Secrecy cloaks board meeting

The major portion of Forest Hills Board of Education School Board meeting held last Tuesday evening, January 18, was held in the ladies' lounge of Collins School.

We can only suppose that it was held in the lounge to avoid the ears of the Suburban Life reporter, two representatives from the MEA, and the several principals of the school system, as they were the only ones present besides the school board members.

The meeting convened on time and after a few minutes the Board withdrew to have their pictures taken. Superintendent Masten then announced that the Board wished to be excused to meet with Everett Ladd, real estate developer, in the ladies' lounge. Since the reporter and the principals would have probably over crowded the facilities, they were not invited to this portion of the school board meeting.

When questioned the next morning by the Suburban Life reporter, Mr. Ladd declared that nothing 'special' had been discussed in the Ladies' Lounge, pertaining to his proposed development of 350 acres of land fronting on Ada Drive.

He did mention, rather vaguely, that he had agreed to provide a five or six acre site for a school, at a yet-to-be agreed upon location in the area.

After some 45 minutes the Board and Superintendent Masten returned to the regular meeting room and continued with the regular agenda.

Later, Mr. Pemberton, junior high school teacher, seeking a preferred retraction of his resignation, and supported by his local MEA representatives, was asked if he wanted to be heard publicly or at a private hearing with the 'committee as a whole.'

Mr. Pemberton chose to be heard privately and the meeting again adjourned to the ladies' lounge.

When Superintendent Masten and the Forest Hills Board of Education reconvened, the Board passed a resolution refusing to accept the preferred retraction, since a replacement had already been hired to fill the position.

With all this extra action, the board meeting was adjourned at 10:45 without having had time to discuss item nine on the agenda, pertaining to millage and date of election.

It was suggested that this subject be taken up at a special meeting of the Board, to be held at a later date.

Ada-Thornapple library receives generous gift from Mr. and Mrs. Stana

Mr. and Mrs. E. P. Stanard have graciously donated a \$50 gift certificate to the Library Fund of the Ada-Thornapple School.

The Library committee has already purchased books for the library with this generous gift from Mr. and Mrs. Stanard.

Anyone having books suitable for children in their libraries, that their own children have outgrown and would like to see them put to good use, may contact the school and someone will be happy to pick them up.

This is a good thing to remember now that Spring house-cleaning time will soon be approaching.

If anyone is not familiar with the library at the school there is also a Birthday Book club. When a child has a birthday, if he would like he or she can bring money to school and an appropriate book will be purchased in his name for the school library.

Fluoride program

The Forest Hills Fluoridation Committee in cooperation with the Grand Rapids-Kent County Health Departments and the Michigan Department of Health is beginning to make plans for the topical application of sodium fluoride to the teeth of the children in our community.

The program will be made available to pre-schoolers, 2nd, 5th and 8th graders since it is at these various growth levels that children have many newly erupted teeth which should be protected against decay.

Fluoride has been found to be effective in reducing new tooth decay by an average of 40 percent. In addition to these benefits the program offers a valuable dental experience with no discomfort involved and dental health education is given the child by the clinic personnel.

The entire procedure consists of four visits to the topical fluoride clinic, which will probably be located in the Forest Hills Junior high school. At the first visit the teeth are cleansed and the first application is given. An application of sodium fluoride consists of the teeth being isolated with cotton rolls; then the teeth are dried with compressed air and a 2 percent solution of sodium fluoride is applied to the teeth.

On the second, third and fourth appointments the application of the sodium fluoride is repeated. A fee of \$2.50 per each eligible child to cover necessary expenses of the program will be due in March. The specific time for the clinic will be announced in May.

A survey is now being made to determine if there are enough interested parents in the community to conduct a program. For further information on the topical fluoride program in the Forest Hills area, please contact your school representative:

'Silver Beaver' Scout award

Monday, February 14, the Grand Valley Council, Boy Scouts of America will hold its Anniversary Dinner, 2,000 Scout leaders representing the 501 Scout units in the seven-county area will take part.

This 56th Anniversary of the Boy Scouts of America will be celebrated by Scouting with a dinner at the Civic Auditorium in Grand Rapids at 6:45 p. m. Scoutmasters, Cubmasters and Explorer Advisors of Honor Units will receive special recognition for their outstanding work.

Den Mothers, committeemen and assistants will also be recognized for the work they do and their important part in building character, citizenship and physical fitness in 20,000 (twenty thousand) boys a year.

"This anniversary dinner program is especially designed to give recognition to the nearly 5,000 volunteer leaders that make Scouting possible for boys in the Council area," says Charles Jones, 1310 Calvin Ave. SE, chairman of the Anniversary committee.

Parents of Cub Scouts, Boy Scouts and Explorers and interested adults are invited to join leaders of Scouting in this recognition celebration.

Can still purchase tickets for travelogue

Tickets are still available for the Travel Series being sponsored by the Congregators of Ada Congregational Church.

Public hearing set Completes 2-year study on Ada zoning ordinance

In 1860 Ada Township had a population of 1,116. In 1960 Ada Township had a population of 2,887, which was a 47 percent increase over the township's 1950 census figures. Today, population is pressing upwards above 4,000, with the school system of Forest Hills alone growing by 200 students per year.

"Growth cannot be stopped," says Richard Lynch Ada Township Supervisor, "but growth can be controlled with a plan which will provide area residents old and new, with a decent place to live with a sound economic climate, with improvements oriented to logical sensible costs." Mr. Lynch is the ex officio tenth member of the Ada Township Planning Commission which recently completed a two year study resulting in the proposed new zoning ordinance.

The present Ada Township zoning ordinance was adopted in 1949 and was adequate for that time, according to Mr. Lynch. He said, "the township is now witnessing a vigorous interest by residential, commercial, and industrial development."

The residential sub-divider presenting the biggest problem, because they can and will develop.

The public is invited to call or visit the following Commissioners to review the proposals prior to the meeting.

Dan Vos, chairman, 8956 E. Fulton Road, OR 6-1193; Jay VanAndel, 7186 Windy Hill Dr., OR 6-5921; Neil A. Weathers, jr., 500 Dogwood Avenue, NE, OR 6-4401; Norval J. Clifford, 4865 Aylesworth, SE, 949-0243.

Kenneth Stubbs, 3490 Grand River Drive, NE, 363-3308; Oliver L. Robinson, secretary, 5951 Grand River Drive, NE, 676-1031; Joseph McCabe, 9354-4 Mile Road, OR 6-3881.

John Adriane, 7641 Fase St., 676-3701; Richard Lynch, ex officio, 8815 Conservation, N. E., OR 6-1118; and William Rupp, 7325 Driftwood Drive, SE, 676-1856.

Air Force contract increases jobs here

Pneumo Dynamics Corporation has been awarded a \$7 million Air Force contract which will mean a boost of 150 jobs at the firm's plant on 3000 Kraft Avenue, SE, in Cascade Township.

The new contract will provide many specialist's positions. Work in the Pneumo Dynamics plant consists of assembling component parts for jet plants and missiles.

Cascade Township Supervisor Gerrit Baker revealed this week that Cascade will welcome these folks to our community.

Keglers bowl in BPAA Pro-Am tournament

The American Legion Lanes, East Main Street, was very proud to have one adult bowler and one youth bowler participate in the Pro-Am Tournament in Lansing last Tuesday night.

Stephanie Roth qualified with 72 other youth bowlers in the state to bowl. She has as her partner S. Kelley from another part of the state, and her coach was Bob Strampe.

Len Kerr participated in the actual Pro-Am Tournament. His partner was Dave Davis of Phoenix, Arizona. No results of either tournament has been received.

Named to membership in Hereford Association

Grand Valley Quarter Horses, Ada, today was named to membership in the American Hereford Association, the world's largest purebred registry organization with headquarters in Kansas City, Missouri.

Eighty-three Hereford breeders were placed on the Association's official roster during December. The Association maintains active accounts for more than 60,000 breeders of registered Herefords over the nation.

The Hereford Association, during the last fiscal year, recorded 462,784 purebred calves.

The year's total recordings were the eleventh highest on record and almost twice the combined registrations

A young housewife learning to drive had snarled traffic completely. She turned to her husband and asked what to do. "I don't know," he replied calmly, "but I'm sure if you climb into the back seat you can figure it out."

The highest achievement of man is to be able to think thru distorted situations and arrive at the truth.

Education is not complete if all that the student gets is a trained mind.

Faithful

The theme of this article was suggested by the Scripture which I quoted at the funeral of a beloved brother in the Lord with whom I was formerly associated in the work of the church. His faithful activity in his church reminded me of the words of Jesus and of His apostles. I spoke these words to the living. I address them now, in written form, to the living.

The apostle Paul declared: "It is required in stewards, that a man be found faithful." I Corinthians 4:2. In His parable of the talents, our Lord Jesus taught that a faithful use of talents, whether many or few, shall receive the following commendation: "Well done, good and faithful servant; thou hast been faithful over a few things, I will set thee over many things; enter thou into the joy of thy Lord." Matthew 25:21, 23. And in His letter to the church in Smyrna the ascended Lord commanded and promised: "Be thou faithful unto death, and I will give thee the crown of life." Revelation 2:10.

Are you faithful? Are you faithful to your loved ones? Are you faithful to your God? Are you faithful to the Lord Jesus Christ in small details as well as in important decisions? Are you a faithful member of the church of Jesus Christ? Your answer is significant for time and for eternity!

State to register boats during 8th annual show

Thousands of Michigan's motorboat owners will be able to purchase their new, 1966 thru 1968, watercraft registrations during the eight-day run of the 8th Annual Michigan Boat Show, opening January 22, at the Detroit Artillery Armory.

"This is the beginning of a new three-year registration period," explained Secretary of State James M. Hare, "and every motorboat in Michigan, from puddle jumpers to 75-foot pleasure yachts, must display the new yellow decal to operate legally in Michigan's waters." To accommodate boaters, our Watercraft Division will man a registration and boat plate sales booth at the show.

Hare also said that boat registrations may be purchased at all license plate branch offices at the same time auto license plates are applied for, saving many a "second-trip".

You can buy and sell anything with Suburban Life Want ads.

Newest to the Crib Crowd

A son, Eric Richard, was born January 11 in Blodgett Hospital to Mr. and Mrs. James Beebe.

Mr. and Mrs. Gene Jones are receiving congratulations on their new son born at the Grand Rapids Osteopathic Hospital in December.

Mr. and Mrs. Robert Homkes, 181 Honey Creek Road, Ada, have adopted a baby boy, Jeffery Todd.

Mr. and Mrs. Donald DeVries of Thornapple River Drive have adopted a little girl, Mary Jo, one year old.

Take "Mom" out, spaghetti dinner

Thursday, January 27, tonight, is Mom's Night to be taken to dinner at the All-purpose room of the Forest Hills High School.

The annual Spaghetti supper sponsored by the high school PTA is tonight from 6 until 8 p. m. Come and enjoy all the good food you can eat for 75 cents per person and children under 5 free.

Tickets are available at the door, so if you haven't already purchased one from a junior high student, come any way.

P. F. to hear Rev. John Allen

The Pilgrim Fellowship of the Ada Congregational Church will be privileged to have the Rev. John Allen as guest speaker at their regular weekly meeting, Sunday, January 30, 4 to 6:30 p. m.

Mr. Allen is director of the Inter-denominational Grand Rapids Ministry of Youth. You will remember him as the man responsible for instituting the Pits in Grand Rapids. An open invitation is extended to any high school aged student in the area to take this opportunity to meet Mr. Allen.

All members of Pilgrim Fellowship are divided into three groups "Deacons," "Ushers" & "Trustees" each of the groups take its turn in planning devotions and programs for the PF meeting.

The meeting on January 30 is sponsored by the PF Deacons. Their advisor is Mr. Dalrymple, Fred Rugg, chairman, Scott Weaver, Ken Lieffroer, Fred Fleiselman, Cathy Nellist Pam Harder and Dennis Houghton.

The Ushers group advisors are Mr. and Mrs. Orison Weaver, Rick Manas, chairman, Karen Fleiselman, Rick Foster, Ted Holloway, Brian Jeltama and Sandy Worfel.

The Trustees group advisors are Mr. and Mrs. Robert Martin; chairman, Marnie Holloway, Chris Harrington, Rick Houghton, Nancy Martin, Jim Olson, Dale Osmolinski and Doreen Weaver.

On their meeting on January 23, the PF board heard Mrs. Gerald Elliot, supervisor of Family Rehabilitation Section of the Kent County Dept. of Social Welfare. She spoke on the work of the various departments of Social Welfare, and of her section in particular.

Don't forget the big dance

Don't forget to get your tickets at \$1.50 for the big dance both square and round dancing sponsored by the Ada Community Association. If you haven't been approached for tickets stop in the places of business as they have some spare ones.

For all the new people in the community, Ada puts on a big 4th of July celebration for all members of the community so that we might have a good old fashioned safe and sane Fourth of July, last year was the first year it was put on by the people of the community, always before it had been sponsored by the Businessmen.

They had a most successful year last 4th, we even had a beauty pageant and the winner went on to the Miss Michigan Pageant as "Miss Thornapple Valley." This year we are going to have another beauty contest on an even larger scale, and we hope to have a bigger and better 4th celebration, but we need support. This is a way to support the community and have a good time while doing it. This is a real friendly community, but if you have moved in since summer you probably haven't met too many people. This is a way to get a jump on summer when more people become acquainted over the back fence. Come to this big dance and meet all the people of the community, you won't be a stranger for long.

Don't let the word square dance scare you out, so far as we know there are very few people that really know how, so we can all learn together, & of course there will be round dancing, don't know about the Frugg Watusi and Swim tho. It will be Saturday, February 12, at 8:30 to the Egypt Valley Grange Hall. Frank Hoekstra and his band will be on hand.

Contact Mel Kooistra at OR-6-1135 or Rich DeGreen at 676-2002 for tickets.

To hold wig demonstration on February 1

"On the go" is one way to describe today's modern woman. Whether she is a dedicated career girl looking toward her next promotion, a homemaker around whom revolves an active social life and the care of a house and children, a starry-eyed debutante or social belle—or an up-and-coming school girl, today's female is the most exciting, most "alive" creature ever to hit this globe.

Along with this "Busy-ness" has come a seeming paradox—the demand for greater attention to beauty care at a time when fewer hours can be devoted to this pursuit.

Enter "wiggery"—one of the most successful rebirths of a beauty aid ever to hit the 20th Century. In another era, wigs were worn only by the very rich and the few noblemen of title.

On Tuesday evening, February 1, Donni's Hair Stylists, 216½ East Main Street, Lowell, will hold a Wig and Hairpiece demonstration, open to the public, from 7 to 9 p. m. in their salon.

Today no fashion conscious woman should be minus a wig wardrobe. A fine wig is actually a timesaver, providing instant good looks and a finished appearance. You are under no obligation to buy when you attend this interesting and informative demonstration.

Mrs. Barbara Fluger and Mrs. Judy Cowles Gould, salon owner and hair stylists, respectively, will be hosting the demonstration which will be conducted by two representatives of Marshall Imports, Incorporated.

In a recent interview, Mrs. Gould answered some of the questions most often asked about wigs.

Will wearing a wig harm the scalp or hair? Not at all. Because a wig is constructed of fine netting with airholes throughout, which permits the hair and scalp to breathe naturally.

How long will a wig last? That depends on two things, the wearer and the quality of the wig itself. When is the proper time to wear a wig? Any time of the day or night, except when sleeping and bathing.

How does a wig stay on and must it be pinned to the head? Properly fitted, a full wig will stay on the head without any fastening.

There are other questions that will be answered fully at the demonstration on February 1. If you wish any additional information, Mrs. Gould would be glad to have you call 897-8160.

Engagement announced

Mr. and Mrs. Grover M. Fase, 6931 Burger Drive, Cascade, announce the engagement of their daughter, Montie Merle, to Patrick Kelley, son of Mr. and Mrs. Frederick Kelley, 2926 Thornapple River Drive.

Miss Fase is a graduate of Forest Hills High School and is a Dental Assistant. Mr. Kelley graduated from Lowell High School. He was a member of the U. S. Air Force and served in Thailand. He is now associated with Western Electric.

Rangers win, reserves lose

Forest Hills' Hustlin' Rangers defeated Lowell's Red Arrows Saturday night in a non-league game, 79-62.

The Rangers played a fine game with the leading scorers being Tim Williams, 25, and John Titsworth, 16.

Williams also grabbed 16 rebounds in a fine defensive effort. Coach Kemp feels that the victory represented a fine team effort.

Reserves Downed

The Lowell JV's won the preliminary game with the Ranger reserves by a score of 70 to 63.

Lowell was leading at the half time but Forest Hills reserves came back to almost take the game, until they sent the Lowell JV's to the free throw line to many times in the last quarter.

Meet Rogers

The Forest Hills Rangers will meet the Rogers' Golden Hawks at the Roger's gym Friday night at 8.

The Rangers, showing new signs of life recently, will attempt to upset Rogers.

Rogers will have a decided height advantage, that the Rangers will try to offset by a pressure type defense.

Coach Kemp will probably start John Titsworth and Dick Ridings as forwards, Tim Williams at center, and Berk Freeman and Jim VanderBaan at guards.

The Forest Hills reserve team will play the preliminary game at 6:30.

Entertain Rockford

The Forest Hills Rangers will entertain the Rockford Rams, Saturday night in the Rangers' Gym.

The Rangers will attempt to gain revenge for an earlier defeat at Rockford.

The game will start at 8. The reserve game will begin at 6:30.

Hospital notes

John Dean Stewart, 10 week old son of Mr. and Mrs. Robert Stewart, of Spaulding Ave., SE, is a surgical patient at Butterworth Hospital.

Mrs. Ella Buttrick has returned home from a long stay in the hospital. She is convalescing at the home of her son.

Mrs. John Timmer of 2796 Thornapple River Drive has returned home from St. Mary's Hospital.

the Cracker barrel

We're losing by inches, by feet, by yards. We're handicapping our engineers, businessmen and even our schoolchildren with our antiquated way of measuring.

And something can be done about it, right now, right here. In the Ada, Cascade, Eastmont area we could make a splash that could begin a tidal wave.

Most of the world measures with the metric system, adopted by the French in 1791. Metric measurement is based on the meter, representing one ten-millionth of the distance between the earth's equator and the pole. At present there is no measurement system available to us that is so simple, so clear and so universal.

Like our system of counting money, the metric system is a decimal system. All things are measured in simple multiples of ten. The metric system also recognizes natural relationships; it measures length by centimeters, area by square centimeters and volume by cubic centimeters.

The simplicity of our decimal system of measuring money has meant a great deal to the economic strength of America. But even if he thinks of nothing more than of simple distances, a child must learn by rote that there are twelve inches in a foot, three feet in a yard, five and one-half yards in a rod, and for an almost unbelievable reason there are 5,280 feet in a mile.

These impractical measurements wipe out the natural connection between length, area, and volume. The metric system is so straightforward that it can be understood by a child as soon as he can count.

- 10 millimeters are 1 centimeter
- 10 centimeters are 1 decimeter
- 10 decimeters are 1 meter
- 10 meters are 1 decameter
- 10 decameters are 1 hectometer
- 10 hectometers are 1 kilometer

Metric arithmetic is a wind-up through which students are induced to their first glimpse of the orderliness of geometry. They are stimulated to look further.

With the new sciences of topology, oceanography, and the space sciences, our children could early be prepared to join in the search for answers. But if we make it difficult in the beginning, their interest may be blunted.

When a measurement is used in a Russian laboratory, for example, everyone knows that it is a metric measurement; there is no need to halt important work to translate from one system of measurement to another. But in this country, scientists and engineers are wasting valuable time for the scientists use the metric system and the engineers use inches, quarts and pounds.

But it is to the every day world we should look. If things are clumsy in the schoolroom and the laboratory, what about the grocery store, the gas station and all of our businesses. Especially important are those corporations who try to deal with the foreign market. The foreign customer is going to buy where it is easiest and most simple for him, where there is no chance for error in translating the measurements of the things he orders.

The United States certainly will be using the metric system someday. The questions are where and how.

If this community could see to it that an interest was taken, we could hurry that day. Perhaps national attention could be drawn here. We could, for instance, start measuring around home.

Do you know how far it is from the Ada Post Office to the telephone building? Or more important from the Cascade Fire house to your door? What about the area of the playground at Martin School?

The Community Associations, the PTA's, the Student Councils and even the elementary students could post signs where ever possible. There is a sign at the fork of Buttrick Avenue and Thornapple River Drive which simply says Cascade. No mileage is given. Why not put it in kilometers. The Little League Ball Park could post signs stating the distance from base to base. Let the younger children get in on the excitement. There are many interesting projects that they could become involved in and they are our future.

So don't let George do it." While we are watching our students receive the New Math and parents are struggling to discover its hidden meanings, here is a system that is so straightforward and so necessary that we should become involved. Next week...some opinions from local residents on the metric system.)

25th Anniversary
Mr. and Mrs. Paul Roy of 5670 Hall Street, SE, will celebrate their 25th wedding anniversary Saturday, February 12. An open house will be held at their home for friends and relatives immediately following a noon Mass at St. Robert's Church in Ada. No formal invitations are being issued. The United Nations had not been able to keep the peace of the world, but, then, it did not start any wars.
