DAVIS, Attorney and Solicitor, Circuit Court Commissioner, Commercial collections a specialty, Saranac, Mich.

Do our citizens want a street railway from the Illinois street car to the "north end" to pay \$4,000 toward the enterprise? We guess not. A row occurred at Wm. Walsh's saloon among some log runners Saturday night. Several heads bruised. Too much whisky in their water. Munell, the forger, gets 10 years at Jackson. A noted Grand Rapids linguist says: "I know Munell was a forger unless he could prove a lullaby." Messrs. El. Forman and Lyman Alrich of this village each took up 100 acres of land in Kansas during their visit in that state. They will remain until fall here and perhaps later, and then move there. They speak in glowing terms of Kansas. The Lowell correspondent of the Saranac Local gives us this good one: "The Lowell Journal is nearly 18 years old but there is no forty-year-old juggler in the State that can get the start of it on real sharp jokes. Our former townman, Mr. Simeon Hunt, and his partner, Mr. Davis of Grand Rapids, have removed their office to the rooms on Pearl street lately occupied by the Judge of Probate, where they will be pleased to see all their friends. They now have a central and very desirable location. There is no longer any doubt that the communists in Chicago and many other cities are drilling preparatory to riotous outbreaks this summer. The air is fairly poisoned with communism and it will require a powerful disinfectant to cleanse it. We trust blank cartridges will not be depended upon to do the work when worst comes to worst. We are authorized to say that the report which has been rather industriously circulated to the effect that Hon. E. G. D. Holden had joined or was about to join the Nationals, is "a lie made out of whole cloth." He is as true to Republican principles as ever, and will not be led by the old colors till he tumbles in. He won't "tumble" to the Nationals—not much. The Grand Rapids Enquirer is claimed to be the leading National party organ in Western Michigan. Here is one of its brief but brilliant editorials: "Gold has no more intrinsic value than any other metal." Any boy that can't get a nickel gun with old copper and shoot more sense into a paragraph than that ought to lead up the gun again and shoot himself. You've seen him—the man who looks tremendously wise and never talks much. You will find him in every town; several of him in some towns. If you could buy him at your valuation and sell him at his own, you would make enough out of the transaction to pay off the entire national debt and have a few hundred millions left for the incidental fund. We are informed that Mr. Wm. M. Dresskell is perfecting arrangements to give a very fine vocal and instrumental concert in this place soon. Miss Corn Miller and Prof. J. De Zielinski of Grand Rapids G. W. Hunt and George Balcom of Lowell, and Mr. Dresskell of this place, will constitute the troupe. If the citizens encourage Mr. D. W. we can have a first class entertainment—Saranac Local. The Detroit Evening News is an independent paper and is edited. On the finance question it is intelligent and sound. Speaking of the new party it says: "The Nationals are already planting in the organization the seeds of dissension by adopting two different principles. It is true that their doctrines are all cogent social and political reforms. * * * The Nationals demand acceptance of a whole book full of political absurdities." The Lowell Cornet Band is making preparations to attend the State tournament at Lansing in June. The music selected for the occasion is arranged by Mr. G. B. Balcom, and is considered very fine. We are not afraid to see the boys take a place in the tournament. They may not win the big prize but we know they will win golden opinions, and shall be at all surprised if they bring home a trophy. The Lowell Cornet Band boys have taken it upon themselves to see that Decoration Day is properly observed in this village. We are glad they have done so for whatever they set out to do will be well done. Invitations to join them in their exercises, arranged or to be extended to all the various societies and organizations of Lowell, and to the Iowa Commandery of Knights Templar. The Saranac and Iowa Cornet Bands have also been invited. The exercises will be held at the village cemetery, where Rev. S. E. Bassler will deliver an address. The programme of exercises is not yet fully completed but will probably be announced in next week's Journal. We make all our citizens will join with the band in the observance of Decoration Day. The Lansing Republican says: The arrangements for the state tournament in this city are complete. The following is a list of bands to this date that have declared their intention to be present: Flint City, Constantine, Jackson, Fort Union, Dexter, Ionia, Lowell, Mason, Cheboygan, Friesland, Laporte, Portland, Williamston, Evert, Hillsdale, North Adams, Marshall, Big Rapids, Oxford and Dewitt. Judges on hand contests—C. G. Coon of Elkhardt, Ind., Wm. M. Dresskell of Saranac, Wm. Phelps, Marshall. Entries of cornet soloists—C. E. Rogers, of Constantine, L. F. Boos, of Jackson, Wm. M. Dresskell, of Saranac, A. S. Forbes, of Washtenaw, and Miss Anna Berger of the Berger family bell ringers. An "old cornet soloist"—C. G. Coon of Elkhardt, Ind., Henry Distin, New York City, F. Oldhausen of Port Huron. The Republicans of this Congressional district will undoubtedly re-nominate Hon. John W. Stone as their candidate for Congress. We certainly hope this will be the unanimous voice of the convention, and believe the Republicans of this part of the district agree with us that he ought to be and can be re-elected to serve another term. He is a man of unquestioned ability and honor and has far more influence and respect than any other man in the district. He has served the confidence and esteem of his seniors and would go back to the house with far more influence and respect than any other man in the district. He has served the confidence and esteem of his seniors and would go back to the house with far more influence and respect than any other man in the district. He has served the confidence and esteem of his seniors and would go back to the house with far more influence and respect than any other man in the district.

Notes and Nudges. (By JINCRAX.) (In Detroit Post & Tribune.) The baker who sang "I knead thee every hour," pitched the tune in dough. Joshua has been in nearly everybody's mouth since the whale swallowed him. The heartless Hawkeye writes it "Waukeen" Miller. That's carrying the joke too far. Sitting Bull doesn't want to stay in Canada. He feels lonesome among so many bald-headed people. There is too much dog-gone slang in this country, and the sooner we get down on it, the better; that's what the matter is. The Communists are drilling for the coming campaign. Their platform is probably laid off with "—Hill wrongs nobody." "Tolldeen," "Tolldeen" is the voice of Massachusetts speaking to Ben. Butler? There, we hear it again. "Tolldeen" Ben. Tilden couldn't be elected pathmaster now. He was killed too fatally dead, and there's no usufructing any more Florida returns. Ambition is only a kite, after all. You have to trim it just right, watch it close and keep it in the hold of the string all the time, or it will soon come down. This is truly a progressive age. There are ten popular methods of committing suicide where there was one when Horatio Seymour killed himself. But that was a long time ago. Arranging labor against capital is a good deal like trying to pump water down through the bottom of a well. If it's water that you want, pump that other way. And don't get mad just because it won't pump itself. "My son," said the good old deacon, "even the hairs of our heads are all numbered." "I wouldn't take much to count 'em all on yours." The boy knew there were no bears within a hundred miles of him. It seems good to step into the house now and think it will be three long, happy months before the carpets will have to come up again. Three long, happy months before urgent business will take the man of the house out of town for a week again. A friend in New York, who shook hands with Charles Francis Adams several weeks ago last Friday, writes that he will be able to go to work again in a few days. His right hand has been very badly frozen once before, but under rather different circumstances. Barnum's collection of curiosities will never be complete until he finds the stump of a tree which he last had a mouthful of anything to eat. The average tramp walks 73 miles between meals, and can be hired to stop lying and go off and get drunk for a quarter. As another evidence that unjust legislation gives the East an undue advantage over the West, we have merely to call your attention to the difference in meridian time between New York and Chicago. Congress ought to show a disposition to be fair about this, and not permit the bloated aristocracy of the East to look in the warm rays of the morning sun 40 minutes before the West gets even a smell. Dick Treadwell is the man to look after this. Elder Crawford preached to us in the evening. But few city church choirs afford better singing than the choir at the Lake School House. C. E. B. The Baptist Conference in Lowell. The quarterly meeting of the Western Michigan Baptist Ministers' Conference was well attended and of unusual interest. Some who had important parts assigned to them were unable to attend, and sent their regrets by letter or card. Among these were Dr. E. Tuttle of Greenville and Rev. A. E. Mather of Portland. The next meeting is to be held at Plainfield on Sept. 10th. The first paper presented to this conference at its session last week, was by the pastor of the church in this place. It was an exegesis of I Thes. 5:23, the reading of the paper was followed by a lively and interesting discussion. As the paper was confined to the subject of sanctification, there was tendency in the discussion to bring in the subjects of anthropology and eschatology which are also included in the passage. The first sermon was preached by Rev. J. Fletcher on Tuesday evening. Subject, "When does probation end?" The text was Eccl. 11:3, "and if the tree fall toward the south, or toward the north, in the place where the tree falleth it shall be left." Some of the arguments were very strong, and the doctrine of the sermon was acquiesced in by all. It was this: Probation ends at the latest, at death, and it may end long before that event. Mr. Mather's paper on "Public Prayer" was so well liked that it was requested for publication in the Michigan Christian Herald, of Detroit. Mr. Oldfield's paper on "The Believer's Relation to the Moral Law" was both new and timely. The discussion which followed the reading of this paper was deeply interesting. The conclusion reached was that the curse of the law cannot reach the believer, because Christ has endured the curse for him. Dr. Graves' paper on "the conditions of the highest power in the pulpit," was well written and freely discussed. The writer quoted Rev. Phillips Brooks with approval to the effect that "the world has not yet heard its best preaching." Mr. Donnelly's subject—"Bible Teaching concerning Ministerial Responsibility" was also presented. Both Mr. Graves and Mr. Donnelly insisted on the duty of the pastor in visiting the laity, and the latter gentleman remarked that "sometimes those who find the most fault with pastors for not visiting more, are of that class who most delight in mere gossip." Dr. Hedge read a paper on "the best methods of Sabbath Worship," which was well received. In the discussion which followed there was manifested a general feeling of perplexity as to the evening service. Simply nothing. The sermon followed by an after meeting for prayer and conversation. By special request Mr. Oldfield remained over and preached on Wednesday evening a large number of his old time friends who heard him with a tender interest. VERITAS. Query: "Why will men smoke common tobacco, when they can buy Marburg, Seal of North Carolina at the same price?" Vergennes Items. The Lowell Dist. Council P. of H. will meet at the Vergennes Grange Hall the 17th. About 30,000,000 feet of logs now lie between White's Bridge and Lowell. Sid. Beckwith says. Barney McCre is building a new granary. He has 125 acres of wheat to harvest. J. C. Richmond is building a new barn. E. King is turning out some very fine wagons. Wm. Chapman of Saranac has rented the Alton Mills and is ready for business. Mr. Joseph Linn is now Supt. of the Alton Sunday School. What is looking fine all through this section.—Con. Altonites. J. M. Pratt addressed the Alton Red Ribbon Club on Saturday evening. Mr. Linn tendered his resignation as President of the Club. By vote of the club it was laid on the table till next meeting. Rep's father, a man of 70 winters in Lowell one day last week was accosted by an individual who claimed to be a namesake, was very glad to see the old man, and kept a good hold of him. When asked how old the uncle was, said about 60. It ended by his asking for 10 cents. Said he had just 15 cents, and 10 cents more would enable him to eat a good dinner. He was told that 10 cents would buy him a good dinner, and he then he could eat at once. As he did not wear the red ribbon it was thought that if he had the extra ten cents it would be apt to buy a "square drink." The weather has put back our seeding. Oats are not all in yet. The farrow is just plowing for corn though. The exercises will be held at the village cemetery, where Rev. S. E. Bassler will deliver an address. The programme of exercises is not yet fully completed but will probably be announced in next week's Journal. We make all our citizens will join with the band in the observance of Decoration Day. The Lansing Republican says: The arrangements for the state tournament in this city are complete. The following is a list of bands to this date that have declared their intention to be present: Flint City, Constantine, Jackson, Fort Union, Dexter, Ionia, Lowell, Mason, Cheboygan, Friesland, Laporte, Portland, Williamston, Evert, Hillsdale, North Adams, Marshall, Big Rapids, Oxford and Dewitt. The Baptist Conference in Lowell. The quarterly meeting of the Western Michigan Baptist Ministers' Conference was well attended and of unusual interest. Some who had important parts assigned to them were unable to attend, and sent their regrets by letter or card. Among these were Dr. E. Tuttle of Greenville and Rev. A. E. Mather of Portland. The next meeting is to be held at Plainfield on Sept. 10th. The first paper presented to this conference at its session last week, was by the pastor of the church in this place. It was an exegesis of I Thes. 5:23, the reading of the paper was followed by a lively and interesting discussion. As the paper was confined to the subject of sanctification, there was tendency in the discussion to bring in the subjects of anthropology and eschatology which are also included in the passage. The first sermon was preached by Rev. J. Fletcher on Tuesday evening. Subject, "When does probation end?" The text was Eccl. 11:3, "and if the tree fall toward the south, or toward the north, in the place where the tree falleth it shall be left." Some of the arguments were very strong, and the doctrine of the sermon was acquiesced in by all. It was this: Probation ends at the latest, at death, and it may end long before that event. Mr. Mather's paper on "Public Prayer" was so well liked that it was requested for publication in the Michigan Christian Herald, of Detroit. Mr. Oldfield's paper on "The Believer's Relation to the Moral Law" was both new and timely. The discussion which followed the reading of this paper was deeply interesting. The conclusion reached was that the curse of the law cannot reach the believer, because Christ has endured the curse for him. Dr. Graves' paper on "the conditions of the highest power in the pulpit," was well written and freely discussed. The writer quoted Rev. Phillips Brooks with approval to the effect that "the world has not yet heard its best preaching." Mr. Donnelly's subject—"Bible Teaching concerning Ministerial Responsibility" was also presented. Both Mr. Graves and Mr. Donnelly insisted on the duty of the pastor in visiting the laity, and the latter gentleman remarked that "sometimes those who find the most fault with pastors for not visiting more, are of that class who most delight in mere gossip." Dr. Hedge read a paper on "the best methods of Sabbath Worship," which was well received. In the discussion which followed there was manifested a general feeling of perplexity as to the evening service. Simply nothing. The sermon followed by an after meeting for prayer and conversation. By special request Mr. Oldfield remained over and preached on Wednesday evening a large number of his old time friends who heard him with a tender interest. VERITAS. Query: "Why will men smoke common tobacco, when they can buy Marburg, Seal of North Carolina at the same price?" Vergennes Items. The Lowell Dist. Council P. of H. will meet at the Vergennes Grange Hall the 17th. About 30,000,000 feet of logs now lie between White's Bridge and Lowell. Sid. Beckwith says. Barney McCre is building a new granary. He has 125 acres of wheat to harvest. J. C. Richmond is building a new barn. E. King is turning out some very fine wagons. Wm. Chapman of Saranac has rented the Alton Mills and is ready for business. Mr. Joseph Linn is now Supt. of the Alton Sunday School. What is looking fine all through this section.—Con. Altonites. J. M. Pratt addressed the Alton Red Ribbon Club on Saturday evening. Mr. Linn tendered his resignation as President of the Club. By vote of the club it was laid on the table till next meeting. Rep's father, a man of 70 winters in Lowell one day last week was accosted by an individual who claimed to be a namesake, was very glad to see the old man, and kept a good hold of him. When asked how old the uncle was, said about 60. It ended by his asking for 10 cents. Said he had just 15 cents, and 10 cents more would enable him to eat a good dinner. He was told that 10 cents would buy him a good dinner, and he then he could eat at once. As he did not wear the red ribbon it was thought that if he had the extra ten cents it would be apt to buy a "square drink." The weather has put back our seeding. Oats are not all in yet. The farrow is just plowing for corn though. The exercises will be held at the village cemetery, where Rev. S. E. Bassler will deliver an address. The programme of exercises is not yet fully completed but will probably be announced in next week's Journal. We make all our citizens will join with the band in the observance of Decoration Day. The Lansing Republican says: The arrangements for the state tournament in this city are complete. The following is a list of bands to this date that have declared their intention to be present: Flint City, Constantine, Jackson, Fort Union, Dexter, Ionia, Lowell, Mason, Cheboygan, Friesland, Laporte, Portland, Williamston, Evert, Hillsdale, North Adams, Marshall, Big Rapids, Oxford and Dewitt. Judges on hand contests—C. G. Coon of Elkhardt, Ind., Wm. M. Dresskell of Saranac, Wm. Phelps, Marshall. Entries of cornet soloists—C. E. Rogers, of Constantine, L. F. Boos, of Jackson, Wm. M. Dresskell, of Saranac, A. S. Forbes, of Washtenaw, and Miss Anna Berger of the Berger family bell ringers. An "old cornet soloist"—C. G. Coon of Elkhardt, Ind., Henry Distin, New York City, F. Oldhausen of Port Huron. The Republicans of this Congressional district will undoubtedly re-nominate Hon. John W. Stone as their candidate for Congress. We certainly hope this will be the unanimous voice of the convention, and believe the Republicans of this part of the district agree with us that he ought to be and can be re-elected to serve another term. He is a man of unquestioned ability and honor and has far more influence and respect than any other man in the district. He has served the confidence and esteem of his seniors and would go back to the house with far more influence and respect than any other man in the district. He has served the confidence and esteem of his seniors and would go back to the house with far more influence and respect than any other man in the district.

Notes and Nudges. (By JINCRAX.) (In Detroit Post & Tribune.) The baker who sang "I knead thee every hour," pitched the tune in dough. Joshua has been in nearly everybody's mouth since the whale swallowed him. The heartless Hawkeye writes it "Waukeen" Miller. That's carrying the joke too far. Sitting Bull doesn't want to stay in Canada. He feels lonesome among so many bald-headed people. There is too much dog-gone slang in this country, and the sooner we get down on it, the better; that's what the matter is. The Communists are drilling for the coming campaign. Their platform is probably laid off with "—Hill wrongs nobody." "Tolldeen," "Tolldeen" is the voice of Massachusetts speaking to Ben. Butler? There, we hear it again. "Tolldeen" Ben. Tilden couldn't be elected pathmaster now. He was killed too fatally dead, and there's no usufructing any more Florida returns. Ambition is only a kite, after all. You have to trim it just right, watch it close and keep it in the hold of the string all the time, or it will soon come down. This is truly a progressive age. There are ten popular methods of committing suicide where there was one when Horatio Seymour killed himself. But that was a long time ago. Arranging labor against capital is a good deal like trying to pump water down through the bottom of a well. If it's water that you want, pump that other way. And don't get mad just because it won't pump itself. "My son," said the good old deacon, "even the hairs of our heads are all numbered." "I wouldn't take much to count 'em all on yours." The boy knew there were no bears within a hundred miles of him. It seems good to step into the house now and think it will be three long, happy months before the carpets will have to come up again. Three long, happy months before urgent business will take the man of the house out of town for a week again. A friend in New York, who shook hands with Charles Francis Adams several weeks ago last Friday, writes that he will be able to go to work again in a few days. His right hand has been very badly frozen once before, but under rather different circumstances. Barnum's collection of curiosities will never be complete until he finds the stump of a tree which he last had a mouthful of anything to eat. The average tramp walks 73 miles between meals, and can be hired to stop lying and go off and get drunk for a quarter. As another evidence that unjust legislation gives the East an undue advantage over the West, we have merely to call your attention to the difference in meridian time between New York and Chicago. Congress ought to show a disposition to be fair about this, and not permit the bloated aristocracy of the East to look in the warm rays of the morning sun 40 minutes before the West gets even a smell. Dick Treadwell is the man to look after this. Elder Crawford preached to us in the evening. But few city church choirs afford better singing than the choir at the Lake School House. C. E. B. The Baptist Conference in Lowell. The quarterly meeting of the Western Michigan Baptist Ministers' Conference was well attended and of unusual interest.
