VOLUME NINE

THURSDAY, JULY 18, 1963

NUMBER EIGHTEEN

Mr. and Mrs. D. O. Cook Will Celebrate 50th Anniversary With Open House

Select Eleven To 4-H Queens Court

Eleven teen-age young ladies were selected to the Queens Court for the first Kent County 4-H Fair Queen Contest. The field of 43 nominees was narrowed to the present court as a contest held July 9 at the 4-H Office. The girls were judged on their appearances and a short talk, "Why you should attend the Kent County 4-H Fair."

The girls will be scheduled with various civic, business and social groups beginning two weeks before the Fair, August 12-16. The purposes of the contest is to inform more people about the 4-H Fair on such topics as:

The Fair has no gate charge. It is strictly a youth Fair. It is the largest youth exhibit in the county, representing 3200 members with over 5000 projects.

The Queen will be selected from the court by a contest prior to the August Fair.

Mary Jo Horton, 17, 6066 12 mile Rd., Rockford Mich., daughter of Mr. and Mrs. Clare Horton.
Mary McPherson, 19, 1276 Parnell Ave., Lowell, Mich., daughter of Mr. and Mrs. Don McPherson.
Nancy Zoellmer, 15, 4870 Burton, S. E., Grand Rapids, Mich., daughter of Mr. and Mrs. William F. Zoellmer.

Judy Miller, 16, 115 North Lake Street, Caledonia, Mich., daughter of Mr. and Mrs. Kingsley Miller.
Jeanne Stauffer, 16, 5948-100th St., Caledonia, Mich., daughter of Mr. and Mrs. Lyle Stauffer.

Rae Lynne Williamson, 16, 1462 48th St., S. E., Grand Rapids, Michigan, daughter of Mr. and Mrs. C. R. Williamson.
Dianna Lee Oosdyke, 17, 2518 Coit, N. E., Grand Rapids, Mich., daughter of Mr. and Mrs. Jim Oosdyke.

Carol Terese Brennan, 15, 3591 6 Mile Rd., N. W., Comstock Park, Mich., daughter of Mr. and Mrs. James Brennan.

Carol Erhart, 17, 9003-11 Mile Rd., Rockford, Mich., daughter of Mr. and Mrs. Edward Erhart.
Colleen Doyle, 17, 9932 E. Fulton, Rt. 1, Ada, Michigan, daughter of Mr. and Mrs. Robert Doyle.
Mary Buckowing, 17, 930 Alles Dr., Byron Center, Mich., daughter of Mr. and Mrs. Gene Buckowing.

CASCADE WRANGLERS HORSE SHOW TO BE HELD JULY 27

Cascade Wrangler 4-H horse club will hold their 7th Annual Horse Show at the William Frederickson Farm at 3290 Patterson Ave. south of 28th St., Saturday, July 27, at 1 p. m. There will be games and classes for the clubs 34 members, free admission, donations will be appreciated. Mally popcorn wagon will be on the grounds. Come one, come all and join the fun.

From editor Jan Cumming of the East Grand Forks (Minn.) Record: "Saw this pawn shop sign—'come in at your earliest inconvenience'... The Census Bureau reports the average (median) income of U.S. families last year was \$5,600; about \$200, or 4 per cent, higher than in '59... It's not the minutes you spend at the table that makes you fat. It's the seconds..."

Youth To Receive Church Awards

Next Sunday at the 9:45 a. m. worship service of the Cascade Christian Church, three awards will be offered to young people. Douglas Dykhouse will receive the God and Country Award; Douglas Schalk and Jeri MacInness will receive the Churchmanship Award.

These awards are being presented after a year of intensive study and giving of volunteer service to the church.

Also, at this service, the church will present cheques to the six boys from the congregation who are going to Philmont Scout Ranch in New Mexico.

The six boys to be honored are John Banta, Don Taylor, Jim Woodall, John Gurney, Charles Cribley and David Reterstorf.

HELP Committee Drawing, July 24

Remember, your lucky day may be July 24. Following the ball game at the field, the H.E.L.P. committee will hold their raffle.

The following prizes will be given away: water skis, sleeping bag, rod and reel, one dozen golf balls, a thirteen piece cook-out kit, transistor radio, jungle hammock, ice chest, and outdoor grill.

If you have not purchased tickets, please contact any boy in little league. Tickets are 25 cents each or five for \$1.00. Proceeds from this raffle will be used to supply water at the field.

Propose New Life To Church Music

A noted church musician has advocated a return to handbells, brass and other instruments to add excitement to the church service.

"We've got to find new musical methods of expressing our worship of God," said Dr. William Lemonds.

"I can't think of a better way of bringing out the totality of a musical performance than through the combination of voices and instruments," he told a Church Music Workshop July 7-12 at Michigan State University.

Dr. Lemonds is university organist, choirmaster and chairman of the Music Department at the University of the South, Sewanee, Tenn.

He said that for a period of nearly 175 years, the church service utilized instruments and whole orchestras to accompany the choir and for stirring solo performances.

Most people today look upon the organ as the "official" church instrument, and it is hard for them to imagine what tremendous possibilities lie in the use of strings, woodwinds, brass and percussion.

He reported that a great deal of new music is being written for the church, much of it good and some of it contemporary in the most strict sense of the word.

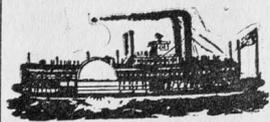

"If the church is to be contemporary and keep up with modern man," he said, "it must turn to this new music and the current ways of expressing it."

Dr. Lemonds declared that one of the most exciting church services he could imagine would be to have Stan Kenton or the Modern Jazz Quartet compose and play for the worship of God.

"This is not to say," he qualified, "that churches should go out and hire the local dance band. Anything less than the best would not be good enough."

Dr. Lemonds concluded that church services should be happier, stirring congregations with the sound of music.

"I cannot believe the Lord likes an unhappy service," he said, "for this kind of religious experience doesn't really make one want to go out and live a better life."

Carl E. Spidall In Advance Training

Pvt. Carl E. Spidall, son of Mrs. Jetina P. Spidall, 7606 Fase St., Ada, Mich., currently is undergoing advanced individual training in reconnaissance with Troop A of the 1st Training Brigade's 1st Reconnaissance Squadron at the U.S. Army Training Center, Armor (USATCA), Fort Knox, Ky.

The 1st Squadron conducts eight weeks of reconnaissance training for those troops who have completed their initial eight weeks of basic combat training.

Spidall will receive individual instruction in the duties and responsibilities of "recon" personnel, assigned to the scout section of a reconnaissance platoon. He will be taught basic fundamentals of scouting, patrolling, and collecting movement information of enemy troops.

Spidall is scheduled to complete this training, August 3.

The 21-year-old soldier entered the Army last March and completed basic combat training at Fort Knox, Ky.

Spidall was graduated from Lowell High School in 1959.

hospital notes

Raymond Winslow of 2114 Engle-side Drive S. E. is a patient in St. Mary's Hospital. Mr. Winslow had a heart attack and will be a patient in the hospital for two to three weeks.

Lewis Manley of Snow Avenue is a patient at the Veterans Hospital in Grand Rapids.

PUBLIC NOTICE

TO THE ELECTORS OF THE TOWNSHIP OF CASCADE, COUNTY OF KENT, STATE OF MICHIGAN:

Notice is hereby given that a special election has been and is hereby called to be held in the Township on the 10th day of September, A. D., 1963, for the purpose of submitting to the electors of said Township the question of the confirmation of the granting of a franchise to Somerville Construction Company, its successors and assigns, to use the highways, streets, alleys, and other public places of the said Township for the production, distribution, transmission and sale of water for public and private uses and other purposes, and to lay and maintain under and along the public streets, avenues, alleys and public places within the said Township of Cascade, a system of mains, pipes, conductors and other necessary and convenient devices for the carrying on of said business in such Township subject to such reasonable rules and regulations as may be prescribed from time to time.

The form of the ballot on such proposition shall be as follows:

OFFICIAL BALLOT
I, the undersigned, do hereby certify that the Somerville Construction Company, by the Township Board of the Township of Cascade, County of Kent and State of Michigan, on the 9th day of July, A. D., 1963, and thereafter duly published, to use the highways, streets, alleys, and other public places of the Township for the transmission and sale of water for public and private uses and other purposes, and to lay and maintain under and along the public streets, avenues, alleys and public places within the said Township of Cascade, a system of mains, pipes, conductors and other necessary and convenient devices for the carrying on of said business, in such Township subject to such reasonable rules and regulations as may be prescribed from time to time, be confirmed?

() No
() Yes
The place or places in said Township where said election shall be held will be as follows:

The polls will be open at said places herein designated for the purpose of voting from 7:00 o'clock in the forenoon until 8:00 o'clock in the afternoon of said 10th day of September A. D., 1963.

NOTICE IS FURTHER GIVEN THAT any qualified voters not heretofore registered shall have the right to register as such qualified voters by applying to the Clerk of said Township and being so registered at any time prior to thirty (30) days prior to the date of said special election. (Residence—6062 Burton S. E., Grand Rapids, Michigan, Open 8 a. m. to 8 p. m., August 12, 1963 last day of registration.)

This notice is given in pursuance of the order of the Township Board of the Township of Cascade, County of Kent, State of Michigan.

Dates this 9th day of July, A. D., 1963.
Edna Osmer, Clerk c18-20

Ada Act Wins Showboat Spot

Rain washed out the annual riverside staging of the Lowell Showboat Amateur Contest Saturday evening, but the event was moved to the nearby high school gymnasium and six amateur acts were selected by judges to appear with the professional entertainers during next week's six-night run of the Lowell Showboat.

Vacation's Over

Mr. and Mrs. Guy Chandler and children of Wendell Avenue S. E. have just returned from a two-week vacation.

They spent a week in Washington D. C. while visiting Mr. Chandler's parents, Mr. and Mrs. E. H. Chandler, and did quite a bit of sightseeing while there.

They also visited Mrs. Chandler's family in Virginia, and then continued their trip into North Carolina before returning home.

Attends Reunion

Mr. and Mrs. Michael Vekasi and sons visited Mrs. Vekasi's parents in Crown Point, Indiana, this past week-end.

While there, they also attended the first reunion in twenty years of her high school class of 1943 in Gary, Indiana.

Midgets Lead Pony League Tim Moore Pitches No-Hitter; Fans 18

In the first of two games, Tom Sytsma pitched a beautiful game for Guardsman Chemical against the Lions Club Cougars. He allowed only 3 hits and struck out 14. It wasn't good enough, though, because Tim Moore pitched a no-hitter and struck out 18 of 21 possible outs while walking only two. No runners got past first base as Moore, showing fantastic speed, struck out the side five times.

Jon Jackson hit a fly to centerfield in the first inning for the only ball which left the infield for the Bearcats all night. Denny Roe got on by an error in the third, stole second, and came home on the overthrow by the catcher for the only run Moore needed to wrap up his victory.

Hitless Ball
Sytsma came back to win the second game, however, 5 to 3.

Ada Artists Display At Ann Arbor Street Fair

Local Ada artists, the Wedemeiers, will be among the three hundred artists who will exhibit their wares at the Ann Arbor Street art fair this week.

Sponsored by the University of Michigan, the Ann Arbor Art Association, the Chamber of Commerce and the So. University Businessmen the fair will run from Wednesday, July 17, through Saturday, July 20.

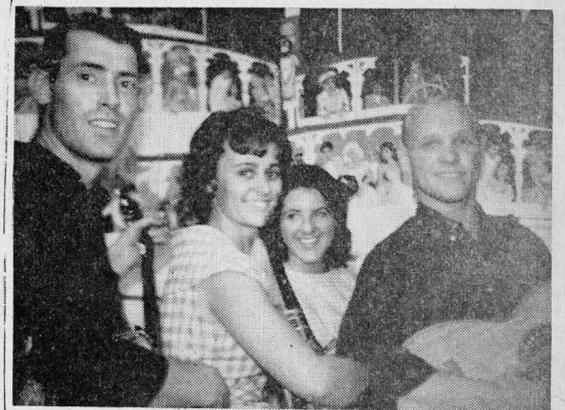

A carnival atmosphere prevails among the canvas booths stretched along a two block section of South University Ave. which is closed to traffic for the duration. Demonstrations in jewelry making, Japanese Origami paper folding, rock cutting, ceramics, copper enameling, silk-screen printing, portraiture, glassblowing, wood carving, mosaic making, weaving and creative stitchery will be going on throughout the day and entertainment will be offered at various times. Browsing hours are nine to ten weekdays and nine to six on the closing Saturday.

THINGS TO COME

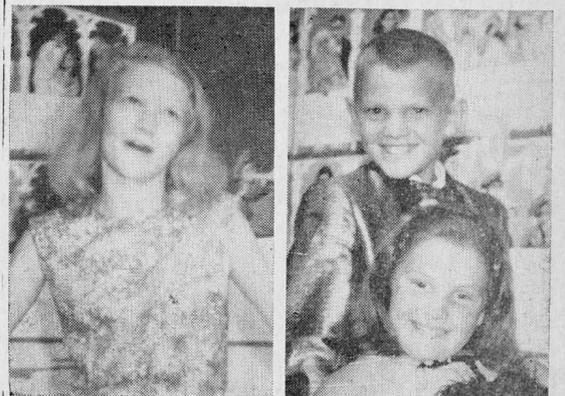

A Michigan firm offers school biology departments animal cases for incubating and keeping live test animals, such as rabbits and chicks.

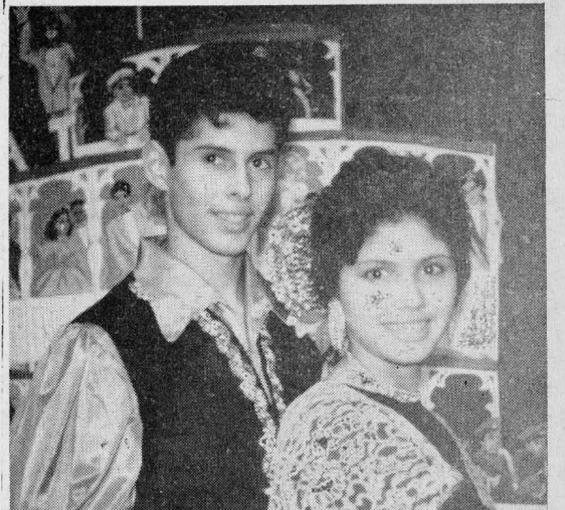

Youngest winners in Saturday's Amateur Contest were Judy Trye, 5, and Jeff Donaldson, 6, who wowed the crowd with their interpretation of "Ahab the Arab." Judy is the daughter of Mr. and Mrs. Harry Trye of 101 Auburn, N.E., Grand Rapids, and Mr. and Mrs. Horace Donaldson of 2445 Sinclair, N.E., are Jeff's parents. The youngsters will perform in the opening night production of the Robert E. Lee next Monday.

The Greenbriar Minstrels, a quartet of folksingers with banjos, guitars, and a big sound, will appear in the Wednesday night amateur spotlight on the Lowell Showboat. The group includes, left to right: Al Pendorf, Eloise Degaynor, Diane Deman, and Ron Lindblom of Ada, a 1960 Lowell High School graduate.

Rosemary Callanan (left), 12-year-old daughter of Mr. and Mrs. Robert Callanan of Marne, is the amateur slated to entertain the Showboat audience at the Thursday evening performance. A little girl with a great big voice, Rosemary recently returned from Nashville, Tennessee, where she made her first recording. In the Friday night amateur spot (right) will be fast tappers Gary Gramer, 10, and his red-headed, freckle-faced sister Shelly Marie, 7. Gary and Shelly are the children of Mr. and Mrs. Harry Gramer of Mt. Morris.

Winning the coveted Saturday Night amateur berth aboard the Lowell Showboat this year were The Medinas, a Spanish dance team from Lincoln Park, Michigan. Alfred, 16, and Gloria, 15, are the children of Mr. and Mrs. Joseph Medina.

A medley of songs from Gershwin's "Porgy and Bess" earned Richard Holiday of Charlotte a chance to appear on the Lowell Showboat Tuesday night. Holiday was among the 37 amateur acts which competed at last Saturday's Talent Night contest in Lowell.

Cascade Township Board

MINUTES OF SPECIAL MEETING OF THE BOARD OF THE TOWNSHIP OF CASCADE, KENT COUNTY, STATE OF MICHIGAN

A special meeting of the Board of the Township of Cascade, County of Kent, State of Michigan, was held at the Town Hall in said Township on the 9th day of July, A. D., 1963.

Present were: Gerrit Baker, Edna Osmer, R. Lee Patterson, Minor Cook, and Albert Heemstra.

The meeting was called to order by the Supervisor who stated that the Somerville Construction Company had requested that it be granted a franchise to engage in the business of providing and furnishing water in the Township, and for the purpose of confirming and redating the franchise resolution of September 5, 1962;

Pursuant to discussion between the members of the Township Board and upon motion made and supported it was resolved:

RESOLUTION ADOPTING FRANCHISE

WHEREAS Somerville Construction Company, a Michigan corporation, has applied to the Township of Cascade of the County of Kent and State of Michigan for a grant of franchise of said township for the production, distribution, transmission and sale of water for public use and consumption and other purposes, and to lay and maintain under and along the public streets, avenues, alleys and public places within the said Township of Cascade, a system of mains, pipes, conductors and other necessary and convenient devices for the carrying on of said business.

NOW, THEREFORE, The Township of Cascade, Kent County, State of Michigan, does hereby grant to the said Somerville Construction Company, its successors and assigns, a franchise to use the public streets, alleys and public places in said township which said grant and franchise shall be in words and figures as follows:

FRANCHISE SOMEVILLE CONSTRUCTION COMPANY

A Michigan Corporation

An Ordinance granting to Somerville Construction Company, a Michigan Corporation, its successors and assigns, the right, power, authority and permission to use the highways, streets, alleys and other public places of the Township of Cascade, County of Kent, State of Michigan for the purpose of laying and maintaining water pipes, mains, conduits, valves, drips, hydrants, reservoirs, meters, standpipes, and all necessary appurtenances in, under and along the highways, streets, alleys and other public places, of said Township, and the right, power and permission to conduct and operate a general water business and distribution system in said Township of Cascade, County of Kent, State of Michigan, for a period of thirty (30) years.

The Township Board of the Township of Cascade, County of

Kent, State of Michigan, hereby Ordains:

Section 1. The Township of Cascade, County of Kent, State of Michigan, hereby grants to the Somerville Construction Company, a Michigan corporation, its successors and assigns, a Franchise to use the highways, streets, alleys and other public places of the Township of Cascade, County of Kent, State of Michigan, for the purpose of constructing, maintaining and operating a water distribution system in said Township with full right, power and authority to establish, construct, maintain, extend and operate plants, stations, mains, pipes, conduits, valves, drips, faucets, hydrants, meters, reservoirs, filtering plants, dispensing units and all other appurtenances, apparatus and appliances within the corporate limits of the Township of Cascade, County of Kent, State of Michigan, for the purpose of supplying and distributing to said Township and its inhabitants water for consumption, public and private use and protection and other purposes and, for such purposes, to enter upon and use the streets, avenues, highways, alleys, and public lands of said Township and lay, maintain, operate, repair and extend therein through and thereunder such mains, pipes, conduits, valves, drips, apparatus, meters, faucets, hydrants, reservoirs, appliances and other appurtenances as may be necessary and proper for the distribution of water throughout and beyond said Township and for the purpose of conducting and operating a water business in said Township subject to the terms and conditions hereinafter provided.

Section 2. The grantor shall have the right to examine grantee plans for construction and distribution and may appoint an engineer to inspect and, in the event, a disagreement occurs, the grantor and grantee shall each appoint a representative who shall choose a registered Hydro-engineer whose report shall be followed in any development of this franchise and; in laying its pipes, mains and other appurtenances and repairing and maintaining the same, grantee shall interfere as little as may be necessary with public travel. After opening any portion of the public highway or places, grantee shall within a reasonable time restore the same as nearly as possible to the same condition as prevailed before opening. While any portion of the highways is open, it shall maintain reasonable barriers and lights at night and other warnings to the users of said highway or public place.

Section 3. Grantee shall at all times save said grantor harmless from any loss, damage or expense of any kind on account of the laying, constructing, maintenance, and use of said mains, pipes, conduits and other appurtenances and grantee shall at its expense provide insurance against any such liability in companies licensed to do business in Michigan in maximum amounts or lesser coverage approved by grantor.

Section 4. The rates to be charged by grantee and all rules of service shall be those which are established from time to time by the Michigan Public Service Commission or such other body as shall or may succeed to the jurisdiction, rights, powers and authority of said Commission.

Section 5. The rights granted in this franchise shall continue in full force and effect for a period of thirty (30) years from the effective date thereof. The effective date of this franchise shall be the date of the acceptance of the ordinance by grantee, which acceptance shall be filed by the grantee, in writing, within sixty (60) days after the enactment of this ordinance.

Section 6. The franchise herein granted shall be revocable at the will of the governing body of this township, PROVIDED, however, that the same shall become irrevocable if and when confirmed by a majority of the electors voting upon the question at the next general election or at any special election called for that purpose and when so confirmed shall grant to said Somerville Construction Company an exclusive franchise as herein limited for said purposes. Such election shall be held at the request of said grantee.

Section 7. This franchise shall be exclusive only as to all areas being served by grantee or to which mains have been extended or are in the process of being extended at any given time, but grantee shall be allowed ninety (90) days to prepare to serve any particular area within the Township before a franchise may be granted to any other party for said area.

Section 8. In the event of a special election, it is determined that the sum of Two Hundred Fifty (\$250) Dollars will be sufficient to defray the expenses thereof which amount shall be deposited with the clerk of this Township by the grantee.

Adopted at a regular meeting of the Township Board of the Township of Cascade, County of Kent, State of Michigan, held on the 9th day of July, A. D., 1963, by a vote of five (5) for, None against, unanimous.

Home Economics Digest

By E. Eleanor Densmore, County Extension Agent

Waste Not, Want Not

Many a not-so-old, old timer will remember pumping water by hand and carrying it by the bucketful to the house. It was a chore we all hated, so everyone economized on water. Maybe we weren't so clean then, but we weren't exactly dirty either. Every home had a cistern, and we could always eke out our supply with rain water.

In those days, we didn't have dish washers, garbage disposers, automatic washers, and back yard swimming pools, and we didn't aspire to a velvety lawn all summer long. A farm family might have used as much as 40 gallons of water in a day. Today that's about what one person in the country uses in one day, and in the city it may run as high as 167 gallons per person per day when industrial uses are averaged in.

Nationwide we are using a fantastic amount of water, and it has to come from somewhere. A lot comes from the ground, and we are using it much faster than it is being replaced. Engineers tell us the water table is constantly

lowering. You may have discovered it yourself if you live in the country. Chances are you've had to deepen your well. Many cities that depend on wells have had to. We are told by the experts that the situation is worsening with our exploding population and it is already serious.

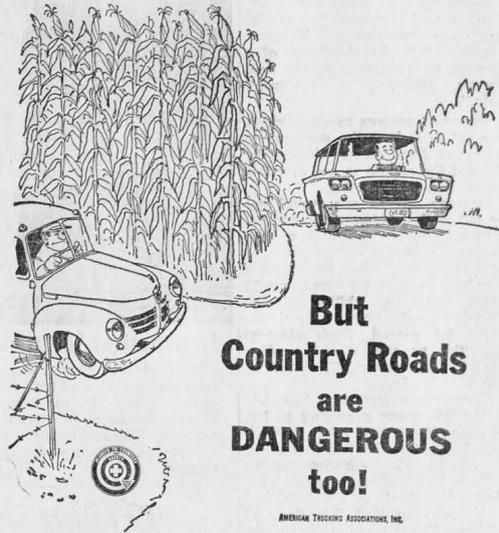

Fortunately, there are some things you can do to help. Even small economies are important.

Agriculture engineers at Michigan State University suggest the following:

1. Be sure your toilet flush tank valve—the one in the bottom of the tank—shuts off completely after every flush. After the tank has filled and the inlet valve has automatically closed, see if water continues to flow into the toilet bowl. If it does, the tank valve is not shutting off and the water going through the toilet bowl is wasted.
2. Check the flush tank float valve for proper level and effective shut off. If the water flows over the top of the overflow pipe in the tank after the tank is filled, the float is rising too high in the tank and is not closing the valve, or the valve is defective and is not stopping the water flow.
3. If you plan to replace your toilet or add a new one, get an outfit with a small flush tank—12 quarts instead of 24-30 quarts per flush.
4. You can install a recently-developed flush control valve which allows a small flush with about one-half the usual amount of water. This volume of water is usually sufficient for flushing, and if not, the control lever can be pushed a second time or held down to use a complete tank of water per flush.
5. Don't let faucets drip, or you'll waste gallons of water per day. Leaky hot water faucets are

Country Roads Source of Danger

IT'S SO PEACEFUL,

But Country Roads are DANGEROUS too!

AMERICAN TRUCKING ASSOCIATION, INC.

A trucking industry official said here today that it is ironic to teach a man how to drive safely on city streets and expressways and then have him die on a country road while driving to the farm or holiday resort on his summer vacation.

Speaking in connection with the Michigan trucking industry's July Courtesy and Safety Campaign, "Country Driving," Robert Osterman, Chairman of the Michigan Trucking Association's Safety Supervisors, went on to say that for most city folk, country driving involves the same danger encountered by our astronauts—exploring the unknown. On most country roads you are never quite sure what you'll find around the next turn.

Mr. Osterman said that part of the job of saving lives on rural roads can be accomplished through public information. He said that many of the dangers on our country roads are built-in ones such as sharp curves, many of which are unbanked, with abrupt dips and rises, steep hills and one-lane bridges and culverts. He said it would be foolish to attempt, as many drivers do, to negotiate such roads in superhighway fashion.

He also pointed out that even properly designed roadways can generate accident risks if they are not well maintained. Old man weather takes a heavy toll on country roads, causing pot-holes, washed-out shoulders and road edges. On gravel-surfaced roads, dust can breed as many accidents as fog and, he went on to say, under these conditions speed should be reduced to allow safe travel.

In conclusion, Mr. Osterman said that another major hazard of country driving is poor traffic signs and road markings. Many intersections have no stop signs and the ones that do have them are often hidden by weeds, etc., and are not visible until you are but a few yards from the intersection.

especially costly, since you are paying for wasted heat as well as the water.

6. You can save water by filling the sink bowl with a small amount of water to wash your hands instead of letting the water run while you scrub.

7. Use a new type mixing faucet which can be pre-set for the amount of hot and cold water in the mix before starting the flow of water. Then, no water is wasted while you adjust the mix to a desired temperature.

8. When you take a shower, use a stopper in the tub and check the amount of water you

use. If it exceeds the amount needed for a reasonable tub bath, the shower is wasteful.

9. Adjust the water level in the washing machine for the size load to be washed. Do a full load each time the machine is filled.

10. Some type of sprinklers throw water around, and much of it evaporates before it has a chance to touch the ground. Irrigate only when necessary—and use a sprinkler which puts water on the ground instead of in the air.

These suggestions sound austere, but not half so austere as we'll have to be if the well goes dry.

(This is one of a series of public articles explaining in general terms a provision of Michigan law. Individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.)

There is considerable misunderstanding, even among lawyers, concerning an individual's right to sue the state. Many people are unaware that one has to have the permission of the State of Michigan to sue it.

You cannot sue the state, which is a sovereignty, for negligence as you would a private citizen. However, the legislature has adopted a statute whereby the state is responsible for liability arising from an accident involving state-owned motor vehicles and aircraft.

In the 1940's the legislature waived the state's general immunity from suit, but the statute was repealed two years later because the state was sued too often.

If you or a member of your family are injured in an accident involving state-owned motor vehicles or aircraft, you must notify the Court of Claims, which is located in Lansing, within 6 months from the date of the accident, that you intend to file a claim. This, of course, in no way guarantees that you will be awarded a settlement.

There are cases where settlements have been awarded because of negligence on the part of the state operating in non-governmental or proprietary activities, such as operating golf courses, parks, and utilities.

A person who is injured because of a defect in a municipal office building can collect his claim, but one who suffers a similar injury in a state office building is presently unable to receive damages.

As Attorney General I will continue to urge legislation to waive the immunity of the state, so that persons injured through negligence of state employees will be able to recover damages just as though they were injured by a person or a private corporation. The state would, under these circumstances, be protected by insurance to cover such risk.

“but for the Grace... THERE GO I!”

You've often thought that... even said it... at the sight of a badly smashed car, the sound of an ambulance siren, the report of a traffic death.

These are dramatic reminders of the tragic part of our auto accident problem... of more than 108,000 persons injured and nearly 1,600 killed in Michigan last year, and of an even greater rate of injury and death this year to date.

The less-dramatic accidents aren't so likely to arouse this feeling of deep concern... but they should.

These are the broad, and fast-growing, base of the problem. Our present rate of 260,000 accidents a year involves nearly four damaged cars for every injury, 250 for every death... and in many of these the only difference between a bent fender and a funeral is just a split second.

Stopping traffic tragedy starts with the take-no-chance driving which avoids even minor mishap.

Point To Danger In Watching Eclipse Sat.

If the weather permits, Michigan residents will be treated to one of nature's comparatively rare spectacles Saturday afternoon, July 20—a partial eclipse of the sun.

During the eclipse, which starts at 3:29 p. m., EST, the moon passes between the earth and the sun, making it possible to look directly at the sun.

"But don't do it," warned State Health Commissioner Dr. Albert E. Heustis, who said that rays from the sun can cause permanent eye damage unless special caution is used in viewing the eclipse.

"Although most of the direct light is gone during an eclipse, dangerous invisible infra-red rays are still present," he said. "And contrary to popular belief, such devices as sun glasses, exposed photographic film, smoked glass, and even welder's goggles will not protect the eyes from these rays."

The eyes take care of themselves in normal sunshine, the commissioner explained, simply because one cannot stand to look at the intense light for more than an instant. However during an eclipse the bright light is gone, but the infra-red rays are still present.

"These rays can literally burn a hole in the retina much in the same manner that sunlight passing through a magnifying glass can burn a hole in a piece of paper," he said.

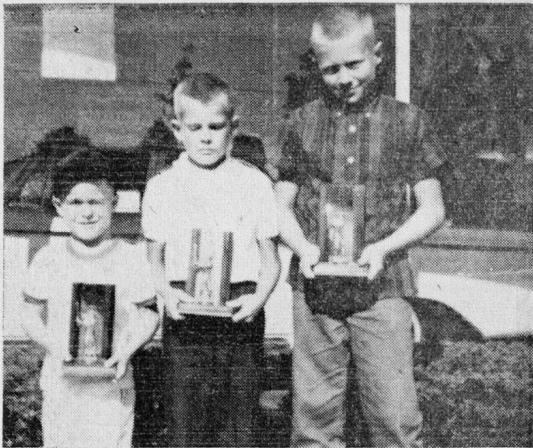

"The eclipse is dangerous be-

cause it is both a compelling sight and yet one which can inflict irreparable damage to the eyes of unwary observers," Dr. Heustis said. He added a special caution to amateur photographers. "Looking into the viewfinder of a camera at the sun is highly dangerous. Makeshift filters won't help."

He urged parents to warn children not to look at the sun, and to supervise them closely during the time of the eclipse to see that this warning is carried out.

Damage to the eye would not be felt while looking at the sun because the infra-red rays burn into the retina which is insensitive to pain. It is only after the damage has been done that a person would realize that the ability to distinguish small objects is lost—often for good. Such close-up activities as sewing and reading would be extremely difficult following a retina burn.

There are a few ways to safely enjoy this event according to Dr. Heustis. Some are fairly complicated, but the simplest method is to observe the reflection of the eclipse in a swimming pool, plastic wading pool, or old fashioned wash tub, provided that there is at least 12 inches of water to absorb the dangerous infra-red rays. Smoked glass will be handy for viewing the reflection to reduce uncomfortable brightness.

Announce 'King of Swat' Winners

King of Swat contest winners at Jackson Motor Sales were announced this week. From left to right: Rookie class, Kim Schwacha, 7, son of Mr. and Mrs. Robert Schwacha, 2549 Emery Drive, Lowell; Junior class, Denny Sysma, 8, son of Mrs. Kathryn Sysma, 7172 Thornapple River Drive, Ada; Senior class, Bob Rus, 11, son of Mr. and Mrs. John Rus, 5432 Grand River Drive, Grand Rapids.

No Immunity To Poison Ivy

If you think you're "immune" to poison ivy, watch out! You're building up to a bad case of the itch, says a University of Michigan dermatologist.

According to Dr. E. Richard Harrell at the U-M Medical Center, almost everyone is "non-reactive" to the glossy-leaved nuisance...but only for awhile.

We do not usually see poison ivy in youngsters before the age 5 to 7 years. Kiddies can roll around in the poison ivy patch without developing any reaction at all.

The poisonous effect builds up after repeated exposure to the plant's oil, says the U-M doctor. "Most people don't realize that poison ivy is an allergic reaction, and the more contact you have with the plant, the greater the likelihood that it will begin to affect you."

Although "poison ivy is probably the most common cause of contact dermatitis of an allergic nature," other plants can produce the same effect. Certain people or primroses, all of which can cause a poison-ivy-like allergic reaction, Dr. Harrell said.

Area Church News

Cascade Christian Church

Saturday, July 20, Church awards class will meet from 10 to 12 noon.
Wednesday, July 24, we will have our mid-week church school class from 9 to 11 a. m.

Ada Community Ref.

Sunday, July 21, Rev. Burrell Pennings will be our guest speaker for both the morning and evening services.

Advance Notice—the annual Sunday School picnic will be held on August 3 at Dutton Park. There will be a catered picnic lunch at 12 noon, games for all, baseball, ice cream, and crackerjack.

Eastmont Baptist Church

Thursday, July 18, Ladies Missionary Meeting will start at 7:30 p. m. in the home of Mrs. H. Hoek, 1185 Oakburn S. E., with Mrs. L. Stevens as co-hostess. There will be a rollcall response with everyone with a verse from the Bible with the word "love" in it.

Eastmont Ref. Church

Sunday, July 21, Rev. Bert VanMalsen from the Grant Reformed Church of Grant, Michigan, will be our guest speaker at both worship services.

Monday, July 22, Boys' softball practice at the church at 6:30 p. m.

Knapp St. Reformed

Saturday, July 20, the church picnic will be held at Long Lake Park starting at 1:30 p. m.

Sunday, July 21, our guest speaker will be Rev. Richard Detrich, Grand Rapids Area Director for Boys Brigade.

Thursday, July 25, Women's Prayer Group will meet in the church at 9:30 a. m.

St. Michel's Mission

Dr. and Mrs. Robert Sorenson and son, Kai, will be confirmed at 5 p. m. on Thursday, July 18, in the chapel at Grace Church.

In mid-August, Mrs. Leasure will take over the printing of the bulletins from Mrs. Duvall.

The Mission Committee met and decided to go ahead with the work on a new roof.

St. Robert's Catholic

Daily Mass at 9 a. m.
Saturday Mass at 8 a. m.
Sunday Mass at 8 a. m. and 11 a. m.

Servers for the week-day Masses will be G. Witte and M. Laird. Servers for the Sunday 8 a. m. Mass will be T. Doyle, T. Johnson, S. Johnson and Jack Krueger. Servers for the Sunday 11 a. m. Mass will be C. Krueger, Jeff Krueger, G. Witte and M. Laird.

Next Sunday will be our annual "4 in 1" collection. This collection is for the maintenance of the National Shrine in Washington, the support of the Catholic University of America, for the Indian and Negro Missions, and for the maintenance of the national Catholic Welfare Offices.

Snow Methodist Church

Saturday, July 20, the Methodist Men's Group will have an all-day "Work Bee" behind the WSCS Hall to rebuild the skating pond. A carry-in potluck dinner will be served at noon.

R. L. D. S. At Alaska

Thursday, July 18, all the women and children of the church will be meeting at 11:30 a. m. at the home of Mrs. Delsie Lalone on Campau Lake for a pot-luck and swimming party.

Saturday, July 20, at 6 p. m., there will be a young adult party in the home of Chuck and Joyce Reinhart on Kettle Lake with swimming and games. At 8 p. m., there will be home-made ice cream and cake. A business meeting will follow.

Sunday, July 21, at 11 a. m. Priest Floyd Lalone will speak on "Every Man to His Neighbor." Sunday night at 7 p. m., Priest Floyd DeVormer will speak on the tract of the month "Will I Live Again?"

The theme for the Wednesday night prayer service on July 25 at 8 p. m. will be "Ye Are My Disciples."

"DE GUSTIBUS"—The Latin axiom "de gustibus non disputandum" is roughly paraphrased: "there's no accounting for tastes." To marketing men this is an accepted fact of life, as a recent survey bears out.

The survey showed that in Jacksonville, Florida, 4 per cent of all families use nose drops, while in chillier Pittsburgh only 22 per cent use them. In Boston 25 per cent of the citizenry drink only instant coffee, but in San Francisco only 12 per cent insist on instant, whereas 46 per cent stick with the regular grind. Other sharp regional variations also were uncovered.

Showboat Week in Lowell begins next Monday, which reminds us: wouldn't it save a lot of effort if all the national weeks for this and that were combined into one National National Week?

The ladies of the Lowell V.F.W. Auxiliary will be serving up those tasty pre-show dinners at the V.F.W. Hall during Showboat week once again this year.

Mrs. Lena Phelps, publicist for the event, says that the menu will include spicy Swiss steak, steaming hot mashed potatoes and gravy, a fresh vegetable, and warm rolls and butter.

The crowning glory will be big slices of home-made pie, made with the member's own special recipes. Plenty of coffee will be brewed, of course—and iced tea will be ready if the weather is warm.

Six to eight Auxiliary members will serve the meal each night, beginning at 5 p. m.

No meals will be served Monday evening, however. "Monday is always a slow night," Mrs. Phelps explained. But from Tuesday through Saturday the eating will be good.

Mrs. Freda Hendricks, president of the Auxiliary, is in charge of the event. Meal tickets will be \$1.50 per person, with profits being used by the group for its community projects.

None of that Eisenhower stuff in Lansing.

Gov. George Romney has revealed that during the summer months, "my favorite form of exercise is a game of what I call 'compact golf.' This consists of playing three balls for six holes."

First it's compact cars—then it's compact golf. What's next—a compact income tax perhaps?

AMAZING FACT DEPT.: Ada's Amway Sales Corporation, which now is in the 8th phase of its building expansion program, has grown to the point where it has 30,000 dealers scattered throughout this country and Canada. This month the home-care prod-

"The only voice a man has in the decoration of his home is the invoice."

SUMMER PLAYBILL: Edward Albee's "Zoo Story" and "Sand-box" began the second half of a 2-week run at the Circle Theatre in the Pantlind yesterday... This weekend the Manistee Summer Theatre features Kaufman & Hart's comedy, "You Can't Take It With You"... Charlie Rugsles opens in an English mystery, "Not in the Book," at the Cherry County Playhouse in Traverse City on July 23.

Summer activity at the Strand Theatre in Lowell ceases temporarily next week. It'll be Showboat Week, you know.

Last Word: Trying to get a word in edgewise with that lady who called the office Wednesday morning was like trying to thread a sewing machine with the motor running.

A hotel in Dijon, France pipes red and white wine into guests' bedrooms... By official decree all of Venice's 444 passenger gondolas are jet black... America's first kindergarten was set up in Columbus, O., in 1838 by German settlers... Washington, D. C. has more psychiatrists per capita than any other city in the country—27.8 for every 100,000 people... The average star travels 25 miles per second... Montana ranks fourth in size among our states, outranked only by Alaska, Texas and California in that order... Western Airlines, celebrating its 36th birthday this year, is the oldest scheduled airline in the country... Think you've slowed up? Christopher Columbus averaged 2.8 miles per hour on his voyage which discovered America.

TW 7-9262, the number to call to place your want ad in the next issue of Suburban Life.

ucts company opens new warehouses in Worcester, Mass., Lewiston, Idaho, and Willowdale, Ont., bringing to 17 its warehouse total.

All this in the four years since it was founded.

Isn't it amazing what can be built out of soap bubbles?

Charley Nead in the back room tells us marriage is an institution that teaches a man regularity, frugality, temperance, forbearance and many other splendid virtues he wouldn't need if he had stayed single.

Lloyd Norwood of 8725 Conservation Road, Ada, has been tentatively accepted by the Peace Corps for a Brazilian assignment this fall.

A 1959 Lowell High School grad who is currently completing his requirements for a B.A. in comparative literature at MSU, Lloyd eventually hopes—after the Peace Corps stint and graduate school—to teach on the college level.

But you can't tell this to the Peace Corps, which evidently operates somewhat like the Army.

The Corps' IBM machine has flatly decreed that Lloyd, while in Brazil, should work not in education but in agriculture.

Absence
When you read these lines, I expect to be 2000 miles away, enjoying God's wonderful creation, and fellowship with my family. And yet we can visit together through these few lines. Isn't it wonderful the way people can communicate with each other even when separated by thousands of miles? It is even more wonderful to know that when Christians are separated from each other, they are never separated from God and His love. Where ever we are, we can enjoy fellowship with Him. How wonderful that we can hear Him speak to us in His Word, the Bible. How wonderful we have the privilege to speak to Him in prayer. When did you and God last talk together?

PASTOR — REV. ROY BOESKOOL
