William Idema PTA president

At a meeting held in the teacher's lounge of the Forest Hills High School, September 22, the P. T. A. executive board and the newly-appointed committee chairmen formulated plans for what promises to be an interesting and informative year.

The officers for this year are William Idema, president; Kenneth Clapp, vice-president; John Wardrop, teacher vice-president; Mrs. William DeGood, secretary; Mrs. Martin Koert, treasurer; Howard Dalman, high school principal; and Clarence Boerman, junior high principal.

Committee chairmen are Mrs. Lucille Shryer, publicity; Mrs. Dorothy Koessel, membership; Mrs. Virginia Waterfield, PTA magazine; Mrs. Myra Dunlap, hospitality; Mrs. Bonnie Doyle, dancing class; Mrs. Wilma MacIntyre, citizen's committee; Mrs. Cheryl Hall, school board representative; and Mrs. Dorothy Stevens, health.

The program for the year, while not complete, has set up the following dates:

October 13, potluck dinner; November 19, high school open house; January 28, spaghetti dinner.

Plans for two other meetings, February 25 and April 22 are still in the formative stage and announcements concerning these will be given later on.

Mrs. Ann G. Blanton dies at home Sunday

Mrs. Ann G. Blanton, 32, died at her home, 2551 Cascade Springs Drive, S. E., on Sunday, September 27, after a long illness.

Memorial services were held on Tuesday in Cascade Christian Church with the Rev. Raymond Gaylord officiating.

Surviving are her husband Joseph Blanton; a daughter, Molly Ann; and her parents, Mr. and Mrs. I. N. Graves, all of Cascade.

St. Roberts to sponsor annual ham dinner

St. Robert's Church of Ada will have their 12th annual Ham Dinner in the church auditorium on Sunday, October 11.

The dinner will be served family style from noon until 4 p. m. at a cost of \$1.50 per adult and 75 cents per child between the ages of 5 to 12 years.

We extend a welcome to every one to join us at dinner and, at the same time, to enjoy the color tour around Ada.

Bookmobile service underway at two locations in area

Community bookmobile service started Monday, September 28, at Cascade Drug Store and on Wednesday, September 30 at Eastmont Shopping Center. The library truck will be at these locations weekly from 12 to 6 p. m.

This is on an experimental basis through January 1965 when a survey of the patronage of the units will be studied to consider continuation of the program. Where there are permanent library facilities the townships and cities are charged in proportion to their use of the library service.

The Michigan International Farm Youth Exchange (IFYE) has exchanged 70 youth with 43 foreign countries since its origin in 1947.

Rangers roll, top Byron 43-12

The Forest Hills Rangers showed last Friday why they have to be considered one of the top teams in the OK conference this year.

In their league opener against Byron Center the Rangers powered their way to an impressive 43-12 victory.

The Rangers dominated the entire game and seemed to be able to strike at will.

Strike Quickly
Forest Hills struck quickly in the first quarter. After receiving the kick-off, they drove deep into Byron Center territory. After having one touchdown run by Ron Dunlap called back because of a penalty, Ron broke loose again and raced 26-yards for a score.

The next score came on a punt return. With Byron Center unable to move the ball

against the staunch Ranger defense, they were forced to punt. The punt was fielded by Jim Jones, Jim, upon catching the ball, ran to the sidelines and raced 54-yards for the score.

The Rangers continued to roll with another score, this time by a pass. With the ball on the 30-yard line of Byron Center, quarterback Jim Jones fired a pass which Dave Courtright made a fine catch on, and went in for the score.

Half Time Score 24-0
Jim Jones scored the final touchdown in the first half, when he ran around end and sprinted into the end zone.

At the half the Rangers held a commanding 24 to 0 lead.

The third quarter was the same as the previous two, Dale Hill opened the scoring when he sprinted up the middle for 42-yards.

Dale McFarlan added another 6 points in the fourth quarter, when he broke loose and sped 53-yards for the games longest touchdown.

Hill Scores 2nd TD

The final Ranger score came when Dale Hill powered his way around end for his second touchdown of the game.

Byron Center managed to keep from being shutout by scoring twice late in the game.

The first score came on a pass from Doug DeBore to Buggs Hibbits and the second on a pass from Buggs to Ed Hasse.

The story of the game can be told by the fact that the Rangers gained a total of 310 yards in the air and on the ground and seemed to be in complete control.

Reserves Also Roll

The Forest Hills Junior Varsity defeated the Byron Center JV's 31 to 6.

The Reserves like the varsity were led by a fine offense and a great defense.

Gary Crinson led the Ranger offense with two touchdowns. Tim Gitzen threw two touchdowns passes to Tim Moore and Chuck Reingtes and Brete Tuttle returned a kick-off 70-yards for the score.

Face Kelloggsville

The Ranger's next game is a home game this Friday against Kelloggsville, beginning at 7:30.

The Reserves play Thursday at Kelloggsville beginning at 7.

Little Red

The Kent County Council of Parents and Teachers will hold their October meeting at Comstock Park High School, Tuesday the 6th, at 6:30 p. m. A dinner meeting is scheduled at this time for the benefit of men and women who cannot meet in the daytime. Many excellent workshops will be available, they are as follows:

First conference includes Presidents, Vice-presidents, and program, lead by Mrs. James Holmes, Bernard Spaulding, also Robert Plank.

Second conference includes secretaries, parliamentarian, by-laws lead by Mrs. Donald Veltre, Mrs. George Brouwer, and Mrs. William O. Tetra.

Third conference includes treasurers, budget and finance, and raising and using P. T. A. funds, lead by Mrs. Harold Beamer.

Fourth conference includes hospitality, room representatives, and membership, lead by Mrs. Robert D. Mills, Mrs. D. A. Stultz, and Mrs. George Hulst, jr.

This meeting offers a great opportunity for the men especially in our P. T. A.'s to learn about their particular jobs. We sincerely extend an invitation to all P. T. A. people to attend this program.

Our Cascade vice-president, Fran Wiersma, has scheduled a very interesting and informative program for the evening of our potluck Tuesday, October 6.

A delicious dinner will be served at 6:30 p. m. followed by a panel discussion on PTA with Mrs. Nelson and Theodore Lesari, representative of PTA, as our guest speakers; and our superintendent, Mr. Masten; our elementary principal, Mr. Price; and our Cascade principal, Mr. Rood, as members of the panel.

This meeting is one of the most important of the year, and will provide an excellent opportunity to become acquainted with our school officials and teachers. We hope to see a large percentage of the membership in attendance.

The Library Committee is happy to report that the new library established last year by the Mothers' Club opened for the first time this year last Thursday, and the children were thrilled with the opportunity to select and enjoy the books provided.

The library will be open all day each Thursday. The committee is headed by Jane Belding and consists of the following members:

Peg Zoellmer, Barb Champion, Marjorie Masten, Peg Darcangelo, Helen Dole, Phyllis Hamer, Virginia Gregory and Jane Hardwicke.

Anyone interested in either working in the library or visiting it to inspect our facilities is most welcome.

100th birthday party set for Cascade church

The 100th birthday of the founding of the Cascade Christian Church will be observed next Thursday evening, October 8.

In order that all of the little ones might attend the party to see the big birthday cake, the party will be held in Fellowship hall at 7 p. m.

A special tribute will also be given those new members of the church who have joined since last Easter.

A 100th birthday party is a rarity. Be on hand as a church family look back across the first 100 years and look ahead to the second century.

The birthday celebration is being planned under the direction of the Centennial Committee.

Astronaut Cooper will address Calvinist Cadets Wed., Oct. 7

The Fall Rally of the Calvinist Cadet Clubs of the Grand Rapids area will be held in the Civic Auditorium Wednesday evening, October 7, at 7:30 p. m. The meeting is open to the public.

Congressman Gerald R. Ford will introduce the featured speaker of the evening, Astronaut L. Gordon Cooper, who circled the earth 22 times last year. Another speaker on the program will be James E. Webb the head of the National Aeronautics and Space Administration.

Master of Ceremonies will be Jack Someveldt. Special music will be provided by the Grand Rapids Christian High School Band. Stuart Noordyke will be the organist, and the pianist will be Norbel Reens.

The doors of the Civic Auditorium will be opened by 6:30 p. m.

Ada taxpayers group meet on Thursday

There will be a meeting on Thursday, October 1, in the Ada Masonic Temple for the members of the Ada Township Taxpayers' Association.

Discussion will be held on the appeals to the State Tax Commission which were heard on Monday, September 28, in Grand Rapids.

Over 50 taxpayers from Ada Township appeared before members of the commission in hearings, which lasted about three hours.

Look for fire hazards in home

Have you had a good look at your basement or attic lately? Have you peeked into those closets where so many household articles are stored? If not, National Fire Prevention Week, October 4 to 10, is a very good time to check up, says Dr. W. B. Prothro, Director of the Grand Rapids-Kent County Health Departments.

Failure to keep home premises free of rubbish and collections of unused flammable material is the leading cause of home and dwelling fires.

Failure to take proper care in smoking and in the disposal of burning matches is the second leading cause of home fires.

Failure to keep home heating apparatus properly prepared and in good condition ranks as the third cause.

The next three leading causes in their order include failure to eliminate chimney and flue defects, failure to guard against improper use and storage of gasoline, kerosene and flammable cleaning fluids and failure to take proper fire prevention measures for roofs.

Dr. Prothro offers the following important fire prevention rules for every family to follow during fire prevention week which means every week in the year:

1. Keep cellar, attic, closets and other storage places free of flammable accumulations. Dispose of unwanted articles and rubbish every few days.

2. Remind members of the family never to smoke in bed or while dozing on the couch. Remind them to use only authorized receptacles for discarding cigars, cigarettes and pipe embers. Remind them to make sure that matches are extinguished before discarding and that they are stored well out of reach of children. Safety matches are recommended.

3. Make it a rule to have all home heating units inspected before being used each Fall. Make sure that all responsible members of the family know how to operate each piece of electrical apparatus used in the home. If any defects are noted in cords or units, have them repaired promptly. Use only fuses of correct amperage, generally 15 amperes.

4. Have chimney and flue equipment cleaned in the Spring when heating has been discontinued.

5. If gasoline or kerosene is used around the home have it stored outside the building in safe containers. Make it a rule to use cleaning fluids of the non-flammable type and use utmost care in storing even these fluids in a safe place.

6. Have roofs well repaired, well grounded against lightning and free from the dangers of faulty wiring.

7. An approved fire extinguisher is recommended for every home.

If these rules are carefully followed, says Dr. Prothro, your chances of becoming the next fire victim will be considerably lessened.

**Alto 4-H leader
backs club projects**

Project work in breeding or market swine gives Kent County 4-H boys and girls an opportunity to learn about selection, care and management of swine.

Any boy or girl 10 years old and not over 18, as of October 1 may become a 4-H swine club member by enrolling in a local 4-H Club says Mrs. Harold Yoder Alto project chairman.

The swine project is among the most profitable and least risky of all 4-H livestock projects. If you are just starting out, you will find investing in a purebred gilt or sow is a good way to earn money quickly, says Mrs. Yoder.

4-H Club members become leaders as they learn to help others in projects and activities. Encourage boys and girls 10 to 19 to join during the coming year.

PTA will get acquainted at potluck dinner

The Annual Forest Hills PTA get-acquainted potluck dinner will be held Tuesday, October 13, in the all-purpose room of the high school at 6:30 p. m.

This is an opportunity to meet old friends and make new ones, to meet the faculty and their wives, and become a member of an organization whose purpose is to bring parents and teachers together in order to secure the best possible education for our young people.

The program will be brief and consist of introduction of PTA officers, the superintendent Robert Masten, and the new high school principal Howard Dalman, the junior high principal, Clarence Boerman, and the faculty.

Those attending are asked to bring their own table service and a dish to pass that will serve ten. This can be a relish tray, vegetable, salad or dessert.

The main meat course, rolls and coffee will be furnished by the P. T. A. The small charge of 75 cents per couple will pay for these items.

Come out, meet your friends and get to know your child's teachers.

Clarence Klahn reports 4-H experience helps youth in later life

Experiences gained from a 4-H club beef project can help boys and girls in later life, believes Clarence Klahn, Lowell, 4-H club leader.

During National 4-H Club Week, September 26 through October 3, 4-H'ers will begin planning a beef project for the coming spring and summer. Becoming skilled in cattle feeding and management are important phases of this project, says Klahn. Club members learn to feed calves and economically convert forage and grain into beef.

They also learn principles of judging and selection of beef animals. Experience in selecting a few animals can later help the member choose his own herd.

4-H club members become acquainted with the financial side of beef production through purchasing the calf, feed and equipment, marketing the calf and keeping careful records of all expenses and incomes. Besides learning beef management practices, 4-H boys and girls have an opportunity to compete with others in the Kent County 4-H Fair at Lowell. They also learn to get along with people through club meetings and other 4-H activities.

Each year 4-H members sell their market beef steers, lambs and hogs in an auction sale at the Fair. This year 35 beef steers, 36 hogs, 10 lambs were sold. This sale returned to the 4-H members over \$12,000.00.

An example of the kind of educational program conducted for 4-H members was the Carcass Evaluation meeting. Approximately 40 members and leaders gathered at Farmer Peets Packing Co. and looked at their beef steers after the animal was slaughtered. By looking at the slaughtered animal the 4-H members judged the carcasses to determine which was the most efficient beef animal.

The winners of this experience were Jim Crissman, Caledonia; Mike Heft, Sparta; Al Vandentoom, Caledonia; Mike Fales, Sparta; and Joanne Wesseling, Belmont.

These young people will have the opportunity to attend the International Livestock Exhibit in Chicago in November as an award for their 4-H work.

Thousands of young people discover the satisfaction and pleasurable outdoor activities through the 4-H Club horse project.

Whether it is a young foal to be raised and trained or an older horse already partially schooled, each animal presents a challenge to the boy and girl, says Harold Wittenbach, Lowell, local 4-H leader.

During National 4-H Club Week, the boys and girls of Kent County had a chance to review their past year's experiences and make plans for the coming spring and summer.

People interested should contact Dennis K. Sellers, County 4-H Agent, at GL 9-4471.

The dollar doesn't go far now days. Worse yet, it hardly ever finds its way back.

Michigan 4-H Clubs boast over 40 project areas in home economics, agriculture and related areas for their 74,500 members. Join during National 4-H Club Week, September 26 thru October 3.

Forest Hills ministerial association

Four ministers from the Forest Hills Area met at the Ada Reformed church to discuss whether a ministerial association should be formed to serve the Forest Hills Area.

The ministers were the Rev. Lee Dalrymple of the Ada Congregational church, the Rev. Raymond Gaylord of the Cas-

cade Christian Church, the Rev. Sylvester Moths of the Ada Reformed Church and the Rev. Arthur Verburg of the Ada Christian Reformed church.

After an hour of discussion the ministers felt there was a real need for the association, and a ministerial cooperation to meet community needs. The ministers elected a temporary chairman, the Rev. Sylvester Moths and a temporary Secretary-Treasurer, the Rev. Arthur Verburg to serve until the next meeting when election of officers will be held.

This meeting was held on September 14 and the next meeting will be held on October 12 at 9:30 at the Cascade Christian Church located at 2798 Orange St. in Cascade.

Ministers of the Forest Hills Area are urged to be present.

Cinnamon cider new flavor treat

With apple cider production in full swing, fanciers of the tasty product may find themselves trying a new spiced product this year.

An apple processor and the southwest Michigan district extension marketing agent have joined forces in developing a cinnamon flavored cider, a major switch from the conventional apple cider product.

Glen Antle, the district marketing agent, has been working closely with Pat Nichols, an apple cider processor at Spinks Corners near Benton Harbor, in development of the new product.

Nichols, a processor of apple cider since 1947, got the idea for the cinnamon flavored product from a customer's letter complimenting him on his cider and saying how good it was when flavored with cinnamon candy and served warm.

That gave Nichols an idea. So he whipped up a batch of cinnamon flavored cider and provided samples to neighbors for their opinions. After several refinements, they decided that it was a good tasty product.

Nichols asked Antle for help in determining the feasibility of marketing such a product. The first step was to check whether consumers liked it, so Antle arranged a test with the Detroit consumer preference test panel which is supervised by Michigan State University agricultural economists. One-half of the panelists preferred the cinnamon flavored cider over common apple cider.

Nichols plans to produce a limited quantity of the flavored cider this fall and test market it in several states through the roadside stand operators, wholesalers and a grocery chain.

Antle pointed out that the state's giant apple crop is creating a demand for finding additional uses and market potentials for apples. That's why new products such as cinnamon flavored cider may help expand the market potential of apples.

Whether it is a young foal to be raised and trained or an older horse already partially schooled, each animal presents a challenge to the boy and girl, says Harold Wittenbach, Lowell, local 4-H leader.

During National 4-H Club Week, the boys and girls of Kent County had a chance to review their past year's experiences and make plans for the coming spring and summer.

People interested should contact Dennis K. Sellers, County 4-H Agent, at GL 9-4471.

Blaze levels riding stables

A fire of undetermined origin struck the Kentree School of Horsemanship at the Robert Bond farm on Michigan Street, N. E., Saturday night.

Seven horses perished in the flames which also destroyed the 28 ft. x 110 ft. barn, 6,000 bales of hay and riding equipment.

Firefighting units from Ada, Cascade and Grand Rapids station 13 fought the blaze from 9:40 p. m. to 8:10 a. m. on Sunday, in the rain and high winds.

Telephone difficulties delayed the arrival of the departments, resulting in the fire getting a head start. When the units arrived, the roof had already collapsed.

Howard Butts, fire chief of Ada, estimated the damage at \$45,000. Other nearby buildings valued at \$40,000 were saved.

Firemen issue plea to public

Fire Departments in this area are issuing pleas to the public to please stay away from fires. The sight-seers plug up the roads and prevent the firemen from using them. Many times they have to shuttle water back and forth over these roads, and how can they do it if the roads are congested with cars.

Many times in strong winds, burning embers are blown to other homes down the road. Because of the congested roads, they cannot reach these homes with a truck and have to end up walking a half mile or so with a tank on their backs.

As a result, fire loss is much greater—all because of the curiosity of the public. How would these same people feel if it were their home burning, and the firemen could not reach it? This would be a good time to put into practice the Golden Rule.

Wouldn't it be a good idea to hand out traffic tickets to these people? If they had to pay a fine, or sit in jail for a couple of days, they might think twice before they chased the fire engines again.

Michigan 4-H Clubs boast over 40 project areas in home economics, agriculture and related areas for their 74,500 members. Join during National 4-H Club Week, September 26 thru October 3.

The Junior and Senior High combined in the gym Friday, September 18, for a pep assembly.

A good turnout was expected for the home game against Rockford.

College English students went to the RKO Regent Theatre on Wednesday to see the Broadway production of "Hamlet," starring Richard Burton.

Packet pictures were taken of the Junior High, Freshmen, Sophomores and Juniors Friday, in the gym.

The theme of the homecoming dance is "Misty Moonlight." The Senior class will pick five boys and five girls for the homecoming court this Thursday.

The king and queen will be picked by the Senior High two weeks later.

Autumn Glory

"Life Can Be Beautiful." That was the title of a radio serial that ran some years ago. But has it ever occurred to you that dying can be beautiful?

Maybe that sounds like a ridiculous idea, but look around you. The dying summer season is radiant with beauty. Sunlight slanting through the red and gold of the trees has a glow that summer sunlight never attains. We know that autumn's glory is the forerunner of the killing cold of winter, but how beautiful it is!

Sunset often has a similar glory, when the dying day sets the sky aglow with a blaze of color. We know the colors will fade into purple and then grey, and soon night will close around us, but what of the beauty that precedes the coming of night?

Is there symbolism here? Is God trying to tell us, by means of autumn's glory and the sunset's glow, that we need not be afraid of death? Death itself is not beautiful. Autumn's glory always ends with brown leaves falling and all green life nipped by frost; and sunset is always followed by night. But what of it? A new springtime is coming, and a new sunrise will follow night!

So a Christian can face death unafraid, and have a beautiful final sickbed. By faith he knows that a better life lies beyond—by faith in the Son of God who said, "He that believeth in me, though he were dead, yet shall he live." (John 11:25)

PERSONALLY FILMED AND NARRATED TRAVELOGUES

A Community Project of Thornapple Valley Lions Club

"HUNZA LAND"

Renee Taylor

OCTOBER 12, 1964

"HUNZA LAND" is a spectacular color film that transports one to the area of the world that inspired James Hilton's famous novel, "Lost Horizon." Hunza is a postage-stamp kingdom within Pakistan, where the people have mastered the secret of eternal youth! Hunza has been isolated from the civilized world for over 2,000 years, and few people of the outside world have ever viewed this beautiful valley or its nearly 30,000 healthy, happy and friendly people. 16,000 foot passes must be crossed by mule, jeep, or on foot, that are treacherous and dangerous. Renee Taylor successfully completed her expedition to the Roof of the World.

In Hunza—the Valley of Eternal Youth—men and women remain active well past the age of 100 in perfect mental and physical health. Ordinary diseases are unknown, no cancer, or heart attacks. One finds no jails, no police, no army. Divorces are unknown. There is no juvenile delinquency. Fear, hatred, jealousy, crime and war do not exist. Here is a Shangri-La of Love and Peace.

This film brings a complete report of Renee Taylor's expedition to this remote part of the world, retracing the route of Marco Polo. It is the authentic, factual and exciting story about the Hunzakuts' longevity, habits, and customs.

"AFRICAN WILDLIFE IN ACTION"

Larry Linnard

NOVEMBER 16, 1964

DURING THE LAST FEW YEARS, Mr. Linnard has traveled around the world photographing in South America, India, Hong Kong, Japan, and has recently made three trips into the remote interior areas of East Africa where the largest concentrations of wild animals still exist to record and bring back alive by way of movie film as many varieties as possible of the African Animal Kingdom.

Realizing that the African animals are apparently doomed to extinction within the next few years, according to the best known authorities, Larry Linnard camped for months in Uganda, Tanganyika and Kenya while photographing elephants, hippos, rhinos, lions, leopards, hyena, wildebeestes, zebras, giraffes, impala and many varieties of gazelles, antelopes greater kudu and other lesser known varieties. He has created a priceless record treasure for Americans to enjoy of a fast vanishing world of nature.

"HOLIDAY IN QUEBEC"

Howard Pollard

JANUARY 4, 1965

"HOLIDAY IN QUEBEC" is an all-color travel-film of the great province of Canada that is filled with charm of the Old World and the excitement of a new one. Quebec was discovered by Jacques Cartier in 1534 and settled by the French under Champlain early in the 17th century. Quebec has not lost its Old World flavor. Hand looms, outdoor bake ovens and spinning wheels are still in daily use. Although French is spoken throughout the province, most people also speak English. Howard Pollard will bring his interpretation of the historic background of this important part of our neighbor to the north. He will also bring us the usual activities and scenic spots of this colorful area. Impressive buildings in Montreal and Quebec such as the great Chateau Frontenac and Ste. Anne de Beaupre ars included. The scenic attractions of the Laurentian Mountains and the Gaspé peninsula and the important structures of the St. Lawrence Seaway will long be remembered by those who see this travelogue.

"THE NEW HOLLAND"

Harry R. Reed

FEBRUARY 1, 1965

"THE NEW HOLLAND" is Harry Reed's latest production. This all-color, full-length travel film on the Netherlands includes visits to windmills, canals and bulb fields in rippling colors—of course. Wooden shoes, romantic old towns and villages, set amid those scenes of pastoral beauty which inspired the great Dutch artists—are seen. These are the things that everyone associates with Holland. But, that lovely country has many other features—there is a New Holland that is as modern as tomorrow, with skyscrapers, massive apartment buildings, radio and television centers, spacious new factories, auto assembly and ship-building plants, jet planes and ultra-modern airports. "The New Holland" is a film story of the new, progressive, modern Holland softly contrasting with the traditionally old Holland.

"GEMS OF FLORIDA"

Gordon Palmquist

MARCH 1, 1965

"GEMS OF FLORIDA" is a comprehensive coverage of the peninsula state. Florida is 400 miles long with a coastline of nearly 1,200 miles. Gordon Palmquist will give a glimpse of 36 tourist attractions and many other interesting aspects of this vacation area. Highlights include; folk dancing at the Steven Foster's Memorial, harvesting the world's largest orange crop, historic St. Augustine—the oldest city in the country, cattle raising, winter vegetables, Indian crafts, tarpon and bass fishing, commercial shrimping at night, ice skating, swimming, sailing, auto racing and swamp buggies. An important part of the film includes a visit to Cape Canaveral to see Astronauts Carpenter, Sheppard, Glenn and Grissom, and to witness Aurora 7 taking Carpenter aloft and his hero's welcome. Stops are made at Jacksonville, Orlando, St. Petersburg, Key West and Miami Beach. The bird life of the Everglades is also included, in addition to other scenic attractions.

"YUCATAN TRAILS"

Romain Wilhelmsen

APRIL 5, 1965

"YUCATAN TRAILS" is an adventure film that takes the traveler to one of the most mysterious areas on earth, which has now been opened to the United States by road. This all-color film will show the more adventurous traveler just what to expect in this ancient land. Yucatan, Mexico is noted chiefly for its ancient Mayan pyramids. Here the most highly developed civilization in our hemisphere's pre-history developed. Then suddenly all collapsed, even before the arrival of Spain. The temples were emptied of their priestly guardians, incense no longer smoldered upon sacred altars, voices ceased to echo from the plazas. Yet the cities were left untouched, without destruction or alteration, as if their inhabitants had expected to return momentarily. But they did not. Within a century the jungle had reclaimed the ill-fated cities of the Mayas. This is the story of the land, the history and the attractions of this exotic and unknown land.
