# Suburban LIFE

Serving The Forest Hills Area

VOLUME NINE THURSDAY, JANUARY 23, 1964 NUMBER FORTY-FIVE

## School Plans Include Music Rooms

The bond issue being presented to voters this March 3rd includes two new music rooms at the high school. Vocal music and instrumental music rooms are planned as additions to the existing multi-purpose room.

This addition as the industrial training addition on the Shop building is being requested to improve the high school program. These facilities will also provide room for future enrollments.

The only instructional area provided at the present time is the stage in the multi-purpose room.

School officials indicate that if Forest Hills serves up to fifty percent of the students with music instruction as do other schools, these new rooms will provide adequate space. Over four-hundred children will receive musical instruction if facilities are available.

Along with the music rooms a small boiler room will be constructed to heat the new rooms and the multi-purpose room. This utility will eliminate the overload on the main boilers during cold weather and will compensate for the extra heat demanded of the central boiler room for the Shop addition. The cost of the new music rooms, boiler room and storage rooms is estimated at \$89,900.00.

### New Pharmacist

Customers entering the Cascade Pharmacy at 6859 Cascade Road, S. E., will see a new face behind the pharmaceutical counter.

Daniel Ghareeb, a registered pharmacist, comes to the Cascade area after serving 4 1/2 years with the Armour Pharmaceutical Company. Previous to that he worked one year with Medical Arts Pharmacy.

He graduated from Ferris State College's School of Pharmacy. Mr. Ghareeb is married and has two children.

### C. Y. F. Bake Sale Saturday, Jan. 25

The C.Y.F. of the Cascade Christian Church will have a Bake Sale at the Cascade Pharmacy on Saturday, January 25, beginning about noon. Baked goods are being solicited.

A special feature of the Bake Sale will be Mrs. Quiggle's homemade bread.

## Object . . . Success

A new column, "Object; Success" is presently taking form. The objects of this column are essentially worth while and you are invited to participate in our worthy attempts.

### Objects of Column

The object of the column; 1. To help youths decide on vocations, 2. Prevent high school drop outs, 3. Adults who are specialized to share knowledge, experiences and inspire positively youths to help them determine future steps in life. Encourage continued education.

The column will, at first, consist of two weekly letters, one addressed to boys and one to girls. It should contain information which you feel will positively enlighten, encourage and inspire them.

The letter written in personal form should contain thoughts concerning; 1. How you originally began vocation, 2. What inspired you, 3. Why you like your profession, 4. Possibly experiences, humorous or otherwise to give letter personal touch, 5. What satisfaction has been achieved.

Your letter could be read by thousands as there is hope of enlarging this idea into the daily newspapers. You can see the potential importance of our aims.

Please limit letter to 300-400 words. If any further information is required, we will be happy to assist you.

In attempting to promulgate this work, it is with deep gratification that we hopefully anticipate a prompt return of your contribution of time and thought on paper. If you would like to share your experiences write, Object Success, Box 128, Lowell, Michigan.

This column is the idea of Mrs. Paul Gabriz, 3186 Behler Dr., who has been interested in the problems of the youth of the community in their quest for their future work.

Mr. and Mrs. Paul Gabriz have resided in this area for the past ten years, they have a boy 16 and four girls ages 6 to 10 who attend Cascade School. Mr. Gabriz is district sales supervisor for a national food distributor in Grand Rapids.

Mrs. Gabriz, a registered nurse, served as a Navy nurse for 3 years, presently is a teacher of high school religion at St. Roberts Church in Ada, and aware of the problems that youth face in searching for a life-time occupation. This column is an attempt to help. Next week she will start the column with her own experiences in going into nursing.

### Face Byron Center Wyoming Vikings Edge Rangers 56-54

Despite a valiant effort by the Forest Hills Rangers, Wyoming Park High School picked up its fourth league win Friday, 56-54. The Vikings utilized a hot second half along with rebound supremacy to break the tie between them and the Rangers.

The team went into the contest with identical 3-2 records, good for a third place tie in the O-K League race. Wyoming had defeated previously unbeaten Hudsonville in its last outing, while the Rangers took the measure of Kelloggsville last Friday.

Wyoming did not unveil its highly touted fast break until the last quarter, as Rich Pullen led his team with 10 second half points, mostly on layups.

Forest Hills forged into an early lead as the backcourt men were able to break the Vikings' full-court press effectively, and the front line rebounded well on both boards. Big Jerry Jenkinson spearheaded the Wyoming attack as he proved himself a strong rebounder and scorer.

### Lead At Halftime

The Rangers shot well from the outside, however, and went to the dressing room with a 29-23 lead at the half. Forest Hills had led by as many as nine points during the first half. The Rangers experienced a brief cold spell at the outset of the second half, while Wyoming seemed to find the range.

Pullen and Bob Hoffert stung the Rangers with a variety of shots, while Jenkinson continued his relentless domination of the boards. Wyoming moved to a 44-39 lead at the end of the third quarter. Forest Hills' Jim Jones picked up the slack for the Rangers in the final stanza, as they rallied to come to within two points of the winners in the closing minutes.

Coach Jerry Dangel's crew called timeout with one second to go, but a desperation shot was not good and the Rangers suffered their third loss of the season, all in league play.

### Jones Big Scorer

Jenkinson netted 15 points and Pullen 14 in a winning effort for Wyoming, while Jones led all scorers with 20 points and Kent Fisher added 12 for the Rangers. Big Steve Johnson of Forest Hills turned in his finest performance of the year with 11 points and a major share of the Ranger rebounding output.

### O-K LEAGUE STANDINGS

Rogers	5	1
Byron Center	5	1
Hudsonville	5	1
Wyoming Park	4	2
Forest Hills	3	3
Lee	2	4
Kelloggsville	0	6
Kentwood	0	6

### Two Home Games

The Ranger sports scene again focuses on basketball this week with two home games appearing on the schedule. On Tuesday night, the Rangers take on Comstock Park of the Tri-River League. Comstock features 6-5 George Buth, 5-7 Larry Grose and 6-2 Bill Klai-ber for its scoring punch. Ben Gibson, 6-3, recently returned to the Panther lineup after a football injury and figures to strengthen the defense.

Friday, the Rangers swing back into league action with a battle against Byron Center, currently tied for the league lead with Rogers and Hudsonville. The Bulldogs possess a solid attack with Phil Wiltzer, Roger Shoemaker, Dave

### Last Day To Register Is Monday, February 3

5 p. m., February 3rd, 1964 is the last day of registration. An adult over 21 years of age who has resided in Michigan for six months and in the school district for thirty days is an eligible voter. Registered voters owning property assessed for property taxes or the husband or wife of such a person is allowed to vote on the school bond issue.

People in the following categories should register with their township clerk before 5 p. m., Monday, February 3rd.

1. Have moved into the district and have not registered.
2. Have moved within the school district from one township to another.
3. Have not voted in a County, State or National election for the past two years. (Voting in school elections does not renew registrations.)
4. Have recently passed your 21st birthday.

The Board of Education of the Forest Hills Public Schools is urging everyone to register and to vote in the March 3rd special School Election.

### Set Plans to Close School In Bad Weather

The relatively mild weather recorded in our area this winter may have a tendency to have the general public forget about weather so severe that schools must close.

School officials indicate that the same method of postponing school used last year is planned for this year. Severe snow or ice storms will be judged in terms of safe bus transportation.

School employees will check the roads beginning at 4 a. m. The State Police, the Road Commission and residents in outlying areas will be contacted. If buses cannot run the routes, radio stations will be contacted on or before 6:30 a. m. The stations to be contacted will be WOOD, WGRD, and WLAV. All of these stations will be able to announce a school closing by 7 a. m.

The same stations will be contacted during the day to announce an early school closing because of severe weather conditions.

January is March of Dimes month.

### Square Dance Scheduled At Ada Gym Saturday

Square dance on Saturday, January 25 at 8 p. m. in the Ada Gym with Bob Darby calling the dances.

Hosts and hostesses for the evening are Achsa and Merlin Hulbert, Joan and George Herrity, and Vivian and Herb Libby.

### Firemen Erect Skating Rink

Under the direction of Jack Buys, the firemen of Cascade have made an ice-skating rink for the children of the community. This rink is located next to the fire station on the property of Mrs. Nick Stellin.

John DenHouten bulldozed the ground so that it was flat enough to flood. Milt Heaven and Paul Slater put up the lights for the skating at night.

Because of the thaws we have had, it is "out of order" for now. As soon as the weather is cold enough again, there will be skating for the rest of the winter.

### Sure, It's A Pressure Group Attempt To Awake Interest In P. T. A.

By Duane W. Smith, Publicity Chairman Kent County Council of Parents and Teachers

Dr. Carl Anderson, a Swede from Eastern Michigan University (Ypsilanti) with a yen for skiing with his wife and two children and with a special yen for his chosen educational fields of History and Political Science, jolted the more than one hundred officers and members of the various Kent County PTA units who gathered at Northview High school Tuesday January 14, with his demand that the local PTA's respond to the challenge of leadership and provide direction to Michigan's legislative program.

The educator, who is also Legislative Chairman of the Michigan Council of Parents and Teachers, struck the first blow in his effort to awaken renewed interest in legislation by asserting flatly: "The PTA is a pressure group—not an emotional pressure group, but a pressure group."

"There is nothing incongruous in this," he continued, "and when it ceases to be a pressure group, I'll step out."

Lashing out at our "consistently inconsistent attitude toward government," the speaker pointed to the 1930's as a time when professional men refused to participate in the legislative process.

"In the 30's, this (Politics) was left a void," he declared. "We sent many unqualified people—even two or three jail birds—to the Legislature."

Stating that the era of the 60's will be even more difficult than the 30's, Dr. Anderson said that in his opinion the implementation of the new State Constitution will be the most important legislative process of the next few years.

"Politicians are not leaders," the educator declared, doubtless to the surprise of many. "They are followers; they go where the need is shown to be by their constituents."

All through his address, the speaker expressed his belief in the importance of legislative direction coming for local groups and from informed individuals.

"All changes have started in the

### Annual Fire Report Made; Fire Runs Down In Ada During 1963

Howard Butts, Ada Township fire chief, Tuesday issued the official report of the fire department for the year ending December, 1963.

In his yearly report, Mr. Butts brought forth the fact that 208 residents secured burning permits in the township, as compared to 83 during 1962.

Forty runs made by the unit during 1963 included 3 house fires, 5 truck and tractor fires, 1 car fire, 1 resuscitator assistance, 1 help remove corpse from river, eleven assistant runs, and eighteen grass fires. Five more runs were made during 1962.

Twenty-six acres was destroyed by the burning of grass, woods and swamps; in 1962 a loss of thirty-five acres was taken.

Property and content losses suffered during the past year totaled \$2,110, while the property and contents saved were \$20,150. The figures compiled by Mr. Butts in 1962, showed the losses at \$23,410, and the amount saved at \$36,500.

### Seek Stamps For New York Trip

The Orthopedic High School Senior Drive to collect enough green stamps to earn a trip to New York and the World's Fair was given impetus this week by the announcement that libraries throughout the county will act as collection points.

Anyone in Lowell, or in the surrounding area, wishing to share stamps with the students may leave them at the Lowell Branch Library which is open Tuesdays from 9 a. m. to 12:30 p. m. and 1:30 p. m. to 8:30 p. m.; Fridays 1:30 p. m. to 8:30 p. m. and Saturdays from 12:30 p. m. to 5 p. m.

In May the seven seniors hope to take their annual trip to see the fair, the Empire State building, Chinatown and other tourist attractions.

Each year since 1952 the South Kiwanis Club has partially financed their trips by making up the difference between what the students are able to earn and the actual cost. They have also provided other incidentals necessary.

But each year the students earn the major part of the cost. In the stamp collecting project they will be assisted by underclassmen, who are also members of the school's Helping Hand Club, who believe in "extending the helping hand which has been extended to us."

Other fund raising group projects have been rummage sales and the sale of Christmas wrappings and Easter baskets.

The ten year old Orthopedic High School offers the same curriculum as other schools. Affiliated with Central High, the students graduate with its seniors and are members of its Student Council. Many Orthopedic graduates go on to college; one is now attending Grand Valley State and one, Dav-erport Institute.

Extra curricular activities at the school include a Christmas potluck, monthly senior home parties, club activities, trips to the museum and other points of interest, and an honors night graduation program in June at which scholastic and citizenship awards are given. The school also has a Parent-Teacher-Student Association which many students attend regularly.

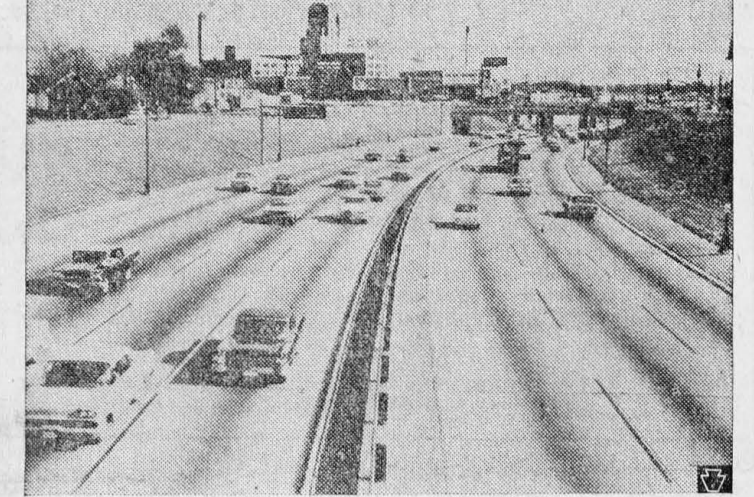

A doctor and two chaperones will accompany the students to New York.

The stamp collection will continue until May. Stamps may also be mailed to the school at 758 Eastern.

January is March of Dimes month.

### Head-On Collision Nemesis

Head-on collision fatalities are a thing of the past on Detroit's John C. Lodge and Edsel Ford expressways. Since 1958, when median steel beam guard rail was installed on both highways to separate traffic moving in opposite directions, there have been no head-on collision deaths due to vehicles crossing over the median. Previously six persons were killed in head-on collisions when cars crossed over the median strip. Head-on collisions cause 5,800 automobile fatalities annually. Steel median guard rail's success in stopping such accidents is spurring its use throughout the country.

### Arrest Men For Gilmore Robbery Tuesday Morning

Sheriff Arnold Pigorsch reported that two brothers who have admitted to robbing Gilmore's Sport Shop last Monday are now in jail and will be arraigned in court Wednesday morning. A third man, who is a relative of the pair, has been arrested and is being brought back to Kent County.

According to a confession of the brothers, Burt Burns, jr., 29, and Alfred Ronald Burns, 26, they drove to Gilmore's, smashed in the door and carried out the guns, ammunition and merchandise in about 10 minutes. They continued on to Lowell, where they got gas and went up M-91 to Greenville.

In Greenville they broke into the State Liquor Store and stole 17 cases of whiskey valued at \$1,097.

A tip to the sheriff's department and Grand Rapids police on Monday night resulted in a raid that discovered about one-third of the stolen loot in the basement of the robbers' residence.

Two other brothers, Kenneth and Donald Burns, have been arrested by Grand Rapids Police for receiving stolen property.

### Retired Welder Arthur Bleam Dies; Rites Held

Arthur Bleam, 70 years old, of 4644 Buttrick Avenue S. E., passed away last Thursday in Butterworth Hospital after a long illness. He had lived in the Grand Rapids area for about 25 years.

Born in Ontario, Mr. Bleam was raised on a farm at Clarksville, near Lake Odessa. He was a welder 12 years for Kelvinator Division, American Motors Corp., retiring in 1958. He was an Army veteran of World War I and was a member of Post No. 830, Veterans of Foreign Wars.

Surviving are his wife, Florence; a daughter, Thelma, at home; a son, Arthur of Hastings; a sister, Mrs. George Skedgell of Nashville; and two grandchildren.

Funeral services were held Monday afternoon in the Sullivan Chapel with Rev. George M. Martin officiating. Burial was made in the Mennonite Cemetery, Elmdale, Campbell Township, Ionia County.

### Cascade Building Permits Issued

The building permits that were issued in Cascade Township during November and December are as follows:

- November: Henry Doll, garage; Arnold V. Ellinger, dwelling; Robert Hanes, two-stall garage; Bernard Sobotka, garage; Robert Wolf, three-stall garage; O. J. Kersting, remodeling of home; Mel Dosenberry, breezeway; and Jene Smith, dwelling.
- December: Andrew Vandenberg, new dwelling; Frank Buys, dwelling; Dan Decker, dwelling; and Bernard Sobotka, remodeling of bedroom.

### newest arrivals

Mr. and Mrs. Gary DeArmond of 8550 Dygert Drive, Alto, are the parents of a baby boy, born on January 14 at Blodgett Hospital. The baby has been named Shawn Edward and weighed 7 lbs. 13 ozs. Mr. DeArmond is the son of Mr. and Mrs. Lyle DeArmond of Wendell Street, Cascade.

### SERVICEMAN'S NEW ADDRESS

S. A. Gordon Farlee, 350-906, Em. B 16-14-63, Em. School, U.S.C.G.T.S., Graton, Conn.

### Organize Industrial Committee To Encourage Area Development

Members of a newly formed, and as yet unnamed, civic group held their first meeting last week at the Forest Hills High School. Richard Seppanen, President of the Cascade Businessmen's Association, fostering organization, expressed the hope "This might be the beginning of a strong effort to increase the tax base and employment activity needed to support our expanding local economy."

The Cascade Township Board recently passed a zoning ordinance setting aside segments of the township for industrial, commercial and business buildings and controlling the type and extent of buildings. Ada Township is at present working on a similar ordinance. Proper development of these industrial parks and business communities, it is felt, would help support the local school and township tax needs. A large industrial park has been zoned by the Cascade and Caledonia Boards around the new Cascade airport and along the railroads. Additional business property is set aside bordering 28th Street and elsewhere in the townships.

### 75 Mothers To March For Dimes

Over 75 mothers in the Cascade area will combine their efforts next week in the annual March of Dimes, Chairman for the Cascade area is Mrs. James Banta, and she has announced the following Captains and Lieutenants:

Under Mrs. Robert Masten, Captain is Mrs. Peter Paap, Mrs. Roger Plank and Mrs. Lester Williams. Mrs. John Breidenfeld has as her Lieutenants Mrs. Don Heaven, Mrs. Andrew Vandenberg and Mrs. Lee Patterson.

Working with Mrs. Martin Postma are Mrs. Henry Hoffman, Mrs. Richard Crosby and Mrs. Jerry O'Neal. With Mrs. Fred Carr are Mrs. Robert DeKam, Mrs. Kenneth Kleinheksel, Mrs. Jack Dean and Mrs. Marion Sanderson.

Mrs. Robert Barfus has as her workers Mrs. Burt Marvin, Mrs. Robert TenBrink and Mrs. Donald Ringewold.

### Orchard View Study Club Will Meet January 23

Orchard View Extension Study Group will meet in the home of Mrs. Al Schmidt at 2679 McIntosh, N. E., on Thursday, January 23.

The pot-luck luncheon will begin at 12 noon and the lesson will start at 1 p. m.

The topic of our lesson is "Responsibilities and Privileges of a Citizen". We would like to invite all the ladies in the area to come.

### Athletic Group Meets Thursday

Due to conflicting programs, the Ada Athletic Association will hold its annual meeting in the Ada School cafeteria this Thursday, January 23, instead of the Town Hall as previously reported.

Gerrit Slanger, president of the association, announced this week that those in attendance will be electing new officers for the season, and discussing the business and activities of the year.

The annual meeting will start at 8 p. m. and association members along with any other interested persons are urged to attend.

## Good Breakfast Is Basic Need

For a number of years doctors and nutritionists have been studying the effects of eating breakfast as compared to going without breakfast. Children, adolescents, young men and women, and older men have been included in studies. Again and again it has been found that a good basic breakfast improves physical strength, and men-

tal efficiency in all age groups. Among children and adolescents, those who always eat breakfast more nearly meet the day's nutritional requirements. Eating snacks and longer lunches does not make up for the lack of breakfast. Young boys and girls, men and women are more alert and able to do better in school and on the job after having eaten a good breakfast.

There is ample proof that a good breakfast is a basic nutritional need. But it is an important meal too from the standpoint of being the pacemaker for the days activities. If breakfast is pleasant and enjoyable everyone is on the way to starting the day right. Children enter school and play with enthusiasm; working people go to their jobs with interest and zest; homemaker's routine tasks seem easier. When shared by several in a group, be it family, friends, or co-workers, breakfast becomes a daily experience which promotes unity, fellowship and good mental health. Try it tomorrow.

### Suburban LIFE

Those who desire to unite with the Trinity congregation must attend this class and will be admitted to membership during Holy Week. However, attendance at these meetings does not commit you to membership. Every one is welcome. Also on February 16, it will be Parents' Night. Parents will be entertained by their Junior and Senior Lutheran Leaguers. Reserve this date.

Saturday, January 25, Senior Lutheran League will have a toboggan party. They will meet at the church at 7 p. m. and go to Indian Hills for tobogganing. Refreshments afterwards will be served at the parsonage.

Sunday, January 26, this Sunday is designated as Youth Sunday by the Lutheran Church in America. The High School Girls' Chorus will provide special music and young men will assist with the service.

### DOUBLE MILK IN MENU

For extra milk in your family menu, use dry milk double strength in puddings and pie fillings, say Michigan State University home economists. You can also use milk instead of water in cooking cereal.

## Tax Payers Now On 'Identity File'

Internal Revenue Service today announced completion of a "National Identity File" consisting of a nationwide listing of taxpayers for the first time in history.

Internal Revenue said individual tax returns filed in 1964 will be checked against this listing.

The "National Identity File" is the first nationwide application of Internal Revenue's new automatic data processing (ADP) system, which is centered around the National Computer Center at Martinsburg, W. Va., and is being installed by stages.

The nationwide listing, Internal Revenue said, provides an effective basis for identifying and locating taxpayers regardless of whether they move from one area to another. It will help in the detection of failures to file returns, duplicate or multiple filings, erroneous social security numbers, and other discrepancies.

As of January 1, with new regional service centers at Austin, Texas, and Cincinnati, Ohio, becoming operational, about half the nation's businesses will have their Federal tax returns processed electronically. Seven states in the Atlanta Region, and five in the Philadelphia Region already are processing federal tax returns through the new computer system.

In addition, three long-established area centers at Lawrence, Mass., Kansas City, Mo., and Ogden, Utah, have now been redesignated as regional service centers. This redesignation has been made as the centers prepare for incorporation into the electronic system by January 1, 1965, at which time Internal Revenue's ADP will be in operation nationwide.

Under Internal Revenue's ADP system, information from tax returns is converted to electronic tape at the regional service centers, and then processed through the master file of taxpayers accounts maintained at the National Computer Center at Martinsburg, W. Va. Individual accounts for each taxpayer are kept up to date on electronic tape.

Internal Revenue said the ADP system will provide better service for taxpayers, improve the compliance capabilities of the tax agency and greatly improve tax

administration generally. The new service centers, operational for the first time in 1964, are located at Austin, Texas, and Cincinnati, Ohio.

The Austin Center, serving Internal Revenue's Dallas region, initially will process tax returns filed in the states of Texas, New Mexico, Arkansas, Louisiana, and Oklahoma, Wyoming, Kansas, and Colorado will be added next year.

The Cincinnati center, located in temporary quarters until a new building is completed in nearby Covington, Ky., in 1964 will handle returns from Ohio, Indiana, Kentucky, and West Virginia, adding Michigan later.

The service center at Philadelphia began processing returns last year for Pennsylvania, Maryland, District of Columbia, New Jersey and Delaware. Virginia will be added later.

Internal Revenue's Atlanta region where returns have been handled within the computer oriented system since 1962, comprises Georgia, Alabama, North Carolina, South Carolina, Mississippi, Florida and Tennessee.

The National Identity File will provide an immediately available procedure for electronic checking of the more common deficiencies in income tax return filings while the complete system is being installed. It will replace slower and more cumbersome manual methods that have been employed at district offices of Internal Revenue.

In compiling the national taxpayer list, the existing area service centers pooled their facilities with those of the new regional service center and the National Computer Center where the list is maintained on electronic tape.

Internal Revenue said the early development of the National Identity File was facilitated by excellent cooperation of taxpayers in supplying their social security numbers as required by law, and in obtaining such account numbers when needed. More than 3½ million original or replacement social security cards have been supplied taxpayers needing them in 1963, and this program is substantially accomplished.

However, Internal Revenue said a survey of returns filed in 1963 disclosed a considerable number of errors, and it urged that extra care be used in listing social security numbers on tax documents. It suggested that numbers be taken directly from the social security card itself, or if taken from other documents, be checked against the original card.

**Led Around By The Nose**

Do you know someone who gets led around by the nose? It's a disgusting spectacle. You wish the man would stand up for his rights. I suppose a bull lets itself be led around by the nose because it hurts to resist. A good pull on the rope that's tied to the ring in his nose must be painful. So the bull submits to the will of his master, though he may fume with rebellion inside. No one likes to be bossed, but there are some who seldom dare say what they would like to say, for fear of some sort of retaliation. They do not dare do what they would like to do; they hardly even dare do the right. Somebody will get mad at them, and so... Does God lead people around by the nose? Do some who call themselves Christians go to church because they "have to"? Do they do what the church says because they are afraid not to? Are they good because they know God punishes sin? Well, that is not Christianity. A Christian goes to church because he loves the God who saved him from sin. He does the right because he wants to please the God he loves. He is led around by the heart strings. Nobody wants to be led around by the nose. But to be led around by the heart strings is quite different. If you should want to break them, they are broken easily enough. But who would want to? The heart strings never hurt! M. Schoolland
