VOLUME NINE THURSDAY, OCTOBER 31, 1963 NUMBER THIRTY-THREE

Eastmont Reformed Church In 8th Year

Thanksgiving Day is a time of the year which holds special meaning for most everyone. For the members and friends of the Eastmont Reformed Church, however, there is added joy during this season, for it was eight years ago when on a brisk autumn Sunday evening in November they gathered themselves together for the first time as an organized church. Prior to this time of organization, the group met as a Sunday School Class under the faithful leadership of Mr. and Mrs. King. When they retired, the work was turned over to the Calvary Reformed Church, the "Mother Church."

With the help and guidance of the Calvary Reformed Church and by the Grace of God, the church continued to grow until they outgrew the Sunday School room in which they were meeting. They were faced with one of the most

blessed problems any church can ever confront—need of more room. The community was growing, the challenge was growing, enthusiasm was growing, and the needs for a church were growing.

Coffee Group Sets Book Fair Dates

The halls at Martin School will be stocked with stacks and stacks of big and little books for big and little people for two days and one evening and you the public are invited to come in at your leisure and browse around. Of course the object of the whole thing is for you to buy any books you might like to have for yourself or to give as gifts.

Jane Breidenfeld and Ruth Hoff are co-chairmen for this Book Fair and they are planning to have an enormous selection of books for your browsing and buying pleasure. The Baker Book House is supplying the books for the sale. There will be books for everyone from pre-school up including adults and in a price range to satisfy every budget.

With the beautiful fall weather that we all have been enjoying probably Christmas shopping has been farthest from everyone's minds. Before we know it Christmas and it's rushing around will be upon us. That is the reason for timing this Book Fair in the middle of November. Why don't you start today to make up your Christmas list and make a special check next to the names of those who would love to receive a book from you. Bring your list with you when you come to see the books and when you are ready to leave your Christmas shopping can be all finished or at least you will have made a good beginning.

Save Monday, November 18, day and evening, or Tuesday, November 19, for beginning your Christmas book shopping early. You may thank the Eastmont Mothers Coffee Group for this big early lift to your Holiday spirits because they are sponsoring this event.

PEDRO CLUB MEETS WITH MRS. KATIE BURDICK
Pedro Club met at the new home of Katie Burdick on Whites Bridge Road. First prize won by Mae Standard, 2nd by Margi Svedas, 3rd prize Marguerite Gould, and booby prize Monette Baer.

Rangers To Celebrate 'Dad's Night'

Collecting Rummage For Music Association's Sale

Forest Hills Music Association rummage sale will be held on November 13 and 14. Any one wishing to drop their rummage off or have it picked up, please call Mrs. H. R. Gaskell at 949-0197 for the address of a drop-off depot, or arrangements will be made to have it picked up.

Fall Fun Festival At Thornapple School

The Thornapple School Parents Club is sponsoring a Fall Fun Festival for Saturday, November 9, from 2 to 7 p. m. This will be the first carnival for this school. Let's all plan to join in the fun! Fun for old and small, Fishing, turkey shoot, turtle races, fun house and for those with a sweet tooth, there will be a country store featuring home baked goods. Besides the sweets, there will be plants, homemade articles and white elephants. The refreshment booth will be serving from 4:30 to 6:30 p. m. See you at the Carnival on Bridgewater Street, off Thornapple River Drive, S. E.

Nuclear Training Available To High School Graduates

Graduates can now become an important part of the world of tomorrow today in America's Nuclear navy. The atom bomb which ended World War II was one of the first practical applications of nuclear power. It was then a power of destruction today it is a power for peace. Nuclear energy has achieved a position of benefiting mankind. In the navy, it has been given a leading role as a force of motion. Nuclear powered submarines, such as the famed U.S.S. Nautilus and her sister ships, are using atomic energy for driving main engines economically and for fantastically long periods of time without refueling. High school graduates are now eligible for training in Nuclearics, in the navy's nuclear field seaman recruit program. This project makes it possible for enterprising young men to enter the navy with the assurance that they will receive training in nuclear science. Those who qualify are assured assignment in the field of Nuclearics, after schooling in one of several basic schools. Submarine training is also given those men who select the under-water phase of nuclear power.

Any young man wishing further information or details about this interesting and rewarding training, is urged to contact the Grand Rapids Navy recruiting office. The office is located in room 406 of the old post office; or you may phone GL 4-2200.

Women's Fellowship To Serve Chop Suey Dinner

As a benefit for the Organ Fund, the Christian Women's Fellowship of Cascade Christian Church will serve a chop suey dinner to the public in Fellowship Hall on Friday, November 8, with continuous serving from 5 p. m. to 7:30 p. m. Tickets can be purchased from Guild members or at the door. Adults will be \$1.25; children from 5 to 12 years of age, \$.75; and under five years of age, free. Baby sitting service will be provided. All you can eat!

Who wishes to give himself an abundance of trouble. Let him equip these two things—A ship and a woman. No two things involve more bother. Neither is ever sufficiently adorned.

Music Association Will Meet Monday, November 4

Wanted: More band and choir parents and anyone who may be interested in the music department at Forest Hills High School. Where: "B" Building at the high school. Why: To attend the Forest Hills Music Association. When: First Monday of each month. Time: 8 p. m.

hospital notes

David Haagsma, son of James Haagsma, 2935 East Paris Ave., S. E., is in Blodgett Memorial Hospital as a result of injuries sustained when he was hit by a car Friday night. Gilford Veenstra, 3149 44th St., S. E., is in Blodgett Memorial Hospital with virus pneumonia. Richard Walquist of 3152-28 Street, is a patient at the Osteopathic Hospital. Jack Lyon of Thornapple River Drive, is in the Osteopathic Hospital as a surgery patient. Roy May of Thorncrest Drive, is a patient in St. Mary's Hospital. Mrs. Leonard Stormzand, 3426 Goodwood Drive, is a patient at Ferguson-Droste Hospital. Mrs. Elizabeth Dekker, 837 Kirk Drive, returned from the hospital Monday, and is recovering from surgery. Mrs. Gladys Gentry is a patient in St. Mary's Hospital where she is undergoing tests and observation.

Airport To Open Nov. 23

The announcement was made Monday by Britton L. Gordon of the Kent County Aeronautics Board, that the official opening of the multi-million dollar Kent County Airport in Cascade Township will take place on November 23, with a brief ceremony.

The formal opening of the new strips and terminal building will be held in June of 1964, upon completion of a restaurant, motel, service station, and parking facilities. Recently completed was the terminal building designed by J & C Davenport Co., architects and engineers. The terminal building is a four-armed, H-shaped structure dominated by a control tower soaring nine stories, 130 feet, into the air.

The tower will house Federal Aviation Agency facilities such as communications and radar equipment, offices, training and maintenance facilities and is topped by a glass-walled air traffic control center.

The terminal building also includes a passenger service wing fronting on a parking lot for 600 cars, which will be completed in the near future. Twelve thousand square feet of ticket offices, of the various airlines will also be utilized, as well as an air freight office, baggage section and related services.

Connecting arm of the "H" layout is a corridor bridge leading from the passenger service wing to the main terminal structure, a two-story structure with a mezzanine plan with offices overlooking the lobby. The mezzanine includes an observation lounge, management offices, U. S. Weather Bureau and FAA facilities and will later house a restaurant.

On the ground level besides the lobby, there are mechanical, electrical and telephone equipment, and a standby electric generator to meet emergency power requirements. Ground breaking ceremonies for the building were held in September of 1962, and the work was completed by Owen-Ames-Kimball Construction Company this month.

coming events

The Kent County P.T.A. Council will meet at Comstock Park on November 5, at 6:30 p. m. Joe Weatherly will speak on "A Current Look at Communism."

Forest Hills Executive Committee will meet in the Teachers' Lounge at school next Thursday, November 7, at 8 p. m.

Swim or sink, live or die, survive or perish with my country was my unalterable determination.

Water, Water Everywhere, But Not A Drop To Waste, Experts Report

A reassuring but caution-tempered report, has been issued by the Department of the Interior on U. S. water resources. Fears of a water shortage caused by multiplying human and industrial needs have been widely expressed but, says the Department, the country as a whole has ample water, including large reserves underground.

This ground water now supplies about a fifth of all water withdrawn for use. The whole water question is clouded by a lack of specific knowledge, the report warns, including knowledge of ways of recharging underground reservoirs.

You'll keep that seat belt fastened if your car is equipped with a new "electronic watchdog" device manufactured by a St. Paul, Minn. firm. The control is electrically interlocked with the car's ignition so the engine cannot start unless the belt is in place around the driver. Pipelines may be the nation's best transportation bet in the event of nuclear attack, according to a report from Louisville, Ky. Welded underground pipelines are virtually fallout proof and can survive the blast of practically anything but a direct nuclear bomb hit, according to piping components manufacturer Tube Turns.

The U. S. has passed Mexico as the world's top silver producer. Mexican production dropped from 47,956,548 ounces in 1955 to 41,249,399 in 1962. During the same period, U. S. production jumped 24 per cent, from 36,469,610 ounces. A "Hyperbaric Chamber" has been developed at the University of Rochester Medical Center to explore the potential use of high-pressure oxygen in various surgical and medical problems under the experimental program, animals placed in the chamber will breathe pure oxygen at three times normal atmospheric pressure. This treatment, known as hyper-oxygenation is considered one of the most promising new fields of medical research.

Caps on baby food jars are a potential hazard, says the American Academy of Pediatrics Committee on Nutrition. Some people, unaware of or indifferent to the peril of bacterial contamination, open the screw caps in the store, sometimes taste the contents, and then return the jar to the shelf. The committee cautions mothers on importance of observing warning instructions on the caps. Do you long for blessed silence? Go to Maui, Hawaii and tune in radio station WWVH. From 15 minutes past each hour to 19 minutes past is a silent period, broken only by standard frequency and time signals. WWVH is one of four stations operated by the National Bureau of Standards providing signals to radio and TV stations, calibration labs and missile installations.

Use Car Headlights. Turn on your "car" headlights about a half hour after sunset and use them up to a half hour before sunrise and at any other time when natural light is not sufficient, the Michigan State Highway Department advises. During autumn, when sunset comes earlier and earlier, it is particularly important that motorists pay close attention to lighting their vehicles at the proper time.

Nature Notes

by Edith Jarvi

The Flowering Dogwood (Cornus Florida) is one of the loveliest of small trees. This is a graceful tree, attractive at all seasons of the year.

Its predominate color is rose. Although this tree becomes a brilliant red in autumn, its leaves have an undertone of rose.

The small twigs which turn upward at the ends of the larger branches hold up the urn-shaped buds. These are completely formed before the leaves drop. Twigs and buds are gray, overlaid with rose, while the larger branches are gray with a faint rose tint.

The flower buds open in mid-spring before the leaves grow. They are green, tinged with pink until full grown when the gracefully curved petal-like bracts become white with dull rose on the edge of the indented tips. The arrangement of the branches and twigs make the tree seem to grow in layers, when it is covered with blossoms. In mid-summer, its smooth-edged pointed oval leaves are a somewhat grayed-green with a hint of rose on the underside.

This delightful small tree is seen growing in woodlots throughout our area under the tall forest trees. It is a charming garden subject, but must have protection and some shade from taller trees or buildings, and a deep mulch of oak leaves or woodchips over its shallow fibrous roots if it is to grow successfully and bloom each spring.

FIRST IN THE WORLD

Michigan will have a ski industry first when its winter sports season opens late next month. The new Boyne Highlands resort near Harbor Springs is installing two triple-seat chairlifts, first of their kind in the world. Each has a carrying capacity of 1,800 skiers per hour. Trying out the new Highlands' lift are Charlene Williams (left) and Mary Lynn Hartwell, both of Boyne City, and Larry Middleton of Lake Orion.

Local Women To Attend World Community Day

Attention women of the Ada Congregational Church and the Cascade Christian Church! Don't forget our World Community Day on November 1 (tomorrow) at Second Methodist Church. Rides will be provided by meeting at the Cascade Christian Church at 10:30 a. m.

Mrs. Russell E. Palmer, wife of the pastor of Flint Church of Christ and vice president and co-ordinator of the Department of Christian World Missions, will give the keynote address on this year's theme, "Nation Building and the United Nations." She will discuss the role of the UN in preserving world peace.

Each church will bring a list of garments and kits made for distribution around the world, with a special service of dedication scheduled.

Form New Medical Self Help Classes

Do you know how to handle an emergency medical situation—a broken leg, a badly bleeding wound, an emergency child birth situation. Can you trust yourself to do the right thing for yourself and your family in the event of a nuclear attack?

Last year 700 persons in Wyoming, Walker, Comstock Park, Sparta, Rockford, Lowell, Caledonia and Grand Rapids learned the proper methods of "Survival" as well as how to handle emergency medical problems which could happen in the family by enrolling in medical self-help training courses.

The medical self-help training courses consist of 16 hours of intensive training in medical self-help. Majors among the subjects to be taught by trained instructors are radioactive fallout and shelters, emergency child birth, infant and child care, fractures and splinting, bleeding and bandaging, artificial respiration and personal hygiene and sanitation.

Fall and winter classes are now forming for medical self-help training courses. City and county residents who wish to take the course are urged to have their churches, PTA's, health councils, farm bureaus, granges, extension groups and other community organizations request classes by calling the Grand Rapids-Kent County Health Department, GL 6-6566, Ext. 307.

Area Church News

Cascade Christian Church

The annual Woman's Day Observance at Cascade Christian Church will fall on Sunday, November 3. The guest speaker will be Dr. Hope Nicholson, a medical missionary who served 37 years in Bilaspur, India. She now has a limited practice in Luther, Michigan.

World Community Day will be held Friday, November 1 at Second Methodist Church in Grand Rapids at 11:30 a. m. The guest speaker will be Mrs. Russell Palmer.

The church awards class will meet at the church on Saturday, November 2 from 1 a. m. to noon. There will be a display of books at the church for Christian Literature Week from November 2 to November 10.

On Sunday, November 3 at 2 p. m., cars will leave our church for the District Convention of Disciples of Christ at First Christian Church in Muskegon.

On Monday, November 4, there will be a Sunday School Teachers conference at the church at 7:30 p. m.

Tuesday, November 5, the Denison Guild has an all day work meeting in the Fellowship Hall. Bring a sack lunch.

Tuesday, November 5, the Youth Council meets in the church office at 7 p. m.

Tuesday, November 5, the Church Board will meet at 8 p. m. in Fellowship Hall.

Wednesday, November 6, the Doerr Guild will meet at the home of Mrs. Ichue at 5565 Ada Drive at 9:30 a. m. The Mary-Martha Guild will meet at the home of Mrs. Colter, 6056 Burton Street at 8 p. m.

Eastmont Ref. Church

Thursday, October 31, from 7 p. m. to 9 p. m., the Eastmont Church will have a halloween party. Everyone from the church and community is invited to enjoy with us this time of fun and fellowship. There will be cider and doughnuts for everyone, and a hay ride. Everything will be well supervised.

Sunday, November 3, at 6 p. m. the R.C.Y.F. will meet. We are in the process of composing our pledge and code of ethics. Anyone who is in the 10th, 11th, or 12th grades are welcome to come.

Monday, November 4, the 8th Birthday Fellowship Dinner at the Eastmont Church will be celebrated. This is an important night for all the families of the church. An excellent program is being planned around Robert Brower's latest film. A free will offering will be received for the retirement of our debt. We hope to see you there.

R. L. D. S. At Alaska

Friday, November 1, at 8 p. m. at Floyd LaLone's there will be a meeting of the priesthood for development of plans for the future.

Saturday, November 2, at the Grand Rapids Church there will be an all day worship work shop beginning at 9 a. m., lasting until 4:30 p. m. Luncheon will be served at the church. Registration is only 50 cents. The program consists of classes taught by our district president, Lee Oliver, Mrs. Oliver and Mrs. Carlson. The classes sound very interesting. Plan to go.

Sunday, November 3, at the 11 a. m. service there will be the Communion of the Lord Supper. There will be a service at the church at 7 p. m., but a World Mission Service will be held at the Grand Rapids Church for the District.

The week of November 3 to November 9 there will be services throughout the world in all the Reorganized Church of Jesus Christ of Latter Day Saints Branches (congregations) commemorating World Missions Week. The Grand Rapids District will have service at the Grand Rapids Church November 3 to 7. District President, Lee Oliver will be the speaker Sunday, November 3 at 7 p. m. On November 5 at 7:30 p. m. there will be a preaching service. On November 6 at 7:30 p. m. there will be a prayer service. On November 7 at 7:30 p. m. there will be a preaching and baptismal service.

Cascade Christian Ref.

Thursday, October 31, the Sunday School Teachers will meet at 7:30 p. m.

Monday, November 4, the Consistory meets at 8 p. m. There will be no catechism class on Monday, November 4.

Sunday, November 3, at 4:30 p. m., our Young Peoples Society will meet.

Wednesday, November 6, the Ladies Fellowship meets at 7:45 p. m. at the church.

St. Michel's Mission

There will be no choir rehearsal on Thursday, October 31. Friday, November 1, is All Saints Day. There will be the annual Fall In Gatherine at Grace Church at 10 a. m. A coffee hour will follow.

Wednesday, November 6, there will be a Central Deanery Meeting of the Episcopal Church Women of Western Michigan at St. Andrew Church on 3 Mile Road. Registration will be at 10 a. m. Luncheon will be served. The meeting will be over by 3 p. m. Anyone wishing to go, please contact Mrs. Herrity at 949-0478 by Friday, November 1.

Ada Community Ref.

On Sunday, November 3, Rev. Jay Kapenga, a missionary speaker from Muscat, Arabia will speak at the 7 p. m. service.

On Wednesday, November 6, Jack Marema, a teacher at Annville Institute will speak. This will take the place of the regular family night. A social hour will follow. The service is at 7:30 p. m.

On Sunday, November 10, at the 7 p. m. service, Jason Chen, a student at Western Theological Seminary will speak. Mr. Chen is a native of the Philippine Islands.

Tuesday, November 5, the monthly Consistory meets at the church at 7:30 p. m.

Tuesday, November 5, the Girls League for Service meets at 7 p. m. at the church. Charlene Vadar has the topic for the evening. Linda Boomers is in charge of refreshments.

Our Savior Lutheran

Road Maps Aid Michigan Pilots

The operators of airport control towers depend on highway maps to guide pilots to a safe landing, the Michigan Department of Aeronautics reports.

The Department's official publication, "Michigan Aviation," said: "Surprisingly enough, the Tower Operators at airports across the nation, including those at Capital City Airport, have to rely a great deal on the road map when it comes to finding points some pilots are reporting when coming in for a landing."

The Control Tower Operators use highway maps in order to learn the names of the many small communities that pilots know and like to use for position reporting, the story said.

Needless to say, a Tower Operator hates to admit he doesn't know the community the pilot is over when he calls, so a thorough study of the terrain is necessary."

Control Tower personnel at Lansing's Capital City Airport used their highway map so much they wore it out and had to get a new one from the Michigan State Highway Department.

Miss Woodall To Wed J. E. Chase

Mr. and Mrs. George A. Woodall of Forest Hills Avenue S. E. have announced the engagement of their daughter, Julia Ann, to J. Edward Chase.

The future bridegroom is the son of Mrs. Ruth A. Chase of Brecksville, Ohio, and the late Joseph Edward Chase.

Miss Woodall graduated from Otawa Hills High School, attended Hiram College of Hiram, Ohio, and is now a senior at Columbia University. Mr. Chase was a June graduate of Hiram College and is doing graduate work at Western Michigan University.

"Marriage enables a man to find out what kind of a husband his wife preferred."

Richard Franklin of the Michigan Auto Club will be our guest speaker and will be on hand to discuss the safety of our pupils when the Cascade Mothers' Club meets, Thursday evening, November 7, Meeting at 7:30 p. m. at the Cascade School, dessert and coffee will be served by the Burdell Group, prior to the meeting which starts a half hour later.

A second evening meeting this year provides a real opportunity for fathers to exercise a real interest in what is "going on" down at Cascade School.

The Forest Hills Board of Education and the teachers at Cascade School have been doing an excellent job in assisting and leading the way in a safety program in our local school.

Let's have a big assist from the parents, too! That is why we want all parents present at the next Mothers' Club meeting. See you there!

The November Cascade School Mothers' Club Executive Board meeting will be held at the home of Mrs. Fay (Donna) Johnson, 1652 MacNider Ave., S. E., on November 5 at 9:30 a. m. promptly.

Neighborhood Group Meetings
Burdell Group will meet on November 11 at 8 p. m. in the home of Mrs. Guy (Katie) Chandler, 6459 Wendell, S. E. Mrs. Mike (Dottie) Vekasi will be her co-hostess. Everyone plan to come.

Cascade Terrace Group will meet on November 4 at 8 p. m. at the home of Mrs. Marshall (Jane) Belding, 2696 Orange St., S. E., with Mrs. John (Jackie) Barker and Mrs. Donald (Betty) Plank as co-hostesses. The speaker will be Glen Morse.

Thornapple Thumbs will meet on November 12 at 9:30 a. m. at the home of Mrs. Frank (Bea) Grotenhuis, 6755 Burger, S. E. Don't forget sweatshirts for every occasion. Call Lillas McPherson at 949-1813.

Westway Group will meet November 12 at 10 a. m. at the home of Mrs. Fay (Donna) Johnson, 1652 MacNider with Co-hostess Mrs. Russell (Lillian) Meyers. Hope to see everyone out.

Rummage Sale News: Everyone please keep saving for the big day December 7. We need old dishes, pots and pans, clothes (all sizes, shapes, and colors), furniture, boots, and anything you might be just plain tired of. If you haven't anyplace to store it or any way to get it to us call Donna Johnson, 949-0555. She will answer the phone with a smile regardless how she feels, if you have something we can use.

We will have a few more details as the time gets nearer. Say, Pop, you can look around too, and clean out those cubbyholes, you have some gems stowed away someplace that you'll never really use.

Cookbooks—Oh! The price has dropped for everyone's benefit. They are only \$1.00. There are 140 pages of delicious recipes and hints. They make lovely door prizes, birthday gifts, mother's day gifts, Christmas gifts, and for that new bride they would be ideal. So contact any one from the Cascade school Mothers' Club. We have lots left so don't be bashful.

Lightning, the number one cause of fire loss on Michigan farms, has caused more than three million dollars worth of damage on Michigan farms in the past five years.

Miss Lock Engaged

The engagement of Miss Carol Lynn Lock and Curt Lee Ulery is being announced by the bride-elect's parents, Mr. and Mrs. Pleun Lock, 612 Forest Hills Avenue.

The prospective bridegroom is the son of Mr. and Mrs. Rollo Ulery, 1251 Edith Street, Grand Rapids.

Miss Lock graduated from Forest Hills High School and attended Davenport Institute. She is affiliated with Alpha Iota Sorority. Her fiance graduated from Central High School.

No wedding date has been set by the engaged couple.

Servicemen

Pvt. Douglas Beckett is undergoing training with the United States Marine Corps in California. His address for the next several months will be Pvt. Douglas Beckett, 2073423, Plat 178, Marine Corp. Recruit Depot, San Diego, California.

If Communism is as wonderful as they claim it is, it seems that they would take down their iron curtain and put in some picture windows.

Rangers Take Second League Win

A dream of motorists for decades will become reality November 1, when a 22-mile segment of I-75 opens in the Upper Peninsula, Automobile Club of Michigan says. This will permit driving from the Ohio border 380 miles north to Sault Ste. Marie on the nation's longest freeway without encountering a stoplight or cross road. This cuts pre-free-way driving time by three hours on this route, Jerry E. Fisher, Auto Club touring manager says. The Ohio-Soo route (shown above shaded), longest freeway in the nation, is actually a combination of four freeways—US-27, US-27, US-10 and I-75. The segment of I-75 to be opened in the Upper Peninsula November 1 extends from eight miles north of St. Ignace northward to Rudyard. Passing through 16 Michigan counties, the route also bypasses such major cities as Ann Arbor, Flint, Saginaw, Bay City and Midland.

Home Economics Digest
By E. Eleanor Densmore, County Extension Agent

DO YOU KNOW WHERE YOUR MATERNAL GRANDMOTHER WAS BORN?

Some folks I know couldn't name the country, to say nothing of the city. And it would be useless to ask if they know when she was born.

If you too are in the same boat, the chances are no one in your family bothered to write down any of the facts about your ancestry. It could also be that you just didn't listen when your elders were telling those stories of the old days. Young folks have a way of turning a deaf ear to things of the past.

What difference does it make? Well, whether we like it or not, our ancestors have had a lot to do with making us what we are today.

A knowledge of our origins and an understanding of our forbears may help us to better understand ourselves. It could also make us more tolerant of people of other nationalities.

Then too, our family tree is something pretty special and exclusively ours. It's a part of the culture that gets handed on from generation to generation. As you become more interested in your family background you begin to take pride in some of those old characters, both good and bad and the first thing you know you'll be saying at the drop of a hat, "Now my great-granddad—"

ANYONE CAN MAKE COFFEE

And sometimes I think "anyone" did.

A real coffee lover isn't satisfied with any old brew. True, some of us like it stronger than others, but it still has to be good coffee properly made.

- The experts tell us there are a few simple rules.
1. Pick the proper grind for the pot you intend to use.
—for percolator—regular grind
—for drip pot—drip grind
—for vacuum-style makers—fine or drip grind.
 2. Have the pot sparkling clean.
 3. Use fresh ingredients—fresh water, fresh good quality coffee.
 4. Measure accurately. The proportions depend on the strength you prefer.
 5. Follow directions for your type of pot.
 6. When keeping coffee hot, never let it boil.

Artist with a needle—If you are an experienced seamstress and make many of the family garments, you may like a copy of a new bulletin that has just come to us from the Illinois Cooperative Extension Service. It's called "Making a Tailored Garment" and Michigan State University has had it reprinted for use here. It contains directions and illustrations for making tailored buttonholes, pockets, set-in sleeves and includes also those preliminary steps of selecting fabrics and supplies, cutting, marking and stay-stitching. It's yours for the asking. Just call Eleanor Densmore, GL 9-4471.

There are two kinds of secrets: those that are not worth keeping, and those that are too good to keep.

Sparked by three second quarter touchdowns, the Forest Hills Rangers handed Rogers High their fourth consecutive loss in four years of O-K League competition by a score of 27-6. The Rangers got good performance from the senior class members on the squad, with Gary Knapp getting two touchdowns, Wayne Blocher and Bob Burkhead one each, and linemen Ted Ray and Gus DeMincek playing strong defensive games. The win was a fine team effort by the Rangers, and their best showing of the season.

The first quarter began as the teams exchanged punts and fumbles, but neither team was able to build a sustained drive from the mistakes. The major offensive highlight was a 35 yard dash by Forest Hills' Bobby Burkhead, which put the Rangers in good position to score, but the ball was fumbled and the drive halted. The ball having changed hands, Rogers was not able to move and was forced to punt. Linebacker Ted Ray broke through the Rogers defense to block the kick and pursued the rolling ball all the way to the Rogers 10, where he recovered it. The Rangers were, however, unable to capitalize as penalties and the tough Hawk line stalled the drive.

Taking over, Rogers advanced the ball five yards in two plays to the 15. On third and five, Hawk quarterback Brian Baker fumbled in the backfield. Forest Hills recovered, and the quarter ended with the Rangers knocking on the touchdown door at the Rogers 15.

Penalties moved the ball back and forth for four plays, but from Rogers' 23 Berk Freeman fired a 12 yard strike to end Ron Dunlap to put the ball on the 11. From there halfbacks Dale Hill and Wayne Blocher took turns cracking the Hawks line for short yardage. Blocher went over left tackle for the first Ranger marker of the evening. Taking a handoff, Blocher followed the same route for the conversion and Forest Hills moved out in front, 7-0. Taking the kickoff, Rogers could not move against the tough Ranger line, and was forced into a kicking situation. Freeman began to fill the air with footballs, heaving a 28 yard aerial to Gary Knapp and a 15 yard swing pass to Burkhead.

With the ball on the Rogers 22, Freeman called Knapp's number and the speedy halfback responded with a gallop to paydirt behind some fine blocking. Blocher ran his second conversion, and the score stood 14-0 for the Rangers. Good pass defense by Dunlap and Freeman gave the ball to Forest Hills after the kickoff. Burkhead

returned Rogers punt to Forest Hills 49, Freeman then unloaded a 51 yard bomb to Knapp, who cut from the sideline to the middle of the endzone. The conversion pass was no good, but Forest Hills held a sizeable 20-0 lead at halftime.

The third quarter saw Rogers begin to move the ball with the power smashes of Bob Ahstun and Brian Baker paving the way. Rogers penetrated to the Forest Hills 20, but here the Green and White stiffened and took the ball on a fourth down play. Freeman, a sophomore, started his club upfield with a diversified attack of running and passing, featuring the Ranger backfield of Prusak, Knapp, and Blocher. Playing control football for most of the quarter, the Rangers moved down to the Rogers 29, where Dave Prusak fumbled and Rogers recovered.

The quarter ended with the Hawks in possession at that point. The Rogers club was again stalled by a fired up Ranger aggregation, and had to kick out of danger. Taking the ball once again, Freeman moved the club up to midfield where he sent Bob Burkhead through the line on a power play. He outraced everybody to the endzone, and the Rangers had 6 more points. Hill bolted over for the conversion and it was Forest Hills 27, Rogers 0.

Rogers ran three plays following the kickoff. On the third play Brian Baker hit halfback Lee Brandyberry with a 22 yard scoring pass. The conversion attempt was blocked, and with five minutes remaining, the score stood at 27-6 for the Rangers. Reserves went in for both sides at this point, and there was no further scoring. Dunlap intercepted a Rogers pass at the end of the game, but there was no advance.

The Rangers will play Friday night at 7:30 in the final 1963 game against Kentwood at Forest Hills.
