**Eve Examination** Recently our children came home from school with an anuncement that they would have eve examinations. Such a thing is good, because we miss so much of life when those amazing little organs, our eyes, are not functioning properly. Eye trouble often creeps up on us gradually; we hardly notice it. For that reason, many suffer needlessly because they just take it for granted that their poor eyesight is normal, Many have this trouble with their outlook on life also. This is far worse than poor vision with physical eyes. The sad thing is that such persons often do not realize their affliction. The diseased outlook seems normal. The Bible tells us that we all need spiritual glasses to see correctly. We need the glasses of God's Word. It gives us the outlook of faith that sees life in its

proper relationship to God. PASTOR - REV. ROY BOESKOOL
