## Summary of Amway's year

The most obvious addition to Amway Corporation in 1966 was this Liquid Products building. Its construction increased square footage to 180,000 square feet, but because of the increased need for more room, another new building, twice the size of this one, is scheduled to be erected as soon as possible.

One of the newest additions to Amway's operations is this Blow-Molding plastic bottle making machine. It is housed in the Liquid Products building and is presently in operation making plastic containers for many Amway products.

Adding to the efficiency of Amway's new Folding Carton Department is this machine that glues and folds boxes after they have been printed, stamped and cut. All cartons used by Amway, except corrugated shipping containers are now produced by this department.

At the end of 1966 Amway Corporation at Ada, looks back on a year of tremendous activity, growth and progress. This company, that only seven years ago was a two-man operation, last year had sales in excess of 36 million in the United States and 2 million in Canada. Amway is now one of the largest direct selling companies in the country, selling household and personal care items through more than 75,000 independent distributors in the United States and 5,000 in Canada. The rate of growth of the physical plant at Ada in the past year (9 expansions) has been so rapid that even Amway employees find it difficult to keep pace with the changes from week to week.

**Obvious Addition**  
Most obvious addition to the plant is the new combination warehouse and liquid production building in the northwest corner of the complex. This building houses, among other things, liquid product lines, a new plastic blow-molding department which manufactures Amway's plastic bottles, a separate toiletries production room and a big, well equipped quality control laboratory and even a huge automated pallet storage racks system, first of its kind in the nation.

In the past few months liquid production requirements have increased so swiftly that already Amway has outgrown this new facility and another large addition has been scheduled which will increase the Amway buildings total by 42 percent. Another 1966 milestone was the new ten thousand foot railroad spur into the Ada plant—the largest industrial spur line constructed on the Grand Trunk Railroad in 50 years. Dedicated in September, this spur enables Amway to receive raw materials and ship finished products by rail to 28 warehouses across the U. S. A. and Canada.

One of the outstanding attractions to visitors at Amway is the new Home Test Center. A completely equipped kitchen and laundry room, the center is designed to test present and proposed Amway products under normal home conditions.

**Carton Department**  
Advancing another step, Amway recently opened a Folding Carton Department. All cartons used by the company, except corrugated shipping containers, are now manufactured in this department, providing Amway with a ready source of cartons. Die-cut cartons are made by a three machine process.

First, cardboard stock is printed on the new two color press, then stamped and cut, before being fed into a machine which glues and folds. The press and cutter were shipped from Heidelberg, Germany and assembled at Ada.

1966 saw the addition of a sound studio to the Marketing Division. Recording masters (for records to be included in sales training and motivational material for distributors) are recorded in this studio as well as recordings for audio-visual programs. Many new pieces of literature were also designed by the Marketing artists and writers during the year. Amway's Printing Department printed much of this literature, with an average of 3 million impressions a month. In the process they consumed 11,000 pounds of ink and a million pounds of paper.

New arrivals in the Printshop include a new two-color offset press with a capacity of 7,000 sheets an hour—the most up-to-date press of its size, and a new, giant, "gatherer-stitcher-trimmer" which collects folded pages, arranges them in order, staples them and trims them to size, at a rate of up to 8,400 an hour.

**Expands Line**  
With Amway's entrance into the field of men's toiletries and women's cosmetics it has been necessary to expand the Research and Development Department both with the addition of more skilled, technical personnel and enlarged facilities.

New faces have appeared at Amway with ever-increasing frequency as new chemists were hired, new typists, new copy-writers, new production workers... at last count there were 800 personnel on Amway's payroll at Ada, including temporary help. At the end of 1966, Amway employed 500 people.

Always on the go, members of Amway's sales Department traveled more than 250,000 air miles last year to train, guide

and motivate distributors all over the United States and Canada. During the year they conducted 108 Success Rallies and 77 Seminars for over 51,265 people. Closer to home: The Amway International Convention, held in May, 1966 was the largest convention in Grand Rapids during the whole year. More than 5,000 enthusiastic Amway Distributors convened here from all over the United States and Canada to attend the convention at the Civic Auditorium.

**Stimulates Enthusiasm**  
The introduction of new products always stimulates enthusiasm and there was much to be enthusiastic about in 1966. Sixteen exciting new products were introduced—many of them in the men's toiletries and women's cosmetic field.

More statistics show that over 17,000 visitors toured the Amway plant during 1966—six guided tours are conducted daily through the building, five days a week.

Amway's Showcase Van, containing displays covering every phase of the Amway operation, traveled over 32,000 miles in 1966 and was visited by more than 30,000 Amway Distributors and friends at stops all over the United States.

A very necessary addition to the Ada Warehouse has more than doubled warehouse space and the garage service area was also enlarged 50 percent during the year. A new internal plant fire sprinkler system was installed as well as a new electrical system.

As one employee puts it, "Amway is a growing company, bursting with energy." And all signs point toward more growth, more expansion and more new products during 1967. 1967 will be another busy, exciting and rewarding year for everyone connected with Amway.

### Mrs. Meyerink dies suddenly at her home

Mrs. Jennie Meyerink of 3607 68th Street, SE, Dutton, passed away Sunday morning, January 15, at her home, unexpectedly. She was 66.

Interment was made in Chapel Hill Memorial Gardens following three o'clock services Tuesday afternoon at the Zaagman Memorial Chapel. The Rev. Bernard Kok officiated.

Mrs. Meyerink is survived by her husband, Jacob; two sons, Steward and John of Alto; one daughter, Mrs. Edwin Barnard of Comstock Park; six grandchildren; and her mother, Mrs. William DeGood, sr.

Also left to mourn her death are five brothers, Gerrit DeGood of Ada, Henry, William, jr., and Maynard, all of Grand Rapids, and Marinus of Alto; five sisters, Mrs. Cornelius Hui-zenga of Hudsonville, Mrs. James Buist, Mrs. Oscar Teppstra and Mrs. Fred Holtrop, all of Grand Rapids, and Mrs. Lauren Estelle of Caledonia.

### Single Parents' Club sleigh ride January 20

The Single Parents' Club will hold a sleigh ride on Friday, January 20, at 9 p. m. at the Woodland Stables, located at 7334 Cannonsburg Road, NE.

Reservations must be made in advance, by calling Leona Holland, 361-1478, or Larry Duprey, 452-2915, after 5 p. m., before January 16.

Members making reservations will be held liable for the cost, \$1.25 per person, whether present or absent, as the club is obligated for the number enrolled.

### Cascade Township Notice

Please take notice that the Cascade Planning Commission will hold a public hearing at 8 p. m., January 23, 1967, at the Cascade Township Hall on the following request for re-zoning:

That the E ½ of the N ¼ of Sec. 31, Cascade Township, now zoned A-Agricultural be rezoned Class I-Industrial, excepting that portion thereof now occupied by St. Marys Catholic Church and used for religious and interment purposes.

Peter Price  
Cascade Planning Commission  
Dec. 22 and Jan. 19

TW 7-9262, the number to call to place your want ad in the next issue of Suburban Life.

### Auxiliary to hold meeting

A very important meeting will be held Thursday, January 19, at 8:30 p. m. in Cascade Town Hall.

This meeting is to discuss the Fifth District Dinner of the American Legion Auxiliary, to be held February 21st.

### Burnett Condon injured when car hits pole

Burnett F. Condon, 34, 517 Front Street, Lowell, suffered a broken collar bone and face injuries early Thursday morning when his car went off M-21, 100 feet west of Parnell Road, and struck a telephone pole.

Condon, who was traveling east on M-21 told Sheriff's officers that he was forced off the highway by an oncoming car, which crossed the center-line.

### Hits Guard Rails

Robert K. Parma, 25, of Wyoming knocked down 7 guard rail posts on M-21, ¼ mile west of Taos Ave., early Sunday evening.

He told sheriff's officers that he must have dozed while driving. After knocking down the guard posts, he went down an embankment and struck a tree.

He was ticketed for driving too fast for conditions.

### Rites held for Ada resident, Dolores Bogerd

Mrs. Dolores Bogerd, aged 34 of Ada passed away Saturday morning, January 14, following a lingering illness.

Funeral services were held Tuesday afternoon at the Ar-sulowicz Brothers East Mortuary at two o'clock.

Mrs. Bogerd is survived by two sons, Thomas and Richard; two daughters, Barbara and Cheryl; her mother and step-father, Mr. and Mrs. Leo Markham of Coleman; her grandfather, William Hoffmaster of Belding; and a host of friends.

The Rev. Truman Raak, pastor of the Knapp Street Reformed Church was the officiating clergyman, and interment was made in Ada Cemetery.

### Earns placement on Dean's List at Ferris College

Ferris State College has honored 837 students for academic excellence in the Fall quarter by naming them to the Dean's Honor List. Announcement was made by Dr. Robert L. Huxol, vice-president for instruction.

To be named to the Dean's Honor List, a student must maintain at least a "B" average while carrying a full academic load.

Students from the Forest Hills area, placed on the Dean's Honor List include:

Emanuel D. Fry, 106 Forest Hills, freshman, Technical and Applied Arts; Gilbert M. Haas, 7353 Driftwood, senior, Commerce; Gordon P. Mendels, 8495 Ottilia, sophomore, Commerce. Richard K. Miller, 2080 Wood-cliff, senior, Technical and Applied Arts; David W. Pipe, 946 Burton, pre-senior, Pharmacy; Joel C. Rooze, 1729 Woodcliff, junior, Pharmacy. Michael J. Smit, 2444 Good-wood, senior, Commerce; Barry J. Sparks, 1042 Ottilia, freshman, Technical and Applied Arts; Gary W. Steensma, 1072 Burton, junior, Commerce. John P. Haven, 2946 Lake, senior, Commerce; Michele Y. Marcellus, 2759 Leonard, sophomore, General Education; John W. Morris, 3007 Leonard, junior, education; and Stephen E. Thompson, 1401 Breton, senior, Commerce.

## ATTENTION Veterans and Senior Citizens of Cascade Township

I will be available to assist in the preparation of TAX EXEMPTION APPLICATIONS

I will be at my office from 1 to 3 p. m. every Saturday through January and February, 1967.

Former applicants please bring your 1966 applications if possible. New applicants please call for further information.

Gerit Baker, Supervisor

### Crash on Saturday injures five youths

Five young people were taken to the Blodgett Memorial Hospital Saturday afternoon, when a car driven by Daniel Hempton, 17, of Coloma pulled out of the Ada Dog & Suds on East Fulton, in front of a car driven by Craig Thurtell, 17, of Lowell.

Police said that Hempton failed to yield the right-of-way to the Thurtell car going east on M-21.

Hempton and his passenger, Robert Cottier, 16, also of Coloma both suffered head injuries and were held in the hospital overnight.

A passenger in the Thurtell car, Peter Manigold, 17, of Lowell, was treated at the hospital for a severe head cut and injured shoulder.

Thurtell and the third passenger, Frank Blazo, 18, of Route 2, Lowell, were treated for minor cuts and bruises.

### Changes in parcel post rates, zones

Use of ZIP Code will make it easier to mail packages after January 15, Postmaster Milton Hein of Ada said today.

New rates and a new system for identifying parcel post zones will go into effect on that date as provided in legislation signed into law by President Johnson on September 20, 1966, the Postmaster pointed out.

The rate increases will average about 10 cents a parcel, he said. Starting July 1, the law provides for a series of size and weight increases on packages mailed between first-class offices. Ada is a 1st class office. The size and weight increases will be in five annual steps, the last coming on July 1, 1971.

Use of ZIP Code in the recipient's address will enable the sender or a mail clerk to quickly determine the proper zone, and thus the rate, for the package. The zones will be based on the distance a parcel travels between the 552 sectional centers in the country.

By consulting a simple chart, which is available at all post offices, the zone can be readily identified because the first 3 numbers of the ZIP Code represent the sectional center. This replaces a method in which a directory often had to be consulted to locate the proper zone for each of the nation's 33,000 post offices.

The new rates will range from 40 cents for a three-pound parcel destined for local delivery to 60 cents for the same parcel to zone 3 (150 to 300 miles) to \$1.05 to zone 8 (over 1,800 miles). The new zoning method will also apply to air parcel post, catalogs and to publishers who pay zone rates on the advertising portion of their periodicals.

The Postmaster noted that all parcels mailed between post offices within the Grand Rapids sectional center will be charged at the first zone rate. There are 96 post offices within the Grand Rapids sectional center.

The new rates are expected to provide an additional \$74 million a year for the Post Office Department. The latter size and weight increases will add another \$32 million a year. The additional revenue is to help keep the Department within 4 percent of costs on parcel post as the law requires.

### Hospital notes

Mrs. John Linton of 8815-52nd Street, se, returned home from Butterworth Hospital.

Mrs. Edwin Collar, 2460 Linda, SE, is a surgical patient at St. Mary's Hospital.

## A bad week for basketball wins

Time ran out on the Forest Hill's Rangers Tuesday night and they dropped a hard fought battle to South Christian 72-65.

The Rangers experienced a frigid first quarter in the shooting department where it seemed the hapless Rangers just couldn't buy a basket. The Sailors capitalized on this disadvantage to snow the Rangers under with a 21-9 first quarter score. The hustlin' cagers of Forest Hills fell even further behind the Sailors, who enjoyed their largest lead midway in the second period, 33-15. Finally the Rangers began to put together a determined drive and when the half-time buzzer sounded, had pulled up within six points of the Sailors, 35-29.

South Christian took advantage of a badly needed half time break to piece their mutilated basketball machine together once again and came out to post a 59 to 47 third period lead. But, the Ranger team was far from beaten and a united, determined effort began to grind forward during the fourth period. The drive began to gain momentum in the warning minutes of the game and the hustlin' Rangers pulled to within four points of the Sailors.

South Christian altered its tactics and slowed down the game by going into a stall. Eventually, the Rangers were forced to foul the Sailors in order to stop the clock, which ran out with the final score 72-65.

Larry Fill directed the Ranger attack with 18 points. Jim VanderBaan added 13 and Steve Russ netted 12.

Guard Jim VanderBaan was high rebounder with 12 and team mate Steve Russ collected 10.

**Zeeland Defeats**  
Friday the thirteenth lived up its reputation for Forest Hills and at the final buzzer of a conference game with the Zeeland Chix, the Rangers found themselves on the wrong side of a 66-63 score.

Forest Hills and Zeeland played to a fairly even score at the end of the first period, 13-10, but Zeeland padded their slim margin in the second quarter to enjoy a halftime lead of 34-27.

Again, the third quarter was close in scoring, with the Chix picking up one more point than the Rangers to cling to a lead of 49-41 at the end of the third period.

Action in the fourth quarter began to pick up and the full court zone press employed by the Rangers began to have a devastating effect. Ball-hawk guards Jim Vanderbaan and Larry Fill riddled the Zeeland offense with numerous steals while teammates began picking off bad passes and recovering fumbles.

The Ranger hustle pulled them to within one basket of winning but time ran out on the rapidly advancing team and they ended up on the short end of a three point winning margin.

Larry Fill paced the Rangers with 20 points, Steve Russ contributed 19, and Jim Vanderbaan tossed in 13. Russ also led in rebounding with 12.

In total field goals, the Rangers attempted 62 and connected on 21 of them. The Chix made 27 of 63 attempts. The

Rangers enjoyed a fine night at the charity stripe, where they swished 21 of 29 attempts. In contrast, Zeeland also took 29 shots at the line, but connected on only 12 of them.

**Squeezes By JV's**  
Rangers 50 rebounds—Chix 26 rebounds. Doug Koessel 17 points, Dave Sherwood, 12, points. Forest Hills 70 shots, Zeeland 38 shots. According to these figures, Forest Hills put together another hustlin' Ranger victory.

The truth is that the Zeeland Chix defeated our Rangers by an agonizing margin of two points in court action at Zeeland last Friday night. The simple reason for this result is that the Rangers could connect only 7 times in 23 attempts at the so-called easy stripe for a paltry 30 percent. The Chix, on the other hand, sunk 17 of 31 free throw tries for 55 percent. It is interesting to note that both teams accumulated 22 fouls.

Court action showed that Zeeland led at the sound of every buzzer. The first quarter ended 7-10. The second period showed the Rangers ahead by 6 points only to fall behind 27-31. The Chix stretched their lead to 49-41 and managed to hold on in the 4th quarter to leave the gym with a much disputed 59-57 victory.

The Rangers connected on 25 of their 70 shots for 36 percent accuracy. The Chix sunk 21 of their 38 attempts for a strong 55 percent.

### Rangers Douse Sailors

The Junior Varsity Rangers kept solid control over the South Christian Sailors last Tuesday night as Forest Hills hustled to a 55-38 triumph. The Forest Hills attack was led by Dave Sherwood, a new face in the Ranger starting lineup.

After a slow first quarter in which they trailed 14-15, the Rangers snatched the lead and were set for smooth sailing as they held South Christian to a 6 point 2nd period and left the floor with a 26-21 margin.

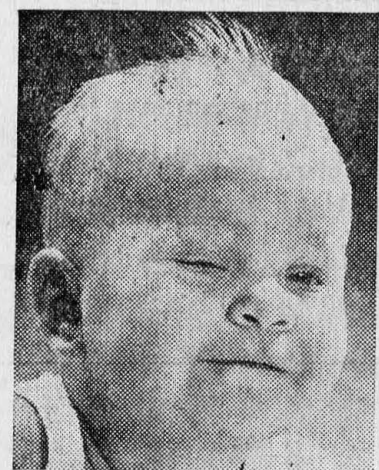

The Rangers began a new attack in the 3rd quarter holding the Sailors to only 5 shots and leading at the third buzzer by a bulge of 22 points. The fourth period showed the solid depth of Coach Wardrop's bench as the Sailors were held to a slim 9 points to finish the tally at 55 to 38.

Although the Rangers pulled down 33 rebounds to the Sailors 26, only Tom Teft was able to get as many as seven. The scoring results were also indicative of the overall attack as Glenn Collins was the only Ranger to break into double figures. Collins collected twelve points.

## Just arrived

A daughter, Carol Lynn was born to Mr. and Mrs. Herman Damstra of 5329 McCords Ave., SE, at Blodgett Hospital on Thursday, January 12.

Mr. and Mrs. George Grochowalski, 1022 Buttrick Road, Ada are the proud parents of a daughter, Jennifer, born January 5, at the Grand Rapids Osteopathic Hospital.

### Forecast

Each day we receive an official forecast of the weather. In spite of some revisions of the forecast, due to changes that have occurred, we are thankful for the high degree of accuracy with which the weather is forecast.

But though we speak often of the weather, there are greater issues that face us. In its current issue (Jan. 20, 1967) Christianity Today's first article is entitled: "Sighting the Final Third of the Twentieth Century." Nineteen leaders in various fields were asked: "Looking ahead to A. D. 2000, what do you think is in store for mankind?"

In introducing this subject the Editor wrote: "To the optimist the future is bright with promise. The pessimist, on the other hand, fears..." "But even the depressed, if he is a Christian, is encouraged by the thought that though the world is in chaos, it will soon be reordered by the second coming of the Son of Man (Jesus Christ) into history."

Each Sunday the church confesses, in the Apostles' Creed, that great forecast of the Bible: "From thence He shall come to judge the living and the dead." Do you believe that Jesus is coming again? Are you ready and eager for His coming?  
—John Guichelaar

## New oil furnace

Iron Fireman CUSTOM Mark II oil furnace  
with instant clean flame. Unequaled for clean  
comfort, low fuel bills and trouble-free performance

### Comfort

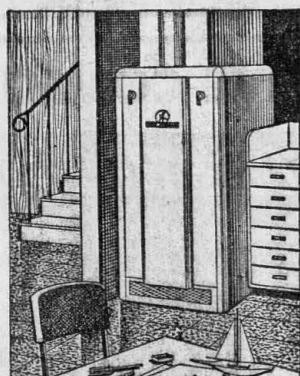

With the Iron Fireman CUSTOM Mark II furnace you use a super-sensitive thermostat which operates the furnace with the slightest variation of room temperature. This gives you remarkably uniform indoor temperature. No matter how often the furnace starts there is no smoke, no soot, no fouled combustion chamber, no wasted oil.

### Cleanliness

With the instant clean flame there are no flecks of soot blowing from your chimney or escaping into your home. Hundreds of tests made with smoke-detecting instruments show a flame that's absolutely clean from the very moment it's turned on.

### Down go fuel bills

Owners report remarkable fuel savings. There is no smoky warm-up period to foul the furnace and waste oil. Service calls are cut to the vanishing point.

Quiet easy-burning globular flame eliminates blowtorch roar. Fan has resilient mountings to dampen vibration and is sized for large capacity at low, quiet speed.

### Operates without chimney draft

The CUSTOM Mark II furnace provides its own positive induced draft with precision control. No natural chimney draft required.

# HEART RISKS & YOU

## Dig Your Own Grave . . . With Your Knife and Fork

One of the more universal of the heart attack risk factors in America is obesity.

Nothing in this well-fed United States today seems to be quite so common as being more or less overweight—rich and poor, men and women, employed and unemployed, even children.

As a coronary risk factor—this being a habit or medical condition associated with an increased risk of heart attack—the newest studies have shown that obesity is not so important as cigarette smoking, lack of exercise, high blood pressure and high cholesterol blood level. It is not nearly as important as your sex; men get at least six times as many heart attacks as women.

Obesity, however, has its own serious health hazards, in itself it increases an individual's risk of diabetes, high blood pressure and gallbladder, kidney and liver diseases, says the Michigan Heart Association.

In recent years, definitions of obesity have become complex. Some people have bigger bones and more muscle than others; proper weights—there is no such thing as a normal weight—can vary widely for men and women of the same height.

Because half the body fat is stored under the skin, researchers now pinch the skin on six parts of the body, calliper the thickness, and the average is a determination of fatness.

An easier but more approximate way to determine obesity is to use the individual's weight at a time of good physical condition during his early 20s. An increase over this figure is obesity; nobody grows after the early 20s.

Obesity has only one essential cause, says the association, a Michigan United Fund Agency. And that is regularly eating more calories than are consumed by exertion.

In the United States tasty food, rich with fats is highly available, abundant and comparatively inexpensive. On the other hand, the jobs and the ways of life which call for intense physical exertion have been almost ended by mechanization.

There is the vicious circle of obesity. The heavier a man gets, the less he exerts himself; the less he exerts himself the heavier he gets; this continues until his doctor or his wife or his mother—somebody who cares—convincing him the chances are good he is on a short road to illness or death.

For persons who need more ammunition to motivate a friend or relative, the Michigan Heart Association, 13100 Puritan, or its regional offices and centers have a number of free booklets on obesity available on request.

How much fat in the body is too much? For men, fat in excess of 30 percent of the total body weight is considered too much for good health; for women, 35 percent.

In addition to a better chance for good health, keeping your weight down offers a double bonus:

- 1. You feel better.
- 2. You look better.
- 3. And who could ask for anything more!

## Brain teasers in arithmetic at Forest Hills

In order to make arithmetic classes more interesting and to develop reasoning, Elliott Pearce, a teacher in the eighth grade at Forest Hills Junior High School has instigated a weekly set of brain teasers.

Although it is not required work, students are encouraged to find the answers and for each successful completion receive extra credit. Here is one of the easier ones to sharpen your gears:

Mr. Shakleton, a jeweler, had nine diamonds, all exactly the same size and shape. He learned that one of them was a fake and weighed slightly less than the genuine ones. Could you tell him how to find the fake by using a balance scale only twice?

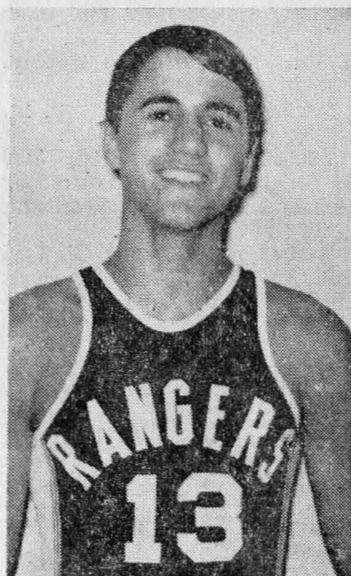

While he was a student at Ferris State, Mr. Pearce studied to become an athletic director. He wears the varsity pin for his activities there. At present he is not utilizing this ability but hopes to after a year of regular class teaching.

It was at Ferris that M. Pearce tried his hand at this brain teaser and he has since given it to the eighth graders in his classes.

The facts essential to solving the problem—which can indeed be solved by combining deduction analysis and sheer persistence—are as follows:

1. There are five houses, each of a different color and inhabited by men of 5 nationalities, with different pets, drinks, and cigarettes.
  2. The Englishman lives in the red house.
  3. The Spaniard owns the dog.
  4. Coffee is drunk in the green house.
  5. The Ukrainian drinks tea.
  6. The green house is immediately to the right of the ivory house.
  7. The Old Gold smoker owns snails.
  8. Kools are smoked in the yellow house.
  9. Milk is drunk in the middle house.
  10. The Norwegian lives in the first house on the left.
  11. The man who smokes chesterfields lives in the house next to the man with the horse.
  12. Kools are smoked in the house next to where the fox is kept.
  13. The Lucky Strike smoker drinks orange juice.
  14. The Japanese smokes Parliaments.
  15. The Norwegian lives next to the blue house.
- Now, who drinks water? And who owns the Zebra? Go to work and good luck! We'll try to slip the solution into next week's paper.

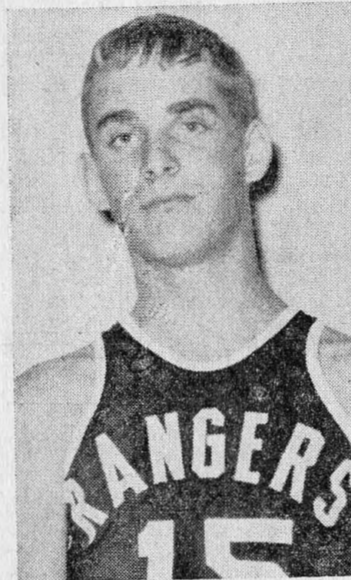

## Meet the Rangers

Scott Wingeier No. 13

Scott is a 6' 2" Sophomore with fine potential. He has been effective at times on the boards and has scored in double figures three times already this year.

Coach Kemp and the Rangers are expecting this boy to add spark to the final half of this season.

Ken Ludden No. 15

A junior, at 6' 2", Ken Ludden is an improving young ball player. Although his experience on the floor has been limited thus far, he has a fine basketball touch, and is expected to continually improve in the other facets of the game.

His height and attitude, also, make him a fine addition to the varsity roster.

Little Red Schoolhouse News

Hey Mothers! An occasional morning out. We need substitute librarians for mornings only at Cascade School Library.

Call Nan Cooper at 949-0844, if you can help in this department.

PTO dues are still being collected. Any parent who has not yet paid their 50 cent membership, you can do so by sending it to school with your child.

## Tamara Goodwin, David Tichelaar are betrothed

Mr. and Mrs. Elton Goodwin, Bailey Drive, Lowell, announce the engagement of their daughter, Tamara Kay, to Pvt. David Tichelaar, son of Harry Tichelaar of Ada, and Mrs. Peggy Pearson of Anaheim, California.

The engaged couple are 1966 graduates of Lowell high school.

Miss Goodwin is presently attending the State College of Beauty in Grand Rapids, and her fiance is stationed at Fort Gordon, Georgia.

## Symphony seeks youngsters for concert choir

Boys and girls between the ages of 10 and 13 are needed for a 60 voice children's choir to be used for the Carmina Burana Concert with the Grand Rapids Symphony on April 17. All youngsters with singing abilities are invited to attend auditions at Fountain Street Church on January 21 and January 28. The time for auditions is 10 a. m. The committee asks that boys and girls 10 and 11 years of age audition on January 21, and 12 to 13 year olds on January 28.

Qualifications include voice range, quality and tonal memory.

All interested boys and girls must be available for rehearsals on Saturday mornings 10:30 to 11:30—February 4 through March 27, and April 3, 5, and 6 in the evening.

For more information, phone the Grand Rapids Symphony Office at GL 9-2015.

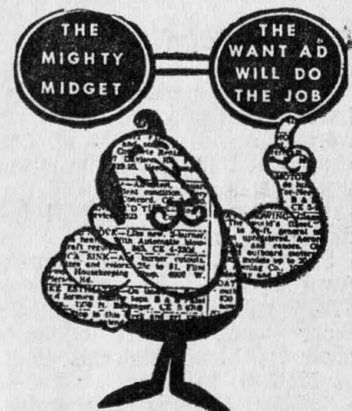

## Miss VanSpronsen engaged to wed Robert Mulder

Mr. and Mrs. John VanSpronsen of 10489 Bailey Dr., Lowell, announce the engagement of their daughter, Nancy Jean, to Robert G. Mulder, Mr. and Mrs. Pat Mulder of Falmouth, Michigan, are the bridegroom-elect's parents.

Miss VanSpronsen is a graduate of Central Christian high school, and her fiance is serving with the United States Navy in Puerto Rico.

Student nurses participating in the Army Nurse Corps Student Nurse Program Degree Section are enlisted in either the Army Reserve, the Army National Guard, and placed on active duty in their school.

## the Eventh pin

With the leagues all back at full strength and the March of Dimes Tournament beginning this week, the local keggers did some fancy pin spilling. Len Kerr rolled a new season's high series with a very fine 675 with Cal Pinckney having high game of 256.

For the women, it was Nola Bryan with a 532 series and Dorothy Leasure rolled high game of 200.

Men's High Series	
Len Kerr	675
Hugh VanderVeen	629
Tom Ford	620
Nels Stormzand	611
Chuck Hoffman	604
Jack Smith	591
Cal Pinckney	585
Oscar Peckham	584
Lee Keech	583
Ross Starkweather	580

Women's High Series	
Nola Bryan	532
Carol Lawrence	513
Pat Roth	499
Katie Lyons	498
Elva Topp	485
Dorothy Leasure	482
Marie Mulder	481
Gloria Harrall	469
Connie Winterburn	464
Marilyn Keim	464

Men's High Games	
Cal Pinckney	256
Harvey Eickhoff	246
Chuck Hoffman	235
Hugh Vander Veen	235
Len Kerr	235
Jack Smith	226
Dan Wingeier	225
Nels Stormzand	225
Oscar Peckham	223
Tom Ford	223

Women's High Games	
Dorothy Leasure	200
Eleanor Fenn	199
Emma Quiggle	192
Carol Lawrence	192
Gloria Harrall	183
Grace Parrish	180
Elva Topp	180
Wanda Stinchcomb	180
Roxie Hunter	179
Chris Reyburn	179

**Jackpot Bowling**  
In the Jackpot Sunday Marg and Don Vidian were high with a handicap total of 1225. Juan Saldivar and Ross Starkweather took second place.

## Slim, trim capacity

Thinking of buying a new refrigerator? Visit the model homes now on display, which are identified by the total-electric Gold Medallion! In their beautiful kitchens you'll find the latest in the slim, trim, big-capacity refrigerators and refrigerators are one of the major appliances which must be provided, in order to qualify the home for a Gold Medallion Award.

Time was when electric refrigerators all looked pretty much alike. Not so today! Some combine freezer and refrigerator sections into two vertical units. Others put two-door refrigerators on top of roll-out bottom freezers. One even separates the two sections with an illuminated counter top. Of course all manufacturers still offer the conventional top-and-bottom refrigerator-freezer combinations. Without exception, however, you'll find that all 1966 refrigerators take up less wall space per cubic foot of food storage capacity, thanks to improved insulating and construction techniques.

For example, a new 18.8 cu. ft. refrigerator-freezer can be fitted into the same 32-inch-wide space occupied by a 1950 10 cu. ft. model!

Automatic ice-makers are big news, too. All that's needed to make them work is a plumbing connection to the nearest cold-water pipe, and you're rid of drippy ice trays forever!

The "no frost" feature can be found in more models each year, because homemakers insist on it. However, some combination, two-door refrigerator-freezers offer the no-frost feature in the fresh-food compartment only. If you really want to be rid of defrosting forever, be sure the model you select includes no-frost mechanisms in both freezer and fresh-food sections.

In a one-mile walk, each foot of a 150-pound man picks up 90 tons and puts it down again.

More boys are conceived in winter, more girls in summer, statisticians note.

### King and queen to reign over Sno-Ball

The annual Sno-Ball, sponsored by the senior class will be held Friday evening at the multipurpose building.

The senior class has picked the candidates for the King and Queen of the Sno-Ball and the court. Those nominated are: Jane McDuffee, Donna Drumm, Shelly DenHouten, Karen Terrell and Mary Banta for Queen; Eric VanderVeen, Bill Weston, Tim Getzen, Tom Seidman and Larry Fill for King. The names of the King and Queen will be revealed at the dance.

The theme for the dance is "June in January."

The dance is for all high school students. If you haven't purchased your tickets as yet, it's not too late. Contact Pat Jason who is ticket chairman.
