Travel Series 'The Yukon' Monday, Dec. 5

The third of the series of Travelogues sponsored by the Thornapple Lions Club, "The Yukon" will be presented on Monday evening, December 5, in the All Purpose room of the Forest Hills High School at 8 p. m. Single admission is \$1.25 for adults and 75 cents for students.

The narrator Don Cooper is a lumberjack and a fascinating person. His hazardous adventures are guaranteed to thrill everyone. His spontaneous humor is a threat to the radio, movie and TV comedians of our time. His photography is of superlative caliber.

He was literally born and raised in the logging camps of western Montana, son of the late George R. Cooper, Senator for Montana. He has spent eight years in the land of James Oliver Curwood and Robert Service, and the "spell of the Yukon" has fully captured him.

"Yukon" is a rollicking true-life adventure story based on the great Gold Rush of '98—one of the most colorful chapters in American history. This epic era is recalled to mind as Don and his brother, Dennis, retrace the footsteps of their wanderlust laden grandfather over Chilkoot Pass and down five hundred miles of the roaring Yukon River. Their laugh-loaded adventures take them to many of the one-time roaring mining camps, including Skagway, Whitehorse, Atlin and Dawson City. They visit primitive Yukon Indian "fish camps" and eventually re-discover famed old Bonanza Creek and its one remaining prospector still "holding down his claim."

From a raging fight between two Alaska brown bears to the shy smiles of native children Coop's camera has captured the grandeur, humor, wildlife and hardy people of the far north.

You won't want to miss this one.

The Superintendent's Corner

In this issue of Suburban Life you will find printed the Annual financial report of the Forest Hills District for the 1959-60 school year. In submitting such reports one always regrets the inadequacy of plain figures. Also, to comply with the State rulings, it is necessary to include certain items that inflate the figures.

For example, it was necessary to borrow considerable money during the past year because State funds were not forthcoming. Such loans and the repayments of them must be shown but they do not add or detract from the total.

Reveals Real Reason for Legion Moving Convention From Detroit

By Frank G. Morris

Detroit was given another black eye when the American Legion cancelled arrangements to hold its 1962 national convention in fantastic Cobo Hall.

To some extent, the decision discredited all of Michigan.

For the truth is far removed from the reason given by the Legion's executive committee.

With pious fallaciousness, the committee announced that Detroit was being dumped because it had promised 5,000 hotel rooms and apparently will be able to produce only 4,780.

The latter total does not include 2,500 motel rooms, many of them near the downtown area, and more are being built.

Mayor Miriani has accepted the Legion's excuse at face value and is making plans to renew the campaign when the committee meets in Washington next February. The loss of an \$8,000,000 spending spree by Legionnaires rightfully has panicked the Mayor.

But if Miriani really thinks hotel capacity is the true reason, he is the only politician in Detroit so naive.

The honest fact is that the American Legion wants no part of Detroit's atmosphere. There are several reasons.

Since World War 1, the Legion has been a most powerful defender of the American system of free enterprise. Its vigorous fight against all forms of socialism has been unrelenting. When most of the nation was regarding Communism as an amusing experiment by incompetents, the Legion was alert and alarmed.

Most of the socialistic goals of the outspoken Democratic Party in Michigan are anathema to the organization of war veterans.

The recent election proved again that the ultra-liberals of the Democratic Party are solidly entrenched here.

The election results did not disturb the Legion particularly.

But shortly before the election, members of the executive committee learned that the 10-year rule barring Communist propagandists from the classrooms of Wayne State University had been repealed by the Board of Governors. Four of the five members of the WSU Board are Democrats chosen for the nomination by the UAW.

The decision at Wayne State is exactly the kind of encroachment the Legion has been fighting.

Then came the big squabble over union control of Cobo Hall. This controversy started the day the immense and beautiful structure was dedicated. The National Automobile Show opened the building, and within hours the automobile manufacturers were complaining that they were being gypped by exces-

sive labor rates.

The present storm broke because of a rebellion by exhibitors at the recent national convention of American Bottlers of Carbonated Beverages.

They screamed they were being charged as much as \$11 an hour per workman to set up their exhibits. They complained that the unions would not permit them even to plug in an electrical extension cord or spread a rug.

Detroit taxpayers who have been wondering how they will be able to pay for the \$54,000,000 building were startled to learn that exhibitors are compelled to hire union labor for the simplest tasks. The bottlers weren't allowed even to carry a case of pop.

Under the city's agreement, anyone using the hall must pay \$6 an hour to electricians, painters, decorators, plumbers and the like. The overtime and Sunday rate is \$11 an hour. The rate for unskilled help is \$5 an hour straight time and \$7 for overtime.

The minimum charge is four hours.

With the cancellation of the Legion convention, Mayor Miriani announced that labor rates will be cut. But the Mayor is whistling in the dark.

These developments helped bring about the Legion's decision. There was at least one other that didn't help.

That was the Associated Press story—given prominence nationally—that the school board of Wyoming Township in Kent County has decreed that the Bible shall not be read in classrooms and that no prayers shall be said aloud.

The American Legion opposes all moves toward Godlessness.

Freezing Salad Dressing Project For Research

Salad dressings are noted for "coming apart" in the freezer. Anita Dean, foods and nutrition specialist at Michigan State University, says emulsions used in both mayonnaise and oil salad dressings break down at very low temperatures, and the oils separate from other ingredients.

This reaction has limited use of mayonnaise and salad dressings in sandwiches, salads and other foods prepared for freezing. It also has encouraged researchers to develop a dressing that will be stable to freezer temperatures.

The U. S. Department of Agriculture has been working with a basic mixture of safflower oil, waxy-rice flour and fresh egg yolks. This product remains stable at temperatures as low as 10 degrees Fahrenheit, and the oil and water do not separate on thawing. The ideal product, of course, must be stable at zero degrees, the temperature at which frozen foods should be held.

By the time a man learns what's going on, he's forgotten why he ever cared.

CO-EDITORS MARY JERVIS AND CAROLE PEARSON

'Seniors of the Week' Selected

Co-Editors

As you may have noticed, we have begun a weekly honor program for our school's first graduating class of seniors.

The seniors are chosen by the co-editors of this page. Many deciding factors are taken into consideration such as leadership, char-

acter, outstanding participation in class activities, and academic grades. Suggestions by the students are offered to the co-editors for discussion of possible future "seniors of the week." There will be two chosen each week.

So far, the class officers have been those who have been chosen. Next, outstanding seniors on the student council and in clubs will probably be considered.

Industry a Good Prospect For Forest Hills Future

Co-Editors

After our library, and gym extension are finished, work will begin on another classroom building. Plus the buildings, equipment is being secured. This equipment consists of books, desks, tables, etc., recording machines for the language departments, and many other various things. Now in order to get these things, and also have the very best qualified teachers, we must have money!

In our district are many considerably nice homes, people of wealth and good businesses, but there is no industry. This adds up to the fact that our property is assessed much lower than other similar areas, and our school doesn't receive as much money in taxes. Seeing this we must realize that the money needed must come from somewhere. I have no recommended way of doing this, but it seems that most of the students are concerned with this problem.

Many students have told of objections voiced against industry coming into our area. What is the reason for this? If we want the best possible education, we must have the best possible equipment and teachers. This means money, industry can bring us this needed money.

Welcome Freshmen Cheerleaders!

Gerry Paine

I don't know how many of you students know that besides having the Varsity and Reserve Cheerleaders, we also have a Freshman Cheerleading team.

The tryouts took place Thursday November 10, after school. The following students were chosen: Sandy Voss, Barbara Paine, Cheryl Watterson, and Margot Morse.

They are now finding material for their uniforms, and are trying very hard to have them ready for their game Tuesday, November 22.

Susie Baker, along with their sponsor Miss Scholten, has been doing a wonderful job of trying to have them well prepared for their first game.

It is facing the fact that your biggest task is not to get ahead of others, but to surpass yourself.

New Club Joins The Listings

A new club has begun! It is the F. H. Commercial Club with Miss Wakeman as the sponsor. Students that take a commercial course are invited to join.

At their first meeting, which was Friday, November 11, they elected officers and discussed possible money-making activities. The officers elected are: President, Cheryl VanStrien; Vice-President, Kathy Engen; Secretary, Jackie Cowell; and Treasurer, Karen Hillebrand.

One activity they are sponsoring is a Christmas dance December 22. The committees have been considered.

Other activities and dues will be discussed at a later meeting. This Club also plans on taking various field trips.

Drivers' Education Classes Go To Traffic Court

Candy Reyburn

On Tuesday, the 15th of November, half of the Drivers Training Class went down to the Traffic Court. They left at 9:30 and returned to school at 11:30.

It was very interesting and educational for all. Among the most common of violations was speeding. At least seven tickets were given for this. Other violations were: Failing to change address on license; driving on a sidewalk without lights; driving with no wheel; expired license; driving without due caution; defective muffler; following too closely; driving with a restricted license; and driving with a defective stop light.

The fines ranged from five dollars to one five hundred dollar fine for drunk driving.

The students all agreed that they had enjoyed themselves very much and had learned about how a Traffic Court works.

Forest Hills Yearbook Progressing; Seek Name

Betty Winslow

The cover for the yearbook is coming right along. Mr. Lyon has selected a few of his advanced art students for this. Mr. Fletcher gave these students an idea of what he wants on the cover.

Every day, the students go outside and sketch their ideas. The main idea for the cover is a front view of the school.

The name, which they are seriously considering for the yearbook, is Campsonian. Campsonian is a Latin word describing our style of school.

School Doin's

Juniors Get Rings

Friday, December 2 will be a big day for the Juniors when they get their class rings.

Report Cards

Report cards will come out on Tuesday, December 6th.

Parent-Teacher Conferences

Wednesday, Thursday, Friday, December 7th, 8th and 9th will be the days for the Parent-Teacher Conferences, from 12 noon to 5 p. m. Parents who are interested in having conferences with their child's teacher or teachers, should refer to the letter sent home recently and call and make arrangements for your Parent-Teacher conference.

County Nurses Meet at School

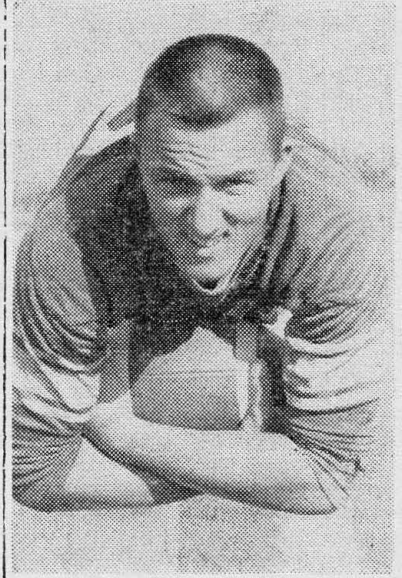

On Monday, December 5th, the County Nurses will meet in the All Purpose room at 1:45 p. m.

"A man can usually tell what kind of a time he's having by the look on his wife's face."

Two well deserving Forest Hills Rangers were placed on the 1960 O-K (Ottawa-Kent) all-conference team, selected by the six league coaches.

League Champions, Kelloggsville, led the team with four members, followed by Hudsonville with three gridders on the ideal team. The Rangers placed two men on the squad while Byron Center and Lee each got one berth.

Mike Reed

The six league coaches choose lineman, Mike Reed, to a well deserved all-star position. Hard hitting Mike threw many jolting blocks as a pulling guard to spring speedy Forest Hills' backs loose.

Reed also performed very well on straight ahead blocking and is considered a good college prospect.

Playing his fourth year on the Forest Hills gridiron, Mike is a senior, stands 5 feet 10 inches and weighs 180 pounds. Co-captain of the team, he is the son of Mr. and Mrs. Clifford Reed, 4326 Kenilworth Drive, S. E.

Receive Honorable Mention

The Forest Hills team which finished third in the O-K Conference this year also have six members which come close to making the all-conference team.

Receiving honorable mention are Tim Baker, end; Glenn Sanford and Dennis Graham, tackles; Bill Norder, guard; Doug Stiles, quarterback; and Jerry Boomers, halfback.

First Year In Conference

Becoming a 12 grade school at the beginning of this year, Forest Hills joined the Ottawa-Kent Conference for the first year. Last year during the football season, they played non-conference games with members of the O-K league.

In September of this year, they played their first home game. New lights were installed on completion of the field.

The Rangers are coached by Ed Shy with Hank Doele as assistant coach.

It is knowing that when we move into the future it becomes the now, and that now is the appointed time!

Forest Hills Ideal Area For Four-Year College and Why!

Sy Dykhouse

The Forest Hills area is an ideal spot for the location of the new Grand Valley College.

It provides plenty of room for building expansion, city gas, and good transportation. It is only about ten miles to downtown Grand Rapids, and with our modern conveniences this is only about a fifteen minute ride. Also with the different stores in this area students would be able to purchase almost anything they needed.

Even though as of right now our site would not be centrally located in the future, due to the new airport and the crowded conditions in Grand Rapids, many people will be moving into the Forest Hills area and there will be a population shift. So then the new college would be more centrally located according to population. In fact just about as close to it as it could be, due to the fact that it would be built closer to the center of population, and it would be too costly and too much trouble tearing down buildings here. Therefore the best site, as far as we see it, is in the Forest Hills area, preferably near Forest Hills High School, due to the amount of good land and the new population shift we expect.

Ideal Area

Steve Bushouse

Where should we locate the new four year college that we've heard so much about?

We of the Forest Hills Journalism class have drawn up a plan and a list of advantages concerning having the new four year college located just next to the Forest Hills High School.

If the College would be located so, Ada, Cascade, and Eastmont's business would prosper by bringing in college as well as high school business.

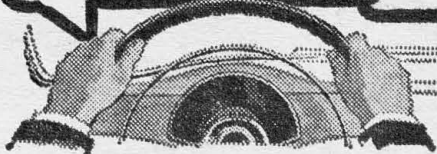

While the college is being built they could instruct class at night in the Forest Hills buildings. They could also use our athletic fields and gymnasium for their games. Their football and basketball games would not interfere with any of our school activities. This would serve on a temporary basis while they were getting settled.

The state pays the taxes for the college so there would be no extra tax on the people.

If the college was so located next to the Forest Hills High School there would be plenty of room to expand to the east and to the north if necessary also leaving room for the High School to expand.

Eastmont Coffee Group To Sell Christmas Trees

Those Eastmont mothers will sell almost anything to raise money for Martin school, and here is the proof.

Last week-end, in the fog, a party of hardy souls joined forces and took off for the north, where they cut Christmas trees, and husbands wives and kids all helped load them into trailers. After eating lunch among the wet leaves and branches they returned to unload them neatly on Hoff's lawn at 1052 Cutter Parkway where they have set up headquarters for selling them.

Big ones, little ones, fat ones, slim ones; all Scotch pine and at each \$2.00 regardless of size. You will also be able to buy extra boughs for trimming mantles, doorways and make every corner of the house look like Christmas.

Next week-end another group of "woodsmen" plan to head northward to cut and bring back more trees to assure everyone in the area of a good fresh cut tree for the holidays.

WASHABLE FABRICS FOR CHILD'S ROOM

Sturdy washable fabrics are the ones to use in a child's room. Home economists at Michigan State University suggest tough cottons such as denim, corduroy, sailcloth or heavy linen for bedspreads. Checked gingham, printed percale, unbleached muslin or plain, striped or flowered sheets can be made into attractive curtains.
