Serving Lowell, Ada, Cascade and Eastern Kent County

The above map, compiled by Williams and Works, shows the proposed storm sewers, the existing storm sewers and the proposed sanitary sewer systems that will be involved in the City of Lowell's Sanitary Sewer and Storm Drainage Improvements, to be discussed at a public meeting this Thursday evening.

City Project Topic For Detailed Public Meeting Thursday

Full details on the storm and sanitary sewer separation and street improvement program for the City of Lowell will be given at a public meeting to be held at Runciman Elementary School Thursday evening, March 18, at 8.

Moderator for the meeting will be David R. Despres, Director of the Kent County Department of Public Works. The project is under the auspices of KCDPW and Mr. Despres will explain the role of his department. He will introduce Maurice S. Richmond, Assistant Chief of the Wastewater Section, Engineering Division and Kenneth Burda, River Basin Engineer, both with

the Michigan Department of Public Works.

Each of the members of the Lowell City Council and the City Manager will also give a brief personal evaluation of the project. James R. Carr, representing Williams & Works, will present a slide program outlining the progress of similar projects in other cities, the present conditions in Lowell, the project area and the financial considerations.

The meeting will then be open for questions from the floor. All residents of Lowell are urged to attend.

Amway Credit Union For Names New Officers

At a recent meeting at the Ada Township Hall, Amway employees who are members of the Amway Credit Union elected officers for 1971.

Named were Al Vegter, President; Cecil De Rushia, Vice-President; Hugh VanderVeen, Treasurer-Manager; Ethel VanderWarf, Secretary; and Don Jeltema, Mike La Monde and Virginia Wood, members of the Board.

In addition, the Credit Committee, consisting of Chuck Bult, Bernie Tenfelde and John Winer was elected. Serving as members of the Supervisory Committee are Al Wright, Jim Salik and Ted Brundidge.

The Credit Union at Amway is less than five years old. It now has over 800 members and about a quarter of a million dollars out in loans. Since its inception, it has made loans in excess of a million dollars.

Convicted Of Arson

Richard Earl Bell, 38 years, of 3722 Miramar, N.E., Grand Rapids, was found guilty in a jury trial last week of charges placed against him in connection with a fire alleged to have been set by him at his business establishment on June 22, 1970.

Bell (owner of the B&O store and co-owner of the building which housed the store) was charged on three counts: arson of a dwelling, arson to collect insurance, and preparation to burn. Following four days of testimony by 21 witnesses for the prosecution and five witnesses for the defense — Bell was found guilty on all three charges.

Judge John B. VanderWal (Circuit Court) ordered a presentence investigation.

MICHIGAN HAS 116 AVIATION SCHOOLS

There are 116 licensed aviation schools in Michigan, an increase of four during the last year, the Aeronautics Commission of the Michigan Department of Commerce reported recently.

Sixty-six of the schools are approved for veterans training,

the Aeronautics Commission said, and all but 15 offer both flight training and ground school courses.

Thirteen of the schools are qualified to offer airline transport training.

Release Breakdown On Revenue-Sharing Plan

U. S. Senator Robert P. Griffin (R-Mich) has released a breakdown of how Michigan cities, counties and townships would fare under the Nixon Administration's proposed \$5 billion general revenue-sharing program.

The Senate's Minority Whip is a co-sponsor of the revenuesharing legislation in the Senate.

"Right now these figures are only numbers on paper," Griffin pointed out. "We have some distance to travel before revenue sharing is enacted into law."

Griffin noted that the figures do not reflect the \$11 billion special revenue sharing program also proposed by the Administration, under which states and localities would have greater freedom in spending federal grant monies.

Griffin said the negative reaction from some leaders in Congress "indicates that the people who favor revenue sharing have a real selling job on their hands.

"As one member of Congress, I know the power of a well-written letter. City and county officials and other supporters should make their voices heard in the House of Representatives, because that's where this revenue-sharing ball must get rolling."

Griffin said that of Michigan's estimated share of \$229.1 million, the State Government would receive 56.24 percent and 43.76 percent would be passed through to city and county jurisdictions

The total share for Michigan cities is estimated at more than \$67 million, Griffin said. Counties are slated to receive an estimated \$29.7 million, and the estimated total for Michigan townships is \$5.1 million.

The figures in the first column, on the following tabulation of area cities and townships, are revenue sharing a jurisdiction would receive in the first twelve months under the plan.

The figures in the second column represent revenue raised by the jurisdiction, according to its latest available report filed with the Census Bureau. These are 1966-1967 figures.

Old Time Comedy Clips To Be Shown Saturday

This Saturday's "Reel World" program at the Lowell Library should be well received by anyone in the over ten age bracket.

"The Running, Jumping, and Standing Still Film" was directed by the director of the Beatles' film "A Hard Day's Night."

This film features the wild antics of Peter Sellers and his gleeful goon show as they perform a series of outrageous stunts in the English countryside.

Like the Keystone Cops, the actors stop at nothing in their uproarious gags, and as usual, they continually cause trouble for each other.

In the same tradition, "Silent Comedies Headliners" is made up of short clips from the old time comedies of "Our Gang" and "The Keystone Cops." Also on the program is a haunted houseful called "Ghosts and Ghoulies."

The film festival begins at 10:30. Since seating is limited, you are advised to pick up free advance tickets at the Library.

Awarded Highest Honors At District Band Festival

The Lowell High School Band received a First Division rating in competition in Hastings last Saturday at the annual District band festival sponsored by the Michigan School Band and Orchestra Association.

It was the only band in its division to be awarded "firsts" on all three numbers played as well as in sight reading. Judges were Arthur Hills of Grand Valley College, William Root of Ferris, Daniel Kyser from Western Michigan, and Harold Luoma of Muskegon Junior College.

Last Saturday at Hastings the West District Contest of high schools bands was held in an all-day festival. The Forest Hills High School bands received highest honors as they took Number

The Senior Band was competing in Class A, while the Ninth grade and Junior Varsity bands combined to compete as a Class B Band.

The Junior High Band also received a Number One rating in

competition held the previous week.

Director Marion Sanderson was given a written comment by the judges of the Class A competition, which included the statement: "This is a mature band with some superb soloists, especially in the woodwinds. The total band is controlled and refined and most musically adept. You are a compliment to your school and your community."

Soloists from the high school will compete in state finals at Mt. Pleasant on March 27.

Hopefully . . . March, which roared in like a Lion, will bow out like a traditional Lamb. But in the meantime, while you're preparing for your annual task of "Spring cleaning . . ." see the bargains available to you on the advertising pages in this week's issue of your hometown newspaper.

The weather . . . what more can we say about it? The Springlike climate that prevailed Sunday, gave residents great hopes that Spring was finally here . . . but the high March winds that hit the area Monday night, mixed with rain and snow, left little doubt in their minds that tomorrow will bring the unknown.

Many keep saying that "Spring is just around the corner," but past variances in the weather's pattern is dependent on which way you're turning.

It is easy to see why local merchants who have added a line of sporting goods, campers, snowmobiles, and other outdoor camping equipment to their stores have prospered.

According to the latest figures released, campers of all ages throughout the United States will increase from 24.8 million in 1965 to a projected 45.1 million by 1980. Consumer's expenditures for tents were estimated at \$87.9 million in 1970, a 5.4% increase over 1969.

An estimated \$60.2 million was spent on sleeping bags in 1970 Golf accessories sold over \$375 million and tennis and lawn games were over \$24 million.

Speaking of golf, it is rumored about town that the Springlike conditions, saw Dr. Robert Reagan and other area golf enthusiasts already out on the course teeing off.

You can bet that the astronauts, who recently teed off on the moon, had a little drier course to play on.

Brunch Bread Has Peanut Butter Filling

When breakfast is so late it's really brunch, plan to serve this special Peanut Butter Bread, an idea from Africa. It's a sweet yeast dough and calls for an unusual method of shaping. If peanut butter for breakfast is a new idea to you, join the club for more nutritious breakfasts. Let the kids spread peanut butter on their toast. Make milk shakes with peanut butter or stir up a peanut butter spread for pancakes and waffles using ½ cup peanut butter, ½ cup margarine and ½ cup pancake syrup.

Peanut Butter Bread 1 cup milk
2 tablespoons sugar
2 teaspoons salt
3 tablespoons corn oil
1 cup warm water (105 to 115°F.)

1 package active dry yeast OR 1 cake compressed yeast
6 cups sifted flour (about)
1/2 cup Skippy creamy or
chunk style peanut butter
Margarine, melted

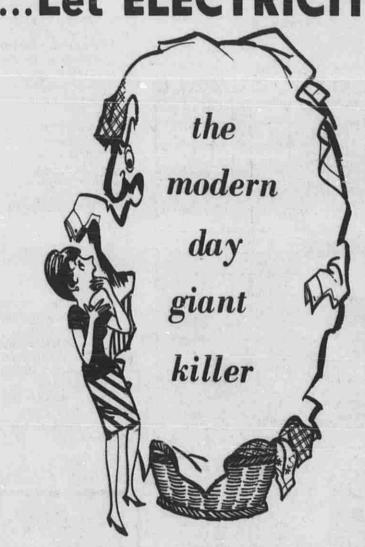

Scald milk, stir in sugar, salt and corn oil. Cool to lukewarm: Measure water into warm mixing bowl. Sprinkle or crumble in yeast; stir until dissolved. Stir in lukewarm milk mixture. Add 3 cups flour; beat until smooth. Add remaining flour to make an easily-handled dough. Turn out onto lightly floured board or cloth. Knead until smooth and elastic. Place in oiled blowl: lightly grease the top. Cover with towel. Let rise in warm place, free from draft, until doubled in bulk, about 1 hour 20 minutes. Punch down. Roll out on lightly floured board or cloth to 12 inches square. Spread with peanut butter. Roll up. Pinch dough to seal edge. Bring ends together and overlap side by side about one inch, forming a ring. Tuck inside end into center; seal. Tuck outside end under ring from outside. Place on greased cookie sheet. Cover; let rise until doubled in bulk, about 45 minutes. Brush with melted margarine. Score top with knife, making 1½ inch squares. Bake in 400°F. (hot) oven until brown and crusty, about 40 minutes. Makes 1 large loaf. Scald milk, stir in sugar, salt and corn oil. Cool to lukewarm

Michigan Highway Map For 1971 Now Available

The 1971 Michigan Official Highway Map is ready for free istribution, the State Highway Commission has announced. Long considered one of the most informative state highway maps in the nation, Michigan's annually updated map for 1971 includes routing for more than 1,400 miles of freeway; all 9,221 miles of state highways and most major county roads.

Enlarged panels on the reverse side separately show the major road systems for Detroit and vicinity, Battle Creek, Bay City, Flint, Grand Rapids, Jackson, Kalamazoo, Lansing, Midland, Muskegon, Port Huron, Saginaw and St. Joseph-Benton This year's map features an artist's portrayal of six major

Michigan bridges - the Mackinac, Houghton-Hancock, Blue

Water at Port Huron, International at Sault Ste. Marie, Rouge at River and Zilwaukee. In addition to the artist's sketch, accompanying panels identify the type of bridge and include statistics and information on its history and location. One of the two cover panels contains an artist's sketch of River in the Village of Ada in Kent County with the other out-

side panel showing one of the two main towers of the Mackinac A feature included in the 1971 map for the first time is designation of Indian reservations by a colored shading. Other popular features include pictures of the state flag, state bird, state fish and state stone; fare and toll information at bridges; a mileage table providing distances between various cities; listing, with phone numbers, of State Police Posts and District Offices of the Michigan Department of State Highways; and a listing of state parks with vital information for each park on the type

of recreational accommodations offered. The State Highway Commission authorized printing of two million 1971 maps, the same amount as last year, in a continuing effort to meet every increasing demand for the map. State Bar Starts New Lawyer Referral Service

You don't have a lawyer and you don't know how to choose one. You think you have a legal problem but you're not really sure, and you're afraid of what it might cost to even find out. Help may be as close as your telephone.

A new statewide Lawyer Referral Service begins operating in Michigan on March 1. Sponsored by the State Bar of Michigan, the service makes it possible for a person in any part of the state to obtain legal advice from a lawyer in his own or a nearby community, for a modest consultation fee. The process starts with a telephone call to the State Bar Law-

yer Referral Service. A caller in any part of Michigan can reach the Service toll-free by dialing his local Direct-Dial Access Code followed by 800-292-7850. Calls to the Lawyer Referral Service may be placed Monday through Friday between 9 a.m. and 4:30 p.m.

After a brief determination of the nature of the problem and the caller's location, the Lawyer Referral Service staff will furnish the name, address and telephone number of a partici-pating lawyer near him. The caller then makes his own appointment with the attorney.

Michigan lawyers who participate in the State Bar Lawyer Referral Service have agreed to afford referred clients an initial conference of one half-hour for a fee of \$10, which is less than the customary rate for office consultation. If discussion in the initial conference indicates a legal prob-

lem requiring further legal services, it is up to the client to decide whether he wishes to proceed. Neither client nor lawyer is obligated to go beyond the initial conference and \$10 fee. Arrangements for further legal services which may be required will be those agreed upon between the client and lawyer. Commenting on the new service, State Bar President Charles

W. Joiner said: "We know that many people of moderate means erroneousy fear that they cannot afford legal services, and hesitate even o explore possible legal problems with an attorney.

"Local bar associations in some of our larger cities have done much to meet this problem by sponsoring lawyer referral services in their own communities. The State Bar of Michigan is pleased that it can now offer the same service-the opportunity to discuss possible legal problems and receive professional advice at reasonable cost-to all citizens of Michigan, wherever they may live."

Our children spend a good share of their time away from home at school, at least six hours a day, five days a week. Through Parents Club we can show our children we care and are interested in what they are doing and what they are learning. This is a good informal way to get to know their teachers and also the parents of the children they go to school with.

I went to an open house at Bushnell and there were perhaps 35 people including the teachers. In fact, it is even hard to elect officers because not enough parents show up for the meetings. I feel, and do not understand, how v.e, as parents, can let our children down by not taking this opportunity to become involved in our Parents' Club. These precious years pass quickly!

Why is a Parents' Club unable to succeed in Lowell? It is successful in most communities. Are the parents in Lowell really not interested? A Concerned Parent ~~~~~

MICHIGAN SUMMER EVENTS

Michigan is where it's at - where there's fun for everyone and anybody can get into the act. Spring and summer visitors are promised more than 260 action-packed activities while traveling in Michigan. Fairs, festivals, contests, amateur and professional sports events - all are listed in the March-August Michigan Calendar of Travel Events, just released by the Michigan Tourist Council.

Heralding the coming of warm-weather days are the Maple Syrup Festivals at Shepherd, April 23-25, and Vermontville, April 24, as well as the National Mushroom Festival, Boyne City, May 8-9, and the Tulip Time Festival, Holland, May 12-

Michigan means fishing at its best - from panfish to Great ing Derby, Ontonagon, April 4-25; National Trout Festival, Kalkaska, April 23-May 2; National Blue gill Frolic, Marcellus, June 25-26; and the Michigan Salmon Derby, Manistee, August 21-

are a gourmet's delight. Connoisseurs of old-world cuisine could plan to take in the Bavarian Festival, Frankenmuth, June 13-19, and the Danish Festival, Greenville, August 21. For the fanciers of Michigan sun-ripened fruit, there is the Strawberry Festival, Chassell, July 9-10; the National Blueberry Festival. South Haven, July 9-18; and the National Cherry Festival, Traverse City, July 12-17.

Among the many other activities listed in the calendar are the NASCAR Motor State 400, Michigan International Speedtroit, June 29-July 5; the International Frisbee Tournament, Calumet-Eagle Harbor, July 2-4; the Seaway Festival, Muskegon, July 2-11; the Blue Water Festival, Port Huron, July 10-18; harness racing, March through August; and thoroughbred

Safety Award Presented To Aviation Mechanic

Mr. and Mrs. Donald Slocum and daughter, Terri

James D. Ramsey, Director, Michigan Aeronautics Commission, recently presented Donald Slocum of Lowell with the eighth annual Michigan FAA Aviation Mechanic Safety Award in his office at the Capital City Airport, Lansing.

Slocum is a mechanic with Northern Air, Piper dealer in Grand Rapids. His wife and foster daughter, Terri Ripley, attended the ceremony. Frank Vitju, from the Grand Rapids General Aviation District Office, represented the Federal Avia-tion Administration. Kenn Holzer, Vice President and General Manager of Northern Air, was also present.

Bill Tausend, North States Aviation, Piper distributor in Grand Rapids, presented Slocum with awards from the Piper Aircraft Corporation, Lock Haven, Pennsylvania. These included a plaque from Robert Martin, Administrator, Customer Services, and a \$50 bond.

One of twelve Michigan entries submitted to the awards committee, it described a simple and practical stud removal centering adapter for broken exhaust or intake studs on Continental and Lycoming engines. Removing a broken stud improperly can ruin a complete cylinder costing several hundred dollars; and it is predicted that this new method will be widely used by aircraft mechanics when it is known.

The winning entry was submitted by William Poelman, chief of maintenance for Northern Air, who considers Slocum as the "best engine man around." Poelman was a member of the se-

Slocum, a native and life-long resident of Lowell, worked for Velting Excavating Company for five years after graduation from high school. He grew up around planes, since his father was an aircraft mechanic; and being mechanically inclined, Slocum went with Northern Air Service as a mechanic, working on engine overhaul. He left for eight months to work for a Volkswagen dealer on engine overhaul, but missed being around aircraft, so he went back to Northern Air. He has an FAA powerplant repairman certificate.

A private pilot, Slocum and a partner own a North American B-25 bomber which they are remodeling and modifying to use in their private business of importing birds and fish-Fin and Feather Imports, Inc.

Slocum is married and has one son, nineteen, who is studying to be an English and music teacher as a student at Grand Valley State College, Allendale.

Three Steps To Good Garden Transplants

The seeds have been planted in flats and the plants are now in the tiny seedling stage. All of a sudden they rot at the soil surface and topple over. If this sounds like one of the late winter gardening problems

you had last year, now is the time to keep it from happening According to Dr. D. J. DeZeeuw, Michigan State University

plant disease expert, the problem is "damping-off" - a fungus "When growing transplants from seeds three major steps must be followed to reduce the chances for damping-off," De-

First, use a light, well-drained soil. The fungus that causes damping-off grows best in cool, wet soils. One part soil, one part perlite, and one part peat moss is a good combination. "Second, sterilize the soil thoroughly. Heat it to a temper-

ature of 180 degrees F for at least one-half hour. "And third, follow a strict sanitation program. Sterilize all tools, flats, and other objects that come in contact with the

"Follow these steps, and you will have very little trouble with damping-off," DeZeeuw says. For more information about the fungus diseases that cause damping-off, and an effective seed treatment method that can

Is it very old, is it valuable, is it an antique? Have you often wondered just how to estimate the worth of an object before buying or throwing it away? "How To Tell if It is an Antique" will be the title of a talk

by Mrs. David Gleason on March 22 at 7:30 p.m. The program will be part of the regular monthly meeting of the Pied Piper's Because of the popularity of this recently formed organiza

tion, the meeting place has had to be changed. The meetings which are open to anyone interested in collecting, whether the objects are modern or antique, have been movd to the Conference Room of the East Grand Rapids High

School Library. The meetings generally last two hours. There will be an opportunity to ask Mrs. Gleason questions about favorite objects and guests are encouraged to take items of interest if they desire. Any further information regarding the club may be acquired by calling 245-7494.

Olie Bollen. . Anyone? "Plain & Fancy", March 26 & 27

> Lowell High School students will present "Plain And Fancy", a musical comedy, under the direction of Mr. Paul Balaam, March 26 & 27, with a matinee

The play concerns a young New Yorker, played by Dan Spitsbergen, and his sophisticated girlfriend, played by Merry Manigold. They drive down into the Amish country to see a piece of property he has inherited but never seen.

They run across a romance or two among the young generation of Amish, and manage to fix things so that everybody is in love with the right party at the end.

In this neighborhood they find themselves out of their metropolitan world, in a land of quaint customs. stern morals and "Pennsylvania Dutch" English. Other characters heading the cast are Pete Walters, Sally Doyle, Bob Reynolds, Cindy Adams, Gary Weemhoff and Kevin Hoag.

Tickets for the musical are \$1.25, adults and students, 75c. They will be on sale at the high school and at local businesses.

O-K League Is Split Into Three Divisions According to William De Jonge, Principal of Forest Hills High

School, the Principal's Commission has announced new divisions of the O.K. League. The commission is required to look over population and geographical locations of schools every two years in order to align divisions.

The current decisions will remain in effect through the fall of 1971 and the spring of 1972. Beginning in the fall of 1972 there will be three divisions in

Grandville, East Grand Rapids, Rockford, West Ottawa, Jenison, The White Division will consist of: Godwin, Forest Hills No. 1, Forest Hills No. 2, Zeeland, South Christian, Wyoming, Ken-

Freshmen Take Third In Grandville Tourney

Five weeks after the close of their regular wrestling season, the Forest Hills freshman wrestlers were still conditioning ther selves for competition in the Grandville Invitational. The effort paid off when the Rangers took third place honors, out of a field Fifty-five points were garnered by the Forest Hills matmen.

Jeff Kelley at 108 pounds brought third place honors to his team while two fourth place winners were Paul Grabarek at 149 pounds and Gordon Simon at 188 pounds.

The first period saw the local officers jump off to an 8 to 2 lead. The lead was 'short-lived' however. The faculty gained ground and were able to take the lead 15 to 14 at the first whisle. The second quarter saw the teachers 'race' to a comfortable lead as the officers seemed to 'wilt' under the pressure (or was it the lack of being physically fit).

A sluggish 3rd quarter gave way to the 4th quarter which featured some excellent outside shooting from the teachers and a terrific comeback drive by the police department At the final buzzer it was the faculty edging Lowell's

Consideration of Housing Commission Ordinance. Manage Bacon stated he had done nothing on it, since it was to be referred to the Planning Commission at its February meeting and that meeting was not held due to weather conditions. It was the consensus that it be referred to the Planning Commission at its March meeting.

Manager Bacon presented a Resolution for Council adoption which would engage the services of Williams & Works to prepare the Charges Imposed Roll for the Lowell Sanitary and torm Sewage Disposal System. (See MOTIONS-RESOLU-

NEW BUSINESS

Douglas Dok appeared in connection with his development of Valley Vista Plat No. 7, as well as the Mobile Home Park. He stated he had looked for Tentative Approval from the Planning Commission on February 22 at its regular meeting. He added that it is now found that Valley Vista Plat No. 7 is partly in the zone and partly in another. He then requested a special meeting of the Planning Commission but finds that is impossible because of a conflict with Board of Review.

Mr. Dok stated he had one meeting with Consultant J. Paul Jones but that he had not seen his proposal for the use of the balance of the ground owned by Lowell Development Company. That will bring the matter into April and it will be June before Preliminary Approval can be secured. He stated it appears that it will be late in the year because of the "hang-up" on Cherry Creek. He would appreciate anything Council could do to expedite scheduling of a Public Hearing on the Valley Vista No. 7 matter, in order to start construction

Mr. Dok stated he had closed the transaction on Valley Vista Village on February 24 and that he anticipated starting construction the end of this week. He planned to start the lift station and bring the sewer under M-21 but Manager Bacon called asked him not to start since Williams & Works was doing a study on the size of the trunkline to go Under M-21. He would appreciate an answer on this because the Construction Co. is or dering material. Any deviation from the prints would necessitate resolution by Council; this is required by FHA.

Manager Bacon said that the lift station was designed for 10" pipe but if we were thinking of further expansion, beyond the City, a feasibility study should be made. This would cost \$3,000. This would include a study of the plan to learn what additions would be needed. He stated there is a potential of 500 additional homes in the Eastgate Section, plus Cumberland Mobile Home Park, plus the area between here and there.

John Batzer, new owner of Cumberland Leisure Estates, stated he was there in an effort to urge sewer main extension to his mobile park. He stated the developer of Eastgate does not want to hook on to the Lowell sewer, so the extension would not be beyond Cumberland. Manager Bacon expressed the opinion that the Eastgate development could in the future have a new owner, who might request sewer service from Low-

Batzer stated that early in 1970 the City Council tentatively agreed to furnish sewer to the Cumberland Estates and that now they are ready to do so with about 60 units. He submitted a site plan that would eventually include 350 units in all and Manager Bacon read Williams & Works' recommendation of March, 1970 stating that sewerage from the additional area of Cumberland would be beneficial to the City plant. He stated that he could use the lagoon system but the County and State

are urging sewer mains. (Batzer stated) Councilman Anderson expressed the opinion that the inter ested parties should pay for the \$3,000 feasibility study. Mrs. Myers stated that she did not think that the City should limit the rate outside the City to 200% of the City rate for sewer
