Ada Congregational To Observe Loyalty Sunday

Loyalty Sunday will be observed by the First Congregational Church of Ada on November 11. Each family attending worship on Loyalty Sunday will be given the opportunity to pledge its financial support to the Ada Congregational church for 1963.

All pledges will be dedicated at the altar at the close of the service of worship.

All members and friends of the First Congregational Church of Ada are urged to attend worship at 10 a. m. on Loyalty Sunday and show that they are proud to support their church.

Your Cascade Businessmen's Association will hold its November meeting on Wednesday, the 14th. The noon meeting will feature the famous cooking of the women of the Cascade Christian Church. Truly the food served in the CBA meeting room of the church has been a prime reason for steady meeting attendance.

We of CBA are thankful for the fine food and splendid service of this woman's organization.

Open House November 13 At Ada School

Parents of children in Ada School are cordially invited to an Open House to be held November 13, at 8 p. m. Each teacher will be in his or her room to explain the studies and activities that help formulate your child's educational background.

The teachers will be talking to you as a group of parents, not about your child specifically. You will view the group's work in the room and learn what is expected of your child during the coming year.

The New Speaker System installed recently, with money earned by the PTA, will enable Mr. Price to notify each room teacher when it is time to send you on your way. We are proud of this new system which allows the whole school to hear messages directly from the principal's office whenever necessary. Come see and hear it!

After visiting your child's rooms there will be refreshments and coffee in the cafeteria and a chance for you to talk with other parents.

The Hospitality Chairman, Mrs. Harold Gietzen, has arranged for mothers to be present standing guard over the coffee urn all evening.

Pedro Club Holds Party

Pedro Club met at the home of Margarite Gould on Crampton Rd. in Ada, Wednesday evening for a Halloween party.

Prize for the best costume was tied between Edythe Andrews and Oleta Smith, Oleta winning on the cut of cards.

Amusing verses describing each member had been written by the hostess, Monette Baer guessed every one correctly winning a prize.

First prize was won by Margi Sveadas, second by Monette Baer, and boobie by Mae Standard.

Calls For Support of School Board

7171 Dorset Drive, S. E.
Grand Rapids 6, Mich.

Editor
Suburban Life
105 N. Broadway
Lowell, Michigan

Dear Sir:

I hope you will see fit to publish the following comments in your pages.

The Forest Hills School Board and Administration deserve more popular support than they have enjoyed in recent months. I have attended most of the public meetings that have been held within the district since the 6½ mill tax issue was raised last spring. At almost all of these meetings I have been distressed at the vehemence of the anti-Board feelings that I heard expressed. I suggest that this hard working, dedicated group of men and women deserve more than this from the people who elected them. Strangely, to me, the Board seems to enjoy no more support from those who favor higher taxes than from those who favor lower taxes. Since their obligation is to carry out the wishes of the majority of the taxpayers, and since no such majority seems able to make itself felt in any action which the board takes, they find themselves in a position of perpetual compromise where it seems apparent they can please no one. This is only because the taxpayers have been unable to indicate a direction in which they should travel. This in turn causes many voters to be critical of the current situation which in many instances the critics themselves have approved at the polls. The only solution to this problem is the cultivation of a greater sense of responsibility among the citizens and taxpayers. In the last analysis only they are responsible for the kind of schools in Forest Hills.

The school Administration has also been roundly criticized by speakers for both factions, although the critics often take care to comment on the "fine teachers" we have in Forest Hills. Apparently they do not realize that this staff was assembled and is being held together under very adverse conditions by the very administration of which they are so critical.

Both the Board and the Administration have been accused of inefficiency in the financial operation of the schools, but I can find little basis for this claim. All of the figures which I have seen assembled seem to show clearly that the cost per student is among the lowest in the county. Unfortunately, in an operation the size of Forest Hills, statistics do not always convey exactly the same meaning to every person and this gives rise to accusations of figure juggling. However one number which can hardly be challenged is the total school budget divided by the number of students. I urge interested taxpayers to compare this simple figure with the similarly expressed cost per student for other districts.

One of the greatest rallying points for opposition from all factions has been the transportation system. The Board's attempts to inform the voters that drastically reduced bus transportation would be a result of inadequate operating funds seems to have been widely interpreted as a threat. It is hard to see the reasoning behind this thinking. It is certainly part of the Board's responsibility to point out the consequences of insufficient funds, when this seems to be a possibility, just as it is their responsibility to justify requested budgetary increases. I wonder what the reaction of those people who cry "threat" would have been to a reduced bus schedule without forewarning and what means they would have the Board take to inform the voters of the effects of insufficient funds.

Faced with the inadequate millage approved by the voters the Board was required to determine where the budget cuts could be made. It is to their credit, and all intelligent voters should be grateful, that they chose not to let the education program suffer. Although some taxpayers apparently think

convenient transportation more important than a good basic education, the Board apparently believes that these are not a majority, and I concur. The issue of safety which has been raised is important, but not pertinent to the question. School buses are not provided for reasons of safety but only to cover distances too great to walk. That is their only purpose. If safety problems arise from curtailed schedules, and I am sure they have, they can and should be solved as a separate problem for the most part.

In every public meeting there are individuals who attempt to do the job for which the School Board has been elected, by attacking some specific and usually small aspect of school operation. This is not a criticism of any individual's intelligence, their right to an opinion, or even their right to speak that opinion. However we are not all experts, nor can we be, on all subjects. This is a plea to let our capable elected officials do their job by refraining from public comment on subjects in which we lack and facts. This seems a good place to note also that many of the so-called "frills" are required by state government or accreditation agencies and cannot be dispensed with by the Board regardless of the wishes of the local voters.

The Forest Hills School Board and Administration have made mistakes and will make more in the future, but I believe they are doing a sincere and effective job in a bad situation which is not of their making but of the taxpayer's. Attempts on our part to evade this basic responsibility are useless and can only compound the difficulties which face us. I take this means to indicate to these officials that there are some of us who are appreciative of their efforts and not completely unaware of their problems, even though I hasten to add that this does not imply blanket approval of all of their actions. Nevertheless I suggest to the public that these dedicated people can and will do a still better job for us if we can agree better on what we want done and if we then rally behind rather than against them. We cannot all agree with all of the policies and decisions, but we should not disagree on the necessity for making Forest Hills a better place for us and for our children by supporting our elected representatives to a larger extent than has been exhibited of late.

Yours very truly,
Charles S. Burlingham

UNICEF Benefits From Methodist Youth Efforts

The Youth from Snow Methodist Church went trick or treating on Halloween and collected \$32.

Volunteers drove them from house to house, and after they had covered the territory, they had refreshments served to them.

"Perhaps in the future we can teach all of our youth the worthiness of "trick or treating" for the needy, rather than to fill a bag full of candy for themselves.

On Guard for Hunters

Perhaps sensing that trouble is near at hand, a big-racked buck and his antlerless mate cautiously size up things from their brushy hideaway. And well they might. They and the white-tailed likes of them will have their woodland wisdom put to the test this month by thousands of gun-toting hunters--and vice versa.

In the upper peninsula, west of M-77 and US-2, the firearm deer season makes its earliest opening in years, Nov. 10. It will last the usual 16 days, ending Nov. 25. Elsewhere in the state, the traditional Nov. 15-30 season remains in effect. Sportsmen with special permits may hunt deer of any age or either sex in 32 northern areas. All other firearm deer hunters will have to go after bucks only. Barring a bad break from the weather, hunters are expected to take about 60,000 bucks and 37,000 antlerless deer in Michigan this season.--Mich. Dept. of Conservation

ATTEND HYMN FESTIVAL IN SCHEENECTADY, NEW YORK

Mr. and Mrs. Floyd Clemons, Spaulding Avenue, and Mr. and Mrs. John Tenning, Delwood Avenue, returned Monday evening from Schenectady, New York, where they attended the Hymn Festival of the Reformed Church in America.

The Festival was held at the Second Reformed Church in Schenectady and was conducted by Dr. Thomas Boslooper, pastor of the Second Reformed Church, and nephew of Mrs. Clemons.

The experience to hear so many wonderful voices blended together will be an inspiration and pleasant memory for months to come.

Armed Services Assembly

On Friday, November 2, an assembly was held in the multi-purpose building for the Juniors and Seniors. Personnel from each of the armed forces spoke mainly to the boys about joining their branch of the service.

When the men were finished speaking, they moved to the rear of the building where the students questioned them individually.

Spaghetti Dinner Saturday Night

Don't miss the Italian Spaghetti Dinner Saturday night, November 10. If you were going out that night anyway, make this your first stop. If you were planning to stay home--don't. Go over for a while, anyway. Get out a little--it's good for you.

This dinner is being catered by the parents of all of the Boy Scouts in Ada, at St. Robert's Church. It is the third annual Spaghetti Dinner and they are hoping to make it as successful as it has been in the past. They are repeating it because everyone has always found the food to be delicious and the prices reasonable.

The tickets for children from 5 to 11 are 75c and for adults 12 and over, \$1.

You will be enjoying a delectable menu and at the same time will be helping the Boy Scouts earn enough money to operate all winter. This benefits everyone. Come and enjoy not only the marvelous spaghetti sauce the mothers have prepared, but crisp salad with special dressing, garlic bread, milk or coffee and ice cream.

Don't come alone, bring some friends or relatives too. They will go away thanking you and at the same time they will be enriching the troop's coffers.

The doors will open at 5:30 p. m. You may purchase tickets from any Boy Scout of Troop 290 or his parents. We sincerely hope to see you there!

Women's Fellowship To Take Field Trip Nov. 13

The Christian Women's Fellowship of Cascade Christian Church will meet Tuesday, November 13, at 12:30 at Fellowship Hall, then drive to Maple Grove Medical Care Facility.

A room at the facility will be provided for the group's business meeting and worship service. Members will then be taken on a tour of the buildings, and served refreshments in the cafeteria.

Mrs. Maybelle Scoles is chairman of the program, entitled "Concern--Words and Action."

Government Class Casts Votes In State Election

On Wednesday, October 24 Mrs. Baldwin and Mr. Elenbaas took their government classes to the Township Office to cast their tentative votes in the coming state election.

Mrs. Marsha Bowkamp explained how the voting machines and election board operated. After the explanation, each student cast their vote, and watched the actual tabulation.

The government classes wish to extend their appreciation to those who made the educational experience possible.

"We've often heard about how tough the day is after the night before. We wonder if it could possibly be as bad as the week after vacation."

Liquor Voted Down

Cascade Township had its biggest turnout of voters Tuesday and voted down liquor by the glass in the township by a vote of 567 yes to 589 no. The margin of 22 vote was a close one, with the decision further complicated by the fact that 290 Cascade voters failed to vote on the liquor by the glass question. Of the total vote of 1446 only 1156 voted on the liquor question. Supervisor Baker and Clerk Mrs. Osmer said that many voters must have forgotten to look to the top of the machine where the liquor question was to be voted. The liquor question cannot be brought up for a vote in Cascade again under state law for 4 years, or until 1966.

In the race for governor Romney got 1044 votes to only 384 for Swainson. Romney was elected in state wide results.

Letter to the Editor:

Mothers Defend Bus Driver

In regards to the article written by Mrs. Voss, we the mothers of two of the children transported by her for a considerable length of time would like to say in her behalf that we believe that anyone with five or six years of faithful service to the school should certainly have had every opportunity to defend herself.

We don't understand why she should be given another route just because someone's child cannot behave. Our boys said she was always careful, courteous, and cautious.

Why she wasn't given full support by her superiors we do not understand. We feel it is undemocratic for one child to cause this much trouble for innocent people. Thank you.

Financial Report for Forest Hills Public Schools

For Fiscal Year Ended June 30, 1962

Herewith is printed the Annual Financial Report of the Forest Hills Public School for the school year of 1961-62. A copy of the certified audit prepared by Sherk and Kranz, CPA's, can be seen in the Administration office. The following information may be interesting to the patron of the school:

Total official enrollment for the year was 2545.
124 students graduated from the high school in June, 1962.
The school was in session 174 days. State authorized holidays were two and the school was not in session two days because of inclement weather. This makes a total of 181 days for which State Aid was collected.

State aid amounted to \$176.24 per child. The total amount of operating money spent on each child for the school year was \$312.60. The school system employed 116 State certified teachers and other staff members. Other employees included 35 custodians and bus drivers, 4 clerks, 7 cooks, 1 maintenance supervisor, and one and one-half bus mechanics.

The administrative costs were 4.6% of the total operating outlay. The beginning pay of teachers with an A. B. degree was \$4400 and with a Master's degree, \$4600. The average pay of all teachers was \$5,137.00 for the year.

The value of all buildings owned by the school system is approximately 2 1/2 million dollars. Insurance is carried on all buildings and contents.

Senior Class Captures Homecoming Trophies

On Friday, October 26, Student Council President Larry Merchant presented trophies to the Senior Class for the homecoming wood pile and float contests.

Senior class president, Jim Connors accepted the trophies at the pep assembly.

Robert Dangel recognized the 4 boys who had taken a course during the summer for athletic training and who worked in the training room helping heal the bumps and bruises of football players: Tom Carew, Jim Hamp, Jay Davis, and Bill Zoellmer were asked to stand while appreciation for their help was extended.

The assembly was concluded with a few cheers, led by the cheerleaders, with the finale being the school song.

Couple Attend Political Rally in Oakland County

Have you ever wondered what went on at a political rally?

Mr. and Mrs. Wilfred King of Cascade Road, attended one in Oakland County last month and gave an account of the doings. It started with a big breakfast of pancakes and sausages about 9 o'clock in the morning, at the John F. Ivory Farms. There were games and prizes for the children as well as a wagon ride, drawn by six matching palomino ponies, a fire engine big and red with clanging bells, and a twist contest, and lots of pop.

Mr. and Mrs. Keith King, son and daughter-in-law of the Wilfred Kings introduced many of the candidates and wives—Mr. and Mrs. George Romney, Alvin Bentley, Mr. and Mrs. L. William Seidman, and Senator Broomfield, United States Senator of Oakland County.

Senator Broomfield brought a flag to the King's sons which had flown over the Capitol in Washington. Mrs. Keith King is the Chairman of the Republican Committee of Oakland County.

Speeches were given by the various candidates from a platform, each presenting his own qualifications and intentions if elected to office.

Entertainment from Michigan State was a group of dancers who presented folk dances of foreign lands.

At noon time an ox roast was enjoyed by all present, and activities carried on until about 8 o'clock that evening.

Mrs. Wilfred King commented that Mrs. Romney is "just a doll," and found the Seidmans very pleasant and friendly—as were all the other candidates.

A political rally is just a grand picnic with friendliness and good will prevailing.

Your Breakfast Betrays You!

What you ate this morning is showing.

"Breakfast can play a large part in how you look, act and feel throughout the day," says Roberta Hershey, Michigan State University foods and nutrition specialist. "This is especially true for those who skimp on the noon meal."

Miss Hershey points out that the period from breakfast to lunch usually makes up one third of your day and includes half of your hours on the job or in school. Mid-morning slump with accompanying hunger pains can lower efficiency and creativity by hindering your ability to concentrate and remain interested.

How To Grow Old Fast

"Rushing off to work or school without breakfast not only can ruin your morning personality, but it can injure your health," the specialist points out. "Forcing your body to operate without necessary nutrients can wear down resistance and speed aging."

"Such excuses as 'I'm on a diet,' 'Mother doesn't have time to fix breakfast' or 'No one eats it if I do fix it' are well known replies to doctors and nutrition experts. But poorly planned fad diets, busy schedules and an unwillingness to get up in the morning can be corrected or offset."

Miss Hershey believes that the adverse effects of not eating breakfast outweigh the results of skipping breakfast calories. Too often a snack such as a doughnut during coffee break or a candy bar between classes 'make up' for breakfast. These foods contain a large amount of calories, but have little food value.

A breakfast of juice, cereal, and eggs or meat contains few calories in comparison to snack sweets, and it has enough protein to prevent hunger pains, she says. Dieters should concentrate on eating foods that are nutritious rather than eating "empty calories."

Fix Breakfast at Night

"If you don't have time to fix breakfast in the morning, concentrate on foods that can be prepared the night before or that can be prepared in a few minutes," Miss Hershey advises. "For example, you can measure water for coffee and mix orange juice before you go to bed. You can also set out breakfast cereals and dishes for eating and cooking."

"Prepared rolls ready for the oven often are not beyond your 12-year-old daughter's ability to bake, and toast requires even less effort," she continues. Fruits such as bananas or strawberries are good for self-serving in the morning too."

Pulling yourself out of bed earlier takes will power but usually you can be helped along with the aroma of something good to eat,

Dreary Days

It is grey and overcast out; a cold rain adds to the unpleasantness. A few things go wrong and there are several problems that you do not know how to solve. What a dreary day. How easily it is to get discouraged; to think all is wrong; to forget the many blessings we do have. Dreary days are sure to come in life, but the Christian has the cure for dreariness, discouragement, the blues. God has taught us to look away from these circumstances that constantly change and look to Him who is ever faithful to His Word. He promises that He will never forsake those who trust Him. His love and care are ever with those who have trusted Jesus as their Savior. Turn your dreary days into blessed days by drawing closer to Him.
