Assisting in the crews were Clare Schneider, Jack Buys, Lawrence Koetsier, Grover Buttrick, Harold Gardner, Ed VanderLaan, Keith Wagar.

The first aid men helped in the emergency aid stations, which were set up. They helped in the search of the blown down buildings.

Other members of the fire department used their equipment to open the roads and clear the way for ambulances and emergency vehicles.

Little League registration

The Little League Board of Directors would like to remind boys between the ages of 9 and 15 that next Saturday, April 17, between 10 a. m. and 12 noon is the last chance to register for the 1965 season.

Registration will take place at the Cascade Township Hall. For participation in the Little League, a boy has two basic requirements which have to be fulfilled. He has to be a resident of the Forest Hills School District, and he has to be between the ages of 9 and 15 years.

In order to determine a boy's age for eligibility, the following birthday chart can be used.

From August 1, 1949 to July 31, 1950—15 years.

From August 1, 1950, to July 31, 1951—14 years.

From August 1, 1951, to July 31, 1952—13 years.

From August 1, 1952, to July 31, 1953—12 years.

From August 1, 1953, to July 31, 1954—11 years.

From August 1, 1954, to July 31, 1955—10 years.

From August 1, 1955, to July 31, 1956—9 years.

There has been another change in this chart. Any boy who is 9 years old before December 1, 1965, will be accepted.

The Board of Directors is asking each registering boy to bring his parents and his birth certificate. The fee for the year for each boy will be \$1.25, payable at the time of registration. Remember the date, Saturday, April 17, at the Cascade Township Hall between 10 a. m. and 12 noon.

First Congregational Church of Ada will hold a special service of worship tonight at 8 p. m. commemorating Maundy Thursday, beginning with a reverent sharing of the Lord's supper and then proceeding to the Office of Tenebrae.

The Office of Tenebrae (or Service of Darkening Shadows) is based upon an ancient ritual of the Church, and dramatically recalls the events that led towards the crucifixion of Jesus. The Deacons and the Senior Choir shall conduct this part of the Maundy Thursday Service.

Easter shall be celebrated in the Ada Congregational Church with two identical services of worship at 9 a. m. and 11 a. m.

The Junior and Senior Choirs will take part in both services. There will be no Church School on Easter in order that children may attend worship with their families.

College planning conference set

A college planning conference for all parents having students in grades 9 to 11 this year will be held in the Multi-purpose building of the high school on Thursday, April 22, at 7:30.

The Parent-Teacher Association is sponsoring this well-planned program.

The following gentlemen will be there to provide urgent, necessary information and answer your questions, Dr. Donald Fink, Dean at Grand Rapids Junior College, keynote; Howard Dalman, principal, Forest Hills High School, moderator; John Van-Overen, director of guidance at Forest Hills High School; and Gerrit Lamain, counselor at Forest Hills High School.

Most parents today are well aware of the great rush upon our colleges and universities each year on the part of American high school seniors.

Today, more than ever college requirements are more demanding of the high school student. But along with these increased demands other important factors beyond a student's grades determine in part whether or not he will gain entrance into the college or university of his choice. Or whether he will be accepted at all.

Parents of seniors in this year's graduating class at Forest Hills have realized this important fact, but for some of them, it may have been too late.

College Doors

Most of us have seen the TV advertisements showing "college doors" slamming shut in Johnnie's face.

Actually most students with proper credentials (courses, grades and test scores), recommendations, etc., can get into a college. But for next year's seniors especially the time for planning has come.

For younger students and their parents, proper course selection is important, but whatever your problems, your confusion, or your questions, your attendance at this meeting may be the deciding factor in keeping these "doors" open for your child.

An evening spent at this meeting should be most worthwhile

Born in Vergennes Township, Mr. McMahon worked for the Lowell Light and Power Company for many years before his retirement in 1952.

Martin-Collins Cub Scouts hold pinewood derby

The Cub Scouts of Martin-Collins Pack No. 284 have completed their annual Pinewood Derby. Elimination races were held by den on Saturday, March 27, and the trophy race was held at the regular pack meeting on Monday, April 5.

Den winners, who participated in the trophy race were Jeff Shuster, Duane Raby, Dan Missad, Mike Horvath, Steve Fleming, Greg Bakeman, Dave Demorst, Ralph Kimble, Wayne Henricks, Dave Luehrs, and Mark Doyle.

These boys raced against a clock to establish the three fastest cars.

It was intended that the three finalists race each other to determine 1st, 2nd and 3rd place winners. However, since race times were so nearly equal, use of the clock was continued. Winners and their average time (in seconds) were Steve Fleming, 4.62; Mark Doyle, 4.63; and Wayne Hendricks, 4.65.

In addition to race winners, trophies were presented to Boyd Donker for the best design and to Joe Huff for the best car built without help of parents. These cars were selected by the judges, Tom Hauck and Don Kemp.

The race was organized this year by Larry Fleming with the assistance of Gordon Osmun, Fred Gave, John Kelley, Rolf Sodergren, Bob Krebs, Douwe Rodeburg, and Scoutmaster, Tony Nieuwkoop.

Photo-licenses ahead of time

Michigan's photo-licenses ... originally slated to begin rolling out around the first of July ... will beat the target date by several weeks, Secretary of State James M. Hare disclosed recently.

The original timetable was "stepped up," Hare said, because the cameras are being installed in three stages, with the first 48 stations being equipped already.

Hare emphasized that the list was a tentative one. "Some stations will undoubtedly change their minds about the cameras and will decide against having them," Hare said. He added that Jackson had already notified his offices that it had decided against continuing the licensing operation.

The first 48 stations are in 36 counties in lower Michigan. Washtenaw county has four, the largest number, while Ingham and Genesee counties have three each. Several counties have two.

Hare said plans called for "about 150 stations throughout the state." Laboratory facilities are nearly completed in Lansing.

New burglar-proof chain door guard that can be locked and re-opened from outside by use of a key. New coffee maker that produces from one to six cups in one-half to two minutes, depending upon strength desired. Secret is stainless steel pressure plunger that holds the brewing coffee under pressure, speeds action.

Law establishes township terms

Secretary of State James M. Hare Tuesday reminded township officials that their terms of office would start at 12 noon on April 10 with the signing of current legislation establishing dates for these offices.

This applies to all township officials except justices of the peace who continue to assume office on July 4.

"Legislation to establish the April 10 date has been passed by both the state House and Senate," Hare said, "and we expect the Governor will sign it into law shortly." The measure has immediate effect.

The legislation also sets March 31 as the deadline for township officials to qualify for their office. This includes taking their oaths of office, posting bonds if the office calls for one, and other qualifying procedures.

The new constitution provided that township officials were to run at the same time as state and county officials but did not designate a definite date for them to assume their offices.

"This clarifies the apparent sure that these officials will be relieved when they know the measure has been approved."

Previously, township officers assumed their jobs within 10 days after the April election in which their offices were decided.

Consult your nursery man

It's open season on home gardeners again for high pressure salesmen and mail order advertisers using fancy names for ordinary shrubs and plants and making exaggerated claims for their plant material.

To keep from being taken in by these cheats and frauds home owners are urged to "Ask Your Nurseryman First" by Attorney General Frank Kelley, Agricultural Director George S. McIntyre and the Michigan Association of Nurserymen.

Beware of glowing word descriptions and faded photographs of climbing vine peaches, giant climbing strawberries, 1,000 giant ed roses on a single bush (unknown to horticulturists), flowering shade trees that grow roof high in a single year, including the "Flowering Maple" that turns out to be the common silver maple with most inconspicuous blooms, etc., they advise.

"All consumer complaints, including verbal misrepresentations are reviewed by the Consumer Protection Division of the Attorney General's office and appropriate action is taken," said Assistant Attorney General Hugh B. Anderson. "It is our experience that purchasers who deal with established local merchants can see what they are buying and are not misled by photographs or lurid verbal pictures."

"One cannot expect to get high quality stock at ridiculously low prices," said C. A. Boyer chief of the plant industry division of the Dept. of Agriculture. "Purchasers should always demand a certificate of inspection with the stock as their assurance that it has passed inspection for insects and disease. Local nurserymen usually are familiar with local conditions and the varieties likely to do well in an area, and their advice can be helpful, he said."

"There are some reliable mail order houses but there is no substitute for the expert service on selection, planting and care of the plant that your local nurseryman can give you," said MAN Executive Secretary Victor C. Beresford. "He wants to protect your interests so he can continue to serve you. That's why we advise—'Ask Your Nurseryman First.'"

People find that no search warrant is necessary in looking for trouble or finding fault.

Safety-minded motorists never ignore signs, or signs of life along streets and highways.

Weather plays havoc with area county roads

Continuing snow storms in recent weeks, coupled with thawing conditions between, have caused severe problems for the Kent County Road Commission.

Many secondary roads in the county are next to impassible in places, and a great number are closed entirely. All are in worse conditions than has been seen for several years.

County blacktops are "alligator cracking"—breaking into chunks and then popping out. Should poor weather conditions continue the breakup will likely get worse and the cost for repairs would rise.

Kent County usually spends an average of \$100,000 repairing blacktops during a year and another \$50,000 filling in mud holes and grading graveled local roads, according to Alfred Slater, an official of the Kent County Road Commission.

These figures don't account for the long-range damage to the roads, either. Once roads break up like they are doing this year they are never as good after they're patched up as they were before, regardless of how good a job is done.

"Most local roads are real bad," Slater said. "I can't name any specific ones because there are lots of others that are just as bad."

Recent rains have accounted to much frost leaving the

grounds. What we need now are sunshine and warm breezes. "We've hesitated to put our equipment on the roads because it in itself would make many of the local roads impossible for cars and small trucks to travel," Slater said.

But the job of repairs is underway. The going is slow. Patching crews have started work on blacktop. Graders have been attacking the mud-holed local roads as rapidly as the water drains off.

The Road Commission officials expect that by next week they will have a fair start on grading roads and repairing the blacktops. That is, if the weatherman continues to cooperate.

Father of Kent County parks passes at 88

Eighty-eight year old Henry Alden Johnson passed away Wednesday morning, April 7, only one month after he had suffered a broken hip in a fall at his Bowne Township home.

Born on the Johnson farm on Nash Avenue, Alto, where he resided all his life, Johnson attended Bowne Center School, Lowell High School and was graduated from the University of Valparaiso.

Mr. Johnson taught school in Kent County for several years before taking over the operation of the farm. He was also the author of numerous poems and volumes on the history of Bowne Center.

He was elected Bowne Township clerk at the age of 23, a term which he served for eight years before being elected township treasurer.

Previous to his retirement on December 31, 1955, Johnson had been a member of the Kent County Road Commission for 32 years, serving the county as supervisor and chairman of the Board. He was also County and State right-of-way buyer.

Mr. Johnson, who has the longest service record of any county road commission member, is known as the Father of the County Park system.

Winning this title for his foresight into future needs, he instrumented the setting aside of land for parks and was honored by having his sixth park named Henry A. Johnson Park, after him.

Funeral services were conducted Friday afternoon in the Roth Funeral Home with the Reverend Beulah Poe officiating. Interment was made in Bowne Center Cemetery.

Surviving Mr. Johnson are his wife, Edna; three sons, Lawrence (Bob), and Henry, jr., both of Alto, and Morse of Grand Rapids; two daughters, Mrs. Helen Bryant of Grand Rapids, and Mrs. Stanley (Alice) Coles of Detroit; eleven grandchildren; seven great-grandchildren; and a host of friends.

Marquette is Michigan's largest county, measuring 48 miles from east to west at the farthest point, and 63 1/2 miles from north to south. It embraces 1,841 square miles, an area almost twice the size of Rhode Island.

"Please don't publish it"

Guest Editorial—From the Lapeer County Press

Every newspaper worth the name is regularly forced to say "sorry" to well-intentioned but misguided citizens who ask that legitimate news not be published because "it might hurt" someone or some institution or some project.

Recently several Imlay City school teachers petitioned that their principal be fired. It was suggested that this unusual happening not be reported because "everybody in town knows about it anyway" so why hurt the school's image throughout the county. (This suggestion came from some "interested citizens"; it did not come from any school official.)

In the first place, everybody did not know about the petition. But that's not the point. The point is that the teachers and the principal are employees of the public. The public has a right—even a duty—to be informed as to what it is getting for its tax money. The 22 citi-

zens who attended last week's school board meeting heard the facts. Other citizens shouldn't be denied these facts because they weren't expected to read them in their newspaper. One of a newspaper's chief functions should be to keep a sharp eye on all public money and public employees.

Another example: Recently a township official told us that "the boys on the board" would just as soon the public didn't find out what they had paid for a piece of equipment. In other words, don't tell the taxpayer what is happening to his money. Such blatant requests to suppress the news are almost too ridiculous to bother answering.

As we said, every worthwhile newspaper has the same problem. Here's what the Arenac County Independent said in an editorial last week:

"If we've heard it once we've heard it a thousand times: 'Please don't report that. It will weaken the chances for the project'... or weaken 'the city's position'... or weaken something

"And surely you, the newspaper that stands for onward and upward for the community, would not want to do anything to hurt the good guys... our side. Of course we wouldn't."

"However, how we get in a bind... why our consciences nag at us... is because nine times out of ten what some well-meaning, civic-conscious progress-promoting individual doesn't want us to report is the truth... that's all, nothing but the truth. It can keep you awake nights."

March of Dimes tops '64 quota

The response of Kent County residents to March of Dimes campaigns helped make possible the total development of the Salk and Sabin vaccines recently used in Kent County to avert a potential polio epidemic.

Due to the generosity of the residents this year's March of Dimes Drive raised a total of \$89,453 for research on Birth Defects.

More than \$3,000 was raised in the local townships, Cascade Township led the list with \$931.11; Lowell Township, \$904.50; Ada, \$534.94; Grattan, \$239.89; Bowne, \$235.48; and Vergennes, \$166.08.

The National Foundation of the March of Dimes is making important progress on this research, and more answers to the problem of Birth Defects

Buth urges highway telephones

A system of highway telephones to help stranded motorists was proposed in bill form today by State Representative Martin D. Buth (R-Comstock Park).

The measure calls for the construction of telephones no more than two miles apart on limited access state highways. The phones, which would be placed by the Highway Department, would have a direct line to the nearest state police post. State police officers would relay requests for aid to persons designated by the caller.

In introducing the measure, Rep. Buth said, "Our modern highway system has created special problems for the motorist in trouble. If a car becomes

disabled many times the driver has to walk several miles to an exit only to find in some cases that no help is available there. Other drivers who are unable or afraid to walk long distances on the highway may sit in their cars for hours waiting assistance. The installation of phones at various intervals along the road will greatly alleviate these and other problems of the stranded motorist."

The system would also be helpful in other emergencies; such as reporting accidents, removing road obstacles and summoning ambulances. There is no doubt that this program would be a great addition to our highway system and a part of the over-all traffic safety program," Buth added.

Moon phase determines Easter date

Every spring for the last 1640 years people have checked the calendar for the date of Easter.

The reason is that this holiday, which falls this year on Sunday, April 18, fluctuates between March 22 and April 25, depending on the phases of the moon, University of Michigan astronomer Hazel M. Losh, says.

To understand this fluctuation, one must recall that the church fathers, gathered in the Council of Nicaea in 325 A. D., decreed that Easter was to be kept on the Sunday following the first

full moon that comes after the vernal equinox.

This year the vernal equinox came on March 20. Thus the full moon of April 15 places Easter Sunday on April 18.

Says Professor Losh, "Perhaps one good reason for choosing the full moon for reckoning Easter was to enable the advantage of moonlight for safe travel."

In 1943 Easter came on the last possible day, April 25, and it will happen again in 2038 A. D. The last time Easter fell on March 22, the earliest possible date, was in 1818 and will not come again until 2285.

Next year Easter will be on April 10.

Providing Red Cross services to the armed forces requires a joint effort of the national organization and its 3,500 Red Cross Chapters. The national organization maintains a staff, stationed with land-based U. S. forces around the world, whose services are available to all military personnel. Your Kent County Chapter provides counterpart facilities in the serviceman's home community through the "Service to Military Families & Veterans" department. Last year over 5,000 families were given assistance in Kent County through this Red Cross Service.

The civilian Red Cross Blood Program was inaugurated in 1948. Since then donations of blood through the Red Cross have exceeded 35,083,700. Over 13,000,000 individuals have donated this blood.

'A look back to yesteryear'

As the years roll by, memories fade into the past. The purpose of this column is to maybe make you smile or laugh as we recall for you some event of ten years ago, or possibly tears will swell up in your eyes as you remember with us a particularly sad occurrence.

A serious mishap was presented at the Ada Dam when Dewey Sargeant of Cascade Rd. and James Carew of Ada Dr., flipped over in a new 14-foot boat, Sargeant had just purchased and was taking on a trial run.

The accident was caused when the men tried to start the boat's motor and it turned under them instead.

Mr. and Mrs. Russell Videan of Ada were announcing the forthcoming marriage of their daughter, Shirley, to A2c Harvey Eickhoff, jr., of Lowell.

The wedding was set for April 23.

Voting began lightly at the Ada Town Hall, but a larger evening crowd ran the total votes to 355, Carl Keena seeking office as Trustee was the only new member seeking office; he was defeated by Grover Hill on a 320-305 vote.

All incumbents ran unopposed on the Republican ticket.

The off-year election in Cascade saw 317 residents troop to the polls to pile up a better than 2 to 1 margin for Republican candidates.

All township officials ran unopposed for office.

After two and one-half hours of deliberation, a Grand Rapids jury found Mrs. Shirley Swanson guilty of negligent homicide in the death of Mrs. Ina Harper, who was fatally injured in September, 1954.

Mrs. Swanson's car crashed through the window of the Cascade Pharmacy.

Thorns double the size of their store

Thorns, which started like so many small businesses in the basement of the owner's home, started work this week on a new addition to their store, on Thornapple River Drive, which will double the size of their building. Pictured here, Hank and Gus DeVries and Jake Postema are doing a little preliminary work. The building is expected to be completed by September 1, and will give more display space for the growing business.

Hank and Gus DeVries started in a basement shop with radio and TV service in 1958. The business grew, and they built their present building in 1960. During the past five years they have expanded into TV, radio and stereo sales, appliance sales and a record shop. Just recently they reorganized, took in a new partner, Jake Postema, and changed their name from Thornapple Radio and TV to the short, catchy "Thorns."

An election of officers for the coming year was held at the PTA meeting in April 8.

Mrs. Margaret Ranford replaced Mrs. June Koetsier as a nominee for recording secretary since Mrs. Koetsier will have no children in Cascade School next year.

Officers elected are as follows: president, Dr. Daniel Ellinger, DVM; president-elect, Lee Patterson; teacher vice-president, Mr. Bradford; recording secretary, Mrs. Margaret Ranford; corresponding secretary, Mrs. Jane Hardwicke; and treasurer, John Barker.

These officers will be installed at the potluck to be held May 11.

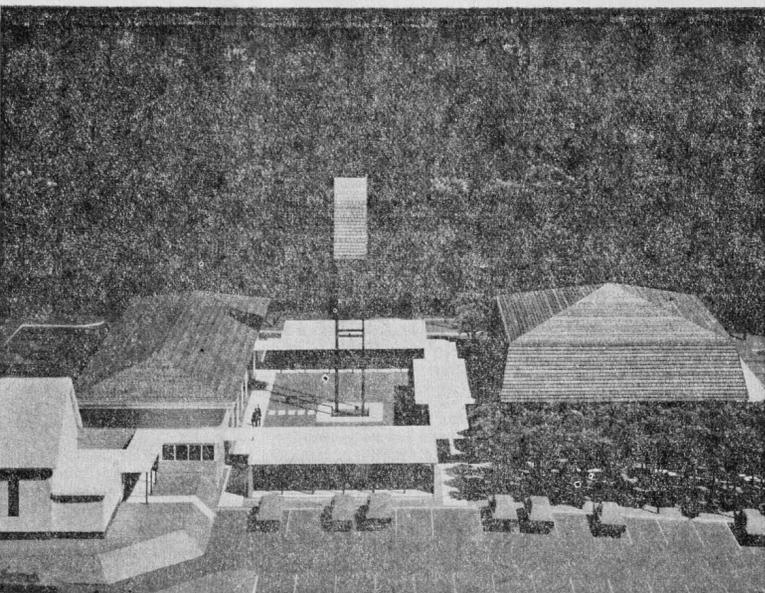

On a recommendation of the PTA Board, the membership gave approval to appropriate \$700 to be transferred to the Library Fund. This will be good news for the children.

Some of our fast readers have read our complete selection of books in the categories that interest them.

Don't forget to call Jane Hardwicke at 959-1169 for gift ribbon for your Easter baskets and gifts.

For Forest Hills Sweatshirts call Lila McPherson at 949-1513 and for Cascade Mothers' Club cookbooks, call Dorothy Ellinger at 949-2540.

There will be no school on Good Friday, April 16, and Easter Monday, April 19.

Suzanne Huls, Marvin Wynalda married Friday

The Rev. William VanRees of the East Paris Christian Reformed Church officiated at the wedding service last Friday of Miss Suzanne Elaine Huls and Marvin Wynalda in the Cascade Christian Reformed Church.

The bride is the daughter of Mr. and Mrs. Stafford Huls, Alto; and Mr. and Mrs. Isaac Wynalda of 32nd Street, SE, are the parents of the bridegroom.

For her wedding, the bride selected a floor-length gown with a fitted lace bodice, satin batiste skirt and chapel train. A pearl and crystal crown held her veil, and she carried a bouquet of yellow roses, cymbidium orchids, feathered mums and ivy.

Mrs. Lloyd Huls, sister-in-law of the bride, was matron of honor. She was dressed in a green crystalette gown with a fitted bodice and belled skirt. A matching veiled pillbox and a crescent arrangement of yellow roses and ivy completed her costume.

Wearing gowns similar to the honor attendant's were the bridesmaids, Miss Ruth DeYoung and Mrs. Richard Bolt.

Linda Kay Wynalda was the flower girl and Douglas Wiersum, the ringbearer, carried the jewel box of the bride's grandmother.

Best man was the bridegroom's brother, Elmer Wynalda. Ushering were Jack Huls, the bride's brother, and Mr. Bolt.

Following a two-week southern honeymoon, the newlyweds will make their home at 406-100th Street, Byron Center.

Fashions for the windows

Fashions for the windows offer unlimited decorating opportunities, the members of the Town and Country Extension Club learned at their March meeting in the home of Mrs. C. Flietstra, 32nd Street, SE.

Mrs. A. VanderWal, project leader, stated that we must study the windows from all angles before we start. Some types can be treated simply; others, problem windows, require special planning.

The local drapery shops and department stores are ready to help in any way whether we wish to make our own curtains, draperies, etc., or to use the ready-made kind.

Mrs. G. Buikema assisted as co-hostess, and a short business session was led by Mrs. A. Post, chairman. Other members present included Mrs. W. Hamelink, Mrs. E. Den Boer, Mrs. Doezema, Mrs. N. DenHouten, Mrs. J. VanderLaan, Mrs. S. Lamse, Mrs. N. Cross, Mrs. N. Greenfield, Mrs. S. Bos, and Mrs. W. Hunefeld.

The next meeting will be held at the home of Mrs. Bos on Kalamazoo Avenue on April 20, to evaluate advertising.

Other participants are Rev. Mr. William Prescott, executive director of the Grand Rapids Area Council of Churches; Rev. Lawrence Maines, executive secretary of the Michigan

Association of Christian Churches; Rev. Eric White, pastor of Central Christian Church and Rev. Raymond Gaylord, Cascade Church pastor.
