Ada's July 4th celebration set

The Ada Community Association's Fourth of July celebration will be somewhat different than in past years, due to the pipe construction going on in Ada, and the only activity in Ada will be the Mason's ever popular chicken barbecue.

Of course, it goes without saying that the food will be as delicious as ever. The Ada Mason's have long ago won fame as terrific chicken barbecue men, of course with a big assist from the ladies of the Eastern Star.

Come on over and get your dinner with the Masons. The hall will be open and tables set up for your comfort, or you can take it out.

The Thornapple Valley Lions Park will be a busy place the Fourth with all of the Association's activities being held in the center field, between the Little League Field and the Senior Division Field.

There will be fun for everyone, toddlers to grandparents. Starting at 11 a. m. at the Ada Shopper's Square the parade will proceed to Ada Leonard Ball Field on to FASE Street.

Children of all ages are asked to decorate their bikes, wagons and go carts and form at the field at 10:30 so the parade can start promptly at 11. There will be prizes for the best decorated bike, car, float, children's wagon and child's costume.

Featured in the parade will be Miss Thornapple Valley, 1966, Miss Rita DeGennaro, who will have returned from the Miss Michigan Pageant the Saturday before the big parade.

Starting at 12 and running until 5, there will be fun-way booths for the children. At 1 p. m. the River boat parade will be held. It will start at Cascade and go to the backwaters of the Ada Dam.

At 2 p. m. games for the children, taking place of the annual soap box derby, which had to be called off because of the poor condition of the streets in Ada. The games will include bike races, tricycle races, and penny throw for all children.

At 3:30 p. m. the Little League All-Star Baseball game, for both Major and Minor League All-Star players.

At 9 p. m. fireworks at the Ada Leonard Ball Field.

There will be pop, ice cream and hot dog stands so you can have your lunch and dinner without going home. Come one & come all and observe a safe, sane Fourth in the area.

Children or adults wishing to be in the parade contact Rich DeGreen at the Cigo Station or call OR 6-2001.

School board sets calendar for 1966, 1967

At the June 14th meeting, the Forest Hills Board of Education approved the following school calendar for the school year September, 1966, through June, 1967.

September 2, 1966, new teachers orientation.

September 6, all teachers, orientation.

September 7, beginning of the new school year.

October 20 and 21, MEA Institute Days.

October 21, end of first marking period.

November 9, 10, 11, afternoon Parent-Teachers' conferences.

November 24, 25, Thanksgiving recess.

December 2, end of the second marking period.

December 22, thru January 2, Christmas Vacation.

January 20, no classes at the high school.

January 20, end of the third marking period.

March 3, end of the fourth marking period.

March 24 through March 27, Easter vacation.

March 28, 29 and 30, afternoon Parent-Teachers' conferences.

April 14, end of the fifth marking period.

April 26, the County Institute will be held.

May 30, is the Memorial Day vacation.

June 2, is the end of the sixth marking period, and all schools will be dismissed at noon.

June 1, no classes at the high school; elementary and junior high dismissed at noon.

This will make a total of 183 days in membership and 177 days of attendance for the school year of 1966-67.

Enters race for State's beauty title

Saturday, May 21, was the evening Miss Rita DeGennaro was crowned Miss Thornapple Valley, 1966, by Wendy Elwell, Miss Thornapple Valley, 1965.

Since that night Miss DeGennaro and Mrs. Robert Van Slyters, have been working diligently preparing for this week in Muskegon.

Besides holding down a full time secretarial position, Miss DeGennaro, has been taking dancing lessons two and three times a week for two hour periods, working out her dance routine, which will be her talent for the Miss Michigan Pageant, plus constant costume fitting.

Several days were spent in selecting the proper wardrobe to be worn during the week of June 26 through July 1 at Muskegon.

Sunday, June 26, Miss DeGennaro and Mrs. E. Van Slyters left for Muskegon, upon arriving they registered at the Holiday Inn, the official residence of all contestants and chaperones for the week in Muskegon.

The girls were then oriented as to the activities of the week and then donned their bathing suits for the official Miss Michigan Bathing Suit picture and for TV.

Monday through Friday the girls are constantly kept busy with rehearsals, interviews with the judges, and they arrive at the Walker arena by 8, and except for lunch are kept busy constantly rehearsing & interviewing, until late into the night.

The girl who is chosen Miss Michigan rightfully earns her crown as the girls are under constant observance in all cases during the very busy week.

Starting Tuesday night at 8 p. m., there is a nightly show. Each night a group of girls are judged on their talent, they are broken into groups of A, B, and C, and all through the week they are in their respective group for all judging, interviews, and luncheons.

Miss DeGennaro has worked very hard and been most cooperative and uncomplaining in her constant effort to improve herself as a representative of the Ada Community Association as Miss Thornapple Valley.

Friday night the pageant will be on WOOD TV and of course the ACA hopes their representative will be a winner, however, if she isn't, she will be a very lovely representative for the Ada Community Association throughout the coming year.

We all wish Miss DeGennaro the best of luck!

A. J. Swiderski is assigned to Air Force base

Airman Arnold J. Swiderski, son of Mr. and Mrs. Adam J. Swiderski of 6329 McCords, Alto, has been assigned to Grand Forks, North Dakota, after completing Air Force basic training at San Antonio, Texas.

A graduate of Forest Hills High School, he will be trained on the job as a fire protection specialist with the Strategic Air Command.

Little League All-Stars to play July 4th

Once again the Thornapple Valley Little League has completed its plans for the Fourth of July All-Star games.

This annual event will be played in the Thornapple Valley Lions' Club Youth Park at 3 p. m. Two games will be played simultaneously, one representing selected players from all major league teams and the other of players from all minor league teams.

Each coach has selected his team's outstanding players who are in turn assigned to a team designated as either the American or the National League team.

The American League team of the major league is made up of players from the Tigers, Yankees, Indians and Orioles. Coaching this team will be Mel Doseberry and Jim Flaherty.

On the National League team of the major league will be the boys from the Cardinals, Orioles, Braves and Cubs, coached by Ray Slater and Glen Morris.

Players on the American League team are, Jerry Penninga, Dave Wood and Bob Zoellner, Tigers; Art Gillespie, Arnie Gillespie and Cliff Cooper, Yanks; Mark Anderson, Ted Zuiderveen, and Terry Doseberry, Indians; and Jim Stoutjesdyk, Larry Diebel and Jeff Grigware, Orioles.

National League Players are Brad Berry, Bob Braam, Paul Hansen, Cardinals; Mark Bransdorfer, Mark Ellis and Jeff Carpenter, Pirates; Greg Strazisar, Gerald Ellinger and Bob Meyers, Braves; and Dick Bostwick, Herb Ray and Tom Manus, Cubs.

The American League team of the Minor League is made up of players from the Jets, Giants, Twins and Devils and will be coached by Jim Jarrad and Tom Marmon.

The National League team of the Minor League will consist of players from the Reds, Angels, Dodgers and White Sox, and will be coached by Jack Tanis.

American League players are Steve Kerkstra, Mike Van Anan, Marty Keopke and Tom Marmon, Jets; John DeVlieger, Jack Lane, John Clark & Dave Luehrs, Jeff Jarrad, alternate, Giants; Don Bigelow, Steve DeGood, Steve Hill and Tom Johnson, Twins; Billy Collins, Steve VanAndel, Steve Martin, Darrell Anderson, Devils.

National League players are Mark Butler, Dave Mickels, Dan Schalk, and Tim Tanis, Reds; Dan Murphy, Steve Leach, Tom Kribley, and Dan Faulkner, Angels; Jim Krueer, Tom Zuiderveen, Steve Fryover and Dan Lozicki, Dodgers; Kevin McCarthy, Randy Acker, Steve Henefeld and Dan Slater, White Sox.

Water parade will highlight Fourth events

The Thornapple Navy will up anchor at 1 p. m. July 4 for the annual colorful boat parade sponsored by Thornapple Association, Inc.

The decorated river craft will assemble at 12:30 p. m. at Winquist's, formerly Stellin's, below the Cascade Islands.

Parade Marshal John Zanelia will assign positions and lead the parade down the river to the review and judging stands opposite the intersection of Thornapple River Drive and Buttrick Avenue.

There hasn't yet been a submarine entered in the parade, but this year may be the exception, since among the trophies will be one for the boat with the largest area under the water. A permanent pennant will be awarded for the best overall decorated craft.

Judges will be Kenneth Clapp, Charles Hook and Mrs. Chester Scherer.

Robert Sproul is chairman of the committee planning the event, assisted by Ernest Bates and Harvey Comrie.

School board winds up year; make plans

The Forest Hills Board of Education met in regular session Tuesday night, June 14, at the Collins School.

Superintendent Robert Masten and the Board hope to be holding their meetings in the new administration building in the near future. They expect to move the office of administration sometime in July, as the building is rapidly nearing completion, with only the interior partitions holding up the move now.

The move must be made before September, as the Collins School will be housing pupils in the space presently being used as administrative offices.

Superintendent Masten reported that the system still needed six teachers, the instructor for high school physics presenting the most difficulty at this time.

He also reported that Don Brookman, who has been principal at Orchard View this past year, will work as principal of the Honey Creek and Egypt Val-

ley School for the year '66-'67. The Board approved a Title I program for the Forest Hills District next year, and made a decision in the adoption of some new books for the school system.

The date, July 5, at 7:30 p.m. was set for the school budget hearing. A tentative budget is under consideration, which will result in a deficit budget for the 66-67 year, but not in the over-all budget. The same evening the Forest Hills Board of Education will hold an organizational meeting for the purpose of changing to Third Class District organization.

The Board also established a salary classification for non-certified personnel working in the school system, ie, custodians, bus drivers, clerical help, etc.

There is to be a quorum meeting Tuesday evening, June 28, for the purpose of dispersing summer pay, and additional summer bills, so they will be carrying no debts through the summer months.

Robert Cueni to be installed as assistant

Robert Cueni begins his work with Cascade Christian Church as its assistant pastor on Friday, July 1.

Installation services for Mr. Cueni has been set for Sunday, July 10, at the 10 a. m. worship service.

A reception and refreshment period will follow the morning service. The Cuenis plan to move to the Fosner residence, 7266 Denison Drive, SE, on July 17.

McDonald-Osmer Post invites participants in Cascade's big parade

All persons interested in participating in the Fourth of July parade in Cascade are asked to call H. J. (Bud) Provonche, 8791 Bailey Drive, 676-1858; Robert Martin, 7156 Oran Drive, 949-0479 or office 949-0490; or John Wood, 1562 Laraway Lake Drive, SE, 676-1624.

We would like to have decorated bicycles, antique cars, horses, floats, dogs and all others pets, soap box racers and go carts.

Boy Scouts, Cub Scouts and Girl Scouts are all invited to march.

The parade will start at 11 at Cascade Christian Reformed Church. All those who are going to march are asked to be there promptly at 10:45.

The Legion wants to thank all the persons who have participated in previous years, and hopes this year will be as good a success.

Cascade Zoning Change Is Approved

At a meeting of the Cascade Township Planning Commission on Monday, June 27, 1966, the board approved a change in the zoning of a portion of Sec. 7 at the I-96 freeway, from General Business to Special Business. There were no objectors to the change at the meeting.

Robert W. Martin, Acting Chairman

James Zaidel has completed radio course

Army Private James E. Zaidel, son of Mr. and Mrs. Frank J. Zaidel, 7055 Five Mile Road, Ada, completed a radio course at the Army Training Center, Fort Knox, Kentucky, June 10.

During the ten-week course, Zaidel received instruction in basic radio and electrical theory and was taught the international Morse code.

The 19-year-old soldier entered the Army in January of this year. He is a 1964 graduate of Rockford High School.

SHOPPE TO BE CLOSED

Donny's Handcraft Shoppe in Ada will be closed during the summer months of July and August. The shop will reopen in September.

Area teen-agers avert tragedy

Miss Carol Darooe, 16, the daughter of Mr. and Mrs. G. L. Darooe of 413 Forest Hills Avenue, SE, who along with Tom DeMaagd, 18, 2532 Michael averted a near tragedy at Cascade Motel Pool last Friday.

Dr. Burt F. Tillstrom, 80, a retired New York City physician was saved from drowning by these two teen-age employees of the motel. Tom pulled Dr. Tillstrom from the motel pool with Carol's help. He applied mouth to mouth resuscitation for several minutes until an ambulance arrived.

Dr. Tillstrom has been a guest at the motel since June 16. He was reported in good condition at Blodgett Memorial Hospital, thanks to the quick action of these two teenagers.

Dr. Tillstrom has been visiting his son, Richard Tillstrom of 2501 Raymond Ave., SE, and he is also the father of TV's famed puppeteer Burr Tillstrom, creator of Kukla and Ollie, who recently were in Grand Rapids for the annual Woodland Antique car tour.

Ronald Wilson finishes basic; gets assignment

Airman Ronald D. Wilson, son of Mr. and Mrs. Kenneth L. Wilson of 2360 Grand River Drive, Ada, has been assigned to Davis-Monthan Air Force Base, Arizona, after completing his Air Force basic training at San Antonio, Texas.

The airman, a 1965 graduate of Northview high school, Grand Rapids, will be trained on the job as an administrative specialist with the Strategic Air Command.

He attended Grand Rapids Junior College, prior to enlistment.

Jon Echols of Ferguson was best man. Seating the guests were Leo M. Ortiz, of Guadalajara, Mexico, Mark Epstein of St. Louis, William R. Echols of Ferguson and Charles F. Armstrong of Reno, Nevada.

A reception following the ceremony was held in the Kent Country Club.

After a wedding trip to New York City, the couple will reside in St. Louis.

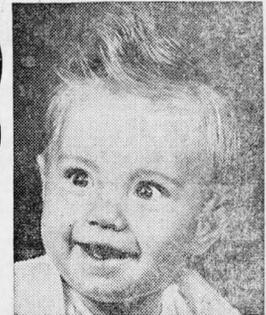

PUBLIC HEARING

The Board of Education of Forest Hills School will hold a public hearing on the proposed 1966-67 school budget, at 7:30 p. m. July 5, 1966, at the Collins School, located at 4368 Heather Lane, S. E.

Copies of the proposed budget are available for public inspection prior to the meeting at the board offices, 4368 Heather Lane, Grand Rapids, Michigan.

Mary Helen Price, Secretary
Forest Hills Board of Education

July 10, 10 a. m. morning worship; 7 p. m. evening service.

Covered bridges recall Michigan's romantic past

From the world-famous Mackinac Bridge to the covered bridge of a century ago, Michigan has more than 1,600 highway bridges serving commerce, industry and the traveling public.

Mightiest of them all, the Mackinac Bridge forms a five-mile long steel and concrete pathway high over the Straits of Mackinac, linking Michigan's upper and lower peninsulas.

Another, less spectacular span—the weathered, wooden covered bridge—still holds its own as a sightseeing attraction in Michigan. Tangible reminders of the past, they serve as a link between the present and the tranquility of the horse-and-buggy era. The covered bridge, holdover from a less hurried period in America's history, possesses a quiet charm of endless fascination for tourists in this jet-propelled age.

At one time they creaked under the weight of ox-drawn carts when Michigan was largely a wilderness; they clattered to the pounding hooves of running mounts; and they rumbled beneath the wheels of horse-drawn wagons, stagecoaches & fancy carriages long before the coming of the automobile.

Today these same bridges—those that remain—are ready made subjects for camera fans and artists. For half a century they have excited the imagination of photographers, and never more than in the fall when the weather-worn timbers are framed by the crimson and gold of the surrounding trees.

And in summer, landscape artists place their easels to catch the light and shade on the weathered structures.

Six covered bridges still stand in Michigan. They are located:

1. Near Centreville, (Langley Bridge) crossing St. Joseph River, St. Joseph County.

2. Two miles northeast of Niles (private) on the farm of E. M. Morris, Berrien County (open to the public by appointment only).

3. In Smyrna (White's Bridge) crossing Flat River, Ionia County.

4. Fallsburg Park, crossing Flat River, Kent County.

5. Ada, crossing Thornapple River, Kent County.

6. Ackley Bridge at Greenfield Village, Dearborn.

Though the covered bridge traces its ancestry to the first such structure erected across the Euphrates River in Babylon in 783 B. C., it has become almost symbolic of early America. For they were built here on a scale never attempted in any other country, some of them more than a mile in length.

Benson wins 50-lap race

A railroad worker, Johnny Benson of Grand Rapids won the Michigan State Championship for super modifieds at the Grand Rapids Speedrome Saturday night.

Benson had to fight his way through a lot of traffic to win the 50-lap event, plus hold off the repeated challenges of Jackie Lindhout and Mort Anderson of Greenville, who finished second and third, respectively.

Taking home a lion's share of the \$3,500 guaranteed purse, Benson scored his third feature victory of the season, and his first championship so far this year.

Setting a new track record with a qualifying lap of 21.26, Benson also roared home the victor in the fourth heat race and the Australian pursuit.

Modified heats went to Norm Rust, Norm Wood, Harold Smith and Nolan Johncock.

This Saturday's races will be gin at 8:30, with time trials for the super modified program beginning at 6:30. Special events are also being planned for the July 4th program to be held on Monday.

SENNEKER POSTS IMPRESSIVE WIN

Bob Senneker posted an impressive victory Sunday evening at the Kalamazoo Speedway, winning the 25-lap main event for semi-late models.

Eighteen cars started the main event, which was hampered by only two yellow flags.

Gall Cobb running in third spot spun out coming out of the third turn, but was able to continue and finish in the top six.

Senneker led the field of 65 late models with the fastest qualifying lap and was leading the feature when the checkered flag dropped. Senneker also claimed the Australian pursuit on the last lap from Gail Cobb and Jim Sinclair.

Heat winners were Jim Leonard, Sherm Dunn, Jim McCormick, Gordy Bissett and Jim Sinclair. The fast car dash was won by Senneker, with Cobb finishing second.

Leon Kirby of South Bend, Indiana, won the consolation

race, with Dick Gofney being victorious in the semi-feature.

Sunday, July 3, the traditional July 4th holiday racing program will be held at Kalamazoo. Time trials at 5:30, with the first race scheduled to go at 7:30.

A 40-lap feature, on the 3/4 mile high banked oval, will be the highlight of the evening, topped off with an array of fireworks.

SEMI-LATE MODEL POINT STANDINGS

Posting numerous heat, pursuit and feature wins at the Kalamazoo and Marne raceways, Bob Senneker of Grand Rapids has 2,304 points, which puts him in a commanding lead in the point standings for both tracks in the semi-late model division.

Jerry Spears of Battle Creek with 832 points is second in the standings with Ken Sutton of Muskegon with 779 points in third place.

Bob Signor of Clarksville is 19th in the standings with Ralph Lawrence of Lowell in 20th place, and Larry Lawrence of Lowell in 26th place. This includes all points to June 25.

Senneker, Knoll win mishaps are numerous; Hurtlebrink injured;

Mishaps have been at a minimum during the season at the Berlin Raceway, but Saturday night there was a great problem, with 15 semi-late models and six super modifieds being entangled in different accidents. All took place on the high side of the track, between the third and fourth turns.

Dick Hurtlebrink of Shelbyville was hospitalized and later released after being involved in a four car pile up during the running of the third semi-late model heat. A series of accidents in this heat, which took a total of 40 minutes to run, eliminated the field of cars down to four, with Bill Rake taking the victory.

Bob Senneker came out smelling like a rose as he avoided three multi-car accidents to win

the 20-lap semi-late model feature.

One of the mishaps in the late model chase involved the two front runners, Jim Adema and Jerry Spears.

While Senneker was winning his fifth feature in the Model Overall special, Ken Sutton applied the pressure to the Grand Rapids speedster. Senneker grabbed the lead from Sutton on the 18th lap, but never had an opportunity to open up much daylight.

For seventeen laps, the two were practically bumper-to-bumper. When the checkered flag was dropped Senneker was about three lengths in front of Sutton.

Preliminary winners, in this division, were Jim Adema, Ron Boukamp and Sutton.

Veteran driver Duane Knoll captured the eventful super modified 25-lap feature. The hard-fought featured needed two restarts and lost four of its competitors along the route.

In capturing his first main event victory of the season, Knoll had to call on all of his experience to take the lead from Leon Wieske on the 20th lap.

Jack Smith of Grand Rapids was third followed by Buddy Steward, Wayne Harrington, & Gordon Dukes of Finley, Ohio.

Modified heats went to Wieske, Dukes and Knoll.

The holiday week end will have two-in-one racing programs both Saturday and Monday nights on the high banked seven-sixteenths asphalt oval. The fourth program will be highlighted by fireworks, ski divers, a Batman appearance, and action-packed racing.

USAC MIDGETS TO BE AT MARNE TRACK

Friday evening, July 8, the USAC Midgets will return to the Berlin Raceway at Marne,

with qualifying runs to start at 6:30.

Making their second appearance of the 1966 season, the midgets, recently called compact sprints, will be running four-abreast on the seven-sixteenths highbanked asphalt oval.

Happiness is hot water

The shorter the supply line between your water heater and areas where you use hot water, the happier you will be. And the shortest distance between two points when it comes to hot water is a flameless electric water heater, according to the Live Better Electrically Program of Edison Electric Institute.

Water heaters located great distances from bathrooms, kitchens or laundry areas are wasteful because much of the heat is lost in lengthy pipelines before reaching its destination. You turn on the tap and let the cold water—that had been hot when it left your water heater—run until you finally get hot water.

With electric water heaters this problem can be avoided. Since they are flameless, they need no vent; they can be located exactly where you want them to deliver hot water quickly and economically. And because the water is heated without flame, electric water heaters—and only electric ones—can be insulated like a Thermos bottle to keep all of the heat in the water and not in the room. This makes it possible to install them in handy out-of-the-way places in closets or under counters or stairways.

And if your house is a large one where the areas of greatest hot water use are spread out at great distances from each other

Spring graduates at Michigan State

Nineteen area students were listed by Michigan State University this week as being among the 3,487 who were awarded degrees at MSU's spring commencement exercises June 12 at Spartan Stadium.

This number does not include, however, some who probably from this area, but whose addresses because of various reasons including marriage, are not included with the other area listings.

The graduates, their degrees and fields are as follows: William Nurnberger, 7625 Cascade Road, SE, was presented a Bachelor of Science degree in electrical engineering.

Out of the 3,487 degrees awarded, Nurnberger was one of 33 students who was graduated with high honors.

Fred M. Killinger, 3031 Oak Hollow Drive, SE, received his BS degree with honors. He majored in packaging.

Jeanette R. Baas, 1707 Cambridge, SE, MA secondary education; Mary A. Brower, 2655 Cascade Springs Drive, SE, a MA in guidance and personnel;

George E. Byam, 2134 Edgewood, SE, MA geography; Roger V. Grimes, 77 Fultonwood, SE, BA, general business administration.

Barbara A. Helsel, 3121 Three Mile Road, NE, BS medical technology; Delphine A. Lozano, 1410 Laraway Lake Drive, SE, Master of Arts for Teachers; Willis W. Martin, 3651 Glenn Drive, SE, BS urban planning.

Sharon R. McKee, 2530 Hall Street, SE, elementary education; Suzanne Richardson, 666 Manhattan Road, elementary education; Sharon L. Rotzell, 945 Burton Street, SE, BA history; Nancee K. Seitz, 336 Baynton, SE, BA social work.

Jan D. Treur, 1334 Underwood, SE, MA secondary education; Jill K. Vandusen, 207 Greenbriar Drive, SE, BA history; Janet M. Hilliker, 2741 Egypt Valley Road, Ada, MA speech.

Susan L. Simmons, 7283 Conservation, Ada, BA social science teaching; Mary C. Newcombe, 2434 Lake Drive, SE, BS interior design; and Barbara R. Warner, 1044 Breton Road, SE, BA history.

List prizes for 4th drawing in Cascade

This Fourth of July, Cascade Businessmen's Association will give away over 30 valuable prizes donated by local merchants and businessmen.

The prizes can be won by purchasing raffle tickets offered in Cascade business places. You are not required to be present to win, just turn in your ticket stubs.

The money from your ticket purchase is used to pay for the fireworks for the evening's celebration.

Prizes are still being collected by Dick Seppan but a partial list includes: A tape recorder given by Thorn's TV and Cascade Professional Building; \$25 Bond by Wolverine Building Products; \$25 by Old Kent Bank; Rod and Reel from Thornapple Hardware; clock radio from Blackie's Radio and TV; Bar-B-Que from Vierson Boiler and Repair; lawn sprayer by Harder & Warner Nursery; two \$10 prizes from Ace Plating; three lucky prize winners will receive \$10 worth of gasoline from either Dykhouse & Buys, Slater's Mobile Station or Powell's Standard Station.

Prizes already donated also include: a chaise longue from Kingsland's Hardware & Variety Store; a step-ladder from Meekok Lumber; a desk lamp by Cascade Pharmacy; a Croquet Set from Baker Real Estate and Martin Insurance; \$10 gift certificate by Cascade Village; \$10 gift certificate from the D & W Store; two dinner specials from the Coffee Cup; 5 dozen eggs from Springbrook Poultry and a cleaning and wax job by Koeses Body Shop.

Someone will win four rounds of golf from Hickory Hills Golf Course; \$10 in cash from Ben W. or \$5 cash from La Hatch; two sofa pillows from the Thrift Shop; Antique wall plaque and planters from Woodland's Cars of Yester Year; \$2 cleaning certificate by Cascade Modern Cleaners; two bottles of hair dressing and aftershave by Cascade Barber Shop; \$5 in cash from the Cascade Market; \$5 in cash from Greendale Veterinarian or a set of spark plugs from O'Neill's Transmission; Academy of Music, a scholarship for five to 12 year old child; Cascade Thornapple River Assoc., lawn sprinkler and hose.

All net proceeds from the sale of the tickets are used to purchase the fireworks, contributions for parking collected by members of the Thornapple Lion's Club plus other local civic activities are also used for this purpose.

Miss Dowling speaks vows to John Zanella

St. Robert's Parish, Ada, was the setting for the marriage Saturday morning of Miss Gwendolyn Dowling and John Anthony Zanella, jr., son of Mr. and Mrs. John A. Zanella, 7141 Driftwood Drive, SE, Ada.

Mr. and Mrs. Carl Kerekes, 2426 Thornapple River Drive, Cascade, are the parents of the bride.

Attendants wearing petal pink A-line empire gowns with matching sheer puff veiled headpieces complemented the bride who wore a A-line wedding gown of white peau de soie. The Kabuki sleeves were scrolled with hand drawn alencon lace, which also enhanced the skirt and train.

The bride's bouffant veil of illusion was secured by a hand drawn alencon double-pearled tiara. She carried a cascade bouquet of white roses, white orchids, and white daisies with stephanotis.

Mrs. Cathren Schiner, Miss Penelope Steketeer, Miss Francis Willard and Miss Sally Tomjazyk were bridesmaids. Maid of honor was Miss Mary Ann Zanella, sister of the groom. They carried white daisies dyed pink with stephanotis in a crescent bouquet.

Junior bridesmaids were Miss Carla Kerekes, sister of the bride, and Ann Marie Vivinti, cousin of the groom. Their dresses, similar to the honor attendant's were accented with little bows, and they carried identical bouquets.

The best man was Robert Karl, serving as groomsmen were Rex and Wayne Dowling, brothers of the bride, Thomas Zanella, cousin of the groom, and Steven Bushouse. Seating the guests were John Kerekes and James Vivinti.

Mr. and Mrs. Paul Kerekes of Lowell and Mr. and Mrs. Richard Vivinti presided at a garden reception at Cecil's Ranch House from 12 to 5 p. m.

There are 15,023 American foundations spending about \$779 million a year.

Lear jet to pass over Cascade on July 4th

A special attraction has been added to the Cascade Fourth of July events, announced this week by the co-chairmen Floyd Atchinson of the Cascade Fire Department, and Bud Vierson of the Cascade Businessmen's Association.

Through the assistance of Norm Burgess, special events director for the Cascade-Thornapple Association, Ed McCready, owner and president of Northern Air Service has offered to pilot his Lear Jet for at least two passes over Cascade the afternoon of the Fourth.

An added feature of the Cascade parade will be the appearance of the Belgian show horses owned by Charles Anderson and sons of 10850 Cascade Road.

Immediately following the parade, the horses will be taken to the gravel pit, where Mr. Anderson will exhibit their abilities in a pulling contest.

The combined weight of the team is 4,100 pounds and they will start the exhibition by moving a truck or wagon weighing 5,500 pounds, to which more weight will gradually be added, seven-year-old stud and a mare sixteen. The mare has been entered in many shows by Mr. Anderson and has never taken less than second place.

Final preparation of booths will be made at 9 a. m. which will set off the spark for a day of fun-filled events. At 10 a. m. the Thornapple Valley Artists' show opens in the Cascade Town Hall, with all booths and concessions opening at the same time.

Formation of the parade will start at 10 a. m. Sponsored by the V.F.W., the parade will start at 11 a. m. Lloyd Winslow, parade chairman, announced this week that the parade will consist of antique cars, large floats, ponies, children's floats, decorated bicycles, wagons & whatever you have. Float awards will be presented from 11:30 to 12 noon.

A waterball fight between the Ada and Cascade firemen will take place at the Ada Ball Park at 2:30 p. m. followed by the Little League All-Star game at the Lions Little League Park on Thornapple River Drive at 3:30.

The Cascade Businessmen's drawing will be held from 7:30 to 8:30 with a large array of valuable prizes being given away. Concluding the day will be gigantic fireworks from 8:30 to 9:30.

Have Booths
Maintaining booths during the annual celebration will be the Cascade Fire Department, Floyd Alkins, chairman; Youth of the Cascade Christian Church, Disciples of Christ; Cascade Christian Reformed Church; American Legion Auxiliary, Marcella Postma, chairman; Mally's Popcorn wagon; and the Cascade Businessmen's Association, Chuck Weston and Bob Payne, co-chairmen.

Fireworks at 8:30
Don't wait until 8:30 to park for the fireworks. Cars begin arriving by 5:30. Eat a chicken dinner, see the midway and

watch the drawing for prizes while you wait for the fireworks.

The fireworks are fired off the high hill behind the gravel pit on Cascade Road. It has been estimated that 1,500 to 2,000 cars parked in and near Cascade for this event.

One of the biggest jobs of Cascade's Fourth celebration, chairman of the booths, is again filled by Agnes Bentley. She is responsible for assigning all of the booths to non-profit making organizations.

She is also kept busy for several weeks prior to the Fourth, making certain that each booth offers something different from the others, that all booths are staffed and that someone has organized a crew to set up and take down the booths. The job of erecting the booths is normally cared for by CBA members and friends.

Mrs. Bentley has reminded all organizations to not stock the booths short. Refreshments especially sold last year with one booth selling out before noon.

For anyone wishing to make last minute reservations or arrangements, Mrs. Bentley can be reached at 949-3591.

Bridal shower

On June 16, Miss Judy Mulder was guest of honor at a miscellaneous bridal shower at the home of Mrs. Judson Wilterink.

It was a lovely shower with games, beautiful gifts and a very nice lunch.

Insulation key to conversion

Electric heating sometimes is referred to as an "electric comfort system." The reason is that it involves not only heating equipment but insulation, storm windows and doors, weatherstripping, and sometimes ventilation equipment — everything necessary for the highest degree of comfort and low cost of operation.

Electric heating itself and insulation are the two main items in the package, responsible for approximately 90 per cent of the total combined comfort and economy. A qualified contractor, who accepts the responsibility for converting a house from "fossil" fuel (gas, oil, or coal), will pay as much attention to insulating the house as he will to the installation of the heating equipment.

The walls and the ceiling, also the floor of a house built over an open crawl space, are blanketed with insulation, much as a person sleeping pulls a blanket around himself in bed. To install insulation in existing side-walls,

For more tips on water safety and regulations covering boating in Michigan get a free copy of "What Every Boater Must Know" from the Conservation Department's Publications Room in Lansing. The 32-page booklet, published by the Department's boat and water safety section, is also available from most local sheriff's departments. Packed with illustrations, it covers such things as life-saving devices, water skiing, scuba diving, boating "rules of the road," and artificial respiration. --Michigan Dept. of Conservation

Pat Vander Tuin will join summer workshop

Pat VanderTuin of 2512 Paterson Avenue, SE, left Tuesday, June 28, for Paterson, New Jersey, where she will be a member of the Summer Workshop in Missions Team at the Northside Community Chapel.

There are 450 young people of the Christian Reformed Churches of the United States and Canada in 67 fields of evangelism this summer.

An Open Letter to The Editor

Dear Jeff:

Just saw by the paper that you are going to take a vacation... good for you. Have a good time and come back all rested up --- because we want you, through Suburban Life, to help remind the voters of Ada Township that Tuesday, Aug. 2nd is the day that their votes will bring back the government of the township to the people and taxpayers. They have had their taxes trebled and the biggest bond issue in the history of the township... all without their consent.

They want something to say about township affairs by electing

TO ARRANGE FOR OIL HEAT BUDGET PAYMENT PLAN

With the sun beating down hot and heavy, most people don't give too much thought to next winter's heat. And, who can blame them?

But there is one simple step that can be taken by phone or by postcard that can make next winter a lot more pleasant for the homeowner. **THE STEP:** to request the oil heat dealer to convert the family's account to a convenient Budget Payment Plan.

The primary advantage of the Budget Plan is to divide heating costs over equal payments—most frequently for 10 months—and thus avoid the exceptionally heavy fuel bills which otherwise must be faced in January and February—just at the time everyone is buried under Christmas bills.

Showboat has been a community tradition...

Back in the winter of 1932, gloom was deeper than the snow in the streets of the village of Lowell.

And no wonder... the great depression that started with the stock market collapse in the fall of 1929 had cast its pall over the lives of virtually every resident. Most people had come to realize that this was no temporary recession and the economy was not just about to turn the corner, but due to get worse before it got better.

It was then that a small group of Lowell businessmen & merchants got together over a cup of coffee in the local drugstore. They were especially conscious of the gloomy frame of mind of their townspeople and the conversation turned to seeking ideas to cheer up people. Money was scarce, but time was plentiful so suggestions were made that a community project should be started, using the theory that most people are happiest when they're working together for the good of all.

A Minstrel Show fitted in as the happiest project they could come up with, both for the workers and spectators.

Two of the original half dozen, Norman Borgerson and C. H. Runciman, carried on as prime movers in what became

the Lowell Showboat and even today are helping in advisory roles in this summer's Showboat that will have its run July 25 to 30.

For that first 1932 Showboat everyone made his own costume and the decision to charge a modest admission price came only as an afterthought. Opening night of that Amateur Show packed in crowds that resulted in an \$800 profit, much to the astonishment of everyone.

However, once off to a rousing start in which so many people got a good laugh, when laughter was so unusual, momentum built the Showboat as much as any other factor. For many years Runciman acted as talent chairman and Interlocutor and Borgerson as general chairman. Except for an interruption during World War II, the Showboat ran for six days every summer and Showboat Week became a fixture in the village, since 1960 a city.

Profits rolled in and the sponsoring Chamber of Commerce and American Legion plowed them back into community projects, such as parking lots, land purchase for industrial development and youth recreational projects. At the same time, the show became more profession-

al, with the great banjoist Eddie Peabody, perhaps one of the best-remembered stars of the shows in those years of the past.

Then for a few years, the Showboat had some lean years as income declined and costs went up, but the community indicated its faith in the idea by reorganizing the sponsoring group.

In 1965 Showboat once again became alive during the week of July 26 to 31. Showboat officials decided to go back to the star system. The headliner was the famous radio, movie and television comedian George Gobel. Gobel literally helped to pack the stands with people every night. His comedy routines differed nearly every single night. Even on Saturday night of last year, when the show was nearly rained out... the audience came to see George Gobel and the rest of the show. On that particular Saturday it rained steadily all day, but the people came anyhow waiting for Showboat to start while the Showboat officials were trying to decide whether or not to go one with the show.

The crowds waited for well over an hour and a half because the weather man had promised a possible break in the storm. The rain let up as predicted and the captain of the Showboat tooted the horn and the Showboat came 'round the bend to play to a capacity audience. As in most variety shows, the headline act is held until the last act prior to the finale. It wasn't raining when Gobel came out, but a fine mist started before he completed his performance and the audience sat right there enjoying every minute of it too and has said so, not only that night, but also to columnist Earl Wilson who reported it in his national column a few weeks after Showboat was over.

The co-star of Showboat was Broadway, radio and television personality, Betty Johnson. She too held the audience in the palm of her hand every single night of the show, singing encores every performance at the request of the audience through their appreciative applause.

The Showboat would not, however, be the traditional Showboat of Lowell without its well trained volunteer chorus of singers who practiced for many weeks prior to the week of Showboat itself and sang their hearts out with the melodious tunes that are so much a part of Showboat performances of the past, as well as new show tunes that will live for years. All performances of every Showboat must have end-men & interlocutor, and Lowell has this happy combination as well. They too work for weeks perfecting their routines because they are all community minded individuals who get a desire to be on the stage at least once a year and have plenty of fun in the job they do. Not all of the jokes came out as planned, but usually they turned out better than what the original versions were supposed to be, however, for the biggest share, they too, were great.

For several weeks prior to the Showboat a talent search was conducted and an elimination performance was presented a week in advance of Showboat. Six winners were selected, each act given an opportunity to appear one night as a featured attraction on Showboat. Two of these groups were so well received that they made unprecedented appearances for a second time. One group was the "Madrigals," a group of singers, from Grand Rapids. The other group were folk sing-

ers called the "Shilos" from Lowell. The most important fact about 1965's Showboat was that it made a profit of over \$5,000 for the second best year in its entire history. As in years past, the proceeds were designated for community projects.

After Showboat officials determined that it was a successful venture, and this occurred before the last night of the show in 1965, they decided that the Showboat would be continued.

Planning got underway in earnest in January of 1966, searching for a star who could live up to the standards set in '65. When one of the Entertainment Agencies of the nation indicated that the television comedian who had won an Emmy Award for his outstanding comedy series of shows, as well as having top selling albums of comedy routines, and who has been acclaimed by master comedy star Jack Benny as "the funniest comedian in 30 years" Showboat official said, sign him up. Therefore, the 1966 Showboat will have none other than the famous Bob Newhart as its headline performer.

The Showboat will start its first voyage 'round the bend on Flat River at 8:30 on the evening of July 25. Again on board will be the Showboat chorus, the end-men, the Showboat dancers, the interlocutor and the Showboat band.

Because Showboat appeals to every member of the family, one of the nation's top television and recording quartets, "The Vogues," will also be on hand to entertain. Two of their latest recording hits are "Five O'clock World" and "You're the One."

The Vogues are four clean cut, personable young men who wear worsted suits, tuxedos, & sweaters and slacks, polished shoes and ordinary red-blooded American haircuts, and they sing the tunes that will be appreciated by every individual in the audience. They are strictly a singing group.

Providing the music for all of the acts as well as being in the spotlight for their own portion of the show, will be the nationally famous Peter Palmer orchestra from Chicago.

All seats for six nights of Showboat are reserved. Mail orders are now being taken, and should be directed to Lowell Showboat, Lowell, Michigan. Tickets are \$3, \$2 and \$1.

William S. Doyle is president of the 1966 Board of Directors of the Showboat. Bernard Baer is vice-president and the members of the board are Richard Brush, George Dey, jr., Mrs. Ralph Fluger, Stanley Gardner, Carl Hagen, Jack Kennedy, Edward Kiel, Stephen Nisbet and Mayor Arnold Wittenbach.

FIND WHERE FISH ARE...

Fish-locating glasses eliminate bright water reflections and permit fishermen to look down 10 feet or more below the surface of a lake or pond.

A switch can set all four signal lights on a car flashing at the same time in case the auto breaks down and help is needed. They say it can be installed without cutting, splicing or taping.

Machine that automatically defaces or retains credit cards that are listed as lost, stolen or invalid. Tree shaker that rattles ripened fruit to the ground without shaking the tree out of its roots. Apparatus can be pulled by a standard farm tractor.

An adult's body is 50-60 per cent water; a child's 70-80 per cent.

Meet the Vogues

The Vogues are four clean cut personable young men from Turtle Creek, near Pittsburgh, Pennsylvania, who will co-star with Bob Newhart in the 1966 Lowell Showboat, July 25-30. Bill Burkette, 23, is the lead baritone; Don Miller, 23, is also a baritone; Hugh Geyer, 23, is the first tenor; and Chuck Blasko, 23, is the second tenor.

Two hit records in a row, "You're The One," and "Five O'clock World," plus two best selling albums, "Meet The Vogues" and "Five O'clock World" plus a third hit single and album on the way gives the Vogues and CO & CE records an almost perfect batting average.

Add to this all of the top television shows, smart supper clubs, concert appearances, rock and roll shows, teen-age hops, state fairs, amusement parks and a barnstorming dee-jay tour as often as possible.

The Vogues have been standing in line to success for seven years; it was a long wait, but constant encouragement from their manager, Elmer Willett, kept them in line. And then about six months ago they signed a recording contract with CO & CE Records, and they reached the head of the line.

Only one problem remained, where was the ticket to get through the door? Herb, Nick and Jack Hakim, the promotion director of CO & CE Records, started the search for a song that would open the door to success. They found it in a Petula Clark Album, and since its release, "You're The One," has risen to the top ten on the national charts.

The Vogues then recorded their latest single "Five O'clock World," and it immediately received national attention, rising even faster on the national charts. It looks like it will be an even bigger hit than "You're

Snoring can be sign of serious health problems

Are you listening to a monotonous nocturnal cantata at your house these days? Well, if you are, I'm pretty sure you're not enjoying it.

If you haven't guessed already, the impressive name simply means snoring, a common malady that affects an estimated 23,000,000 folks in the United States. Although snoring and snorers have been the butt of jokes for years, people who have chronic sufferers in the family don't think it's funny at all.

The snorer's doctor doesn't think it's much of a joke, either. Snoring can be a sign of more serious health problems, and can actually furnish some important clues to the person's general health. For instance, a child that snores may have enlarged adenoids or tonsils, or an allergy condition.

Snoring can also be an indication that you are smoking too much or that you are overweight and should be cutting your calorie intake. It may mean that you are working too hard, and are over-tired—or in some cases, it might point to a deterioration of general health. All these things, and more, can affect the tone of the tissues in the throat and result in snoring.

Now, why do people snore? Well, snoring is generated while breathing in or out during sleep by several structures in our noses and throats. These sounds are usually due to vibrations in the soft palate and other soft structures of the throat while breathing. The frequency of the vibrations and the tone quality of the snore depends on the size, density and the elasticity of the affected tissues upon the force of the air flowing through them.

As well as being a possible forerunner of more serious physical health conditions, snoring can be a serious health problem in the area of emotional health. Here, snoring becomes a psychological problem for the innocent victim who must listen to the miscellaneous sounds that emit from a snorer's wide opened mouth.

Is snoring a hopeless condition you must learn to live with? No, many folks have been helped and others cured. In the case of children with enlarged adenoids and tonsils, removal of the offending glands will cure the child of snoring. Sometimes, surgery can help remove an obstruction in the blocked nose which has caused mouth breathing and snoring.

In some cases, special medicine can be prescribed to bring relief to a person suffering nasal congestion caused by a cold, sinus trouble, hay fever, and asthma.

In still other instances, persons have been cured of snoring by being taught to sleep on their sides or stomachs.

Patriotism
In a few days we will be celebrating our National Independence Day. We thank God for our freedom! Our nation's freedom was attained at a great cost—the cost of the Revolutionary War. And our freedom, under the blessing of God, will be maintained only by diligent vigilance on our part, for it remains true that "eternal vigilance is the price of liberty."
In the midst of much criticism of our nation we should not fail to appreciate the rich blessings of God we may enjoy. The spirit of patriotism, which is deeply in love with our native land, ought to energize and enliven us for noble and conscientious citizenship.
How does a Christian exercise his citizenship? First, by obedience to the government. "Let every person be subject to the governing authorities. For there is no authority except from God, and those that exist have been instituted by God... Then do what is good, and you will receive his approval for he is God's servant for your good." Romans 13:1,3.
Second, the Christian prays for his government, as Paul writes in I Timothy 2:1,2 "I urge that prayers... be made for... kings and all who are in high positions, that we may lead a quiet and peaceable life, godly and respectful in every way." Let's be Christian patriots every day!
—John Guichelaar

Lowell's Robert E. Lee Showboat provides an authentic background to the dockside stage as the cast and chorus of the world-famous minstrel show welcomes thousands of entertainment-seekers for another evening of fun, comedy and song, this year starring famed TV star, Bob Newhart. Superimposed against the Showboat background is this year's "Miss Showboat," Kathy Manninen, at the wheel that

guides the authentic replica of the Mississippi steamer, down the river each evening to the waiting crowds. This year the performances are scheduled for July 25 through 30, at 8:30 p.m. The Vogues, famous recording quartet, will share the spotlight with Newhart, who will lead the cast of more than a hundred singers, dancers, talent search winners, and of course, the famous End Men and Interlocutor.

One of the country's top humorists and winner of the coveted Emmy and Peabody awards, Bob Newhart, born and raised in Chicago, Illinois, has been billed as the top act for the '66 Showboat, which will make its first docking at the Showboat Stadium on Monday evening, July 25.

The Old Timer

"A celebrity is a person who works hard to become well-known and then wears dark glasses to avoid being recognized."

My Neighbors

"Fred, you're not listening to me—if you were your knuckles would be white!"

What causes accidents? Ask an expert

He sees them every day, in the traffic congestion of large cities, on the quiet streets of small towns and on the open road. He spends most of every day behind the wheels and he knows what the dangers are on our streets and highways. His driving record shows that he is well trained because Mr. "Average Truck Driver" drives hundreds of thousands of miles without a chargeable accident.

Discuss accidents with him. He won't talk about nuts and bolts. He knows that most accidents are the result of poor driving practices.

The excellent safety record of professional truck drivers is no accident; it is the result of proper driver training and a continuing campaign to emphasize safe driving techniques. As a result, truck drivers obey the law, are courteous, alert and always drive, aware of the dangers which are present.

If you ask an expert what causes accidents, he'll tell you it's the driver behind the wheel that makes the difference.

FREE HOME DEMONSTRATION

NEW AUTOMATIC UNDERGROUND SPRINKLER SYSTEM!

See it work... on your actual water pressure

Just give us a call and we'll be out to show you the newest work saver for the home.

It's Toro's Moist O'Matic, the first automatic underground sprinkler system practical for every homeowner.

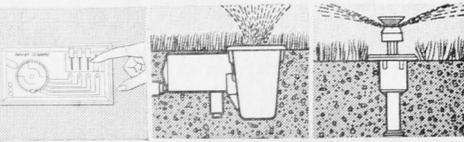

Everything you need to sprinkle a yard as large as 70' x 100' comes in a package. PRICED AT JUST \$189.95.

It's so easy to install you can do it yourself in a weekend. Or, if you prefer, we'll have it installed for you at low cost. (Ask for a free estimate.)

Operation is completely automatic. The Moist O'Matic control center works like a clock radio, turning sprinklers on and off at preset times.

Moist O'Matic not only saves work, but builds a beautiful lawn at the same time. Sprinklers apply just the amount of water that can be absorbed by the soil.

Call today for a free demonstration. We'll show you on your lawn all the advantages of Moist O'Matic. Toro's new low-cost automatic sprinkler system. No obligation, of course.

SET IT, FORGET IT. Electric control center operates sprinklers automatically... even while you sleep.

3 WAVE SPRINKLERS are for large areas of lawn. Adjustable to cover squares or rectangles.

5 POP-UP SPRINKLERS are for smaller areas. Pop-up for watering, pop-down automatically when job is done.

Add-on design lets you install part of a system (or several systems) for any size yard. *Actual coverage dependent on water supply.

TORO MOIST O'MATIC LAWN SPRINKLER SYSTEM

TORO... famous for lawn mowers for over 50 years

Kindergartners are required to be immunized

Parents were reminded today by Dr. W. B. Prothro, City-County Health Officer that a state wide law now requires all children entering school for the first time in Michigan to secure immunizations against small-pox, lockjaw, whooping cough, diphtheria, polio, tuberculosis and measles. Measles immunization has just been added to the requirement for school admittance.

The measles vaccine is for the red or hard measles and does not offer protection against the 3-day measles, however, during the past year, the incidence of reported measles has dropped 52 percent which may be a point indicating the value of measles immunization.

Measles as a disease has caused some serious complications to children. All children over 9 months of age should be protected if they have not had this disease. There are some mild reactions to the immunization but this is of short duration and has not produced any complications or made the children infectious during the reaction period.

Now is the time that preschool children should get their shots so as to avoid the fall rush or spoil your vacation.

If securing immunizations is a financial burden (or your children are not under supervision of a family doctor) immunizations can be secured at the Grand Rapids-Kent County Health Department week-days from 9 a. m. to 4 p. m. except on Thursday when the clinic is open from 1 p. m. to 4 p. m.

Immunizations are also available at the Paris Township Library Building, 44th Street at Jefferson, SE, the third Wednesday of each month at 9 a. m.

As the moonshine racket flourishes in your state, so do many other associated crimes, such as robbery, narcotics, larceny, gambling and murder.

Renovating 68-year-old Cascade Township Hall

It is 68 years old and yet still young. This is the historic Cascade Township Hall. Today it is undergoing renovation, but on the evening of July 19, 1898, it was only a thought gleamed in the minds of the Township Board of that time.

The weather as reported in the Grand Rapids Herald that day read, "Showers & thunderstorms. Warmer with brisk southerly winds." The Board members arrived at Mr. Cogger's blacksmith shop and met upstairs in what was referred to as Cogger's Hall. This was located where Thorn's TV store now stands. The purpose of the meeting was to decide upon a site for the future Town Hall.

For fifty years, since Cascade had become a township, the various boards had been meeting in the local hotels, in the office of the Township Clerk, at Cogger's Hall, and for one winter at the local shoe store where the rent had been a full sum of \$10, including heat.

Now it was time to have a Town Hall and the members voted to buy the Hattie Patterson site for \$50. For the next several weeks these men met again and again to arrange plans and to receive bids for the building.

They finally made a contract with Miner and Eugene Smith for \$495 and on September 18 there was an order drawn for one-third of the contract for the building. They also decided that night to have a door and window in the south end at an additional cost of \$20.50. The painting job was given out for \$50.

Two weeks later, they voted to have a circular window in the front of the Town Hall in the gable and again on October 13 voted to have eight iron plates for the foot of the fence across the hall.

The 30 inch circular window can still be seen, but the fence has since gone its way. At the time, however, the fence was a divider in front of which voters stood when discussing problems of the day. One could only approach and argue a point upon recognition and it helped keep meetings orderly.

All of this activity must have been exciting. To see the building arising and to have a real Town Hall at last was an accomplishment long desired. Then on April 3, 1899, the first annual meeting was held in the hall.

It is very doubtful that the people that attended the first meeting even considered the thought that so many years later their work would not only be remembered, but that the hall would be in such constant use today.

Gerrit Baker, present Township Supervisor, has said that it is used almost daily. Sometimes schedules have to be rearranged in order to accommodate all of the uses for which it is requested.

Al Heemstra, Cascade Township Clerk, himself an avid student of the history of the area

Be a Smart Cookie, Mom!

by Betty Crocker

Keep that cookie jar loaded this summer! For famished hikers and bikers, for doll parties and tent parties, for a special reward when a Guppie swimmer graduates to Minnow. And if you don't have authentic-style cookie jars, let summer vacationers help make them. Cover coffee cans with gay-patterned adhesive shelf paper. Turn wide-mouthed apothecary bottles into cookie containers by painting the magic word on the front. Then to initiate these works of art, fill them up with sweet, energizing cookies. Like Candy Dandies. Made with a candy bar, they bake up crunchy and butterscotch-y — make home the most popular spot in town.

CANDY DANDIES

juice into each of 4 tall glasses. Add a scoop of vanilla ice cream to each glass. Fill with sparkling water. 4 servings.

Anybody's mother can open a bottle of ginger ale — but you pop fruit juice ice cubes into the glasses! (Freeze lemonade or fruit juice in ice cube tray.) Serve with homemade cookies and you've got a back porch party.

For toddlers, tie Candy Dandies into pretty paper napkins and call them Hobo Sacks. Or fashion them into Kookie Kat Sundae: Place a big scoop of your child's favorite ice cream in a dish. This forms the head for the Kookie Kat. Use colored candy-coated milk chocolate candies for eyes and mouth. For ears, push Candy Dandies into the ice cream.

See how easy it is to cook up cookie capers for the young ones.

Heat oven to 375°. Mix butter, brown sugar and egg. Stir in Bisquick, nuts and candy. Drop dough by teaspoons about 2 inches apart on ungreased baking sheet. Bake about 10 minutes or until lightly browned. Makes 3 to 4 dozen.

After a long, hard day at the playground, what could be better than Candy Dandies with a tall, cool glass of milk?

A tall, cool Orange Fizz Float, maybe? Spoon 2 tablespoons frozen concentrated orange

Seeds Tested for Germination, Purity By Michigan Department of Agriculture

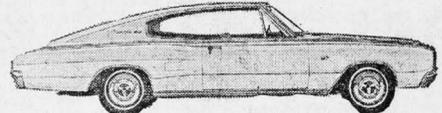

A tray of bean seeds in one of the humidity and moisture controlled germinators in the Michigan Department of Agriculture's seed testing laboratory.

Lawn seeds, farm seeds, vegetable, flower and herb seeds, as well as forest tree seeds are tested at the Department's laboratory. The seeds you buy must have correct label information. It's for your protection.
