Dedicate New Post Office at Ada, Oct. 25

Gerald R. Ford, Jr.

Raymond Reyburn, acting Ada Postmaster, announced this week that the new Post Office will be dedicated Saturday, October 25. Gerald R. Ford, jr., Congressman from this district, will be the speaker. A band from this area is hoped to be obtained for the occasion. Coffee and donuts will be served for the open house from 3 to 5 p. m.

The Postmaster also set the hours of the Post Office: Lobby, daily 7 a. m. to 5 p. m.; Stamp and Parcel Post and Money Order Counter, Monday through Friday, 8 a. m. to 5 p. m.—Saturday, 8 a. m. to 12 noon.

Men's Fellowship Group Hold Father-Son Dinner

On Tuesday evening, October 21, the Men's Fellowship of the Eastmont Reformed church will have its first and annual Father and Son banquet.

The banquet will begin at 6 p. m. and will be served by members of the Mary Martha Guild.

The program will include Warren Sides, of Grand Rapids, who is a ventriloquist.

Reservations may be called in to Mr. VanderSchuur, GL 2-8744.

Cascade Christian Church Tri-Cees Bible Study

The Tri-Cees of the Cascade Christian church will hold their second of a series of Sunday night Bible Study lessons, on Sunday evening, October 19, at 8:30 p. m.

The second chapter in J. B. Phillips book, "Plain Christianity" will be the basis of the lesson under the direction of Hugh Slater.

The meeting will be held at Rev. Gaylord's with Mr. and Mrs. Guy Chandler as co-hostesses.

Students to Publish Weekly School Paper

The Forest Hills High School are now publishing a weekly newspaper, called the "Dispatch." The paper features biographies of teachers, editorials, interviews with outstanding students, student opinion polls and the activities of the Student Council.

There is a reporter from each session room. Sandy Purcey is the Managing Editor; Sharon Meinke, Assistant Editor; Fred Sytsma and Mike Darooge, Art Editors; Carol Crum, Typist; and Tommy Ray, Circulation Manager.

Break-In Monday at Cascade Medical Bldg.

On Saturday night the Medical Building on Orange Street was broken into, but as far as is known nothing was taken.

Dr. Robert Bakeman's lab window was broken, but the burglar was unable to get in, so pushed in the air-conditioner and got in that way.

In Dr. Robert Paine's office a window was broken and admittance was gained there. It was thought possible that the person or persons were looking for narcotics.

Rangers to Play Lowell Thursday, October 23

The Forest Hills Rangers will not play a regular scheduled game this week, because Comstock officials withdrew from their contract with Forest Hills. Comstock had signed contracts with both Forest Hills and Rogers. The Rogers contract was given preference because it was dated earlier.

Athletic director, Edward Shy, tried to schedule another game, but many phone calls resulted in no open dates by other schools.

Forest Hills vs. Lowell

The next game on the Rangers' schedule will be played on Thursday, October 23, at Lowell, at 7:30. The Rangers will play the Lowell Red Arrows reserve team. Lowell is a member of the Grand Valley Conference.

Freshmen vs. Kelloggsville

The Forest Hills freshman team will play the Kelloggsville Frosh on Thursday, October 16, at 4 p. m., on the Kelloggsville gridiron. The Rangers won their opening game 12-0 over Oakleigh.

Loses to Kelloggsville

The Forest Hills Rangers lost a thrilling and heart breaking game to Kelloggsville 27-13. The Rangers fought to a 13-0 half time score, to tie the score 13-13, with only 3 minutes left in the game. However, a long pass and a fumble recovery gave Kelloggsville 2 touchdowns in the last 3 minutes. Harold Bailey scored both Forest Hills touchdowns.

Forest Hills vs. Ottawa

The Forest Hills Rangers have added another game to their schedule. It will be played against the Ottawa Reserve team at 4 p. m. on November 10, at the Ottawa field.

Coaches of both schools have agreed not to play the game if weather conditions are extremely bad.

Egypt Grange News

At Egypt Grange regular meeting of October 10, the following officers were elected for the coming year:

Kenneth Anderson, Master; Alfred Thomet, Overseer; Ray Bangle, Lecturer; Merle Visser, Steward; Roger Jansma, Assistant Steward; Florence VanderPeerle, Treasurer; Nellie VanderPeerle, Secretary; Orion Hessel, Gate Keeper; The following graces: Alice Canfield, Pomona; Jean Robideaux, Ceres; and Mrs. Bangle, Flora; Evelyn Jansma, Lady Assistant.

Nellie Lamphere reported for Alice Anderson, the annual chicken dinner of October 4, was a great success, serving 325 dinners. She thanked all for their co-operation.

It was voted to present the new Post Office at Ada with an electric clock.

Remember the Michigan State Grange at Cadillac, October 15-18. Lenna Cramton, Reporter

"The secret of life is not to do what one likes, but to try to like

Money for Football Equipment All Furnished By Boosters' Club

There has been some misunderstanding concerning expenditures for football uniforms and other special athletic equipment. It should be made plain that the Forest Hills Board of Education has expended no money for football other than to pay a small sum to the coach for his additional duties besides teaching full time.

The Booster's Club of Forest Hills raised more than \$5,000 from private sources to make it possible for competitive sports to be conducted beginning in September of 1957.

Harold S. Chambers, Superintendent

Layman's Sunday at Cascade Christian Church

Sunday, October 19, will be Layman's Sunday in the Cascade Christian Church. Laymen will take full charge of both the 9:45 a. m., and the 11 a. m. services.

A newly formed group, the Junior Deacons, will serve for the first time at the 11 a. m. service; those serving will be Don Heaven, James Atherton, Harold Richardson and Tommy Ray, all holders of the Scout God and Country award.

A male chorus will sing at both services.

The speakers will be R. Dale Charters, Frank Atherton and Will George.

Mrs. Addie Wride Passes; Widow of Area Pioneer

Mrs. Addie Wride, widow of the late Robert Wride, who died in October of 1925, died at the home of her daughter and son-in-law, Mr. and Mrs. W. Lester Johnson, 5535 Cascade Rd., Sunday evening, October 12.

Mrs. Wride had three children; Alta, with whom she lived; a daughter, Mary (Mrs. Wm. Wilbur) of Belding; and a son, Seward, who preceded her in death in 1940. She is also survived by a sister-in-law, Mrs. Anna Richardson of Cascade; 5 grandchildren; 9 great-grandchildren; and one great-great grandchild.

Funeral services were held on Wednesday at 1:30 p. m., in the Metcalf's Chapel, with Rev. Raymond Gaylord officiating. Interment was made in Cascade Cemetery.

Mrs. Wride's husband, Robert, and brother-in-law, Joe Wride, operated the blacksmith shop on the corner of US-16 and Forest Hills Road that for years was known as Blacksmith's Corners, or Wride's Corners.

Work Days Scheduled at Ada Congregational Church Saturday

The Pilgrim Fellowship of the First Congregational church of Ada will have two work days; Saturday, October 18, and Saturday, October 25.

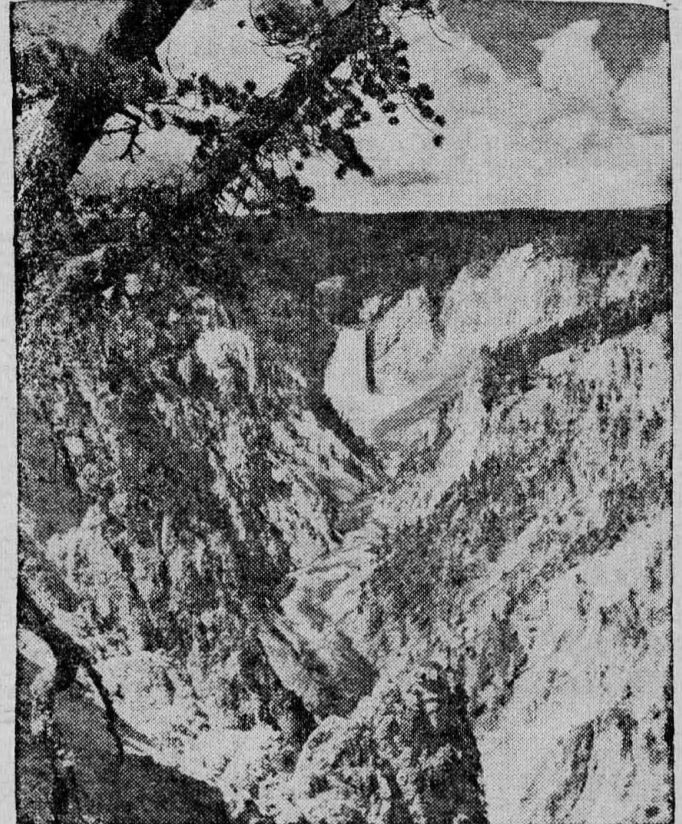

Anyone wanting windows washed, leaves raked, or work done, please call Mrs. Robert Rooker, OR 6-3786 for work to be done either Saturday.

A hayride is planned on Saturday the 25, after the work is finished, for all those who participated.

The National Art Gallery in Washington, D. C., is the largest completely air-conditioned museum in the world.

'Vacation in the West' First Lions Club Travel Series to Be Given October 20

Dennis Glen Cooper, explorer, ace photographer, and television celebrity, who has become nationally famous for his beautiful and stirring travel lectures on American subjects, will show his own exclusive color motion pictures and speak on "Vacation in the West" at 8 o'clock next October 20 at Forest Hills High School. Cooper appears under the auspices of Thornapple Valley Lions Club.

For three summers, Dennis Glen Cooper, popular lecturer, TV star and ace photographer, traveled thousands of miles through the west with his assistants via station wagon, jeep, mule-back, horse-back, on foot and by rubber raft, to make this exciting, color-

drenched film-journey. In this superb, fast-moving, color trip of our glorious western vacationlands we will enjoy the spectacular enchanted scenery. We will laugh at the many humorous incidents Cooper includes in his sparkling accompanying narrative. We will learn about the primitive people who inhabited our western lands thousands of years ago. We will thrill as we go by mule-back to the bot-

Ice Skating at Ada This Winter

Is there to be ice skating on the ball field at Ada this winter? That is the question that the Ada Athletic Association is going to bring up at a public meeting to be held at the Town Hall on Wednesday, October 29, at 8 p. m.

It is hoped that there will be a good turnout of parents who want their children to have a safe place to skate this winter.

There will be a discussion on ways-and-means of procuring a pump that can be used to keep the rink in good condition during the cold weather.

The athletic association needs your help and cooperation, so please attend this meeting.

C. E. at Eastmont to Attend Training School

On Monday, October 20, at 7:30 p. m., the Christian Endeavor sponsors and officers of the Eastmont Reformed church will attend a C. E. training school to be held at the Emmanuel Reformed church.

The Rev. Darrell Franken of Chicago, will be the speaker. The training school is under the direction of the Rev. George Douma, who is presently the Classical Youth Director of Grand Rapids.

PARIS GRANGE BOOSTER NIGHT

Friday night, October 24, will be Booster Night at the Paris Grange Potluck supper at 6:30 p. m. Everyone is welcome to attend.

There will be a program and refreshments.

Dennis Glen Cooper

tom of the Grand Canyon, and navigate the raging rapids of the Yampa and Green Rivers in a rubber raft. We will visit the National Parks and Monuments of Yellowstone, Capital Reef, Dinosaur, Rocky Mountain, Grand Canyon, Grand Tetons, Black Hills, and many more! This exciting vacation will leave us with a new appreciation of the beauty and wonder of our American West.

CHECKS CASHED FREE ★ FRIENDLY CARRY-OUT

Chipmunks Seek Free Food

The least chipmunk—that's his real name—will probably enjoy your camping vacation as much as you do, if given a few food hand-outs.

"The value of this chipmunk cannot be measured in dollars and cents but there is no doubt that the pleasure derived by tourists and campers from watching this colorful little animal constitutes a real asset," says William H. Burt, curator of mammals at The University of Michigan. "There is little that it can do that could be interpreted as harmful to man."

"Readily adapting itself to camp conditions, it will become fairly tame and make regular visits to pick up crumbs," he says.

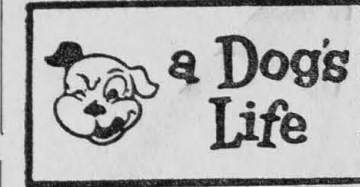

"Its food consists of seeds, nuts, berries in season, and probably a great variety of insects. The home range has not been determined, nor is much known about its social behavior. It is found throughout the Upper Peninsula wherever conditions are favorable."

"You can recognize this little forest inhabitant by its small size, by the three dark and two light stripes on the sides of its face, and by five dark and four light stripes, extending to the base of the tail, on its back and sides."

"The long, bushy tail is bright red-brown beneath, dark brown mixed with red-brown above. Its tail is usually in the air. Pouches inside its cheeks enable it to carry quantities of seeds from the place of harvest to its subterranean granary."

"The least chipmunk makes his home in cedar, spruce, and hemlock forests and semi-open broken country. He also feels at home in old buildings and sawmills."

"This little chipmunk is one of the most active of the diurnal animals in the Upper Peninsula. During the summer months, from April to October, much of its time

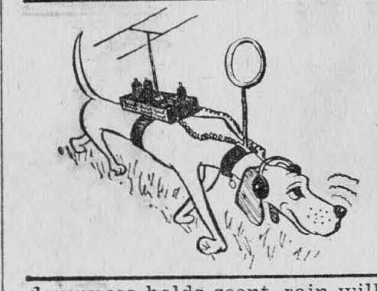

MYSTERY OF THE SCENTING SENSE

By Bob Bartos
Prominent Dog Authority

There's an element of deep mystery associated with a dog's scenting ability. Nobody knows for sure how a dog that picks up a trail of either game, or perhaps a lost master, determines the direction that leads to a cold and empty end and the one that leads to his quarry.

The mystery deepens when you consider some of the many difficulties he has to face. While

dampness holds scent, rain will wash it away. When the sun is hot, the wind blowing, the earth exposed and dry, any scent, no matter how heavy, dissipates fast. Yet you often see a lost dog or a hunting dog lose a trail while crossing a dry ridge and pick it up again on the other side.

And in the woods, how can he distinguish one particular scent from among the many in the chaos of brushy undergrowth? Yet anyone who has watched a dog following a difficult trail has noticed with what intelligence and delicate care he'll sniff a twig—up and down and around—before proceeding further.

But the dog's mere power to follow a trail, even a cold and obscure one, isn't the most remarkable feature of his ability. Even more mysterious is his highly selective powers. Once on the trail of something, he'll reject the allure of fresher, more exciting scents—even those that converge or cross the one he's on.

Feeding Tip: Hunting dogs, fed year-round on a top grade of commercially prepared dog food will be in prime physical shape from a nutritional standpoint, when the hunting season opens.

Hunters' Moon, Shooting Stars Sky Highlights

Shooting stars and the bright Hunter's Moon may be seen in the October sky, a University of Michigan astronomer reports.

The full moon October 27, will provide several evenings of early moonlight, says Hazel M. Losh (Ph D), associate professor of astronomy. "Just as did the Harvest Moon of September, this one will rise at approximately the same hour for several nights in succession, a great boon for the hunting season. Hence its name—the Hunt-

er's Moon.

"Those who have been conscious of and attracted by the unusual number of moonlight nights of the September Harvest Moon will anticipate with pleasure the return of similar long moonlight nights."

"A few more meteors than are usually observed on a clear night are likely to show up, due to stragglers appearing from scanty meteor showers scheduled for the month," she continues. "A few bright meteors are likely to be seen flitting here and there, but nothing spectacular in the way of a shower is promised."

However, the Earth may meet the Giacobinid meteors the night of October 9-10, Dr. Losh reports. These meteors are located towards the constellation of Draco.

"Although this encounter is only a possibility, it could turn out to be a real display," she notes. "The Giacobinids were last seen in 1946, when 60 to 100 shooting stars per minute were counted, despite an almost full moon, which usually causes so much light that meteors are somewhat obscured."

"Two bright planets may be seen during the evening hours, Dr. Losh reports. Saturn is visible in the southwestern sky, setting about three hours after the sun. Mars, seen about midway between the Pleiades and Aldebaran, rises around 8 p. m. It appears as a striking red object over the eastern horizon. It will steadily increase in brilliancy as the month progresses," she adds.

Sewing Easier When Planned

You will sew faster and more easily if you organize your sewing before you begin, says Bernetta Kahabka, extension specialist in clothing at Michigan State University.

Make sure your equipment is in good condition and comfortable to use. Frequent removal of dust and lint from your sewing machine, along with an occasional oiling, will keep it working well. Your machine and chair should be of the right height to prevent strain and fatigue. Usually a machine 28 inches high and a chair 16 inches high are comfortable. Furni-

ture cups may be used to raise the machine to your best height.

Cutting is easy if you use a firm, flat surface which is at a comfortable height—usually about 36 inches high. A surface at least 56 inches long is best for cutting, and may be made by placing a plywood board on top of your ironing board.

Since you will be pressing often while you sew, you should have a large ironing board handy. However, a small one will do especially for such things as collars, cuffs, and pockets.

As far as supplies are concerned, a sharp scissors, shears, pins, and thimble are necessary, along with the correct sized needles and thread for the job at hand. Marking equipment, including a gauge, ruler, tape measure, dressmaker's tracing paper and chalk, are also needed. You'll find a skirt marker comes in handy, too.

These supplies are most convenient kept in a drawer or box which has sections. This will save time in getting supplies out and putting them away. Keep the box or drawer in easy reach of your sewing area. You will find a system for filing patterns and fabric pieces is also a time-saver.

OIL INDUSTRY INSTALLATIONS IN MICHIGAN

To meet the growing energy needs of Michigan during the next few years, the oil industry is making preparations today for new and improved facilities. The map shows present oil producing and refining areas, and pipelines that transport crude oil and refined products. These facilities are in addition to the bulk plants and service stations throughout the state that store and distribute oil products to motorists, homes, farms, and industry.

Half Children's Deaths Caused by Accidents

Almost half of all deaths among Michigan children of school age are caused by accidents, the Michigan Department of Health announced today.

"We hope that calling attention to this fact will spur parents and school teachers to attempt to do everything they can to help reduce this unnecessary loss of life," explained Dr. Goldie B. Corneliuson, director of maternal and child health for the state health department.

She said that in 1957, accidents claimed 510 lives of school age children in Michigan, or 47 per cent of the total deaths in that age group. Motor vehicles accounted for the major share of the accidental deaths, causing 294 fatalities, or 58 per cent of the total accidental deaths.

"If we are to keep children from being killed or injured in accidents, we must teach them to observe safety rules at all times," Dr. Corneliuson said.

"It is especially important for children to learn to follow safety rules during those activities which statistics show to be especially dangerous for them. These activities include going to or from school, playing at home or school, riding bicycles, and, if the youngsters are old enough, driving a motor scooter or a car."

THINGS TO COME—A new resin formulation makes possible a washable, waterproof enamel that is dry, ready for use, only 15 minutes after being applied. A new portable, battery-operated tape recorder complete with microphone and built-in loudspeaker and volume controls weighs only three pounds. Some bus runs between New York and Washington now offer snack bar service for \$1.10 extra fare.

Need Better Vision Tests

Vision tests now used in most schools fail to detect about half of all children needing care, according to the Michigan Optometric Association.

The common test is a letter chart read at 20 feet. When a child can read the line he is said to have 20-20 vision. More comprehensive tests, which can be administered by teachers and school nurses, are used in many schools.

"The 20-20 test is fine as far as it goes," said Dr. Fred W. Kellogg, president of the association. "But it tests only acuity—clearness of vision—at 20 feet. Most school work is done at about 15 inches. The letter chart reveals nothing about the ability of the two eyes to work together, and almost all vision problems connected with reading depend on that ability."

The letter-chart test usually reveals that about 15 per cent of all grade children need visual care, according to Doctor Kellogg. The more comprehensive tests, covering coordination of the two eyes, show that at least another 15 per cent are in trouble. Detailed studies of all children in a community

ordinarily lead to referral of at least 35 percent of all children, some of whom are found upon complete examination not to need vision care.

"A child learns more through his vision than through all his other senses put together," said Doctor Kellogg. "Our society is far behind the times in recognizing the importance of vision and vision care. Science has made wonderful detection and correction methods available. They should be more widely used."

New 'Idared' Apple Suited To Michigan

Idared, a new apple variety, may soon be coming from Michigan orchards.

According to a report just released by the Michigan Agricultural Experiment Station, the new apple is well suited to Michigan conditions. Walter Toenjes, superintendent of the Graham Experiment Station at Grand Rapids, states that Idared is one of the most outstanding of more than 50 promising varieties to be tested at the station.

Apple-eaters will like the new

variety. Fruits are an attractive, shade of medium bright red; the flesh is white with an occasional trace of pink and is firm, crisp and juicy with a flavor resembling Jonathans.

Toenjes thinks growers will like the new apple. It is a good yielder and is comparatively free from many of the common apple diseases.

Fruits keep well in common storage and in cold storage, they can be held in good eating condition until June and July.

Several Michigan orchardists have already planted some Idared trees. And Toenjes thinks more growers will soon be following their lead. He suggests, however, that they put in only a few trees until they find out how the variety does in their individual orchards.

The new variety was developed at the Idaho Experiment Station.

On April 23, 1800, Congress passed an "act for the better government of the Navy," making changes in pay, pensions and regulations, and designed to attract men of high caliber to the Naval service.

There may be a destiny that shapes our ends—but our middles are of our own chewing.

Good Roads, Head Says, Beneficial for Area

J. Carl McMonagle, president of the Michigan Good Roads Federation announced today that the study of the effects of planned access expressways and bypasses was nearing completion. He explained that this was a short-run, limited-scope study of the effects of Michigan's programmed 900 mile expressway construction upon bypassed communities and business and upon the economy of the state as a whole. The study, he said, was based upon field observations and interviews with businessmen and others, an extensive correspondence survey of opinions and expense which reached into every facet of Michigan economy, and utilization of statistical and report data from many sources.

McMonagle said, "Results compiled to date already tell us that the construction program will result in a more rapid and more beneficial change to the state's people and enterprises than any other force has ever done in a comparable period of time. Some losses and dislocations will work to the disadvantage of a relatively few people, but gains will accrue to millions."

McMonagle said that the express-

way type highways and their interchanges were ushering in a new era of area economic development which will far exceed any business losses incurred by a relatively few on bypassed routes. The study shows that tremendous new business and industrial opportunities are being created near the major interchanges, he said.

"This will result in another chapter in Michigan's economic history, just as the gas station and garage did when they replaced the livery stable and blacksmith," McMonagle said.

MONEY IN THE BANK

Savings in all U. S. banks increased \$7 billion last year, bringing the total which the American people have on deposit in their banks to an aggregate of \$87.5 billion at the close of business in 1957.

French premiers are like American automobiles. Every time you turn around, there's a new model.

Hue and Cry

Nick Kerbawy faces a challenge.

The affable Blissfield, Michigan, native, who just weren't Lion conscious, basketball is a game which just doesn't have as large a following in our area.

What would compel a man, successfully established at the top of the football ladder, to suddenly uproot, and spring to another sport?

No one can deny the lure of money. There is no doubt that Nick has a long term contract which is bound to be more lucrative than was his most recent Lion contract.

Man in Motion

Too, Nick is a self-styled "man in motion." He enjoys new opportunities, and certainly in switching sports at the executive level he is tackling a problem without parallel.

Perhaps the fact that he serves but a single master, Fred Zollner, in his present association enters into the reasoning.

The Lions, after all, are a stock held corporation, with a number of acutely active voices. This helped draw attention to the team, but could have posed a problem to Kerbawy.

This is merely conjecture. With Nick you never know. You are certain of just one thing. If professional basketball, and the Detroit Pistons, can be made attractive, Nick is the one man who can do it.

zation in 1948, bear considerable resemblance to those which are now ahead of him.

"We have to educate many people to the game itself, first," said the affable, black haired Kerbawy over a luncheon steak at Yeomans' Knife and Fork Club.

Problem Different "Unlike the problem facing

Eberhard's Give \$400 in Diamonds This Week-End

The Lowell Eberhard's Super Market are giving away absolutely free, this Friday and Saturday, \$400 in diamonds. No purchase necessary, nothing to write, just reach into a bown filled with semi-precious stones and \$400 in diamonds and pick yourself a valuable diamond. Arrangement for appraisals have been made at Avery Jewelers. Be sure to take advantage of this opportunity offered to all adults to become the owners of a valuable diamond. Stop at the store Friday or Saturday and pick out your diamond.

Thomas Jefferson sold his private library of some 10,000 volumes to Congress for \$23,950 in 1815, and these became the foundation of the present Library of Congress, (which had been burned when British occupied Washington, 1814.)

KICK HOODLUMS OUT OF MICHIGAN
Elect **JASON L. HONIGMAN**
 REPUBLICAN
ATTORNEY GENERAL

TV NEWS

SHALL WE DANCE?

Will Ginger Rogers and Fred Astaire team up again? Here is what the stars themselves said when the question was posed to them:

Ginger Rogers: "I'm all for it. I think the only reason we haven't yet is simply because no one asked us. I'm sure it would be just a question of somebody saying, 'Ginger, how about doing a show with Fred?' and, 'Fred, how about doing a show with Ginger?'"

Fred Astaire: "Ginger is one of my oldest and dearest friends. But I've never seen any point in living the past. Ginger and I got lucky and clicked together, 20-odd years ago. Since then we have gone our separate ways. We are not the same people today we were then. It would prove nothing if we were to appear together now just for old times' sake."

TV BRIEFS:

Liberace, on his band of loyal followers: "I prefer to think of them as friends rather than fans. 'Fans' calls up a picture of squealing girls, and I've no desire for that kind of adulation."

Sanford Meisner, noted director on actors: "All actors are crude at first. Only experience and practice refine the actor. The only way to become a good actor is to study."

A person on probation costs taxpayers about \$80 per year, almost 40 times that while in prison.

"Life for most of the world is a puzzle with a peace missing."

ATTEND MALTA PARTY

Those from the area attending the Malta Lodge potluck and dance at the Masonic Temple on Saturday evening were Mr. and Mrs. Warner Bruinslot and Mr. and Mrs. Gerald Gretzinger.

Also present from this area were Mr. and Mrs. Ray Patterson and Mr. and Mrs. Milton Heaven.

THORNAPPLE GUILD TO MEET, OCTOBER 21

The Thornapple Guild of the First Congregational Church of Ada will hold their meeting on Tuesday, October 21, at 8 p. m., at the home of Mrs. Orison Weaver, 640 Ada Dr., S. E.

A skit "Skitsophrenia" will be put on by Mrs. Gerald Smith, Christian Education Chairman.

"The candidate who challenged his opponent to a lie detector test might start a new trend in political campaigning."—Sally Stratton

You're an old-timer if you can remember back when a babysitter was called Mother.

Oiltown U.S.A. Comes To Snow Church

Evangelist Billy Graham amazed the entertainment and religious worlds when he produced the first Christian Western Film, "Mr. Texas." More than 5,000,000 persons saw the film in its first two years of showing. "Oiltown U. S. A.," a sequel to "Mr. Texas," was filmed during Graham's great crusade in Houston, Texas, and features the young Evangelist and his team in Rice Stadium where the attendance was as high as 60,000 for a single service.

Featured in the 80 minute, full color sound film are Colleen Evans, Paul Power, Robert Charr, Georgia Lee, Rogers Hoopes, and the stars of "Mr. Texas," Redd Harper and Cindy Walker.

If you have never seen this film, we give you a cordial welcome to come this Sunday night, October 19. There will be two showings, one at 7 p. m., and another at 9 p. m. All seats are free. Snow Methodist Church is located on Snow Avenue,

between US-16 and Grand River Drive, 7 miles west of Lowell or 3½ miles east of Cascade. This is sponsored by the Methodist Men's group.

JOAN VAN STEE TO HOST POST-HI GROUP

The Post-Hi group of the Cascade Christian church will meet on Sunday afternoon, October 19, at 5:30 p. m., at the home of Miss Joan VanStee, 6740 28th St., S. E.

There will be a panel discussion on the subject, "How About Another Beer?"

All young adults in the community from 18 through 25 years of age are invited to attend.

"When it comes to picking up a check some fellows have an impediment in their reach."

List Need For Family Insurance

Insurance should be included in the young family's overall financial plan, according to Grace Gerard of the home management department at Michigan State University.

First of all the young father needs protection for his children and wife in case he dies prematurely. Renewable term insurance—five year periods—is good. It gives the maximum coverage for the least amount of money and can be readily terminated when children become of age. An ordinary life policy is good for protection of the widow. Or you may want to investigate the combination or family income policy to use instead of two separate ones.

If you have a house you need insurance on it. And mortgage redemption insurance is highly desirable. This is a decreasing term insurance—rates are quite reasonable for young men. After 35 perhaps it is too expensive.

Hospital insurance is, of course, important for the whole family. If you have the opportunity to get on a group plan that offers good coverage, take advantage of it. The newest thing available in this line is "catastrophe" or major medical insurance. You can reduce the premium cost by having a deductible amount, like \$200—just like auto insurance. A co-insurance clause—you agree to pay the first 10 to 25 percent—also reduces cost.

Loss of income insurance is also desirable, but there is a limit as to the amount a family can afford. If the wife is prepared to earn a living, that may be the protection against loss of father's income.

When bedtime is a happy time it's easier for children to accept the "sandman" say child development specialists at Michigan State University.

Business Wants 'Mature Autocrat'

Julius Caesar probably would make a good president of a large corporation if he were alive today.

The large American corporations today are looking for just the sort of man the shrewd Roman leader was supposed to be, according to Dr. Eugene E. Jennings, associate professor of business administration at Michigan State University.

"What big business wants at its helm today is what I like to call the 'Mature Autocrat'—a man who is willing to take initiative and assume authority, but who does not make others above or below feel insecure," Dr. Jennings stated. "He is decisive but not obnoxious. He does not have to rely on the opinions of others, but may acquire them if it means his program will be better accepted.

"In other words, he can carry the ball without antagonizing the team."

Dr. Jennings, who is making a long-term study of the business executive, believes these qualities are more important to the executive than high intelligence.

"In testing executives I have not found that they are overly bright—they are not intellectuals as a rule," he explained.

"I am willing to believe that the American business system does not require great intelligence. What it needs more is the energetic and ambitious person who has what could better be described as shrewdness—a practical intelligence not easily measured by tests. This shrewdness amounts to a cleverness in seeing arrangements and associations which have not existed previously, and the drive and power to implement them for the company."

TEENAGE SURPRISE PARTY

Leroy Smith, 3890 Burton S. E., gave a teen-age surprise birthday party for Miss Delores Tygesen on Friday evening, October 10.

Games and dancing were enjoyed during the evening, with Mon-

teo Duran of Ottawa Hills High School as chief entertainer. Monteo plays rock and roll on his guitar and sings. He has already had two record releases.

Refreshments were served to climax the evening's fun.

MEN'S FELLOWSHIP ELECT NEW OFFICERS

The Christian Men's Fellowship of the Cascade Christian Church have announced the result of the recent election of officers for the ensuing year.

Those to take office are Mike Vekasi, president; Clare Coger, vice-president; Guy Chandler, secretary-treasurer; Bob DeKam, project chairman; and Lee Scott, program chairman.

WANTED

Common-sense voters who insist on unbiased representation in Washington to

Re-elect United States Senator
CHARLES E. POTTER

social briefs

Richard Matthews, son of Mr. and Mrs. Ed Matthews, Thornapple River Dr., was home for the week end from Western College in Kalamazoo.

Mrs. Verne G. Morse, 5007 Cascade Rd., S. E., returned home Saturday, after eighteen days in St. Luke's Presbyterian hospital in Chicago, where she underwent a cornea transplant.

Sympathy is extended to Mr. and Mrs. Don Swagman, Linda S. E., upon the death of Mr. Swagman's father last week.

On Friday, October 24, there will be an after football rally at Garfield Lodge for all high school students, sponsored by the Grand Rapids Classes Youth Committee.

Mr. and Mrs. Raymond Gaylord, Orange St., had as their guests, Mr. and Mrs. Donald Ryel and son, John, of Perry, Ohio.

Mr. and Mrs. Ralph Stowe of Lakeland, Florida, former residents of this area, were visitors in Cascade on Sunday.

Mr. and Mrs. Martin Frahm and daughters of Thornapple River Dr. attended the University of Michigan and Navy football game at Ann Arbor, on Saturday.

NEWAYGO—This county was supposed to have been named for an Indian Chief. Organized in 1851.

IN HOMETOWN AMERICA

INFANTS DEDICATED AT SUNDAY SERVICE

Three infants were dedicated on Sunday, October 12, at the 11 a. m. service at the Cascade Christian church.

Those dedicated were James, son of Mr. and Mrs. Robert Gaskell; Phillip, son of Mr. and Mrs. Foster Bishop; and Randall, son of Mr. and Mrs. Lee Patterson.

REMEMBER HARVEST DINNER SPONSORED BY TRI-CEES

Don't forget to get your tickets for the Tri-Cees Annual Harvest Dinner from any Tri-Cees members. The date is Friday, October 24, with dinners served at 5:30 and 6:30 p. m. Turkey and all the trimmings!

See you at Fellowship Hall of the Cascade Christian church.

coming events

The Mr. and Mrs. Society of the Cascade Christian Reformed church will meet on Tuesday, October 21, at 8 p. m., at the church. The Bible lesson will be taken from Genesis 1.

The Mary Martha Guild of the First Congregational church of Ada will meet for dessert at 1 p. m., on Thursday, October 23, at the home of Mrs. Holly Hand, 625 Elery.

The Men's Society of the Cascade Christian Reformed church will meet on Wednesday evening, October 22, at the church at 8 p. m.

The Quarterly meeting of the Eastmont Baptist church will be held on Wednesday evening, October 15, at 7:30 p. m., at the church.

The Sunday School teachers and officers of the Eastmont Reformed church will meet on Friday, October 17, at 8 p. m., in the church.

The Ladies Missionary Society of the Eastmont Baptist church will meet on Thursday evening, October 16, at the home of Mrs. Al Font, Fase St., in Ada, at 7:30 p. m.

The Men's Society of the Ada Christian Reformed church will meet at the church at 8 p. m., on Tuesday, October 21.

East Cascade Home Demonstration Class will meet at the home of Mrs. Robert L. White of Buttrick Avenue, S. E., Tuesday, October 21, at 8 p. m. Mrs. Don Dickerson will present the lesson on "The Teenager."

GUESTS FROM SOUTH HAVEN

Mr. and Mrs. Milton Heaven, Denison Dr., had as their guests on Sunday, Mr. and Mrs. Otto Wood of South Haven, who have just returned from a three months tour of Europe.

While in England, they visited the Trevetts, whom many of the Cascade people will remember. Mr. Trivett was an exchange teacher at Central in 1952.

A good wife laughs at her husband's jokes, not because they are clever but because she is.

Ada Man Elected Head of Dealers' Council

Jay Van Andel, officer and director of the Ja-Ri Corporation, local food supplement and cosmetic distributor, was elected chairman of the national Nutrilite dealer's council at the annual dealer's meeting held recently at Mackinac Island.

A new concept in dealer-manufacturer relations, the dealer's council is a nine man board representing some 50,000 Nutrilite Food Supplement and Edith Rehnberg Cosmetics dealers in all parts of the United States and its territories. The council meets in frequent session throughout the year with the manufacturer and the international distributor of the products handled by the dealers. It represents the dealers interests in the setting of policies, aids in the development of new products and new sales ideas, reviews existing procedures for possible improvement, and acts as a liaison unit between the dealers, the manufacturers, and the international distributors.

Each of the nine council members represents different geographical areas, and members are elected for three year terms. Meetings are called by the chairman at various central locations.

Mr. Van Andel resides with his wife and two children at 7186 Windy Hill Road, on the Thornapple River, near Ada. The Ja-Ri Corporation, which he owns with his partner, Richard DeVos, also of Ada, services some 3,000 dealers in the midwest. Mr. Van Andel has been active in a number of local business ventures, as well as in local political and civic organizations. An airforce veteran, he has attended Calvin college, Yale University, Morningside college, and Pratt Business School.

Cub Pack 3334 To Hold Monthly Meeting

The Cascade Cub Pack No. 3334 will hold their monthly pack meeting at Fellowship Hall of the Cascade Christian Church on Thursday evening, October 23, at 7:30 p. m.

The original date would have been Friday the 24th, but due to a conflicting of dates, the pack meeting has been moved forward one night.
