Little action at board meeting on Dec. 23

The Forest Hills Board of Education met in regular session Tuesday, December 21, at 8:00. Present were: Banta; Colvin; Price; Seidman; Weathers; Sytsma; Supt. Masten and several members of the administrative staff.

Motion made by Banta, seconded by Colvin that minutes of previous meeting be accepted as presented; carried.

It was moved, and seconded to pay the current bills, only to discover that the checks had not been drawn for the members of the Board, maybe next month.

A resolution to recognize Forest Hills M.E.A. as sole bargaining agent for classroom teachers, guidance counselors and librarians who have a valid Michigan teaching certificate was read to the Board, after discussion and correction, the motion was made by Sytsma, seconded by Banta, that the resolution be adopted as corrected.

President Weathers appointed a committee for a preliminary meeting with the M.E.A. bargaining unit on Thursday evening, December 23.

The purposes, practices and problems of prom time were discussed lengthily; no action being taken.

A tentative date was set for the formal open house for the new Junior High School, and rental policies for the P.T.A. dinners, ect. was clarified.

Superintendent Masten gave a building report, which indicated that everything was progressing smoothly and would be finished as anticipated. General discussion of plans for an Administrative building followed; no action taken at this time.

Meeting adjourned at approximately 11:00 with an exchange of season's greetings.

Present travel film January 8, 8 p. m., "American Rockies"

"The American Rockies", an all-color, travel-film, will be presented as the first program of the "Travel and Adventure Series" in the Forest Hills High School auditorium, on Saturday evening, January 8, at 8 p. m., under the sponsorship of the Congregators of Ada Congregational Church. James Forshee, who produced the film, will appear in person to narrate it.

James Forshee is a resident of Ann Arbor, Michigan. After graduating from the Ford Trade School, he entered the United States Marine Corps. While in the Marines, serving in Japan and the Pacific, he became interested in photography as a hobby. After World War II he entered the automobile industry as an engineer and worked for the Ford Motor Company for several years. During the last few years his hobby has become his major interest, and he has become one of the top artists in the travelogue field. His training as an engineer is reflected in the technical perfection of his films. He has now produced 3 full-length travelogues which have been presented in auditoriums coast-to-coast. James Forshee is also endowed with a rich sense of humor, and his stage mannerisms remind one of James Stewart.

"The American Rockies" is James Forshee's most recent production. The Rockies run north across Colorado, Wyoming and Montana. In the old days the Rockies stood as a barrier to those early pioneers, explorers and prospectors. Today they offer the visitors breath-taking views and camping areas that are surrounded with forests, flowers and wild animals. Nestled along the Rocky Mountain range are popular tourist spots such as: Pikes Peak, Rocky Mountain National Park, Grand Teton National Park, Yellowstone National Park and Glacier National Park. Visits will be made to many interesting attractions such as; the U. S. Air Force Academy, ski areas, ghost mining towns, Cheyenne Frontier Days with its rodeo and Indians, and dude ranches. The industries of logging, farming and cattle ranching are also included.

Tickets are still available for the series. Call Mrs. R. Collins, OR 6-2631 or ask any Congregator member today!

Bald Eagle rare sight

A bald eagle, which should have migrated long ago and perhaps did migrate from a more northern latitude, was seen on the ice of LaBarge backwater of the Thornapple River in Kent County last week.

Mrs. Robert Rozell, who lives there, said that she and her husband positively identified the bird with binoculars. It routed a band of seagulls from a pond of open water and made off with a fish.

Conservation Office Paul Durham reported last winter that he saw a bald eagle in northeastern Kent County, along the Grand River. In both cases, it was a mature bird, with pure white head and tail. Durham warns that the eagle is rigidly protected.

Candles glow Christmas Eve

An old fashioned Christmas Eve was experienced by many Ada area residents when the electricity suddenly failed at 9:03 p. m. on December 24.

Gone was the artificial glow from the decorated trees and off was the spectator entertainment from the giant hypnotic eye of modern TV. Instead, candles were groped for & card games played while conversation among members of families again became the mode of the hour.

This whole momentous occasion resulted from the sliding of the automobile driven by Clare Bennett, 33, of Belmont.

He lost control on the slippery road about 100 feet north west of Grand River Drive at Buttrick Avenue, SE,.

During the course of the accident, he knocked down a pole, a mailbox and a paper box. Fortunately, he was not injured, but he did make holiday history for many who never met him.

Operation Santa Claus in motion

Good ol' St. Nick, in the person of Roy Simon, is seen arriving at Cascade Christian Church on Saturday, December 19 for the annual Operation Santa Claus party. He is seen riding one of many bicycles contributed by area residents.

Mrs. John Titsworth, co-chairman of Operation Santa along with her husband, is seen checking over family baskets. In addition to gifts received at the party, additional gifts are sent home for opening on Christmas as well as food baskets. Each family received a half-turkey this year.

Santa is surrounded by several happy little girls that were receiving their lovely new jackets. In the background are seen some of St. Nick's local assistants. Robert White, serving as treasurer of the Cascade Christian Church Youth Council, reports monies received this year to the extent of $1,330.33. A balance of $40.55 remained after caring for 34 families, including 159 children, all in the Forest Hills district. Special thanks are extended all who assisted, donated and helped in any way.

West Ottawa 66, F. H. Rangers 50

West Ottawa turned in an impressive basketball win in the Red Division of the Ottawa-Kent Conference by turning back Forest Hills, 66-50, on the West Ottawa court Tuesday, December 28.

Tim Williams of Forest Hills, besides turning in a fine performance on the boards, scored 15 points. Teammate Bif Freeman, added 11.

In the last quarter Forest Hills outscored the other team, but by then West Ottawa had the advantage and the margin was too great to overcome.

Forest Hills will play host to Hudsonville on Friday, January 7.

Santa made a grand entrance, much to the delight of all the children. Each boy in the pack received a gift from the pack, purchased with monies the boys had earned in their flower sale. They exchanged gifts and each small child received a gift from Santa.

At that time all customers whose number begins with 949 will notice a lower pitch dial tone when they lift their receivers to place a call.

The dial tone change is necessary because of the dial pulsing tones used in touch-tone dialing. No definite date has been established for touch-tone availability in the area.

Sell Commodity Credit Corporation corn

Frank Light, Chairman of the Michigan ASC Committee, announced today that beginning January 3, 1966, a limited quantity of Commodity Credit Corporation corn will be sold from local bin sites each week.

This corn is being offered for sale as in past years to insure an orderly movement of supplies for domestic and export further application of the evernormal granary principal of using reserve supplies when demand is strong after building up stocks to support prices in other years.

Mr. Light further stated that these sales would be made against the certificate pool and would be sold to the highest bidder. The legal minimum price for such sales will be the loan rate plus certain carrying charges, as determined by the

Local county ASCS offices will continue their policy of first disposing of stocks found unsuitable for further storage, and will continue to sell limited quantities each week until these stocks have been depleted. For further details pertaining to the sale of Commodity Credit Corporation corn, interested persons should contact their local ASCS county office.

In the 1966 listing of manufacturers, wholesalers and retailers in Kent County Dun & Bradstreet set the total at 5,820 in the County. Lowell has 95 & Ada 31, according to the physical count as of January 1.

Other communities in the couty listed include: Grandville, 163; Sparta 99; Rockford 91; Cedar Springs 79; Comstock Park 77; Byron Center 59; Caledonia 42.

The credit checking organization is sending out nearly 3 million requests for financial statements throughout the country. The requests are sent to all businesses regardless of size, from the corner grocery to the million dollar manufacturer.

Because of the constant flux in the American business community, nearly 6,000 changes are now occurring daily in the Reference Book data. Thus the mammoth volumne must be reissued every two month to keep up-to-date credit facts in the hands of manufacturers and wholesalers.

The credit report which stands behind each entry in the Reference Book contains such information as the firm's current payment record, history, ownership, operation, and financial stability.

The spoiled little boy had rarely left his mother's side in all his five years. When he came home to lunch after his first session in kindergarten, his mother hugged him to her bosom. "Tell me," she asked, "did you cry at school today?"

"No," the little terror leered, "but the teacher did!"

Resolutions

This is the time for resolutions. As we stand on the threshhold of a New Year we usually resolve to do better in this year than we did in the past. But, if we can judge correctly, from the humorous remarks which are spoken and written, we may assume that already now many of these resolutions have been broken. When that is the case it is plain that people have not made a resolute resolution, for the word "resolution" means that we are determined and that we have decision of character to do what we decide to do.

Though many resolutions pertain to minor, inconsequential matters, there are those which are of great importance to us and to our loved ones. These are the resolutions we ought to make to improve our spiritual and moral life. Foremost is the resolution to read the Bible and to pray more faithfully and regularly each day, for such communication between God and us is the mainspring of spirituality and of morality. And then there is the definite decision to attend Sunday School and each of the services of our church every Sunday, so that we may learn the Lord's will for our lives. If you are not attending any Sunday School and church services, we invite you cordially to ours. Don't put this off until some "convenient" time, but start at once and keep coming!

—John Guichelaar

The first meeting of the new year will be held at Cascade School Thursday, January 13, at 8 p. m. We will have nomination of officers for the P.T.A. for the next school year.

Mrs. Lee Patterson is working hard this year to see that we have programs of interest to everyone in general. Some times they might be of far more interest to you than other times, but please try to attend the meetings and give us some new suggestions if you can.

This time the program should be for great interest to everyone, and particularly to you parents.

Everyone and anyone interested is invited.

Mrs. Sawyer, the director of nursing at Mary Free Bed, is the speaker. She has slides and will talk on primarily birth defects and therapy. We would like to see you all there.

Mary Gietzen becomes bride of John Wardrop

A reception in Grand Rapids Elks Country Club followed the marriage, Saturday afternoon, December 18, in St. Robert's Church, Ada, of Miss Mary Elizabeth Gietzen and John Driscoll Wardrop.

Parents of the couple are Mr. and Mrs. Harold F. Gietzen of Ada and Mr. and Mrs. John W. Wardrop, Uplands Dr., SE, Grand Rapids.

The former Miss Gietzen chose a wedding gown of raw silk linen styled with an empire waistline and an A-line skirt with a cathedral train. Her headpiece securing a double tiered veil was a cascade of waxed Italian orange blossoms trimmed with pearls. She carried a bouquet of white orchids, roses and stephanotis with ivy.

Miss Jeanne Gietzen was her sister's maid of honor. Bridesmaids were Miss Brenda Bennett and Miss Terri Lynn Gietzen, another sister of the bride. They wore empire gowns of olive green velvet and beige crepe with veiled velvet hair bows and carried bouquets of gold pompoms.

The bridegroom's brother was best man. Seating the guests were Timothy H. Gietzen, brother of the bride, Laurence E. White of Kalamazoo and James Rock Tonkel of Richmond, Indiana.

Presiding at the reception were Mr. and Mrs. Henry T. Gietzen, Mrs. Theodore A. Gietzen, Dr. and Mrs. Thomas W. Tully of Park Ridge, Illinois, and Mr. and Mrs. George L. Young.

After a wedding trip to Chicago, Mr. and Mrs. Wardrop will reside at 7115 Bronson Avenue, Ada.

The closest President Kennedy ever came to winning a varsity letter in athletics was during his sophomore year at Harvard. During the time trials in swimming he was edged out by Richard (Guadalcanal Diary) Tregaskis.

Of Resolutions and Recipes.

Now is the time for all good men—and women and children—to give some serious thought to the future. For one year at least, we say we are going to do or not do something that we've been mulling around in our lackadaisical brains.

Well, did you stand up to be counted on New Year's Day? And where are you today with those high and mighty thoughts? Sometimes it is more satisfactory not to make your resolutions too pretentious, then if you fail, you haven't so far to fall.

Calling around the area we discovered some students and fathers who have made at least temporary stabs at producing vows for the new year.

Bif Freeman, Buttrick Ave., senior at Forest Hills, says, "I really have two resolutions, one is to slow down and enjoy the second semester and the other is to help bring the trophy to Forest Hills.

Don Harrington, Ada Drive, stated, "After reporting all of the tragedies through the Sheriff's Department this holiday season, I feel that in the coming year, we should all just try to be a little kinder to each other.

Mary Banta, Spaulding Ave., a junior at Forest Hills replied to the question, "I am making a resolution to keep last year's resolutions because they're going to be the same as last year's. Well, things like studying, and practicing the flute and just being good."

Paul Roy, Hall St., laughed when he said, "I resolve to eat only what I need and not necessarily what I want. My troubles started with Thanksgiving and continued right through the holidays. Call me a year from now and see how I have been doing."

Jim Zweedyke, Greenbriar DR., & a junior at Forest Hills, made long range plans. He exclaimed, "I have decided that my resolution is not to be stuck at home next New Year's Eve."

Tom Ray of MacNider Ave., said that in the next year, "I resolve to do more play and less work."

Sue Price, Buttrick Avenue, a 9th grader at Forest Hills Senior High, explained, "I'm getting smart in my old age. I never keep my resolutions anyway, so I'm not making one this year."

I wonder what this father is vowing for the new year? It seems that he has a son at Forest Hills whom he thought would like some weight-lifting equipment for Christmas. So he bought it, and he drove home with it, and lo and behold, it was too heavy to carry from the car to the house. So he ended up asking his son to hoist the 160-pound package and trot it inside for home! More power to you, papa.

There was the lady we interviewed who said, "This year I really plan to try to keep the weeds out of the garden. I may not ever get ahead of them, but if I keep even, I'll do better than ever before." She preferred to remain annonymous, "because if my husband reads this, He'll think it's an excuse for him not helping and I really have made this resolution for him too. Can you do that?

Then again there are all of the women who would like to present their families & friends with luscious dishes in the future. One of the nicest things they can find is a recipe that they can made in advance of the time the table has to be set and the salad arranged. Mrs. Walter Perschbacher, jr., Greenbrier Ct., well known for her delicious culinary presentations. offers our reader just that kind of recipe. You can make this casserole the day before if you like and save yourself the last minute squeeze.

Savory Sausage Casserole

1 lb. bulk pork sausage—a good brand, not too salty
1 c. cooked rice
2 pkg. (2 oz. ea.) dehydrated chicken noodle soup
¼ c. finely chopped onion
1 c. sliced celery
2½ c. water
1 Tbs. soy sauce
½ c. toasted halved or slivered almonds

Method: Break apart the sausage and brown in an ungreased skillet, pouring off the excess fat, as it accumulates. Remove from burner.

Mix together the sausage, rice, soup, onion, and celery and place in a 2 quart casserole. Refrigerate. When ready to bake, mix soy sauce with the water & add this, with the almonds, to the casserole. Mix all gently.

Cover and bake at 350 degrees for 1 hour. Serves six.

Hunters under 17 were responsible for 30 percent of last year's small game accidents in Michigan. They made up 13 percent of the season's hunting force. An irate employee carefully counted the money in his pay envelope before the paymaster. "It's $1 short!" he roared. "What's the meaning of this?"

Checking the record sheet, the paymaster replied, "Last week we overpaid you $1. You didn't complain then, did you?"

"An occasional mistake I can overlook," the angry man answered. "But not two in a row!"
