Lansing.

PLANS COMPLETED FOR DOERR GUILD MEETING

The Doerr Guild of the Cascade Christian Church will hold its first meeting of the fall at the home of the new President, Mrs. George Bain, 7474 Cascade Rd. SE at 8:00 p. m. on Monday, September 16th.

All mothers of the C.Y.F. and Chi Rho groups are urged to attend and join this Guild, as it is the Doerr Guild who helps the sponsors of C.Y.F. and Chi Rho, and your help is needed, if your children are to have a full program of recreation, study and worship.

Promethium, a by-product of atomic fission, costs 1½ billion dollars an ounce.

Busy Girls are Cascade Citizens Of The Future

Three little girls, daughters of Mr. and Mrs. Wayne McFarland of Cascade, like their parents, are busy citizens. Mary Jean, 8, goes to Cascade school in the fourth grade, and her sister Beth Ann, 5, is in the first grade of the same school. Little Peggy Lynn, a year and a half, as the picture was taken, busies herself about home with her pet kitten, Smoky. Mary Jean is also a member of the Brownies. Mr. McFarland is a salesman for the Permacel Tape Corporation. Mrs. McFarland who is a registered nurse, besides taking care of her family and home, finds time to do some part time nursing, is active in the Mother's Club and St. Robert's Church at Ada. She is also a Troop Leader for the Brownie Girl Scouts this year.

Annual Smorgasbord Dinner Sponsored by Women's Fellowship

The annual Smorgasbord, sponsored by the Women's Fellowship of the First Congregational Church of Ada, will be held on Saturday, September 21, 1957, in Fellowship Hall of the Church.

Tickets are on sale for 5:00 p. m., 6:00 p. m. and 7:00 p. m. at \$2.25 per person. Tickets can be obtained from any Women's Fellowship member or at the Ada Oil Company in Ada.

To reserve tickets by phone, call OR6-5535 or OR6-5811.

Seven Building Permits In Ada Twp. Last Month

The following building permits were issued in Ada Township last month as reported to the township board at their meeting on Monday.

Edward Stoddard, 7003 Ada Dr., remodel home \$1500. John Adriane, 7641 Fase st., 6 ft. addition to east side of garage. Warren Joberg, lot 87 Royal Oak Plat, 37x24 masonry and frame dwelling, \$14,000.

Also C. H. Shipton, 1036 Argo, 22x22 frame garage, \$1,000. Raymond Tierson, 7151 Bronson, remodel home, \$2,000. Harms Joseph, basement, \$800. James Byerly, jr., Ada Dr., 24x24 frame garage, \$1,000.

Disclaim Right to Gravel

A quit claim deed was signed by Ada Township Supervisor, Henry Fase, to gravel rights on property now owned by James Cooper on Honey Creek rd. The board authorized this relinquishing of gravel rights when this was discovered in the deed by an attorney checking the title.

The gravel privileges were granted in 1903 when farmers were held responsible for repairing of township roads.

The Massasauga rattler, found in Michigan's lower peninsula, is the state's only poisonous snake.

To Explain Background Of Scouting Sept. 17

Mrs. George Woodall of 1137 Forest Hills will have a coffee at her home Tuesday, Sept. 17 at 9:30 a. m. for the mothers of new Brownies who are now in the 2nd grade. The purpose of the meeting will be to explain to the mothers the background of scouting and answer any questions they may have pertaining to scouting.

Mrs. Woodall hopes to organize 2 new troops which require 4 leaders in the existing troops and anyone interested in helping out please call Mrs. Woodall GL 1-0655 who is the troop organizer for Martin school.

Extension Groups To Open Season

The Cascade Extension group of the Michigan State University will hold its first meeting of the fall on Tuesday, September 24th at the home of Mrs. Elmer Phillips, 1750 Thornapple River Dr. for luncheon at noon. Mrs. Martin Vanderveen is to be co-hostess.

Anyone wishing to join this group, which meets the fourth Tuesday of the month at noon for luncheon and lesson in the afternoon may contact the secretary, Mrs. Milton Heaven at OR6-2977.

East Cascade Organizes

The newly organized East Cascade Extension Group met last Thursday evening at the home of Mrs. Don Plank, chairman. An organization meeting was held earlier at the home of Mrs. George McClellan, at which other officers and committee chairmen were elected as follows: Vice-Chairman, Mrs. Ted Schroeder; Project Leader, Mrs. George McClellan; Secretary-Treasurer, Mrs. James McCarty; Safety Chairman, Mrs. Harold Buttrick; Community Chairman, Mrs. Ella Buttrick.

Miss Eleanor Densmore, County Home Demonstration Agent, outlined the purposes and program of Extension Groups at that time.

Hold VJ Day Celebration In Cascade Last Week

The McDonald-Osmer Post of the American Legion sponsored its annual VJ Day celebration in Cascade last Thursday.

Appearing in the parade were the American Legion Crusaders Drum and Bugle Corp and the 40-8 Box Car from Grand Rapids. Also in the parade was the Cascade Fire Department.

Tour Jervis Corporation

Monday evening the Civilian Volunteer Fire Fighters Association toured the Jervis Corporation in Grandville. Members of the tour included Sy Dykehouse, Grover Buttrick, Edward Jackwicz, Bernie McDiarmid and Julius Boersma.

SEVERAL STUDENTS WILL ATTEND LOCAL COLLEGES

John and Judy Fletcher, son and daughter of Mr. and Mrs. J. W. Fletcher, Thornapple River Dr. will attend Junior College in Grand Rapids for their Freshman year.

Miss Sandra Snow, daughter of O. B. Snow, Cascade Springs Dr., is attending Davenport Institute in Grand Rapids.

Charles Dykhuizen, son of Mr. and Mrs. Lyle Dykhuizen, Thornapple River Dr. will attend Junior College as a Freshman, this fall.

SENIOR MR. AND MRS. CLUB TO MEET TUESDAY NIGHT

On Tuesday evening, September 17th at 8:00 p. m. the Senior Mr. and Mrs. Club of the Cascade Christian Reformed Church will meet at the church.

First Game for Hills Rangers Friday, Oct. 11

The first game scheduled for the Forest Hill's Rangers 9th grade football eleven will be played October 11 at the Oakleigh Junior High School field in Grand Rapids at 4 p. m. Ed. Shy, coach of the team reports that he has 31 boys out and they are shaping up into a fine looking ball club.

The team practices every night after school at Collins field, dressing rooms and showers have been installed in the old Collins school and the boys will be assigned their game uniforms next week in preparation for the first game.

Assisting Mr. Shy in the coaching is Bernard Van Ark and Jerry Dangel, both teachers in the Junior High School. Other games have been scheduled: October 16, Lee 9th Grade, at 7 p. m. at Lee field; October 24, Kelloggsville at their field at 4 p. m.; October 31, Rogers at Lee Field, 4 p. m. Efforts will be made to schedule three more games, it is hoped that one or two games can be played on the Lowell field to provide home games this season and enable local boosters to attend. Watch for further announcements.

Martin School Hot Dog Day, Every Wednesday

The Martin School will have Hot Dog Day again this year which will start next Wednesday, Sept 18 and be held every Wednesday. A child student may purchase a hot dog on a bun with trimmings, relishes, potato chips and a dixie cup for 25c. For each additional hot dog 10c will be charged, also 5c for more potato chips or a dixie cup.

Any mothers who are interested in volunteering a few hours on a Wednesday and have not received a slip are asked to call Mrs. Paul Rumisek, GL 9-2585. Also if there is anyone who does not have children in school and would like to help out please contact Mrs. Rumisek.

CYF Installs Officers In Candlelight Service

Friday evening, September 6th, the following officers of the C. Y. F. of the Cascade Christian Church were installed at an impressive outdoor candlelight service at Camp O'Malley, where the group were holding their retreat.

President, James Atherton; Vice-President, Richard Byerly; Secretary, Judy Fletcher; Treasurer, Karen Snyder. The Chairmen of the committees are: Worship Chairman, Sylvia Dykehuizen; Service and Enlistment Chairman, Nancy Charters; Recreation Chairman, Barbara Bain.

CHRISTIAN FELLOWSHIP TO MEET NEXT WEDNESDAY

The Ladies Christian Fellowship of the Cascade Christian Reformed Church will meet at the church on Wednesday evening, September 18th at 8:00 p. m.

TO TEACH IN MEXICO

Miss Barbara Wykes, daughter of Mr. and Mrs. Roger Wykes, jr., of Thornapple River Dr. will be leaving September 16th to be an instructor in the English Department at the University of New Mexico, in Albuquerque, N. M.

Inflation: Cutting a dollar bill in half without cutting the paper.

Love & Diplomacy: Remembering her birthday, but not which one.

Local Boys Return From Western Trip

Chuck Dykhuizen, son of Mr. and Mrs. Lyle Dykhuizen, Thornapple River Dr., and three schoolmates from Lowell, Bernard Collins, John Bergin and Larry Wittenbach, recently returned from a tour of the west. These fellows decided to rough it, so they took only camping equipment and food. A planned 6,000 mile trip turned out to be over 7,000 miles of actual driving. Always handy were field glasses and cameras. A total of seven hundred pictures of National Parks and other points of interest were taken, and are still eagerly awaited by the boys, to see if they turned out well.

The first foothills and mountains encountered in South Dakota and Wyoming proved to be a challenge to them. In the famed Badlands, the boys were seen by visitors from all over the world as they made a trek into the desolate wastes. In the Black Hills near Mt. Rushmore, they were again noticed jumping from one needle-like projection of rock to another. Again in Yellowstone Park, they were seen having a snowball fight high on the slopes of a mountain.

One breakfast with the bears of Yellowstone was enough, and the boys were soon on their way through the Grand Teton National Park; on to Salt Lake City; across the Great Salt Flats; on to Reno and then Lake Tahoe in Nevada, and then to California. Because of a week-end traffic jam, the boys were only afforded a night view of the Golden Gate Bridge.

Two very beautiful parks, Yosemite and Sequoia were then encountered before the boys reached Los Angeles. A short detour took them into Tijuana in Old Mexico. Now almost two weeks of the three planned on were already gone, so the return trip by way of Las-Vegas, Hoover Dam and the Grand Canyon was made rather hurriedly. In all they were gone 19 days.

They all agree that Michigan is the most beautiful state in the union. They also agree that motels are much more comfortable than tents. Furthermore they agree that they would do it all over again if they had the chance.

Ask Parents' Cooperation

Ada parents are being urged to assist in preventing the destruction of local gardens by some youths who have been destroying melons and other garden produce around the ground.

William Henry Harrison was the oldest U.S. president to take office. He was 68.

One of Whistler's paintings was accepted only after it was turned upside down.

Older Persons More Efficient At Work, But Prejudices Continues

Older persons gradually are disproving the myth they can't hold their own with younger workers. But obsolete company policies and prejudice still continue to operate against job seekers over 40.

Ronald Schiller reports on this problem in a July Reader's Digest article titled "Help Wanted: For the 40-Plus," condensed from Your Life.

Schiller says a National Association of Manufacturers survey of 3,313,000 employees showed that in work performance 93 per cent of the older workers were equal or superior and only seven per cent were not equal to younger workers. A more detailed study by the University of Illinois revealed that the rates of absenteeism and lateness actually are lower among older employes and that their loyalty, sense of responsibility and morale are higher.

But, says Schiller, a Department of Labor survey revealed that half of all employers still have age restrictions, and that between 50 and 60 per cent of the job openings are still not available to men over 40 or 45, or to women over 35.

Schiller says the survey showed that many firms still feel that older persons can't meet production requirements, are too set in their ways, are less creative than younger workers and are more prone

to absenteeism.

However, he says the NAM report proves the companies wrong. "Actually," it said, "older workers are the cream of the crop."

Senator Thomas C. Desmond of Newburgh, Chairman of New York State's Legislative Committee on Problems of the Aging and a leader in the fight to overcome age-bias in industry, says only five states—Colorado, Louisiana, Massachusetts, Pennsylvania and Rhode Island—have passed laws forbidding discrimination against workers because of age.

In addition to calling for more action at the state level, however, Desmond warned that this is a local problem and must be solved at the community level.

He suggested the organization of a committee of local groups, including the local Chamber of Commerce, to steer the fight against age-bias. He also called for the appointing of a special job counselor for the aging to the local employment agency and the enlistment of the community's biggest guns to help break down local employers' prejudices against employing older persons.

Ada Resident Visits Moose "Child City"

Matthew J. Verhil, of 8866 Bennett Road, Ada, spent an entire day last week visiting the Moose Child City, Mooseheart, Illinois, and saw first hand the marvelous work that fraternity is engaged in, helping to care for and educate boys and girls who have lost one or both parents.

Every year hundreds of thousands of vacationers visit this unusual community and Mr. Verhil echoed the sentiments of all of these that "here is Brotherhood in action" as they toured the beautiful campus very much like any other suburban village or community.

Of primary interest, he said, was the beautiful omnidenominational House of God, with its Catholic and Protestant chapels, and the world-famed Baby Village. Of course, the Child City's stores, postoffice, theater, school buildings, fire department, bank and farm were also minutely inspected.

The visitors were especially impressed with the many individual dwellings of the child residents of Mooseheart. There are no dormitories or central dining halls. A mere handful of children live in each of these homes, with their own bedrooms, dining room, kitchen and living rooms. A house-mother, a cook, and in some instances, a housefather, preside in these individual residences.

As is the case with all visitors to Mooseheart, he was given a personally conducted tour by a child resident.

Mr. Verhil is employed by the Kent County Road Commission as an engineer.

The chukar partridge is a plump, chicken-like bird, somewhat larger than the Hungarian partridge, and a little smaller than the ruffed grouse.

The next time you feel pessimistic, remember the early Boston merchant who was sure the world would be plunged in darkness once we ran out of whale oil!

October 1 Election Near!

The special election called for October 1 to vote on a special one mill tax levy for 10 years requires the careful consideration of all tax payers in Kent County. We feel that our supervisors should state their position on this special levy which will have to be paid over many years. The fact that this is not a new tax but a continuation of the same levy we have been paying for the past three years to build the new jail is meaningless.

The idea of prepaying improvements is a good one and not having to pay interest is a real savings in taxes but to buy such a large package as we are being presented with requires much selling by the members of the Board of Supervisors.

Listed in this order are the improvements to be made with this one mill levy: Children's Home, Kent County Receiving Hospital, Maple Grove Home Improvements, Parks Improvements, New Animal Shelter, Re-locate Airport, New County Building, Improve County Library Headquarters.

This voting such a long term taxes for improvements is to be decided on at a later time by the Board of Supervisors, or perhaps by only the building committee and then pushed through the Board calls for some thought by voters. To our way of thinking taking these projects one or two at a time would give the voters a greater voice in developing county facilities.

Come to think of it, this ol' world just teems with rock and roll—the dreamers do the rockin', while the do-ers do the rollin'.

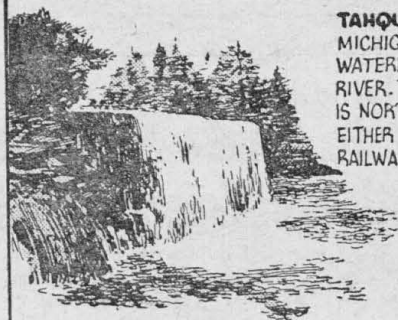

My Neighbors

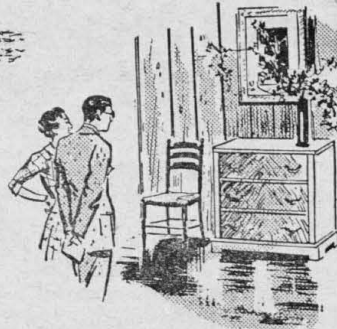

"On that question of 'borrowing' the union's money, I'll take the 5th, 6th, 7th—and any other amendment that's around!"

Meet Your Michigan

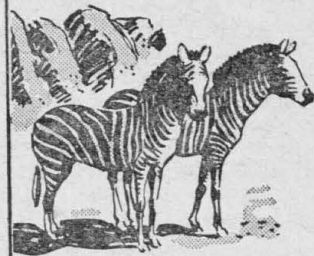

TO KNOW YOUR MICHIGAN BETTER, ADOPT "SEE MICHIGAN FIRST" AS YOUR WEEKEND OR VACATION TRAVEL SLOGAN FOR 1957. DESCRIBED BELOW ARE JUST A FEW SAMPLES OF MICHIGAN ATTRACTIONS. WATCH THIS READER INFORMATION SERIES FOR OTHERS THAT WILL FOLLOW.

TANQUAMENON FALLS: MICHIGAN BOASTS ONE OF THE LARGEST WATERFALLS EAST OF THE MISSISSIPPI RIVER. THIS INSPIRING WILDERNESS FALLS IS NORTH OF NEWBERRY, ACCESSIBLE BY EITHER TREE-SHADED TRAILS, NARROW GAUGE RAILWAY, OR BY BOAT.

FURNITURE MUSEUM: A VISIT TO THE FAMOUS GRAND RAPIDS FURNITURE MUSEUM IS CONVINCING PROOF WHY MICHIGAN CRAFTSMEN SET THE PACE IN FURNITURE DESIGN AND QUALITY. ALL PIECES ARE DISPLAYED IN INDIVIDUAL ROOM SETTINGS.

DETROIT ZOOLOGICAL PARK: HOUSING MORE THAN 2,000 MAMMALS, BIRDS AND REPTILES, THE DETROIT ZOO IS ONE OF THE FIRST TO BE BUILT INTO BARLESS EXHIBITS. HERE, TOO, IS THE FAMOUS MINIATURE RAILROAD THAT CARRIES ZOO VISITORS.

MACKINAC STRAITS BRIDGE: A SPECTACULAR TOURIST SIGHT IS THE WORLD'S LARGEST BRIDGE (26,195 FT) NOW NEARLY COMPLETED AT THE STRAITS OF MACKINAC. TOWERING 552 FEET IN THE AIR, THE GIANT TOWERS ARE 3,800 FEET APART.

As fall hunting seasons approach, many Michigan sportsmen are using state recreation areas as a site for dog training—one of the dozens of outdoor activities which take place on these popular public lands. Pistols with blank cartridges may be used and dog owners should consult their local conservation officer for other regulations.

Party Line Tradition?
Farmers Want Better Telephone Service, and Will Take Consequences

The crowded party line telephone, a memorial to rural Americana, is losing its appeal for today's farmers. They want better service and are willing to pay for it.

Survey results announced today by the Michigan Bell Telephone Company showed that while the average rural customer shares his line with six or seven other families, he'd be willing to pay more for his telephone service if he had fewer parties on his line.

In a projection of the survey sample, nearly 6,000 rural telephone subscribers in the company's territory apparently are willing to pay the going rate for individual-line service; 13,300 would like two-party lines; and nearly 30,000 have a preference for service with no more than four parties on the line.

Color in their telephone also strikes an appeal to many rural users. Nearly 14,500 are interested in the eight shades of colored telephones offered by Michigan Bell.

The desire for better service stems from increased use of the telephone by today's farmer. Not only does he place more calls than his father did, but there is a growing number and increasing interest in extension telephones in farm outbuildings. Many farmers reported that they missed incoming calls because of their failure to order extension telephones in strategic locations.

The housewife uses the telephone most in rural areas, even as in cities. Men indicated that 50 per cent of their calls were made in connection with running the business or farm, while women estimated they devoted 48 per cent of their calls to family business and another 31 per cent to social calls.

The survey showed that the post-war years have repainted Michigan's rural picture. While urban families have moved to the country in increasing numbers, the number of farm operators has continued to decline. Today, slightly more than one-fourth of Michigan Bell's 120,000 rural-line residence customers devote most of their time to farming.

More than nine out of 10 farmers included in the survey own all or part of the land they operate.

Only one farm family in five in Michigan Bell's territory is served by a manually-operated exchange. The remainder have dial service.

Alphabet Fun

A game to amuse the younger members of your family when traveling is Roadside Alphabet, says Arden Peterson, 4-H Club recreation specialist at M. S. U. Two players play this game, each taking one side of the road. The object of the game is to complete the alphabet by picking in sequence the letters from sign boards or direction boards along the highway. The players arriving at Z first wins the game.

TV News

Where Angels Fear To Tread

When Dana Wynter arrived in this country in 1953 she was unknown and inexperienced in her own profession, except for some minor roles in radio and TV. Met at the boat by an agent who asked her what he was supposed to do with her, she replied vaguely: "Oh, there's a fellow named Robert Montgomery with some sort of dramatic program. We might start with that." She got the job, of course.

THEY'RE BACK IN STYLE

Everybody is a collector of something. For Gary Merrill it's hats. Gary reports that he has everything in hats, including a pith helmet, a Sherlock Holmes topper etc. But his favorite is a sailor straw he brought for \$1.00 at Disneyland Park. Why does he prefer this above all others? Because he can wear it on the street without attracting attention.

Martha Hyer on TV shows—"It sure beats Westerns," says Martha who spent most of her time

at RKO on the cowboy circuit. "I used to pray to be a cowgirl when I was little. And, at RKO I was sure that God had heard me."

Jimmy Dean "We decided right away there'd be no hip wigglin'

on our show. You just can't look at that kind of stuff before breakfast."

Nearly everyone who tries to manage the business of somebody else neglects his own.

HELP YOUR DOG DURING DOG DAYS

by Bob Bartos
Friskies Research Kennels Manager

Do you know how to make those dog days that are coming up a little more bearable for your dog? When the thermometer reaches high and your dog's tongue reaches low, that's the time to try and make life a little more comfortable for him.

See that his drinking bowl is kept filled with cool fresh water.

Dog of the Week:
LAKELAND TERRIER

Terrier. Average weight: 17 pounds; height at shoulder: 14 inches. Coat: hard, dense and wiry; Color: blue-black and tan, blue-black, black, black-and-tan, red, mustard, wheaten grizzle.

Don't evict him from whatever spot he picks during a heat wave. If he's a house dog he'll probably camp in the bathroom or a cool dark closet. The suburbanite will stick close to his dog house if it's well ventilated and is located in the shade where a breeze hits it. The country dog is apt to seek comfort under the porch.

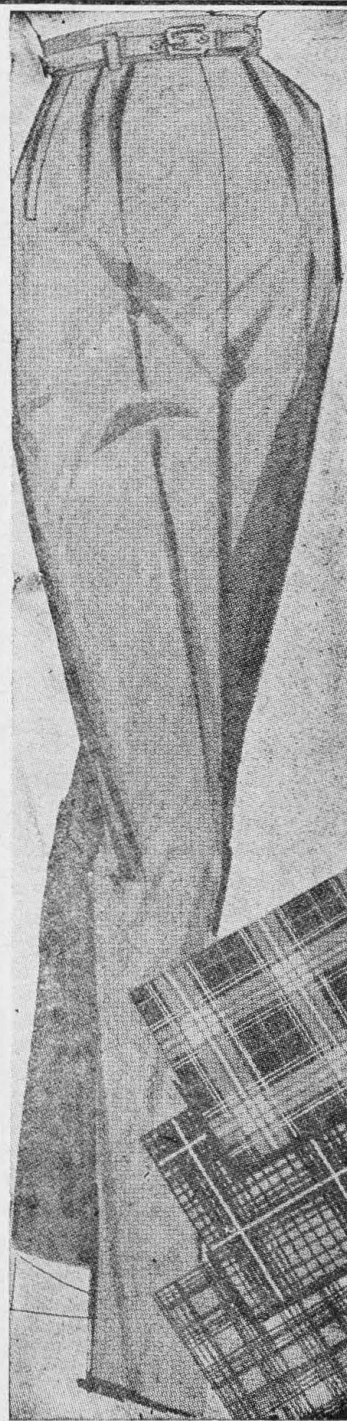

A dog should be exercised only during the cool of the day . . . early morning, evening and again late at night.

If he's showing stress, sponge him down several times a day with cool, but not cold water.

There's a good deal of argument as to whether a long-coated dog is more comfortable with less coat. Some veterinarians prescribe clipping long-haired or full-coated dogs, while others feel that the coat provides insulation. Consult your own veterinarian on this score and see what he advises.

You must be especially careful with old dogs and puppies. They should be kept under supervision during heat waves where you can supervise and attend to their needs.

Feeding Tip: Dogs need less food in Summer. Give your pet a good-quality prepared dog food such as Friskies, and even though you've cut down on his rations, you're certain that he's getting all the protein, vitamins and minerals that he needs.

MRS. J. H. STILSON — PHONE OR 6-2596

HOME IN TIME FOR BIRTHDAY

Mrs. George Dey, formerly of Ada, now of Lowell, is now home after having undergone surgery last week at a Grand Rapids hospital. We are all glad to hear that Laura made a rapid recovery.

Mrs. Dey celebrated her birthday by coming home from the hospital. Sunday, their daughter and her husband, Mr. and Mrs. Richard Bancroft of Lowell, their son and his family, Mr. and Mrs. George Dey, jr., and three daughters, Mrs. Lyons, mother of Mrs. Dey, Mrs. Mary Lyons, and Mrs. Elmer Verburg, all of Grandville and Mrs. Laura Cornell of Grand Rapids, came to wish her many happy returns and help to celebrate the happy event.

A beautiful birthday cake with all the trimmings and many beautiful gifts were presented to Laura.

Happy Birthday, Laura! Get better soon!

SPRINGS' LEFT ADA

Ada is a most unusual village! Not many places can boast of having Summer and Spring leaving town within a week of each other.

The Summer that left town was the Orville Summers family that have moved to Ludington.

About Spring, well that's a little different. The Spring that I am referring to is the Roger Spring family. Roger, Yvonne, and daughter Melissa have left us for awhile to return to their home in Birmingham, Mich.

Roger is again continuing his studies at the University of Detroit in dental surgery.

When he finishes his studies, he will graduate with a degree of Doctor of Dental Surgery, DDS.

One rarely realizes the time and study to become a dental surgeon. As I understand it, it takes approximately eight years of persevering effort. Yvonne stated that they regret leaving Ada, but

they will come back to visit us often this winter.

GO WEST!

Mr. and Mrs. Henry Fase, jr., of Ada arrived home Sunday after a trip through the western states and to California.

A few of the places of interest that they visited were the Grand Canyon, Meteor Crater in Arizona, a delightful place for the young and old alike, Disneyland, Knott's-berry Farm, Ghost Town; the beautiful Mission at Capistrano, which was built in 1500. It took 10 long years to build. It was damaged during an earthquake in the year of 1812. When we hear about Capistrano, we always think of the nostalgic song which was popular during the second World War, "When the Swallows Come Back to Capistrano".

Dinner on the battleship "Hornet" was a wonderful experience.

While in California they visited the Wallace Johnsons. The Gardner Collins and son Todd enjoyed the trip with mother and dad. Seeing the beautiful snow capped mountains was most enjoyable; but the Fases say their home in Ada was the most beautiful sight of all.

THEY WERE EVERYWHERE!

Homer and Ida Morris have returned after an extensive trip through the Western States. Among a few of the beautiful and awe inspiring sights that the reported seeing were the Garden of the Gods at Colorado Springs, the Grand Canyon, the vast and powerful Hoover Dam, the Mormon Tabernacle in Salt Lake City, as well as a tour of the grounds; the Tetons Mt. Range, Yellowstone National Park, (We wonder Homer, did you have fun feeding the bears?) We are glad that you had such a wonderful time.

GIRL SCOUT LEADERS NEEDED FOR ADA AREA

Two troops of girl scouts in the Ada area are in need of leaders. One is the group, Fly-Ups, girls who have entered the 5th grade now and are scouts rather than Brownies. The other troop is the second year intermediate troop, 6th graders, Mrs. N. K. Black, OR 6-1103, will be glad to hear from anyone interested in assisting with this worthwhile program.

Mrs. Carlton Runciman, jr., of Buttrick rd., is leader of the new Brownie troop. Mrs. Richard DeVos will continue with the junior high school trop and Mrs. John Hammer, Conservation rd., has consented to assist her in this work.

WELCOME TO THE RODERICK BLACKS

The village of Ada is happy to welcome Mr. and Mrs. Roderick N. Black, who have just moved into their new home at 7080 Ada dr. Their two children are Michael, 6, a first grader at Ada School and Christine, 4, at home. The Roderick N. Blacks are the children of the Noel Black family of Ada dr. Grandma and Grandpa Black are enjoying their grandchildren and, of course, Christine and Michael are happy to be so near them, too.

Pomona Grange Meets

On October 17, the Pomona Grange will have a meeting at Grattan. Here there will be an election of officers and potluck dinner at 6:30.

IN HOMETOWN AMERICA

Blanche Loveless Ill

Mrs. Blanche Loveless of Bronson St. was ill with the flu this past week. Being ill, sometimes has its compensations too. Blanche's daughter, Mrs. Ed Dunneback and her husband and children came to visit her. Mother prepared a delicious chicken salad, hot biscuits and chicken gravy, umm—sounds good, and lots of hot coffee and cookies. Everyone enjoyed themselves, and Blanche is now better. We're glad you are feeling better, too.

Mimi Goes to Livittown

Miss Mimi Kusterer of Grand River Drive has journeyed to Levittown, New York, to visit Dr. Jeanette Veatch. It seems that she liked it so well that she has decided to attend High School for the First Semester at Levittown, Long Island, New York. We hope you like it there Mimi, but don't forget to come back!

Church News

Smorgasbord

The Little Church with a Big Heart, the Ada Congregational church will serve a Smorgasbord Saturday evening, Sept. 21. Dinner will be served at 5:00, 6:00 and 7:00 p. m. in Fellowship hall.

The Ada Congregational church—Dr. Ralph J. White, pastor—invites you to attend their morning Worship Services at 9:30 a. m. and 11:00 a. m. each Sunday.

Mary-Martha Guild

The Mary-Martha Guild will hold the September meeting, Thursday, Sept. 26, at 12:30 p. m. with a dessert luncheon at the home of Mrs. John Postma.

Choir Practice

Choir practice of the First Congregational church will be held Thursday, Sept. 12 at 7:00 p. m., the regular meeting of choir practice.

Women's Fellowship

Wednesday, Sept. 11 at 7:30 p. m. the Women's Fellowship held its first meeting this fall at the Fellowship hall. Mrs. Gerald Brian and Mrs. George Dey gave a very interesting discussion on the advantages of Pilgrim Haven, Subject: "Is It Worth While".

Mrs. Gerald Brian and Mrs. Melba Postma attended Haven, and told of the many advantages given to those who attend.

Mrs. Merle Cramton and Mrs. Roger Jansma were hostesses for the evening.

When in Lowell Saturday, Sept. 7, Clark and Pat Nellist stopped for a chat with Aunt Lottie Fopma of Lowell. Aunt Lottie was happy to see them.

LIONS ARE IN HARNESS

After a nice vacation, the Thornapple Valley Lions club held its first meeting Monday evening Sept. 8, at the First Congregational church in Fellowship Hall. The ladies of the church served dinner.

FLU BUG IS BITING AGAIN

Grace Whaley of Ada is ill with the flu. Her daughter, Nancy Freyermuth, has taken her home in Grand Rapids to care for her. We hope you will be better soon, Grace.

POMONA GRANGE CONVENTION AT EGYPT HALL THURSDAY

The Kent County Pomona Grange Convention was held at the Egypt Grange Hall, Thursday, September 5. Three districts attended and three sets of delegates were elected to go to the Michigan State Grange convention on October 29 at Sturgis. From the Egypt Grange Mr. and Mrs. Alberts were chosen to attend.

A Boy and His Dad

Larry VanDort's father, Chester VanDort of Grand Rapids came for Larry Sunday afternoon. Larry and his father spent many happy hours together. Time passed all too quickly and when it was time to go home, Dad cooked some hamburgs. Larry says that his dad's a good cook.

Other Ada News

Carol Denkema, daughter of the Ed Denkemans of Fero rd., visited her aunt and uncle, Mr. and Mrs. Morris Burkholder. Carol reports that she had a most enjoyable time.

Carolyn Caswell was a dinner guest of the Clark Nellists. Carolyn also attended Ada Congregational church with the Nellists, Rev. White having been a pastor of the Trinity Methodist church of Grand Rapids, where Carolyn is a member.

PROCLAMATION

Civil Defense Week Sept. 18 Through 21

The maintenance of peace and personal and national survival in the event of enemy attack are of paramount interest to the citizens of Michigan.

A strong and efficient civil defense program is recognized as a means of attaining these goals, and we all realize that the strength of the nation's civil defense depends upon the state of individual and community disaster preparedness throughout the nation.

The President of the United States has called upon the nation to observe the week of September 15 through 21 as Civil Defense Week as a means of developing an awareness of the need for general participation in civil defense.

THEREFORE, I, G. Mennen Williams, Governor of the State of Michigan, do hereby proclaim the week of September 15 through 21, 1957, as

CIVIL DEFENSE WEEK

in Michigan, and urge the residents of Michigan to participate in the observance of this week.

Given under my hand and the Great Seal of the State of Michigan this 23rd day of August in the Year of our Lord, one Thousand nine Hundred and Fifty-seven, and of the Commonwealth the One Hundred Twenty-first.

G. Mennen Williams, Governor

HOLD FIRE EXTINGUISHER DEMONSTRATION SEPT. 16

There will be a fire extinguisher demonstration by the Ansul Chemical Co. held at the Skelly Propane plant near Alto, just off M50 and 60th St., Monday, Sept. 16, at two o'clock in the afternoon.

All who are interested in a good fire extinguisher demonstration should plan to attend this one.

Drowsy Drivers Cause Accidents

Drowsy drivers are fast becoming the No. 1 accident cause on virtually every turnpike and superhighway in the country, according to Paul W. Kearney, veteran safety writer and author of the new book, "I Drive the Turnpikes," the current selection of the Teen Age Book Club.

"The sleepy-head who dozes off at the wheel and causes an accident, even if nobody else suffers injury or damages, is driving out of control just as much as is the drunken driver and both are a menace to others," Kearney said. He is a frequent contributor to the Reader's Digest and the Saturday Evening Post.

Kearney and his wife are completing an 8,000-mile tour of the major turnpikes in one of the first Mercury Turnpike Cruisers produced. To date they have made round trips over the Indiana, Ohio, Pennsylvania, New Jersey, West Virginia, Massachusetts and Maine turnpikes, the Garden State and Wilbur Cross Parkways and the New York Thruway.

"So-called monotony of the expressways is not the real reason for sleepy-head driving because it also prevails on the shorter pikes like those in West Virginia, Maine and New Jersey," the author explained. "Carbon monoxide in the car from a leaky exhaust system is an obvious cause but a more insidious cause is the fact (demonstrated by Motor Vehicles Research, of Boston) that driving with a front window open allows the vacuum from the car's forward movement to suck fumes inside.

"An excellent feature of the new Mercury Turnpike Cruiser which overcomes this problem, is its roof-level air intake in front, plus the retractable rear window. With this window partly down (and all the rest closed) you get a straight-line, fore-and-aft ventilation stream which eliminates this threat of gas fumes in the car."

From his long driving experience which includes piloting a car in every state in the Union at least twice and eight crossings of the continent without a relief driver, Kearney feels that it is necessary for drivers to consciously work at staying alert. Some of his proven expedients for fending off "highway hypnosis" and drowsiness include such tricks as: Chewing a big wad of gum (a whole pack at a time).

Singing loudly (the worse voice, the better result). Kicking off your right shoe to let the gas pedal vibration stimulate you.

Sitting on something hard for a while like a thick magazine.

Keeping your eyes roving instead of looking straight ahead mile after mile.

Looking in the rear view mirror every few seconds.

"Another fine feature of the Mercury Turnpike Cruiser is its Seat-O-Matic which gives the driver a dial setting in any of 12 different seat positions and provides changes of body positions which are restful on long trips," Mr. Kearney said.

"Mercury's dual-headlight system also is a marked safety advance not only for normal night driving but in fog or falling snow. These new lights not only give a good 50 feet more visibility on high beam but a true low beam of excellent pattern with plenty of light on the right hand shoulder.

"Considerable research into turnpike driving problems also convinces me that the reflectorized rear bumpers on the Turnpike Cruiser are a significant safety advance. With approximately half of the fatalities on our major expressways occurring in rear-end collisions, it isn't possible to get too much warning illumination on the tail of a car nowadays."

Dana Wynter worries about her upcoming application for citizenship. "I love this wonderful country (U.S.A.) but I'm scared to death the judge is going to ask me something about American football. That is a game I don't understand at all."

AUCTION SALE

Saturday, Sept. 14—A large line of farm equipment of high quality will be sold at public auction starting at 1:30 p.m. at 10887-100th St., one-half mile east of Morse

Lake Road, Henry Geldersma, owner, and George VanderMeulen, auctioneer. Complete list on another page of this week's Ledger. Saturday, September 28, at 1:00 o'clock—rain or shine—the C. H. Runciman Co., farm implement

Save That Charred Toast — It's an Antidote For Household Poisonings

Charred toast is a highly effective antidote against common household poisonings, the Michigan Department of Health said today.

Because of the increased use of chemical preparations in the home, accidental home poisonings are on the increase, the department said. Last year 87 Michigan persons died in accidental home poisonings. The department said each home should be equipped with emergency antidotes.

The charred toast antidote can be prepared by burning a piece of toast, crumbling it into a juice

glass or glass jar, and storing it in the kitchen or bathroom. When needed, the charred crumbs can be mixed with water or milk.

An antidote of this type could save a life or prevent serious injury by being administered while the doctor is being called. It also can be used when the exact nature of the poison swallowed is unknown.

To reduce accidental poisonings in the home, the state health department recommended:

1. Keep all drugs, poisons and other household chemicals out of the reach of children and away from food. Lock up flavored aspirin and other preparations which children might mistake for candy.

2. Read all labels and follow the instructions carefully.

3. Don't contaminate food or food utensils when using insect sprays, aerosol mists, rat poisons, weed killers or cleaning agents.

4. Don't store poisonous substances in food or beverage containers.

5. Don't take or give medicines in the dark.

6. Date all drug supplies when you buy them and discard when outdated.

AMMONIA NEEDS HELP TO DO JOB

Some farmers are not getting the crop response from anhydrous ammonia that they did when they first started using it.

J. F. Davis, soil scientist at Michigan State University, said crop yields may be high temporarily because of the reserve fertility that has been building up over the years, but unless extra phosphorus and potassium are used with the extra nitrogen, response to anhydrous ammonia or any high rate of nitrogen fertilizer may not be as great as it was at first.

Flower - Furniture Show Sept. 13 - 14

Friday and Saturday afternoons, Sept. 13, 14, the Showboat Garden Club and Roth's Furniture Store will be host and hostess to all flower lovers when they hold their first Furniture and Flower Show. Numerous flower arrangements will be displayed for every room in the house; they will coincide with provincial, colonial, and modern themes in living rooms, dining rooms and kitchens.

This is the Showboat Garden Club's first attempt at a show of this kind and much thought and effort has been made during the past few weeks in planning for this exhibition of flowers and furniture.

Local hostesses will be on hand to greet guests and show them the rooms. Refreshments will be served and there will be a silver donation for the swimming pool fund. The hours for the show will be Friday, Sept. 13, from 2:00 to 9:00 p.m. and on Saturday, Sept. 14, from 2:00 to 6:00.

At six o'clock on Saturday a lovely door prize will be drawn, donated from the store by Mr. Roth.

Invitations have been extended to every Garden Club member in Lowell, Garden Clubs in the surrounding areas, and to Woman's Clubs. You do not have to be a member of a club to enjoy flowers, their beauty, and the satisfaction of growing them. We would like to take this opportunity to invite you and your friends.

Notice to Members

The Sept. 16th meeting will be held at the home of Mrs. Clark Fletcher on Hudson, St. The program is "putting your garden to bed", by Lee Wittenbach. Houseplants of the month are on Ivy, Geraniums, Cactus and Succulents.

We wonder how many dollars the average taxpayer spends each year because of political pressure—in other words, to help some Congressman hold his job?

Saving the Big Ones

Conservation Department fish workers revive a largemouth bass netted during chemical treatment of a southern Michigan lake. The chemical treatment is designed to improve fish populations in overcrowded lakes by killing off excess panfish, allowing survivors to attain normal growth rates. When these "stunted fish lakes" are treated, many bass and other large gamefish are revived for replanting in the lake.

Hot Lunch Menu

The Hot Lunch menu for this week includes some of the tastiest dishes the cooks can fix. Bar-B-Que, Pickles, and Up-Side Down cake will be served on Monday.

Tuesday, chicken and noodles, bread and butter, and fruit salad.

Wednesday's meal consists of baked beans and weiners, lettuce salad, Boston brown bread, and cookies for dessert.

Thursday, the main dish will be scalloped potatoes and cheese, and along with that will be spinach, muffins and jello.

Macaroni and cheese casserole, celery, carrots, bread and butter, fresh fruit and cookies will complete the week's menu. Sounds good, doesn't it.

Milk, of course will be served with every meal and can be purchased separately for those bringing their lunches at 5c a bottle.

We expected it—but not in our lifetime: Ads in color of lovely women shaving various parts of their anatomy.

The Minute Men of today are those who can make it to the refrigerator and back with a sandwich while the commercial is on.

WISH TO RID ROSES OF UGLY BLACK SPOT?

Do you wish to rid your roses of rose black spot? This can be done by covering the ground underneath the rose bush with sweet alyssum or a similar plant. The spores of the rose black spot will not blow in the wind and will be washed off by rain. The ground cover of sweet alyssum will prevent the spores from splashing

back on the roses and thus prevent the spread of this disease.

Sailors who came over with Columbus brought playing cards with them to while away the long hours aboard ship. A heavy wind blew the cards overboard, but upon landing on America's shores the ingenious seafarers immediately proceeded to make new decks out of stiffened leaves and tree barks.

New customers are especially welcome here, because we know that they'll be back early and often for more of the same courteous service and sound values on which we've built our businesses. Come on in SOON!

KATIE'S KORNER

WHAT DO YOU KNOW about migration of the robins... the idea has been mentioned that they hold conferences to plan the annual trip south.

Recently there have been up to a dozen of the birds gathered in the yard carrying on some sort of a confab... It's happening more and more often and we wouldn't be surprised to find them leaving for winter quarters any time.

A theory was suggested that, before starting on their long trek south, they have a trial run to work out any bugs in the plans... there might be something to that, too.

DON'T SAY we didn't warn you... 15 weeks from yesterday will be Christmas. So how's about getting on the ball with that shopping list and for once be ready when the season arrives.

You know there are a few people who will be going blithely on their way while the rest of us are breaking our necks to finish our Christmas shopping, such foresight—but then who can be so efficient?

THINGS TO COME

Walkie-talkies are carried by bellboys in a Washington hotel so directions can be flashed to them while they're away from the bell captain's desk... A new shotgun arrow is aimed at making archery competitive with firearms for small game hunting. The arrow shaft is tipped with a hollow cylinder containing eight steel darts for a scatter pattern... A new type ball-thrower for tennis practice fires 40 balls at five-second intervals to any place on the court.

The antlers shed by deer each year are seldom found. Mice, porcupines and other rodents gnaw them for the minerals they contain.

Be Careful School's Open

"School days are here again," warn local police. "It is time for drivers to watch for school-zone signs, schoolboy patrols and school buses."

For the past two to three months, the schools have been closed and drivers have not slackened their speed by them to any great degree. If they persist in doing this during the coming months, tragedy will be the inevitable result. We urge every driver to be on the lookout for school zones. Don't fail to slow down and to be alert for children who may heedlessly dash out into the street.

They also urged every driver to respect the signals of schoolboy patrolmen, who have the job of protecting school children who must cross streets near their schools.

These youngsters perform an important role in protecting school children. They need the co-operation of every driver to do their work successfully. While schoolboy patrolmen do not have police powers, they can and will report to the police the license numbers of drivers who operate recklessly in school zones or otherwise endanger the children.

Watch out for school buses, also. Don't follow too closely. Give yourself room to make a safe stop when the bus stops. Always check traffic behind you when stopping. Above all, adhere to common-sense rules of safe driving.

Market Only High Quality Eggs

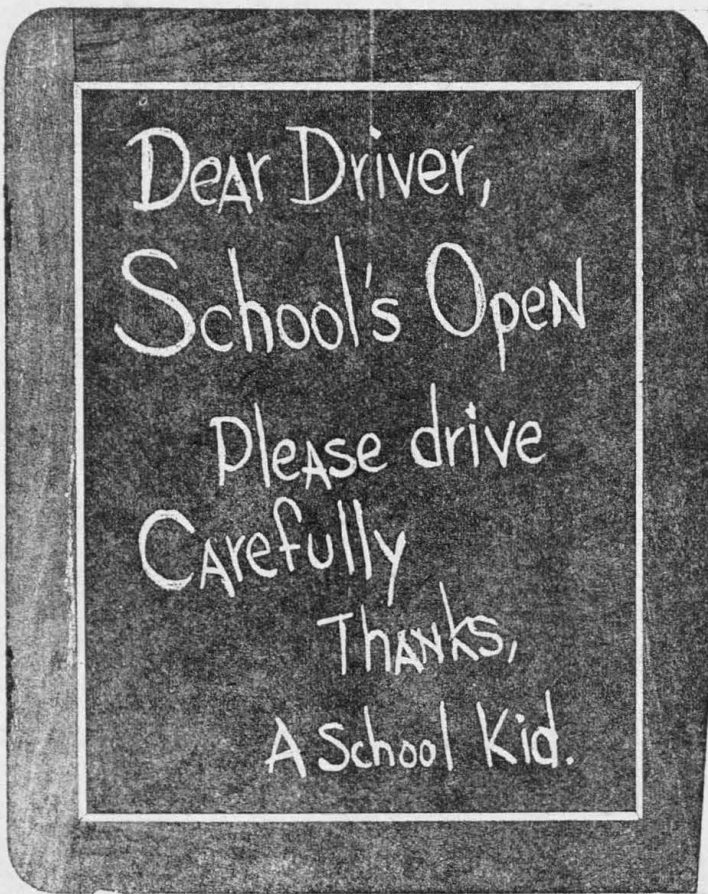

Frequent gathering and prompt cooling of eggs is a must in hot weather. The first few hours in the life of an egg are critical in maintaining good quality.

The normal trip for the egg from the hen to the kitchen takes 18 days on the average. This is reason enough that we should do all we can to see that eggs leaving the farm are in good shape.

Since 75 percent of the eggs are laid before noon, gather the eggs three or four times in the morning. Be sure to use wire baskets and fill them only two-thirds full.

Take the eggs immediately to a cooling room which has temperatures from 55 to 60 degrees. Keep your flats and fillers in the cooling room too if you have room and wait until tomorrow to put today's eggs in the case.

Weighing only about 12 ounces, the female green-wing teal is the smallest of North American ducks.

Students Going Away to College

Campbell Stekete, son of Mr. and Mrs. Campbell Stekete of Thornapple River Dr. will be leaving September 16th for his Sophomore year at Yale School of Engineering in New Haven, Connecticut.

Miss Mary Stekete, daughter of Mr. and Mrs. Campbell Stekete of Thornapple River Dr. will also be leaving the 16th of September for her senior year in high school at Abbott Academy in Andover, Massachusetts.

The Stekete's have six children in six different schools this year. Can anyone top this?

Barbara Heaven, daughter of Mr. and Mrs. Milton Heaven, Denison Dr. started her Sophomore year at Hiram College, Hiram, Ohio on Monday, September 9th.

Carol Sawyer, grand-daughter of Mr. and Mrs. Lloyd R. Winslow, Thornapple River Dr. will begin her Sophomore year at Michigan State University at East Lansing this fall.

Richard Matthews, son of Mr. and Mrs. Ed. Matthews, Thornapple River Dr. will begin his Freshman year at Western Michigan University in Kalamazoo on Monday, September 16th.

Roger Wykes, son of Mr. and Mrs. Frederick Wykes, Thornapple River Dr. will be leaving September 20th for his Senior year at Harvard in Cambridge, Massachusetts.

William and Carl Stellin, sons of Mr. and Mrs. Nick Stellin, Cascade Springs Dr. will be attending Michigan State University in East Lansing; William as a Senior and Carl as a Freshman.

Nicholas Kik, son of Mr. and Mrs. Nicholas Kik, Thornapple River Dr. will be a Sophomore at the University of Michigan in Ann Arbor this fall.

James Fletcher, son of Mr. and Mrs. J. W. Fletcher, Thornapple River Dr. will be a Sophomore at Indiana University in Bloomington, Indiana.

COMING EVENTS

Eastmont Coffee Group will meet Friday evening Sept. 13 at 8:00 p. m. at the home of Mrs. Oscar Hoff, 1052 Cutter Parkway.

Wednesday morning Sept. 18 at 9:30 a. m. the Ada dr. Mothers Coffee Group will meet at the home of Mrs. James Watson, 869 Orlando.

Plan Farewell Party For Rev. Boonstra

There will be a farewell party for Rev. and Mrs. Jacob Boonstra, minister of the Cascade Christian Reformed church, on Friday evening, Sept. 20th, at 8:00 p. m. at the church. Rev. Boonstra will soon be moving to Grand Rapids, to take over the pastorate of the Twelfth St. Christian Reformed Church.

The general chairman of the party is John Kleinheksel. The program committee consists of Cornelius Brower, Claus Kerstra, Mrs. Jack Linton and Mrs. Helen Lucas. The food committee is in charge of Dorothy Rooters.

Once in 9,300 years a falling meteorite will strike an American.

"Some fellows are so farsighted that they rest before they get tired!"

Neighbors Promise Aid Tag Day, Sept. 13-14

Some of our neighbors have promised members of Sunshine Hospital Guild that they will be out on the street Friday and Saturday helping on the Guild's annual Tag Day. Please look them up and slip your coin in the container and wear your yellow tag which shows that you support the Guild and its work at Sunshine Hospital.

There are so many requests now, more of the patients are without funds and the Guild has many more things to do for them. Only recently the Guild agreed to furnish clothing for the children patients who need it, and all of these things cost money. Everybody knows that the Guild has been doing a grand job since it was organized in 1950 and many want to help with their contributions at this time.

The annual Tag Day and two rummage sales a year are the only projects the Guild has for raising the \$2,500 to \$3,000 needed each year to carry on its work. The people in this community have always been generous and doubtless many will wear a Tag this year.

MICHIGAN LEADS IN '56 SAVINGS STAMP PROGRAM

Donald McPherson, who is in stamps promotion for the U. S. Treasury department in West Michigan, told us this week that Michigan led the nation last year in dollar sales of United States Savings Stamps. Local schools will establish a savings stamp program later this month.
