## To Demonstrate Outdoor Skills

All Intermediate Girl Scout troops of the Ada neighborhood are busy practicing outdoor skills, which they will demonstrate at the "Wits in the Woods" program to be held at the Kent Conservation League grounds on Saturday, April 26th from 1 to 3 p.m.

Troop No. 459 of Ada school will show fire building and safety. These first year Intermediate scouts are under the leadership of Mrs. Clarence Martin.

The two patrols of Troop No. 98 will demonstrate a number of First Aid techniques. The leaders of these Ada school scouts are Mrs. Dan Free and Mrs. Matthew VerHil.

Troop No. 45 of Ada and Cascade schools, with Mrs. R. M. DeVos and Mrs. J. A. Hammer as leaders, will do leaf printing, using several methods and will exhibit interesting uses of the prints.

Mrs. Robert Turrillen of Troop No. 59 says her Martin school girls will show how to lash articles, for use at camp.

All demonstrations will be judged, and the two best will go to the councilwide "Woody Wizard" day to be held in May.

## MOTHERS' CLUB TO HOLD PAPER DRIVE

The Mothers' Club of Carl School is sponsoring a paper drive. A trailer will be parked at Carl School Saturday and Sunday, April 19th and 20th. All papers, magazines and old rags can be left at the school on these two days. Please have all articles tied in bundles.

Any amount of paper you have to donate would be greatly appreciated.

Dean Van Landingham was appointed last week as principal of the new Forest Hills High School. Mr. Van Landingham attended Harvard University, Western Michigan University, Michigan State University and received his Master's Degree at the University of Michigan. His doctoral work is be-

## Baseball League Plans Progressing

The Thornapple Valley Baseball League will hold its next meeting at Collins School on Thursday, April 17th at 7:30. Plans are progressing rapidly and at this meeting they hope to elect their Board of officers.

Tentative plans now call for them to field a four-team league in the 13 to 14 year old group and a four-team league in the 15 to 16 year old group. Our plans for doing this depend on one big factor. They are going to need managers for these teams, and umpires and scorers to run the games. The club is making this appeal for volunteers to help us through this summer baseball program. Qualifications for these jobs are not too strict. A man needs only to like boys and enjoy working with them. A little knowledge of baseball would help, and of course, it will take some of the man's personal time. It is understood there are many men in the area who have played some organized ball during their lifetime. These men would be particularly helpful as managers if they could find the time to help. If anyone can find the time to help, and can come to the meeting Thursday night, they will be well received.

## Dogs Bother Livestock; Farmers Ponder Answer

Several incidents have occurred in the ACE area where dogs have been irritating livestock and farmers have been having the problem of knowing what to do. Most of them do not want to harm dogs but under the law they have the right to do so.

Some farmers have tried to locate the owners in order to have the dogs kept away from the livestock, but sometimes have been unsuccessful.

A plan that has been suggested is to put an announcement on the bulletin boards at the schools in the area in which marauding dogs are found in the hopes that the students will recognize their descriptions and tie the dogs so they won't annoy livestock.

## Boosters Club Plans Spring Activities

The Forest Hills Athletic Boosters Club is engaging in several activities this spring. These projects are for the purpose of making money to support the high school athletic program. There is still a considerable amount of money to be raised this spring to meet this year's budget.

### Boat Motor Prize

The Forest Hills Boosters Club will sponsor a prize award contest that will include a Mercury Mark VI boat motor, valued at \$231; a Columbia Bicycle worth \$45.50, and a General Electric floor polisher and cleaner valued at \$49.95. The contest committee is anxious that prizes awarded will appeal to all age levels. The motor will appeal to the men; the cleaner to the women; and the bicycle to the children. The winner of the bicycle will have a choice of a girl's or boy's bike. The tickets on the contest will sell for 25c each or 5 for \$1. They can be bought from any Junior High student, or any Booster Club member. The drawing for the prizes will be held on Saturday night, May 24th at the softball field. The prizes will be on exhibition throughout the district during the next few weeks.

### Roller Skating Parties

Boosters Club will sponsor two skating parties this spring. These parties will be open to the public and everyone is invited who is in the 7th grade or above. The club hopes that many high school students and adults will avail themselves of this opportunity to roller skate with their friends in the district. These parties will be held at Nieboer's Skating Rink, 632 Plymouth, just north of Michigan ave. The first one will be on Tuesday, April 29th and the second one on Tuesday, May 20th. The skating time will be from 6:30 to 9:30 p. m. The price is 50c per person.

The next 25 years may see the end of poverty as our most important economic problem, a speaker said recently at The University of Michigan.

A ghost town, complete with ghosts, clanking chains, eerie lights, weird sounds will be at Martin School on Saturday, April 19 from 5 to 9 p.m. The Western Roundup will be in full swing with fun for children from ages 2 to 102. There will be popcorn, cotton candy, fudge, balloons, western movies, soft drinks, comic books, hot dogs, bar-b-cues, horse rides, silhouettes, funny hats and all sorts of games, and of course, prizes.

Buck Barry will perform and the Shoup family, accompanied by Buck on his guitar, will sing. Two horses will be giving rides from 5 p. m. until sundown so that all

## Reporter's Request

It has come to my attention, that some people still do not know who to call for articles they would like put in the Suburban Life. At this time, I am the only reporter for the entire ACE area, and would appreciate it if calls could be made to me before noon on Monday morning, as the news is picked up here at my home by this time. If it comes in later than that, I must call it in to the office, which necessitates my using the secretaries time in transcribing over the phone.

If you want this to be a bigger and better paper, it is up to you to phone in your news to me, or I will not know about it. My number is OR 6-2977. Thank you.

April 20—May 16: West Michi-

gan Show, an annual juried exhibition for Michigan artists. This is sponsored by the Friends of Art.

## Celebrate 95th Anniversary

The oldest Mutual Insurance Company in Kent County is celebrating their 95th anniversary. The insurance company is the Farmers' Mutual Fire Insurance Company of Kent Co., known through the area as the "Old Kent". The company was formed April 20, 1863 in Grand Rapids as their headquarters, with the following men as directors and officers:

Zabin Williams, jr., Rudolphus G. Chaffee, Moses O. Swarthout, Hiram Rhodes, Jacob S. Schenck, James Naysmith, Samuel Beach, Edward Pettis, Thomas J. Hastings, Alanson Crampton, Edwin N. Chaffee, Adam VanDusen, John L. Clements, Daniel Perkins, Rix Robinson, Orin Kellogg and Byard Barkley.

Some of the others who have been associated with the company through the years are:

Samuel Langdon, C. H. Richardson, Aaron Brewer, Edmund Manly, M. B. McPherson, L. G. Livingston, Orson Bradford, Earle Brewer, John H. Withey, Henry Green, Walter C. McCrath, A. J. Boorum, Wm. H. Meyers, Nelson Kelley, Frank W. Peterson, R. H. Brownyard and Irving Pennington.

The company through the years has had a very successful experience in covering the insurance requirements of the farmers in the community, at a time when it was the only available insurance and at a cooperative cost. They have always maintained a record of paying claims promptly and satisfactorily. The cost of the insurance has always been among the lowest. At present the company has at risk \$15,292,423. The charter has been rewritten and the by-laws changed with the changing conditions, and at present the company writes insurance in the following counties: Kent, Montcalm, Newaygo, Muskegon, Ionia, Ottawa, Allegan and Barry.

Present officers and directors are: James E. Hanna, Harry T. Emmons, E. Harry Norris, Richard Bowler, Adelbert Odell, Wm. A. Peterson, Glenn Hunsberger, Roland Depew, John B. Heffron and Hazel M. Pennington.

## Your Washington Review

## by Congressman JERRY FORD

During the Easter recess while your Congressman was in Kent and Ottawa counties, my Washington office remained opened as usual to handle correspondence, and telephone and personal calls. We received a great number of cards urging legislation to end job discrimination against workers over 40 years of age, and a comparable number in opposition to any appropriation which would enable the Federal government to take over the property of the National Grange headquarters in Washington for a new public building.

In an appropriation bill approved March 27 the House of Representatives denied the use of any Federal funds to prepare plans and specifications for any Federal building to be located on the Grange property.

To those urging "Jobs After 40" I pointed out that because of Congressional action a year or so ago there is no maximum age limit for persons taking Civil Service examinations for Federal employment. In addition my replies stated that to refuse employment to competent workers simply because they are over 40 is wasteful and unsound indeed.

The House Committee on the Judiciary has before it a number of bills which would prohibit a Government contractor or supplier from imposing any maximum age requirement in the hiring of employees. I feel that the Committee should schedule hearings and take affirmative action on this legislation.

At The White House: President Eisenhower has signed into law the bill which corrects the injustice which certain Ottawa County farmers suffered when that County was designated a commercial corn area. Under the provisions of the new law, farmers who signed a wheat acreage agreement last fall will not be obligated to restrict their 1958 corn acreage in order to draw soil bank payments on their wheat contract. The injustice arose when the operations of the Soil Bank Act added a new requirement for eligibility for these payments after the contracts had been signed. This problem was originally brought to my attention by a visitor to my Mobile Office at Borculo and I have been working toward a solution since last October. Fortunately the remedial legislation was enacted in time to be of practical benefit this Spring.

IN MEMORIAM: An unknown serviceman of World War II and another of the Korean conflict will be buried at Arlington National Cemetery on Memorial Day, May 31, in special ceremonies in which it is contemplated the President of the United States will participate. Recent visitors to the Tomb of the Unknown Soldier have seen the two crypts being constructed in the plaza floor between the present tomb and the amphitheatre. These will contain the remains of two Unknowns now being selected. By an act of Congress the service men and women of World War II and of the Korean Conflict are to share honors with those of World War I in the national memorial at the Tomb of the Unknown Soldier.

On May 28th a U. S. Destroyer, accompanied by a coast guard cutter, will come up the Potomac River to the Naval Gun Factory in Washington where the Navy will turn over to the Army in a brief ceremony the remains of the two unknown servicemen. These will be taken by automobile to the Rotunda of the U. S. Capitol where the

## Cub Scouts Hold "Pinewood Derby"

Cub Scout winners of the "Pinewood Derby" held by Cub Scout Pack No. 3334 are pictured above receiving their trophies from Cubmaster Carl A. McDanold. First place trophy was given to Darl Weaver, wolf; second place to David Dean, bear, and third to Phil Shoemaker, lion.

The Cub Scout Pack No. 3334 of model racer. They then designed Cascade held a "Pinewood Derby" and carved, with the help of their race at their last pack meeting. Each car had This was a Father-Son project with to meet rigid specifications, such each boy being supplied with all as length and weight and lubrication necessary materials to make acants of any kind were forbidden.

The races were run in heats on a four-track ramp built by Jack Lyons, Webelos Den leader, and Bill DuVall. Each heat was for boys within their own age group until the final heat which determined the first, second and third place winners.

Tension ran high as each boy was cheered by his pals and families, win or lose. Everyone there had a wonderful time and are looking forward to next year's meet.

lected will be buried at sea in the time-honored tradition of the Navy. FOR DISTRIBUTION: I have in my office a limited supply of a Committee Report entitled "International Cooperation Administration Replies to Criticism of the Foreign Aid Program," and also a small supply of a pamphlet entitled "Introduction to Outer Space," prepared by the President's Science Advisory Committee. Let me know if you would like a copy, and I will be glad to send it to you.

Eight out of every ten students who enter The University of Michigan eventually receive a college degree.

Admission to the Amphitheatre for the burial service at 3:00 will be by ticket only. In order to represent all combat areas of World War II there will be two pre-selections. The Commanding General of the U. S. Army in Europe will select one Unknown from the 13 American military cemeteries in Europe and North Africa to represent the trans-Atlantic phase of the War. The Commander, Far East Air Forces, will select a representative for the trans-Pacific area from two cemeteries, one in Hawaii and the other in the Philippines.

The Navy will bring these selections to a point off the coast of Norfolk along with the representative of the Korean conflict, who will have been chosen by the Commanding General, U. S. Army, Pacific.

The choice between the two Unknowns of World War II will be made on May 26 aboard the cruiser, USS Canberra. The one not se-

**Happy Birthday!**

Gale Storm, vivacious comedy star of "On! Susanna," maintains a pace, both on camera and off, that wears out script writers, producers, and press agents. TV Guide magazine, celebrating its 5th anniversary on April 5, picked Gale to be their cover personality during anniversary week. They felt Gale typified the bouce and zest of America's TV magazine. But it wasn't until the cover and story were all set that a researcher for the magazine happily discovered that Miss Storm was born on April 5. She shies away from the year.

**Whistle While You Work**

The rash of TV Westerns this season makes for some very interesting scheduling by the studios. It was reported that a ranch will often rent its street to two shows on the same day. They work just out of one another's camera range, and control the sound problem with whistle signals. Said a Have Gun, Will Travel staffer: "When we whistle, the Wyatt Earp people pipe down, and vice versa. Works out nicely."

**Michigan Week Project —Sending Post Cards**

Executive Board of Michigan Week adopted a resolution favoring the sending of Michigan scenic post cards during May 4-10. They suggested they be used to invite residents of other states to visit Michigan. Norton Louis Avery, an advocate of the project, is one of the largest suppliers of pictorial post cards in Michigan. "One suggestion was that the cards be used by school children as a Michigan Week project, that cards could be sent to those on Christmas mailing lists and business firms could utilize them in answering letters which require only brief replies.

**Change Kent County Library Headquarters**

Fourteen Kent county branch libraries will benefit directly by the movement this week of county library headquarters from former cramped quarters at 1961 Godfrey, S. W., to 740 Fuller, N. E.

Miss Carol Thomas, library director, and Kenneth F. Jones, chairman of the library board, both hailed the move as a forward step in improving library services both throughout the branch and the school services department.

They also said the move would enable the summer bookmobile program to go forward as in past years. It had been feared for a time that the summer program would have to be cut out this year due to lack of space at former headquarters.

The new location provides approximately twice as much space as the Godfrey avenue building offered, Miss Thomas said. She added that during the past decade the circulation and membership of the county library has doubled while its quarters have remained the same. This has greatly hampered efficient operations she said.

An open house is slated for April 30 from 7 to 9 p. m. at the new headquarters. The Wyoming township branch library will remain at 1961 Godfrey, S. W., Miss Thomas said.

The Forest Hills Board of Education has approved a spring athletic program for the Junior High boys consisting of baseball and track. Bernard VanArk has been appointed baseball coach and Edward Shy, track coach.

The basic purpose of the program is to give as many boys as possible instruction in the fundamentals of both sports. It will be kept primarily on an intramural basis with limited emphasis on competition with other schools. However, the coaches hope to schedule about three baseball games and two track meets during the last two weeks of school so the boys can put to test the things they have learned.

### Practice Schedule

The program is being conducted so that all the boys can participate in both baseball and track. The practice schedule is as follows: Monday and Wednesday nights—baseball for eighth and ninth graders; Tuesday and Thursday nights—track for seventh, eighth and ninth graders; Friday night—baseball for seventh and ninth graders; and Saturday morning—baseball for seventh and eighth graders.

Mr. Shy and Mr. VanArk work together each night and on Saturday morning. They report that about 120 boys are participating in the combined program. The coaches are also working with the boys on these sports in the Physical Education program and the noon time program.
