Let's Vote for Progress In Cascade Township

Special Meeting of Township Electors, Wednesday, October 1, 1958 Cascade Township Hall, 8:00 O'clock P. M.

To Authorize a Vote to Acquire a Site for a New Township Hall

Cascade Township Citizens are urged to attend this special meeting and support the plan endorsed by the undersigned Cascade Township Civic Groups.

The plan to be presented would authorize a vote at the regular November election for the purchase of 18 acres of land between US-16 and 28th Street to build a new township hall. It would also authorize a vote for a special levy of one mill a year for ten years to pay for the land and set up a building fund for a new township hall.

Option on Land Secured

The township board in cooperation with the Civic Planning Commission and the Cascade Businessmen's Association have looked over the sites available near the center of population and have secured an option from Mr. Hugh Slager on 18 acres. This property has 250 feet of frontage on US-16 and allows for a 60foot right-away for access from 28th St. Mr. Slager is willing to sell this on a option purchase plan that would allow the township to pay for this property \$3,500 per year over the next ten years. No interest or other charges would be involved and is the only way the township could acquire land unless they bonded for it and that would involve interest and other costs of a bonding program that would add many thousand dollars to the total cost of the property.

Believe This to be Best Plan

Because of the growing need for a new township hall, the present one is too small and not adequate for a growing township like Cascade, NOW is the time to obtain a site centrally located that can be purchased at the going price of land in this area. With the purchase of this land Cascade Township will be ready to build a new town hall when the time comes. Without a site the job of a new hall would be that much more of a financial problem.

Low Cost to Taxpayers

The cost of buying the land for the average township taxpayer would be less than \$5.00 a year, but will save him in time to come many times this expense. Land values in this area, as we all know, are increasing every year and this land that is being offered now will not be available again to the township. To provide for the necessary facilities it is agreed we need in the years to come a little clear thinking at this time will save money and provide facilities we all can

Also Provide Park and Civic Center

The 18 acres will not only provide land for the township hall, and other buildings as they may be needed but will provide a park and recreation area for the people of the community. It is well known the difficulties in securing enough play area for a growing population. With all these advantages in mind we urge you to attend the meeting on October I and support the proposed plan.

Letter to Editor

Dear Sir:

I have received from Charles P Taft, Chairman of the Fair Campaign Practices Committee, Inc., a "Code of Fair Campaign Prac-

This Committee's activity seems to me to be very worth while. I have signed the Code and returned an original to the offices of the Committee in New York,

I have enclosed a copy of the Code, which I have signed, and suggest that you might wish to print it for the benefit of your readers.

May I take this opportunity to commend the Lowell Ledger for its very fair treatment of the issues and candidates in the Con-

CODE OF FAIR CAMPAIGN PRACTICES

There are basic principles of decency, honesty and fair play which every candidate for public office in the United States has a moral obligation to observe and uphold, in order that, after vigorously contested but fairly conducted cam-paigns, our citizens may exercise their constitutional right to a free and untrammeled choice and the will of the people may be fully and clearly expressed on the issues before the Country.

THEREFORE: I shall conduct my campaign in the best American tradition, discussing the issues as I see them, presenting my record and policies with sincerity and frankness, and criticizing without fear or favor the record and policies of my opponent and his party which merit such criticism.

I shall defend and uphold the right of every qualified American voter to full and equal participation in the electoral process.

I shall condemn the use of personal vilification, character de-famation, whispering campaigns, libel, slander, or scurrilous attacks on any candidate or his personal or family life.

I shall condemn the use of campaign material of any sort which misrepresents, distorts, or otherwise falsifies the facts regarding any candidate, as well as the use of malicious or unfounded accusations against any candidate which aim at creating or exploiting doubts, without justification, as to his loyalty and patriotism.

I shall condemn any appeal to prejudice based on race, creed, or national origin.

I shall condemn any dishonest or unethical practice which tends to corrupt or undermine our American system of free elections or which hampers or prevents: the full and free expression of the will of the voters

I shall immediately and publicly repudiate the support of any individual or group which resorts, on behalf of my candidacy, to the methods and tactics which I con-

I, the undersigned, candidate for lection to public office in the Unit ed States of America, hereby endorse; subscribe to, and solemnly pledge myself to conduct my campaign in accordance with the above principles and practices, so help me God.

Ladies toot our horn

They tell their friends about the little extra services they get when they drive in to a Phillips 66 Station.

- ... The complete window wipe, for example -not merely the windshield.
- ... The whisking-out of the car's interior so it's tidy, neat and clean.
- ... The careful check-up of tires and other parts to help eliminate driving hazards.

Why don't you find out how Phillips products

and Phillips service makes your driving pleasant?

Drive in at stations where you see the Phillips 66 Shield.
