When you have fever and ague, dumb ague, bilious fever jaundice, or any disease of the liver and wish to get well quickly, cheaply and permanently, use Dr. Pierce's Liver Pals. Many of the physicians prescribe it, and when you do this with a proprietary article you may be sure it is worth having. For sale by Hunt & Hunter.

Three out of five men and women in all classes of society have some form of disease of the kidneys or other urinary organs, their sufferings, oftentimes, being most excruciating. Dr. Pierce's Kidney Pals is a sure cure for such maladies. Some of our best citizens have been cured by it. For sale by Hunt & Hunter.

## LOWELL JOURNAL

JAS. W. HINE, EDITOR.

**EDITORIAL TALK.**

—Senator Bayard was president pro tem of the Senate about two days. Senator David Davis of Illinois was elected to that position last Thursday. We can't see the improvement. Davis was elected by Republican votes but he is not a Republican. We all know what Bayard is—he is a Democrat. Davis is neither Democrat nor Republican. Bayard is sound on the finance question. Davis is not. Everybody would know what to expect of Bayard. Nobody knows what to expect of Davis. Any wrong action of Davis will be charged to the Republicans who put him there. It looks to us as though the Republican Senators had made a mistake. So long as they could not elect one of their own party for president pro tem it would have been better to have let the Democrats have the privilege and responsibility of putting in and answering for one of their own party. It is barely possible that Senator Davis has come to the conclusion that he is more of a Republican than anything else, but the news hasn't got out around much, if he has.

—The venerable Hannibal Hamlin of Maine has been nominated as minister to Spain, and Walker Blaine, son of Secretary Blaine, of Maine, has been nominated as Third Assistant Secretary of State.

—Senators Sherman of Ohio and Anthony of Rhode Island are the only members of the present Senate who served in that body in the session of 1861 when the south seceded.

—Hon. Mark S. Brewer of Pontiac, this state, has been nominated by the President for Consul General at Berlin. Mr. Brewer has been climbing the ladder right smart for several years.

—Ireland is all torn up. Parnell has been arrested and locked up, charged with inciting the people to intimidate others from paying their rent and with intimidating tenants from benefiting by the Land Act.

—Both Tammany and Irving Hall delegations were kicked out of the N. Y. democratic convention. Tammany sends up a wall there—just as a cat does when you step on its tail.

—John Kelly of New York—the great Tammany sacker—would go over to the Republican if he could feel at home with them. Like the street gamin that strayed into a Sunday school he wouldn't know how to act.

—We'll see how New York goes, now. We know what she can do, but what she will do is a question respectfully referred to the debating club and John Kelly.

—Put this down, young man. It doesn't pay to bolt. It doesn't pay a horse to balk, either, but the hanged critter will, sometimes.

—Tilden's influence was visible to the naked eye in the New York state democratic convention, although his body wasn't.

—That grand old poet, J. G. Holland, is dead. He was poet, editor and author. And he was one of the bright lights of literature.

—Later returns from Ohio and Iowa show largely increased majorities over first reports.

—Mr. Bookwalter guessed pretty close. He only got about 25,000 votes out of the way—that's close for him.

—The Chicago Times must be happy now. Its David Davis has got 'suthin' at last.

**JOURNAL JOTTINGS.**

See now adv. J. M. Weatherwax. A few flakes of snow fell here on Sunday, Oct. 15.

Look for C. G. Stone's new "ad." in next week's JOURNAL.

Work has been progressing finely on the South Boston road.

A new bridge now spans Flat river at Benson's Mills near Fox's corners.

The marshal will find a few chimneys and stovepipes that need looking after, before long.

Mr. and Mrs. Orren Crocker and son, of Freeport, Ill., made relatives here a short visit last week.

Frank Howard is again on the road with Ashton's Theatre Troupe, as Comedian and stage manager.

The council is doing a good job—draining the locality around and about the King and Amphlett block.

A Congregational social will be held at the residence of Capt. Fuller, on Wednesday evening of next week.

D. B. Kelley & Co. will be in town next Saturday with a stock of pictures which they will sell at auction.

The comet captured by Prof. W. F. Denning on the 4th inst. is the 5th now comet since May 1, all but two of which were discovered by Americans.

All communications for this paper should be addressed to THE JOURNAL, and not the editor, personally.

The "drive well" patentee wants \$10 from every man who has one of his wells in use. Let's see him get it.

The new cone hats, rubber coats and hose cart for the fire department have arrived.

Frank Morton sent the JOURNAL the other day some peaches nearly as large as pumpkins. And they were excellent peaches, too.

Work was resumed last week on Train's new block and the structure shows a vigorous growth. It will be a handsome block.

New adv. this week from John Fitzgerald & Co. and F. W. Wurzburg, of Grand Rapids. They speak for themselves.

The Baptist Church in this village is to receive marked improvements. It is to have a steeple, and bell, and will be generally reconstructed.

The editor is at Yorktown to-day, and we presume he is sober. He will have something interesting to say to his readers when he returns.

C. R. Kniffin and family of Freedom Mich., are visiting relatives in this village, some of whom they have not seen in many years.

A prize party will be given at Train's Hall, on Friday evening, Oct. 28. A Goldsmith colt will be given as a prize and the bill is \$1.00.

P. D. Eddy has been transferred from the mail route between Cleveland and Chicago to the route between Kalamazoo and Petoskey.

From Hon. John W. Stone has been received bound volumes of the Congressional Record for the third session of the 46th Congress; for which he has our thanks with a big T.

C. R. Hine has disposed of his interest in the hardware store to his son A. W. Hine and the firm is now Hine & Hine; composed of two brothers Fred B. and Albert W. Hine. They are enterprising and popular young men and we bespeak for them a successful adventure.

A change in the arrival and departure of trains on the D. G. H. & M. R. R. took effect on Sunday, Oct. 16. Mails leave Lowell as usual except the morning mail west, which now leaves at 4:50. See corrected time card for other changes.

Married—In Lowell at the residence of the brides mother Oct. 11, 1881 by Rev. R. W. Keeny; Mr. Moses Ringler of Chase, Lake Co, Mich. to Miss Caroline Schwader of Lowell.

The St. Louis (Mich.) Leader tells a sad story of a girl who went from near Austin, Kent County, to Saginaw to attend school. After remaining at Saginaw a short time she was induced to go to St. Louis, where she was enticed into a house of ill fame, where she was found by an acquaintance. It is a shockingly sad story if true. No names are mentioned, and probably none will be.

The State Board of Health have issued a circular in regard to the prevention and cure of diphtheria, and the village board of health have procured 500 copies and will distribute them in this village leaving one at each house.

It is earnestly hoped that the circular will be carefully read and preserved for future reference. "An ounce of prevention is worth a pound of cure."

The promenade concert which was to have been held Oct. 14, by Balcom's Orchestra was postponed on account of the weather. It will take place on Thursday evening, Oct. 20, at Train's Hall, and you are all cordially invited to be present. A good time guaranteed.

The invitations are out for a grand select party, to be given by the Grand Rapids' Lowell Club at Train's Hall in this village, on Friday evening, November 11th. They are very neat and tasty in design. The Club Committee having the arrangements in charge state that a large attendance is anticipated from Grand Rapids and Ionia—where invitations have been well circulated so well as locally. No effort will be spared to make the party a thorough success. The members of the Club are all young men well known here and engaged in different professional employments in the valley city. Balcom's orchestra will furnish the music and with the attendance from neighboring cities the party is expected to be the event of the season, in its line.

The hat worn by President Garfield on the day of his inauguration, and also on the day he was shot by Guiteneau, was one made and presented to him by Gen. L. W. Heath of Grand Rapids. When he sent the hat to Garfield, Gen. Heath requested that it be returned to him after a specified time. Mrs. Garfield, not knowing this, after the President's death gave the hat to their body servant "Dan." Private Sec'y Brown and Postmaster Ainger of Washington, hunted up the hat and returned it to Gen. Heath last week, who now has it on exhibition at his elegant hat store on Monroe street. "Dan" was very loth to surrender the prize but Gen. Heath will see that he isn't hatless. Garfield wore a very large hat—7 1/2 size—and the one presented by Heath was the only silk hat, among many sent him, that he could wear. It is a relic that money cannot buy.

Died.—On Tuesday Oct. 18, in this village, Mrs. James Labeurie, of heart disease. The funeral will be held tomorrow, Thursday at 10 o'clock A. M.

**Uncle Tom's Cabin.**

**School Law.**

**OFFICIAL RETURNS AND DECISIONS.**

1. The law providing that the secretary of the county board of examiners may grant special certificates in certain cases, which shall be valid until the next examination by the board, does not contemplate that the secretary may immediately, after a public examination, grant special certificates to such persons as failed to pass examination before the board. The essential examining authority is the board of examiners, and it would be a curious law that would strive for its own defeat by giving the secretary of the board a power in private to reverse the public action of the superior authority.

2. The secretary of the board of examiners may give on examination special certificates to such persons as have not appeared before the board and failed, which shall be valid only until the next public examination (regular or special) by the board. These special certificates are simply permits to teach until the proper licensing authority shall come together. Such certificates should be granted only in extreme cases of necessity.

3. An applicant for a certificate having failed at one examination is not prevented thereby from making application and undergoing examination at a future public examination by the board of examiners.

**NEWS & NOTES.**

"If Jones undertakes to pull my ears," said a loud-spoken young man, "he'll just have his hands full." Those who heard him looked at his ears and smiled.

It was a Boston lad who, walking one day with his guardian, saw a drunken soldier lying in the street, and pointing to the recumbent figure, remarked: "Papa, I guess he doesn't belong to the standing army."

Le Sport: Well, have you shot many partridges? "Not one, but I am pleased enough with my shooting. I came a great deal nearer killing than I did last year."

The "utterly utter" kind of talk has infected the street gamins, one of whom, after picking up a more than usually fragrant cigar-stump exclaimed to his friend Jack: "Jack, this is quite too positively bully!"

"So she refused you did she?" asked Pingry; why didn't you press her, my boy? "Press her!" exclaimed Brown; "she wouldn't let me get near enough for that."

Physicians say that is not healthy to sleep in the day time. This opinion is backed up by all the flies in the community, and they put a stop to day-sleeping when they can.

The art of whistling is an art, no mistake. You can pucker up your mouth, stretch your cheeks and blow until you are red in the face, but if you haven't the art the whistle won't come. If you have the art—let us hope, in the name of all that's quiet, that you haven't. There is no need of making a locomotive of yourself.—[New Haven Register.]

Why are you late? asked an Austin school teacher of a little girl, who hung her head and said: "We have got a little baby at our house." "Don't let it happen again," said the teacher, severely, and the little girl said she would not and took her seat.—[Texas Sittings.]

Literary: Wanted—A story of burglary or ghosts in which the night is not very dark without and the wind does not blow in fitful gusts and the old oak in front of the house does not groan dimly. On receipt of such we agree to return the manuscript.

The gift of Queen Victoria's garter to King Alfonso was the occasion of great festivities in Madrid recently. As the young monarch's grandfather, Ferdinand VII., is the only other Spanish sovereign upon whom the Order has been conferred, Alfonso may be pardoned for feeling much pride at the investiture. Although Alfonso XII. is prospering in his seat upon the Spanish throne.

The persecution through the mails of Dr. Morgan Dix, of Trinity Church, was not more shameful than that from which two young women have suffered in Conshohocken, a town on the Reading Railroad, about thirteen miles from Philadelphia. About forty letters of an indecent character have been received by them, and it is said that the evidence of a female hand in the composition of the missives is conclusive. As the letters are generally slipped into a box of the Conshohocken postoffice at night, a little detective work would probably ascertain the author of the outrage. The punishment of the guilty person should

be severe enough to deter others from the perpetration of similar offenses.

The Philadelphia Times gives a minute and painful account of the agony and death of a child in that city who had been bitten by a Spitz dog. Seven other children were bitten by the same dog, whose parents are in the dire distress. How many more children are doomed to horrible deaths in consequence of the disgusting fashionable practice of keeping pet dogs whose propensity to madness is as well known as their ugliness? Every mother who keeps a Spitz dog and has children is open to the imputation that she prefers the gratification of a deplorable fancy to the continuance of the lives of her children. Yet the Spitz mania is likely to continue so long as intelligent and Christian women do not refuse to recognize, socially, the mother's or other women who are not ashamed to parade this weakness and recklessness.

**WORTHY OF PRAISE.**  
As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor, and does positively cure, then we consider it our duty to impart that information to all. Electric Bitters are truly a most valuable medicine, and will surely cure Biliousness, Fever and Ague, Stomach, Liver and Kidney Complaints, even when all other remedies will fail. We know whereof we speak, and can freely recommend them to all.—Sold by Hunt & Hunter.

**WE HAVE FOUND WHAT THE PEOPLE WANT.**  
Something to cleanse their blood and drive out all the vile humors. Something to give them an appetite. Something to give them new life, new health, and vigor. Parnee's Great Blood Purifier, will do it. No disease can exist where this remedy is used, so complete are its operation. Price \$1 per bottle 15 cents. Sold by Hunt & Hunter.

"TRUTH IS LIFE."  
There is nothing that tends to relieve the human frame from the toils and tumults of every day life more than quiet rest and sleep at night. Parnee's Dyspepsia Compound will make you sleep as sweetly as you could desire, for the most frequent cause of sleeplessness is dyspepsia, and by the use of this compound the liver is stimulated to healthy action, and you "feel like a new man" and sleep as you have never slept before. Sample bottles 15 cents; large size \$1. Sold by Hunt & Hunter.

**DOES IT INJURE THE SKIN?**  
It is not? Hamilton's Oriental Balm is entirely free from anything calculated to injure the skin or health. It is decidedly the best thing in the market. It removes tan, pimples, freckles, moth patches, black worms or grubs and leaves the skin clear and transparent. Price 50 cents per bottle. Sold by Hunt & Hunter.

**A LEVEL HEAD.**  
Sits on the shoulders of that man who when his horse becomes afflicted with spavins, ringbones, galls, spring hait, founder scratches and the like secures a bottle of Parnee's Universal Liniment, the best and most effectual medicine of its kind. Some of the most remarkable results ever effected by a healing remedy, have been produced by this Liniment. Price 50c per bottle; sample bottle 25c. Sold by Hunt & Hunter.

**DRY LUMBER FOR SALE.**  
Ash, maple and oak flooring, white wood and basswood ceiling and siding, oak fence posts and tamarack fencing, also, custom planing and resawing done to order at my mill.
