RETIREMENT NEARS - Mrs. James McCormick, veteran postal employee at Ada, and her husband, for many years with the Kent County Road Commission, are both scheduled to retire this spring.

Postal Aide, Spouse Nearing Retirement

BY SHIRLEY DYGERT

One of the Ada Post Office's most charming employees, Mrs. James (Carol) McCormick, is soon to retire after twenty years of service. She will no longer grace the counters or sort the mail after April 21, but she is not leaving Ada her home.

Mrs. McCormick will be joined in retirement a month later by her husband Jim, as he leaves his post as district foreman of the Kent County Road Commission. He will celebrate 43 years of service in April.

Carol began her civil service career under Postmaster Mort Lamphear when the post office was housed on the first floor of the Masonic Temple. She has watched the Ada station grow from Class C to Class A status. As Milt Hein, present postmaster, says:

"Carol was instrumental in show-

ing each new green-as-grass postmaster what and how to operate. We have appreciated having her with us; her smile will be missed."

Mrs. McCormick was born in McCords and attended grade school there. Later, she moved into her grandmother's home in Ada where she continued her schooling.

Jim McCormick was born and raised on Three Mile Road in northern Ada Township and attended school at St. Patrick's in Parnell. He began his career with the Kent County Road Commission as a truck driver and moved up through the positions of operator to assistant foreman and finally to district foreman. The district covers most of seven townships.

The couple has two sons, Bob, of Ada, and Pat, who lives in Lowell. They are also the proud grandparents of nine grandchildren.

The McCormicks have no special plans for their retirement, but are looking forward to late spring and summer.

"We are leaving our jobs with both joy and regret," said Carol, "it's going to quite a change for us."

"At first, I think I will just loaf and enjoy watching others work," remarked Jim.

But they won't go away. They'll be around where their lifelong friends can stop and visit every day.

Safety Device to Be Installed

New safety devices have been ordered installed within 120 days at the C&O Railroad crossing on Main Street (M-21) in Lowell, scene of a fatal car-train accident last May.

The order came from the Michigan Public Service Commission, according to City Manager Bernard C. Olson. The city will not be involved in paying any part of the installation, Olson says.

Cantilever arms with flashers will be placed at the crossing, where three Sarnac residents were fatally injured on May 3, 1968 when the car in which they were riding struck a C&O freight train.

Olson informed the city council at Monday night's meeting that he has written the MPSC requesting further information on standards for installation of a flasher at the Foreman Road crossing.

New Zoning Map Adopted

Two measures pertaining to zoning were approved by the city council during its bi-monthly meeting Monday night.

Council approved passage of a zoning ordinance which included up-dating of the city's zoning map.

Also approved was a request for rezoning on the south side of M-21 that extended the industrial zone from Lincoln Lake road extended to the C & O right-of-way.

The latter will permit a Grand Rapids

The Board of Education today had been given a "go-ahead" by Lowell Area School District voters to resolve its financial problems and to conduct an adequate educational program for 1969-70 by a record turnout of the electorate.

Approximately 73 percent of the district's estimated 3,800 qualified voters turned out Monday under warm, sunny skies for a special millage vote and approved a seven-mill levy for one year by a plurality of 229.

Of the 2,791 votes cast, 1,486 residents gave the proposal a "yes" nod while 1,257 cast negative ballots. Twenty-five ballots were declared spoiled.

The turnout far surpassed the previous record set last November when a similar request was turned down by a 113-vote margin, 1,136-1,023, as 60.7 percent of the eligible voters went to the polls.

The board, through President Dr. Reagan, expressed gratitude for the outcome of the election with the following statement:

"The Board of Education is grateful for the expression of confidence in Monday's election. We are indebted to many organizations, people and representatives of the news media for their untiring efforts on behalf of the educational program.

"The board has pledged in the past, by action and word, to diligently maintain an educational program that will produce maximum results at minimum cost.

"To all residents of the district, we reaffirm this position. We also encourage their continued interest in the conduct of school matters."

Dr. Reagan, referring to the date of the election, added that "this had to be the happiest St. Patrick's Day I've ever celebrated."

The board plans to meet to discuss future plans, one of which will call for seeking a loan in June to cancel out an expected deficit of \$90,000 by the end of the current fiscal year.

The school system started the 1968-69 fiscal year with an accrued deficit of \$114,000. Economies effected under a semi-austerity budget will result in a saving of about \$20,000 by the end of June, preliminary audit reports indicate.

Monday's election rules out tentative plans by the board to initiate half-day sessions and other austerity measures for the school system next Fall and will, additionally, permit expenditure of funds for vitally-needed maintenance and repair of buildings, especially the junior high and intermediate school facilities.

A minor incident was reported at Run-ciman Elementary School after the polls closed Monday night.

Mrs. Dorothy Flier, a leading critic of board and administration policies, reportedly requested that an immediate count be taken.

The request was denied by Mrs. Evelyn Wittenbach, chairman of the election board, who explained that election workers on duty throughout the day, would be given a short rest before completing their duties.

Mrs. Flier then reportedly requested that she be allowed to check the ballots. This request also was denied.

At this juncture, Superintendent James C. Pace was called upon by Mrs. Wittenbach to allow election workers to continue their work undisturbed.

Pace is reported to have asked Mrs. Flier to leave the immediate polling area, but without success. He then called for assistance from the Lowell Police Department, whose officers conferred with Mrs. Flier upon arriving at the school.

By mutual agreement, Mrs. Flier was permitted to remain in the building while the count continued, but she was not allowed to go near election workers.

ANTIQUY SHOW MAY 3RD

firm, Plasti-Cove, Inc., to begin manufacturing operations in Lowell in a building located on the south side of Main Street at Lincoln Lake.

Council also acknowledged with thanks receipt of \$600 from Vergennes Township for participation in sharing the cost of maintaining the volunteer fire department in Lowell. A similar amount is expected from Lowell Township.

A request was received from Mel Bulk of 604 North Lafayette asking that the city vacate that portion of Marsack Street west of Lafayette.

Millage OK'd in Record Vote

Restoration Drive Underway

A five-year plan to create a major tourist attraction in eastern Kent County was moving closer to reality today.

The project, which calls for restoration of Fallsburg village on the Flat River four miles north of Lowell, is expected to cost about \$750,000 when completed.

The West Central Michigan Historical Association, formed in 1964, is the guiding organization behind the plan, which would recreate the village as it appeared in the 1860's.

Included would be re-construction of buildings that stood in the village such as a grist mill, blacksmith shop, tavern

and inn, general store, carriage shop, saw mill and others.

A focal point of the area at this time is the Fallsburg covered bridge, one of the few in Michigan still in daily use.

The historical association recently acquired the services of William Krause of Recreation Research, Inc., a Muskegon firm, whose primary purpose will

An Editorial Must Honor Pledge

A record voter turnout was required to approve a third request by the Board of Education of the Lowell Area School District for additional operating millage.

There is little question that the board's final pre-election pledge to "hold the line" on expenses ... while clearing up operating indebtedness ... gained for it the confidence of many voters.

All seven members of the board, and school administrators as well, would do well to keep this pledge before them at all times.

The millage issue aroused emotions of the community ... and shook it from apathy ... in a manner seldom experienced in the past.

A year hence, the newly-voted operating millage and that approved three years ago will expire.

Only by carefully controlling expenditures can the board retain confidence of the electorate and avoid any repetition of the recent turmoil.

It is little enough to ask.

Lowell Police Assist in B&E Probe

A 17-year-old Lowell youth has been arrested and another Lowell man is being sought on a charge of break ing-and-entering in Ionia County.

Lowell Police assisted Ionia County Sheriff's deputies in recovering items that reportedly were stolen from a cottage located at 6591 Lakeview Drive on Long Lake in Ionia County.

Arrested on a warrant issued by the Ionia County Prosecutor's office was Timothy S. Verwibe, 17, of 430 East Main Street, Lowell. He was arraigned Tuesday morning in 64th District Court, Ionia, and requested examination. Examination date was set for March 26.

Also sought by Ionia officials is Thomas Doyle of Route No. 2, Lowell, who reportedly was last seen in the Detroit area.

Sgt. James Hutson, acting chief of the Lowell Police Department, said that he and Ionia County Sheriff's deputies recovered several articles missing from the cottage, including an outboard motor that had been sold.

An antique clock, camera and miscellaneous personal and household effects were recovered in Verwibe's apartment.

Lowell police Tuesday morning also assisted Ionia officials in arresting Kenneth Worthington of Ionia, sought on a bench warrant for failing to serve a jail sentence for a driving violation.

In other police action, James B McFall, 25, of 6022 Alden Nash, Alto was arrested Saturday on a charge of reckless driving. He was released from Kent County Jail on bond and ordered to appear before District Judge Joseph B. White.

Richard Peckham, 20, of 423 King Street, and Michael W. Hall, 19, of 604 Lincoln Lake Road, were ordered to appear before Judge White Wednesday following their arrest March 11 on a charge of minors in possession.

The east side of the city has been planned to permit street access to the edge of the Flat River, council noted, with long-range development of all the streets in mind.

One of the considerations for this plan is eventual construction of a bridge across the river in the north part of the city.

Council members declined to go along with the request, in view of possibly setting precedent, and recommended that Bulk seek a variance in zoning instead.

CAROL CLEMENZ

STEVEN LESSENS

Valedictorian, Salutatorian Selected at Lowell HS

The valedictorian and salutatorian of the 1969 graduating class of Lowell Senior High School were announced this week by Principal Carl J. Hagen.

Carol Clemenz, daughter of Mrs. Victor Clemenz and the late Mr. Clemenz, 830 West Main Street, Lowell, has been named valedictorian.

Steven Lessens, son of Mr. and Mrs. Daniel Lessens, 517 Elm Street, Lowell, has been named the salutatorian.

During her high school years, Carol has been a member and officer of the National Honor Society, Future Teachers Club and the Latin Club.

She has also been a member of Band, Pep Club, Play Committees and cast, Annual Staff, and Solo and Ensemble activities in Band.

Her special activities include coin collecting, embroidery, swimming, and music (flute, saxophone, and piano). Also, she has been a member of UMYF at church.

Carol plans to attend Western Michigan University and major in mathematics.

Steven will be attending the University of Michigan to enter the study of pre-medicine.

He was president of the Sophomore Class and is now president of the Latin Club. His other activities include Forensics, Annual Staff, Varsity Choir, Varsity Club, All-School Play, Football, Basketball, and

Track. He is also a lecturer for St. Mary's Church.

Steven enjoys playing and listening to the piano and guitar and is presently building a stereo radio and phonograph system since he enjoys listening to both classical and rock 'n' roll music.

He is looking forward to learning to water ski this coming summer.

Flight to Warmer Climes Gets Boys in Hot Water

Two 13-year-old Greenville boys bent on heading for warmer climes found themselves in hot water in Lowell early Monday morning instead.

Even before receiving a bulletin from Greenville police that the boys were missing, along with a car belonging to the parents of one of them, Lowell police had spotted them for questioning.

Several .22-calibre rifles and a large hunting knife were discovered in the car.

The boys told Lowell police they were running away from home and were planning to head for a warmer climate.

They were released into the custody of their parents.

MOODS OF MARCH: Every now and again, the Smithy cleans off the desk, sweeps the clouds of confusion from his mind and just sort of rambles through one of the weekly offerings.

This is one of those times. When this was written, we had not yet had a good spring rain ... which may be for the simple reason that the "season" isn't officially scheduled to arrive until this Thursday afternoon.

There's nothing quite like a spring rain, though, to wash away the cares of worries of the long, arduous winter months. I remember all too well those days, when we were among the younger generation, of walking to school with rain pelting us in the face ... and never, without fail, stopping to launch a homemade "ship" in a rain-swollen ditch.

*** This is the week that the annual high school basketball tournament, known among enthusiastic fans as "March Madness", rushes to conclusion at East Lansing.

There isn't a finer sports event, I don't believe, in the entire state and one that we covered many times in our days as a sports writer.

One time, back in 1949, Good Friend Wife was expecting at this time of year and we were in a real quandry. A local Class C school was en route to the state finals and, as the local sports editor, it was incumbent upon us to cover this great event.

So what happened? GFW chose the day of the finals to give birth to Kathy ... while we watched our local heroes lose on the big floor at Jenison Fieldhouse. Quite a day, that one!

*** March is the month, too, when the whole world seems to come alive. There's no greater feeling than to walk down the street and be greeted by a smile from the same person who, just short weeks ago, was too busy dodging snowflakes to pay much attention to anyone.

*** Newspaper ads probably give more indication of the coming of spring than anything else. Especially those designed to attract those with green thumbs.

We don't profess any great wizardry in this department, but when plants set in the ground in spring bloom in summer, it's always a source of amazement ... and a tribute to Mother Nature, not the Smithy!

*** Another harbinger of spring is when you drive down the street and see the nautically-inclined working on boats of all sizes and descriptions.

*** Yes, this is the good season, second probably only to Indian Summer. And we're sure glad it's finally here!

Police Beat

(Editor's Note: This column is authored by members of the Lowell Police Department and will appear as a regular feature. Your comments will be appreciated.)

The purpose of this column is to inform citizens of the history and necessity of laws and the hazards and dangers that exist all about us.

It is not intended to be used for controversial subjects and opinions, but merely to serve as a guideline for problems confronted in the daily lives of many residents.

One major problem, especially at this time of year, is fire. Fire prevention is, of course, one of the primary steps to be taken in solving fire prevention rules and proper escape routes are a must.

It is also important to check all fire safety equipment regularly. A small fire can be handled without loss of property or life if the proper equipment, in working condition, is readily available.

Recently, damage occurred when a small fire spread after three fire extinguishers were found to be not in working order.

Littering is another big problem... and one that would not exist if people would just stop and think of the consequences.

Lowell is a beautiful city and a large part of its beauty is due to the fact there are no so-called "slums" here.

The job of cleaning up papers and other trash after a snowy season such as the winter just passed is not too big and should be done as soon as possible.

However, one form of littering that can be dangerous is that of throwing glass and metal objects on the highways.

Punishment of 90 days in jail and a fine of \$100 can be handed out for littering. Littering causes malodorous, unsightly conditions, and courts may also order restitution by the offender to the property owner.

Therefore, a word of caution. Think twice before tossing anything from the car. It could result in heavy loss to all concerned.

Applicants Sought for MCSC Posts

State Representative Stanley M. Powell (R-Ionia) has announced that applications will be accepted until further notice by the Michigan Civil Service Commission for jobs in accounting, office work and youth supervision.

Written tests for the positions will be scheduled each time the number of applications warrants an examination, and applicants will be notified in advance.

Jobs in two employment levels of all categories are open. The categories and yearly salary ranges are as follows:

Child care worker, \$5,225 to \$6,950; boys' supervisor, \$6,300 to \$7,650; account examiner, \$6,775 to \$9,250; general clerk, \$4,325 to \$5,750; typist clerk, \$4,425 to \$5,500; stenographer clerk, \$5,350 to \$7,000.

Representative Powell said that additional information about these and other state employment opportunities is available by writing to the Department of Civil Service in the Lewis Cass Building, Lansing.

REVIVE VILLAGE - This sketch, by Lowell artist Jan Johnson, shows several features of Fallasburg Village that the West Central Michigan Historical Association hopes to restore in a proposed \$750,000 project that would take five years to complete. (See story on Page 1)

Restoration Drive Underway

(Continued from Page 1)
The report will cost \$6,000, according to WCMHA officials, of which only one-tenth has been raised by membership dues and pledges of interested individuals.
The society, starting this month, is endeavoring to raise most of the remaining balance to permit completion of the study.
As envisioned by its designers, the village would become a major attraction for tourists with additional facilities such as a stage coach depot, steamboat, museum, church, camera and art shop, apothecary and restaurant to be added.
The stage coach depot would be a recreation of the edifice that once marked the village as a stopping place of coaches running between Detroit and Grand Rapids.
Area residents, many of them descendants of pioneer families, would staff completed facilities and be attired in costumes dating back to the 1860's.
The WCMHA was created in 1964 when it was learned that Norton L. Avery and Edwin Mueller planned to acquire the Fallasburg School and preserve it as an historical site.
The Vergennes Co-operative Club expressed interest in the project as did many other local residents. Following a meeting in November of that year, it was decided that the restoration task was too great for the Vergennes organization and the historical association came into being the following May with Dr. Ruth Herrick as its first president.
WCMHA officials feel that raising the initial \$6,000 may be the most difficult project. If, following the survey, it is determined that the village restoration is feasible, plans are to contact various foundations and large companies to solicit investment monies for the long-range program.
Krause has indicated that initial steps will require acquisition of land, construction of a campsite and trailer park, installation of hiking and riding trails in the area and construction of a moderate-sized restaurant or near the village.
Funds received from operation of these facilities would then be used to bring about the step-by-step plan leading to completion of all phases of the project.

Agency Makes Year Plea

The goal of \$100,000 has been set by the Easter Seal Society in 1969 to support their program of serving the handicapped of the area by providing occupational and physical therapy at the center and in the home when needed.
In addition they have other programs planned for the handicapped, including swim and camping programs for the handicapped children and adults and other recreational activities.
They also help many crippled children and adults not covered by other agencies programs. Those who must have braces, wheel chairs and other equipment or therapy turn to the "Do Something" Easter Seal Society in their time of need.
Watch the mails for your Easter seals and help this wonderful program of good works.

MAY USE PARASITES TO CONTROL BEETLE

Over 100,000 French parasites have been propagated at Michigan State University and released throughout Michigan and the northeastern states as a possible "natural" control of the Dutch elm beetle.
In an effort to find more parasites to control the disease-producing beetle, MSU is cooperating in research in Austria, France, Germany, Holland, Switzerland and Yugoslavia.

LLOYD WEPMAN

Voted Favorite Teacher by Junior High

The honor of being selected by his students as "My Favorite Teacher" has been accorded to Lloyd Wepman, son of Mrs. Molly Wepman of 723 North Monroe, Lowell.
He received a plaque from the Detroit News following the vote of the students at Farmington Jr. High School where he is now teaching.

Lloyd was graduated from Lowell High School in 1962 and received his teaching degree from Central Michigan University at Mount Pleasant. He was a member of Delta Sigma Phi while at CMU and served his fraternity as treasurer in 1966.

HARD AT WORK at the Easter Seal Center, 217 South Division, are, left to right, Madeline Green and Linda Yonkers, preparing the mail, and Harold Laug, Neil VanWolde of Coopersville and Clara Carey of Lowell, all volunteers, sorting and tying the nearly 150,000 letters to be mailed in the Grand Valley area in the near future.

Protective Devices Not For Amateurs

Constructing a tractor roller or crush-resistant cab is no job for a home workshop, warns Dr. Richard Pfister, Michigan State University agricultural engineer.
"Crush resistant cabs and protective frames are needed, but we do not recommend homemade protective frames, nor do we distribute plans," he comments.

"A farmer might construct the most durable frame possible, and it would still be subject to failure because of improper positioning of the frame and the fastening hardware."
Any adaptations that might weaken the fastening hardware should be avoided, he says.

A farmer can purchase a frame or cab designed to fit the particular tractor make and model he drives, notes Pfister. Manufacturers maintain a list of tractors that their frames or cabs fit.

Resolution Pays Tribute to Ex-Governor

A memorial resolution honoring former Michigan Governor Wilbur M. Brucker has been introduced in the House by State Representative Stanley M. Powell (R-Ionia).
Governor Brucker, whose distinguished public career also included service as Secretary of the Army during the Eisenhower Administration, died last October at the age of 74.
Brucker was elected Governor of Michigan in 1950 and served through 1952. Prior to that he served two years as Michigan attorney general.

GR Man Killed on Area Road

The fifth fatality of the year on area roads... and the 11th in Kent County for 1969... was recorded Saturday night when a Grand Rapids man was killed on 28th Street between Lowell and Cascade.
Kent County Sheriff's deputies said that Ralph North, 24, of 333 Visser St. S.E. apparently lost control of his car at high speed while driving on 28th between Snow and Buttrick Avenues.
North's car struck a utility pole head-on after it left the road on a turn about a quarter-mile east of Buttrick. He was pronounced dead on arrival at Blodgett Hospital.
Less than a week before, two area men died in a car-truck crash on M-21 east of Lowell.
A 17-year-old Alto youth escaped without injury when he lost control of his car on 52nd Street near Quiggle Monday night.
Pat Hobbs of 5540 Morse Lake Road told sheriff's deputies that the car he was driving veered out of control as he attempted to switch on the radio. It rolled over once and came to rest on its wheels.

Taxpayers Reminded to Take Credit

Martin D. Butch, state representative from the 26th District, reminds taxpayers, when filing their 1968 state income tax returns, to be sure to take property tax credits.

State law permits taking a percentage of a taxpayer's property tax as credit on his state income tax.

For example, a person paying \$400 in local property taxes will be able to claim \$40 as a credit against the Michigan income tax. Butch emphasized that this is a credit against the tax and not an itemized income deduction.

He also stated that a portion of the city income tax can be taken as a state income tax credit.

Butch, a member of the House Taxation Committee, explained, "This was the Legislature's method of granting property tax relief when the Legislature adopted the state income tax in 1967."

Statewide property tax relief is expected to total \$105 million in 1969.

Boy Scouts

Last Friday night the scouts had a campout. This campout was all about First Aid. On Saturday the boys cleaned up the cabin and then took a hike downtown to watch the parade. When they got back they ate lunch and went off to their first aid problems. There were close to 50 boys present with about 3 or 4 fathers with us.

On Monday night we practiced our marching for MacKinac Island. This went pretty good. After marching everybody went inside and we had some older boys read about Scouting out of an older Scout Handbook.

On Tuesday night a merit badge class is being started down at Jackson Motors. It is the Automotive Safety Merit badge. This merit badge will teach the boys all about the car. It starts at 7 p. m.

Ionia Cub Scouts Hold Annual Olympic Event

The annual Cub Scouts Olympics were held Saturday afternoon in the Ionia high school gymnasium. More than 200 Cub Scouts from nine Cub Packs of the Ionia District participated in the 10 Olympic events.

Road Development in Area Periled by Fund 'Raid'

State Highway Commissioner Richard F. Vander Veen said today that the Governor William Milliken's desire to spend constitutionally-authorized highway funds for State Police patrols could have a serious impact on highway development in western Michigan.

Governor Milliken has recommended that \$1.6 million be transferred from the State Highway Fund to the State Police to help finance patrols on Interstate highways.

"Last year, diversion advocates sought \$11.4 million for the State Police and another \$6 million for driver education. If the door is opened for one purpose, I assume it could be opened for others."

"The effect of these diversions would be to seriously delay long overdue highway improvements, and this would be detrimental to the safety and economic well-being of our citizens."

Vander Veen, a Grand Rapids attorney, said the people of Michigan seek a door to diversion of highway funds when they amended the State Constitution in 1938, and he added that this anti-diversion view is reiterated in the Constitution of 1963.

"To the best of our knowledge, this is the first time that a governor of Michigan has proposed the diversion of highway funds in a budget message to the Legislature," he said.

"I admire Governor Milliken's concern for safety, but the fact is that the most effective means of improving highway safety is through the construction and improvement of highways."

"Governor Milliken readily acknowledges that we have obsolete roads and a compelling need to expand highway facilities, and that a rapidly growing travel demand has exceeded our ability to provide sufficient highway facilities."

"These views are inconsistent with the diversion proposal, especially at a time when we are meeting less than 40 percent of the needs of our primary and secondary highway systems."

"Vander Veen said the Governor's statement that the \$1.6 million would scarcely build a mile of rural freeway "is unrealistic because the state cannot afford to take the money out of construction."

"To do so would cost the state \$14.4 million in federal aid if taken from the primary and secondary program," Vander Veen said.

Relating the \$1.6 million to other highway department programs, Vander Veen said it represents about 25 percent of the money spent annually to protect the public's substantial investment in highways, or 40 percent of the annual expenditures for spot safety improvement projects.

"Vander Veen said it is possible that the Commission could make sufficient cuts in the Department's administrative budget, but he added that considerable belt tightening has been done already."

Letters to the Editor

(Editor's Note: The letter published below refers to a student-sponsored newspaper published in Grand Rapids and circulated on college and high school campuses in the Grand Rapids area.)

To the Students of Forest Hills High School who support and supply the Student's Free Press with material both literal and by merit of their examples:

After reading Volume 2, No. 1, I have these comments to offer:

To No. 1294... your criticism of your coach is deplorable. For one, Forest Hills could hold their head high by merit of their victories on the field. You, No. 1294, did not accomplish this by yourself, neither did the team, without the coach.

Your long hair is unbecoming, most of the time dirty and unkempt. Don't you know it sickens most of the girls now? How simple-minded and egotistical to compare yourself to Christ! The comparison would end at the long hair at best. He was kind, gentle, merciful, understanding and possessive of many more qualities which you and your simple kind lack.

And, when did school-time become nap-time? This is Kindergarten stuff. But then, judging by the quality of your writing, you're still back there. If Forest Hills High is so bad, perhaps a transfer to Thornapple is in order.

Whether you like it or not, rules are set up to govern any body. The absentee call-in is a good rule and does not violate anyone who is not violating.

About teaching... since when do the uneducated judge the educated? Persons like you don't give an educator the opportunity to "get thru." You don't want to learn. Your descriptive profanity illustrates your progress in learning and your immoral background. It doesn't take any amount of intelligence to express one's self by being vulgar.

If which I don't believe, two-thirds of the student body is composed of your kind. I then feel sad for our community and our school and disgusted with parents whose products you are. For to a degree, parents have tolerated a looseness of moral attitudes somewhere along the way.

As for the one-third you say are concerned with their grades, I commend them. This, young fellow, is why they are in school. How do you overlook such a simple point? And further, why do you deny them the right to attain their goals when you demand it for yourself?

If Forest Hills High lacks in anything as far as being a good high school, it is the quality of you and your kind. Put the blame where it belongs. Your kind is corruptive of decent education.

You use a number in signing your article, which indicates a cowardliness at becoming implicated. In other words, you are (since you like name-calling) an anonymous loudmouth!

Quote of the week: A GOLF BALL CAN BE A BEAUTIFUL THING. DON'T KNOCK IT! Fred Beck.

There they go again... off and running last Saturday were the members of the Parly Time Club. From 9 to 12:30 at the Fairground Stables they combined wearing of the Green party with a special Equestrian Show.

The show opens next Monday at 6 p. m. with doors opening to the public at 2 o'clock Tuesday through Friday. On Saturday, March 29, it will begin at noon.

Stage shows are scheduled nightly at 7 and 10 p. m. in addition to a matinee performance on March 29 at 4 p. m.

An unusual display, called the "Gallery of Homes," will occupy the Black and Silver Room of the Auditorium with nearly 20 of the GRHBA members participating in exhibits.

There was quite a bit of excitement recently when a letter from the Whitehouse arrived at Orchard View school. Addressed to the pupils of Miss Kirkwood's class, President Nixon had written to thank the class for their letter of congratulations and wishes for a successful term as president.

Nine FHS students in the Drama Club will be members of the cast of Agatha Christie's "The Unexpected Guest" to be presented March 28 and 29.

Laura Warwick will be played by Linda Parish who is also the student director. Todd Brunell will appear as Michael Starkweather. June Buttrick as Miss Bennet, Bud Osmolinski as John Warwick, and Sue Niles as Mrs. Warwick.

Also in the cast as Henry Angel will be Rick Lansing, as Sgt. Cadwallader, Greg Hovle, as Inspector Thomas, Hollis Locke, and as Julian Ferrer, Joe McCaughey.

MRS. FRANK SCHUELLER

BY PATT BAMBRIK

There's something about the coming spring that seems to urge people to get out and visit friends and neighbors that perhaps they haven't seen in some time.

Mr. and Mrs. Herb Wilcox of Eastmont will be airborne for California on March 21 for a visit with relatives and friends including ex-residents, Mr. and Mrs. Jim May and their girls, Kathy and Becky.

Some of the little models taking part in the children's style show "Wonderland of Fashion" on March 27 at the Central Hotel will be from this area.

The complete roster includes Michael Mahovek, Shelly Ginn, Patli Jo Adams, Lisa Bennett, Sherree Rosenbald, and Susie Rice. Others are Ann Woodcock, Sheila Wozniak, Lori Rysbyk, Alice Hutzel, and Danny Olson.

More of the little folk are Andrew Albertson, John Crosby, Ricky Bennett, Steve Anderson, Joey Graves and Lori Mason. Finishing up the list are Wendy Long, Beth Brummeier, Jill Pearson and Mary Therese Schumaker.

Narrating the show will be Mrs. Jack Gordon better known to the we ones as the former "Miss Jean" of TV fame.

Name of Game 'Lightening' Begin Art Instruction for All Ages

BY SHIRLEY DYGERT

Although there are many kinds of tortes in the world, Mrs. Frank Schueller prepares a very special one called "Lightening." The name is German and means "Lightning" which refers to the rapid way this dessert disappears almost instantly when served.

The recipe originally was developed in Germany and was brought to this country by Mr. Schueller's grandmother. He and his wife discovered it among her possessions. Mrs. Schueller has translated and updated the recipe for today's cookery to the delight of her friends and family. She bakes it with pecans, but almonds, black walnuts, hazelnuts, any favorite could be substituted.

Have oven and pans ready:
1 1/2 Cup sugar
1 Cup butter
4 eggs separated
3 Tablespoons milk
1/2 Cup flour
1 teaspoon baking powder
pinch of salt
1 Cup chopped nuts
1 pint whipped cream

Cream together butter and sugar. Beat 4 egg yolks with 3 tablespoons milk with whip or fork. Add alternately with dry ingredients.

Spread this in two 11" deep pans buttered and floured and cover with white frosting made with 4 egg whites and cup of sugar added after whites are still.

Spread cherries with 1 cup finely chopped nuts.
Bake 20 minutes in moderate (350-375) oven.
Cool in pans 10 minutes.
Put one layer up, side down, spread with whipped cream, and top with other layer on side up.

Classes will be open to all area residents and reservations for either class may be had by calling number CH 3737.

Y Drive to Begin March 25

Stanley Gardner, and Mrs. Orville Gwaltin, Membership Chairman at the Lowell YMCA, announced today that the 1969 YMCA Membership Drive will begin on March 25th with a Kick-off Dinner for campaign workers at the Lowell Methodist Church.

The annual spring drive will be composed of 28 men and women from the general membership forming 5 men's and 5 women's teams. These men and women will contact all existing membership and obtain additional memberships. The membership goals for 1969 will be almost 4000 Family, Adult, Youth and Sustaining memberships.

The campaign will run for almost a month and will conclude with a combined Victory Dinner and Annual Meeting to be held at the Lowell High School Cafeteria April 17, for campaign workers, members and their families. The guest speaker will be Gus Gankart, assistant basketball coach at Michigan State. Movies will be shown to the smaller children while the business meeting is in session.

Fewer mistakes were made in tax returns of business, probably because most business have accountants to do the job. Early returns, filed through Feb. 21, showed that individuals were filing erroneous returns at a rate 7.5 times that of businesses' erroneous ones.

Projects that the P.T.C. has already taken under their wing are the school's playground and library.

The carnival is scheduled to last from 1 p. m. through 8 p. m.

If you're in a mood to relive past glories or score a beat on the baseball season, the Detroit Tiger's World Series film will be shown on Saturday, March 22, at 3 p.m. at the American Legion Boat and Canoe Club in Grand Rapids.

Speaking after the meeting on veterans' legislation, which benefits will be James V. Bellegini, DAV National Service Officer from Detroit.

Taxpayers Overlooking Rent Credits

State Revenue Department officials have called state income taxpayers' attention to a provision in the state income tax law which many are overlooking.

Persons renting a home in which they maintain their residence may obtain a credit against their state income tax for a portion of the rent paid for occupancy, but they must submit with their return a certificate signed by their landlord, certifying the amount of rent paid.

Lock further stated that accountants and tax assistance companies would be saved much time if the taxpayer through the signed certificate with him when requesting assistance in completing the state return.

The instruction booklet mailed to taxpayers with the return form contains blank certificates and instructions concerning the filing of the return and computing the credit.

GRATTAN TOWNSHIP ORDNANCE ADOPTED MARCH 11, 1969 EFFECTIVE APRIL 24, 1969

An Ordinance to regulate the outdoor storage of inoperable motor vehicles in the Township of Grattan and to provide for the issuance of permits and to provide for penalties for the violation thereof.

SECTION 1. Storage of inoperable motor vehicles or parts thereof.

It is hereby declared to be unlawful for any person, firm, or corporation to store, place, or permit to be stored or placed any inoperable motor vehicle or any part or parts of a motor vehicle on land located in the Township of Grattan, except as the same may be expressly permitted under the provisions of the Zoning Ordinance of the Township of Grattan, unless said inoperable motor vehicle or part or parts of a motor vehicle shall be kept in a wholly enclosed garage or other wholly enclosed structure; provided, however, that any owner or occupant of said land may store or permit to be stored one such inoperable motor vehicle for a period of not to exceed thirty (30) days if such motor vehicle is registered in his, her, or his name; and provided further, that any such motor vehicle, in the event of an accident and upon payment of the fee hereinafter provided, may secure a permit from the Building Inspector of Grattan Township to extend such period of fifteen (15) days for an additional period of not to exceed thirty (30) days for any one such inoperable motor vehicle. This ordinance shall not be construed to permit the parking or placing of inoperable motor vehicles on any street area in the township of Grattan Township.

SECTION 2. PERMITS.

Upon Application duly made by the registered owner of a motor vehicle and upon a showing of hardship, which hardship may be eliminated by an extension of time if herein permitted, the Building Inspector of the Township of Grattan is hereby authorized to issue the permits referred to in Section 1 hereof. No such permit shall be granted for successive weeks for any one motor vehicle. A fee of One Dollar shall be collected for each such permit as issued, and shall be paid into the general fund.

SECTION 3. DEFINITIONS.

(a) Motor vehicles are hereby defined as any wheeled vehicles which are or are intended to be operable as self-propelled vehicles.

(b) Inoperable motor vehicles are defined as motor vehicles which by reason of dismantling, disrepair, or other cause are incapable of being propelled under their own power, or are unsafe for operation on the streets and highways of this State because of inability to comply with the State Vehicle Code.

SECTION 4. CONSTRUCTION.

This Ordinance shall not be construed as repealing any ordinance now in effect or hereafter made effective relating to the licensing of rubbish, litter, garbage, refuse, trash or junk, but shall be construed as supplementary to any such ordinance as well as to any statutes of the State of Michigan relating thereto.

SECTION 5. VIOLATIONS.

The provisions of an inoperable motor vehicle or parts of a motor vehicle in violation of the terms of this ordinance is hereby declared to be a public nuisance.

SECTION 6. PENALTIES.

Violation of this ordinance shall be a misdemeanor punishable by a fine of not more than One Hundred Dollars (\$100) or by imprisonment in the County Jail for a period of not to exceed ninety days or both such fine and imprisonment. Each day that such violation shall continue shall constitute a separate and distinct violation of the provisions of this ordinance.

SECTION 7. SEVERABILITY.

The provisions of this ordinance are hereby declared to be severable, and if any clause, sentence, paragraph, section, or subsection is declared to be void or ineffective for any reason, it shall not affect any other part or portion hereof.

SECTION 8. EFFECTIVE DATE.

This ordinance shall be effective on the 24th day of April, 1969.

JAMES BYRNE
Grattan Township Clerk

GRATTAN TOWNSHIP ORDNANCE ADOPTED MARCH 11, 1969 EFFECTIVE APRIL 24, 1969

An Ordinance to prevent, reduce or eliminate night, blowing, drifting, or coming of blight, within Grattan Township, and to secure the public health, safety, and general welfare by prohibiting the accumulation of trash and junk and other of them on private property, and to provide for the removal of such trash and junk and to provide penalties for the violation of said ordinance.

SECTION 1. TITLE.

This Ordinance shall be known and cited as the "Grattan Township Trash Ordinance."

SECTION 2. DEFINITIONS.

(a) The terms "trash" and "junk" as used synonymously and each as herein used shall include the following: Used articles or used pieces of iron, scrap metal, auto mobile bodies or parts of motor vehicles, stoves, parts of machinery or junked or discarded machinery, used lumber which may be used as a harborage for rats, snakes, garbage, industrial by-products or waste, empty cans, food containers, bottles, crockery, steels of any kind, boxes, barrels, and all other articles customarily considered trash or junk and which are not housed in a building.

(b) The term "person" as used herein shall include any person, firm or corporation.

SECTION 3.

It shall be unlawful for any person to accumulate, place, or allow or permit the accumulation or placing of trash or junk on private property in said township, except as is duly licensed by the State of Michigan or in a junk yard duly licensed by the Township of Grattan.

SECTION 4.

Any person who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof, shall be punished by a fine of not to exceed One Hundred (\$100) Dollars or by imprisonment in the County Jail for a period of not to exceed ninety days, or both such fine and imprisonment, together with such costs, in the discretion of the court. Each day that such violation occurs shall constitute a separate offense.

SECTION 5.

Any way, word, sentence, paragraph or provision of this Ordinance is held invalid, it shall not affect the rest of the provisions of this ordinance.

This Ordinance shall take effect on the 24th day of April, 1969.

WRITE YOUR OWN LEGER-SUBURBAN LIFE CLASSIFIED AD

Give the cost

● You are about to invest money for an ad and you are entitled to get results. To accomplish this, it is necessary for you to TELL ALL about the details of your offer. We urge you to quote the price if possible. Surveys show a high percentage of readers will not answer an ad unless the price is given.

● There is an additional charge of 50¢ for the use of a Ledger box number, but we urge you NOT to use a box number unless necessary. It will reduce the number of replies you get.

● Don't omit important words to save money. Readers can't guess on important details. An informative ad will get results much faster and cost much less in the long run.

● If you have any questions, don't hesitate to write or call us (897-9261). Our job is to help you get results at a minimum expense to you.

FAMILY TRADITION — William G. (Whitey) McPherson of Lowell is shown with State Senator Robert VanderLaan as he performs his duties as a senate aide. The 19-year-old McPherson's grandfather, father and brother all have been active in government affairs.

Follows Family Tradition

The scion of a prominent Lowell family is walking in the footsteps of his grandfather, father and brother these days.

He is William G. (Whitey) McPherson, 19, who is learning the inside workings of state government this year as a senate aide, named by Sen. Robert VanderLaan (R-Grand Rapids).

Hold Drive

A sure sign of spring is the advent of a paper drive, and Lowell is preparing to hold its first one for the spring season.

The drive will be run by the 4-H group sponsored by Kay Lake, with the money from it to be used to help pay for a trip to Mackinaw Island planned for this summer.

Several trucks and station wagons will be available to pick up donations, including a semi that is to be parked in the high school parking lot on April 5 for those who would find it more convenient to drop their papers there.

The son of Mr. and Mrs. Donald A. McPherson, Sr., of 1276 Parnell Ave., also is a sophomore in the Michigan State University College of Agriculture and Natural Resources.

As senate aide, he works closely with Sen. VanderLaan, Majority Floor Leader, and other senators in distributing and filing senate bills and journals, and carrying out numerous senatorial tasks.

"In the time he has been here, Bill has been one of our most valued aides," said Sen. VanderLaan. "He is very intelligent, energetic and accommodating. His immaculate appearance and pleasing manner have made an excellent impression on the senators, staff and visitors with whom he comes in contact."

Young McPherson comes by his interest in government honestly. His grandfather, Melville B. McPherson was a Michigan State University trustee and a member of the state tax commission. He was also a Republican candidate for nomination as governor of

Michigan in 1940.

His father was president of the freshman class at Michigan State in 1924 and was a delegate to the Republican state convention. He also was a candidate for state representative and has been secretary of the Kent County School Board.

An older brother, Melville Peter McPherson, now a senior at George Washington University law school, was a senate aide in 1968.

Young McPherson, who was active in athletics and many extra-curricular activities in high school as well as 4-H and church work, won a trip to Washington, D. C., and was runnerup for the National Club Congress dairy award. Last summer, he flew to Alaska to do missionary work with 43 Methodist youth selected from all over Michigan.

Currently, he is seeking his degree in agri-business at the Michigan State University and later hopes to earn his law degree. Somewhere along the way, he expects to serve for four years in the Marines.

Ada Farm to Be Site of Meeting

Holiday Farms in Ada will be the site on April 4 of a special meeting for interested cattlemen in the area.

The informal session starts at 7 p. m. and is designed to acquaint cattle owners with a way to measure many of the genetic differences in their cattle that make for higher profits in the business and to explain how the results can be used in a practical breeding program.

The Michigan and American Angus Associations and Michigan State University will sponsor the meeting. Representatives from both will speak.
