

Republican State Ticket  
For Justice of the Supreme Court,  
JAMES V. CAMPBELL.

For Regent of the State University,  
EDWARD G. GROSVENOR.

The Platform  
Resolved, That the Republican party  
having redeemed its pledge to make the  
greenback dollar worth one hundred  
cents in gold or silver, not having given  
the country a safe and flexible currency  
well adapted to the industrial needs of  
the people, we therefore oppose any  
radical change in our present financial  
system, and congratulate the country  
on the successful resumption of specie  
payments and the signs of returning  
prosperity in all branches of business.

Resolved, That we invite in this election  
the co-operation of all men of whatever  
former party, who are in favor of financial honesty and a  
safe and sound basis for the business of the country.

The hilarity of the St. Louis Globe is

Perhaps Mr. Voorhees may be ex-  
pected to favor the public with some  
whoops about finance when the new

when he is wrestling with this topic is  
especially fine, and he knows it, this

The foolish man foldeth his hands,

A recent issue of the *Quintan, Ga.*

A New York assemblyman has intro-

This was the editor of the Boston  
Herald: "If there are 600 daily papers  
in Boston instead of six, and if for a  
week each one of them should print  
nothing except a caution to the owner  
to get out of town, the result would be  
singularly attractive to the magazine."  
The "Pension Bear" by Henry James,  
Jr., is another of the brilliant writer's  
wonderfully clever studies of American life  
in Europe, and will doubtless be widely read  
and read to some advantage as either of its  
precursors. There is a memorial article on  
Richard Henry Dues, by Julius H. Ward,  
and Mr. Longfellow commemorates his friend  
in an exquisite sonnet, "The Burial of the

Other Novels" is one of those admirable  
articles on current fiction which appear

FOR THE GOOD OF THE PUBLIC.  
UNION, N. Y., Dec. 7, 1878.  
Messrs. ELY, LEACH & CO.—I have for a  
number of years. During two years  
previously to using your Cream Balm I had  
it used by my family, and it had been seen  
in my throat and a great deal of pain and  
soreness in my head. I commenced using your  
Cream Balm last night, before I had used  
one bottle the drooping had ceased, the  
pain and soreness was removed, as well as  
deafness caused by catarrh. I have used a  
great quantity, but nothing has cured my  
affliction is easy and pleasant, and I find  
it gives me pleasure to recommend it  
to the public. Wm. J. H. 127

The Greatest Remedy Known.  
Dr. King's New Discovery for consumption  
is certainly the greatest medicine ever dis-  
covered. It is the only medicine that cures  
the throat and lungs can be cured. It  
relieves the most distressing cough, and  
restores the voice. It is the only medicine  
that cures the throat and lungs can be  
cured. It is the only medicine that cures  
the throat and lungs can be cured.

"Nothing Like It."  
The fact that nearly all diseases of the  
throat and lungs can be cured by the  
Great English Cough Remedy is a  
conclusive proof of its efficacy. It is  
the only medicine that cures the throat  
and lungs can be cured. It is the only  
medicine that cures the throat and lungs  
can be cured.

For Diseases of the  
Throat and Lungs,  
such as Con-

The reputation it has attained in  
consequence of the marvellous cure it  
has produced during the last half cen-  
tury, is a sufficient assurance to the  
public that it will continue to realize  
the happiest results that can be desired.  
In almost every section of country  
there are persons, publicly known, who  
have been restored from alarming and  
even desperate diseases of the lungs,  
by its use. All who have tried it ac-  
knowledge its superiority; and where  
its virtues are known, no one hesitates  
to resort to it as the best and most cer-  
tainly effective remedy for the relief of  
the distressing diseases which beset  
the Throat and Chest of their kind. It  
is invaluable; for, by its timely use,  
multitudes are rescued and restored to  
health.

This medicine gains friends at  
every trial, as the cures it is constantly  
producing are too remarkable to be  
forgotten. No family should be with-  
out it, and those who have once used  
it never will.

Eminent Physicians throughout the  
country prescribe it, and its efficacy is  
often recommended to their knowl-  
edge of its effects.

the new state capital has enabled them  
to act together. They harmonize. They  
are not strangers, to be coupled in one  
enterprise for the first time, perhaps to  
prove discordant or incongruous; but  
they will act together with an eye single  
to the welfare of the University and the  
interests of the state, like an experienced  
and well-balanced firm. Each is a man  
of individuality and sturdy independence;  
so that their harmony is that of mutual  
strong common sense, which will lead  
them to harmonize with other members  
of the board upon a plain, honest, com-  
mon sense basis.

From Jacob Smelicher, FERRISPORT,  
MICH., MAR. 8th 1878. I have used  
the Universal Croup Remedy in my  
family for the last two years. As  
our children are quite subject to croup  
at all times of the year, we have had  
many opportunities to test the Remedy,  
and have found it to be perfectly  
reliable, never failing in a single in-  
stance to promptly relieve every at-  
tack of this dreaded disease. I would  
not be without it in my house.

Fillmore, April 30, 1878.  
EDW. SHERMAN—My daughter  
aged two years was attacked with dip-  
theria, April 14th, '78, after a very  
severe illness of four days she recovered.  
The Universal Croup Remedy  
was used all through the case, and  
with eminent success; it was caused  
the patches or membrane to loosen  
and expelled without the use of any  
wash, gargle or swabbing whatever.

As this remedy has proven so very  
satisfactory in my family, and with  
the firm conviction that it is destined  
to be of universal value in all dis-  
eases for which it is recommended, I  
feel it to be a pleasurable duty to give  
these facts to the public. Yours  
resptly, G. J. TAYLOR.

The UNIVERSAL CROUP REM-  
EDY was used with very beneficial  
results in the following named persons  
families, which were afflicted with  
diphtheria. Its frequent use promot-  
ing expectoration; disorganizing and  
removing the membrane thereby re-  
lieving a dangerous class of symp-  
toms. Viz—

Remedy, being a most successful  
and a good remedy for this fell  
disease (croup) and the people are be-  
ginning to find it out.
