Members of the Lowell City Police Department, regular officers and reserves are shown here and listed but not in order in the picture. Chief Barry D. Emmons, Sgt. Jim Hutson, Officers Al Eckman and Steve Pace; Reserve Officers Sgt. Art Farley, Larry Polon, Ray Jones, Herb Haines, Cary Rash, Bill Ellison, Ed Ling, Wendall Tate, Mike Kooistra, Pete Vanderhook, Reggie Grooms. These men stand ready to serve the citizens 24 hours a day, they have received police, traffic and first aid training and make a wonderful contribution to the safety of every Lowell citizen.

LOWELL POLICE OFFICERS PERFORM GREAT PUBLIC SERVICE

In his annual report to the citizens of the City, Police Chief Barry Emmons revealed that, "Traffic within our city has shown a marked increase during the past year; the year was completed with less reported accidents and without a report of a fatal or serious injury traffic accident."

Also mentioned in the report was the fact that the local department completed the year with the same four full-time officers that started in January 1970.

The Lowell police department had a budget of nearly \$40,000 in 1970 and the salaries of police officers were advanced to try to bring department salaries up to the level of surrounding communities and to keep pace with inflation.

Lowell Police Reserves

Of great value to the safety of the citizens of the community is the work of the Lowell Police Reserves. There are 11 members of the reserve force; they help full time officers when called. In case of emergencies, sickness or training school time for full time officers and when a larger force is needed for special occasions, the reserve officers serve the community. During the period from August 1 through December 31, when records were kept, the reserve officers donated 1,323 hours of time to community help. When they take over the duties of full time officers they are paid; for this same period they had 397 hours of paid time.

Among the projects of the reserves was to acquire a boat and trailer, now available for use in emergencies; a second boat is being reconditioned at the high school for city use. The reserves also held a Western Mule-Gram ball game and raised some \$300 to buy uniforms.

Police Chief Barry Emmons in his report said, "The Lowell Police Reserves have been a great asset to me as Chief of Police and to the City of Lowell; I feel that without their services my job would be much harder to perform."

Highlights of Year

The Lowell Police department answered 1,385 calls and complaints during 1970; they drove their two police cars a total of 81,833 miles. There were 411 running violation tickets issued, 87 property damage accidents policed, 319 parking violation tickets were issued. The police arrested 6 reckless drivers, 43 drunk drivers and had to appear in court 87 times. Not everyone who is stopped is arrested; in 432 cases, drivers stopped for running violations were given warnings.

There were 35 stolen property complaints investigated, 41 cases of recovered property, 38 larceny complaints, 163 arrests and 58 warrants issued. On 149 occasions, the local police went outside the city to answer calls for the sheriff's department or assist other departments.

Training Activity

Officer Steve Pace successfully completed the basic training prescribed by the Council and has otherwise fulfilled the requirements for a certificate.

Officer Al Eckman successfully completed two hundred and forty-two hours of Investigative Training as prescribed by the Region Eight Investigator Training School.

The total department has started a series of one-day, in-service seminars on Auto Theft, Juvenile Laws and Procedures, Traffic Accident Investigation, Homicide Investigation, Handling Mental cases and domestic calls, Liquor Law Violations, Public Relations and Self-Concept, and Report Writing and Court Case Preparation. Sgt. Farley of the Reserves is attending some of these seminars.

Chief Emmons successfully completed a basic school for Arson investigation.

The entire department attended a school in Fingerprinting at the Kent County Sheriff Department.

Chief Emmons attended a one-day seminar on Drug Abuse and is now attending a 2-week Federal-sponsored Drug Abuse School in Grand Rapids.

After February 28, 1971 the entire Police Department will be trained in advanced Red Cross first aid.

During the past year, the members of our department have made a concerted effort to increase and improve our contact and relationship with the younger generation.

Al Eckman has been very active in the YMCA program, also has on his own time gone to the schools and conducted classes on safety and Police relations.

Chief Emmons and Sgt. Hutson have on several occasions given talks in the Lowell Schools.

Council Votes To Drop From Michigan Week Exchange Lottery

The Lowell City Council voted at Monday's regular meeting to notify the Michigan Week Mayors Exchange Committee that the city would not participate in the exchange lottery. Instead of this type of exchange, the manager has a proposal from the city of Portland to a mutually acceptable exchange. Plans now are to have Lowell officials and department heads visit Portland on one day and the Portland counterparts to come to Lowell on another day. City Manager Bacon is working out the plans with the Portland manager.

The council also voted to implement the second step of the pay increase for city employees which was part of a plan agreed to last October. The city employees were voted a step increase in November and now the second step will add approximately another 4% on March 15.

Lowell Showboat Committees Organize

At the Showboat board meeting last Monday night the dates for the 1971 Showboat were set for July 26-31.

Two committees were appointed. Chuck Lippert, Larry Wittenbach and Mike Doyle are to investigate all possibilities for advertising and promotion. Roger Roberts will head the committee for entertainments with members Terry Bambrick, Gordon Gould, Keith Caldwell, and Dr. Clark Vredenburg. These two committees are to make their recommendations at the next board meeting on February 23, at which time new officers will be elected.

The Annual Showboat-Chamber of Commerce dinner will be February 18 at the Lowell United Methodist Church at 7 p.m. New board members will be announced at this time.

Anyone interested in lending a hand in the work involved in making Showboat a success should attend the annual meeting or contact any board member.

Hold Mobile Park Hearing

A public hearing on a strict mobile home park ordinance was held at Monday's meeting. The only person appearing at the hearing was Jack Bowie, a Grand Rapids attorney, who represented Lowell Development Co. He requested that action on the ordinance be delayed until construction was started on the already approved mobile home park Lowell Development Co. plans. Changes in the plans for the park have increased the lot sizes and thus reduced the number of spaces for trailers from 144 to 137. Because of these changes to meet FHA standards, the construction has been delayed. The council voted to ask the planning commission to review the mobile home park ordinance again and perhaps hold a public hearing before the commission if the city attorney rules that this is necessary.

In other action the council authorized the city to enter into a contract with United Appraisal to make appraisals of 47 new homes built in the city during 1970 along with 133 other properties that have been built or remodeled during the year. United Appraisal is the same company that reappraised the entire city in 1969.

The manager was given approval to purchase an oxygen mask and tank unit for the fire department; this will give the city firemen two new breathing units. Councilwoman Virginia Myers was named "Legislative Contact Person" for 1971.

Increased Sewer Assessment Approved

The increased sewer assessment for High Street and Foreman Street was approved by the council. Because of the cost increase over the original estimates, the council authorized the manager to offer the property owners ten years instead of five to pay the assessment and a reduction in the interest rate from 6% to 3%.

Social Security Relies On Newspapers To Inform Public

The Grand Rapids Social Security District Office serves eight counties, currently paying benefits to approximately 115,000 retired, disabled, and surviving individuals each and every month. These benefits amount to more than \$9,000,000 monthly, according to Raymond C. Backus, District Manager.

Mr. Backus often asks himself whether the newspaper readers in any given area realize how important their home town news media is in maintaining a well-informed public. After all, how do you reach 690,000 people to let them know their rights and responsibilities under this ever-changing program called Social Security?

Mr. Backus estimated that in the service area covered by the local district office, less than 4% miss out on any benefits they might be entitled to. He credits the newspaper along with radio and television for this successful story.

Mr. Backus also stressed that this informational service on the part of newspaper editors, television and radio staff managers is done entirely at their own expense, and it is only through their generosity and people caring for each other that the social security message gets the wide and responsible coverage it merits.

Mr. Backus also pointed out that quite often newspapers carry photographs of local personalities whose experience with social security draws attention to others in the community of possible benefits they might not have been aware of. This, of course, is an additional expense born by the newspaper editor, especially in smaller communities where it is necessary to engage the service of a professional photographer.

As we enter the new year, Mr. Backus means this brief message to be a "thank you" for the many services rendered by our news media. The Grand Rapids District Office is extremely grateful.

LOCAL ARTIST — Keith Avery, to show painting at Tucson Invitational Exhibition.

Keith Avery Honored

La Fiesta De Los Vaqueros, the big winter celebration in Tucson, Arizona, will hold their first art exhibition in February. The exhibition, which will depict the saga of the cowboy from earliest times to the present, will have paintings from such famous western artists as Charles M. Russell, W. R. Leigh, and Frank Tenney Johnson, whose western nocturnal paintings are considered to be the greatest in the world. The paintings will all be loaned from private collections from all over the United States.

Keith Avery, local artist and teacher in the Lowell High School, has been so honored and will be represented by his painting of Major Reno, a bucking horse. Major Reno was Bucking Horse of the Year in both 1968 and '69. The painting is now owned by Mr. and Mrs. Mel Potter of Rapid River, Wis. and Tucson, Arizona. Mr. Potter is president of Rodeos, Inc., producers of the Wyoming, Mich. rodeo. The painting will be the next program cover for Rodeos, Inc. and will also be featured in the July issue of Western Horseman Magazine.

The Fiesta celebration will reproduce four paintings in color for their program covers and Keith's "Major Reno" will be one of them.

Young 'Robin Hood' Wins Championship

STATE CHAMPION — Lori Mathews with her prize winning bow and arrow.

Nothing succeeds like success, they say, and bringing home a trophy provides the evidence. Lori Mathews knows that thrill now. She became a state champion last week. Out of a field of eight girls from all over Michigan in the eleven-and-under age group, Lori took first place in archery as she zinged to the top in a state tournament in Lansing.

It takes a steady hand and a good eye to bring home the prize in competition. The total number of points possible in the two rounds of thirty arrows shot was 540. Lori captured the championship with 392 points. Her two rounds were 184 and 208 which means that she shot all 7's and 9's or in other words, all of her arrows were in the ring just outside of the bull's eye or in the bull's eye itself.

The unusual aspect of this feat is that Lori began her archery career as recently as last July. In the waning summer days, she practiced nearly every day, but since school has claimed so much time, Lori works out on Wednesday evenings only. She practices with the junior and senior high school teams at Forest Hills where the archers are known as the Ranger Bowmen.

Lori uses a bow with a twenty-five pound pull. Her arrows are twenty-four inches in length with fifteen-sixteen inch shafts. Lori's highest score to date for a round of thirty arrows has been 216. Her ambition now is to continue to improve and someday perhaps fill a trophy case.

Lori is the daughter of the Charles L. Mathews, Cascade Road, S.E.

Former Baptist Minister Accepts Call

Keith Melver, former pastor of the Lowell Baptist Church for many years, has accepted a call from the First Baptist Church of North Branch, Mich., just north of Lapeer.

He will assume his new duties the first week in February. The Melvers stated that they will miss their many Lowell friends and want to extend a cordial invitation to everyone to come for a visit.

There are 100,000 horses in Michigan, and they represent a \$250 million business, according to Dr. Richard J. Dunn, MSU extension specialist in animal husbandry, who is in charge of the short course.

POLICE REPORT.

LOWELL MAN CAUSES 4 CAR ACCIDENT

Mathew Ernest Gould, 21, of 4836 Murray Lake Avenue, Lowell, was arrested at 12:55 a.m. on Sunday, January 17, following a 4-car accident occurring on east Main Street.

The police report states that Gould struck the rear of a car driven by Lawrence C. Fiebig, 2540 Meyer Avenue, Wyoming. The impact caused Fiebig's vehicle to strike a parked pickup truck. Gould's vehicle then traveled across the street and struck another parked car. All 4 vehicles had to be towed away.

Gould was arrested for being intoxicated in a public place and lodged in the Kent County Jail following treatment in a Grand Rapids hospital. He later bonded out and was scheduled to appear in Judge Joseph White's court on Wednesday, January 20.

County Roads Get \$7 Million

The Federal Aid Highway Act of 1970 has allocated \$10.7 million for use on county road systems in Michigan for the 1971-72 fiscal year, the State Highway Commission has announced. Kent County will receive \$1,906,661, Ionia County \$653,651.

Of the \$10.7 million, 66 percent—or \$7,052,036—has been provided by the Commission to individual counties on the established distribution formula based on land area, population and county road mileage. Counties also receive 34 percent of the gas and weight taxes collected in Michigan.

The 34 percent balance, allocated to the Department of State Highways, will cover planning and research costs on all county projects; and some construction on the State's secondary road system.

County secondary roads eligible for the federal funds are usually the more important county roads that serve as connectors between state highways and between cities and villages. The individual county allocations are disbursed to counties on a reimbursable basis by the Highway Department for specific construction projects approved and processed by the Department.

Individual county allotments range from \$27,691 for Keweenaw to \$768,952 for Wayne County.

Forest Hills Hi-Lites

BY SHIRLEY DYGERT

In these times, when a third of the nation is constantly on the move, it's sometimes hard to keep up with old friendships. So it seems rather unusual to find that four 1967 FHHS grads are still together. Sharing an apartment in Ann Arbor where they are students at the U of M are Tim Moore, John Gromer, Mark Jason, and Steve Hoyle.

At the January meeting of the Cascade Businessmen's Association, the new president, Dr. Tom Davis, set the keynote of the day by explaining the informality desired among members. This rapidly expanding organization now issues name tags to members and guests because the luncheons have become so well attended.

One of the factors that has made the meetings popular is the fine quality of programs offered. Half-apologizing for his subject, Lee Patterson, township supervisor, discussed the current tax problem. He found an interested audience and probably some who will take him up on his offer to pursue the matter further. Lee feels that a new structure in local taxation is necessary and probably inevitable.

The CBA has instituted an innovation at its meetings. There is a drawing each month for those who wish to participate. Prizes are offered and paid for from the fund collected. The balance of the monies will be placed in a separate account from which it will be used on a community project. The board has made several suggestions which will probably be offered to the membership at the next meeting to be held on February 10, 1971.

Forest Hills' girls' basketball team has a home game coming up on Tuesday, January 26 against Rogers. That will be the first of five games. They will also be held on January 27 and 28 during regular school hours. On Friday, however, there will be no school for the senior high students.

Other events coming up will include the OK League choral festival at Rockford on Monday, January 25, wrestling at home against Kentwood on January 28, and basketball at East Grand Rapids on January 29.

Also slated for Monday, January 25, is the Forest Hills team's turn on the High School Quiz Bowl via TV. You can watch it on Channel 13 at 8:30 p.m. The wits of Sue Hagerman, Tom Botham, Greg Strazisar, and Steve Vonk will be matched against another high school. If they win the original round, they will be returned for another match later.

Alternates for the above team include Amy VanderStoop, Neil Weathers, Mary Lane, and Tom Cribley. All of the contestants were chosen following trials at school. We wish them well.

Looking ahead: The Women's Guild of St. Robert's Church is planning a program of wig fashions to be open to the public on Tuesday, February 2, at 8 p.m.

It's time now to plan for the next Booked for Lunch program to be held on Thursday, February 4. The unusual book review and luncheon arrangement sponsored by Friends of the Library at East Grand Rapids has proved so popular that two reviews will be held. The early coverage of "Nixon Agonistes" by Barb Amberg will be at 11:45 a.m. The second review of the same book written by Garry Wills, will be at 1:00 p.m. Reservations for the luncheon, which costs a mere \$1.00, may be made by calling 949-2110. Take a friend.

While Lori Mathews was winning a trophy for first place in a state archery tournament last week, Lee Champion brought home the honors for fifth place in the intermediate division and Bill Dangl captured fifth in the junior division.

Forty-five students from Forest Hills High School will be attending the OK League massed choral festival on Monday, January 25 at Rockford. This is the third annual event of its kind. It is expected that over 550 voices will be raised in song together in several numbers under the guest conductor, Melvin Larimer, of Olivet College.

The concert, which is free and open to the public, will bring together high school choirs that have been rehearsing their parts for several weeks. Choral numbers, difficult for small choirs to do alone, will be possible with the larger group.

The Forest Hills students with their director, David Gillett, will leave the campus at approximately 12:30 p.m. on the day of the concert and upon arrival in Rockford will rehearse with other choirs. Time has been planned for the students to renew old acquaintances and for dinner. The evening's entertainment is scheduled to begin at 7:30 p.m.

Fire Losses in Cascade Twp.

The chief of the Cascade Township volunteer fire department, Grover Brattick, presented his year-end report to officials of the Township Board at a recent meeting. The twenty-six man force fought a total of 96 fires in 1970, of which eleven were in dwellings, eleven were automobile fires, and forty-five were attributed to grass, brush, and forest fires. There were no fatalities.

The total value of property destroyed by fire in the township was \$13,450 and the loss to contents of buildings was \$2,213. Other losses brought the total for the year to \$19,178. Permits for building new dwellings in Cascade Township during 1970 amounted to ninety-four, with another fourteen issued for industrial and commercial growth. The value of the dwelling permits, according to Building Inspector Stewart Bradley, amounted to \$2,393,925 and for the industrial buildings, \$1,576,800. Added to these permits were others for remodeling of garages and small buildings which brought the grand total to \$4,085,925.

Michigan Accident Death Rate Down For 1970

The State Police estimate that when all 1970's highway fatalities are accounted for Michigan will have the lowest death rate per 100 million miles in its history—4.2% or 9% lower than the 1962 record. The number of deaths fell 13.3% (corrected) from the previous year. More data: There were 188 fewer deaths on weekends—a 20% reduction—and week day deaths were down 9%. The drop in week-end deaths accounted for 56.8% of the total reduction. The State Police said that for 11 months of 1970 the number of fatal accidents involving a drinking driver appeared to have dropped one percent to 42%. Arrests for driving under the influence of alcohol were up 12% for the year.

UNDERACHIEVERS LAMPOONED

Remember Elephant jokes and Shaggy Dog stories? Well, now the National Lampoon Magazine has launched what it hopes will become a new craze. "Underachiever jokes!" Here are a few samples:

- Q. What's the favorite card game of underachievers?
- A. 21 Pickup.
- Q. What's a good present for an underachiever who has just graduated from kindergarten?
- A. An electric shaver.
- Q. What's an underachiever tongue-twister?
- A. "Mania."
- Q. What will provide many months of reading pleasure for underachievers?
- A. A "STOP" sign.
- ... and I think we will with that one. If you think you can top these or (who doesn't), drop a line to the underachieving editors of the National Lampoon Magazine, 635 Madison Ave., New York, N.Y., and embarrass them with your own efforts.

FHHS Variety Show Scores A Big Hit

STEVE SHUSTER - Treats the audience to a Bill Cosby imitation.

Following the success of "Spinning Wheel," the first variety show to be produced by a junior class, the officers of the class of 1972 at Forest Hills High School have decided to use the proceeds toward the junior prom and for donations to other activities of the student body.

According to Sue Hagerman, vice president of the class and originator of the idea for the show, this year's presentation will become the first annual event of its kind. Succeeding junior classes will be able to capitalize on this financial enterprise which was enthusiastically enjoyed by performers and audience alike last Friday evening.

MARY VALENTI - Dances to the theme song of "Spinning Wheel." GREG WINTERS - Does imitation of Dean Martin, "Take a Cigarette and All."

Letter of resignation from Planning Commission by Commissioner Robert E. Reagan. (See MOTIONS-RESOLUTIONS)
Request from Planning Commission for clarification of resolution by Council on December 7, 1970 pertaining to proposed access road between M-21 and Foreman Road. No action taken; new resolution will be prepared for the second January meeting.

Michigan Department of Treasury informing Manager Bacon that he had successfully passed the Basic Assessor's Examination of the State Assessors' Board.

Official Notice of the Annual Legislative Conference of the Municipal League to be held February 24-25 in Ann Arbor, for Councilmen, Mayors, Managers.

Grand River Watershed Council meeting in Grand Rapids on January 18, 1971, in two other cities January 19 and 20, re soil conservation.

NEW BUSINESS

PUBLIC HEARING on revised Special Assessment Rolls for Special Assessment District No. 13 - Foreman Road Sewer - and Special Assessment District No. 14 - High Street Sewer.

Manager Bacon explained that his estimate was based on using city forces to make the sewer and water installations on Foreman Road. High Street and Grand Avenue to the Senior Citizens Home and he used figures from a similar installation made two years previous. It was later decided it might be more advantageous to put the three projects up for bid. Several bids were received, the lowest combined bid submitted by Bieri Brothers. The low bid, being considerably lower than the next one, was accepted. The Manager stated that the price of materials had advanced sharply during the last two years, that an error in footage on the plans existed - these were the chief reasons for the fact that the actual costs in both Special Assessment District 13 and 14 far exceeded the original estimates.

Residents from both Foreman Road and High Street were present and strongly protested being assessed that amount over the original confirmation. One resident of Foreman Road suggested that only 25% of the overage be assessed to the property owners. All others insisted that the City absorb all the cost over and above the original confirmation.

Councilmen Reynolds and Myers suggested that the Manager investigate to learn how other cities have handled such matters and that action be deferred for this reason. Mayor Jefferies stated that only the property owners benefited from these sewer main installations and a precedent would be set for future special assessments if the City paid for the excess. Property owners in other special assessment areas which have recently been completed would also justifiably object. Councilman Anderson suggested that perhaps the rate of interest could be reduced from 6% to 3% and the principal spread over a greater span of time than five years. The Public Hearing was closed and no action taken.

Recently enacted State legislation calling for city elections in November of the odd years was discussed at length. By voting on it, the City could stay with the April Election. Manager Bacon expressed the opinion that the November Election would be more advantageous than the April Election in many respects. By taking no action at this time Council would go to the November election but could, by ordinance before April, set council members' terms at other than four-year terms for all members, in the Manager's opinion. It was decided to adjourn the present meeting to 1:30 p.m. on Tuesday, January 5 for confirmation of this information on Act 239 of 1970.

MOTIONS AND RESOLUTIONS

IT WAS MOVED by Reynolds, supported by Mueller, that the Mayor's appointment of Gould Rivette to fill the unexpired term of R. E. Reagan, DDS, on the Planning Commission, be and hereby is confirmed.

JUST OUT OF REACH - Of Lowell Forward, Denny Kissinger, was this shot by Ranger, Rick Wagenaar.

RANGERS TAKE ARROWS 76-60

Last week's basketball schedule for Forest Hills saw one win, one loss. The defeat was at the hands of Kentwood whose team had too much speed and height for the Rangers to get close to them. The final score was 86-73 with quarters scores at 24-24, 16, 14, 23-17, and 21-28.

Field goals for Forest Hills were credited to Ted Zuiderveen who had 9 for 16, Ron VanderBaan 9 for 21. VanderBaan also had 8 of 11 free throws. Rebounds were credited to Rick Wagenaar 14, and VanderBaan, 12.

The Rangers reversed the win-loss column during the game

with the Red Arrows by taking it 76-60. Quarter scores were 18-15, 27-8, 13-15, and 18-22. Zuiderveen made six of twelve free throws for twelve points, VanderBaan racked up 29 points, making ten of twenty-two free throws and fourteen rebounds. Dirk Van Westreinen totaled 11 rebounds and Wagenaar scored 10 and 17 points in free throws.

The point lead in the third quarter totaled 20 for the Rangers, but Lowell's press cut it too light. Forest Hills subsequently found the range and won the competition on the home floor.

FH WRESTLERS WIN THIRD PLACE

In the wrestling match against Grandville last week, the Forest Hills team lost to the opponents 32-12.

157	Jim DeShane	Lost on pin
169	Jim Salzwedel	Lost on pin
187	Steve Shuster	Lost on dec 9-6
UL	Dave Buell	Lost on pin

Following fourteen consecutive tournament wins in either first or second place, Forest Hills dropped to third in the Tournament of Champions held at Catholic Central last week. First and second places went to Fruitport and Lowell respectively. An injury during his second match to 137 pound Steve Shuster removed him from contention. He will probably remain in a cast throughout the balance of the wrestling season.

Wins were recorded by Sypien who became Champion in the 100 pound weight class and McGarar who was crowned Champion at 134 pounds. DeShane and Price each took a second place honor and Deibel was third in his weight group.

On Thursday, January 21, the Rangers will meet the Godwin team there.

LOWELL CAGERS DOWN REDSKINS IN CLOSE GAME

By Brooke Johnson

The Red Arrow Cagers won their first victory of the season in a hard fought 2 point win over the Belding Redskins last Friday night, 54-52.

The Arrow defense was certainly one of the most sparkling of the season; it allowed only two Belding players to total over seven points.

The Arrows led throughout the first period with most of the scoring done by Center Denny Kissinger who put in four baskets.

The Redskins won back the lead and the Arrows were down two points at the intermission.

The Arrows 1st half defense, a full court press, had worked with varied results as it forced several turnovers, meanwhile putting several players into foul trouble.

Center Denny Kissinger led the Arrow Boardmen with 15 points; he also accounted for a large number of rebounds.

Lowell forward Denny DeWitt came alive in the second half showing some fine ball handling and tough defensive effort. DeWitt netted 12 points.

Guards Blake Johnson and Chris Collins totaled nine points and five points respectively, and both held opposing Belding guards at a four point combined total.

The Arrows outscored the Redskins by seven points in the 3rd quarter and led by five going into the final period.

The Redskins put on a final desperation press, which started to show results, but was snuffed two points short. The final score was 54-52.

LOWELL VS. FOREST HILLS

Lowell Cagers took on the Forest Hills Rangers the following night in a non-conference game which ended with the Rangers on top 76-60.

The Arrows began the first period with a quick lead helped along by seven of Denny DeWitt's 15 first half points.

DeWitt picked up three more points to make his game high total 18 before fouling out in the 3rd.

The effects of two games in a row began to show in the second period in which the well-rested Rangers picked up nine of their 20 charity points. The Ranger's press picked up several points and put the Rangers out front 45-23 at the half.

The two defenses took over in the 3rd period with both teams held to a minimum.

Denny Kissinger was second high scorer with 10 points.

The final period began with the Arrows down 20 points.

Guard Chris Collins hit for six points in the 4th quarter. The Arrow's defense earned back four points by the end of the game but were still behind 60-76.

The Arrows will host the Greenville Yellow Jackets this Friday night at 8:00.

CENTER MIKE OBERLIN NO. 31 - Makes his bid to block the shot of Ranger forward Rick Wagenaar.

JV'S LOSE THRILLER

The Lowell JV basketball team lost a heartbreaker to undefeated Belding Friday night at Lowell. The game was close as neither team ever led by more than 6 points. Lowell led at the half 22-18.

Lowell held Belding's leading scorer to two field goals, but the hot hand of a Belding forward proved to be the downfall of the Arrows. Lowell led in field goals 18-17 but converted only 9 of 19 from the free throw line while Belding was 13 of 30. Joe Ellis led all scorers with 18 points. Tom Wernet hauled in 18 rebounds against his 5-inch taller counterpart 20. Coach Mike Clark stated that it was a very big disappointment to lose a game in the last ten seconds, but we played a very fine game and were pleased with everything but the score. Lowell hit .399 from the field and .477 from the foul line. Belding hit .279 from the floor and .443 from the free throw line. The final score was Belding 47, Lowell 45.

Lowell will host Greenville at 6:30 Friday night at Lowell.

BOWLING

Nels Stormzand had a hot night at the Bowling Alley Wednesday when he netted a 357 series for the first three games.
