More than a year ago, this newspaper was converted . . . like so many weeklies before it and so many since . . . to what is called the "offset" process.

To the average reader, this may not mean a thing. But to people in the business of creating better, brighter newspapers (especially folks who publish weeklies), offset dramatically helps to bring about the

Naturally, there is always a feeling of nostalgia for the so-called good old days . . when the friendly salute to the editor of "stop the presses" usually could have been answered in actucal practice.

The old Goss Comet has sat in the back shop gathering dust and, undoubtedly on Wednesday afternoons, yearing to spin the crankshaft just one more time.

We have another machine in the back called an Intertype. Most of you who have been associated with printing . . . or with newspapers . . . may call them a linotype. Same machine.

Well, the old Intertype may be breathing its final moments as a producer of type for these pages. The very words you are reading are set on a sophisticated computertypewriter known as the IBM compositor.

Because of offset, it no longer is necessary to produce lines of type in metal form. They can be produced, just as you read them here, on this typewriting machine . . . then placed into proper position on a page form and translated, via the magic of camera and other equipment, into the impression you now view.

Just last week the Osconda County Press switched over, bringing the number in the state to 166. There just aren't too many around printing the "old way."

What brings all of this treatise to the fore in this particular week's edition is that I am absolutely ready to turn in my tool box for a rocking chair.

This Intertype machine, which ran so well under the competent handling of Don MacNaughton, has become a monster. Don left us for greener pastures in Grand Rapids and that dad-ratted machine is acting like a spoiled kid who no longer has paren-

Not only that, but the water pump on the furnace at home is shot and I can't get that fixed . . . and the filter on the pool has gone sour despite many hours of stripping it down and tenderly caring for its innards!

About the only thing running right is the lawn mower . . . and even that sonofagun

broke down on me one hot day. What really bugs me is that I'm not really that bad a mechanic. Shucks, I may never go down as another Henry Ford or Walter Chrysler or Andy Granatelli . . . but then I don't have two left hands and 10 thumbs.

Played a few hands of euchre at Jim and Alva Topp's gathering the other night and my partner, Esther Clemenz, will never forgive me if I fail to mention that we emerged victorious (by one game) over Marlene McCormick and Lou Seely.

Haven't said much about golf in the past few weeks. So, get your entry in now for the annual Ledger-Suburban Life tournament . . . scheduled Sunday, September 7, at Arrowhead. Century-Old Grindstone Features Office Decor

The King Milling Co., in keeping pace with the need for increased office facilities, has completely remodeled its headquarters on Main St.

In doing so, however, the flour-processing firm has elected to maintain a rustic atmosphere to the new offices.

In fact, its shingle-style canopy is win-

ning much praise from passers-by. Also attracting considerable attention is an old grinding wheel which has been in the King Milling possession grinding wheel which has been in the King Milling possession for decades.

Made of special flint stone, it was manufactured in France, and shipped by a sailing vessel to the United States some 120 years ago.

King Milling also has another similar wheel in a section of its plant. This type of grinder wheel is still in use in the south.

Also in display are two steel grinders which the company adopted years ago.

One of the largest flour-processing firms in the middle west, King Milling ships its products via rail and truck to points hundreds of miles away, as well as to nearly all communities in Michigan, Chio, Illinois and Wisconsin

The company employs 35 people.

Files Claim for \$10,000 Against City

A claim for \$10,000 has been filed against the City of Lowell by Leslie Brooks Porter Jr., 45, through his attorney, Leon B. Buer, of Grand Rapids.

In a letter to city officials, Attorney Buer stated that the claim was instituted on behalf of Porter who alleges that he was beaten by Lowell Police following his arrest on July 18 in the vicinity of 291 Don-

Porter charges that he was "assaulted, beaten, maced, that he was hospitalized because of the beatings and that he had lost the time from work required to recuperate."

Lowell police records indicate that at 10.38 p.m. on July 18, neighbors of Porter on Donna Drive called to complain of a disturbance.

Dispatched to the scene an officer ob-

served Porter reportedly with liquor on his breath, using profane language. When the officer admonished Porter to

cool down, the patrolman claimed that the man became abusive, and resisted arrest. A call for help was put in to headquar-ters, and two other officers were dispatch-

ed to the scene. The police report further stated that it took the three officers to arrest Porter,

when the man continued to resist. He was taken to Kent County jail where according to the patrolmen, Porter scuffled with the jail attendants. Later Porter was taken to 63rd District Court, where his

case still is pending. The attorney's letter was read to City Council Monday night. The case has been referred to City Attorney Richard Vander-

Irio Caught with Alcohol; Face Court

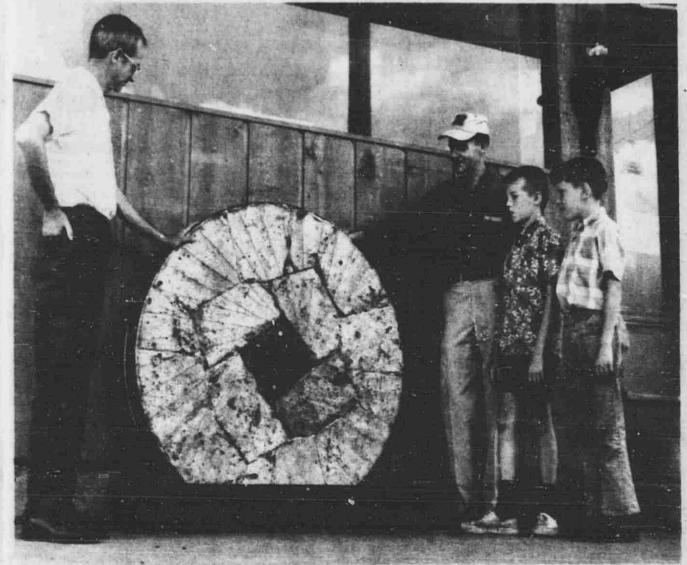

Three minors were ticketed by Lowell police Sunday for possession of alcoholic beverages in a car.

They are: Douglas Orian Wilbur, 18, of 9420 Richmond Rd., Belding; Anthony Howard Ortowski, 19, of 1185 Sargent Rd., Ada; and Gordon A. Sharpe, 19, of 13274 Vergennes Rd., Lowell.

All were released to their parents pending appearance in 63rd District Court on charges of disorderly conduct...

In other police action, officers arrested Jerry Wayne Winn, 20, of Grand Rapids, for driving under the influence of liquor.

According to the officers, Winn was observed weaving across M-21, near Alden Nash Rd. He was taken to Kent County jail, where he refused a breathalyzer test. His case is pending before the 63rd District Court.

AGED ARTIFACT — A grinding wheel reported to be 120 years old is on display in front of the remodeled King Milling Company office on Main Street in Lowell. Shown examining the wheel are King Doyle (left) and Mike Doyle, operators of the company, with Jim Doyle and Mike Doy (right).

Truck Rolls in Collision A spectacular crash involving a panel

truck and a passenger car which occurred at 7:20 a.m. Monday on Fulton near Ada Dr. snarled traffic for nearly an hour.

Called to the scene, Sheriff's Deputies Edwin Baker and Luce Thompson found that the panel truck driven by Wallace James Campbell, 49, of 8040 4-Mile, Vergennes, had been struck in the rear by a car driven by Lynn Craig Baker, 19, of 704 Monroe, Lowell.

The impact caused the truck to roll over into the Fulton Street median, deputies

According to the deputies, Campbell southbound on Pettis, and after a stop, turned west on Fulton. He then attempted to negotiate a left turn into Ada Drive. It was at this point when the Baker car

struck Campbell's truck. Both vehicles were badly damaged, the officers said. Campbell was taken to St. Mary Hospi-

tal, while Baker was taken by his father, Laverne, to Blodgett Hospital.

Both were released after treatment for minor cuts and bruises.

Area Youngsters Reap Many 4-H Awards

With the closing of the 1969 version of the annual Kent County 4-H Youth Fair, a goodly number of youngsters in the Lowell and Ada area walked off with coveted championships.

In the Holstein cattle classes, a 3-yearold cow shown by Fred Oesch, of Alto. was judged winner of reserve grand champion honors.

And from Lowell, Joni Shade, 15, exhibited both the grand champion and reserve grand champion of the Guernsey class.

Donald Steeby, 9, of Caledonia, produced the reserve grand champion for a junior calf.

Breed championship selected were: Market steers, Angus class by Jim Criss-

man, of Caledonia Breeding cattle, Angus-Charlaise by

Mary Roseboom, of Ada. Market hogs, a Hampshire by Jerry Roth of Lowell

Sheep breeds-Shropshire ram and ewe, Janet Fairbrother, of Caledonia; ewe by Jackie Shade, of Lowell, and Columbia ram by Don Spitsburgen, also of Lowell.

Among the clubs competing in the 34th annual Kent County 4-H Fair, the Desperadoes 4-H group of Ada captured a good portion of prizes and awards.

Names of the winners and their projects were: Peggy Roth, junior leader won an A group with her horse and junior leader project; 2nd in English Showmanship for members 15 or over, and an A Group in Veter-

inary Science. Robin Harold, junior leader an A Group with her horse, and junior leader project. Sue Richmond, an A Group with her horse, and 4th in Trail member, 12 to 14;

and also an A Group in Veterinary Science. Lee Harold, a Group with her horse, 5th in pony harness, also an A Group in Veterinary Science.

Toni Harold, A Group with her horse. Patricia Van Slyke, with an A Group in pony showmanship, 1st in Trail members 11 years and under; grand champion Trail horse; A Group in Veterinary Science, and Hi-Point trophy for girls 11 years and under with her horse.

Leaders of the Desperadoes 4-H Club are Mr. and Mrs. Albert Van Slyke of Ada.

The Lowell Saddelites Horse Club members were notably prominent in the winners circle during the Kent County 4-H Youth Fair this past week.

In competition with 28 other 4-H clubs, the Saddelites won the much-prized "High Point Club" trophy.

The Bob Wittenbach Memorial Trophy, which goes to the boy or girl receiving the most points at the Fair, was awarded to David Avery.

For scoring 22 points, Tom Werkema, of Caledonia, and Steve Cribley, of Cascade Wranglers, will get to share this trophy for four months each in the coming year.

Another trophy was captured by Saddleite Sco. Petersen, of 3608 Lake Drive. He competed in the classes with those who attended the State Show for two years.

He also placed first in Pleasure and 2nd in Horsemanship. Dee Ann Griffeth, age 10, who drove

her pony, "Flicka," in the Fine Harness class, won first award. She also placed 2nd in Halter; 4th in Pony Horsemanship, and finally for Reserve Champion Pony.

The Saddlelites, this year placed second in Herdsmanship, a class devoted to cleanliness and grooming of animals.

A partial list of placings of other club members show: Perry Beachum, 4th in Pleasure and

Showmanship and 5th in Halter; Curt Griffeth, 2nd in grade Halter and 2nd in Reining; 3rd in Horsemanship. Dawn Blasher placed 1st in Halter and

Well things are running smoothly at Windy Nob so this week, for a change of pace, I am going to devote the space to something I have been asked to do by a lot of people. So, . . . all you fishermen and sportsmen, read on. For beginners we will start with ... CONSERVATION LAW TIPS: DO YOU KNOW;

During the closed season on small game, you MAY NOT carry a rifle, shotgun, slingshot, or bow at night (sunset to sunrise). At all times of the year in transporting your rifle or shotgun, it must be unloaded when in or on an automobile, aircraft, motorboat, tractor, motorbike, or snowmobile. Also, if in a car, truck or snowmobile, it must be in the trunk, or enclosed in a case, or disassembled. Note: . . . As we get closer to small game season I will give you reminders, exceptions, and other

DOG TRAINING; From July 15 to the following April 15, between sunrise and sunset, you may train dogs on game birds and those animals which may be hunted with dogs. From August 15 to March 1, you may also train dogs at night. SPECIAL BEAR SEASON; Friday, August 8, was the day the Department of Natural Resources started receiving applications for a limited bear season. Gaylord and Mio districts only . . . Sept. 10-14. This is the tirst such season in four years, with 500 permits to be issued for Gaylord and 350 for Mio. Applicants must buy a 1969 special bear hunting license, also good for the entire U.P. during the Sept. 10-Nov. 5 season there. These are available at Department District offices and a FEW license dealers. Application is made on a government postcard, with applicant printing choice of area and license number on blank side, and signing it in ink. ODDS AND ENDS FOR FISHERMEN: Catfish are biting on soft-shell crabs and night-crawlers, between Ada and Lowell. Also, bass are biting on the Grand. Just heard that 1,000 tiger muskies were planted in Campau Lake in Kent County, on August 7. This was done to supple-

ment an earlier planting. This comes right from the horses mouth . . . namely the Conservation Department, so I know the facts are right. Thousands of fish, primarily bluegills, in the 5 to 7 inch class, died in Mor-rison Lake recently. Biologists checked for contamination and found this to be a natural die-off, due to rapid growth of vegetation which uses up the oxygen supply. This can happen to any lake when the conditions are right. Rotting of brush and trees or clearing of land around lakes lets in sunlight. This stimulates the growth of plant-life. Fields near lakes or along streams or ditches feeding into lakes are under cultivation. Fertilizer washes in and this is an added stimulant. Nature itself plays the big part in the death of a small lake. During high water, silt washes in. During low water, the roots of bushes, and water plants get a good hold, new plants come up closer to the water, the lake gets smaller, and the death of the lake is evident. This is espewhat happened to some previously good fishing lakes around

No Decision on Special Clean-Up

BY SHIRLEY DYGERT

No decision was reached at the Monday evening meeting of the Thornapple River Association, Inc. regarding a special cleanup

Dan Wallace, president of the association presented a plan to improve the fish-ing, clear out submerged objects and open some channels and shallow areas of the Thornapple River between the Ada Dam and Cascade Dam.

The TRA 'oard called the special meeting to explain to members how the project could be accomplished without assessments. Wallace said there are sufficient funds in the treasury to remove dangerous stumps and deadheads.

Muck and silt removal would be paid for only by those residents who have property abutting such clogged areas. Wallace said he had been consulting with Ed Timberger of the state's natural Resources Commission. According to Timberger, the project as presented would be a revitali-

ion that the game fishing would improve as they spawn in gravel areas. Stump removal would aid in safety for water skiiers and boaters, according to Wallace. Better navigation could be obtained by removing stumps which have already broken some centerboards on sailboats and

propellers on motor boats. Wallace said that a probable shut-off and that the water level should be kept down for 60 to 90 days in order to allow sufficient time for the banks of the river to

Simple equipment such as bulldozers then could be utilized rather than expensive drag lines or dredgers.

The level of the water, according to Wallace, would be dropped twice. The first time for about two or three feet in order to blast the most hazardous stumps. The second lowering would be down to approximately seven or eight feet. This would be the time of silt removal when the gravel bottom would be reached. At this time, fish nests would be built.

More than 20,000 sleeping American children die each year in a rapid and mysterious way. The mother sees the child drifting off to sleep and — sometimes only a few minutes sometimes only a few minutes later—the baby is found to be dead, for no apparent reason.

Much of the present research into these sudden, unexplained infant deaths is centered around the virus theory. Most deaths occur during the winter and spring, when respiratory infections are common, and parents sometimes recall a minor cold or sniffle that neither they nor their doctor was more independent. their doctor was worried about.

Experts say crib deaths most often strike infants between two and four months of age; boys more often than girls;

RustyPacesLowell 'Y' in Swim Meet

Although small in number, the Lowell YMCA contingent turned in an outstanding performance in the 1st annual Western Michigan Invitational Swimming Championships held Saturday

Coached by Terry Bambrick and Maridel Paine, the local youngsters captured seven of the 46 individual titles and added one relay crown in competition against swimmers from nine other area teams in this season-ending spectacle. In the inter-league battle, the Mid-Michigan League (represented by teams from Holland, Grand Haven, Lowell, and Northville Park and Jolly Roger of Grand Rapids) tallied 1,115

sented by entries from Grandville, Rockford, Forest Hills, Coopersville, and Kentwood) which scored 639 points. Leading the parade of Western Michigan champions from Lowell was Rusty Steffens with two individual titles in the 11 and 12 boys division.

Rusty continued unbeaten in freestyle competition during his three-year swimming career by taking the 50-meter event in 32.6 seconds, and completed his second consecutive undefeated season in backstroke competition with a 40,3-second effort over 50 meters. Rusty also anchored the 11-and-12 boys freestyle relay team

to a strong second-place finish. Jim Reagan, Brian Doyle, and Craig Anderson rounded out this foursome, which was clocked In 6-and-under competition, Jeannie Courser captured the

girls' championship with a 26.7 time for 25-meter freestyle and Scot Paine capped a late-season surge by winning the boys 25meter freestyle title in a team record 22.6 seconds. In the 7-and-8 boys 25-meter backstroke, David Christenson splashed to a blue ribbon with a team record clocking of 22.7 seconds. Rob Christiansen, last year's league champion in 7-

and 8 boys, showed that being in the next higher age group makes little difference, winning the crown for 9-and-10 boys 25-meter backstroke in the time of 21.6. Margo Norton then added Lowell's fourth backstroke title by charging to a winning 40.3 clocking in the 13-and-14 girls 50meter backstroke. She picked up her second blue ribbon by pacing the 13-and-14 girls team to a come-from-behind win in the 200-meter freestyle relay. Louise Doyle, Sally Doyle, and Karen Reagan joined in the 2:22.0 team record effort. These four girls also placed third in the 200 m. medley relay with a

2:47.0 time. Taking runner-up honors, with team record times, were Ralph Story in 13-and-14 boys 50-meter breaststroke (42.1 seconds), and the team of Nancie Gwatkin, Sharon Doyle, Patty Curtis, and Karen Kyser in the 15-and-over girls 200-meter medley relay (2:46.5 time). In 7-and-8 competition, Christy Vittenbach and David Christenson took second place in the

25-meter freestyle for girls and boys, respectively. The 7-and-8 girls freestyle relay quartet of Christy Wittenbach, Charlene Reynolds, Patty Courser, and Peggy Reagan captured third place in a team record 1:34.2 effort. Fourth places were won by Karen Doyle in the 9-and-10 girls backstroke, and by the 7-and-8 boys freestyle relay team of Sean Bambrick, Richie Curtis, Scot McCambridge, and David Christenson. Patty Courser and Colleen Hill each captured fifthplace ribbons, and Sally Doyle a sixth place.

For the next week or ten days, they'll all come dribbling back to the fold. The travelers, that is. All of those gay souls who made the break and took off for foreign ports. Doug Griffith returned from his sojourn abroad last Satur-day and found that the whole FH football team was waiting to

Della Plane says that Tahiti can be on your budget if you realize that the old Somerset Maugham days of fish and free bananas are gone. No longer do the hotels have lizards running up the walls, but the prices paid for privacy from these critters are like \$26 double and \$23 single. Modern \$7 million edificies change the picture.

Barcelona is as new as the newest parts of London. A few old streets are left so that tourists can be taken down the paths of history. The Acropolis rises above a commerical Athens and every major metropolitan area looks like any other.

It's too bad that the world population can't get together on a few simple things like language and measurements to say nothing of something as complicated as peace. We all work to look alike, dress alike, and build alike. Dave and Pat Jones took a trip to Arizona. He reports that

all across Oklahoma they looked for one sign of an old-west ndian. Then they neared Texas and the first thing that greeted them as they crossed the border was a huge 40 foot aluminum tepee.

Speaking of football, get your money ready. This year you will be able to purchase food at home games from the new concession stand built by the Boosters Club. The marriage of Miss Theresa Ann Schoenborn, daughter of Mr. and Mrs. Glenn O. Schoenborn of Conklin, and Michael Earl Morse was solemnized Saturday afternoon in St. Joseph's Church, Wright, with Rev. Edward Kubiak performing the double ring ceremony. Mr. Morse is the son of Mrs. Earladean Morse and the late Verne Morse of Grand Rapids.

Given in marriage by her father, the bride was attired in a long sleeved organza gown designed with a yoked Empire bodice scalloped neckline of Chantilly lace. Lace formed a front panel on the A-line skirt. It had a detachable chapel train with a matching lace border. Her silk tulie veil consisted of an organza flower with lace petal flowers. She carried yellow and white

Miss Nancy Van Oeffelen attended as maid of honor. Misses Mary and Diane Morse served as bridesmaids. They wore A-line kimmer gowns of yellow silk organza with daisies trimming the long boufant sheer sleeves. They wore matching yellow head-pieces and carried baskets of yellow daisy pom poms. Attending the bridegroom as best man was Larry VanSingel. James Graves and James Schoenborn served as groomsmen. Ushers were William Moore and Thomas Morse.

A dinner and reception was held at the American Legion Hall, Marne, with Mr. and Mrs. Vincent Schoenborn and Mr. and Mrs. Vern G. Morse as master and mistress of ceremony. The couple will reside at 2255 Thornwood Ave. S.W. Wyom-

Carol Tours Europe

A Lowell girl, who was valedictorian of her class, recently completed a month's tour of Europe Carol Clemenz, daughter of Mrs. Victor Clemenz, 830 West Main, traveled with a group of 34 youths sponsored by the De-

troit conference of the United Methodist Church. After landing in Amsterdam, the group journeyed by boat up the Rhine River in Germany and went on to Switzerland. There Carol visited the Fritz Roth family, who are distant cou-

sins, in the town of Schwarzenegg. She also saw the house where her grandmother, Elise Althaus Clemenz, was born. Other highlights of the tour included an authentic festival in Innsbruck Austria with plenty of yodeling and dancing. An evening gondolaride through the canals accompanied by serenading goldoliers was enjoyed in Venice. In Rome, no tourist could miss the Pantheon or Colliseum.

ON PROPOSED AMENDMENT TO CASCADE TOWNSHIP ZONING ORDINANCE

PLEASE TAKE NOTICE that the Planning Commission of Cascade Township, Kent County, Michigan, will hold a public hearing on a proposal to amend the Cascade Township Zoning Ordinance, on Thursday, the 28th day of August, 1960, at 8:00 P.M. on said date, at the Cascade Township Administration Building, located at 2800 Orange Street in the Village of Cascade, in said Cascade Township, Kent County, Michigan. The proposed amendment to said Ordinance is as follows:

To change the zoning classification of the following property from its present zoning classification to "D-I" Special De-velopment Zone, and to permit the operation of a mobile home park therein, viz:

The East ½ of the East ½ of the Northeast ¼, except the North 1,000 feet, and except the South 302 feet of the East 345 feet thereof,

The West ½ of the East ½ of the Northeast ¼, except the East 200 feet of the North 1,320 feet and except the North 600 feet of the East 393 feet of the West 450 feet thereof, all in Section 17, Town \$ North, Range 10 West, Cascade Township, Kent County, Michigan.

The text of the zoning classification known as "D-1" Spec ial Development Zone, and the zoning map of Cascade Town-ship showing the location of the area proposed to be rezoned are on file at the Cascade Township Hall at 2000 Orange Street, in the Village of Cascade, Kent County, Michigan, and may be inspected at any time during Township Office hours up to the said date of hearing. Any interested party may appear in person or by attorney at said hearing on said

CASCADE TOWNSHIP PLANNING COMMISSION

PUBLIC NOTICE

At a regular meeting of the Grattan Township Board held on the 12th day of August, 1969, the following Ordinance was

ORDINANCE NO. 8

An Ordinance, pursuant to the Township Rurnance and Zoning Map.

(2) Tenant's name, address and telephone

(4) The months for which the use of such

for each of said trailers.

2. ANNUAL TRAILER PERMIT.

The patition shall further allege, if true:

(a) That said trailer has a separate water system and septic tank solely for the use of its occupants which meets the specifications of the Board of Health of Kent County. A certificate from sake Board showing such compliance shall be filed with the Building Inspector before any use or occupancy is made of said trailer.

(b) That the location on which such trailer will be placed is not within 1,000 feet from the boundary of property owned by any other person than the owner of said location, or that the granting of the petition is consented to by all property owners within 1,000 feet of the proposed location for said trailer, which consent shall be evidenced by the signatures of each of said other owners to said petition. Said consent shall constitute a waiver of the requireme./ts of the first sentence of Section 1304 so far as said persons are concerned.

(c) If the required allegations are true and the Building Inspector finds the additional require ments in paragraphs (a) and (b) are met he may then issue a trailer permit for the occupancy of such trailer at said location to and including the next May 1st. The cost of said first permit shall be \$20 payable with the application. Said permit or any permit already lawfully issued may be renewed to and including the next May 1st by paying a fee of \$5 to the Building Inspector on or before May 1st of each year. If the permit is not so renewed by sying said fee by said date, occupancy or use of id trailer thereafter shall constitute a violation o his Ordinance. Permit to use said trailer thercafter shall not be issued until all requirements of an original permit are met.

3. GENERAL PROVISIONS GOVERNING TRAILERS.

(a) In no instance shall a house trailer be used or occupied as a dwelling or for sleeping purposes by a greater number of persons at any time than the same is designed to safely accommodate.

Lowell Ledger-Suburban Life, August 21, 1969

(b) No house trailer shall at any time be parkd between the established setback line and the front line of any lot or parcel of land. Any trailer parked for over thirty days adjacent to the side of the house shall in all cases observe the residence side yard requirements of the Zoning Ordinance. No house trailer shall be considered as an accessory

(c) The premises on which a house trailer is situated shall be kept neat and clear of rubbish and debris of any kind. Except by written permit of he building inspector, no personal property other than motor vehicles actually used by the occupants of such house trailer or guests shall be permitted on the premises, except utensils used for garbage, which shall be properly covered.

(d) It shall be unlawful to remove tires and/or wheels of any trailer except for repair, or to do anything which might adversely affect the mobility of or change the legal status of a trailer for which a permit has been issued under provision 1304 of this Zoning Ordinance. Any such violation shell not affect the legal status of such trailer.

(e) A permit may be revoked by the building inspector if the above requirements and provis are not maintained or any are violated. No new permit shall be issued for such trailer or such petitioner except on approval by the Zoning Board of Appeals on evidence showing a hardship case is involved. and any violations or wrongful acts were not inentional or wilful.

(f) Failure to observe any of the above reuirements shall constitute a violation of this Or-

This amendment shall take immediate effect.

etters to the Editor

To The Editor:

I read a letter a few weeks ago that someone wrote to the editor about Little Leaguers that were bench-warmers. As I was reading through some poetry of mine, I ran across the one which I would like to see published for the Little Leaguers. '

A Little Leaguers' Prayer

Lord, give me strength To hit that ball; And If I should, Don't let me fall, Help me to pick The one that's right; Then let me knock

Way out of sight, Then help me run, With deer-like grace; Don't let me slip. But tag first base.

Then on to second Stay with me, Lord; 'Cause this one out, We can't afford, Like a flying bird, Right down the line.

And on past third. Then let me slide, With foot out-thrust, Across home plate Through swirling dust

But first of all, Dear Lord, I pray, Just tell the coach To let me play.

DON J. GATES

I hope this will open up the eyes of those who keep the boys as bench-warmers. They are not there just to warm up the bench, but to learn how to work and play together, which is very important in their lives today.

I only wish I had a boy to put in there. Being I haven't I will fight for those boys that are in the best way I can.
