Ada Township Board waives permit fees to aid tornado victims

Building permit fees were waived for citizens in Ada Township for the rebuilding of structures damaged in the April 21 tornado.

Supervisor Fred Clancy recommended the appointment of Eugene Aikema as the township's attorney. Mr. Aikema succeeds Joseph M. Neath, jr., who has resigned.

On the recommendation of Supervisor Clancy, the board followed the example of Grand Rapids and East Grand Rapids in waiving permit fees on tornado repairs.

The board directed, however, that replaced building must be in the same location and approximately the same size.

No Objection

Board members raised no objection to the proposal of Everett L. Ladd to drill two wells for the start of a large housing development in Ada Township. Mr. Ladd will seek State Health Department approval before starting.

The Township sanitary sewer mains are being laid toward the Ladd development, but a township agreement with Grand Rapids for water service still is unsettled.

Building Permits

Township building permits for the past month totaled $112,000 including one for $4,300 for remodeling of the Ada Township Hall. Offices are being created with space provided for records, so they will be available, rather than in the homes of Township officials.

Firemen to hold auction

The annual auction, sponsored by the Ada Volunteer Fire Department, to raise funds for the 4th of July fireworks display, will be held this year on Friday evening, June 2, at 7 p.m. in the Ada Township Hall.

Anyone wishing to make a donation to the sale, is asked to call any one of the volunteer firemen, and they will make the necessary arrangements for pickup prior to the sale.

All donations will greatly be appreciated, and will guarantee the finest in fireworks to be shot off on the 4th of July.

Mr. Timmer suffered a fractured knee cap.

David Parker receives Air Force commission

David J. Parker, son of Mr. and Mrs. Arnold P. Parker of 713 Greenbrier, SE, Grand Rapids, has been commissioned a second lieutenant in the U. S. Air Force upon graduation from Officer Training School (OTS) at Lackland AFB, Texas.

Lieutenant Parker, selected for OTS through competitive examination, is being assigned to Reese AFB, Texas, for pilot training.

The lieutenant, a graduate of Thornapple Kellogg High School, Middleville, received his B. A. degree in marketing from Michigan State University in 1966. He is a member of Lambda Chi Alpha.

Two men run for school board

At the annual School Board election to be held June 12, Forest Hills voters will have the opportunity to choose between two men who are competing for the same position.

Incumbent Neil Weathers is being challenged by John Wardrop, 7115 Bronson Street, Ada, for the single opening on the board.

Each of the two great cables supporting the suspension span of the Mackinac Bridge exerts a pull of 15,000 tons on each cable-anchorage pier.

Michigan Week activities set

Michigan Week will be observed May 27 in Ada. Beginning at 11 a. m. everyone is invited to come into the village and see what Ada has to offer.

There will be a Heritage display in the Masonic Hall; a Government display at the Township Hall; and an Art Show at the Shopper's Square.

Amway Corporation will hold open house at their facilities on M-21, and there will be many other interesting things to see.

Art Show, May 27

The Michigan Day art show will be held May 27 in the Ada Shoppers' Square, featuring paintings and drawings of the Bradfield Covered Bridge in Ada, which will celebrate its 100th birthday this year.

As usual, the subject of the Art Exhibit will be Michigan, a state which provides painters with subjects for canvas and brush at every turn.

Artists interested in displaying their work are urged to call Mrs. Jean Rockett at 676-2551, as soon as possible. Amateurs as well as professionals are welcome.

It would be appreciated if anyone who has a painting or sketch of the Ada Bridge would permit it to go on display on Michigan Day in Ada.

David R. Stevens to be Annapolis graduate

David R. Stevens, son of Dr. and Mrs. Ray E. Stevens, 274 Greenbrier Dr., S.E., will graduate from the United States Naval Academy at Annapolis on June 7 receiving a Bachelor of Science degree.

A 1963 graduate of East Grand Rapids High School, Stevens will be commissioned an ensign and because of high scholastic standing, has been recommended by the academy superintendent for postgraduate education.

David was appointed to the academy through Rep. Gerald R. Ford, and served as midshipman operations officer on the battalion staff in his first year. Following commissioning he will remain at the academy as an instructor with the science department until September, when he will report for flight training at the naval air station at Pensacola, Florida.

On June 8th Ensign Stevens will be married to Miss Thorgunn R. Tangen, of Baltimore, Maryland, in the chapel at Annapolis.

Dr. and Mrs. Stevens and their two sons, Fred and Scott, will be attending June week activities at the Academy.

Memorial services are planned for Cascade

Dedication services for the recently relocated Cook Cemetery will be held on Memorial Day this year at the Cascade Cemetery at 8:30 in the morning.

Miner L. Cook, Cascade Township Board Member and Chairman of the Cook Cemetery Memorial Commission, announced the service will follow immediately upon the conclusion of the Legion's annual Memorial service, which is customarily held at the East end of the bridge on Cascade Road in the village.

Further details on plans, including the route of the march to Cascade Cemetery, will appear in next week's issue of Suburban Life.

Appoints council to study water and sewers

Al Heemstra, Cascade Township Clerk, reported the Township Board has appointed a "Study and Advisory Council on Water and Sewers" to assist in the implementation of the program to develop plans and procedures for water and sanitary sewer installations in Cascade Township.

Charles Burlingham, a member of the Cascade Township Planning Committee, will serve as chairman. Other members of the Council are James P. Bouwman, Sybrant Dykhouse, Donnally W. Palmer and Neil Vierson, jr.

Final plans for the new Cascade Township office have been approved and bids for the structure are now being received.

Cascade area shows large growth trend

At last week's meeting the members of the Cascade Businessmen's Association were given details of the building spurt taking place in Cascade Township. New business construction in the area will boom this Spring with the erection of many new buildings.

Foremost Insurance will build a new office building on 28th Street near Cascade. This building will cost in the neighborhood of one and one-half million dollars to construct.

Plans were also announced for a new motel and restaurant to be built near the interchange on 28th Street. In the same area a drive-in theatre has announced construction plans. This theatre will use a double faced screen.

The new Cascade D&W shopping center is scheduled to start construction this Spring and plans for the Cascade Township offices are completed and ready for bidding.

Dies in crash on "accident alley"

"Accident Alley," M-21, is maintaining its average of one accident per week, with two accidents occurring last week, one a fatality. The fatal accident happened at the M-21 and Greenbriar Drive intersection, when a car driven by Mrs. Rosemary Albrecht pulled out onto M-21 into the path of an oncoming truck.

"Accident Alley," M-21, is maintaining its average of one accident per week. This past week there were two accidents; one a fatality.

On Wednesday, May 10, at 8:05 a. m. at the M-21 and Alta Dale Drive intersection, Mrs. Janet Dunn, 8995 Conservation Road, Ada, attempted to pass a car and lost control of her car, crossing the center line and hitting a car driven by Mrs. Margret Bott, of Sigsbee Ave., Grand Rapids. Mrs. Dunn was very fortunate escaping with only a fractured arm.

Mrs. Rosemary Albrecht, 28, of 2011 Huizen St., S.W., was dead on arrival at Blodgett Hospital Friday a. m. when she was involved in an accident at M-21 and Greenbrier Drive, SE, about 5 a. m. Both of these accidents occurred during daylight hours.

Mrs. Albrecht was making a left turn from Greenbrier onto M-21 and collided with a truck nearly head-on. Although Mrs. Albrecht's speed was estimated at 5 to 10 miles per hour and the truck's speed at 40 to 45 miles per hour, the collision proved fatal.

The truck driver, William Crame, 29, of 1357 Houseman, NE, was not injured.

M-21 serves as an entry route into Grand Rapids for a vast portion of residents and transients from the N.E. and S.E. to I-96 into Grand Rapids. This route is in fact a death trap of two lanes full of hills and curves, where one slow driver may be the contributing factor to an accident. In reality this section is a wedged shaped area from I-96 to the northern route of U.S. 131.

Remember when you take this eastern doorway into Grand Rapids you are, in fact, taking your life in your hands. The Michigan State Highway Department has no major improvements scheduled for M-21 until the late 1970's. The 70's aren't too many years away, but with an average of one accident per week over the past six to nine months a great many area residents could be injured or even killed before there is an improvement along "accident alley."

Everyone is invited for refreshments and a tour of the facilities following the Service of Dedication.

Honey Cr. kindergarten pupils stage Hootennany

Mrs. May Preston, kindergarten teacher at Honey Creek School, presented a "Hootenanny" for the parents of her students. The children have been working all school year on this program. It is Mrs. Preston's way of preparing these kindergarteners for first grade.

Among the chief factors contributing to readiness for school work are: luiguistic attainments and aptitudes, visual and auditory perception, muscular coordination, motor skills, number knowledge, ability to follow directions and pay attention in group work.

The program opened with all the children in Happy Song. Teni Blok and Brad Mooney presented "Big Sunflower;" The girls in the group presented a dance "Santy Maloney," and "Tell Me, My Little Children;" Paula Spears and Scott Ross, "Peter's Lion House," and "It Rained A Mist," Lori Narva and Scott Bellinger.

"Who's That," presented by the boys using sticks for the rhythm, "Birdie, Birdie, Peter Starr and Jimmy Story; "Sally Go Round the Moon," "Hush, Little Baby," Luanne Dewey and Kim Meyers, "Join In the Game," & "Little White Duck," Bobby Scudder, Mike Siekierk, Richy Siekierk, Darrell Homminga, Jerry Williamson; in "Good-bye, Old Paint," & "Train Is A-Coming," Chris Jastifer & Kenny Oster and "Love Somebody," Diana Berry.

At the conclusion of the program each child presented his mother with a decorated plant they had made, as a Mother's Day gift.

Rep. Gerald R. Ford makes statement

Since there is no present opportunity to repeal the presidential campaign subsidy law, I hope the Conference Committee agrees as a minimum to stay the effect of the Act until safeguards can be written into it.

I have not for a moment given up the idea that the law be repealed, but certainly the Senate insistence on guidelines is a major improvement.

I think the presidential campaign subsidy law is a bad mistake. Congress should reverse itself and wipe this law off the books before it ever begins operating. We should instead write into law an income tax deduction for political contributions up to $100 as an incentive to small contributors.

The Works of God

Last Sunday was Pentecost Sunday. On that day we commemorated the outpouring of the Holy Spirit upon the assembled disciples in Jerusalem. This wonderful event took place ten days after Jesus ascended into heaven. It coincided with the Jewish feast of Pentecost, which was a harvest festival. Read all about the day of Penecost in the second chapter of the Acts of the Apostles. It is an exciting and thrilling story for those who as followers of Jesus Christ have received the Holy Spirit. It can become a marvellous experience for those who will ask the question: "What shall we do?" and who will obey the command: "Repent ye, and be baptized everyone of you in the name of Jesus Christ unto the remission of your sins; and ye shall receive the gift of the Holy Spirit."

On the day of Pentecost people were amazed that they heard the disciples speaking in their tongues the mighty works of God. Every man heard the good news of the Gospel of salvation through Jesus Christ in his own language. We are thankful that in our time the "mighty works of God" have been translated into some twelve hundred languages and dialects, so that people may hear the Word of God declaring the works of God in words that they can understand. What do the works of God mean to you?

—John Guichelaar

Ranger nine split six

Baseball activity the last two weeks has found the Forest Hills Rangers very busy.

In the last two weeks the hustlin' green have played six games with four of them being home games.

The Rangers split those six games winning against Hudsonville Unity Christian, West Ottawa and Godwin. They picked up losses against Zeeland, Wyoming, and South Christian.

In the victory at Hudsonville the Rangers won 8-5 behind the superb pitching of righthander Tim Moore.

Moore also lead the way in the hitting as it was his home run that broke up a tight game.

At West Ottawa, the green & white won 6-2. This game was fast and furious as two players were ejected in the close game. This game was decided in the 8th inning when the green broke loose for a big rally to nip the Panthers in the bud.

The Hills' nine also showed good spirit in taking a game from Godwin 6-2. The Rangers were out for blood as previously they had taken a 10-1 shellacking from Godwin. A big adventurous rally was again the reason for the victory as the team just couldn't be stopped once they started.

The Rangers have four remaining games and the two games being played this week are both home versus Caledonia and Hudsonville.

Donates tractor to Honor Camp

Northern Equipment Company of Ada and Cascade recently donated a tractor to be used at the Kent County Honor Camp. It was Spring, the gardening was ready to be done, but there was no tractor with which to do it, and the local company helped to alleviate the problem.

While the inmates of the Kent County Honor Camp waited, the Sheriff's Department began looking for a used tractor. Sheriff Ron Parsons said there was not much money for the purpose, but the spirit was there and accordingly, he suggested to his men that they all watch for a good buy.

Meanwhile back at Northern Equipment Company of Ada and Cascade, a used tractor was being placed outside of the offices on M-21 sporting a For Sale sign.

Undersheriff Bob Hill of Ada was returning home when his peripherial caught sight of the tractor. He stopped to discuss the prize with Charles Fleming and after coming to an agreement, said that he would report to Sheriff Parsons in the morning.

However, when Fleming realized that the tractor was to go to the Honor Camp, he discussed the problem with others at Northern Equipment with the result that the next day Sheriff Parsons received a welcome call. He was informed that the company would like to donate the tractor to the camp. There would be no charge.

Sheriff Parsons gratefully said, "They not only painted the tractor, they put on new lights and then hauled it to the camp for us."

Fleming explained that Northern Equipment Company donated the tractor, "Because we want to help promote the camp and the Sheriff's Department. We felt that if we got behind the project, others might be motivated to follow suit."

Latest report: Rescue work having been performed by a private organization, gardening now in progress.

Big Red† can get you on the golf course 1 hour earlier every Saturday!

Let's say you're now mowing ½ acre to an acre with a standard 21" rotary mower. It probably takes you 2 to 4 hours if you go at it hard.

The 34" Big Red can cut your mowing time by at least an hour. And if you figure an extra hour a week for 4 months (the national average mowing season), that's about 13 extra hours a season on the course. You'll feel a lot stronger on the back nine, too.

Now that we've talked about your golf game, take a look at Big Red . . . the best of the riding rotaries . . . $489.95.

SAFETY SEAT. Big Red stops moving, stops mowing the minute you get out of the seat.

STICK SHIFT AND FRICTION DRIVE. Give you reverse and 4 speeds forward.

6 HP ENGINE. Plenty of power for hills. Mows at speeds up to 4.8 mph.

PNEUMATIC TIRES. Grip firmly without scuffing on hills and turns.
