Home and Vicinity.

Miss Clara Wheeler, of Grand Rapids gave readings from popular authors at Train's Hall, Friday evening.

There is some prospect of an early move toward completing the Kalamazoo Lowell and N. M. Railroad.

Get your tickets for the Hunt Benefit Concert and hear the finest combination of foreign and local artists ever brought together in Lowell.

Died at the residence of M. B. Hime, in West Cannon, March 28th, Frank Davis, aged 10 years.

All children of five years of age, or about that, should enter the primary department of the school at the beginning of the term, in order to be put in to classes to be organized at that time.

Miss Cora Miller's Cavatina from Nino by Paganini and Flower Girl by Beethoven as sung by her, were delightful.

The last party of the Ladies' Waltz Club for the season, occurred on Friday evening. Music by Balcom, Worden & Burnett. Refreshments were served. It was a gay ending of the series.

At the meeting of the Ladies' Literary club, held on Friday of last week a vote was taken to extend through the Lowell Journal a vote of thanks to all who assisted them at their last public entertainment.

A Union Bible class has been organized in this village, with Mr. John Wilson, president, Will Chapman, Secretary.

The object is the study of the Bible, independent of creeds, denominational differences, etc. All interested are invited to join.

The Union school closed last Friday. Interesting rhetorical and literary exercises were held, reflecting great credit on the pupils.

The High School Gazette, a school paper, was well edited and contained many good things. Miss also formed an interesting feature of the entertainment.

The obligation administered to the Nationals may not interfere with their religious liberty, but where their political liberty? "Vote this ticket or none," is what it demands.

Considerations made in Chicago and throughout the North and West.

Five Science Lectures in Lowell, By Prof. R. G. Eccles.

As has previously been announced through the columns of the JOURNAL, Prof. R. G. Eccles, of Brooklyn, N. Y. will deliver a course of five popular science lectures at Train's Hall in this village, commencing on Monday evening, April 22, and closing on Friday evening of the same week.

The first lecture was given last evening. It was on "Electricity and Magnetism." The professor spoke of the resources of the planet which have heretofore remained undeveloped; to me his playing was a charm which left a deep impression on my mind.

Two ridiculous typographical errors in Mr. Hunt's concert notices, escaped the notice of the proof reader last week. One of these made us say that Miss Miller had been trained in the study of "money," etc. It should have read music, not money.

An eastern critic speaks as follows of Miss Cora R. Miller, who is to sing Friday evening the 5th at Mr. Hunt's Benefit Concert. "To Miss Miller must be given higher praise than for any previous vocal execution she has done at public entertainments in this city."

S. D. Clay of Grand Rapids spoke to the Lowell Infantiomists Thursday night. There was some talk of hiring him to speak to the Anti-Infantiomists on Friday evening. He is a fine speaker and speaks C. O. D., and votes—the Lord only knows how. (Elsworth will be mad again when he hears that we've imitated that the Lord knows more than he does.)

One of the beauties of the secret work of the Nationals is the obligation. It binds its members to vote the National ticket or none. Thus the eag and fetters are the instruments whereby the Nationals hope to hold together.

Prof Hunt's Benefit Concert.

The splendid combination of our local musical talent, which, together with Miss Cora Miller, Prof. J. de Zielinski and Mr. Wm. Dressell, will appear at Mr. Hunt's grand benefit concert on Friday evening of this week, at Train's Hall, should not fail to draw out a large audience and make the benefit a substantial one.

Scrapped? Well, So!

Scrapped, Squashed, Squashed, By a Large Majority. The National Victorious. And feel Most Glorious.

The National held their township election in Lowell on Monday. The Democrats were scopped. The Republicans generally went with the nationals except those who didn't go at all.

It was a high old time—all on one side like a jug handle, like a mighty big lug handle. It was an "off year" for the Republicans.

At night bon-fires illumined the streets; the cannon's roar waked the slumbering hills, speeches rolled from Dale's balcony along down the valley, loud and long; music by the band wailed to the heavens.

The result of the election was as follows: Supervisor—A. M. Elsworth, N. 405 226. R. Hunter, Jr., R. 179.

Justice, full term—J. W. Fuller, N. 390 206. J. H. Weeks, R. 184.

Justice, part term—M. C. Walker, N. 417 246. C. D. Hodges, R. 171.

Justice, vacancy—Chas. Stoughton, N. 415 246. C. G. Merriman, R. 169.

Supt. Schools—W. M. Chapman, N. 415 248. S. P. Curtis, R. 167.

Hwy. Com.—F. H. Hoosford, N. 411 237. L. H. Merriman, R. 174.

Drain Com.—E. D. Parker, N. 417 249. M. Hunter, R. 168.

Drain Commissioner—J. Lusk, N. 415 244. J. Kinyon, R. 171.

Constables—Chas. Bliss, N. 412 240. O. M. Coats, R. N. 389.

E. E. Church, N. 417. C. D. Hodges, N. 417. D. W. Galikins, R. 168.

W. A. Perham, R. 169. M. C. Walker, R. 173.

For Amendment relative to corporation "yes," 113; "No," 97.

For Amendment relative to clerk of Supreme Court, "Yes" 91; "No" 95.

GRATTAN.—Entire Republican ticket elected by majorities ranging from 9 to 87.

GRAND RAPIDS.—The National ticket elected by majorities from 9 to 87.

HENRY S. SMITH, the Saleratus man, rose to the latter figures and is mayor. The Democrats got one Alderman, and the Republicans got 3 Supervisors, 3 Aldermen.

HOWLAND.—National ticket elected, with A. D. Thomas supervisor.

THE COUNTY.—Returns not all in, but Nationals have majority of board of Supervisors.

KEENE AND BOSTON, Ionia County, elected greenback tickets except the Republican treasurer and Clerk in the latter township.

VERGENNES.—Entire Democratic ticket elected, J. W. Walker, Supervisor, John L. Covert, clerk.

Special meeting of the Common Council, Present—Stoue, Pullen, Graham, Weeks.

The object of the meeting was stated by the President to be for the purpose of listening to the report of J. M. Mathewson in the matter of Highways and Bridges in the village.

The opinion of Mr. M. as set forth in said report was that the Charter of the Common Council had jurisdiction to regulate the time and manner of working upon the highways and to regulate the time and manner of assessing all highway taxes and to construct, repair and preserve all bridges within the limits of the village.

That they have power to cause sidewalks to be constructed and repaired when and where they shall deem necessary in said village.

That where power is granted by the Legislature and the grantee assumes to act under that grant a duty attaches.

That the Legislature having granted certain powers enumerated in the Charter and they having assumed to act accordingly they ought to exercise that right as between themselves and the public for the protection, safety and good of the public.

On motion the report was accepted. On further motion the board adjourned.

JAMES H. WEEKS, Recorder.

From Rev. Sylvester Cobb, of Boston, formerly editor of the Christian Freeman.

"It may be of some satisfaction to you to be informed of the result of the trial of the Peruvian Syrup in my family. My daughter was brought low by a typhoid fever last spring, and after the fever let her she continued very weak, and the simplest food distressed her. For months she remained in the same debilitated condition; but from the first of September last, when she commenced taking the Syrup, the digestive functions improved, and she steadily gained strength and vitality; and now having taken two bottles she is restored to a good state of health; indeed, she appears more really healthy than she has for several years past. I am of opinion that the Peruvian of Iron, contained in the Peruvian Syrup, was adapted to her case, and effected what no other known medicine could have effected." Sold by druggists and dealers generally.

An Astonishing Fact.

A large proportion of the American people are to-day dying from the effects of Dyspepsia or disordered liver.

New Spring Goods.

Our New Spring Stock has arrived and a more beautiful and complete assortment has never been exhibited in this city.

Spring term of school begins next week. Mr. H. Jacobson returned from California last week.

Mr. & Mrs. J. W. Birch moved to Greenville a few days ago.

Mr. & Mrs. S. G. Hogan of Lowell have gone to Stanton to live.

H. W. Booth and family, were informed, started for Kansas last week.

Dr. G. A. Hendricks of Vergennes, died on Monday morning, April 1, in the 77th year of his age.

Daniel Miner, formerly of this village, committed suicide at Hot Springs, Arkansas on the 25th, at the Hot Spring.

Messrs. Samuel Spigner and Stuart Fuller of this village have gone to Mair to engage in the grocery trade. Their families we understand, go this week.

Married.—At the residence of the bride's parents in this village, March 31st, by Rev. S. E. Buser, Mr. Lansing J. Story of Mount-cain and Miss Lydia M. Vanderlip of Lowell.

Mr. O. B. Harris of Keene, was kicked in the face and shoulder by a horse Sunday morning, and tenderly cut and mangled. We are informed that both of his cheek bones and collar bone were broken. He is in a very precarious condition.

The entertainment given by the select school of South Boston on Friday eve, proved a success. The rendering of the two dramas—"Bread upon the Water," and "The Last Lost," brought applause from a good and appreciative audience. The school has proceeded a success.

Village Election.

The village election passed off quietly yesterday, the Nationals putting in full time and doing most of the work.

The "National" and "Citizens" were in the field and the count showed the following result:

President, W. W. Fuller, N. 257 132. J. H. Weeks, R. 84.

Treasurer, N. B. Blais, N. 197 112. J. W. Fuller, R. 75 117.

FREMONT NEWS, March 25th, 1878. Editor JOURNAL.—I see so much sound sense, and practical judgment in an article in the JOURNAL of the 20th, just, advising no person to go east, west, or any other direction without a knowledge of the country to which they are going, that I would like to give your readers my experience and observations.

I was led to believe that by coming west I should find a "garden of Eden," so to speak, but will give a few facts and leave your readers to judge.

The first drawback is a scarcity of timber. All the timber we have is grown on the banks of the large streams, just as it would be in Kent Co., if there was no timber excepting along Grand and Thornapple rivers and very scattering at that.

To be sure, there are a great many groves planted which may be of use in the future, but the trees are too small to be of much benefit.

Stone coal is from \$8.00 to \$14 per ton, so we have to use everything we can get hold of to make a fire.

I have heard of cases (I don't know how rare they are) that after the meal was cooked and eaten, they would put out the fire and clothe themselves warmer, yet they shiver around in the cold, to save firewood.
