

There ought to be a law, folks! That's my sentiment on this final day of April . . . a month that produced absolute frustration for The Smithy when it came to pursuing the little white ball around green pastures (better known as the game of golf).

There are no historians available to record these facts, but we played fewer holes of golf this past month than any April since becoming addicted to the sport back in the early '50s.

Worse yet, friends, the past weekend produced some absolutely gorgeous weather . . . just right for those who like the great outdoors (or at least that portion of the outdoors not blighted by creeping pollution).

So what happens? You guessed it! The Smithy came down with a cold that wouldn't quit.

I am not of faint heart, however. And the lateness of the spring only assures me that we will have a terrific fall.

The Showboat committee apparently is having its problems. We understand that getting a headliner . . . or headliners . . . for the Thursday, Firday and Saturday runs is becoming much tougher.

Worse yet, a report out of New York to the effect that Gary Puckett and The Union Gap, billed for the first three nights, are about to break up their combination.

...

I'm sure there are many others who share in the disappointment of the weekend, referring to Tony Curtis being charg-

ed in London with possession of marijuana. One of the best , ablic service campaigns in history featured Curtis in a series of commc. .ials and ads suggesting that you give up smoking cigarettes.

I got a kick out of it simply because I had joined the "unhooked generation" at about the time the ads first appeared and I know that they had a bearing on my own personal campaign to kick the habit.

Now this! It's kind of like hearing that a friend who gave up alcohol did so only because LSD was faster!!

Millage Vote Monday in Forest Hills

School millage proponents in the For-est Hills School District are completing a full-scale drive to get out a favorable vote in next Monday's special election.

Voters in the district are being requested to authorize the board to levy up to 15 mills for operating purposes for the next three years.

The same proposal was defeated on March 16 by a 113-vote margin, 994-881. A much larger turnout of the district's estimated 6,800 registered voters is expect ed Monday.

The Citizens Millage Committee, which has been conducting an all-out campaign to acquaint voters with the issues, mailed out 3,700 "fact sheets" during the past few days and will distribute another 2,000 by hand between now and election day.

The CMC also printed and distributed hundreds of colorful signs encouraging a "yes" vote.

Forest Hills board members and administrators also are concluding a series of special information sessions with residents to explain the necessity for a 15-mill levy.

The new tax, if approved, will replace a 13-mill levy authorized in 1968 that expired at the first of the year and provides for two additional mills required to handle increased enrollment and other expected cost increases. Included is a built-in pay hike for teachers under terms of the master agreement signed last year for a three-year period

Residents of Precinct I, which includes voters from Grand Rapids Township, the City of Kentwood, and the City of Grand Rapids, will vote at Collins Elementary

School, located just off East Fulton (M-21) at Greenbriar Drive.

Precinct II includes voters from Ada Township, Cascade Township and Cannon Township. The polling place for these resi-dents is at the Forest Hills High School on Hall Street north of Cascade Road.

Polls will be open from 7:00 a.m. to 8 p.m.

Any voter who needs additional information regarding these polling places may call the Administration Building at 676-9188

Ada Sewer **Costs Below** Estimates

BY SHIRLEY DYGERT In these days of escalating prices, it's a refreshing thing to hear that not everything costs as much as expected.

This was the case Monday at the Ada Township bi-monthly meeting when the low bid on a special sewer district came in at well below cost estimates.

It had been expected that the new sewer line, an extension along Thornapple River Drive from the existing sewer, would cost \$13 per foot, but Bierne Construction won the bid with a quotation of \$11.12 per foot.

Clerk Ken Anderson will notify all property owners in the special assessment district. Hook-up charges of \$160 will be charged. It is hoped that work may start in the immediate future.

A sewer administration ordinance to govern collection of fees for services and inspections was referred to the township attorney.

The township board also expressed interest in the cost of clean-up and operation of the township dump. Board members were advised that two dump operators have expressed interest in the proposal, but bids have not yet been received.

A resolution by And rson on behalf of the board members was read into the minutes. It expressed deep sympathy to the family of John Slanger, who died on Saturday morning. He was the township's first building inspector.

The township board accepted a bid for the purchase of a lawnmower for use in Findlay Cemetery at a cost of \$310.

acre site, located between 28th Street and Thornapple River Drive west of the village of Cascade, into a combination professional center and shopping area.

Included would be a medical center, nursing home, multi-purpose office buildings, a 300-capacity cinema-type theater, bowling alley, restaurant, museum and several stores suitable for retail operations.

Smith also hopes to construct a building that would house a permanent library facility for the area. According to the tentative specifications

there would be parking for approximately 700 cars in and around the complex.

Top Scholars Earn New Honors at Lowell HS

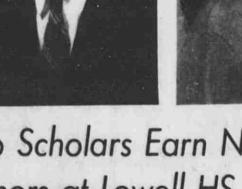

Outstanding scholastic achievement has earned new recognition for two Lowell High School seniors.

Principal Donald Kelly announced today that Robert Bewell, son of Mr. and Mrs. Richard Bewell of 2600 Bewell, and Luanne Blough, daughter of Mr. and Mrs. Noah Blough, are valedictorian and saluta-

torian, respectively, of the graduating Class of 1970.

Bewell heads his class with a point average of 3.968 of a possible 4.0 and Miss Blough was close behind with a mark of 3.945

The valedictorian is completing a busy high school career which includes membership in the National Honor Society, the Latin Club and the Varsity Club. He is treasurer of the senior class. Athletically, he has participated in cross country, basketball and baseball.

Clean-Up Week in Lowell Set for May 11-15

By proclamation of newly-designated Mayor Harold Jefferies, the period of May 11-15 will be known as Clean-Up, Paint-Up Week in Lowell.

Mayor Jefferies urges all residents to participate in the city-wide event, especially in view of the intensive campaign now underway to rid the nation of air, water and earth pollutants.

Residents are also advised that there will be daily trash and rubbish pickups. A schedule will be published in next week's edition of the Ledger-Suburban Life.

Mobile Home Park in City

Outlines Plan for 142-Unit

An advisory public hearing will be call-ed for May 25 during the monthly meeting of the Lowell planning Commission to discuss a 142-unit mobile home park proposed for construction in the City of Lowell.

The commisison indicated at Monday night's monthly meeting that the plan, as presented by developer Doug Dok, appeared to have merit.

Dok is requesting that a 20-acre site lo-cated between M-21 and Bowes Road west of Valley Vista Drive be re-zoned from A-3 and AA to C-3 to permit construction of the mobile home park.

Tentatively known as "Valley Vista Village," the park would ave limited access to busy M-21 and would be separated from all adjoining properties by a green belt, according to Dok.

knowingly start a fire without permission.

A 1.7-acre site in the center of the park would be devoted to recreation, including a swimming pool and tot lot. A portion of the site also could be used for a kindergarten class room facility if approved by school officials, Dok told the planning board.

"There is a general trend toward mobile home living throughout the country," Dok said, "and we feel our plan will offer Lowell an outstanding facility designed to fit the overall growth pattern of the city."

Most of the planner said the preliminary plan looked favorable, but agreed with Planning Consultant John Paul Jones that an advisory hearing be held to determine public sentiment.

The planners greeted another request from Dok with more reserve, this calling for a compromise in zoning of proposed Valley Vista No. 7 southwest of the Root-Lowell Manufacturing plant.

Dok is seeking a change that would permit platting of 158 lots varying in width from 70 to 79 feet instead of 147 lots, ranging in width from 75 to 84 feet, now possible under present A-1 zoning.

By decreasing the total lot size, Dok said, it would be possible to create a 2.4 acre site which he proposed be turned over to the city for recreation purposes. Jones said the recreation acreage could

be used as the city's portion of a 9.6-acre site desired for the area, 80 percent of which could be purchased by state funds.

When asked why a figure of 9.6 acres was being used, Jones said the site was approximately the size needed for an elementary school.

Jones said he felt the recreation site plan had merit in view of the fact that land subject to residential development seldom can be obtained once it is geared to new home growth needs.

The commission also forwarded to the city council a recommendation that the city ordinance on overhanging canopies be amended to permit extension 10 feet over

the sidewalk. This was at the request of Chuck Lippert, who appeared on behalf of Christiansen's Drug Store and the Chamber of Commerce. Lippert plans to remodel his store front along the lines of New Orleans' famed "French Quarter" and indicated that several other merchants will do the same as part of a Main Street renovation plan.

Forwarded to the Zoning Board of Appeals was a recommendation that a Michigan Bell Telephone Company request for enlargement of its building on North Hud son and a change in driveway and parking be approved as part of the company's expansion program.

He plans to continue his education and will enroll in a pre-medical course at Calvin College.

Luanne also has had a distinguished high school career with membership in the National Honor Society, the French Club and the senior high school band in addition to several elective class offices.

During her senior year she was named recipient of the Lowell Daughters of the American Revolution citizenship award and was chosen as Football Homecoming Queen. She will enroll at Central Michigan University.

C-C Hosts Open House on Friday

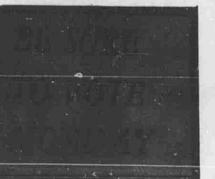

The "new look" of the Lowell Chamber of Commerce, which is spearheading a drive to revive the appearance of the city's Main Street, will be unveiled this Friday with an open house at the chamber's new office.

Located at 101 West Main (adjacent to Christiansen's), the office will be open between 1 p.m. and 8 p.m. Members of the C. of C. Board of Directors will be on hand to explain the function of the office and plans for the future.

One of the plans calls for construction of a new sign on 1-96 near the Lowell exit at Alden Nash pointing out the city's premiere summer attraction, the annual Lowell Showboat. A model of the proposed billboard will be displayed.

It also is planned to staff the new office with volunteers on a regularly-scheduled basis, including full-time during Showboat Week.

Under discussion are plans for a gigantic "Lowell Night," a Farm-City Day, creation of an industrial park and numerous projects of community-wide interest.

The parking lot behind the township hall has been graded and graveled. A question of drainage from the fire barn across the lot was tabled until further studies of the problem could be made.

A request by Darwin Nellist of the Kent County Road Commission for the transfer of \$1,500 from the general funds to the road fund was approved. These monies are to cover repairs and maintenance of the roads and a portion was for the building of the parking lot.

Building inspector Herman Stukkie was granted a car allowance of \$30 a month in lieu of former mileage payments.

Possible purchase of life insurance through a company sponsored and backed by the Michigan Township Association for members of the board and township employees was left open to further study.

Supervisor Fred Clancy announced he will write letters to all known owners of junk automobiles in the township advising them that they may have free haul-away if they have title to the automobile. A township ordinance declares such junk cars to be be illegal. For additional information, call 676-1158.

May 8 Deadline for Registration

The final day for registration to vote in the annual school elections to be held June 8 in the Lowell, Forest Hills and Caledonia School Districts is Friday, May 8. Residents in those districts may register with the city or township of residency no later than 5 p.m. on that day.

There will be two openings on the Lowell school board, with the terms of board president Dr. Robert Reagan and Dale Shade expiring. Dr. Reagan will again seek election to the board, but Shade has indicated that he will retire after seventeen years of service on various area school boards.

In Forest Hills there will also be two seats contested. The terms of Mary Helen Price, board secretary, and William Zoellmer, vice president, expire on June 30.

"Extremely lucky" was the term most frequently used by area police agencies following a crash Sunday afternoon involving a Kent County fire truck based in Lowell and a passenger car.

Of the eight men involved in the accident, only one was hospitalized briefly for injuries.

"It was a miracle nobody was hurt worse," said Fire Chief Frank Baker, who rushed to the crash scene at Vergennes and Lincoln Lake, a mile north of Lowell.

The truck, driven by Archibald Duncan, 62, was rammed broadside as it proceeded through a stop street while westbound on Vergennes. Witnesses said the truck's siren was blowing and its signal lights flashing. E reed was estimated at about 40 miles an hour.

A southbound car driven by Michael Mahon, 29, of Charlotte plowed into the truck. Mahon was treated for a dislocated left shoulder at Blodgett Hospital and released.

Ronnie Hoffman, 27, of Lake Odessa and Marvin Hoffman, 29, of Nashville, passengers in the automobile, suffered cuts and bruises.

Witnesses varied on the number of times the fire truck rolled after impact, but Chief Baker said the rig went over "at least one and a half times.

Duncan was thrown clear as were four other Lowell firemen. They were Terry Buck, 29; Robert Adrianse, 21; Tony Stormzand, 28; and Daniel Collins, 34. Collins suffered a fractured wrist.

The truck was responding to one of three grass fires reported within minutes of

another Sunday at noon as area firemen battled to combat what Chief Baker declared to be obvious cases of arson.

"There isn't much doubt that all five grass fires we handled Sunday in about a two-hour period were intentionally set off," he said.

Baker points out that new legislation is designed to severely penalize persons who

must make restitution for all loss of property, Baker said.

Congratulations and roses should go out to a lot of people whose efforts brought them honors this week. The Forest Hills Band took a first place at the state competition . . . Mimi Perschbacher and Joanne Valenti won first and second places respectively in the regional forensic contests and will go on to the state finals . . . Harriet Jones was elected Woman of the Year locally . . . Cascade Data Computer was selected as Product of the Year in the Region 8 area and will go to the state finals in that competition . . . Kris Bishop was elected State Youth President of the Michigan Disciples of Christ ... and the Forest Hills School District had every bus in its squad meet the high standards set during the 1969-70 state inspection. ...

There is still time on April 29, 30, and May 1, to view the construction materials at St. Michael's Church in Cascade which are up for silent bids. Goodies like wood paneled doors and walls, carpeting, stained glass windows, drawers and tile are all available. The old church is to be raxed to make room for a new one. Just pick out what you want, seal your bid in an envelope, and have tools ready for removal of your prizes over the weekend if you are successful. There will be someone in attendance from 12 noon to 9 p.m. each day.

Coming events include the Medieval Fair at Ada Elementary on Friday, May 1, 12 to 3 p.m.; "New Zealand," a travelog at FH multi-purpose room, 8 p.m. on Saturday, May 2; Music Association meeting at 8 p.m. FH multi-purpose room on Monday, May 4; FH Athletic Boosters Club meeting, Tuesday, May 5, teachers' lounge at 8 p.m.; Cascade-Thornapple River Association annual meeting Friday, May 1 at Cascade Elementary School at 8 p.m.

Last Sunday I tried a change, and three ladies came in and sat in the seat ahead of me. I spoke to them at the close of the service and learned that they had been coming there since last year-Mrs. Hoats and her daughters.

SPORTS ROUNDUP Net Team Sets Pace for Rangers

Forest Hills High's tennis team, under Coach Elliot Pearce, has lost only one league match this season, that to Kentwood, 3-2. Since that date, the Green and White net men have defeated West Ottawa 5-0, Wyoming Park 4-1, East Christian 4-3, and Rogers 3-2. In a practice match with Grandville on Monday, the team lost, 6-3.

Ten members of the squad will be taking in a free clinic being presented by the University of Michigan on Saturday morning. In the afternoon, the team will watch the match between the U of M and Iowa.

Recent golf results for the Forest Hills team show a loss to East Christian, 5-0. Terry Walker of the Rangers was low scorer with a 39.

Although Ron VanderBaan got a double and two singles in three trips to bat in the Forest Hills East Grand Rapids baseball game, and also pitched a five-hitter, he was the losing pitcher. 2-1

Jerry Ybema had 10 strike-outs and only allowed five hits. The losing pitcher was Kurt Dykhuisen. Steve De Fouw and Scott Vashaw also pitched for the Green and White. Because of so many previous rainouts, the Forest Hills team will be playing a total of five games in four days this week. There were to be single games on Wednesday, Thurs-day and Friday and a doubleheader at Lowell Saturday beginning at 1:15 p.m.

Lowell High School's baseball team will play host to neighboring Forest Hills in a doubleheader this Saturday afternoon

The Arrows, who also are scheduled to face Comstock Park his Thursday at 4:15, entered the week's play with a 2-5 record overall and a 1-4 mark in the Tri-River Conference.

Lowell split a pair of decisions in its last two outings, taking a 2-1 decision from Cedar Springs before bowing to Beldng in a "pitcher's battle" by a 13-12 score.

Arrow Thinclads in Rare Deadlock

Lowell High School's track team, under new coach Chuch Bostrom, came up with a rarity this week when the Arrows emerged from the Greenville meet with a 59-59 tie. Leo Harden was the top point-getter for the Arrows, post-

ing victories in the 100-yard dash and the 180-yard low hurdles and running a leg of the winning sprint relay team. Lowell took first place in nine of the 14 events, but lacked

Greenville's depth. Ted Hoseth was a double winner for the Arrows in a 72-47 loss to Sparta, capturing the long jump and 440-yard run. Har-den won the 100-yard dash and was on the successful sprint re-

Bob Bailey won his specialty, the shot put, in both meets. Coach Bostrom says the team is showing constant improvement and expects the Red and White thinclads to improve upon their record of 1-1-1 as the season progresses.

LHS Golfers Set **Record** in Victory

Three straight victories, one of them featuring a new school record, have boosted Lowell High School's golf record for the 1970 season to 7-4.

Coach Al Rowe's linksmen blanked Belding and Coopers-ville by 5-0 scores after whipping Cedar Springs, 4½-½. The wins were scored at Arrowhead GC.

Lowell put together its best team score in history, firing just 157 strokes against Coopersville with Jon Schwacha medalist at 39, followed by Tom Koewers and Tom Gless at 39 and Bruce Boyce at 41. Dale Kropf fired a season-low 37 against Belding. He was

Home Ec Workshop for Area Slated May 1

A workshop for home economics teachers and student teachers will be conducted for the Grand Rapids area May 1 at Cedar Springs High School.

The workshop, which is sponsored by the CMU Depart-ment of Home Economics, Family Life and Consumer Education, is designed to strengthen laboratory teaching experiences. Home economics and industrial education student teachers from CMU will relate the effectiveness and experiences of their student teaching during a panel discussion in a morning session of the workshop. A second morning session will deal with how to make student teaching more meaningful.

Following a luncheon, workshop representatives will hear Dr. Helen Lore of the CMU Home Economics Department speak on "Charge Now, Cry Later." Her address will stress concepts in consumer education that high school students should understand in order to obtain better use of money. Home economics teachers from Lowell, Belding, Cedar Springs, Clare, Grand Rapids, Ludington, Mt. Pleasant, Sparta and Wyoming will participate in the workshop.

LHS Future Teachers

to Attend June Seminar David Blanding and Dave Triplett, both Lowell High School juniors, will be participating in the 5th Annual Michigan Fu-ture Teacher Washington Seminar scheduled for June 15-20. They will be representing the Lowell High School Chapter of FTA, sponsored by Mrs. Keith Avery.

The Washington trip will include, one the noon of departure, luncheon with Governor William Milliken, and a visit to the MEA Headquarters in East Lansing and the State Capitol.

The boys will fly to Washington where they will breakfast with the Michigan Congressional delegation. The week's activities will consist of briefings at the Office

of Education, U. S. State Department, and other governmental agencies. Guided tours of the Capitol, and orientation sessions at the NEA Headquarters are scheduled.

The five-day experience is sponsored by the Michigan Education Association, the National Education Association's Trav-el Bureau, the MFTA Advisor's Council and the MEA Board of Directors.

State Records Worst **Road Toll in History**

Michigan's traffic toll in 1969 was the worst in its history. with 2,487 persons killed and 175,400 others injured in 331,-223 accidents, all record high totals, according to the State Po

lice traffic division final figures. Compared with 1968, deaths were up 95 or four percent, injuries increased 14,987 or six percent, and accidents rose by 25,728 or eight percent.

The previous records for deaths and injuries were the 1968 totals respectively of 2,392 and 160,413 while the previous high accident mark was 310,598 set in 1965.

The death toll was the sixth in a row and the ninth since record-keeping began in 1933 to exceed the 2,000 level. All exposure factors were higher. Registered motor vehicles

numbered 4.56 millions, up 5.3 percent. Licensed drivers total-ed 5.1 millions, up 1.6 percent. Estimated vehicle mileage gained 5.9 percent to 50.9 billions. Despite the increase in exposure, the death rate of 4.89 per

100 million miles of travel was down slightly from 4.97 in 1968 Other low rate years have been 4.6 in 1962 and 4.7 in both 1958 and 1967.

Michigan's economic loss resulting from traffic accidents approximated half a billion dollars for 1969, up 7.3 percent from \$465 millions the year before.

To The Editor

On Monday, May 4 the aware people in Forest Hills school district will vote for operating funds: 13 mills to replace expiring millage plus 2 additional mills-the same issue which the voters rejected March 16.

In requesting 15 mills Forest Hills school board, in its official publication FOCUS dated March 3, 1970, projected a budget increase of \$300,000 or less each year for the next three years. Shortly thereafter, Forest Hills Schools' superintendent stated that approval of 15 mills would give the district \$125,000 more for operating funds (Ledger-Suburban Life dated March 12). Now however, the Citizens Millage Committee reports that this same millage request will account for nearly \$440,000 (Ledger-Suburban Life dated April 23). Which statement is correct-that of the school board, the superintendent or the Citizens Millage Committee?

The Citizens Millage Committee also reports that the \$7.4 million increase in assessed valuations this year would only yield an additional \$96,000 based on a 13 mill levy (Ledger-Suburban Life dated April 23). But, if that \$96,000 were added to the \$26,000 received from the sale of the old Ada school and the \$10,000 received from the sale of the old Egypt Valley school, the total would surpass the \$125,000 referred to by the superintendent. Why then, the additional two mills?

But then, the board doesn't sell old schools every year. What about next year? Gentlemen, have you noticed the million dolar motel complex under construction on Cascade Road next to the expressway? Or Union Bank's new Data Processing Center being built on 28th Street? Or Old Kent Bank's new location in Cascade? Plus the now-completed Howard Johnson motel and restaurant? All these commercial establishments will contribute taxes, not students, to the schools next year and they're all in Forest Hills school district!

I suggest that at a time when the stock market has hit a six year low; when the unemployment figure in Kent County hovers around the 7% mark; when the individual's dollar is constantly eroded by the ever increasing cost-of-living, it's time to be aware. Please be aware of what you are voting for in Forest Hills school district on Monday, May 4. Be aware, but VOTE! Yours truly,

Joan Niles (Mrs. Charles M. Niles)

There is a double portion of exceitement for the Forest Hills Band members this week. The dessert follows a year of preparation of musical fare

The band won the regional competition in March allowing it to go to the state finals on Saturday, April 25. There the judges deemed its menu so palatable that the Rangers captured first place. The Festival was held in Fenton, Michigan.

Upon their return the members, under the direction of Marion Sanderson, learned that the organization had been selected to be the lead band in the Youth Commonwealth parade on Thursday, April 30, in Grand Rapids. This parade is the tra-ditional beginning of the Old Newsboys's Day which, in conjunction with the Varsity Club, give proceeds for boys' camp-

The "First" rating awarded to the band at the State Festival was made after three selections were played and a competition in sight reading was held. The numbers chosen by the band were "Army of the Nile," a march by Alford; "The First Suite in E Flat," by Holst; and "Sonatina For Band," by Giovannini.

Following those selections, the band was instructed to compete in a sight reading at which time they played a march and an overture

The Forest Hills Band consists of eighty-seven members which is about average in the state class A competition. There were fourteen other bands competing for the honor which was awarded to Forest Hills.

WANTED **DIETERS WHO LOVE SWEETS**

Finally, there is a new diet which has been tried successfully by a select few people, and quite frankly, we're interested in a particular kind of person and no one else You are the person with a weight problem who loves sweets and who cringes at the mere thought of walking by a bakery. For perhaps the first time in the history of dieting, a new diet is being offered which reduces or eliminates a person's craving for sweets. It is one of the easiest type diets ever offered. There are NO starvation requirements. In fact, when you are hungry, you can eat such foods as veal parmesan, pot roasts, spare ribs, lamb chops, steaks, beef stew, lamb stew, veal stew, pork chops, polish sausage, ham, tossed salad with roquefort dressing, potatoes and asparagus with hollandaise sauce. After the first few days you will be well on your way toward a noticeable weight loss. But most important, after one month you'll be eating the food you want because you won't desire sweets. It was only recently that the combination of certain ingredients was found to reduce one's craving for sweets. The most important thing is that you really do crave sweets. If you'll admit this has been a basic problem in your past dieting, then you will be one of the select few who will want the SWEET TOOTH DIET. There is only a limited supply of copies available, so please don't tell your friends about this diet, especially your friends who love sweets! They Worked to Make Our Earth a Little Cleaner...

While other students and teachers were involved in teach-ins and discussions on how best to help clean up this old world of ours, youngsters from area schools went out last Wednesday and made things a little brighter for "EARTH DAY." At Lowell Junior High (upper left), the fifth grade creative writing class is shown in an original skit depicting the year 2001 ... with a computer serving as the teacher. Lucinda Homer's poster (above) won a price for the seventh-grader with eighth graders Robert Payne and Sue Condon second and third. Above right, fifth graders are shown as they stopped at the Scout Cabin collection point to deposit trash picked up alongside area roads. Third grade students from Bushnell School (left) also were busy collecting bits and pieces of waste materials on city streets. School officials declared the "day" a huge success.
