

Plan Big 4th Of July Celebrations

The annual Cascade Fourth of July celebration which, incidentally, will fall on Monday, July 5, this year promises to be "bigger and better" than ever before. Churches, community organizations, the Fire Department and many others will pool their efforts to make this the most outstanding local celebration.

A new feature of the celebration will include a baseball game between the men of Cascade Christian and Cascade Christian Reformed Churches. An internationally-famous sky diving team will thrill the spectators as well. Of course, there will be the annual "grudge" water ball fight between the Ada and Cascade firemen. Many booths will be included, and there will be the usual chicken bar-b-que dinner at Cascade Christian Church.

Mustn't forget the parade either, featuring the famous "Old Timer's Band." The parade will start the day's festivities at 11 a.m.

A tentative schedule for this year's celebration runs as follows:

- 11:00 A.M. — Parade forms at the Cascade Christian Reformed Church. Youth and children are invited to march. Prizes will be awarded for best costumes, floats, etc.
- 11:30 A.M. — Annual chicken bar-b-que dinner at the Cascade Christian Church. 650 dinners will be served on a "first come, first serve" basis.
- 1:30 P.M. — Boat parade down the Thornapple River, under auspices of the Thornapple River Association.
- 2:00 P.M. — Free boat rides "up the river." Be at the Cascade dam on the power station side.
- 2:30 P.M. — Famous water ball fight between the Ada and Cascade firemen at the Ada Ball Park.
- 3:30 P.M. — Baseball game between the men of the Cascade Christian and Cascade Christian Reformed Churches. (Slater Golf Range)
- 5:00 P.M. — Internationally-famous sky diving team (will jump, weather permitting) over Slater Golf Range.
- 9:00 P.M. — Big Fireworks Display (Over \$600 will go up in flames).

A final set-up meeting has been called for the sponsoring committee at the Old Cascade Town Hall Monday, June 28, at 7:30 p.m. All committee members and interested individuals are invited to be present.

Prizes for the Boat Parade on Thornapple River. Most Patriotic Decoration for float boat and power boat. Most original boat and most unique boat.

All contestants must pre-register. For pre-registering call: Ken Klynstra, 676-9366; Stanley Brown, 949-3426; Bob Wagner, 676-1693; Ray VanStee, 676-4761.

There will be a penant for each entry.

TALENT NIGHT IS JULY 10

Saturday, July 10, has been set as the date for the annual Lowell Showboat Talent Search night. Dr. Clark Vredenberg, chairman, announced this week.

From the preliminary auditions held on July 16 and 17, forty-eight acts have been chosen to make a final bidding for one of twelve spots on this year's show which will run for two consecutive week ends, July 22-24 and July 29-31.

The amateur entertainers that will be appearing will come from all over the state of Michigan to vie for an appearance with either The Everly Brothers (July 22-24) or Ray Stevens (July 29-31).

A panel of judges will select the best of show, and the twelve winners, two to appear nightly, will be sailing down the Flat River with a star-studded cast of entertainers.

WE'RE GOING ON VACATION

This is our vacation issue and is dated July 8. The next issue to be published will be the July 15 issue. The Ledger Office will be closed from July 5-10 and will reopen on July 12.

Please Conserve Water

Until we get some rain and a break in the heat wave, the City Water Department asks the people of Lowell to please cut down on their use of water as much as possible; sprinkle the lawn no more than is absolutely necessary.

The city is already having to pump water from the East side well, something they have not had to do for the past four of five years. The water from that well contains a certain amount of salt and they prefer not to use it.

The situation could become critical if the hot weather continues, so please go easy on the water and save as much as possible.

Get Your Chest X-ray

The mobile x-ray unit sponsored by the TB, Health & Emphysema Society will be at Lippert's Pharmacy in Lowell, on July 14, from 10 a.m. to 4 p.m., then on July 16 it will be located at the Caledonia Drug Store, from 10 a.m. to 4 p.m.

Before starting on that long awaited vacation with your family, why not take time to stop in the mobile unit and have a chest x-ray and tuberculin skin test. That tired feeling you had the past several months may only signify that you need a vacation, but again, it may mean something far more serious. Fatigue, loss of appetite, coughing are several of the signs of tuberculosis, find out for sure. It takes only a minute of your time and may mean a lifetime of health ahead for you and your family. An x-ray can show many other abnormalities of the chest too, so don't put it off, take advantage of the unit being in Lowell and Caledonia and have a worry-free vacation.

Chicken Barbeque Canceled

Due to circumstances beyond their control, the Senior Varsity Club of Lowell has had to cancel the Chicken Barbeque planned for Centennial Week, Friday evening, July 2.

JOYCE DEIBLE QUEEN OF CENTENNIAL WEEK

The Centennial Queen's Contest winners were announced Sunday morning at the Mayor's Breakfast. They are above from left to right, Mayor Jefferies, Emma Herron, the 1931 Lowell Centennial Queen; Sue Dey, 3rd runner-up; Kitty Brenk, 4th runner-up; Kathy Rittersdorf, 2nd runner-up; Joyce Deible, Centennial Queen and Evelyn Powell, 1st runner-up.

Centennial Week got off to a flying start Sunday morning at the Mayor's Breakfast held at the Masonic Temple; there were 125 in attendance. The announcement everyone was waiting for was made by Vince McCambridge who revealed that Joyce Deible had won the queen contest. First runner up was Evelyn Powell, second Kathy Rittersdorf, third Susie Dey and fourth Kitty Brenk.

The awards to the queen and her court were made by Mrs. Raymond C. Herron of Lansing, formerly Emma Kropf, who reigned as queen of the Lowell Centennial in 1931.

Mrs. Herron presented ribbons to the 2nd through 4th runners-up and plaques to the 1st runner-up and queen.

After the breakfast, as the group left the building, Don Eickhoff and his Keystone Kops, Bill Janowiak, Fred Verspoor, Cary Tap and Tom Shimmel took over arresting all violators of the Centennial Week laws. City Manager, Blaine Bacon, was first to be fined, followed by Mayor Harold Jefferies, Centennial Chairman, Clynis Benson and the newly-named queen, Joyce Deible.

The specially prepared Kangaroo Kourt and jail will be in use all week with the Kops busy bringing all violators to justice.

To conclude the first busy day of Centennial Week, many folks tuned out for a "singspiration" in the evening at the Showboat dock. With Bill Wood directing and Mrs. Bernard Fynaardt at the organ, everyone joined in the singing of hymns with special numbers by soloists, Mrs. Wm. Wood, Mrs. Hugh Onan, and Mrs. Fynaardt, all of whom were accompanied by Mr. Vern Bultema, director of music at the Congregational Church.

Busy Week Continues

Monday afternoon's Historical Homes & Sites Tour was enjoyed by about 50 people. They drove by 115 Centennial Homes in the area and visited 10 Historical Sites.

Highlight of the trip was a stop for rest and refreshments at the house built by Barney McGee, inherited by his son, Richard,

City Manager Blaine Bacon was thrown at the mercy of the Kangaroo Kourt after he allegedly attended the Mayor's Breakfast without wearing his Centennial hat. Mayor Jefferies also was apprehended, but both are free, supposedly on good behavior.

later occupied by Claude and Floyd Condon, and more recently by Mr. and Mrs. Don Blohm. It was then purchased and restored by the Rev. Father John McGee, its present occupant. The group was very grateful for Father McGee's kind hospitality.

At a later date, three separate awards will be given to the homes with the most centennial authenticity, best preservation, and beauty.

Earlier in the day an award was made to Glenn Ford, aged 90, for being the oldest male pioneer, and Jennie Rennells Kropf, aged 87, won the "oldest woman" award.

The Coronation

Tuesday was "Youth Day" with a parade at 6:30 and a drawing for a pony on the Showboat stage. The biggest event of the day was the crowning of the Centennial Queen, Joyce Deible, followed by the first of the "Battle of the Bands" programs.

Wednesday's highlights include a Tea & Fashion Show at the Runciman Building at 2 p.m. and the judging of the centennial costumes. The evening promises to be a big one with the "Roaring Twenties Gala" on the Showboat stage, featuring the Centennial Band Concert conducted by Orval Jessup.

Thursday's program includes a tour of Dr. Ruth Herrick's Museum (Antique Glass) and Open House with refreshments. In the evening Showboat stage will feature "Talent Night".

The Chicken Barbeque that was scheduled to be served by the Senior Varsity Club on Friday evening has had to be canceled. At 7 p.m. the Commemorate Coin Auction will be held, followed by the performance of Lonzo & Oscar and The Country Caravan on the Showboat stage.

Grand Finale

Saturday morning will see the judging of the Brothers of the Brush and the auctioning of beards. At 2 p.m. the largest parade ever to be seen in Lowell will take place with six area bands participating. Following the parade, a second pony auction will be held in Eberhard's parking lot.

The Centennial Week will wind up with the traditional July 4th Homecoming and Fallsburg Arts & Crafts Show on Sunday.

Next week should see a lot of new faces around town — well, maybe not new ones, but newly-uncovered ones, as the Brothers of the Brush once again join the ranks of the Clean Shavers.

Corrections: The swimming pool at the new Valley Vista Village, mentioned in last week's Ledger, is an outdoor pool, not an indoor one. There is also a spray pool for the children.

Welcome and hello to Dennis Grimes, new owner of the A&W Drive-In on East Main St. I'm sure he'd like to make your acquaintance over a mug of root beer.

Bev Holst deserves a big hand for the great job she did in handling the decoration of the downtown area for Centennial Week. Unfortunately, the red, white and blue bunting draped across Main Street was blown down by the wind over the weekend.

Showboat tickets will be available at the Centennial Office on Main Street during Centennial Week. Starting July 6, tickets may be purchased from the regular Showboat Ticket Office downtown.

State Savings Bank will be closed all day Monday, July 5, in observance of Independence Day.

"We only began this stop on June 14th," comments Bookmobile Librarian, Mark Kuhn, "and already we are circulating more books than we do at any of our older, more established stops." The Kent County Library Bookmobile stops at the Ada Township Hall on Mondays from 9 a.m. until noon with a collection of books which appeal to all ages and interests. Bookmobile users may also request titles which are not on the vehicle; these are borrowed from the eighteen member libraries in the System and are usually available to the reader the following week.

Persons with questions or comments should call the Bookmobile Department, 459-0575.

Lowell's First Commencement

Lowell's First Commencement took place in the Methodist church on the evening of June 28, 1878. The church was beautifully decorated with hundreds of bouquets of flowers and garlands, and the building was crowded with people.

The exercises were opened by Rev. Mr. Basser. Music was under the direction of Professor Hills. "Hail Smiling Morn," a beautiful quartet was sweetly rendered by a choice choir consisting of Miss Cleland, Mrs. Rickert, Messrs. Sunderlin and Hills, Mrs. Strong, organist. The greeting was given by Miss Kate Terwilliger, and most admirably done. Will H. Clark next delivered an oration on "Alexander Hamilton."

BOTTLE REFUND BILL PASSES

House approval was given to House Bill 4152 to require retailers of beer and carbonated beverages to buy back returnable bottles. House passage of the bill was only the first step in consideration of the bill. It will now go to the Senate for action.

The bill however does not require retailers to carry returnable bottles and there is a possibility that some stores may elect to discontinue carrying them.

Letter To The Editor

I have not, at this point in my life, ever written a letter to the editor of a newspaper. However, after reading the unsigned letter in the June 17 edition, I feel this to be necessary.

The Lowell Showboat has operated almost continuously over a thirty-year period for the general good of the community - both financially and as a morale booster. It is a simple matter to enumerate the many good things done for Lowell by the Showboat. It is also simple and quite accurate to say it has been done largely by volunteers from Lowell, Alto, Ada, Forest Hills, Saranac and Grand Rapids to mention a few places.

A short time ago the Lowell Showboat Board of Directors asked a newly formed and much needed organization, The Lowell Junior Chamber of Commerce (Jaycees), to handle a Queen Pageant for the Lowell Showboat. In less than four weeks they put together a truly wonderful show, and they worked extremely long, hard hours to do it. The competition was based on Miss Michigan Pageant Rules. The judges were fair and competent. The young women were from Lowell and Grand Rapids.

Because the Lowell Showboat's success is almost entirely dependent on our paying customers from Grand Rapids and surrounding areas, it was felt that girls from any area near Lowell could not be refused participation. Quite the contrary! A young lady from Grand Rapids will sell more tickets to the Lowell Showboat due to her publicity than anyone else. A hardened viewpoint! Not when you consider the fact the Lowell Showboat has suffered heavy financial losses two years running now. The winning young lady will provide us with good publicity year-round since she will participate in the next Miss Michigan Pageant at Muskegon.

We think the Lowell Jaycees are much to be congratulated for a job well done. Many thanks to President Norm Veljeute and Ken Akers.

We can't thank one organization without mentioning a few of the others who put in many hours for the Lowell Showboat: Talent & Advertising - Lowell Lions Club - Clark Vredenberg, Pres. Boat & Seating - Loyal Order of Moose - Jack Smith & Red Baker. Ticket Sales - Lowell Rotary Club - Roger Roberts & Stan Gardner.

Not to mention the City of Lowell, Lowell Light & Power, many businesses, industries, and countless individuals who all deserve credit for providing the most unusual outdoor show in the Midwest.

Respectfully,
Larry Wittenbach, President
Lowell Showboat Corporation

CHANGE IN ADULT EXTENSION COURSE PROCEDURE

Adults no longer have to be admitted to Michigan State University to be able to take extension courses which the university offers in communities throughout the state. Dr. Elmer S. Anttonen, Director of the Michigan State University Continuing Education Center in Grand Rapids, said today.

The change in procedure, effective with summer term offerings, is designed to accommodate adults who wish to take extension courses for university credit, but who are not seeking a degree from Michigan State University, Anttonen explained.

Interested adults are urged to contact the Michigan State University Continuing Education Center at 105 Division Avenue, North Grand Rapids, Michigan 49502, or to call at area code 616-454-9454, for further information.

New Greens Guide

"For salad lettuce so crisp it crackles, place a plastic bag of salad greens in the freezer a few minutes before serving."

That's one of many helpful hints offered in "Salad Greens," a new brochure available free from the Michigan State University Consumer Marketing Service.

The six-page folder also contains information on selecting, buying and caring for salad greens. Three pages are devoted to drawings of iceberg, bibb and leaf lettuce; and other greens, along with advice on how to identify each.

Single copies of "Salad Greens" are available at county Extension Service offices, or from the Michigan State University Bulletin Office, Box 231, East Lansing, Mich. 48823.

Michigan Auto Club Warns To Plan Ahead

Fourth of July holiday motorists who do not plan ahead will face full campgrounds and jammed deluxe resort facilities plus up to 30 percent increases in travel times, according to Automobile Club of Michigan.

"If Fourth of July traffic resembles that which took the state by surprise over Memorial Day weekend, holiday travelers in Michigan will drive up to 710 million miles between 6 p.m. Friday and midnight Monday," according to Jerry E. Fisher, Auto Club Touring manager.

Fisher points out that travel is expected to be seven to 10 percent above last year's Fourth of July pace. He estimates that over 3 million vehicles carrying vacationers will be on state highways during the weekend.

If weather is warm and it does not rain, Auto Club expects most state park campgrounds south of a line from Bay City to Ludington to fill Friday night, with campers moving north and filling many other Lower Peninsula state parks Saturday morning and afternoon.

Campers who want a guaranteed site are advised to make phone reservations at one of the more than 200 privately owned campgrounds. Although reservations cannot be made at state and national forest campgrounds or for many city and township campgrounds, many of them will have vacancies. Many Upper Peninsula parks will have room even when the Lower Peninsula is jammed.

Bob Hope To Headline Michigan State Fair

Famed entertainer Bob Hope will headline the final weekend (September 11-12) of the 1971 Michigan State Fair free entertainment shows, according to E. J. Keirs, manager of the Fair.

"We expect Hope to help us put our attendance at the Fair well over the million mark this year," said Keirs, pointing out that the Fair runs a full 17 days from August 27 to September 12.

"Along with our top flight free entertainment," Keirs added, "The 1971 Michigan State Fair will have bigger and better cultural exhibits, an exciting and expanded youth program, and one of the finest midways of any fair in the country."

Apparatus May Tell Pollution Story

At a recent Ada Township Board meeting, Otto Meyer reported that water monitoring equipment for the Thornapple River below the Ada dam may soon be available. Mr. Meyer, a township board member, lives in Ada on Thornapple River Dr. With the river bordering his property, he has a prime vantage point to observe water conditions.

Meyer's original concern developed after seeing an extensive foaming action downstream from the dam. Foaming is natural where turbulent water flows but it should dissipate downstream. In the Thornapple, the foam at times carries all the way to the Grand River.

Edward L. Stockton, Project Director of the Center for Environmental Studies, discussed sophisticated monitoring systems now available at a Michigan State Extension Service lecture. Meyer attended and was aroused by Stockton's presentation.

Trailer monitoring equipment in the hands of the Michigan Grand River Watershed Council was brought to Meyer's attention. Ada township, a Watershed Council backer, supported the idea. Next Meyer went to an M.G.R.W.C. meeting and expressed a need for the equipment so that the pollution source in the Thornapple could be located. The available trailer system would determine both type and amount of effluent in the water.

In conference with Paul Spielman, Chairman of the Quality-Quantity Committee of the Watershed Council, Meyer learned that a spot with electricity and daily supervision is needed for the monitor. Both requirements can be met. Ada Township named at least five sites in their request for equipment spotting. Meyer emphasized, "It's now a matter of public support."

If your concern for the Thornapple River extends beyond the talking points, the man to write is Ed Eitewald, Chairman of the M.G.R.W.C., 609 Prudden Bldg., Lansing, Mich., 48933.

Issue Warning About Insect Resin Strips

A warning about the use of insect resin strips was issued by Dr. W. B. Prothro, Director of the Kent County Health Department. The strips, used in the control of flying insects, are banned by law from use in commercial kitchens, restaurants, and areas where food is prepared or served.

The Food and Drug Administration has concluded that the residues resulting from the use of DDDVP resin strips in rooms or areas where food is prepared or served would render exposed food adulterated and that the label should warn against such use.

Howard Snodgrass, Supervising Sanitarian in charge of food inspection, recommends that fly control should be accomplished outside of buildings. He suggests that garbage should be enclosed in a plastic bag before placing it in a garbage can or container. The resin strips are recommended for placement in garbage cans and containers. These two procedures should eliminate the major breeding areas for flies, he concluded.

CAPITOL RECEIVES 1,200 VISITORS

Another demonstration took place at the Capitol Building last week — this one a positive happening. About 1,200 young men from Boys' State walked from the Michigan State University Campus down Michigan Avenue to hear messages by Governor Milliken and State Representative Michael Dwyer (Traverse City).

The boys were from high schools all over the state and were participating in the annual "Boys' State" being held at the University.

The young men were a fine looking group of people and I believe all of us were proud to have them visit the Capitol Building. Those whose schedules permitted, spent part of the day, following the speeches, visiting the Representatives and Senators from their districts, meeting the Governor, and attending legislative sessions and public hearings. We all hope that their visit was an enjoyable and educational experience.

Thanks are in order for Mrs. Bev Holt who spent many busy hours decorating downtown businesses and even joined city employees high above the streets to string a banner.

Never On Weekends

"Never on weekends" might be a motto worth observing, according to The Travelers Insurance Companies highway fact book entitled "Voice Behind The Wheel." The reason is simple. Nearly half the auto deaths and injuries occurred on weekends in 1970.

During 1970, 55,200 people lost their lives in traffic accidents and another 5,100,000 were injured, according to the book. Even though these figures are tragic, the number of those killed on our highways decreased by 1,300 from 1969.

Another reason for the high rate of accidents during night time hours is the tired driver. Remember that last long trip you took, trying to cover maximum distance in minimum time? Did you or did you not get sleepy? How many times did you shake your head before pulling in for a coffee or quick nap?

Excessive speeds accounted for 17,700 deaths. Perhaps some limits are not realistic, given modern highways and today's automobiles. But the fact is that we must become a slower population, not faster, if we are to cut down on our injuries and fatalities.

Area Churches Set Up Memorial Trust Fund

A Rev. John Allen Memorial Trust Fund has been set up at the Union Bank in Ada by several of the local churches. Mr. Allen passed away last week, at the age of 33, of complications following surgery.

Rev. Mr. Allen was well known for his role as Director of the Grand Rapids Youth Ministry with which he has worked since 1965. The program was set up to contact and counsel young people who congregated in the downtown area of the city at night. The ministry, located at 129 E. Fulton, has been expanded to include telephone counseling and a street ministry. Previous to this, Rev. Allen served as assistant minister at Park Congregational Church.

Donations to the Memorial Trust Fund may be sent directly to the Union Bank at Ada or the Grand Rapids Union Bank at 300 Ottawa N.W.

State Police On Alert

With July 4 weekend activities pushing Michigan traffic toward high summer levels, State Police patrols will focus on high risk road areas and travel hours in efforts to minimize holiday accident potential.

Patrols will be in force from noon, Friday, July 2, to midnight, Monday, July 5. Maximum coverage will be provided between 3 and 9 p.m. daily when traffic volumes are expected to be heaviest.

There were 27 persons killed in Michigan traffic mishaps during the 78-hour July 4 period last year. Over this year's Memorial Day weekend traffic accidents claimed 17 lives, also in 78 hours. The July 4 holiday period this year will be 78 hours too for record purposes.

Col. John Plants appealed to motorists to be especially mindful of proper speed rates and of safe spacing between cars in moving traffic.

"Excessive speed and lack of safe maneuvering room are factors frequently involved in holiday accidents," he noted. Motorist safety practices, he added, should also include proper signaling for turns, passing only when and where it is safe to do so, and by refraining from driving if any immoderate drinking has been done.

County Farmers Harvest 6,500 Acres Of Wheat

Kent County farmers harvested 6,500 acres of wheat for grain in 1970, according to Arvin Budge of the Michigan Crop Reporting Service.

Production amounted to 208,000 bushels, an average of 32.0 bushels per acre. This compares to the 1969 crop of 296,000 bushels from 8,000 acres.

Inland Lake Fishing Slow

Warm water is keeping most fish in inland lakes playing "hard-to-get." A variety of baits, lures, and techniques are needed to find what the fish will prefer. Bluegills and bass will be dispersed in the more comfortable, colder, and deeper water. Generally few fishermen have had much action on any local lakes.

Lake trout success has been good in the west arm of Traverse Bay, and near Leeland, and Northport. In Grand Traverse Bay the lake trout are caught in 65-100 feet and usually around 60 feet of water in Lake Michigan. A wide variety of trolled lures accounts for most of the success. Very little salmon action has been noted.

Perch runs have begun along the Lake Michigan shoreline. Up to 15 inches long, these perch are slowly moving north to find suitable spawning streams. Quantities of perch were caught off the piers at South Haven and St. Joe during the peak of the runs there. Early in the morning, from 4 to 7 a.m. is the best time. Crabs, wigglers, nightcrawlers, and minnows are the favorite baits.

Warm weather is encouraging Caddis and Mayfly hatches on the Pere Marquette and Mainstee Rivers. Fly fishing on these two streams should pick up. Warm weather also brings out masses of people to the cooling water of lakes and streams. The swimmers complain about the water skiers, the scuba divers complain about pleasure boaters, and the fishermen complain about everybody. No matter which form of outdoor recreation you prefer, the key to a good time is cooperation and common courtesy.

Lowell Downs Lakeview Taos Farms Victorious Over Ada Polo Club

Pewamo moved into first place in the southern division of the Tri-County Baseball League as they edged Ionia 4 to 3 by rallying for three runs in the bottom of the 9th inning after Ionia had scored 3 runs in their half of the ninth. After two were cut out in the last of the ninth, Terry Stephens, the losing pitcher for Ionia walked three straight batters and then Mike Miller blasted a triple to unload the bases and give Pewamo the win. Bill Werner was the winning pitcher.

Lowell downed Lakeview 4 to 0 behind the four hit pitching of Jim Malcolm.

Elsewhere, Vermontville downed Belding 12 to 4 with Randy Hummel picking up the win. Gar Malisch was the losing pitcher. Lee Bosworth, Merle Martin and Dick Stewart all had three hits each for the winners. Jeff Hacker, Jim Olsen, Cug Hawley and John Alberts all collected two hits each for Belding.

Sidney downed Hubbardston 7 to 3 behind the heaving hitting of catcher Steve VanHoose who collected three hits including a home run. Winning pitcher, Herb Loveless banged out his third home run in as many games. Ken Maher led Hubbardston's attack with three hits with Buck Cunningham banging out a home run in a losing cause.

Portland busted loose in the 6th inning to break up a tight game with Sheridan as they won 14 to 4 with Dan McCrum supplying the power with three hits. Andy Hill led Sheridan's attack with three hits. Randy Sanborn picked up the win in a relief role.
