Since Monday the symptoms have been more favorable and at present writing, Tuesday afternoon, his condition is reported considerably improved. There is more hope, but it cannot vet be said that the crisis is entirely passed.

Later-The President is reported worse again this (Wednesday) morning. The chances for life seem to be against him.

The editor of the Quincy (Ill.) Herald may not not be a fool. He may be a knave. He runs a democrat sheet. There are some decent democratic editors-a great many of them-but he is not one of them. He is just now trying to the compliments of Hannah, Lay & Co., gain a little notoriety by declaring that and boarded one of their elegant steam-President Garfield is no better than Guiteau-in fact not as good. The Herald editor may not be a knave. He may be a fool—a big overgrown idiot, and Bay View, then a hunt for agates, then his guardian may be away from home. His head needs bandaging, and somebody ought to get it in shape for the lint before he savs much more.

of the brave." We just bet on that and time at Petoskey and Harbor Springs. talk big about it. That's all right; we At Petoskey the excursion "broke up" ought to feel proud to live in such a and regretfully the excursionists separcountry. During the past statistical ated. year, ending June 80. over 688,000 immigrants from Europe were landed at the various United States ports. We brag of that, too. This is a big country and we want it "settled". And we talk big we want it "settled". And we talk big about that, too. Just how many criminals, and communists, and runaway convicts are included in the above magnificent showing we shall never be able to say. It is enough for them to know that this is the Asylum for all such and that our immigration laws are no respecters of persons. The time may come when this disturbing element, banished from its native land, may be heard from in this country in a way that will not conduce to the happiness and welfare of our great and glorious Republic. And then we will talk big about that. Welcome all good foreign citizens but when it comes to running up to the landing and embracing felons and communists and that sort of biped, and give them the freedom of the whole country—well, we shall wish we hadn't.

Which means the Northwestern Michigan Press Association. The meeting of this association. The meeting of this association held at Cadillae last week was fairly attended and decidedly interesting. Business sessions were held on Monday evening. Tuesday and Wednesday mornings. Many important questions were brought up and discussed, which limited space forbids speaking of at length this week. Sevabout that, too. Just how many crimi

eral interesting papers were read before President, Hon. E. O. Rose, was full of excellent points. "Character in Journalism' by Hon. M. W. Harford of the Muskegon Chronicle was ably presented and received with marked approval. "The relation of the Press to moral reforms" a paper prepared by App. M. Smith of the Manistee Times was read by Secretary Bates. It was a vigorous

paper entitled "We." Resolutions on the death of W. S. Benham who went down on the "Alpena," were offered and adopted.

Interesting debates on important questions pertaining to the good of the fraternity were held, which it is hoped will result in much profit to the craft. The following members were elected officers for the ensuing year.

President-Thos. T. Bates, of the Herald, Traverse City. Vice President-Jas. W. Hine of the Lowell JOURNAL.

Secretary-Chas. T. Chapin. of the Cadillac News. Treasurer-Chas. E. Barnes, of the Reed City Clarion.

Members Executive Committee-E. O. Rose, Big Rapids Pioneer-Magnet; C. S. Hampton, Harbor Springs Independent. This brief report of the business proceedings of the Association gives but a faint idea of the work accomplished, but it will have to suffice this time. Cadillac is a live town. Only a few

but the wilderness is badly broken now. A city of 3,000 souls site down on it and that will break any wilderness. The city is full of Brains and Push and the evidences of this are found on every street and in every saw-mill and factory. It was our good fortune to stop at the McKinnon house, one of the best hotels on the road. Everything in Cadillac is of the best-the press association can testify to that without reservation. Good hotels, a first-class fire department, well stocked stores, big saw mills and immense lumber yards, a young mayor chock full of "besom" and business, and a weekly paper that stands in the front rank of the Michigan press. And right here let it be recorded that its editor, C. T. Chapin, deserves special mention for his untiring efforts to make fire in him to take his place. There is a the meeting a success and enterprise in publishing a full and able report of the

proceedings.

A delightful ride on the "Little Clam" was also enjoyed by the party, three boats being placed at their disposal.

Leaving Cadillac on Wednesday afternoon, the editors and ladies went to Traverse City-free transportation generously granted by the G. R. & I. There they stopped at Park Place, a magnificent hotel. In the evening the guests were entertained and ice creamed at the residence of E. L. Sprague, editor of the Eagle. Here mirth and music reigned
