## Generosity shown in UNICEF drive

An unprecedented response was made upon the part of persons in the Forest Hills area this past Halloween—with a total of \$449.00 collected for UNICEF (United Nations' Children's Fund) by 120 young people who participated in the annual "Trick or Treat" project.

A surprising number of checks and bills made this the highest total of money ever given from this area.

Thanks is extended all who contributed, the drivers, those arranging parties; but most especially, the enthusiastic children and youth who made the door-to-door solicitations. Groups who participated included the children of St. Michael's Episcopal Church; the Pilgrim Fellowship of First Congregational Church in Ada; and the Church Awards Class, Chi Rho, Teen Fellowship, C.Y.F. and the Junior Department of the Cascade Christian Church.

When you consider the fact that 1 cent will send five cups of powdered milk to destitute areas of the world, this local giving of \$449.00 represents 224,500 cups of milk, or, it represents an equal number of vitamin pills!

This year's giving represents a big increase over 1964 when the "Trick or Treat" for the UNICEF program brought but \$330.00.

## Rites held for John H. Lucas

John H. Lucas, aged 74, of 5663 Cascade Road, SE, passed away unexpectedly at Blodgett Memorial Hospital Saturday afternoon.

He is survived by two sons: Steven and Leon of Cascade; five daughters: Mrs. Calvin (Ethel) Miewenhuis of Zeeland; Mrs. James (Margie) Woltjer of Grandville; Mrs. Ronald (Ouma) Slater of Odgen, Utah; Mrs. Peter (Ruth) Uelvtug of Battle Creek and Mrs. Thomas (Betty) Cooper of Grand Rapids. Sixteen grandchildren and three sisters.

Funeral services were held Tuesday, November 2, at DeVries Funeral Home, Grand Rapids, the Rev. John Guichelaar of Cascade Christian Reformed Church officiating, interment at Oak Hill Cemetery in Grand Rapids.

## Fall meeting of the Grand Valley Deaneary held on October 22

The fall meeting of Grand Valley Deaneary of the Diocese of Western Michigan met October 22 at St. Paul's Episcopal Church, Greenville, Gerry Fairbrother, Chairman, presided.

This being a new organization there was no old business and the officers were elected to serve another year.

An interesting program followed the meeting. Three women who attended a leaders conference in Racine, Wisconsin, had a panel discussion on liturgy and life and brought out how the Holy Eucharist is the very core of religious life.

After the luncheon the Rt. Rev. Charles E. Bennison, Bishop of the Diocese of Western Michigan, spoke to the group giving details on the proposed Episcopal center in Kalamazoo which will be an administrative and spiritual center for the diocese.

A fund raising campaign is now being conducted in order to start construction.

## Annual observance of World Community Day held November 5th

Women of the Grand Rapids Area of United Church Women will hold their annual observance of World Community Day November 5.

This year's host will be Cascade Christian Church, 2829 Thornapple River Drive. The time for the observance will extend from 10 until 2:30.

The afternoon service will include several reports from lay people who are witnessing in our world affairs. Dennis Sellers, Kent County Agricultural Extension, will be chairman of this portion of the program.

## Honor dads...

The Forest Hills Rangers will honor fathers of the varsity team Friday night at the Wyoming Park Varsity Football game.

The Varsity fathers will be introduced before the game and will sit on the playing field near the Ranger bench.

After the game, both fathers and mothers will be feted at a party in the gym sponsored by the Forest Hills varsity club.

## Vesta Chapter will hold installation on November 6, at 8 p. m.

The Vesta Chapter, Order of the Eastern Star, No. 202, is holding open Installation of Officers on Saturday, November 6, at 8:00 p. m.

The officers to be installed are: Worthy Matron, Marian Wride; Worthy patron, Hugh Bolhuis; Associate Matron, Dorothy Bolhuis; Associate Patron, Richard Foerster; Secretary, Mona Rooker; Treasurer, Irene Nellist; Conductress, Joann Foerster; Associate Conductress, Evelyn Jansma.

Chaplin, Barbara Coger; Marshall, Katherine Richardson; Organist, Alice Morris; Adah, Dorothy Weaver; Ruth, Alice Rooker; Ester, Mildred Harter; Martha, Vera Boynton; Electa, Eleanor Morris; Warder, Anne Hayes; and Sentinel, Walter Hayes.

This installation will be held at the Masonic Temple in Ada.

## Form art club

A new art club has been formed this year at Forest Hills.

At the first meeting officers were elected. Mary DeVries was elected president with Gretchen Elwell, vice-president. Secretary for the new club is Brett Tuttle and treasurer, Renie Chase. Advisor for the art club is Mr. Crandell.

Members will be working on individual projects using the art class equipment.

## Donny's Hand-Craft Shoppe to open in Ada in the near future

Mrs. Glenn Johnson of Glen Drive is planning the opening of Donny's Hand-Craft Shoppe in Ada.

The Shoppe will be housed in the building recently purchased for the Doody Town and Country shop.

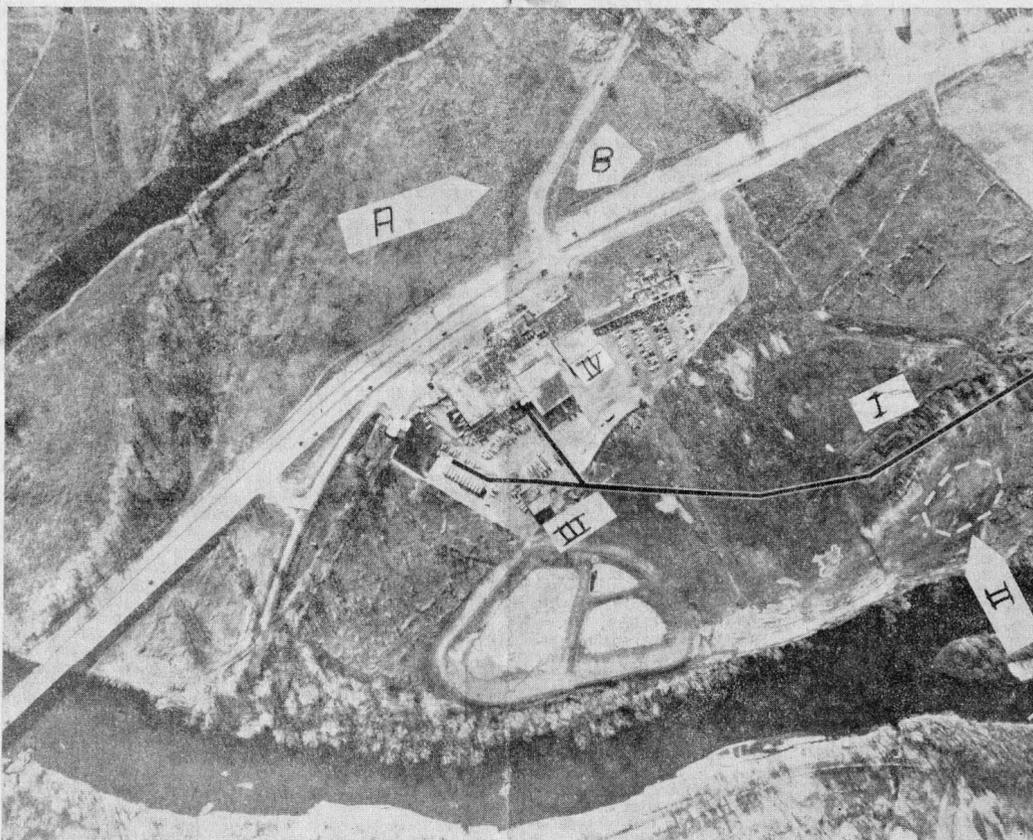

Mrs. Johnson plans to carry all types of hand-craft work; painting, ceramics, country painting, hand knits, sewing, original Christmas decorations and an assortment of original novelties.

## Plans announced for annual community party

The ninth annual Cascade Community Party has been set for Saturday night, December 11.

Stuart and Joanne Bradley, who are chairing this year's party have announced it will be held in the Guest House on Stocking Avenue, with toe tapping music, dinner and door prizes, from 9 p. m. to 1 a. m.

Look for your reservation cards in the mail during the next week.

## Ada & Amway grow together!

This air view of the Amway plant at Ada shows not only the construction underway by the company, but other construction planned in the area. Of particular interest to the area is the new Grand Trunk railroad siding that will be brought into the plant from the west across M-21. This is pictured by the black line that will serve both the warehouse and the new liquid products building under construction at the point marked I. The arrow and II points to Lake Amway located near Grand River. This will furnish a dependable water supply for the new sprinkler system for fire protection in the plant. This lake will grow as more fill is required in the construction of

other buildings.

In the area marked III on the air view is the new service garage under construction. Marked IV is the addition to the Ada warehouse. Visible in the foreground along Grand River are the three settling basins where the discharge from the plant manufacturing is held.

Across M-21 in the upper portion of the picture the area where the new Ada Shopping Plaza is underway is marked A and the location of the new Union Bank across Ada Drive is marked B.

## Cub Pack 3290 met October 27

The Cub Scouts of Pack 3290 held their first pack meeting of the year at the Ada Congregational Church on Wednesday, October 27th at 7:30.

Mr. James Rooker, Cub Master called the meeting to order, the boys from Dens 1 and 2 had the opening ceremony and Carl Rooker carried the scout flag and Tim Hanes the American flag.

A very impressive candle light ceremony bringing in new boys into the Cub Scout Pack was conducted by Mr. Rooker and Mr. Ron Collins, the following boys were brought into the pack as Bobcats:

Jeff Gietzen, Brian and Robert DiPiazza, Shawn Gary, David and Tom Johnson, Fred Scott, Dan Landis, Aaron Buchok, Brian Looney, Nat Wood, Dean Hill, Mike Pullam, Tom Smith, Tracy Collins, Jeff DeLeeuw and Donald Pollice.

One year pins were given to: Dan Pethers, David Krueer, Dan Bann, Tim VanderWulp, Jim McCall, Dough DeVorma, Steve DeGood, Mike Cheesboro, Mark Soyka, Mike Rooker, Allen Dygert, Tim Hanes, Bernie Rooker, Gary Osmolenski, Tim Gary, Doug Kolhback, Steve Martin, Mark Kirby, Kevin McDonald.

Two year pins were given to: Dick DeVos, Steve Van Andel, Mike Lupton, Carl Rooker, John Stien, and three year pins to Bill Kirby, Charles Kirby, Brad Burg, David Pullam and Dennis Hill. Mark Soyka received his Bear Badge.

**TEACHER IN GRAND RAPIDS**  
Louise H. Staats, box 141, Route 1, Ada, a 1960 graduate of Central Valley high school, is teaching Kindergarten at the Grand Rapids Hillcrest school.

## Operation Santa Claus set-up meeting to be held November 15

Halloween is past and Thanksgiving and Christmas are soon before us—all of which means it is time for the people of the Forest Hills area to turn their attention to Operation Santa Claus which makes Christmas a more complete day for a large number of children in the area where Santa might just happen to miss.

Founded eight years ago by the Post-Hi youth group of Cascade Christian Church, taking care of a couple of families, Operation Santa grew last year to the point where a thousand dollars was donated not to speak of shoes, toys, dolls, gifts, food, clothes and books. About 125 children in the area benefitted from this benevolent effort, regardless of race, creed or national origin. "The community's need is our sole creed," is the only motto governing Operation Santa's efforts.

Mr. and Mrs. John Titsworth, co-chairman of this mighty important venture in Cascade action, are announcing a set-up meeting at their home—7180 Dorset Drive—for Monday, November 15, at 8 p. m.

Any and every church and organization in the area that would like to help or assist in any way is invited to send a representative.

As in past years, Operation Santa Claus will serve those families recommended to us by the county nurses, school officials, and pastors of the area. Immediately following the set-up meeting, a full announcement of the 1965 program will be made, along with an accompanying request for your general interest and financial support.

Watch Suburban Life Want Ads for 'top grade' buys every week.

Latest additions to the Amway plant at Ada will be a 160x240 ft. liquid product building now under construction and a railroad siding to be brought in from the Grand Trunk line that runs through the village.

The liquid product building is expected to be completed by February 1st and will contain manufacturing, material storage and warehousing for the liquid products only.

Approval has been secured from the State Highway Department to bring a railroad siding across M-21 from the Grand Trunk tracks about ¼ mile south of the Amway plant. Final clearance for the connection with the railroad which is on a grade much higher than the plant has not been completed but this will be completed in a few weeks.

Also under construction is an addition to the Ada Warehouse which services Amway dealers in this area. A 9,600 square foot addition will be completed in February on the north side of the present building but not visible from the highway, this will provide additional space for the growing Printing and Marketing Division which will take over some of the area presently used by the Ada Warehouse.

Amway is adding additional space to their service garage. This 2,400 square foot structure will be devoted to servicing Showcase Equipment. Completion is planned for midsummer of 1966.

### To Buy Primary Power

While all this above construction is underway the plant is undergoing a powerline reconstruction program in cooperation with Consumers Power Company. A 4800 volt transformer station will be constructed enabling Amway to buy primary power instead of transformed power, this will result in considerable savings to the company.

For fire protection a 250 gal-

lon per minute overhead sprinkler system is being installed in all the existing buildings. Water will be secured from a lake in the north-west portion of the plant area, the lake dug out to provide fill for the buildings will be called Lake Amway and provide a dependable water supply with pumps to feed the sprinkler system located at the lake. There will be over 1,000 sprinkler heads in the system.

### Record Amway Sales

Report of the treasurer reveals that Amway sales so far this year are at the 36 million additional represents sales generated in Canada. By the record the company now has over 75,000 distributors in the 50 states and a growing 5,000 in Canada. There are now 22 warehouses in the U. S. and Canada and 8 more will be established in the next few mos.

## Boy'n a bike happy combination

The Martin Collins PTA sponsored the Terry Barr Night at their school.

The Forest Hills Shop Rite donated a shiny red bike to be given to some lucky winner. Six-year old Mike Carnahan was the happy little boy to receive it. Mike, and his parents, Bob and Jane of 4484 Cloverleaf Drive, SE, wish to thank the Martin Collins PTA and the Forest Hills Shop Rite.

## Pack 3334 to meet Nov. 10

Cascade Cub Scout Pack 3334 will meet at Forest Hills high school's multi-purpose room on November 10, at 7 p. m.

All den mothers are requested to contact Dr. Ellinger on awards to be given by Tuesday evening, November 9.

## Township zoning board of appeals to meet Nov. 6

The Cascade Township Zoning Board of Appeals will meet at the office of Gerrit Baker, 6907 Cascade Road, SE, Saturday morning, November 6, at 8:30 a. m. to hear a request by Stuart Bradley to erect a dwelling on lot 12, block 3, Cascade Terrace plat (corner lot, between Cascade Springs and Dorset Drive) with a set-back of 25 feet from Cascade Springs Drive and 28 feet from Dorset Drive.

All those interested in this matter are hereby notified to attend and be heard.

## The Plymouth Rock slated to be held Friday, November 19th

The Plymouth Rock is dominating the new business of the Junior High Student Council. They have decided to capitalize on its fame. The "rock" is the November 19 dance, slated to be held in the cafeteria.

Although the Council didn't start meeting immediately, it should be meeting weekly, according to the faculty advisor, Mr. Northuis. Under the constitution instituted last year, the students are represented by 18 council members, chosen by the home rooms, the class presidents, and council officers, including a chief of police. He must be regarded as a force to be reckoned with.

A bulletin board entitled "Lunch Room Manners" warns "Don't smart off to the Chief of Police".

## Celebrate 50th anniversary

Mr. and Mrs. Richard DeVries, sr., of Cowan Lake Dr., Route 2, Rockford, will celebrate their golden wedding on Saturday, November 6, in the afternoon and evening at their home. Friends and relatives are invited to attend the open house.

Mr. and Mrs. DeVries are former residents of East Paris and are well known in the Ada, Cascade, and Eastmont areas. They are the parents of six sons, Albert (Bud) of Grand Rapids, John of Montague, Edward of Holland, Ralph of South Haven, Richard, jr., of Belding and Bernard of Whitehall.

They have five daughters, Mrs. Court (Bertha) Huisman and Mrs. John (Flossie) Vandenberg, both of Grand Rapids, Mrs. John (Mary) Schipper of Ada, Mrs. M. (Arlene) Willenga of Mt. Pleasant and Mrs. Calvin (Hilda) TeVelde of Charlotte.

They also have fifty grandchildren and five great-grandchildren. On Friday, November 5, their children are honoring their parents at a family dinner at the Ada Reformed Church.

## Rangers to face Vikings

The Forest Hills Rangers will close their 1965 season Friday night by meeting the Wyoming Vikings on the local field.

The Rangers and Vikings are still in contention for the O-K Conference title. The Vikings could win it outright by defeating Forest Hills and Rogers while the Rangers could gain a share of the title by defeating Wyoming Park.

Coach Bob Dangel, disappointed with his boys performance against Kelloggville last week, will come up with a new prototype offense and a monster-type defense against Wyoming Park.

The game will start at 7:30 p. m. Wyoming Park has a sterling defensive team that has shut-out several teams this season. Their offense has been hampered by loss of key personnel by injuries.

### Play Wyoming Park

The Forest Hills Reserves will meet the Wyoming Park Vikings at Wyoming Park on Thursday night at 7 p. m.

The Ranger Reserves will put their undefeated season on the line against a Wyoming reserve team that has only a tie to blemish its record.

### South Christian Here

The Forest Hills freshman team will meet the South Christian reserve team Friday afternoon at the Ranger gridiron at 4 o'clock.

The South Christian Reserves are a replacement for Wyoming Park as the Vikings are not sponsoring Freshman football this year, because of recent millage defeats.

## Orchard View court of honor

Boy Scout Troop number 269 of Orchard View School held a court of honor and a Tupper Ware Party to raise funds to maintain the bus the troop has to take the boys on trips. Both the court of honor and the party were very successful.

Boys receiving their awards October 25th were: Tenderfoot rank, Dennis Holthof, Sam Mazie, Kenneth Russ; Second Class Scout Mike Kleynenberg.

Merit Badges were earned in Life Saving by Terry Brennan, Joe Kleynenberg, and Bill Hulsapple.

Reading merit badge was received by Joe Kleynenberg.

## Jr. High paper news a "go-go"

The first edition of News A Go-Go, the Junior High paper, came out two weeks ago to enter its third consecutive season.

The first printing, of over 300 copies, was an immediate sell-out at five cents per copy. Mrs. Burkhead's home room was in charge of the edition, but the future monthly issues will be rotated among the English classes in the seventh and eighth grades.

Its features include an advice column, "Dear Seymour," want ads, and a story by Beverly Drum, illustrated by Janel Belding.

### UNITED COMMUNITY FUND DRIVE CLOSES NOVEMBER 5

The United Community Fund Drive has reached 80 percent of its goal in Cascade Township. Anyone who hasn't been contacted and would like to give this worthy drive, please contact Mrs. Dale Atkinson at 676-3221.

# Pews replace pupils

It may look the same on the outside, but Murphy School has suddenly undergone a renovation.

If you were to walk into one of the two rooms of the little school building on the corner of East Paris and Burton, you would find pews replacing desks, hymnals rather than arithmetic books and a pulpit where teacher once sat. And the name has become First Evangelical Free Church.

The church, temporarily located above a commercial building on Leonard Street, NW, will begin services in this new site on Sunday, November 7.

Plans for an addition of a chapel are underway at the present time to be the first of a two stage building program.

Interim pastor is the Rev. Kenneth Hasper.

Sign in an office: "Be nice to your enemies. You made them."

You can buy and sell anything with Suburban Life Want ads.

Few individuals dispute those who assert that they have unusual talent.

# —Church— —activities—

## Cascade Christian Church

Thursday, November 4, the Ada Community Reformed Church Women's Guild is sponsoring a program at 8 p. m. All married couples are invited.

Friday, November 5, Friday morning and afternoon Cascade will host the World Community Day observances of Kent County United Church Women, 10 to 2:30 p. m.

Friday, November 5, the children's choir rehearses in the choir room at 4. Mrs. Robert Woodrick, is now preparing the Christmas music.

Saturday, November 6, the church awards class meets at the church from 10 until noon. The class has a maximum number of this point, but a new class will form in March.

Sunday, November 7, 9:30 Sunday School (all age groups); 10:30 Sunday School, (for children thru sixth grade); 10:30 Morning worship, sermon "A Prisoner, The Man Who Never Forgives."; 5 to 7, Chi Rho, Teen Fellowship.

Monday, November 8, Sunday School Workers' Conference in the Church parlor at 8 p. m.

Tuesday, November 9, Christian Women's Fellowship Executive Board meets in Fellowship Hall at 10 a. m. Christian Men's Fellowship Work Nite at Cascade Christian Chapel at 7 p. m.

On Wednesday, November 10, Nursing Art Guild will meet with Mrs. Harvey Comrie, 7361 Grachen Drive, at 10 a. m.

Thursday, November 11, Dorcas Guild meets with Mrs. Harold Krebs, 948 Clifford Avenue, for a 12:30 dessert meeting.

## St. Michael's Episcopal

Sunday, November 7, Morning Prayer on the 21st Sunday after Trinity will be at eleven o'clock. There will be the regular Church School with nursery care provided.

Dale Atkinson will usher and Jim DuVall and Kris Fisher will serve as acolytes.

Mr. and Mrs. Dale Atkinson will host the coffee hour following the worship service.

Wednesday, November 10, a choir rehearsal will be held at 7 p. m.

Thursday, November 11, the fall potluck and church business meeting will take place at 6:30 remember your table service. Because of the lack of space, and the importance of the business session "Adults Only" is the order of the evening.

## Eastmont Baptist Church

November 4, at 1 p. m. calling during the day; 6:40 calling during the evening.

November 7, Sunday bi-monthly Missionary Sunday. Rev. Bernice Finch will be with us for the day. He is an appointee to Liberia West Africa.

November 7, a baptismal service at the Mapleawn Baptist Church at 3 p. m.

November 7, the FBV Youth Group meets at the church at 5:45 p. m.

November 7, at 5:45 p. m. a new Bible study and teachers' training class will begin at the church.

November 7, at 9 p. m. the Christian Friends for Freedom will meet at the home of Mr. and Mrs. F. Stevens, 1501 Forest Hills.

Wednesday, November 10, a Prayer meeting will be held at 7:30 p. m.

## Lutheran World Relief drive in November

During November the Lutheran World Relief will have an ingathering of your good, used clothing and blankets, for the worthy need.

Bring any articles to the Trinity Lutheran Church at 2700 E. Fulton Street, and leave in the library boxes provided. These articles will be sorted, packed and sent on to some of the less fortunate in the world.

These articles are delivered to women, men and children in Greece, Brazil and India.

In 1964, Lutheran World Relief in Asia, Africa, Europe and South America.

"He who has two coats, let him share with him who has none..." Luke 3:11

# Forest Hills Public School Financial Report

1964-65

Again this year school enrollments have increased over six percent. If this increase becomes constant for future years, school buildings will remain a concern of Forest Hills residents. Elementary schools can house this increase for two or three years. The secondary schools will be able to withstand these additional students for the next five or six years.

During this last school year many improvements were initiated. Of most concern have been the slow moving building programs. Slow delivery of materials plus lack of skilled workers have added months to the building completion dates. Every effort is being made and will be made to complete these buildings in the near future.

Other projects underway at this time are the Hot Lunch program, North Central Accreditation for the High school, libraries for the elementary schools and junior high school, the implementation of modern math in the total school program and the extension and improvement of the early elementary ungraded program in all of the elementary schools.

Emphasis will be placed this year on completing all of these projects which are now underway.

In the near future the school district must concern itself with the music program as it is now understaffed for the number of students participating. Extension of both instrumental and vocal music into the grades must be seriously considered.

The initiation of Vocational Education is underway at the high school this year. This program must be developed and an on-the-job training program must be evolved in the immediate future. The elementary science curriculum needs improvement as do some aspects of the early elementary social studies program. The teacher's committees will study both of these programs this year and make recommendations to the Board of Education for needed improvements.

The following is a resume of the financial transactions of the district during the 1964-65 school year as taken from the annual financial report. The audit of these accounts is furnished by the firm of Sherk, DeVries and Krenz. This official audit is available for inspection by district residents who are interested in the detailed account.

Monday, November 8, at eight p. m. Council meeting.

Tuesday, November 9, Junior Mr. and Mrs. Society, eight p. m. at the church.

**DOG TAGS**

Hunting Dog Faults

Next to having the right gun equipment, the hunter needs a well-trained bird dog along when he's afield. The use of hunting dogs aids conservation and improves hunting by insuring that more cripples are recovered. But a hunter's day can be easily ruined if his dog has some of the common faults. Even the best on game, particularly if he has been farmed out for the off season, if he has been in a kennel, or allowed to run about town.

Some of the most common and easy-to-correct faults according to the researchers at the Purina Pet Care Center in St. Louis are: false points; chasing rabbits; flushing birds; breaking on shot; running away to hunt by himself; failure to honor points; and trailing brace mate rather than hunting.

When you correct your dog's faults do it immediately after he commits an error. He must associate the discipline with the misdeed just committed. You may miss a shot or two by stopping to correct errors right on the spot, but it's well worth it. It will mean better shooting for you in the future.

Scientists are debating whether or not splitting the atom was a wise crack.

# What's cookin'

Popularity of scallops has increased greatly in the past few years and the demand has had its effect on prices. But scallop lovers take consolation in the fact that there is no waste to pay for.

Its versatility in unusual dishes is another reason for its popularity. Here's a favorite tested recipe.

### Scallop Boat Supper

- 1½ lbs. sea scallops, fresh or frozen
- 1 large loaf unsliced bread
- One-third c. butter or margarine.
- 1 medium onion, finely chopped
- 1 small green pepper, diced
- ½ lb. mushrooms, sliced or 1 can (3 oz.) broiled sliced mushrooms
- 6 tbsp. flour
- 2½ C. milk
- 1 jar (2 oz.) small stuffed olives
- Salt and pepper to taste
- ½ c. dry white wine

Defrost scallops, if frozen, cut in halves, crosswise. Cover with boiling water; cook over low heat 10 minutes. Drain. Trim crusts from top and sides of bread loaf. With a sharp knife removed inside of loaf in one piece, leaving a shell about ¾-inch thick. Cut removed bread in cubes.

Brush bread shell inside and out with melted butter; toss bread cubes in melted butter, spread on baking sheet. Brown shell and cubes in hot oven, 425 degrees.

Melt one-third cup butter in frying pan. Add onion, green pepper and mushrooms; cook, stirring occasionally, until lightly browned.

Blend in flour. Add milk; stir over low heat until smooth and thickened. Cut olives in half; add. Season to taste with salt and pepper. Stir in wine.

Add scallops and bread cubes; heat to serving temperature. Spoon scallop mixture into the bread case. Serve at once. Makes six servings.

### Pork & Chinese Cabbage

Chinese cabbage is in plentiful supply now in gardens and markets, and is a favorite dish to serve to your family along with a salad and hot rolls.

- 1½ lbs. pork
- 1 tsp. sugar
- 1 tsp. salt
- 1 tsp. sherry
- 4 tsp. soy sauce
- 3 tsp. oil
- 1½ lbs. celery cabbage, shredded fine
- 1 clove garlic, minced.
- ¼ tsp. pepper
- 1 tsp. brown gravy sauce
- ½ c. water
- 2 tsp. cornstarch

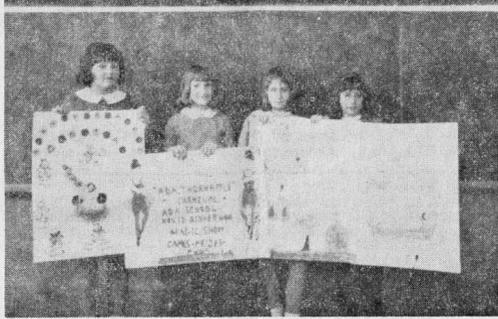

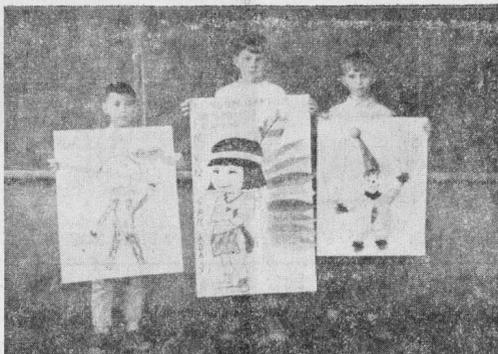

Cut pork into matchlike strips. Mix sugar, salt, sherry and 2 tsp. soy sauce, add meat and let stand 10 minutes.

Heat 2 tsp. oil in skillet. Saute cabbage 5 minutes, stirring frequently. Remove from pan. Heat remaining oil in skillet. Saute pork and garlic. Add cabbage, pepper and remaining soy sauce. Cook over low heat for three minutes. Add gravy and water. Return to simmer and thicken with the cornstarch diluted in a small amount of water.

### Preparing Rice

Put 1 c. white rice, 1 tsp. salt and 2 c. cold water in a two quart sauce pan. Cover with a tight fitting lid. Set over a hot flame until it boils vigorously.

Reduce heat as low as possible and simmer for 14 minutes more. Remove the lid and permit rice to steam dry. Never stir rice while cooking. Makes 3½ c. fluffy rice.

## Poster contest winners

The Ada-Thornapple School's poster contest was highly successful. The students in the 4th, 5th and 6th grades were invited to make posters advertising the Ada-Thornapple school carnival, to be held Friday, November 12th. There were 98 posters submitted by the children. Each grade was judged separately as to originality, accuracy, neatness and independence of thought.

The winners pictured above are, left to right: Tim Hanes, Jim Krueer and Dan Lozicki. Brenda Grochowalski, Wendy Baker and Carrie Seidman.

The posters showed a wide range in originality, use of materials, color and general layout. The seven winners according to grades were:

Fourth grade, Tim Hanes, son of Mr. and Mrs. Robert Hanes, and Dan Lozicki, son of Mr. and Mrs. Chet Lozicki.

Fifth grade, Brenda Grochowalski, daughter of Mr. and Mrs. George Grochowalski, and Wendy Baker, daughter of Mr. and Mrs. Dean Baker.

Sixth grade, Barbara Lozicki, daughter of Mr. and Mrs. Chet Lozicki, and Carrie Seidman, daughter of Mr. and Mrs. L. William Seidman.

The seventh winner was also from the sixth grade, Jim Krueer, son of Mr. and Mrs. Robert Krueer. Jim had made a large colorful poster of an Indian advertising the Carnival.

Each winner was presented with a coupon entitling him to a dollars worth of Carnival tickets.

The Ada-Thornapple School's

## Dollar paid actually protects insured motorist

The "\$64 question" in Michigan these days centers about the payment of \$1... the sum which all persons with liability insurance will have to pay into the state's new Motor Vehicle Accident Claims Fund when they begin registering cars and other motor vehicles November 1.

The question is usually about the same... "Why me? Why do I have to pay when I already carry liability insurance?"

The answer is simple, according to Secretary of State James M. Hare. "The dollar actually buys insurance protection."

Hare said the \$1 fee along with the \$25 from each uninsured vehicle owner will be used to finance the Fund from which innocent victims of accidents with uninsured drivers will be able to draw upon when the claims are filed starting January 1, 1966.

"The dollar paid into the Fund actually protects the insured motorist against accidents with negligent uninsured drivers."

"It protects against contingencies such as personal injury in accidents with hit-and-runners and persons driving stolen vehicles, and out-of-state uninsured drivers who are involved in Michigan accidents."

Hare cautioned against dropping the private uninsured protection rider, however.

"The fund and the rider offered by private insurance companies compliment one another," Hare said. "One covers any contingencies in Michigan, while the rider offers complete protection outside the state."

"With most persons traveling outside Michigan these days," Hare said, "my advice is to continue or buy the private option." There is legislation which would make such coverage mandatory.

Hare said one of the main intents of the Fund is to force as many uninsured motorists as possible into the insured category.

"Percentage is about 85 percent insured as near as we can presently calculate," says Hare. "Most funds of this type have resulted in about half of the uninsured getting into the insured class which would bring Michigan to more than 90 percent insured drivers."

"I'm hopeful of getting it even higher than that," Hare said.

He said he doubted that too many of the "high risk" drivers would buy insurance. "Actually, the \$25 they will be paying into the Fund is a small part of what they would pay for complete liability coverage. Being a realist, I doubt that many of these people will become insured."

"Persons who drive without liability coverage are taking a terrible risk," Hare said. "They are gambling with their future solvency... because a bad accident

## The "Low Down"

From the Congressional Record

By Joe Crump

### Isn't Everyone Subsidized?

Rep. Clair Callan (Nebr.) "... Consumers and taxpayers generally are led to believe that the total annual appropriations to the Department of Agriculture are subsidies to farmers. Actually nonfarmers participate in a larger share of this Department's expenditure than farmers themselves.

"Approximately two-thirds of the Department of Agriculture's expenditures, in the 1966 budget, are for services which are of primary benefit to the general public..."

"However, the word 'subsidy' as a derisive epithet is seldom applied to Government policy and money aids to business and labor.

"Publishers of magazines are recipients of Government subsidies through the Post Office Department. The House Appropriations Committee published figures which showed that revenues for mailing 14 national publications accounted for only 35 percent of the cost of handling these publications..."

"Since the birth of our Nation, subsidies through the yrs. have taken many and various forms..."

"Approximately 183 million acres of Federal and State lands were granted to railroads between 1850 and 1871.

"The first mail subsidy was paid 125 years ago. Since then many millions of dollars have been assigned by the Federal Government to ocean and air-mail subsidies, to foster the development of transportation, as was the case in the special consideration for railroads and waterways."

"Many millions of dollars have been used to subsidize the building of U. S. ships on American ways. Here is one example: About \$40 million in subsidy was paid on the private luxury liner 'United States'. The total cost of the ship was given as \$76,800,000..."

"The age of air travel in America, unless aided by subsidy, would have been late in arriving, and the contribution of airpower to our military preparedness would have been slowed down..."

"It should be pointed out that the economic benefits accruing to industry and labor, from Government policies, are paid for, as are the costs of the farm program by the consumer and taxpayer. Remember this: Consumers and taxpayers are one and the same..."

"Again, it should be emphasized that in the overall subsidy concept this Nation's agriculture is a lesser recipient than either labor or industry. Yet the farmer in many areas of public opinion has been cast as the chief villain of all subsidy gatherers."

### A GRASS ROOTS COMMENT

Rep. Callan has noted just a few of the subsidy programs. We have seen many more added in recent years. For example: Interstate highways, urban renewal, aid to education, sewage disposal plants, Medicare, Job Corp., etc. etc.—J.C.

You may be on the right track, but if you just sit there you'll be run over.

Grammar is a subject about which the experts are sometimes in doubt.

### You will. Will he?

Maybe you obey stop signs and signals. Some drivers don't. So protect yourself by driving defensively. Remember, being in the right isn't enough. You could be dead right.

### Watch out for the other guy!

Published to save lives in cooperation with The Advertising Council and the National Safety Council.

# Cascade Township Notices

AN ORDINANCE TO REGULATE THE CONSTRUCTION, REPAIR, MAINTENANCE ALTERATION OR REMOVAL OF SIGNS AND/OR OUTDOOR DISPLAY STRUCTURES WITHIN THE TOWNSHIP OF CASCADE.

Please take notice that the Cascade Township Board at its meeting on Monday, November 1, 1965 adopted the following ordinance to become effective thirty (30) days from the date of publication.

THE TOWNSHIP OF CASCADE ORDAINS:

**Section 1. Definitions.** For the purpose of this Ordinance, the following words and phrases shall have the meanings respectively set forth after each:

a. A "sign" shall mean any device, stationary or portable, permanent or temporary, whether open or closed, having a display area. It shall include such devices whether supported completely or partially in or upon the ground surface, or in or upon any other structure, or painted, adhered to or otherwise secured on any other structure, which device is used or intended for use for advertising, display or publicity purposes. The term "sign" as used in this ordinance means permanent temporary and portable signs except where the language of the ordinance specifically mentions a specific type of sign. The term "sign" shall not include the following:

1. Devices on the inside of a commercial structure visible through a transparent portion of the structure unless the device is both permanent and lighted.

2. Devices on any property which are not visible from any point six (6) feet or less above the surface of any public right-of-way or any adjoining property either public or private owned by a person, corporation, association or partnership which is not the owner of the property on which the sign is erected.

3. Devices placed or erected by governmental agencies for the purposes of showing street names, traffic directions or regulations or for governmental purposes or the location of public buildings; devices erected by private parties with the written approval of the Township Board to identify geographical areas or points of historic interest and devices erected by governmental or private parties solely for purposes of public safety.

4. Markings of any description either applied to the surface of or attached to a vehicle,

the primary purpose of which vehicle is not the transportation or support of the sign thereon but rather as a means of transportation of persons or materials in connection with the business or service performed by the owner or leasee of the vehicle.

b. "Permanent sign" shall mean a sign or advertising display of a permanent nature which is attached to, mounted on, or supported by any building, structure, post, framework, stake, or other means of support, which is not readily movable or portable, and which sign is of such nature as to be maintained in one position or location.

c. "Temporary sign" shall mean a display sign, banner or other advertising device constructed of cloth, canvas, fabric or other temporary material, with or without a structural frame, intended for a limited period of display and shall include decorative displays for holidays or public demonstrations.

d. A "portable sign" shall be one painted on or in any manner affixed to a supporting structure which is not permanently attached to the ground or another stationary structure.

e. The short title of this Ordinance shall be the "Sign Ordinance".

**Section 2. Certificate of Insurance Required.** No person, firm or corporation shall engage in the business of constructing, erecting, hanging, painting, remodeling, maintaining or repairing signs within the Township of Cascade unless such person, firm or corporation has filed a certificate of insurance with the Clerk of Cascade Township within ninety (90) days after passage of this Ordinance, and before the first of March each year thereafter. Under the terms of such certificate of insurance, the Township of Cascade shall be held harmless and shall be insured along with the person, firm or corporation covered therein. The limits of liability under such insurance certificate shall be not less than Fifty Thousand (\$50,000.00) Dollars for each person, and One Hundred Thousand (\$100,000.00) Dollars for each accident in the event of bodily injury, and a minimum of Ten Thousand (\$10,000.00) Dollars for each accident with a minimum aggregate limit of Twenty Thousand (\$20,000.00) Dollars in the event of property damage.

**Section 3. Permit Required.** It shall be unlawful for any person, firm or corporation, by themselves or by their agents

or servants, to construct, erect, install, structurally alter, or relocate any sign or advertising display of a permanent nature in the Township of Cascade without having first obtained a permit for such sign or device from the Building Inspector. Application for such permit shall be filed with the Building Inspector and accompanied by the fee therefor, and shall set forth the name of the person who is to erect or alter the sign, the plans and specifications of the sign, and the proposed method of erection, or alteration together with complete information regarding the equipment to be used for such work. If the Building Inspector, and in the case of an electrical sign, the Electrical Inspector, finds that such sign, when constructed and erected in accordance with the plans and specifications, will comply with the provisions of this Ordinance, and all other Ordinances of this Township or statutes of this State, and that the equipment to be used is adequate to protect the public safety during the erection or alteration thereof, the Building Inspector shall issue a permit. Each sign shall be inspected by the Building Inspector immediately after it is erected.

Each application for a permit under this Section 3 shall state that the owner of the property on which the sign is to be situated does, upon grant of the permit by the Building Inspector or the Township Board, grant the Building Inspector the right thereafter to enter upon the property at reasonable times to inspect the sign for purposes of determining compliance with the provisions of this Ordinance and the right of either the Building Inspector or other persons designated by the Building Inspector or Township Board to enter upon said property for purposes of removal of the sign if the sign is later determined not to comply with the provisions of this Ordinance. No application for a permit under this Section 3 shall be granted until the owner of the property on which it is to be situated shall have signed the application.

**Section 4. Exception.** It shall not be necessary to provide a certificate of insurance or to obtain a permit for the placing of the following signs, provided same shall conform to other requirements of this or other Township Ordinances:

a. Real estate sales, rental and related signs when the subject matter thereof is related solely to the property on which erected.

b. Advertising displays or sales displays of a temporary or portable nature if removed within thirty (30) days of the

date of erection and when the subject matter thereof is related solely to the property on which erected.

c. Holiday decorations.

d. Political posters and signs of a temporary nature.

e. Signs not to exceed thirty-two (32) square feet in area erected in any area of the Township except developed, plated areas provided they are (1) limited to the sale of agricultural products produced on the property on which the sign is erected, (2) are retained in erected condition only during the season such products are actually offered for sale, and (3) do not interfere with the safety or view of any adjacent property.

f. Signs not to exceed thirty-two (32) square feet in area erected in any area of the Township by a contractor or architect performing work on the property on which erected during the period the work is actually being performed, but in no case shall such sign remain erected on such property more than one year.

The exception of the foregoing shall not, however, be construed to relieve the owner of such sign from responsibility for its erection, maintenance and removal in a safe manner.

**Section 5. Maintenance.** All signs and advertising displays now erected and maintained or hereafter to be erected and maintained shall be erected and maintained in a neat and orderly condition and with secure supports and fastenings to prevent the same from falling. Any person or firm erecting or maintaining such signs or displays shall, within forty-eight (48) hours after being notified by the Building Inspector, repair or replace supports for any sign and comply with said order in a manner satisfactory to the Building Inspector.

**Section 6. Traffic Hazards.** It shall be unlawful in the Township of Cascade for any person or firm to place a sign, advertising device or display in a location where it shall cause a hazard to vehicular or pedestrian traffic. If any such sign is determined to be a hazard by the County or State Traffic Engineers, or the Township Board, notice thereof shall be given to the Building Inspector who shall thereupon notify the owner to remove same in the interest of public safety.

**Section 7. Public Nuisance.** The Building Inspector shall notify the owner to alter or remove any sign device or display which is deemed a public nuisance by being neglected, in poor repair, hazardous to the public, or which may cause a nuisance or harassment to residents nearby, either by way of light glare, or by vision interference, or by interference with radio or television reception, or by blocking the natural flow of air currents.

**Section 8. Failure to Comply.** When a person or firm has been notified by the Building Inspector to remove or repair a sign and shall fail to comply within the time specified in the notice, the Building Inspector is authorized to have the sign removed by Township, County or State employees. The cost thereof to the governmental agency performing the removal shall become a lien against the property from which the sign is removed, to the extent such costs are not covered by the bond required by this Ordinance.

**Section 9. Non-Conforming Signs.** No person or firm shall alter, remodel, relocate or reconstruct any sign which does not conform with the provisions of this Ordinance and of the Zoning Ordinance of Cascade Township, nor shall the Building Inspector issue a permit for same, unless the altering, remodeling, relocation or reconstruction includes modification or reconstruction of the sign so it will conform with this Ordinance and all other Ordinances of this Township. Repainting or redecorating a sign, provided the subject matter thereon is not materially changed, shall not be considered prohibited by this Section 9.

**Section 10. Right-of-Way.** It shall be unlawful in the Township of Cascade to place any sign, advertising device or display of a permanent nature, upon, over or a public sidewalk, street, alley or place, or public right-of-way; provided, however, that where the building upon which a sign is to be placed extends to the lot line, or where other signs, buildings, or any other object may cause a proposed sign to be hidden from potential viewers, the Building Inspector, after investigation and approval by the Township Board, may authorize a permit for such sign provided same shall extend no more than three (3) feet beyond the property line of the building or place in question. Any sign or device for which such permit is granted shall be constructed and maintained not less than ten (10) feet above the grade level of any sidewalk, nor less than fifteen (15) feet above any street, alley, driveway, loading or parking area, said distance to be measured from the lowest point of the sign projection.

**Section 11. All signs** using electrical devices shall be installed in accordance with the

National Electrical Code.

**Section 12. Maintenance and Repair.** No permit shall be necessary for general maintenance or repair of conforming signs.

**Section 13. Banners.** Temporary signs or banners not otherwise permitted under other provisions of this Ordinance may be erected or hung over any public street or alley in accordance with a special permit which may be issued only upon authorization by the Building Inspector, which permit shall state the period of time it may be maintained.

The Building Inspector may require a cash deposit of security bond to insure the removal of such sign or banner within the time limit prescribed in the permit. Such permit will be issued and the cash deposit or bond will be handled through the office of the Building Inspector upon receipt of approval by the Building Inspector.

**Section 14. Erection of Certain Permanent Signs.** Signs of a permanent nature which do not refer directly to the property upon which located or to the business conducted thereon may be constructed, erected or installed only under the following conditions:

a. Full compliance with the provisions of this Ordinance relating to permits and insurance.

b. Erection only in districts in which signs not referring directly to the property on which located are permitted under the provisions of the Zoning Ordinance of the Township of Cascade.

c. The person or firm constructing, erecting or installing such a permanent sign shall file with the Building Inspector the written permission of the owner of the property upon which the sign is to be constructed, erected or installed.

d. The minimum spacing between permanent signs measured along the public right-of-way such permanent signs, face, shall be fifteen hundred (1,500) feet.

e. The posting with the Township Treasurer of a bond or cash deposit in the amount of one hundred (\$100.00) dollars as security to the Township for proper maintenance, removal by governmental order, if such becomes necessary, and for payment of taxes.

f. The placing on the front or back of such permanent sign, in a position where it is readily visible, a legend having printing not less than one (1) inch in height, the name and address of the owner of the sign.

**Section 15. Unauthorized Signs.** The following signs are prohibited within the Township of Cascade:

a. Any sign, signal, marking or device which purports to be or is in imitation of or resembles an official traffic control device, or railroad sign or signal, or an emergency vehicle blinker-light signal, or which attempts to direct the movement of traffic, or which obstructs or interferes with the effective operation of any traffic-control device or any railroad sign or signal or the normal flow of traffic or which is determined by the Township Board to cause or to be likely to cause distraction to motorists.

b. Any sign of any kind which has been erected or installed on private property without the consent of the owner of such property.

**Section 16. Permit Fees.**

a. For signs erected in any district in which permitted, directed in any part to activities not conducted on the property on which erected, there shall be paid to Cascade Township a permit fee as follows, which fee shall be in addition to any bond required by this Ordinance:

1. One hundred (\$100.00) Dollars for the first \$1,000.00 of cost or fraction thereof.

2. Ten (\$10.00) Dollars for each additional \$1,000.00 of cost or fraction thereof.

3. An annual permit renewal fee of Ten (\$10.00) Dollars.

b. For each sign erected in any district in which permitted, directed solely to activities conducted on the property on which erected, there shall be paid to the Township of Cascade a fee as follows:

1. Five (\$5.00) Dollars for the first \$1,000.00 of cost, or fraction thereof.

2. One (\$1.00) Dollar for each additional \$1,000.00 of cost, or fraction thereof.

3. The permit fee for conversion of a sign under section 17 (b) hereof shall be Five (\$5.00) Dollars.

c. Signs defined under Section 4 hereof shall require no fee.

d. The annual permit renewal fees required under Section 16a (3) hereof shall be payable in advance and shall become payable December 1 of each year starting with the first tax bill mailed after the effective date of this Ordinance.

**Section 17. Removal of Certain Signs.**

a. Property, plat or building development signs shall be removed from the property, plat or building development when seventy-five (75 percent) percent of the land area of said property, plat or building development is sold.

b. All signs relating to the use of the property on which erected, when the use of the property to which the sign re-

lates ceases, shall either be removed within six (6) months of the cessation of such use or a permit obtained for conversion of the sign to conform to the new usage of the property.

**Section 18. Enforcement.** It shall be the duty of the Building Inspector, or his duly appointed representatives, to enforce the provisions of this Ordinance.

a. The Building Inspector, upon ascertaining that any sign in Cascade Township does not conform to the provisions of this Ordinance, shall give written notice thereof by registered or certified mail to both the owner of the land as shown on the latest tax roll on which it is erected, and the person or company which appears to be the owner of the sign from the face of the sign, if the actual owner of the sign is not known. Said notice shall state the date on which sent, the reason the sign is non-conforming and state that removal of the sign is mandatory at the end of thirty (30) days, if the sign is then still non-conforming.

b. It shall be the duty of the Building Inspector at the sign or land owner's expense, to cause the removal of any sign which remains non-conforming promptly after the expiration of said thirty (30) day notice period.

c. Each year, within thirty (30) days following the time when taxes become delinquent, the Township Treasurer shall report to the Township Board all signs then delinquent in taxes or permit renewal fees. The Township Board or the Building Inspector, if so directed by the Township Board, shall then in writing notify the property owners, as shown on the latest tax roll, on which the sign is erected and the owners of the sign, if the latter are known, that the taxes and/or annual permit renewal fee are delinquent and that ninety (90) days after such notice such signs will be removed at the cost of the land owner or the sign owner or both, if the taxes and annual permit renewal fee thereon have not been paid. At the expiration of said ninety (90) day period, removal of signs on which the taxes or annual permit renewal fee have not been paid shall be mandatory.

d. The costs of sign removal and any delinquent taxes may be deducted from the amount of the bond or cash deposit required by Section 14(e) hereof.

e. Any taxes or removal expenses which are unpaid and have not been satisfied under the procedure of sub-section (d) of this section shall become a lien on the property on which said sign is or was erected.

**Section 19. Existing Non-Conforming Signs.** Signs lawfully erected and existing at the time of adoption of this Ordinance may continue although the use does not conform with the provisions hereof, provided:

a. The Building Inspector, within six (6) months of the adoption of this Ordinance shall notify in writing both the land owner and the sign owner as shown on the latest tax roll of Cascade Township following the adoption of this Ordinance, of signs covered by Section 14 of this Ordinance of the requirement of sub-section (e) thereof and of Section 16(a) 3. This notice shall be sent with the tax bill on said sign and-or property on which the sign is erected. Signs which have not complied with Section 14(e) within (1) year from the date of this notice shall be considered non-conforming signs within the definition of this Ordinance. Signs which become delinquent in taxes after the date of said notice shall be treated in accordance with the provisions of this Ordinance.

**Section 20. Refund of Bond or Cash Deposit.** When any sign for the erection or maintenance of which a bond or cash deposit has been made with the Township Treasurer under Section 14(e) of this Ordinance has been removed to the satisfaction of the Building Inspector, the balance of the bond or cash deposit relating to such sign shall be refunded by the Township Treasurer upon written application of the owner of the sign, his heir, assignee, or duly authorized agent.

**Section 21. Assistance for Building Inspector.** The Township Board shall have the power to appoint one or more persons to assist the Building Inspector in the execution of his duties under this Ordinance. The term "Building Inspector" wherever used in this Ordinance shall be deemed to include such person or persons.

**Section 22. Appeals.** Any person making application for a permit under this Ordinance who may be denied such permit by the Building Inspector may file an appeal in writing on forms to be provided by the Building Inspector to the Zoning Board of Appeals of the Township of Cascade, said appeal to be taken in the same manner as provided for appeals to said Board in the Cascade Township Zoning Ordinance. Whenever the Board of Appeals shall find upon such appeal that strict application of the provisions of this Ordinance shall result in imposing an unreasonable hardship upon the applicant for a permit said Board may grant a variance from the terms thereof, provided such variance is

Secretary of State James Hare poses with Automobile Club of Michigan license plate clerk Jo Ann Labadie to draw attention to the new procedure for obtaining 1966 automobile license plates which went on sale November 1. For the first time, Michigan motorists must show proof of public liability and property damage insurance (PLPD) to obtain 1966 plates. This is required by recent passage of the Motor Vehicle Accident Claims Act by the State Legislature. All motorists must contribute to the fund established under his law. Motorists who can prove they have PLPD insurance by presenting an insurance certificate, an insurance policy or written statement from an insurance company pay \$1 into the fund. Motorists without proof of insurance pay \$35 into the fund. Miss Labadie holds cards explaining the procedure motorists must follow to purchase new plates: 1. Bring current car registration or title. 2. Have money for plates. 3. Show proof of PLPD insurance and pay \$1 into the fund. Those without proof pay \$35 into the fund.

## CROP asks help in overseas aid

Because of dwindling supplies held by Commodity Credit Corp. Voluntary Agencies are receiving drastically reduced quantities of powdered milk from that source for their overseas feeding programs, according to Russell M. Hartzler, Michigan CROP Director. "To help fill this gap CROP has been asked by the Church World Service to increase its contributions for purchase of milk for overseas distribution," Mr. Hartzler said.

In accepting this challenge, Michigan CROP has made a new approach called Share-A-Loaf. This is an appeal to Michigan families to share the price of a loaf of bread each week with people in need overseas. Share-A-Loaf is put into a simple, understandable term, "bread," symbol of all food. The price of a loaf of bread (25c) given each week for 20 weeks through CROP provides a glass of milk or a bowl of beans daily for one person for a whole year.

To simplify weevy sharing, CROP provides coin folders at no charge to any Michigan family wishing to use them. Each folder holds 20 quarters. Share-A-Loaf, endorsed by Mrs. George Romney, is be-

ing sponsored in Michigan by Extension-Homemakers, Farm Bureau Women, 2nd United Women of the Church. The organization's presidents suggest that, "With just a little extra care in budgeting, couldn't almost every family share the price of one loaf of bread each week?"

Coin folders may be secured from any of these groups or from Michigan CROP, Box 206, Lansing.

Milk, whether contributed by the American people through government or by voluntary contributions through CROP, is used for school lunch programs, in children's homes, for pregnant mothers, in institutions, etc.

A recent report from Korea that reluctantly, leper hospitals were dropped from their list of recipients of milk. "Doctors and nurses in the hospitals were deeply saddened," the report stated, "because without milk, lepers cannot throw off the dread disease."

not against public interest, is consistent with public safety, convenience and general welfare, and will not adversely affect the rights of owners of adjacent property.

**Section 23. Penalties.** Any person who shall violate any provision of this Ordinance shall, upon conviction of such violation, be punished by a fine of not to exceed One Hundred (\$100.00) Dollars, or by imprisonment for a period of not to exceed ninety (90) days, or by both such fine and imprisonment, in the discretion of the Court. Each day that violation is permitted to exist shall constitute a separate offense.

**Section 24. Restrictions Imposed by Other Township Ordinances and-or Statutes of the State of Michigan.** If any provisions of any other ordinance of the Township of Cascade and-or the statutes of the State of Michigan impose greater restrictions than herein set forth, then the provisions of such ordinances and-or statutes shall control.

To the extent of this Ordinance requires obtaining a permit and payment of fees and of bonds or cash deposits, this Ordinance shall supercede all other ordinances of Cascade Township. This Ordinance supercedes Section 27 of the Cascade Township Zoning Ordinance.

**Section 25. Validity.** Each section of this Ordinance is declared to be severable and, should any section or provision be declared unconstitutional or invalid, the same shall not affect the validity of the Ordinance as a whole, nor of any other part thereof.

**Section 26. Effective date.** This Ordinance shall become effective on the 4th day of December, 1965.

I hereby certify that the foregoing Ordinance was adopted by the Cascade Township Board in public session held on the 1st day of November, 1965.

Mrs. Edna Osmer,  
Township Clerk

Hold Christmas bazaar

East Paris Christian School Mothers' Club will have a Christmas Bazaar at the school, 3350 East Paris Avenue, on Wednesday, November 10, from 9 a. m. until 12 noon.

They will be selling homemade and knitted articles, toys, decorations and baked goods.

Coffee will be served throughout the morning.

There will also be a demonstration on the making of wood fibre flowers, flower arrangements and Christmas decorations and an opportunity to bring in your vases or dishes to be filled.

A nursery will be provided.

The first federal paper money was issued by the US Treasury in \$5, \$10 and \$20 notes in 1861.

Thirteen out of every 100 adult Americans (definitely) and another 12 out of every 100 (presumably) suffer from heart disease.

coming events

CBA meeting will be held on November 10 at the Cascade Christian Church Fellowship Hall.

St. Robert's — St. Elizabeth Team of the Women's Guild will have a rummage sale at the church in the basement Friday, November 19, 9 to 7:30.

Saturday, November 6 — Cub Scout Pack 3290 will have their annual Cub Scout Hayride at Shady Acres, Bailey Drive. After the hayride there will be a wiener roast at the Lion Park on Thornapple River Drive.

Friday, November 12 — Pancake supper at the RLDS Church of Alaska in the church basement. Serving time 5 to 8 p. m. Adults \$1, children 5 through 10 seventy-five cents, pre-schoolers free.

November 23 — The Martin School PTA will have their monthly meeting. The speaker will be Dr. Donald Waterman, who will speak on "Chromosomes and Genes and How They Determine Inheritance." His son, a talented magician, will also be on hand to entertain.

The Eastmont Coffee group will meet at the home of Mrs. Foster Bishop, 117 Argo, SE, Tuesday, November 9, at 12:30 for dessert and coffee.

The Mothers Club of the Ada Christian School is having a rummage sale Friday, November 5, from 9 a. m. to 4 p. m. at the Ada Town Hall. Anyone having rummage can leave it off at Mrs. Ronald Boersma, 587 Ada Drive, SE, next to the laundromat.

Fall Missionary Conference at Knapp Street Reformed Church Sunday, November 7, 9:30, 10:45 and 7 p. m. and Monday, November 8, at 7:30. Rev. Truman Raak, pastor.

Chari Johnston, Charles De Minck wed October 23

Wedding vows were exchanged Saturday morning in St. Jude's Catholic Church by Miss Chari Lynn Johnston, daughter of Mr. and Mrs. Ted F. Johnston, College Avenue, NE, and Charles DeMinck, jr., son of Mr. and Mrs. Charles DeMinck, Wendell Avenue, Cascade.

The bride selected an empire peau de soie gown and matching sleeveless coat. A pearl crown secured her veil and she carried white orchids and feathered mums.

Miss Sharon Gerke, the maid of honor, wore a gown of royal and light blue velvet and a matching velvet hairbow.

The bridesmaids were the Misses Debra DeMinck, the bridegroom's sister, Jan Johnston, the bride's sister and Patricia Rutledge. All wore gowns identical with the honor attendant's and carried light blue mums.

Lori Ann Devlaeminck was flower girl and Jeffery Hamilton carried the rings.

Best man was Sybrant Dykehouse, Robert Barto, Thomas M. Johnston; the bride's brother, and Craig DeMinck, the bridegroom's brother, ushered.

After a wedding trip to Canada, Niagara Falls and New York, Mr. and Mrs. DeMinck will reside at 937 Oakcliff, NE, Grand Rapids.

Spent three weeks visiting in East

Mr. and Mrs. Ross McDougal of 46 Honey Creek Road, Ada, have just returned from a three week trip in the East.

Mr. and Mrs. McDougal spent a few days in Parkersburg, Virginia, as guests of Mr. McDougal's nephew, Dr. Robert McDougal.

They motored through the mountains to historic Williamsburg, and from there they went to Clarksville, Maryland, to spend a week with their daughter and son-in-law, Mr. and Mrs. Edward Lower and to get acquainted with their new grandson, Ed Lower, the second.

Rockets defeat Rangers 19 to 6

In the game with Kelloggsville last Friday, the Ranger defense collapsed for the first time this year. This almost complete lack of good tackling along with the usual fumbles, penalties and pass interceptions caused the Rangers to be throttled most of the game.

The Rangers' Tom Mittner intercepted a Rocket pass, early in the first quarter, and moved the ball to the Rockets 25 yard line. Here the Rangers lost the ball on a fumble. On the first play Phil Armstrong broke through the center, cut to his left, and ran through the rest of the Ranger 70 yard touchdown. The try for the extra point failed.

In the second quarter both teams failed to keep drives going until mid-way when the Rangers began to move. With Berk Freeman doing the only real good ground gaining, the Rangers moved from their own 35 yard line to the Kelloggsville 5 yard line.

Freeman then twisted his way through into the end zone for the touchdown. The try for the extra point was wide again.

Kelloggsville stopped another Ranger drive just before the half ended and took over the ball. A couple of good gains were made through the Ranger line before they broke a runner loose through the middle of the Ranger Line.

Several Rangers missed the runner and he was off down the middle. Gary Wingeier chased the runner and caught him 50 yards down the field on the Ranger 5 yard line. A goal line stand stopped the Rockets as Jim Teft, who was outstanding on defense throughout the game, nailed the passer on the twenty yard line to stop the drive.

Kelloggsville received the second half kick-off on their own 25 yard line. With Rockets backs running at will at most any direction, they moved 75 yards for their second touchdown, with Tom Krusenga going over. The Run for the extra point was good.

The Rangers moved into Rocket territory on some fine running by Freeman only to again have a fumble recovered by the Rockets. The Rockets continued the same hard ground game and moved through the loose tackling of the Rangers until they moved in for their 3rd touchdown. The run for the extra point failed.

The frustration of the Rangers was even more apparent in the fourth quarter. Berk Freeman broke into the open on a pass pattern at the Rocket 30-yard line, but had to hold up for the pass. He caught the pass and was hit as he turned and the ball popped straight up into the air and a Rocket back caught the ball.

Later, a Kelloggsville fumble was recovered by the Rangers on the Rocket 40 yard line. Mike Jason at once hit Freeman with a fine screen pass, the blockers failed to clear the way and Freeman was caught at the Rocket twenty. On the

next play the Rockets picked off an underthrown pass at the goal line and returned to the twenty of the Ranger's. With seconds left, the Rockets broke a runner through the line and after several missed tackles, he sailed down the side lines; only to be caught from behind by Tim Williams on the Ranger 5 yard line as the game ended.

EXTENSION GROUP STUDIES FOOD SERVING WAYS

The Thornapple extension group met October 25 at the home of Mrs. J. Cooper.

An interesting lesson was on "Today's Modern Ways of Serving Food." How easy and interesting it is to go food shopping. All kinds of instant packaged and frozen foods of every description. And different ideas on how to prepare them.

Food is an important item in life, and of interest to all of us. The lesson was enjoyed by all.

A delicious lunch was served by the hostess.

LIVE STOCK EXPOSITION

Kent county is among the Michigan counties from which entries have been received for the 1965 International Live Stock Exposition.

Donald J. Hutzler, manager of Holiday Farm near Ada, has listed entries consisting of a show herd of purebred Angus cattle that will compete in the competitions for this breed at the Chicago show.

7 straight for Reserves

Forest Hills Junior Varsity boys are rolling up the victories this year. The Kelloggsville Junior Varsity boys failed to score against them last Thursday, while the Rangers racked up 19 points.

Mike Smith made a 21 yard run to hit "pay territory" with 5:11 left in the first quarter. Dave Norman ran 41 yards with 2 minutes 8 seconds remaining in the third quarter. Norman's conversion attempts touch-downs.

With 1:31 remaining in the fourth quarter, Jim VanderBaan cleared from the 39 yard line to make the third touch-down, and ran the ball over for the extra point.

Freshman Dan Mosier was brought up as Bob Freeman broke a wrist at practice and Steve Weber has a bad elbow and cannot play.

The next game will be played at Wyoming Park. This game will decide the championship as neither team has a defeat. The game will begin at 7 p. m. on Thursday, November 4.

YWCA presents writing course

The short story course, "How To Write for Magazines," has been scheduled for the second consecutive time, by the Putnam School of the YWCA. In addition to the beginning class taught last year, an advanced class is being offered. The course begins Monday, November 8, and will be scheduled both afternoons and evenings for five sessions covered during one week.

Leonard Snyder, novelist and magazine writer of New York City, will be the instructor. Mr. Snyder, one-time Navy public relations man and former student of W. S. Campbell and Foster-Harris at the University of Oklahoma, is widely known as a writer's coach and has lectured in cities throughout the country.

"How To Write For Magazines" is practical in approach and consists of lecture-workshop sessions covering all the main techniques of fiction writing. One lecture will be devoted to writing the magazine article. Characterization, plotting, transition, dramatic scene and narration, openings, etc., will be covered.

Classes will be limited. A detailed folder is available on application to the YWCA by calling GL 9-4681.

Girl to psychiatrist: I'll pass up the couch—that's part of my trouble.

This may sound old-fashioned but it still pays to buy a home.

YMCA Youth Leagues

The bowling in the youth leagues was in general very good. Even though the scores weren't real high, most of the boys and girls bowled over their averages. Tom Koewers was high in both departments in the junior and senior high league rolling a 198 for high game and a 510 series. Pamela Morris had a 117 game and Norene Baker a 304 series to lead the girls. In the grade school league, Dan Hill spilled 128 pins for high game and had a 242 series for 2 games. For the girls, Bonita Baker had the high game, a 102, and Sally Doyle took high series honors for two games with a 179.
