Voters 'Turn Thumbs' Down On Pool Bonding Issue

One thousand six hundred and ninety-seven registered voters in the Forest Hills School District went to the polls Monday to "turn thumbs down" on a Swimming Pool Bonding Proposition, re-elected Neil A. Weathers to another term on the board, and showed strong support for the Special Education Millage proposal.

On the issue "shall the Forest Hills Public Schools borrow the sum of not to exceed \$600,000 and issue its bonds therefor for the purpose of erecting, furnishing and equipping an enclosed swimming pool facility in said district, 564 voters said "yes" while 1,103 votes were cast on a "no" vote; 30 ballots were

spoiled and unaccountable.

A one-half mill increase to maintain and operate the pool lost on a vote of 531 yes, 1,139 no, with 27 spoiled ballots being cast.

In support of the 3/4 mill increase to boost education of handicapped children in the Kent Intermediate School District, 1,226 yes votes and 443 no votes were tallied; 28 were spoiled.

In the School Board election, Neil A. Weathers won by a landslide over his two opponents, John Beck and Claude Hikade. Weathers received 971 votes, while Beck tallied 471 and Hikade polled 173.

Showboat Chorus Rehearsals Set

Music Director Paul Balaam of the Lowell Showboat announced today the schedule of practice for anyone interested in singing in the chorus for the summer fun spectacular.

The first rehearsal takes place in the junior high school gym this Thursday night, June 17, and each Tuesday and Thursday night after that until the Showboat comes sailing around Cattail Bend on its annual summer excursion. Rehearsal time is slated for 7:30.

The chorus is open to anyone interested in singing, and who is entering the ninth grade in the fall or older.

The Showboat will be making two appearances this year, on successive weekends rather than the traditional one week performance. The first sailing is set for the weekend of July 22, 23, and 24, with The Everly Brothers as the headliner act. The next weekend, July 29, 30, and 31, Ray Stevens heads the cast of the summer fun spectacular in Lowell.

Saturday morning, around ten o'clock, did you think you were hearing things, or was it a figment of your imagination that the peculiar sounds that filled the area were of vintage ringing...

As the automobiles in the Woodland Antique Auto Tour chugged down Main Street, their somewhat antiquated horns gave a new sound to passersby. One car depicting the gangster days of yesteryear sported a machine gun from a side window, but a friendly wave from the driver assured all concerned that it was all in fun...

KROPF, MILLER WIN BOARD RACE

To Remove Building

The City of Lowell was forced Wednesday to pay to remove the three story condemned building at 315 and 317 East Main Street.

The low bid to remove the building was made by Dohm Wrecking Co. for a total price of \$8,800.

The rear wall of the three-story building collapsed on May 26, and after an inspection by a city employed engineer, the building's owner, Sterling Moore of Baldwin was ordered to remove at least the top floor. When the owner failed to take any action, the city was forced to remove the building as a public hazard.

The City will take a tax lien against the property and possession of same, if it is not paid.

Dohm Wrecking Co. plans to start demolishing the building and hauling away the debris, sometime this week.

Summer Officially Begins On June 21

This year's summer officially begins at 8:20 p.m. (Michigan time) June 21.

On this day, the sun will reach summer solstice, its most northerly point and most direct position over the northern hemisphere, notes University of Michigan Astronomer Hazel M. Losh. This means we will have our longest day, 15 hours, and our shortest night, 9 hours, on that day.

We will also be exposed to the most solar heat in any 24-hour period of the year on June 21, but it probably would not be our hottest day. Prof. Losh says that this is because the earth will continue to receive more solar heat than it gives off at night until about Aug. 1, when intake finally equals outgo.

Meanwhile, the earth's atmosphere covers and retains the heat like a blanket. Temperatures will continue to climb until the end of July, Prof. Losh says.

Since the earth is about 3 million miles farther from the sun during our summers than during our winters, our seasons are somewhat milder than those in the southern hemisphere. And, Prof. Losh adds, because the earth moves more slowly in its orbit around the sun during our summers, we enjoy slightly longer summers than winters.

'Strike Up The Band'

The Cascade Town Band will march again in the big parade and celebration Monday, July 5. The band and the event get larger and better each year.

Anyone wishing to join the band may contact Walter "Bud" Palm at 949-1337 or Sy "the tuba" Dykhouse at 949-0978. There will be no rehearsals, but music will be furnished.

Any present or former high school or college band members are invited to join and especially any old timers are welcome to share the fun.

Pre-School Vision Test Required By State Law

Parents of children entering kindergarten were reminded that state law requires their vision be tested before entering school. Dr. W. B. Prothro, Kent County Health Officer, reminded parents that now is the time to make arrangements with a private physician, optometrist, or with the Health Department Pre-school Testing Program.

Dr. Prothro said that preschool vision testing is now being done at the Health Department at 1619 Walker, N.W., and will continue until Labor Day. Hours for the test are 8:30 to 11:30 a.m. and 12:30 to 4:30 p.m. daily. Appointments are necessary and may be made by calling 456-3444.

Health Department pre-school vision tests will also be given at the following locations: Alto School on June 18; and Runciman School on June 18 and June 21.

WE'RE GOING ON VACATION

The staff of the Ledger-Suburban Life will take a week's vacation July 5-10, and the issue that is to be published that week will go on the presses at an earlier date.

All persons, organizations, etc., wishing articles, announcements, etc., in that issue should have them in to the office no later than June 25.

Your cooperation in allowing our staff to have a well-earned vacation will be appreciated.

'Hike For The Hungry'

Area youth from a number of local churches will meet at Immanuel Lutheran Church on the morning of June 19 for a 25 mile trek. The Grand Rapids area hike is part of a nationwide program designed by the United Nations in their Freedom From Hunger Campaign Projects.

Hikers must find sponsors who pledge a given tax-deductible rate per completed mile. The surviving hikers, blistered and sweat-soaked after 25 miles return to Immanuel.

The money earned by the hikers goes to self-help programs in Asia, Africa and Latin America. The projects consist mainly of agricultural training programs for youth, supplying new equipment and ideas to aid present farming methods and in some cases introducing different and more suitable crops. In some areas food production increased 500% through use of hybrid seed and fertilization.

Anyone interested in sponsoring a hiker can call adult consultant Robert Lux at 245-1665.

"GENTLEMAN JACK" — Jack Beggs that is, president of the Lowell Chamber of Commerce, issued a bulletin this week to all members of the Chamber encouraging them to get out in full support of the Lowell-Fallsburg Area Centennial Fete June 27-July 4.

PAMELA JEAN MURRAY IS CROWNED "MISS SHOWBOAT" OF 1971

In the final stages of the pageant, Miss Murray makes one last appearance before the judges, prior to her crowning as "Miss Lowell Showboat of 1971"

The coveted Lowell Showboat Queen's crown was given to Miss Pamela Jean Murray of Grand Rapids following her selection Saturday night in the pageant held at the Lowell Senior High School.

The 21-year-old Miss Murray, who sports measurements of 35-25-35, weighs 118 lbs. and stands 5' 4" tall, has brown hair and blue eyes.

Her selection came after the judges, Karen Timer, Barbara Savage, Herb Thurman, Dick Richards and Harold Jefferies viewed all contestants in three classifications, talent, bathing suits, and formal attire.

For her talent presentation, the new Showboat Queen did a musical monologue. The crowning ceremony was conducted by Larry Wittenbach, Lowell Showboat, Inc., president.

Named to the queen's court was Patti Curtis of Lowell, first runner-up, and Miss Mary Lou Holmes of Grand Rapids, second runner-up.

The pageant, sponsored by the Lowell Area Jaycees, was emceed by the Showboat's interlocutor, Gordon Gould.

The 1971 Showboat queen is the daughter of Mr. and Mrs. Calvin J. Murray of 1727 Franklin Street, Grand Rapids. She attends Grand Rapids Junior College where she is majoring in Business; she will graduate in 1973.

Miss Murray has been in two other 1971 pageants, The Miss Grand Rapids Jaycee Pageant and the Miss Grandville-Jenison Pageant, was runner-up in each, and ironically, she lost to the same girl.

In 1970, she represented the Western Michigan Landscaper's Association as their Garden Queen of the 1970 fiscal year. She is employed by Kay Brown Apparel and West-Dempster Photography Studio as a part-time model. She has just completed a movie for the Grand Rapids Teacher's Credit Union, under the cooperation of Valley Productions.

Patti Curtis, the judge's second choice is the daughter of Mr. and Mrs. Richard Curtis of Lowell. She stands 5' 3" tall, weighs 104 lbs., has light brown hair and blue eyes. Her talent presentation was a tap dance routine.

Second runner-up, Miss Holmes has won over 1,000 awards in both Baton Twirling and strutting, and has participated in numerous beauty pageants. The daughter of Mr. and Mrs. William Holmes, 2127 Lafayette Street, Grand Rapids, she is 5' 2" tall, weighs 105 lbs., has blue eyes and blonde hair.

The other contestants in contention for the title of "Miss Lowell Showboat of 1971" were Miss Brenda Fish, Miss Yolanda Marie Schwartz, Miss Cindy Blough, Miss Sharon Kay Blossom, Miss Bonnie Elaine Tipton, and Miss Marty Kent.

A musical monologue was Miss Murray's talent presentation.

Centennial Ball Success

SWING your partner and sway we go... this was the tone of atmosphere at the Centennial Ball held Friday night at the Fallsburg Park Pavilion. Recognized anyone in their new mode of attire?

The first Centennial Ball, held at Fallsburg Park Pavilion Friday night, June 11, was a smashing success! Close to 2500 were to kick up their heels, share the food and join in the pre-ling good fun atmosphere.

As chairman for the event the area is indebted to Lester Stauffer and his committee, Don Eckhoff and his Kops, and everyone who had a part in the success of the dance.

We owe an apology to Mr. Norton L. Avery who donated all the art work for the plates, coins and the seals. We are very sorry that the company did not give him the credit due such a generous person.

THE younger generation, in Centennial costumes turned out in full support of the Centennial Ball on Friday evening. This young couple decided to "sit this one out."

We'll do most anything to promote our Centennial. Chairman, Benson & Brothers of the Brush Chairman, Don Eckhoff, greeted and passed out celebration literature to the occupants of 120 caravan cars of the Antique Car Club of Grand Rapids, as they chugged through Main Street Saturday morning on their annual tour.

The tickets for the two pony drawings are available at the Centennial Headquarters. They are 25c each or 5 for \$1. Two youngsters will be very happy owners of these pretty ponies after the Centennial.

Be sure to plan on attending the Mayor's breakfast Sunday morning, June 27, at 8:30. The ladies of the Eastern Star will serve and Mrs. H. R. Mueller is chairman of the event. The announcement of the winning Queen Candidate will be made at that time. Tickets are \$1.50 and can be purchased at the Centennial Headquarters or from Mrs. Mueller.

The printed program of events are here now - make every use of them to promote our Centennial - join in to make this the greatest success possible, for the whole area will benefit.

There are some cook books left here and the Commemorative Plates are going fast!

The Lonzo & Oscar Show with the Country Caravan Band promises to climax our 4 in 1 shows in a huge way. Get your tickets from one of the Queen Candidates. Watch for announcements of events at Headquarters. New things are happening so fast we have some trouble keeping up at times. In two weeks we will be well into our celebration and all the planning and ground-work will be rewarded!

As of Saturday - June 11 - the list of top ten Queen Candidates in order of standing was Joyce Deible, Evelyn Powell, Kathy Rittersdorf, Pam Morris, Sue Day, Mildred Mullen, Kitty Brena, Rosie Fonger, Winnie Onan, Sheryl Starkweather and Donna Potter.

Foxes Corner Cemetery, Walker Tavern, Krum Landing Cemetery, United Methodist Church of Vergennes, Vergennes Post Office, Bailey Cemetery, McPherson School, Alton Bible Church.

Alton Cemetery, Alton School, Moseley School, Fallsburg School, Fallsburg Cemetery, Burrough Mill & Settlement.

The purpose of the cemeteries being listed among historic sites is specifically because more than 200 servicemen of the wars of this country are buried in the Vergennes Township cemeteries. Among those memorialized are Major Silas Yerkes, the first appointee to state office ever to live in Vergennes Township, Major Yerkes was appointed the first Michigan Board of Agriculture in 1861. He died in the service to his country in 1865. Also was Captain John Winger of the Union Army buried in a Vergennes Cemetery.

The Walker Tavern was a stage coach stop between Grand Rapids and Ionia. It was also a community center, township meeting place, and was built by Elias Walker. His son, Jacob Walker, was Vergennes Township supervisor for many years. The building had been destroyed and a house was erected on the site by Harold Jefferies in the 1940's and is now owned by the Charles Fedorowicz family.

Letter To The Editor

To The Editor: May I take this opportunity to express my opinion of the "Lowell Showboat Queen" contest.

I feel that since it was a pageant to select a queen for the Showboat that it should have been limited to girls in Lowell only, and not out of town. What chance do local girls have against outside girls with previous experience in performing before audiences? I feel these local girls were really cheated to a fair chance. If they can choose a local girl as first runner-up, I'm equally sure they could have chosen a winner plus first and second runner-up from local girls.

I have talked with several people, all residents of Lowell, and have overheard others talking about the pageant. They have voiced the same ideas and opinions.

As it is too late to do anything about it now, I feel the Jaycees should take all these feelings into consideration before another contest another year. I'm sure if they were to conduct a survey as to the feelings of the people of Lowell, they would find that many citizens are really discontented with the whole bit.

"A Concerned Citizen of Lowell"

Editor's Note: "Amen."

Attention Former LHS Band Members!

Orval Jessup revealed this week that a lot of enthusiasm has been expressed by many for the post-grade band to play for the Centennial June 30th. "If you haven't said you will play, come anyway to the rehearsal in the Senior High Band Room at 8 p.m., Wednesday, June 16, and June 23," Jessup urged. Concert will be on the Showboat stage June 30th.

We will be playing some of the old favorites.

Lost? Found!

Now that school is out for the summer, the custodial staffs at area schools have the tedious task of making way for the reopening in September.

At Forest Hills High School, last week, after the final sessions, the custodians went to work on their project of cleaning out the lockers as they were vacated by the student body.

There are many articles, which have been placed in the high school office, that were left behind. If a student finds something missing among his treasures he is to be notified, it may be in the box of collected items waiting to be claimed.

The high school office will remain open daily from 8 a.m. until 3 p.m. and students may claim lost articles during these hours.

Recycling Art Is 66 Years Old
The re-cycling of aluminum, considered a new environmental art by conservationists, is in reality more than sixty-six years old. Industry has been gathering and re-cycling the nation's waste aluminum since 1904. In that year, the U. S. Reduction Company of East Chicago, Ind., first began to take the cast-off portion of aluminum and to melt it down for re-use in manufacturing. Today a handful of aluminum smelting companies supply more than a fifth of the country's total aluminum needs. In 1971, they will sustain this flow by re-cycling a major slice of an estimated 2 billion pounds of new and old scrap aluminum from the nation's growing scrap pile, equal to more than 14 per cent of the total scrap generated by the country since 1960.

Centennial Ball Success

SWING your partner and away we go... this was the tone of atmosphere at the Centennial Ball held Friday night at the Fallsburg Park Pavilion. Recognized anyone in their new mode of attire?

The first Centennial Ball, held at Fallsburg Park Pavilion Friday night, June 11, was a smashing success! Close to 250 were there to kick up their heels, share the food and join in the prevailing good fun atmosphere.

As chairman for the event the area is indebted to Lester Stauffer and his committee, Don Eickhoff and his Kops, and everyone who had a part in the success of the dance.

We'll do most anything to promote our Centennial. Benson & Brothers of the Brush Chairman, Don Eickhoff, greeted and passed out celebration literature to the occupants of 120 caravan cars of the Antique Car Club of Grand Rapids, as they chugged through Main Street Saturday morning on their annual tour.

The tickets for the two pony drawings are available at the Centennial Headquarters. They are 25¢ each or 5 for \$1. Two youngsters will be very happy owners of these pretty ponies after the Centennial.

Be sure to plan on attending the Mayor's breakfast Sunday morning, June 27, at 8:30. The ladies of the Eastern Star will serve and Mrs. H. R. Mueller is chairman of the event. The announcement of the winning Queen Candidate will be made at that time. Tickets are \$1.50 and can be purchased at the Centennial Headquarters or from Mrs. Mueller.

The printed program of events are here now - make every use of them to promote our Centennial - join in to make this the greatest success possible, for the whole area to benefit.

There are some cook books left here and the Commemorative Plates are going fast!

The Lanzo & Oscar Show with the Country Caravan Band promises to climax our 4 in 1 shows in a huge way. Get your tickets from one of the Queen Candidates. Watch for announcements of events at Headquarters. New things are happening so fast we have some trouble keeping up at times. In two weeks we will be well into our celebration and all the planning and ground-work will be rewarded!

As of Saturday - June 11 - the list of top ten Queen Candidates in order of standing was Joyce Deible, Evelyn Powell, Kathy Ritterdorf, Pam Morris, Sue By, Mildred Mullen, Kitty Breck, Rose Fonger, Winnie Onan, Sheryl Starkweather and Donna Potter.

Historic Sites
Foxes Corner Cemetery, Walker Tavern, Krum Landing Cemetery, United Methodist Church of Vergennes, Vergennes Post Office, Bailey Cemetery, McPherson School, Alton Bible Church.

Alton Cemetery, Alton School, Moseley School, Fallsburg School, Fallsburg Cemetery, Barrough Mill & Settlement.

The purpose of the centeries being listed among historic sites is specifically because more than 200 servicemen of the wars of this country are buried in the Vergennes Township centeries. Among those so memorialized are Major Silas Yerkes, the first appointee to state office ever to live in Vergennes Township. Major Yerkes was appointed to the first Michigan Board of Agriculture in 1861. He died in the service to his country in 1865. Also was Captain John Winger of the Union Army buried in a Vergennes Cemetery.

The Walker Tavern was a stage coach stop between Grand Rapids and Ionia. It was also a community center, township meeting place, and was built by Elias Walker. His son, Jacob Walker, was Vergennes Township supervisor for many years. The building had been destroyed and a house was erected on the site by Harold Jefferies in the 1940's and is now owned by the Charles Fedorowicz family.

No, this isn't a picture taken several years ago - it's Boyd Nowicki, whose centennial costume depicts the era of the derby, the colorful vest and the cookie dust.

Al Andrews, Centennial Chairman of donations, announced this week that two ponies have been donated to the Centennial to be given away at two different drawings during Centennial Week.

"Big Red" as he is shown with his little Centennial friends was a donation made by the Dewey Prins family of Cascade Road, S.E. The other pony was given by the Der-vyn Kloosterman family.

Tickets for the ponies are available through members of the Gray "Y" and Junior High "Y" groups, or they can be purchased from the Centennial headquarters.

Coon's Clothing is proud to support the Centennial in their presentation of stars of The Grand Ole Opry, direct from Nashville, Tennessee. We'll see you at the big show at Show-boat Stadium on July 2!

Letter To The Editor

To The Editor:
May I take this opportunity to express my opinion of the "Lowell Showboat Queen" contest.

I feel that since it was a pageant to select a queen for the Showboat that it should have been limited to girls in Lowell only, and not out of town. What chance do local girls have against outside girls with previous experience in performing before audiences? I feel these local girls were really cheated in a fair chance. If they can choose a local girl as first runner-up, I'm equally sure they could have chosen a winner plus first and second runner-up from local girls.

I have talked with several people, all residents of Lowell, and have overheard others talking about the pageant. They have voiced the same ideas and opinions.

As it is too late to do anything about it now, I feel the Jay-ees should take all these feelings into consideration before another contest another year. I'm sure if they were to conduct a survey as to the feelings of the people of Lowell, they would find that many citizens are really discontented with the whole bit.

"A Concerned Citizen of Lowell"

Editor's Note: "Amen."

Recycling Art
Is 66 Years Old

The re-cycling of aluminum, considered a new environmental art by conservationists, is in reality more than sixty-six years old. Industry has been gathering and re-cycling the nation's waste aluminum since 1904. In that year, the U. S. Reduction Company of East Chicago, Ind., first began to take the cast-off portion of aluminum and to melt it down for re-use in manufacturing.

Today a handful of aluminum smelting companies supply more than a fifth of the country's total aluminum needs. In 1971, they will sustain this flow by re-cycling a major slice of an estimated 2 billion pounds of new and old scrap aluminum from the nation's growing scrap pile, equal to more than 14 per cent of the total scrap generated by the country since 1960.

Merchants Bomb United Methodists

Lowell Merchants unleashed a ten hit attack to defeat First United Methodist Church of Lowell 14-4 last Tuesday in the YMCA Sportman's League softball action at Recreation Park.

The Methodists leaped out to an early lead as they put together three of their four hits in the second inning to take a 4-0 lead.

Jerry Meredith led off with a triple; Robert Kyser singled, scoring Meredith; Randy Jones walked; Keith Caldwell was safe in a fielder's choice; Craig Haybarker and Gordon Kelly were hit with pitched balls, forcing in Jones with the second run; then Ray Jones hit safely to score Caldwell and Haybarker.

That ended the scoring for the Methodists as the Merchants, behind the four hit pitching of starter, Art Bieri, held the remaining four innings.

The Merchants big inning was the fifth. After picking up four runs in the second inning on walks to Mike Blough and Art Bieri with hits by Hewitt and Brenner, the Merchants launched a five hit barrage which resulted in seven runs. Harold Franks singled, Hewitt doubled, Brenner walked, and Bill Jones singled, driving in two runs. In the fifth inning Dale Johnson and Ivan Blough also hit safely.

The Merchants Johnson drove in a run in the fourth inning as Mike Blough walked and Geiger hit safely. The game was ended in the bottom of the sixth when the ten run limit was reached.

Three straight walks to John Gabriel, Mike Blough, and Bill Jones loaded the bases when Bieri hit a triple between Randy Jones and Gordon Kelly in center and right fields, respectively.

Pitching the first five innings for the Methodists was Keith Caldwell with Ray Jones and Vince McCambridge relieving in the sixth inning.

'Hansel And Gretel' Auditions Scheduled

Thornapple Community Theatre will hold auditions for "Hansel and Gretel," a trouping children's show. Auditions will be held at Trinity Methodist Church Gymnasium on Lake Drive, Wednesday, June 16, Thursday, June 17, and Friday, June 18, at 7:30 p.m.

Rehearsals will start on September 1 with the rehearsal schedules being distributed at the auditions. The productions will be held in October and November.

"Hansel and Gretel" consists of 11 characters, all women able to perform daytime to area schools. Previous stage experience not necessary. People interested in some phase of the show, other than acting, please call 241-2714 for further information.

Since the fall of 1969, Thornapple Community Theatre has involved itself in trouping children's shows in the Western Michigan area. Its first production, "Pinocchio," played sixteen performances to over 4,000 area children during the early months of 1970. This past fall two plays were offered: "Alice in Wonderland" and "Rapunzel and the Witch" played twenty-six performances to over 7,000.

The popularity of these two shows was responsible for "Rapunzel" being revived for three weeks from the end of February to early March in 1971, and most recently at Festival '71.

Allaben Tallies Winning Goal

The first leg of the Michigan Championship in Polo was played at the Kentree Polo Club Sunday, between the local poloist and the Detroit Polo Club.

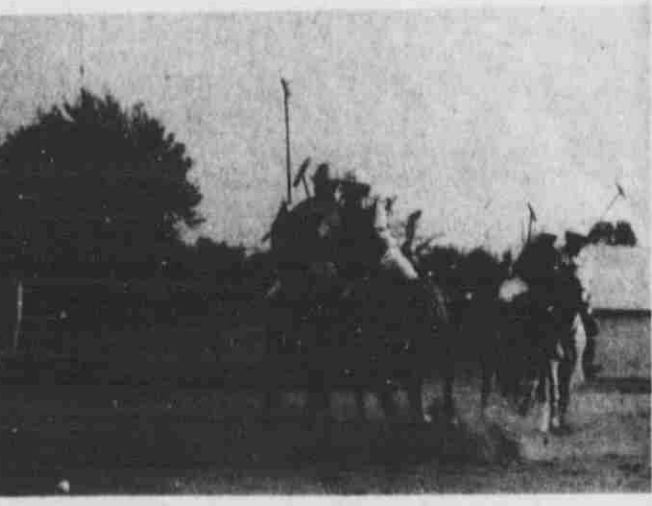

Detroit tallied an early lead, maintaining it right up until the final 15 seconds of the match when Dr. Larry Allaben scored on a pass from Gene Gilmore for the Kentree squad, to claim the victor's circle, 7-6.

The final round of play for the coveted title will be held at the Detroit Polo Club in September, with the team scoring the most points in both matches being declared the winner.

For the Kentree Club, Allaben added two other points to the scoring, Gene Gilmore coming through with one, and Maurie Houseman accounting for three.

For the losers, Major, Hill and Jenkins chucked up two points each.

This Sunday, at 3 p.m., the Kentree grounds will be the scene of the final play-off in the 15th annual renewal of play for the Ernest Nelson Memorial trophy.

Expert horsemanship and specialist skills are required for a poloist. In action at the Kentree Polo Club, left to right, Scott MacIntyre, John Bissell, Allen Hunting and Gene Gilmore, straining up the dirt as they make their bids for a scoring position.

Summer Fishing Starts

Summer fishing conditions are now present in most lakes and streams although summer officially starts June 21. Warm weather and recent rains have kept most fish active and feeding. Bass fishing especially has been good.

Woodard Lake in Ionia County has been reported excellent for bass fishing. Fish in the Grand River baysou provide sport for the fishermen with boats and live bait. Nightcrawlers are the best bait particularly in streams, where they are most natural. Warm weather will bring the flies out soon so fly fishing is sure to pick up. Currently flies fished in the shallow account for many bluegills.

Flies also seem to be effective on the Au Sable and Pere Marquette Rivers for trout. Some walleyes have been taken from Burt Lake in Northern Michigan. Fishing there, however, is not considered real good yet, usually many walleyes are caught later in the season. Lake trout and steelhead have been hitting trotted baits in the Leeland and Traverse Bay areas.

During research I came across some interesting "fishing facts." For instance, the Michigan record largemouth bass was caught in 1934 at Big Pine Island Lake in Northeastern Kent County. The trophy bass weighed 11 pounds, 15 ounces. Also the largest lake trout was caught in Lake Michigan in 1864, that fish weighed 88 pounds! Although there seems to be some discrepancy among different sources, some of the deepest area lakes are Wabasis, Saram, and Murray with approximate depths of 105, 85, and 70 feet respectively.

One of these lazy summer days might be a good time to get down the old fishing rod and march down to the old fishing hole. Who knows? The next fishing record may be yours.

Dairy Herd Size Increasing In State

Look for increasing dairy herd size in Michigan. Two out of three Michigan dairy farms had less than 30 cows in 1964, but now less than half (43 percent) do, according to Al Shapley, Michigan State University agricultural economist.

There are about 15,000 dairy farms left in Michigan. Of these, 8,500 are Grade A milk producers. And 3,650 of the 8,500 Grade A milk producers are in the "less than 30 cow" category.

About 2,970 Michigan farms have 30 to 49 cows. This is 35 percent of the total Grade A herds, notes Shapley.

So, only 1,880 farms are in the "50 or more cows" category.

Two Cents Worth

Long ago, the search for a good five-cent cigar ended, and the five-cent subway ride has also passed into limbo. Five-cent candy bars have shrunk until a person needs a microscope to find them. But it is still far too early to lose hope for the value of a penny. A penny, for instance, still buys a lot of electricity, principally because while the price of almost everything has gone up since 1960, the price of electric service has declined.

In the last decade, the cost of living has risen 35 percent while the price per kilowatt-hour of electric energy has dropped about 16 percent — notwithstanding recent rate increases. In terms of pennies, electricity gives you full value for the price you pay. One power company calculated that two cents worth of electricity will brew 50 cups of coffee or toast 100 slices of bread. Two pennies worth of electric power will also wash eight loads of laundry or shave a face every day for two years. As the power company says, "That's getting your two cents worth and more."

Electric power is one place where pennies still count. That is why there is no exaggeration in the oft repeated statement of the nation's investor-owned electric companies that electricity is the biggest bargain in your family budget. Relatively speaking, it will remain so. Low-cost service has been a tradition of the utility industry since Edison put the first power plant "on the line" in New York City a century ago. This tradition has made our country, by far, the largest power-consuming nation on Earth. These are facts that should be remembered as the inevitable day arises when costs of pollution control, inflation and other exigencies must be reflected to some extent in our electric bills.

Bits O' Business

A big drive to sell salesmen the idea of doing more selling by phone is being mounted by the telephone companies. . . . Spot checks throughout the nation show that used homes are being sold at the fastest clip in years.

Despite inflation, the oft-criticized U. S. savings bonds showed a margin of \$160 million of sales over redemptions in May, the biggest new inflow in 15 years. . . . More companies are supplying day care centers for children of working mothers. More than 4.2 million working women in the U. S. have kids under six.

Things To Come. . .

There'll be 100,000 computers in the U. S. in a year or two. . . . By agreement with the government, highly flammable stork and ostrich feathers used in clothing will be flame resistant in the future.

THEY CRUCIFIED HIM . . .

"Once upon a time there was a teacher who didn't want an increase in pay; a carpenter who didn't ask for union wages; a man who healed the sick and afflicted whether they had insurance or Medicare or whether they didn't; who traveled around the country feeding the people, and they crucified him."

Talk Games Liven Family Travel

An automobile trip can be fun for the entire family, if—and it's a big "if"—the children are occupied. Adults are accustomed to sitting for long periods of time. Anyone who tends to forget how irritable and "squirmy" active children can become during a trip will be quickly reminded of it on the first long family excursion by car.

Here are several verbal travel games compiled by the editors of the Mobil Travel Guide. These games have been handed down for a couple of generations and they appeal to youngsters.

***Tall Tales**—Have one person begin a story, but stop before he is finished. The next story teller must then continue, changing it in any way he wishes, and this continues until the last person is left to provide the end of the tall tale.

***Car Cards**—License plate numbers and letters are used as poker hands. As in poker the best hand wins. No flushes though! The letters J, Q and K stand for Jack, Queen and King. Each player in turn uses the license of a passing car as his hand.

***Animal, Vegetable or Mineral**—A player thinks of something which he identifies to the others only as being animal, vegetable or mineral. The other players may ask a total of 20 questions which could be answered either "yes" or "no" in an attempt to guess the object.

***Name Chain**—Each person, in turn, must name a state, city or country using the last letter of the place named by the previous

participant as the first letter in the name he selects. Example: John names Illinois, you must select a name starting with "S".

***Alpha Hunt**—Divide players into two teams with each getting one side of the road for this exciting match. Using Highway Advertising signs only, find each letter of the alphabet, progressively, selecting only one letter from each sign. The team completing the entire alphabet first wins.

***I See Red**—Choose an object inside the car and announce to the others the color of the object you have in mind. For example, "I See Red," the others have to guess the object you have selected. The one who guesses right gets to choose the next object to be guessed.

Anytime you travel with children, set and enforce rules for them. Make it a kind of game—challenge them to see who can follow the rules best. For safety, all children should wear seat belts while car is in motion. Hands, arms, feet or heads should not be put out the window. Nothing should be thrown in or out of the car. Rough-housing in the car must not be permitted, and, the driver must be left strictly alone to drive.

The Grand Ole Opry is coming to town and all of us here at Lippert's will join you at Showboat Stage on July 2 to enjoy it. You'll save money if you purchase your tickets in advance!

Michigan Ghost Towns

"There are few records of Negroes in northern Michigan, but blacks played an important part in our settlement," writes Roy L. Dodge, author-historian in his new book, "Michigan Ghost Towns," Volume II.

The new edition, a 191-page softback, details what many consider to be the most complete history ever published of the black man's part in the early development of northern Michigan.

The book is available, at \$5.00 per copy, through the Amateur Treasure Hunters Association, 300 State St., Oscoda, Mich.
