Serving The Forest Hills Area

VOLUME NINE

THURSDAY, OCTOBER 24, 1963

NUMBER THIRTY-TWO

KO Polio, Round 2, November 2

KO Polio, Round 2, will take place on Saturday, November 2. Type 3 of the Sabin oral vaccine will be given on that date. Watch this newspaper next week for the announcement of the immunization stations nearest your home.

Type 2 of the Sabin oral vaccine will be given on December 7.

Kent County can be proud of having the most successful Sabin oral vaccine polio drive in the United States, according to W. B. Prothro, City-County Health Officer. On Saturday, September 21, 320,000 or 86 percent of the 371,000 people in Kent County went to 68 immunization centers to receive

their oral vaccine on the sugar cube. Additional vaccine given in two make-up clinics in Kent County hospitals, nursing homes, the jail and other institutions has now brought the total up to 346,000 or 93 percent of the total population. Only 7 percent of our county population are now unprotected from Type 1 paralytic polio.

There are three different types of paralytic polio. Dr. Prothro pointed out. If you have had the complete series of Salk polio shots you are protected from having any of the types of polio. This gives you individual protection for 2 to 4 years, with booster shots every 2 to 4 years to maintain individual protection.

Even with the Salk vaccine it is still possible for you to carry polio viruses in the digestive tract and give it to non-immunized people.

One of the advantages of the Sabin oral vaccine is that it provides a much longer period of protection for individuals and it eliminates the need for repeated injections.

Each of the Sabin oral vaccines taken on the sugar cube protects you from having polio plus the additional factor of protecting you from becoming a carrier. This is why all persons of all ages, even if they have had Salk vaccine, are now taking the Sabin oral vaccine. This gives us all community protection.

You need to take all three oral vaccines to be completely protected from each of the strains of paralytic polio.

Congressman Ford Calls Off Mobile Office Tour

In his weekly news letter, Congressman Gerald R. Ford announced this week, "I sincerely regret that it is not possible to plan a mobile office tour of the Fifth District this fall. For the past eight years it has been my privilege to bring my office into from 20 to 28 communities for an afternoon and evening. The opportunity to visit with over a thousand constituents each year has proved invaluable. But with the extended session of the Congress and with no prospect of adjournment before Thanksgiving or possibly Christmas, I will have to omit what would have been the ninth annual mobile office tour."

"I will make every effort to return home from time to time to meet with various groups and to keep individual appointments at my Grand Rapids office. The office is located at 425 Cherry Street, S. E. and is open daily with Mrs. Eleanor Todish in charge."

Legion To Hear Bill Zoellmer

Bill Zoellmer, son of Mr. and Mrs. William Zoellmer of 4870 Burton Street, S. E., will present a report on Wolverine Boy's State at the Cascade Town Hall at 8 p. m. on Thursday, November 7.

This report will be presented at a public meeting of the MacDonald-Osmer Post 451, which will be open to the public. The officers and men of the Post cordially invite the community to attend.

Mr. Zoellmer, who is a senior at the Forest Hills High School, was sponsored by the MacDonald-Osmer Post 451 to Wolverine Boy's State. The American Legion, Department of Michigan, sponsors Wolverine Boy's State. Boys from all over the State of Michigan come to participate in an example of democracy and citizenship in action. Mr. Zoellmer's report of his activities will be extremely interesting.

Square Dance Saturday

Attention Cascapers! Don't forget our dance on October 26 at 8 p. m. in the Ada School gym. Bob Darby will be the caller, and the hostesses for the evening are Grace and William Goff, Joan and Dayton Dryer, and Rev. Lee. All members are urged to be present, so let's have a good turnout.

The boss is inclined to hate the bookkeeper who can't make the books show a profit.

Youth To View Question Seven

The Young People's Society of the Cascade Christian Reformed Church is sponsoring the film, Question 7, on October 25 at 7:30 p. m. in the church auditorium.

The title, Question 7, refers to a questionnaire that children in East Germany public schools are forced to answer. It is the heartwarming story of a boy and his father, each forced to decide his future on his willingness to stand up for what he believes.

Question 7 is a film for every parent who wishes to install in his child the foundation for a lasting faith in God and respect for the freedom and dignity of man. Question 7 is a film for every young person who must be prepared someday to decide between what is easy and what is right and honorable.

Watch Out For Halloween Horde

With Halloween (October 31) just around the corner, you can be sure a horde of tiny sprites, goblins and witches will descend upon your neighborhood in pursuit of "trick-or-treat."

They run the risk of involvement in traffic accidents in the earlier darkness hours of October.

Parents and motorists are urged by Automobile Club of Michigan to take extra precautions to protect children during this festive period.

Children's masks and costumes, so much a part of Halloween, often obstruct vision, making it hard for them to see approaching automobiles, said Ernest P. Davis, director of safety and traffic at the Auto Club. Some costumes lend easily to painted faces, permitting normal vision and making masks unnecessary. If masks are used, Davis urged parents to make sure they are safe before children venture out.

"Costumes should be light color and ideally should contain some material that reflects light," he said. "If your child insists on being a black cat, make sure he has a white collar."

Care in crossing streets is important and should be done only at lighted intersections. Above all, don't cross elsewhere in the block or dart across between cars parked at the curb. Past Halloween mishaps have involved this error.

Parents also can cooperate by leaving cars in garages or driveways and not parking on the street, Davis said.

Carrying a flashlight is a good idea. Very young children should be accompanied by a parent.

As another safety factor, the use of bicycles on Halloween should be discouraged.

Davis emphasized these five basic safety tips and suggested that parents seek to enforce them during the Halloween season:

See that masks do not limit vision in any way.

Make sure all costumes are light color or contain something white.

Caution children to cross streets only at lighted intersections.

Impress on them the danger of making quick moves into the street.

In rural areas, if there are no sidewalks, parents should see that children walk on the left side, on the shoulder.

Kent County PTA Looks At Communism

"While we race toward the moon, Communism is speeding toward world domination," according to Joe Weatherly, the Overseas Director of Gospel Films, Inc., of Muskegon, Michigan, having spent 9 years in Asia and having traveled extensively over the Orient. Weatherly says, "The masses of Asia and eastern Europe are pawns in the hands of godless political forces whose avowed purpose is to destroy our way of life."

Speaking at Kent Co. Council P.T.A., Comstock Park at 6:30 p. m. on November 5, 1963 his title will be "A Current Look at Communism."

Mr. Weatherly will discuss his observations of political changes as they affect today's world with special emphasis on the contributions that Christians can make in providing an answer to Communist expansion tactics.

Mr. Weatherly heads up a Distribution Program which has resulted in Christian Motion Pictures being placed in many different languages and provided, at no cost, to missionaries in 84 countries across the world.

Widely recognized as an authority on World Missions, Mr. Weatherly is in constant demand as a speaker at Civic Clubs, Religious gatherings, and conventions. He has a special ability for making world problems understandable to young people.

You are showing signs of age if you prefer to sit instead of stand.

Cheryl Watterson Is Queen

Drop Homecoming Game To Hudsonville

Despite a rock-ribbed defense for three quarters, the Forest Hills Rangers fell before the ground might of the Hudsonville Eagles, by an 18-0 count in Friday night's Homecoming game.

The Eagles played possession football, controlling the ball on 60 plays throughout the game, while Forest Hills could run only 33. The game was played on soft, wet turf which limited both teams passing attacks.

Hudsonville held an edge in the game statistics, with the fourth quarter providing insurance for them.

The Eagles drew first blood in the second quarter as Keith Abel plunged over right tackle from three yards out. Earl Hall missed the conversion and Hudsonville clung to a 6-0 advantage. Rugged defense after the first score both clubs kept the ball between the 20 yard lines.

The Rangers' attack was highlighted by line smashes by Dale Hill, Gary Knapp, and Dave Prusak. Prusak knifed through the middle of the Eagle line for 18

yards, and the longest Ranger gain of the drive. A fumble in the backfield halted what proved to be the major Ranger offensive effort of the evening.

The half ended with Hudsonville, a contender for league honors, hanging on to a slim 6-0 bulge.

Royalty Crowned

At halftime the 1963 Ranger Homecoming Seniors Gary Knapp and Cheryl Watterson were honored along with their court of four senior couples. The floats of the 3 upper classes were presented in the halftime parade to the capacity crowd at the Forest Hills Stadium.

As the second half began, the modified single wing ground attack of Hudsonville began to take its toll. Behind the power running of Keith Abel and passing of his brother, Dave, the Eagles moved down the field. But again the stern defense of Forest Hills dug in with their backs to the wall. The Rangers could not muster an offensive attack in the second half, relying on short gains from the backs, the longest a 10 yarder by Dale Hill. The defensive unit of coach Ed Shy was forced to work overtime.

Set Boosters' Club Subscription Drive

Plans were being set this week for the sixth annual Forest Hills Boosters' Club Suburban Life subscription drive to be held Nov. 1 thru 11th. Students in the junior high school with the assistance of the faculty have managed this drive each year and have earned some \$5,000 in the past five years which has been used to assist the school athletic department.

Renew your own subscription or present a paper to a new neighbor on your street who would like to keep up with activities of your community.

Puppet Show Is This Saturday

The puppets are not far off. The Cascade School Mothers' Club would like to remind you of the Puppet Show. Mrs. Jean Reges, our puppeteer, is getting her troupe packed up and will be at the Forest Hills High School All-Purpose Room on October 26 (this Saturday) at 1:30 p. m.

Kids, you can enjoy a big fun afternoon this Saturday for only 25 cents, and Moms and Dads 50 cents.

The puppet show itself will head the bill of fun, but Mrs. Reges tells us she will need some helpers from the audience and, of course, you will not want to miss the instruction on making your own puppet.

So come along and enjoy the fun. Tickets will be sold at the door.

You will thank the happy puppet troupe for all the fun, and the Cascade Mothers thank you.

Plan Halloween Party

Mr. and Mrs. Dale Mayhall, sponsors of the Christian Pioneers of the Cascade Christian Church, have announced that the Pioneers will have a halloween party in the Fellowship Hall on Saturday, October 26, at 7 p. m.

This is a costume party and various prizes will be awarded. This will also be "Bring a Buddy Night". All fifth and sixth graders of the church are welcome.

World Community Day Is Friday, November 1

The women of the Cascade Christian Church will attend World Community Day on Friday, November 1, at Second Methodist Church, 2700 Seventh Street N. W.

Registration will begin at 11:30 a. m., luncheon at 12 noon, with the program following at 1 p. m. Mrs. Russell Palmer of Flint Christian Church will be the speaker. Each delegation will bring a list of garments made, especially for the Far East, Latin America and Africa.

Reservations for the luncheon must be in to Mrs. Glenn Marvin or Mrs. B. H. Peterson by October 27. Cost of the luncheon is \$1.00. Proceeds will go for CROP. Rides will be provided by meeting at the Cascade Christian Church at 10:30 a. m.

Trick or Treat For Children's Fund

The young people from the community will be out Wednesday evening between 6:30 p. m. and 8 p. m. on behalf of UNICEF (United Nations' Children's Fund).

Before starting out, the young people are to meet at the Fellowship Hall of Cascade Christian Church at 6:30 p. m. The canvassing will be arranged so that only one person will come to your door for your donation during the course of the evening.

The goal this year is \$250. Refreshments will be served to the young people when they return to the church.

BIRTHS

Mr. and Mrs. Neale Lee of 4047 Burton Street, S. E., are the proud parents of a baby boy born on October 16. The baby has been named Robert Charles.

Mr. and Mrs. Adrian Gilder of Laraway Lake Drive, S. E., are announcing the arrival of a son, born last Friday, October 18, at Blodgett Hospital.

Rev. Boeskool Gets Call

Rev. Roy Boeskool of the Cascade Christian Reformed Church has received a call from the Christian Reformed Church in El Paso, Texas.

Mothers' Club To Meet

The Murphy School Mothers' Club will hold their meeting on November 1 in the home of Mrs. Dixie Stevens, 4111 Burton Street, S. E., at 1 p. m.

Honor 4-H Leaders At Dinner Oct. 22

A wonderful meal, excellent speaker and a variety of awards were features of the Tenth Annual Leaders' Recognition Banquet held October 22 at the Pantlind Hotel in Grand Rapids. The annual event is the only public recognition given to 4-H leaders and appropriately sponsored by over 250 businessmen and individuals who are members of the Greater Grand Rapids Chamber of Commerce.

The speaker, Miss Dorothy Emerson, of the National 4-H Center, challenged leaders and businesses to expand their working capacities by taking on attitudes that make work more enjoyable. Her key phrase "I'd be glad to" will be remembered for years to come.

Senator Milton Zaagman recognized the leaders and their years of service and particularly recognized those who received pins and certificates.

Miss Lois Erdman presented the new "Leader Citizenship Award" to eight Kent County leaders. Besides being local club leaders the following people were recognized for their extra duty and faithfulness to the county program: Mrs. Julius VandeKopple, Grand Rapids; Mrs. J. Kilpatrick, Grand Rapids; Mrs. W. J. Boerma, Marne; Mrs. Kenneth Cranmer, Grand Rapids; Mrs. Al Ingraham, Rockford; Charles Dressel, Grand Rapids; E. L. Phelps, Cedar Springs; Werner Davids, Grand Rapids.

The Honorable Judge John H. VanderWal recognized those who supported the 4-H program in an exceptional manner. He presented the 4-H "Booster Awards" to Miss Joyce Gedris, fashion model; Herb Elzinga, Lowell banker; Kent County Conservation League and Kent County Road Commission.

Enrollment Up 9% Board of Education Adopts Budget

The Forest Hills Board of Education at a special meeting adopted the school budget for the 1963-64 school year.

Total expenditures for the year are estimated at \$982,920.00 with receipts estimated at \$965,575.00. The current year deficit will be in excess of \$17,000.00. This deficit will cut the year end balance to approximately \$20,000.00.

Increased enrollments in excess of 200 students over last year and rising cost in operation accounts for the current deficit. This budget represents the same austerity program approved last year with the

Ladies' Guild To Hold Games Party

The Ladies Guild of St. Robert's Parish will hold an All-Games party November 7 at 8 p. m. in the church auditorium. Mrs. Arthur Laird and Mrs. Harold Gietzen are chairmen.

Team captains are Mrs. Robert M. Doyle, Mrs. William Pullen, Mrs. Bernard Birdorf and Mrs. Bernard Sremba. Others working on special committees are Mrs. Robert Jandernoa, refreshments; Mrs. Paul Gabriz, Mrs. Albert Kennedy, Mrs. Fred Beahan, Miss Cathy Beahan and Miss Patricia Kennedy, publicity and posters.

We invite all the ladies of our community to come and enjoy an evening of fun.

Apparently it is possible to live a lifetime without ever being on time.

Enrollment Up 9% Board of Education Adopts Budget

exception of Athletics which was partially supported by the Boosters Club and is now incorporated into the school budget in total.

School Superintendent Robert Masten reports the following general statistics about this year's budget:

The total cost of education per child this last year was \$304.01. This year's budget represents a cost of \$304.75. It should be noted that 81.6 per cent of this year's budget is for salaries.

In the area of general operating receipts, calculations indicate that 38 per cent of the income is from local taxes and 60 per cent from state appropriations. The other 2 per cent is anticipated from miscellaneous and federal revenues.

Enrollment Increases 9 Per Cent

The total enrollment of the Forest Hills Public Schools has increased by 239 pupils over last year's enrollment.

The largest increase was on the high school level where 116 more senior high school students enrolled this year. This represents an 18 per cent growth over last year's enrollment. The seventh and eighth grades grew by 31 students or 7.6 per cent, while the elementary school growth was 5.8 per cent.

This year's growth pattern is far greater than the 5.3 per cent that was expected. It is also interesting to note that the new high school, built for a maximum enrollment of 1200 children, now has 1198 children enrolled with expectation of over 1300 children for the next year.

THANK YOU LOWELL

... and all the surrounding communities for making possible our

7th ANNIVERSARY

WE ARE HAPPY to take this opportunity to publicly thank all of our customers for their patronage these past seven years. You have made it possible for us to have sold over 400 new and used cars and trucks during this period. We sincerely feel that as your Dodge Dealer we have an obligation to treat all our customers with dignity, to treat them fairly and honestly, and to take care of all your automotive needs in the best possible manner. In order to do this we have both modern equipment and facilities, plus factory-trained mechanics with the desire to give you the best in service. We continually keep up to date with both modern equipment and methods.

OUR POLICY on used cars continues to be to recondition them properly, sell them honestly and stand behind them "after" the sale.

WE CORDIALLY invite the public, as well as our customers to stop, see and drive the 1964 Dodge Cars and Trucks. This is a completely outstanding line of automobiles that we are sure you will like. We also would like you to see our sales and service facilities.

Once again — "THANK YOU" sincerely. We are looking forward to seeing you.

List New Members of Kent Soil Conservation District

New cooperators which were approved by the district directors at their October 7th meetings are: William Lake, and Donald Shores, both of Lowell twp., Russell Cooper, Algoma twp., Frank Christensen Tyronne twp., Arthur Jipping, Walker twp. and Dick Suwyn, Gaines twp.

"The land we're conserving is getting more and more valuable," points out Marion S. Monk, jr., president of the National Association of Soil and Water Conservation Districts. "More and more acres going into highways, factory sites, schools, subdivisions and the like. Mr. Monk adds, "Rising land prices, which have been an important source of income to some landowners, can be considered a plus in the conservation picture. They underscore the need for even greater attention to the skillful management and use of these more valuable acres to conserve our vital soil and water resources."

Many Michigan Trees Survived Bunyan Axe

Paul Bunyan, Babe the Blue Ox, and their lumberjack colleagues did not cut down all of Michigan's majestic virgin timber. A few trees that rank among the nation's largest in their particular species still remain.
 Dr. John Andresen, Michigan State University forester, notes that virgin timber is scarce. Really huge trees remain only on national and state land and on farms where the owner has taken a special pride in his woodlot's beauty.
 The Michigan Botanical Club is combing the state for big trees. Many of the largest are on South Manitou Island in Lake Michigan and in the age-old Russ Forest east of Dowagiac. Russ Forest is used for experimental research by the MSU Department of Forestry.
 Oakland County also has a substantial number of large trees. In a recent count, it boasted six of 18 "species champions" for the state.

 Oakland County also has a substantial number of large trees. In a recent count, it boasted six of 18 "species champions" for the state.

Paul Bunyan, Babe the Blue Ox, and their lumberjack colleagues did not cut down all of Michigan's majestic virgin timber. A few trees that rank among the nation's largest in their particular species still remain.
 Dr. John Andresen, Michigan State University forester, notes that virgin timber is scarce. Really huge trees remain only on national and state land and on farms where the owner has taken a special pride in his woodlot's beauty.
 The Michigan Botanical Club is combing the state for big trees. Many of the largest are on South Manitou Island in Lake Michigan and in the age-old Russ Forest east of Dowagiac. Russ Forest is used for experimental research by the MSU Department of Forestry.

Here Are Tricks For Balky Eaters

Dietitians at The University of Michigan Medical Center have revealed some tricks parents can use to keep their children's balky appetites in a nutritious groove.

To help children overcome any sudden cantankerous attitudes toward food, the food specialists suggest:

—Let the child help prepare the meal. He will enjoy the experience and will almost surely insist on eating the meal he helped cook.

—Supply a variety of "finger foods" such as crisp bacon, carrot sticks, small sandwiches and meat cut into cubes. These are easily handled and likely to be most tempting.

—Offer nutritious dessert, but never as a "reward" for eating the rest of the meal. This, say the dietitians, creates more problems than it solves.

—If the child adamantly refuses to drink milk, simply include milk in puddings, custards and cereals and don't make an issue of it.

—Offer small portions when introducing new foods. If the child refuses it the first time, try again later.

The U-M dietitians say even very young children can develop honest likes and dislikes for foods, and that their tastes should be respected.

Appreciate Support Of First Travelogue

Dr. Robert Paine, president of the Thornapple Valley Lions Club, wishes to express the sincere appreciation of the club to the community for their splendid support of the travelogue adventures which started on October 14, with the showing of "Holiday in the Canadian Rockies," by James Foshee.

Season tickets are still available for the five remaining personally filmed and narrated travelogues, and can be secured by calling J. R. Timmons, at OR 6-1631.

On November 11, Bathie Stuart will bring alive "Melanesia," a story of the "Dark Islands," when the film rolls at 8 p. m. in the Forest Hills High School.

Other travelogues scheduled are "South American Adventure," December 9, Romain Wilhelmsen; "India, Land of the Spectacular," January 20, 1964, Russ Potter; "Wings of Wonderland, Our National Parks," February 24, 1964, James Metcalf; and "Lebanon, Beirut to Baghdad," March 30, 1964, John Weld.

Blessed are they who do not expect the editor to know everything, but who call and report whenever an interesting event occurs for them, for they shall have a newsy paper in their hometown.

Cascade School Library Committee has been working very hard since before school started to get our new library in order to use. It is now in operation. The fourth, fifth and sixth grades have been shown how it will work and already have taken books. The books are to be returned in a week. The first, second and third grades will have their turn soon, too. Details on just what days it will be open have to be worked out. Monday and Thursday afternoons are the plans for now, but subject to change. We are hoping that every child will use and help take good care of their books from their library.

Rummage—Girls, you are saving for our big day in December, aren't you?

Only two more days until Mrs. Jean Reges and her puppets will be at the Multi-purpose Room at the Forest Hills High School! Children only 25 cents and adults 50 cents. It will start at 1:30 p. m. See you on October 26!

AMERICA'S PRIZE HIGHWAY—A 22.5 mile section of Interstate 75 in Northern Michigan has been selected as America's most scenic highway. The freeway was selected among highways throughout the U.S. to receive the Parade Magazine Scenic Highway Award for 1964. The section chosen is between Vanderbilt and Indian River and is part of the Ohio-to-Soo Freeway. Judges selected it as the best example in the nation of a highway that combines scenery, speed and safety.

Michigan County's Vanishing Lakes Attract Many Visitors

There are 11,037—or maybe 11,035—lakes in Michigan, according to the Michigan Tourist Council.

The reason for the uncertainty is the mysterious meandering of two lakes in Michigan's Presque Isle county. At varying intervals, the lakes have the unnerving habit of disappearing.

The region, in northeast lower Michigan, abounds in odd phenomena. The only waterfall of any consequence in the lower peninsula, a river that vanishes into the ground, immense sinkholes and the disappearing lakes make the area an outdoor museum of natural curiosities.

These quirks of nature are in a region of attractive wilderness which provides travelers a special bonus in the fall as the rolling hillsides explode with brilliant foliage. Deer, partridge, pheasant and rabbits abound and area streams and lakes offer excellent fishing.

Robert Kelley, Michigan Conservation Department geologist, describing the region says, "It is underlain by a vast limestone and dolomite layer of great depth. Tunnels, crevasses and underground chambers are created by the action of ground water that is charged with carbon dioxide. On occasion, the chambers collapse, creating huge sinks. These sinks, plugged with sediment and debris, form lakes. The continuing action of the ground water sometimes 'unplugs' a lake and it drains."

An east-west line of sinkholes, some 200 feet across and 150 feet or more deep, crosses Presque Isle county. Legend has it that a subterranean network of streams stretches all the way from Gaylord in the central part of the state to Lake Huron. Geologists are skeptical but agree that waters draining from sinkholes in Presque Isle county are emptied into Lake Huron through an underground channel at Misery Bay.

Rainy lake is the larger of the area's two water will-o'-the-wisps. Some 200 acres in size, the lake is large enough to be shown on the Michigan highway maps.

In 1894, 1925 and 1950 the lake was almost completely drained of some 210 million cubic feet of water. Local residents recall other instances of severe drainage in 1931 and 1935. Pictures taken in 1925 show muddy canyons 70 to 100 feet deep.

The perambulations of the lake apparently do not seriously affect the fish population. Rainy lake, in 1958, produced a 17 pound rainbow trout.

The valley is a fascinating place when the water disappears. A road winds along the top of the slope, past crevasses that are several hundred feet long, and descends to the valley floor. Rust-brown seaweed is everywhere and each step sends dozens of frogs skittering in every direction.

Trees clustered on the slopes of the valley serve as gauges of the highwater marks, for their bark is a discolored gray from submersion. The most prominent feature is a wall of limestone that looms in an 80-foot high semicircle. This giant funnel and a smaller sink close by are the means by which a lake

more than 30 feet deep fills and drains from the valley.

Tony Krajniak, a lifelong resident of the area who presently occupies a farm on the property, recalled with amusement the year that the late owner decided to beautify the floor of the valley with an extensive flower garden. The lake had not appeared the previous year and he felt that it was gone for good.

"Yes, sir," said Krajniak, "you guessed it. Those flowers really got an irrigating. The rocks he lined the paths with are still out there on the valley floor."

At the eastern end of the valley is a dam built by lumbermen in the 1860's to direct the Thunder Bay river away from the sinkholes as a means of getting their logs down river. A permanent lake was formed, known as Sunken Lake. On its shores is located Fletcher County Park which offers campsites with electricity and water and excellent fishing and swimming. The park makes a fine headquarters for sightseeing trips to the interesting scenic areas nearby.

Oqueoc Falls, some three miles north of Millersburg off Michigan highway 68, is the only sizable waterfall in the lower peninsula. Not far from the falls the Oqueoc River disappears beneath the ground and can be heard rumbling through the subsurface limestone. About one-half mile away, the stream reappears from beneath a rock ledge.

Geological mysteries and scenic wilderness combine to make Presque Isle county's "land of the disappearing lakes" an intriguing vacation destination.

I don't believe half of what I am told in strictest confidence, so don't be afraid that I'll repeat it.

If you think old soldiers just fade away, try getting into your old service uniform.

St. Robert's Church Invites Friends To Open House, October 27

Sunday, October 27th, is the Feast of Christ the King, and certainly no more appropriate date could have been selected by the parishioners of St. Robert's Catholic Church, of Ada, to invite their non-Catholic friends and neighbors for an "Open House". The parishioners have been very busy for several weeks making plans to celebrate this special occasion.

On this date, 2 to 5 p. m., they are preparing to greet their friends and take them on personally conducted tours of their church, and to answer any questions and make any explanations about their form of worship and beliefs. There will be tours of the Baptistery, the Confessional, the Sanctuary, and the Sacristy.

There will be displays of church music, catechism materials, the priest's vestments, and many other articles and places of interest. There will be no religious services conducted during this time. It is designed as a time to get acquainted and to let non-Catholics see where and understand more about the form of worship of their Catholic friends and neighbors. After the tour has been completed you are invited to the church auditorium for refreshments and a visit with the many people who are expected to attend.

Rev. Donald Farre, is pastor of St. Robert's, and he has appointed Paul Roy as the chairman of the Open House, with the men of the Holy Name Society and the women of St. Robert's Guild, assisting in the plans to make this a very special day. They invite persons of all faiths to attend this Open House and to help make it a memorable occasion. Come and help to strengthen Christian friendships.

Half the truth is often a great lie.

Cascade Firemen Show "Design For Disaster"

Grover Buttrick, Cascade Township Firechief announced this week that the firemen will show, "Design for Disaster" on Saturday, October 26 at the Cascade Town Hall at 8:30 p. m. This film is the story of the 1961 Stone Canyon Brush Fire in California. This fire destroyed 400 homes, and there were 3,000 firemen fighting the fire with 200 pieces of equipment.

The Cascade firemen extend a cordial invitation to everyone to see this most interesting film. There is no charge or contribution expected.

Receives 20-Year Pin

After having worked for twenty years for Dexter Industries on Madison Avenue, S. E., Mrs. Emma Beak of 1915 Laraway Lake Drive, S. E., was presented with a 20-year pin.

Emergency Fund

Mother—Robert is complaining that since he got a car you have been holding back some of his allowance. Is that true?
Father—Yes, I am keeping back part of it to pay his fines.

Ada Community Reformed Leads Operation Eternity

Operation Eternity is in its third week. The goal for the five-week contest for each church participating is a total attendance of 1,000 each.

So far, Ada Community Reformed Church has had 368, Eastmont Reformed Church 320, and Knapp Avenue Reformed Church 324.

Stamp Fans Hold Exhibit November 2-3

The Kent Philatelic Society of Grand Rapids, Michigan is holding its annual Exhibition and Bourse on November 2nd and 3rd. It will be held in the Henry A. Goss Memorial United States Army Reserve Center, which is located at the corner of Michigan Street and Fuller Avenue in Grand Rapids.

The public is invited and the admission is free. The Exhibition will be open from 12 noon to 10 p. m. on the 2nd and from 10 a. m. to 6 p. m. on the 3rd.

The Civil War will be the theme of the Exhibition and a cacheted cover will be on sale for those who would like one.
