

SCHOOL ANNOUNCES OPENING; NEW STARTING SCHEDULE

The school doors will be swinging open for Lowell Area School children on Tuesday, September 7. Superintendent of Schools, Leonard Sinke, reports that a complete teaching staff will be ready to greet students for a full day of school.

Parents are urged to enroll new students as early as possible in the Principal's office of the building that their youngsters will be attending.

All kindergarten and ninth grade students should have their required physical examinations before school starts. Physical cards may be picked up in the principal's office.

Due to transportation difficulties, the Lowell schools will have two starting times. Students who ride buses and live south

of Vergennes—this is approximate and exact routes will be published in next week's Ledger—and attend school buildings in Lowell will start at 8 a.m. All other bus riders and the Alto Elementary School will start school at 9 a.m. Walking students will be scheduled to balance class loads and to take advantage of time schedules for participation in athletics.

The federal government is continuing its program for free and reduced price lunches. Parents who feel they can qualify should pick up applications in the principal's office and return them before starting school. New guidelines and further information will be published next week.

Wreckers To Rid Townships Of Junk Cars

Harry DeMull Auto Parts, 2485 West Main Street, Lowell, a member of the Michigan Auto Wreckers Association will participate in a "Clean-up" Campaign for unwanted and abandoned cars in the unincorporated townships of Kent County.

DeMull, and six other auto parts firms will pick-up, free of cost, all automobiles reported the week of August 23-27.

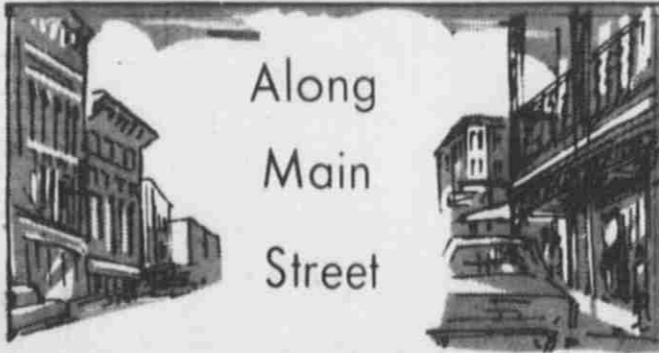

During this week, a Call-In Campaign will be conducted with volunteers from the League of Women Voters receiving telephone reports from individuals wishing to have unwanted or junk cars removed from their property. Those wishing to take advantage of this free pick up service should call 456-4040 between 8 a.m. and 5 p.m. during this period.

The volunteers will ask the following questions of the individuals reporting abandoned or junk cars: The name, address and

telephone number of the individual reporting the vehicle; the location of the vehicle, the year, make and color; whether a title is available; whether the car can be towed.

It should be understood that all cars to be picked up must be within a reasonable distance of a public road. Vehicles in woods, ravines, swamps, or fields, should be towed by the owners to an area adjacent to a public road. Vehicles other than automobiles must have tires, wheels and axles and be in a condition to be towed in order to qualify for free pick up.

This offer for free pick up is limited to the following townships: Grattan, Ada, Vergennes, Cascade, Lowell, Byron, Gaines, Caledonia, Bowne, Tyrone, Solon, Nelson, Spencer, Sparta, Algonia, Courtland, Oakfield, Alpine, Plainfield, and Cannon.

Next Tuesday, the Lowell City Water Department will start flushing the city mains, perhaps causing rusty water to visit many homes and businesses.

They will continue to flush the mains through Friday, August 27 . . . so be prepared.

Eleven fire calls during the month of July saw the Lowell volunteer firemen fight eight grass fires, one suspected arson, one tree fire and one trash box fire.

Children playing with matches, unattended trash burnings, and trains seemed to be the major fire setters. Nearly 1,200 gallons of water was soaked up on the July runs.

Why is it? A man wakes up in the morning after sleeping on an advertised blanket, in advertised pajamas. He will bathe in an advertised tub, wash with advertised soap, shave with an advertised razor, drink advertised coffee after his advertised juice, cereal and toast (toasted in his advertised toaster), put on advertised clothes, and an advertised hat.

He will ride to work in an advertised car, sit at an advertised desk, smoke advertised cigarettes and write with an advertised pen.

Yet, this man hesitates to advertise, saying that advertising does not pay. Finally, when his unadvertised business goes under he will then advertise it for sale.

Rain Was Needed, But . . .

Last Tuesday's high winds and sporadically heavy storms resulted in considerable property damage around the area, as evidenced by the fallen tree in the yard of Mr. and Mrs. Vos, 11483 Sixtieth Street, in Alto.

Unfortunately for the homeowner, the tree failed to fall short of the house, as it clipped the front porch to the ground.

Robbery Road Block

Trooper Baker and Trooper Strom of the Rockford Post at the road block just east of Ada.

An armed robbery of approximately \$150 at the Normandy Bar in Sunfield brought a State Police road block on M-21 just a few hundred feet east of the Thornapple River in Ada early Wednesday morning that slowed traffic for nearly three hours.

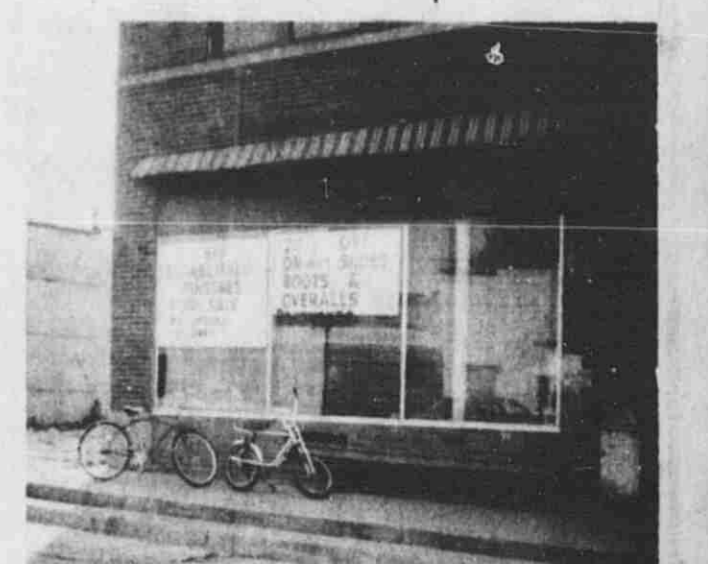

State police were looking for a man described as being 5 ft. 7 in. tall with red hair, and driving a 1966 black over gray oldsmobile.

Shortly after the robbery in Sunfield, a man answering the description produced a gun in a Saranac bar and demanded beer. When the beer was refused he paid for it with cash and left.

At approximately 1 p.m. that afternoon the Greenville police caught up with the suspect, Craig Lee Gearhart.

Gearhart refused to surrender himself. While attempting to escape he was shot in the right arm.

How's That Spelled?

A CLEVER GIMMICK — At first it makes you wonder if you've got your eyes focused right, or if someone forgot how to spell. But, this advertising gimmick to sell their established business in Alto, is one way of attracting prospects to their business, points out the store's owners, Mr. and Mrs. Elmer Sislock.

Wild Combination

This wild looking combination was the winner in the novelty costume class last week at the 4-H Fair. The rider, Kerry Kyser of 13347 Vergennes, and his horse, Dusty, are members of the Lowell Saddlelites Club.

DEMONSTRATORS BURN SCHOOL BUS

A lot was learned by some 200 observers, bus drivers, first aid instructors, driver training students, and teachers, as they witnessed a staged bus burning demonstration Friday afternoon at the Lowell Senior High School.

An old Kentwood School Bus was dumped on its side to demonstrate the effect of rolling over, then righted, and burned. This was all part of a three-day school bus driver's safety workshop conducted by Dale Benjamin, consultant on pupil transportation for Eastern and Western Michigan Universities.

Sells Cascade Dam To Township

Consumers Power Company today sold Cascade dam and its accompanying real estate and backwaters to Cascade Township for \$1.

Accepting the deed for the township was R. Lee Patterson, supervisor. Gordon L. Carson, Grand Rapids division manager for Consumers Power, turned over the deed on behalf of the company. He was accompanied by Fred Southworth, the company's region superintendent for bulk power and William L. Reid, manager of Consumers Power's land and right-of-way department.

The brief ceremony ended many months of negotiations between Consumers Power and the township. Although the property is now owned by the township, the company will continue to generate power until this fall. All generating equipment will be removed by the end of the year. The company has agreed to pay the taxes due in December, to make certain repairs, build fencing and perform other maintenance duties before leaving the property.

The operation of the dam will be the obligation of a special assessment district. The water level for the backwaters has been established by the circuit court at 663.5 feet above mean sea level.

Cascade dam was constructed by the Michigan Waterpower Company. Consumers Power purchased it from the Lower Peninsula Power Company in 1934 after a series of mergers involving the Waterpower Company.

The two generating units at the dam are rated at 2,600 kilowatts and have been in virtually continuous operation depending upon water levels.

Consumers Power has 14 hydroelectric plants on its system with a total hydro capacity of 133,000 kilowatts. By comparison, just one unit at its James H. Campbell coal-fired steam-electric plant near Grand Rapids generates 26,000 kilowatts.

Located on the Thornapple river, Cascade dam has a nominal head of 28 feet, a drainage area of 813 square miles and a pond area of approximately 280 acres.

'Butch' Lockhart Dies Of Accidental Injuries

The body of Private Lynn (Butch) Russell Lockhart is being returned from Germany to the Roth-Gerst Funeral Home, where arrangements will be made following its arrival.

Nineteen-year-old Lockhart met with accidental death just one month after his arrival for a tour of duty in Germany, with the Scout Squad (Headquarters, Headquarters Company), 1st Battalion, 37th Armored Division.

A 1970 graduate of Forest Hills High School, Butch was employed at Restlawn Cemetery before entering the armed services. He completed his basic training at Fort Knox, Kentucky in May and arrived in Germany on July 9.

The Private is survived by his parents, Mr. and Mrs. Russell Lockhart of 9119 Fulton Road, Ada; one brother, Glen; three sisters, Mrs. Rudy (Ruth) DenBroeder of Grand Rapids, Linda and Sandy at home; and his maternal grandparents, Mr. and Mrs. Henning Hammar of LeRoy.

The Rev. Harold Hammer will be the officiating clergyman and interment will be made in Chapel Hill Memorial Gardens. Assisting as pallbearers will be Butch's friends, John Stormozand, Wayne Washburn, Jerry Smoes, Mike Sherman, Greg Hovey, and Mike Osolinski.

LYNN (BUTCH) LOCKHART

School Board Agenda

Agenda for Lowell Area School Board Meeting, Tuesday, August 24, 1971, 7:30 p.m., Senior High School library.

1. Sale of Bonds for new schools.
2. Set the tax levies.
3. Adoption of Hot Lunch policy and guide lines for free and reduced-price meals.
4. Opening of bids for sale of used school buses.

Pinned Beneath Tree

Francis G. Budnick of Ada, owner of Tempo Construction Company suffered minor injuries early Thursday morning when he was struck and pinned beneath a tree that he and his son were cutting down at his residence at 955 Honey Creek.

Mr. Budnick was taken to Blodgett Hospital where he was x-rayed and released.

FLUSH MAINS

The Lowell City Water Department will flush the city mains starting Tuesday, August 24.

Continuation of the flushing will be made until Friday, August 27.

Dedicate New 4-H Horse Barn

A new feature at the 1971 37th annual Kent County 4-H Youth Fair was the horse barn erected in memory of one of 4-H's top horsemen, Bob Wittenbach. At Monday's opening ceremonies, the building was dedicated and a display depicting Wittenbach's 4-H Achievements were unveiled.

WHOA — Lowell 4-H Member David Avery brings his horse to a quick stop during judging for the Reining Class. He gained Grand Champion position and a Reserve Champion in Horsemanship. David will represent Kent County at the State Rodeo in Lansing.

Blueberry King

Michigan is the blueberry king, taking over the number one spot in 1970. Last year Michigan growers harvested 29 million pounds of the big blue. This year's crop is expected to be slightly below that, reports Ada Shinabarger, Michigan State University extension consumer information agent. When handling blueberries, Miss Shinabarger suggests sorting before refrigerating. Use the ripest fruit first, she says. Wash all berries just before using—moisture hastens mold and spoilage. When freezing blueberries, just sort and place them in freezer containers. Leave a half inch headspace. "They don't even need to be washed—they'll keep better if they aren't," Miss Shinabarger says. "When it comes time to use the frozen berries, they need only to be rinsed after thawing."

Search For Talent

A state-wide talent search is getting under way to bring some of Michigan's best performers to the 66th annual Belding Labor Day festival September 4 through 6. Offered to talent winners will be hundreds of dollars in prizes for amateur performers plus an opportunity for professional rock groups or country-western groups to win a \$1000 Custom Electronic sound column and 200 amp amplifier. Talent contestants will have an opportunity to perform before upwards of 40,000 persons—last year's estimated attendance at the celebration. Individuals and groups wishing to compete in the talent search are asked to write to Belding Chamber of Commerce, Belding, Michigan 48809. Eliminations for the amateur acts will be held Friday, August 27 and Friday, September 3, with final competition scheduled for Labor Day evening, Monday, September 6. Competition for the professional rock and country-western groups will be held Sunday, September 5. Entries selected for competition will be notified by mail regarding location and date of their appearance. Included in the letter of application should be who and how many are in the act, the type of talent involved and information on any extra equipment that might be needed.

Rep. Powell Announces Civil Service Openings

State Representative Stanley M. Powell (R-Ionia) has announced that the Michigan Civil Service Department is accepting applications for various technical and supervisory jobs. The positions are available on an open competitive basis and applications will be accepted through August 23rd. Written tests, if required, will be held September 25, 1971. Oral appraisal may also be required for some positions. Representative Powell said that information regarding positions available with the State of Michigan may be obtained by contacting the local state employment office or the Department of Civil Service in the Lewis Cass Building, Lansing.

New Twist On Unordered Merchandise Gimmick

Reports reaching the Grand Rapids Better Business Bureau reveal a new approach to the unordered merchandise method of selling, according to Manager Robert W. Bonner. This time it's insurance policies. Prospective buyers who send a mail order form to the Legal Security Life Insurance Company, P. O. Box 8476, Dallas, Texas, requesting a sample policy for inspection, are billed five dollars for one month's insurance, according to Bonner. Despite the fact that no decision to buy has yet been made, the reverse side of the notice warns that unless the bill is paid within the stipulated time limits, the policy will lapse. The Better Business Bureau recommends not answering such a billing, and asks that anyone experiencing this type of sales approach report it to the Bureau as soon as possible.

Gun Inflicted Injuries Increase Job Hazards

Twenty-three percent of the people who are injured on the job in Michigan are struck by objects, and an increasing number of these objects are bullets, according to the Michigan Department of Labor. Although no specific statistics are available, gun inflicted injuries are appearing in the records with greater frequency. Included are such incidents as the cab driver who shot at a hold-up man but wounded himself in the forearm instead. However, the cabbie hit the bandit with a second shot. A service station attendant dropped a revolver and it discharged and shot him in the toe. A slaughter house employee shot himself in the hand when his aim was ruined by an uncooperative hog. A number of employees are shot by gunmen in hold-ups, but the Department of Labor points out that the overall injury picture would improve if accidental shootings were decreased through proper training and supervision of employees who handle weapons.

License Restorations For 12,000 Drivers Begins

The job of restoring the driving privileges of more than 12,000 Michigan motorists who are unconstitutionally suspended under the state's financial responsibility law has begun, it was announced by Secretary of State Richard H. Austin. This does not include motorists who were found at fault and subsequently convicted in auto mishaps under Michigan's financial responsibility law, Austin explained. At the same time, nearly \$210,000 in security deposits required by the law will be returned to hundreds of drivers. Austin's action followed quickly on the heels of receipt of an opinion from Attorney General Frank Kelley on the unconstitutionality of certain aspects of the Michigan financial responsibility law. In addition to the restoration of driving privileges, Austin said the Michigan Department of State will erase from the records of more than 100,000 drivers any reference that they were suspended under the financial responsibility law. Persons who have questions on any phase of the financial responsibility law may call 345-4300, extensions 336 or 238 in Detroit, or 373-2630 in Lansing, for clarification, Austin said. Kelley's ruling was based upon a recent United States Supreme Court decision that overturned an unconstitutional portion of the financial responsibility law of Georgia, which is identical to the Michigan law.

Around The Area

Miss Kim Robinson has returned home after a fun filled month's vacation in Huntley, Minnesota. While there, she was a guest of Miss Tammy Harmon and her family. Miss Harmon spent several weeks here visiting her sister, Mrs. John Klen. The girls flew to Rochester where they were met by Mr. and Mrs. Charles Harmon and Beth. Chuck Biggs from Shreveport, Louisiana, is staying at Murray Lake, while enjoying a visit with his mother and friends. Wednesday, he was a guest of the Lowell Rotary Club. Mrs. Rosella Yeiter left last week for Clarklake, near Jackson, to visit her sister, Mrs. Warren K. Lusk. Mrs. Al Grover and granddaughter, Sheila Huver, are vacationing in Pensacola, Florida, where they are the guests of Ensign and Mrs. William Bouck. If you spent your summers in Michigan, and the winter months in Florida, why not join your sunshine friends at the annual Michigan-Florida picnic to be held Wednesday, August 25, at Bertha Brock Park, near Ionia? Bring a dish to pass, table service and beverage. The picnic will get underway at 12:30 p.m. Automobiles of yesteryear's motoring world find their way to Charlton Park Sunday, August 22, for the second annual antique auto show and swap, sponsored by the Battle Creek Chapter of the Veteran Motor Car Club of America. Charlton Park Village and Museum is located north of M-79 between Hastings and Nashville. The astronauts of Apollo 15, Colonel David R. Scott, Lt. Colonel James B. Irwin, and Major Alfred M. Worden, will be the honored guests at the "U. S. National Aviation and Space Exposition" at the Willow Run Airport on Saturday, September 11, 1971, it was announced by Mr. James V. Votta, general manager of the Exposition. All three astronauts at one time lived in Michigan and all are graduates from the University of Michigan. Major Worden is a native Michigander, being born in Jackson, Michigan. The Apollo 15 mission is considered to be one of the most successful scientific explorations in history. September 11 has been proclaimed "Michigan Aircraft Pilots Day" by Governor Milliken. Mrs. Laura P. Low is a very proud great-grandmother. Her great-grandson, Todd Williams, was born August 5th to Mr. and Mrs. Terry W. Dawson of Saranac, and a great-grandson, Christopher Edward, was born August 6th to Mr. and Mrs. Dan Herold of Carson City.

Fake Invoice Racket

Grand Rapids area business and professional men would do well to scrutinize carefully any invoices received from out-of-town sources unknown to them, warns Robert W. Bonner of the Better Business Bureau. Several local businessmen have reported to the Better Business Bureau that they have received invoices for unordered directory listings or ads in obscure or non-existent sometimes ethnic-oriented publications. The unordered directory listing is an old dodge, Bonner said. Careful scrutiny usually reveals the "invoice" is actually a solicitation to order advertising. The most recent directory-listing "invoices" have originated with Intratex of Hamburg, Germany, and Intratex, Ltd., of Johannesburg, South Africa. They do not contain the notice required by United States Postal law: "This is a solicitation for advertising, not an invoice." One such invoice brought to the Bureau's attention originated with the Advance Agency, which claims to represent the "New York Recorder." References available at the Grand Rapids public library contain no listing of any publication by that name. The Better Business Bureau advises ignoring either type of solicitation, and asks that anyone receiving such mailings send them to the Bureau or the Postal Inspector.

How To Prepare Salmon For Dinner

Next to the thrill of hooking and landing a sporty coho or tackle-testing chinook is the enjoyment that comes from eating your catch. Tips on how to handle, cut, cook and freeze your salmon are now available in a bulletin titled "Getting Your Salmon Ready for Dinner," published by the Michigan State University Extension Service. Authored by Dr. Eugene Dice, extension specialist in recreation resource development, the pamphlet also deals with methods of flavoring the salmon and cooking out unwanted fat. Single copies of Extension Bulletin E663 are available free at your local county extension office or by writing to the Bulletin Office, P. O. Box 231, Michigan State University, East Lansing, Mich. 48823.

Michigan Bell Telephone Company opened their first offices in Lowell in 1928 on West Main Street, above the store which now houses Hill's Shoe Store. Since their move to newer facilities on N. Hudson Street, many improvements have been undertaken including the new dial all seven digits system that has confused some telephone users, but is becoming a customary thing.

The 'Pill' For Cows

A birth control pill for cows followed by a shot of a hormone may provide the ovulation control that dairy cattle researchers and farmers seek. Feeding one milligram of MGA for 14 days followed by an injection of HCG (a luteinizing hormone) resulted in ovulation by 23 of 25 cows within about a six-hour interval, according to a recent report by MSU dairy scientists. "Using HCG provides the desired grouping of ovulation time we are seeking to possibly eliminate the need for heat detection," said Dr. Harold Hais, MSU dairy scientist.

GOLF

Wins Attwood Crown

The month of August will be jammed with golf activities as the 1971 calendar heads for the finish line in a blaze of glory.

At the conclusion of Attwood Corporation's Golf League David Blair and Merle Sebastian looking for their first championship in two years, carried a two-point lead home to victory over eleven opposing teams.

In the final week of play, Howard Vroma of Lowell established a new league record by shooting an even par on the Morrison Lake Golf Course, where league action was played every Tuesday night. He held low net for the season with Mrs. Helen Koewer carrying the league's low gross.

Sebastian and Blair, who last year finished second in the Attwood league, ended the season on even terms, both maintaining a 47 overall average.

At the championship presentations at the Morrison Lake facilities, August 14, the duo accepted their trophies from league president Ben Field.

The team of Dave Wurl and Ben Field, the winner's closest contenders, finished second, only one point ahead of the third place finishers Don Stewart and Tom Kagans.

Tom Stonehouse, an Industrial draftsman with the Attwood firm will head the 1972 Golf league with Augie Turnes accepting the secretary-treasurer's job from retiring officer Bev Holst.

Tom Gless and Jack Metternick of Alto, employing near accurate shooting, fired a two over par for eighteen holes to win the member-guest Best Ball Tournament at Tyler Creek Golf Course.

Lloyd Shook of Lake Odessa and Gary Burdick of Hastings teamed together to finish in the second spot.

The nine-hole Tyler Creek course is located southeast of Lowell on M-50.

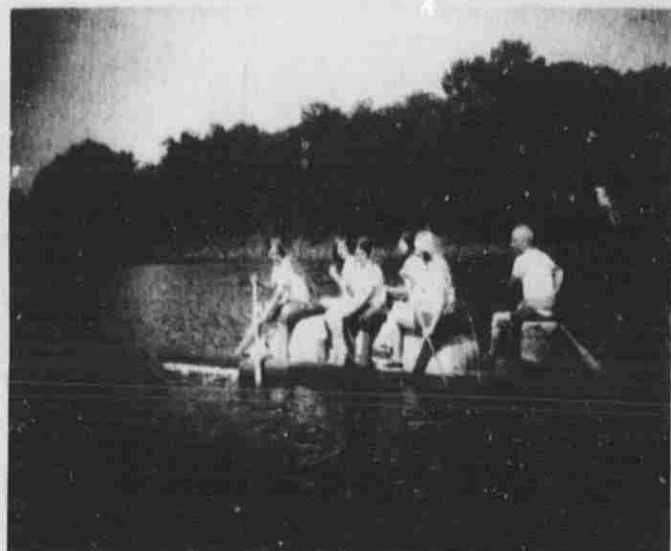

Three golfers topped Tom Rosely's 69 score in a Beat-the-Pro tournament at Silver Lake Country Club Saturday.

John Topp of Lowell was the leader with a net 64, followed by C. J. Farley 66 and Jack Carter 67.

Several members from Lowell Moose Lodge No. 809 played eighteen holes of District Golf at Marne Sunday afternoon.

The results of this tourney, along with the finals in State Competition held at St. Joseph Benton Harbor in July, are yet to be released.

David Potter, who hopefully will open his Rolling Hills Golf Course on Cascade Road, southeast of Lowell, next season, returned home from the hospital last week, where he underwent surgery.

From left to right on the Hulsapple apple raft are Mary Fries, Marsha McEvoy, Debby Kiel, Mimi King, June Hulsapple, Lori Powell, and Patty Curtis of Lowell are not present.

Bernard Sarniak, Mark Debrito, and Tony Debrito, of Lincoln Lake Road. They look forward to next year when they will try to win the most original.

It's A 'Raft Race'

It was a Saturday of fun for Team Captin Lyle Hulsapple of 2266 Dean Lake Road in Forest Hills and his seven pretty team members as they plunged into the Grand River just north of Riverside Park with over 4,000 other participants of the annual WLAV Raft Race.

Mr. Hulsapple, who owns the Phil Osterhouse Dance Studio in Creston Heights, was drafted as team captain by his daughter and other members of the staff at his studio.

Though his team did not place in the race their raft, which was made from a large railroad dunnage bag, took fifth place in the contest for the most original.

Jill Gietzen and Sue Hagerman of Forest Hills along with Debby DeVries of Lowell entered the race in the commercial class on a raft sponsored by Sticketees. Miss Gietzen said they were doing fine until just before they reached the finish line when their wood Styrofoam raft fell apart.

Tony and Mark Debrito and Bernard Sarniak of Lincoln Lake Road, Lowell, also entered the race. They paddled the two-mile distance to the finish line in one hour and three minutes placing 79 out of 257 rafts in their class. The three are looking forward to next year when they plan to try for the most original.

Poloists Ride For Goodwill

A charity match between the Kentree and Taos Farm Polo Teams Sunday, August 22, will benefit the Goodwill Industries.

In the annual event, the winning team will be the recipient of the Director's Cup.

Besides the excitement that will evolve around the coveted chukkers, the afternoon's program, which begins at 3 p.m. will be highlighted by an appearance of the Kentree equestriennes. During the half-time ceremonies, the equestriennes will put on a jumping exhibition. All proceeds will go to Goodwill Industries.

Tickets for the charity games are being sold by Goodwill Industries' promoters, or may be purchased at the gate.

Wins County Championship

The score board read 6-4 in favor of Taos Farms as the Kent County Championship Polo game ended at the Kentree field last Sunday.

In their game against the Ada Poloist, Taos was led by the high scoring of Gene Giomore, who tallied four goals. One point each, for the winners, was credited to Scott McIntyre and Bob Trent.

For Ada, Dick Cooper's mallet hit for three goals, while Morrie Houseman hit for one.

Bob's Still With Us

An erroneous misprint, which horrified some, while others took it as a big joke, was incorporated into last week's article on Kentree's Bob Bond Challenge Trophy Meet. Quote, "Mrs. Virginia Bond greeted the Barrington winners, and made the official presentation of the trophy honoring her late husband."

We're sorry about that Bob—we know we'll all be put to rest when it's our time, and know the feeling you must have had when you read the misprint.

We humbly apologize, and are willing to take ten slashes with a wet noodle anytime.

Lowell Outlasts Lakeview 14-10

Action in the Tri-County Baseball League opened on August 7 with Sidney pounding out a 19 to 9 win over Sheridan. Sidney outhit Sheridan 17 to 14 but numerous Sheridan errors spelled the difference. Steve VanHoose led the winners with four hits with Dave Balcolm, Jerry Jensen and Tom Hancock belting out home runs.

In another Saturday game, Ionia came from behind to score six runs in the ninth inning to down Lakeview 9 to 5. Mathews was the winning pitcher. Pewamo moved a full game ahead in the Southern Division as they spotted Vermontville 5 runs and finally won 6 to 5.

In a see-saw battle with Ionia, Portland although committing seven errors managed to edge the Ionia nine 12 to 11, scoring the winning run in the ninth inning. Dan Schneider and Russ Lenneman socked home runs for Portland, while Paul Mathews and Pete Shanski belted round trippers for Ionia.

Elsewhere, Lowell outlasted Lakeview to win 14 to 10. Brian Baker and Ed Harrall chipped in with three hits each for the winners. Fred Edison and Larry Vandlin collected three hits for Lakeview.

Steve VanPutten was the winning pitcher and Clyde Cling-smith the loser. Sidney was eliminated from the NBC tournament at Grand Rapids as they lost to Grand Rapids Steelcase 13 to 5.

Sidney lost the services of pitcher Dave Balcolm in a freak accident when he broke his arm in the act of pitching to a batter in the NBC game.

Defending Champions Open Season Against Northview

The Lowell Lion Tamers, Thornapple Valley Football League defending champions, will open their 1971 schedule against a rugged Northview team on Saturday evening, September 11, 1971 at Northview Varsity field.

With seven returning lettermen plus a number of players moving up from other classifications the prospects are very good for another fine season. This year's schedule calls for nine games against school districts who enjoy a fine reputation on the gridiron. Among others, the Lion Tamers will be playing Northview, Kentwood, Rockford, Caledonia and Middleville.

Mark Weber has taken over the head coaching job from Jerry Smith who guided the Lion Tamers to the league championship last year. Coach Weber will be assisted by Bob Den Boer and Bob Leasure. Doug Bickle will be assisting with the specialties.

The Lowell (School District) Region will field a total of six teams in the Thornapple Valley Football League this fall. In addition to the Lion Tamers who will be playing in the Open Division, five teams from Lowell will compete in the three League Divisions controlled by age and weight.

All six teams representing the Lowell (School District) Region are sponsored by the Lowell Area Lions' Club, a member club of Lions' International.

Three Gaites Stable Plans Sunday Show

Three Gaites Stable Schooling Show will be held this Sunday, August 22, at 9300 Vergennes Street, S.E., Ada.

Six ribbons in every class will be awarded, plus three high point awards will be presented.

English classes will start at 9 a.m. with western competition getting underway at 10 a.m.

Food will be available on the grounds, and spectators are welcome. For more information, call 676-9333.
