Suburban LIFE

Serving The Forest Hills Area

VOL. TWELVE—NO. FIFTY-ONE

THURSDAY, MARCH 9, 1967

NEWSSTAND COPY 5c

Rich Rahn is shown rehearsing the Royal Dancers for the Forest Hills presentation of "The King and I." They meet each Tuesday evening at the Academy of Dance Arts. Ed Riffell and Rich Rahn, owners of the Academy are the choreographers for this year's production. They are also assisting in designing some of the head pieces and costumes to be worn by the Royal Dancers.

Area couple robbed, unhurt

Mr. and Mrs. Bruce Phillion, Thornapple River Drive, were held up at gun point Monday morning at 9:58 at their place of business, Bell Finance, 1221 Madison Avenue, SE, Grand Rapids.

A negro in his early 40's entered the office, and held the Phillions up and obtained under \$100.

He then locked the couple in the wash-room.

Rev. Bosh is Holy Week speaker

The Rev. Mr. Ray Bosh of Hiram, College, Hiram, Ohio, will be the featured speaker at Cascade Christian Church during Holy Week. His services will begin on Palm Sunday ending with the Good Friday afternoon service.

CYF group to leave March 10

For the seventh consecutive year, the Cascade Christian Church CYF will be sending a delegation to the International Affairs Seminar in New York City and Washington, D.C. The group will leave for New York on Friday, March 10, returning to Cascade on Saturday, March 18.

The Seminar is sponsored each year by the Christian Education Department of the United Christian Missionary Society and affords the youth an opportunity to see the United Nations in action, as well as allowing three days in the nation's capitol where the young people acquaint themselves with national government. The total purpose of the Seminar is to help modern youth relate itself in a Christian way to both national and international government.

CYF members have earned close to a thousand dollars this year to help young people attend this conference.

Adult advisors accompanying the Cascade delegation will be Mrs. Donald Crum, advisor, and Robert Cueni, assistant pastor.

Nancy Scott now legal secretary

Nancy, daughter of Mr. and Mrs. Laurence Scott of 6494 Morse Lake Avenue, Alto, will be completing the Legal Secretary course at Davenport College of Business in Grand Rapids.

She has been on the Dean's List, a member of choir, and secretary of the Student Council.

Nancy has accepted a position with the attorneys Catchick, Mohney, & Norris of Grand Rapids.

coming events

Friday, March 10, 5 until 7:30 Spaghetti Dinner at Forest Hills High School. Tickets available at the door.

The Ada Ball Field has openings for two nights for the coming season. Any group interested should attend the next Ada Athletic and Recreation Board meeting on March 22. For further information call Mrs. Cook, 676-1011.

Orchard View School PPC will hold its regular monthly meeting on Tuesday, March 14, 8 p. m. in the multipurpose room.

Holy Week services are being planned

nightly by Cascade Christian Church this year, with the featured speaker being the Rev. Mr. Ray Bosh, church relations director at Hiram College, Hiram, Ohio.

A graduate of Hiram and Oberlin Graduate School of Theology, Rev. Bosh is a very fine preacher having spoken at the Cascade Church several times in past years. In addition to Palm Sunday morning and evening services, he will be the featured speaker at nightly services in the chapel at 7:30. His final service will take place at 1:30 Good Friday afternoon.

Some of his sermon topics include "Wade in the Water," "Life Growing Tension," "You Are There," Thunder, Sense and Melody."

Different groups and organizations within the church will be promoting attendance on their respective assigned nights. On Monday of Holy Week, the Yokefellows and the Christian Men's Fellowship will be the special guests; on Tuesday, the Christian Women's Fellowship; on Wednesday, the CAMS; and on Thursday, the four youth groups of the congregation. The services are open to the members of other churches and the community as a whole.

A slight error?

To say a slight error was made in last week's paper, would be putting it mildly.

It has been called to our attention by some of the ladies involved in the spaghetti dinner that they are very much alive. Members of the various committees have been receiving calls on the article listing them as tombstones.

All the gags and sympathy cards can be forgotten, as all three, Mrs. Van Shuyters, Mrs. Kooistra and Mrs. Sherwood are in good health.

No complaints have been received from the Cook Cemetery occupants.

Hospital notes

Mr. Wesley Shusta, 2721 Cascade Springs Drive, has been a patient at Blodgett Hospital.

Easter Seal Drive set for Tuesday, March 14

Areas have been assigned by Mrs. Oliver Blain, campaign Coordinator; volunteer workers alerted; and packets distributed. On this day, callers will stop at homes in the metropolitan area of Grand Rapids and surrounding small communities of Kent County.

Beginning February 20, mailings went out to former contributors within the marching area and to everyone in Kent County, outside of Grand Rapids, where marches are not held.

Funds received from the marching and mailing campaigns are used chiefly to support the Easter Seal Workshop for handicapped persons, where opportunities are given to learn crafts, ceramics, leather and woodwork. Of equal importance are the benefits each person gains in friendships and self-discovery that one can become a productive, happy individual. One is helped both physically and emotionally here at Easter Seal.

Other projects in addition to the workshop, include an equipment loan service (beds, walkers, wheelchairs, canes, crutches, and dental care for the Mary Free Bed Hospital patients) the purchase of camperships for handicapped children.

Out-growing our former home at 218 Hollister, SE, the Kent County Society for Crippled Children and Adults, Inc., have now located at 217-219 South Division. The store front has an attractive shake shingle roof over windows, showing our (for sale) Gift Shop items made in the workshop.

The staff is Mrs. George Bosse, executive director, Mrs. Andrus, occupational therapist, and her assistant Mrs. Morel; and Mrs. Blain, coordinator of the Easter Seal Drive.

Other office help is from the many wonderful volunteers that give so generously of their time to make a successful campaign. Please give when your neighbor calls at your door.

A new Kent County Easter Seal Guild was formed in November and all members are working on various projects related to crippled children. Anyone interested in joining this Guild please contact the Easter Seal Society.

Forest Hills area property sold by State Highway Dept.

The following names have been released as the successful bidders for State Highway surplus land.

—Andrew Boomsma, Grand Rapids, bid \$300 for 13,100 square feet of land on the northwest corner of the East Beltline and Lake Drive, Grand Rapids.

—Russell Colthorp, Grand Rapids, bid \$5,500 for 33,900 square feet of land on the northeast corner of the East Beltline and Burton St., Grand Rapids.

—Joel M. Boyden, Grand Rapids, bid \$1,050 for 20,400 square feet of landlocked land on the southeast corner of the East Beltline and Lake Drive, Grand Rapids.

—Ray Jacobsen, David Singer and Leonard Singer bid \$1,050 for 17,350 square feet of landlocked land on the northeast corner of the East Beltline and Lake Drive, Grand Rapids.

—Chester Gala, Detroit, bid \$1,700 for seven acres of landlocked land east of I-96 and north of the Leonard St. interchange, Grand Rapids Township.

Two properties on the southeast and southwest corners of the East Beltline and Cascade Rd., Kent County, were withdrawn from the auction to permit correction of legal descriptions.

Olden days Cascade School Info is sought

The annual Cascade School Carnival will be held on Friday, April 7. An enthusiastic group of mighty ambitious ladies, who met on February 24 at the home of Mrs. Todd Merrill, made plans for the coming event.

The carnival is going to be big. There will be games of skill with excitement and fun for all. An all new, better than ever, talent show will be presented. Beautiful cakes and penny candies to make young hearts happy will be sold.

A tasty supper will be available and door prizes galore will be among the main attractions. Fund Ways, Inc., will provide the colorful atmosphere of the "Greatest School Day" of the year.

A search is under way for Cascade School "Olden Days" information. Many people who live in our community attended the old frame school which was replaced by the present red brick building in 1950. It would excite the children and perhaps make them appreciate their school to learn about the "pioneers" who attended Cascade School.

If you have any information or pictures you would like to share with us, please call Elayne Gabriz at 949-1277.

Travelogue to show Switzerland

Curt Matson will present his travel-film production, "Switzerland", on Saturday, March 11, at 8 p.m. in the Forest Hills High School auditorium.

This is the fourth program of the "Travel and Adventure Series" that is sponsored by the Congregators Group of the Ada Congregational Church. Tickets will be available at the door.

Mr. Matson is a resident of Hollywood, California, and has spent most of his life in California or traveling to foreign countries and making lecture tours.

He attended the University of California in Los Angeles and had dramatic training at the Pasadena Playhouse. Following this he appeared on the stage and in the movies as a dramatic actor.

He has always been interested in photography and travel and recently deserted the stage and movies for the travel-film field.

His latest trip was to photographic Switzerland. He will cover every aspect of this beautiful and interesting country.

Celebrate their silver wedding in Hawaii

Mr. and Mrs. Donald Heydenberk of 628 Greenbriar, SE, returned home Friday from a month's stay in Hawaii where they celebrated their 25th wedding anniversary.

They visited Honolulu, Hana Maui Island, Kona Island, and Kauai Island.

They departed for home from Honolulu.

These members of the CYF will attend the International Affairs Seminar this year. Standing (left to right) Robert Cueni, Richard Palmer, Gary Crum. Seated (left to right) Mary Ellen Oates, Terry Simon, Katherine Rupert, Marja Jukola, Gerard Bouman and Mrs. Donald Crum.

Exchange student committee formed

In order to foster and promote a program to send students abroad and to receive foreign exchange students here in the Forest Hills area, a committee has been formed to expedite and encourage a student exchange program. The committee will work in conjunction with the international organization, known as Youth for Understanding.

Another important task of the committee will be the finding of suitable homes here in the Forest Hills area, where students can reside during their stay here.

Mrs. James Comrie will serve as the Youth for Understanding committee chairman, the other committee members being as follows: Mrs. Neil Weathers, host family, chairman; Rev. Raymond Gaylord, publicity chairman; John Van Overen and Howard Dalman representing Forest Hills High School.

High school students interested in the program or families desiring a foreign exchange student in their homes should contact Mrs. Comrie.

Special Lenten services at Ada

The Ada Community Reformed Church has planned a special Lenten service. On March 15 the Women's Guild for Christian Service will present a special inspirational candlelight service. It will center around the fulfillment of many prophecies by the Easter Event and challenge all to continue the Easter message through the ages.

The program will be presented at 7:30 p. m. and has a message for all members of the family.

Pvt. Gerald Pretzel completes Army school

Private Gerald L. Pretzel, 19, son of Mr. and Mrs. William V. Pretzel, 4390 Whitneyville Avenue, Ada, completed a 14-week automotive repair course at the Army Ordnance Center and School, Aberdeen Proving Ground, Maryland, February 17.

He was trained in the maintenance and repair of engines for the Army's tracked and wheeled vehicles.

CASCADE TWP. Sexton Needed

This is an ideal position for a dependable person nearing or at retirement age. Work primarily requires ability to manage one's own time and a liking for the outdoors. Contact Gerit Baker, 949-0490, or Al Heemstra, 676-2341.

Varion Smith dies after a long illness

Varion (Bud) Smith, 48, 3890 Burton Street, SE, passed away Sunday at his home, after a long illness.

Mr. Smith is survived by his wife Marian, two sons, LeRoy of Ada and James at home; 2 grandsons; one brother Ronald of Charleston, South Carolina.

Funeral services were held Wednesday afternoon at the Zaagman Funeral Home, Rev. Raymond Gaylord of Cascade Christian Church officiating. Interment was at Georgetown Cemetery.

BOY SCOUT TROOP 284

Forest Hills Boy Scout Troop 284 is conducting its annual light bulb sale. A Boy Scout will be knocking at your door some day between March 7 and March 31. We invite you to take this opportunity to stock up on bulbs at standard retail prices. This troop is sponsored by Forest Hills PTA.

Cancer meeting to be held in Lowell

Did you know that one out of every four people reading this will contact some form of cancer in their lifetime?

Why gamble? Do you know the seven warning signals of cancer?

Attend an informal discussion and learn the answer to these and many other questions. A meeting sponsored by the American Cancer Society, Kent County Unit will be held at the Runciman Elementary School in Lowell on Wednesday, March 15 at 7:30 p. m.

Don't gamble! Make plans to attend.

Ada and Cascade list 628 homes built in 7 years

In a survey just released by Williams and Works it was revealed that Ada and Cascade Townships have had a total of 628 new homes built since January 1959. Cascade leads with a total of 363 homes; Ada has 265. The biggest year for Cascade was 1966 when 66 homes were built; the best year for Ada was 1965 when 49 homes were constructed.

Development of lots was also listed with Cascade leading with 273 over the 7-year period; Ada subdividers developed 122 lots in the same period. Cascade Township had its best year in 1966 with 121 lots platted. The greatest year of development in Ada Township was in 1960 when 39 lots were platted.

Grand Rapids Township lists 695 homes built in the past seven years and 386 lots developed.

Cascade Twp. Notice

CASCADE TOWNSHIP ZONING NOTICE

PLEASE TAKE NOTICE that the Cascade Township Planning Commission will hold a public hearing on Monday, April 10, 1967, at 8:00 p. m. on said date, at the Cascade Township Hall, in the Village of Cascade in said Township, upon the following proposed Amendments to the Cascade Township zoning Ordinance and Land Use Map, viz:

AMENDMENT TO CASCADE TOWNSHIP ZONING ORDINANCE

The Township of Cascade Ordains

That the Zoning Ordinance of Cascade Township, Kent County, Michigan, of December 1, 1962, as amended, shall be and hereby is further amended so as to provide the following additional terms and conditions:

AMENDMENT I R-3 SPECIAL RESIDENTIAL DEVELOPMENT

SECTION 1 DESCRIPTION AND PURPOSE. It is the intent that this zone be provided for the development of land for residential use not suitable for conventional subdivisions by virtue of rugged or unusual terrain or special soil conditions.

SECTION 2 USE REGULATIONS. Lot dimensions in the R-3 Residential Zone shall conform to the following schedule, provided the number of residential lots shall be no greater than it would be if the property in question were developed according to the standards of the R-1 zone, as set forth in Chapter 9.

(a) The maximum density for residential development shall be 1.0 dwelling unit per acre (excluding roads).

(b) Lot widths shall not be less than 90 feet on the building line.

(c) Recorded lot depths shall not be less than 130 feet.

(d) Lot depths may be reduced to not less than 110 feet when such lots border on land dedicated to the common use of the subdivision, as provided for in the following Sections 3, 5 and 6.

(e) Rear yards shall not be less than 40 feet when rear yards border on land dedicated to the common use of the subdivision, as provided for in the following Sections 3, 5 and 6.

(f) All uses to which said Common Open Area may be put and all improvements made thereon shall first be submitted to the Planning Commission for approval and the Planning Commission shall consider the likelihood of residents or the developer, as the case may be, of the Planned Residential Development to first complete the improvements and thereafter to maintain them so that they shall not become the responsibility of the Township under Secs. 6 and 7 hereof.

(g) The side yard requirements in this zone shall be the same as those of the existing residential zone in which this development is located and if not located in an existing residential zone, the side lot requirements shall be those of the more restrictive of the zones.

(h) All requirements of R-1 residential district, including but not limited to those of land use and buildings, except as such are modified by the terms of this chapter, and except uses for the land dedicated to the common uses as set out in the instrument of dedication thereof and approved by the Township Board shall apply to the R-3 Residential Zone.

SECTION 3 COMMON LOT AREA REQUIREMENTS.

(a) For each square foot of land gained under the provision of this chapter, through the reduction of lot sizes below the minimum requirements of the R-1 Residential Zone, equal amounts of land shall be dedicated to the common use of the lot owners in the subdivision in a manner approved by the Township Board upon recommendation of the Planning Commission.

(b) No area to be dedicated to the common use of the subdivision shall in any case be less than two acres in area, exclusive of roads, provided, a parcel divided by a stream shall be considered as one parcel.

(c) Access shall be provided to areas dedicated for the common use of the subdivision for those lots not bordering on such dedicated areas by means of streets or pedestrian access ways.

SECTION 4 BASIS OF APPROVAL. In approving the application for a "Planned Residential Development," the Planning Commission shall consider in making a recommendation to the Township Board the following:

(a) To provide a more desirable living environment by preserving the natural character of open fields, stands of trees, brooks, hills and similar natural assets.

(b) To encourage developers to use a more creative approach in the development of residen-

tial areas, thereby designing safety into the street pattern.

(c) To encourage a more efficient, aesthetic and desirable use of open area while recognizing a reduction in development costs and by allowing the developer to by-pass natural obstacles on the site.

(d) To encourage the provision of open space within reasonable distance of all lots forming a part of the subdivision & to further encourage the development of recreational facilities and areas.

SECTION 5 PROCEDURE

The owner or owners of any parcel or parcels of land may make application to the Planning Commission for a change of zoning to the R-3 Special Residential Development Zone. Such application shall be accompanied by a development plan which includes a topography map showing contour lines at five-foot intervals, a plot plan showing the location of all proposed buildings, all non-enclosed uses, all drainage, parking and traffic-handling facilities, all sanitation and water supply facilities and other proposed utility facilities, one or more of the preceding requirements of the development plan may be waived by the Planning Commission if it finds that the same would be unnecessary and serve no useful purpose. It shall also indicate all screening and other landscaping, all exterior lighting and signs. It shall also include floor plans and elevation drawings showing architectural style of all buildings it is proposed to erect on the land to be dedicated to the Common Use except where the Planning Commission and Township Board shall expressly waive the requirement of floor plans and elevation drawings.

(b) Application for approval shall be first made to the Planning Commission. The application may request Preliminary Approval or Final Approval. The Planning Commission shall send to the Township Board its recommendations as to each application and state its reasons therefor.

1. Preliminary Approval

When an application for preliminary approval is made the same procedures of review, study, publication, public hearing and recommendations to the Township Board shall be followed as in the case of an amendment to the Zoning Ordinance and such shall not be considered granted until passed by the Township Board. The purpose of granting a Preliminary Approval shall be to permit the applicant to determine whether the requested zoning change will be granted and to encourage investment in preliminary planning and development to the benefit of the public health, welfare and safety.

The grant of Preliminary Approval shall state the conditions, specifications and all other requirements which must be met to obtain Final Approval and if such requirements are met before expiration of the Preliminary Approval, such Final Approval shall not be denied.

2. Final Approval

If Final Approval is requested when no Preliminary Approval has been granted, it shall be granted in accordance with the procedures for amending the Zoning Ordinance.

If Final Approval is requested following grant of Preliminary Approval, application therefor shall be made to the Planning Commission which shall then carefully review the steps taken by the applicant to comply with the terms and conditions of the Preliminary Approval.

If the Planning Commission determines that there has not been compliance with all of the terms and conditions of the Preliminary Approval, it shall so inform the Applicant and it may refuse to recommend the grant of Final Approval, giving its reasons therefor, and such shall be published before the Township Board considers the Planning Commission's recommendations.

After expiration of a Preliminary Approval the entire matter shall be treated as if no request had ever been made. If the request for Final Approval is submitted in writing to the Planning Commission before the expiration date of the Preliminary Approval, it shall be considered timely even though the hearings, recommendations and grant by the Township Board shall occur after the expiration date. In such case the Planning Commission must give its recommendations within sixty (60) days of such written request.

An Applicant may terminate a Preliminary Approval at any time by so notifying the Plan-

ning Commission in writing. During the period of Preliminary Approval is in effect, neither the Planning Commission nor the Township Board shall recommend or grant any zoning in the area covered by such Preliminary Approval in conflict with such Preliminary Approval.

(c) The Final Approval of any application shall be in the form of an amendment to this Ordinance and shall incorporate the development plan by reference. It shall also specify the permitted use in detail which shall exclude any other use. It shall also specify side yards, front yard, building height, lot area requirements and such other areas as the Planning Commission shall deem proper and may include minimum building site requirements, and shall meet the following requirements:

1. Such greenbelt as the Planning Commission shall deem necessary to protect the adjoining properties not to exceed 150 feet in width.

2. Such setback from the right-of-way as the Planning Commission shall deem necessary to protect the market value of adjoining premises and for the protection of the public health, safety, and general welfare.

3. Such yards and open spaces as the Planning Commission deems necessary under the circumstances of the particular case to protect the health, safety, and general welfare of the public.

4. Streets, pedestrian walkways and related means of access as are deemed necessary under the circumstances to protect the health, safety and general welfare of the public and residents.

(d) At the time application for Final Approval is made, the instruments or instruments covering the uses, terms and conditions by which the common area is dedicated and governing its use, maintenance and administration therein shall be submitted to the Planning Commission and it shall be the duty of the Planning Commission to submit the same to the Township attorney for a written opinion thereon which opinion shall be submitted to both the Planning Commission and the Township Board. Final Approval shall not be given unless the Township Board is satisfied that the instruments adequately protect the people of the Township against uses or administration of the common area which would be detrimental to their health, welfare or safety.

SECTION 6 MAINTENANCE OF COMMON OPEN AREA.

In the event that the Organization established to own and maintain Common Open Space, or any successor Organization, shall at any time after establishment of the Planned Residential Development fail to maintain the Common Open Space in reasonable order and condition in accordance with the Plan, the Township may serve written notice upon such Organization, or upon the residents of the Planned Residential Development, setting forth the manner in which the Organization has failed to maintain the Common Open Space in reasonable condition, and said notice shall include a demand that such deficiencies of maintenance be cured within 30 days thereof, and shall state the date and place of a hearing thereon which shall be held within 14 days of the notice. At such hearing the Township may modify the terms of the original notice, as to the deficiencies, and may give an extension of time within which they shall be cured. If the deficiencies set forth in the original notice, or in the modifications thereof, shall be cured within the said 30 days or any extension thereof, the Township, in order to preserve the taxable values of the properties within the Planned Residential Development & to prevent the Common Open Space from becoming a public nuisance, may enter upon said Common Open Space and maintain the same for a period of one year. Said entry and maintenance shall not vest in the public any rights to use the Common Open Space except when the same is voluntarily dedicated to the public by the owners and the Township shall have agreed to accept it. Before the expiration of said year, the Township shall, upon its initiative or upon the request of the Organization theretofore responsible for the maintenance of the Common Open Space, call a public hearing, upon notice to such Organization or to the residents of the Planned Residential Development, to be held by the Township, at which hearing such Organization of the residents of the Planned Residential Development shall show cause why such maintenance by the Township shall not, at the election of the Township, continue for a succeeding year. If the Township shall determine what such Organization is ready and able to maintain said Common Open Space in reasonable condition, the Township shall cease to maintain said Common Open Space at the end of said year.

If the Township shall determine such Organization is not ready and able to maintain said Common Open Space in a reasonable condition, the Township may, in its discretion, continue to maintain said Common Open

Space on a year to year basis until at a public hearing held pursuant to notice as provided in this Section, which meeting is called either by the Township or upon the request of the Organization, the Township shall be satisfied that the Organization is ready and able to maintain said Common Open Space. The decision of the Township in any such case shall constitute a final administrative decision.

The cost of such maintenance by the Township shall be assessed ratably against the properties within the Planned Residential Development that have a right of enjoyment of the Common Open Space, and shall become a tax lien on said properties. The Township, at the time of entering upon said Common Open Space for the purpose of maintenance, shall file a Notice of such lien in the office of the Kent County Register of Deeds, upon the properties affected by such lien within the Planned Residential Development. The costs assessed by the Township pursuant to this Section shall be billed with and become due and payable with the annual taxes levied by the Township of said properties.

SECTION 7 CLOSING OF STRUCTURES. In the event the Township shall assume the maintenance of any Common Open Area pursuant to Section 6 of this chapter, the Township, at its election, shall have the right and power to cease the operation of and to close any structures or other improvements on said Common Open Area. All expenses incurred by the Township in ceasing the operation or closing of any such structures or improvements shall be at the expense of the properties within the Planned Residential Development having a right of enjoyment of the Common Open Area.

AMENDMENT II D-1 SPECIAL DEVELOPMENT ZONE

SECTION 1 DESCRIPTION AND PURPOSE. A zone which will be established only upon application by the owner of the property for special uses such as residential developments not otherwise provided for by the Cascade Zoning Ordinance, multi-family, extraction of natural resources, shopping centers, industrial parks, and recreational areas and combinations of such developments when such combinations form part of a single plan of development, which developments may require special treatment with regard to screening or setbacks, and side and rear yards, or which may generate special situations, water problems, health problems or special traffic or other police problems. This zone shall also be available for areas where problems of terrain, access roads or location in multiple zones may require special treatment of matters of setback, or side and rear yards, or land use or area restrictions, or it is in the best interest of public health, welfare or safety to permit developments not otherwise permitted in any one zone.

SECTION 2 USE REGULATIONS AND PROCEDURE.

(a) The owner or owners of any parcel or parcels of land which is not substantially developed or on fully developed land on which it is proposed to raze buildings and redevelop, may make application to the Planning Commission for a change of zoning to the D-1 Special Development Zone. Such application shall be accompanied by a development plan which includes a topography map showing contour lines at five-foot intervals, a plot plan showing the location of all proposed buildings, all non-enclosed uses, all drainage, parking, loading and traffic-handling facilities, all sanitation and water supply facilities and other proposed utility facilities. One or more of the preceding requirements of the development plan may be waived by the Planning Commission if it finds, because of the nature of the proposed use, that the same would be unnecessary and serve no useful purpose. It shall also indicate all screening and other landscaping, all exterior lighting & signs. It shall also state in detail the proposed use or uses to be made of the land. It shall also include floor plans and elevation drawings showing architectural style of all buildings except where the Planning Commission and Township Board shall expressly waive the requirement of floor plans and elevation drawings. Where the proposed development includes extraction of natural resources, a plan shall be presented indicating the proposed final condition of the land and quantity of material to be removed.

(b) Application for approval shall be first made to the Planning Commission. The application may request Preliminary Approval or Final Approval. The Planning Commission shall send to the Township Board its recommendations as to each application and state its reasons therefor.

1. Preliminary Approval

When an application for preliminary approval is made the same procedures of review, study, publication, public hearing and recommendations to the Township Board shall be followed as in the case of an amendment to the Zoning Ordinance and such shall not be considered granted until passed by the

Township Board. The purpose of granting a Preliminary Approval shall be to permit the applicant to determine whether the requested zoning change will be granted and to encourage investment in preliminary planning and development to the benefit of the public health, welfare and safety.

The grant of Preliminary Approval shall state the conditions, specifications and all other requirements which must be met to obtain Final Approval and if such requirements are met before expiration of the Preliminary Approval, such Final Approval shall not be denied.

2. Final Approval

If Final Approval is requested when no Preliminary Approval has been granted, it shall be granted in accordance with the procedures for amending the Cascade Township Zoning Ordinance.

If Final Approval is requested following grant of Preliminary Approval, application therefor shall be made to the Planning Commission which shall then carefully review the steps taken by the applicant to comply with the terms and conditions of the Preliminary Approval. The burden of proving compliance shall be upon the Applicant. If it determines there has been compliance with these terms and conditions of the Preliminary Approval, it shall so state to the Township Board and recommend the grant of Final Approval and the fact of such action shall be published before the Township Board acts on the same. If the Planning Commission determines that there has not been compliance with all of the terms and conditions of the Preliminary Approval, it shall so inform the Applicant and the Township Board and it may refuse to recommend the grant of Final Approval giving its reasons therefor and such shall be published before the Township Board considers the Planning Commission's recommendations.

After expiration of a Preliminary Approval the entire matter shall be treated as if no request had ever been made. If the request for Final Approval is submitted in writing to the Planning Commission before the expiration date of the Preliminary Approval, it shall be considered timely even though the hearings, recommendations and grant by the Township Board shall occur after the expiration date. In such case the Planning Commission must give its recommendations within sixty (60) days of such written request.

An Applicant may terminate a Preliminary Approval at any time by so notifying the Plan-

ning Commission in writing. During the period of Preliminary Approval is in effect, neither the Planning Commission nor the Township Board shall recommend or grant any zoning in the area covered by such Preliminary Approval in conflict with such Preliminary Approval.

(c) The Final Approval of any application shall be in the form of an amendment to this Ordinance and shall incorporate the development plan by reference. It shall also specify the permitted use in detail which shall exclude any other use. It shall also specify side yards, front yard, building height, lot area requirements and such other areas as the Planning Commission shall deem proper and may include minimum building site requirements, and shall meet the following requirements:

1. Such greenbelt as the Planning Commission shall deem necessary to protect the adjoining properties not to exceed 150 feet in width.

2. Such setback from the right-of-way as the Planning Commission shall deem necessary to protect the market value of adjoining premises and for the protection of the public health, safety, and general welfare.

3. Such yards and open spaces as the Planning Commission deems necessary under the circumstances of the particular case to protect the health, safety and general welfare of the public.

4. Such area for parking motor vehicles on private property of the applicant not to exceed in area a ratio of three square feet of building area devoted to the specified unique use.

5. Streets, pedestrian walkways and related means of access as are deemed necessary under the circumstances to protect the health, safety and general welfare of the public and users of the special development.

6. The location of signs shall be governed by the Cascade Township Sign Ordinance as applied to the most similar use defined by other chapters of the Cascade Township Zoning Ordinance.

If an amendment approving a D-1 Special Development Zone application shall not specially provide for each of said requirements, the requirement of the least restricted zone in which such use is otherwise permitted shall apply.

Township Board. The purpose of granting a Preliminary Approval shall be to permit the applicant to determine whether the requested zoning change will be granted and to encourage investment in preliminary planning and development to the benefit of the public health, welfare and safety.

The grant of Preliminary Approval shall state the conditions, specifications and all other requirements which must be met to obtain Final Approval and if such requirements are met before expiration of the Preliminary Approval, such Final Approval shall not be denied.

2. Final Approval

If Final Approval is requested when no Preliminary Approval has been granted, it shall be granted in accordance with the procedures for amending the Cascade Township Zoning Ordinance.

If Final Approval is requested following grant of Preliminary Approval, application therefor shall be made to the Planning Commission which shall then carefully review the steps taken by the applicant to comply with the terms and conditions of the Preliminary Approval. The burden of proving compliance shall be upon the Applicant. If it determines there has been compliance with these terms and conditions of the Preliminary Approval, it shall so state to the Township Board and recommend the grant of Final Approval and the fact of such action shall be published before the Township Board acts on the same. If the Planning Commission determines that there has not been compliance with all of the terms and conditions of the Preliminary Approval, it shall so inform the Applicant and the Township Board and it may refuse to recommend the grant of Final Approval giving its reasons therefor and such shall be published before the Township Board considers the Planning Commission's recommendations.

After expiration of a Preliminary Approval the entire matter shall be treated as if no request had ever been made. If the request for Final Approval is submitted in writing to the Planning Commission before the expiration date of the Preliminary Approval, it shall be considered timely even though the hearings, recommendations and grant by the Township Board shall occur after the expiration date. In such case the Planning Commission must give its recommendations within sixty (60) days of such written request.

An Applicant may terminate a Preliminary Approval at any time by so notifying the Plan-

ning Commission in writing. During the period of Preliminary Approval is in effect, neither the Planning Commission nor the Township Board shall recommend or grant any zoning in the area covered by such Preliminary Approval in conflict with such Preliminary Approval.

(c) The Final Approval of any application shall be in the form of an amendment to this Ordinance and shall incorporate the development plan by reference. It shall also specify the permitted use in detail which shall exclude any other use. It shall also specify side yards, front yard, building height, lot area requirements and such other areas as the Planning Commission shall deem proper and may include minimum building site requirements, and shall meet the following requirements:

1. Such greenbelt as the Planning Commission shall deem necessary to protect the adjoining properties not to exceed 150 feet in width.

2. Such setback from the right-of-way as the Planning Commission shall deem necessary to protect the market value of adjoining premises and for the protection of the public health, safety, and general welfare.

3. Such yards and open spaces as the Planning Commission deems necessary under the circumstances of the particular case to protect the health, safety and general welfare of the public.

4. Such area for parking motor vehicles on private property of the applicant not to exceed in area a ratio of three square feet of building area devoted to the specified unique use.

5. Streets, pedestrian walkways and related means of access as are deemed necessary under the circumstances to protect the health, safety and general welfare of the public and users of the special development.

6. The location of signs shall be governed by the Cascade Township Sign Ordinance as applied to the most similar use defined by other chapters of the Cascade Township Zoning Ordinance.

If an amendment approving a D-1 Special Development Zone application shall not specially provide for each of said requirements, the requirement of the least restricted zone in which such use is otherwise permitted shall apply.

"Remember Me"

Most likely you have often spoken and written the words "Remember me." Sometimes, as a question, you wondered whether a friend remembered you after many years. At other times they were words

Blue Water fish dinner planned by Ada OES

Standing, left to right: Mrs. Glen Morris, kitchen chairman; Mrs. Hugh Bolhuis, co-chairman; Mrs. Robert Harter, dining room chairman. Seated, left to right: Mrs. Robert Rooker, tickets; Mrs. Kenneth Nellist, chairman. Absent from the picture is Mrs. Darwin Nellist, decorations chairman.

The Annual Blue Water Fish Dinner, sponsored by the OES of the Masons of Ada will be held St. Patrick's Day, Friday, March 17, 5:30 thru 7 p. m. This has been an annual affair sponsored by the OES for the past five years. Previously it was sponsored by the Ada Congregational Church for many years. The menu will be, Blue Water Fish, au gratin potatoes, cold slaw, hot corn bread, and all home-made pies. Tickets may be purchased from any OES member and also at the door.

Forest Hills School Board minutes of February 21 meeting

The Board of Education of the Forest Hills Public Schools met in regular session the evening of Tuesday, February 21, 1967. Members present were Banta, Colvin, Price, Seidman, Sytsma, Weathers and Zoellmer. Also present were Superintendent Masten, Assistant Superintendent Price, Principals Dalman and Boerman, Supervisor DeArmond, Audio visual Director Taylor and faculty member, John Miller.

The minutes for Tuesday, January 17th, 1967 meeting were approved as presented by mail with the following correction: the end of the fifth paragraph, the sentence "Motion carried" should be added.

Moved by James Banta, seconded by William Colvin, the approval of warrants in the amount of \$168,338.57 from the General Fund in payment of bills as presented by mail. Motion carried.

Moved by Fred Sytsma, seconded by William Colvin, the pre-approval of an expenditure of \$540.00 in payment of an option for the purchase of property for the Ada school. Motion carried.

The treasurer, James Banta, gave a financial report concerning the cash position of the school district. There was a general discussion of the proposed county budget for the Intermediate School District. The general consensus was a question concerning the continual build up of staff and clerical costs of the Intermediate School District, particularly in the areas where there is a possibility that local school district control might be more effective at less cost.

Superintendent Masten revealed there will be a shortage of four rooms for elementary student housing for the 1967-68 school year. He reviewed what space was presently available in buildings owned by the school district and gave a brief report on mobile classrooms that are available either for lease or for purchase. Moved by Fred Sytsma, seconded by William Zoellmer, that

CMU graduates tops administrators

counties have Central Michigan University graduates in administrative positions in school districts in the counties. Several counties are represented with both a superintendent and a principal in the same district, while others have either a principal or a superintendent.

The following school districts in Kent county have administrators who are Central Michigan University graduates: Forest Hills principal, Howard Dalman; Cedar Springs principal, John Coady; and Grand Rapids Creston High School principal Russell Waters.

Director Winger said that during the school year 1965-66, 96 high school principals were CMU graduates. Thirty-nine of this number changed positions effective the current school year. Reasons for the changes included promotions to better jobs, return to graduate school, becoming college teachers, or deciding to retire. Thirty-three were listed as receiving promotions.

Twenty-two of the public school superintendents with the CMU connections changed positions for 1966-67. Reasons given were similar to those given by principals, although the greatest number changed to accept a position in a larger school system.

Central Michigan University's placement service serves as a clearing house for employment of its graduates. Each year hundreds of school administrators contact the office to secure CMU students or alumni for faculty positions. A follow-up file is maintained showing assignments in school districts throughout Michigan and the United States.

THORNAPPLE VALLEY BASKETBALL season ends

LITTLE LEAGUE NEWS

Registration of both minor and major leagues of Thornapple Valley Little League is scheduled for Saturday, March 18 and Saturday, March 25, between the hours of 9 a. m. and 12 noon. Registration will be in the Cascade Township Hall, located just north of Cascade Rd. on Thornapple River Drive, in the village of Cascade.

Any boy between the ages of 8½ through 12 years from the Forest Hills School District and Ada or Cascade Townships is eligible to join the Thornapple Valley Little League. Stated more specifically, the boys' birthday must fall between August 1, 1954 and July 31, 1958. Each boy must have a parent's signature indicating consent to joining Little League along with \$1.50 registration fee.

Last year unnecessary burdens were placed upon the coaches and players due to late registrations requiring shifting and switching of players. Therefore, this year a ruling has been enacted. There will be no late registrations. Any boy not signed up on these two days will not be included in Little League.

Once teams are lined up, a procedure that takes place immediately after registration, it is extremely difficult and unfair to the players, to add additional members. Thus the ruling of no late registrations will be rigidly enforced.

Basketball season ends

Forest Hills ended a long, hard season last Tuesday, falling prey to Lowell in the first game of the district tournament by the score of 105-82. Stinging from a previous defeat by the Rangers, the Red Arrows overcame the pressure of a full-court zone press in advancing to the District Finals.

East Christian captured the District Championship by defeating Lowell on Friday. The Red Arrows were not bothered by the Ranger's press and ran up 51 points in the first half. The Rangers were not out of the game completely as they tallied 37 points.

Lowell poured it on in the second half, riding on a high shooting percentage, connecting on 44 of 77 shots from the field. The Rangers took more shots but made fewer baskets, collecting 33 of 88 attempts. The Red Arrows controlled the backboards, also, pulling down 56 rebounds to the Ranger's 47.

John Stovall set a new individual scoring record for the Rangers. He connected on 13 of 21 attempts from the field and 6 of 10 at the line to total 32 points, which broke the previous school record of 29 points in a single game. Steve Russ followed Stovall with 19 points.

Season Summary
The 1966-67 basketball season proved to be frustrating at times for the Varsity Rangers; yet definite progress and improvement was made and this team can be looked to for a fine season in '67-68.

Often times starting all juniors and sophomores, the inexperienced Rangers ran up against some of the finest teams in the western part of the state. Many of these teams started all seniors or mostly seniors.

This shows that experience is definitely needed as these all-senior ball clubs such as Hudsonville, South Christian, and Rogers went on to dominate the Red Division of the O.K. League.

Starting the season with a flourish, the young Rangers compiled 3 impressive non-league wins. Two league losses followed, one of them by a narrow margin of 2 points. The squad then defeated West Ottawa but five more losses followed, 4 of them in conference

competition. The Rangers then blitzed Lowell and topped Wyoming in a league game, but suffered through their last five games with 5 losses, 4 of them in league action. Thus the Rangers ended the season with a 2 and 10 conference record and an overall record of 6 and 12.

Much experience was gained during the season and future varsity stars were beginning to develop. Junior John Stovall set a single game scoring record with 32 points and collected 314 points through the course of the season.

Steve Russ, another junior, set a new season record for rebounds, capturing 243, as well as scoring 266 total season points. Starter guard Jim Vanderbaan will be back again next season.

Dan Mosher and Scott Wingler are two sophomores that have seen starting action and will return next season. Tom Teft, another sophomore, became a member of the varsity for the final two games and started in the last one, will bolster the squad next year.

Several other improving juniors will be back again as well as many excellent prospects from a fine J.V. team. There are also four fine assets to the team that will not return, Seniors Randy Ashley, Larry Fill, Greg Leach, and Lenny Greenwood.

The top Ranger scorers were John Stovall with 314 points, Steve Russ with 266, Jim Vanderbaan had 178, Larry Fill totaled 117, Dan Mosher collected 86, Randy Ashley tallied 75, and Scott Wingler totaled 70. John Stovall earned 5th place in league scoring and teammate Steve Russ was right behind in 6th place.

30th anniversary celebrated in Hawaiian Islands

Mr. and Mrs. Milton Heaven, of Dennison Drive, returned home Sunday from a 15-day vacation trip to the Hawaiian Islands, where they celebrated their 30th wedding anniversary on February 26.

They spent a week in Honolulu on the Island Oahu, and a week on the other islands of Maui, Hawaii and Kauai.

Just arrived

Mr. and Mrs. William Cramer of 6286 Grand River Drive, announce the birth of a son, Donald Jeffery, born February 22 at Butterworth Hospital.
