EDITORIAL TALK.

—It does not take a very shrewd political observer to see that the fusionists are being deserted by hundreds of greenbackers and democrats in this state and that hundreds more will follow before election. From all parts of the State our exchanges come and tell us that fusion is doomed to the death it deserves. When people in the quiet of their homes sit down to think and study the situation they then and there will be honest with themselves and consult their honest convictions. It is this free exercise of judgment and of conscience that will lead to the defeat of the combination this fall whose motto is spoils, whose sole object is plunder. The fusionists cannot win under that banner. The people are too honest to endorse such a dishonest purpose.

—The campaign is to be brief and sharp, and for a few weeks the papers will contain more politics than anything else. Every reader should be interested in political matters and read political articles as eagerly as he does "home local." Good government is the result of good politics and depends upon the success and supremacy of good political parties. For 28 years the Republican party has maintained good government. The Republican party by its wise management has brought the country out of deep trouble into a condition of happiness and prosperity; it has saved the credit of the nation and has faithfully performed every promise made to the people.

—Major A. B. Morse, of Ionia, felt constrained, in the fusion convention, to refer in glowing terms to "Hine's organized appetite." Ben has always been a warm personal friend of ours and it delights us to know that, even in the excitement of a political convention, he will not permit us to be forgotten. We knew Ben when he was a fighting Republican; we knew him later when he was an uncompromising hard money democrat, we know him now as an enthusiastic fusionist, and we say right here that never in all his checkered political career, has he forgotten or ignored the humble scribe of this narrative. Ben is a royal good fellow.

—Let every voter bear in mind that his name must be re-registered before he can vote this fall. It matters not that his name is already registered on the old books, it must be entered on the new registration books, or he will lose his vote. This is in accordance with an amendment to the act of 1879 relative to registration, passed in the legislature of 1881. Every voter's name must be re-registered and let every reader of the JOURNAL remember this and notify others.

—Sam Carey has been hired to stump Western Michigan for the fusion ticket. His price two years ago was \$30 a speech. Only a few weeks ago he said: "If the greenback party has gone to h—l, it that is so why does he come to Western Michigan to find it? When here before he denounced the democratic party as 'the rottenest party that ever existed.' He is now coming to aid them in this campaign. Unfortunately for his employers he has been here before. The people have found him out. He is 'no good' on earth.

—The Benton Harbor Times and Palladium quotes an article from the Berrien Springs fusion paper and offers to bet five to one that the article is entirely untruthful. The article referred to is the lie reproduced from the Free Press charging Republicans with encouraging a greenback bolt in the state convention. The Benton Harbor editor can afford to offer to bet 100 to 1. He will find no takers; if he should he will win the stake.

—The fusionists look upon this "off year" in politics as favorable to them because, while they expect all their force out to work and vote, they think the Republicans will not all come out. Let every Republican bear this in mind this fall, and show the fusionists that Republicans can do just as much hard work and solid voting in an "off year" as any other. Let every Republican do his duty—he knows what that duty is.

—The fusion organs ridicule the action of the greenbackers who have agreed to stick to their principles and refused to be sold out. The fusionists, having no principles to adhere to, are in just the position to ridicule those who refuse to follow them.

—Gov. Jerome will be his own successor for the next two years. Mr. Begole is not a fit man to be Governor. He spells Simon C-m-u-n, and no man can spell Simon that way and be Governor of Michigan. You may think this is a joke. It is not a joke. It is a serious fact.

—While Julius Houseman is a good man, a popular man and probably the strongest man the fusionists could have nominated, his party friends can hardly expect to send a democrat to congress by Republican votes. It would be impolite to ask that.

—Says the Bay City Tribune: The Detroit Free Press calls the fusion a "great popular movement." It is, immensely popular, up this way. The greenbackers to a man repudiate it and the democratic organ accepts the ticket for want of a better and kicks the platform out of the back door as absurd, impracticable and a handicap on the candidates.

—Knowing republicans concede that Begole will defeat Jerome for governor by at least 5,000 majority.—Ionia Standard, (Dem.)

—The Republicans know that such talk is pure, unadulterated humbug.

—The Republicans made a clean sweep in Maine, wiping out the fusionists sleek and clean. Michigan will follow suit. Fusion is busted.

—Ionia county will give Webster a big majority. He will get a large share of the greenback vote of that county.

—Several letters received too late. The bankrupt store was closed last week.

As was a slur on Elders Wellman and Parmelee we desire to say that these gentlemen were in this village two months and carried themselves as christian gentlemen, and we esteem them highly.—Rockford Register.

Subject at the Congregational church next Sabbath morning, Paul before Agrippa. Subject in the evening "The Sabbath question."

With the compliments of W. J. Webb & Co. the JOURNAL last night received a basket of the finest Early Crawford peaches we have seen this year. Thanks with a big T.

The next meeting of the L. L. C. will be held at the Bank parlors Friday p. m. Sept. 22. The programme will consist of exercises, original and selected.

The subject at the tent next Sunday evening will be: "If the Sabbath of the fourth commandment is now binding upon Christians why was it not found out before?" Come and hear what the prophets say about it.—Com.

The M. E. Social will be held at the residence of Mrs. Wm. Pullon on Friday Evening of this week. All are cordially invited to be present. The members are specially requested to be present, as a deputation of officers for the coming year will then take place. By order of Com.

In less than three months from now you will hear Rowley of the Ionia Standard, swear by all that is good and great that he will never, no never! so help him Bob Blobs, go into another fusion scheme so long as he lives. He is getting ready to be an awful sick rooster, and after Nov. 7, he can't be hired to say fusion.

The Boston Minstrels will be at Music Hall in Lowell next Wednesday night. They are said to be immense.

The Boston Operatic Minstrels gave an entertainment at the Opera House last night to a packed house. Although the thermometer denoted 90° in the shade during the afternoon, from the time the curtain rose until it went down it was two hours and a half of unintermitted merriment. The singing was fine, the jokes all new and the great sextette of Glee Dancers have no equal. Our best wish is that they may have overhauled houses wherever they may go.—Ionia Daily Advertiser.

Happily surprised. A double surprise party at the residence of Mr. Bunce, Sept. 7th, that day being Mrs. Bunce's birthday. About forty ladies and gentlemen came in the afternoon bringing a bountiful supper, and some very nice presents—a chandelier, two rocking chairs and several smaller articles. In the evening as many more of our young people surprised their daughter, Sarah, bringing cake, ice cream and a very nice Photo Album. Among the guests were Mrs. W. W. Hyde and Mrs. J. Cowan, of Grand Rapids, Mr. C. Powell and wife, Mr. G. Powell and wife of Sand Lake. The family return their sincere thanks to the friends who contributed so much to their happiness.

IN MEMORIAM. The members of the L. L. C. having heard with sorrow of the death of Mrs. Mattie E. Weatherwax, who, during her residence in Lowell was a faithful member of our club deem it appropriate to give some expression to our regard for her character and regret at her death, therefore.

Resolved, That in this sad event we recognize the touch of that Divine hand in whose keeping are all our ways, and which has again thrown a just "that gate on golden hinges turning" thro' whose open portals we must all pass to reach that land immortal.

Resolved, That in the death of Mrs. Weatherwax we mourn for one whose bright intellect, pleasant manners and great kindness of heart, endeared her to all who came into social relations with her.

Resolved, That we extend to the bereaved family of our departed friend, our sincerest sympathy in this mysterious affliction which has darkened their home, in the greatness of whose shadow we can only keep silence, hoping that the beauty of the life that has slipped from their midst may not be lost to the dear ones who remain, and that some blessing through all the years to come, until that perfect hour, when their "mortal" like hers, "shall put on immortality." And with the large circle of her acquaintance, both in her own and in other parts of the State, we sympathize in the early closing of a useful and beautiful life has brought us.

Resolved, That a copy of these resolutions be presented to the family of our departed friend, and one to the JOURNAL for publication—and that they be spread upon the records of the club.

MRS. LEONORA S. PERRY, Com. MRS. ELIZABETH CRAW, Com. MRS. RUBY SUNDERLIN, Com.

Denouncing Fusion. (From Grand Traverse Herald.) Already, in all parts of the state, both greenbacks and democrats are denouncing fusion, and refusing to be bound by any compromise of such a character.

Growing Weaker. (Port Huron Times.) There is nothing in the Republican platform adopted by the state convention, or candidate on the ticket placed in nomination, that any Republican can reasonably find fault with; while both the ticket and platform have positive strength in every part. For twenty-eight years the Republicans of Michigan have administered its state government, and not a flaw can the opposition find in the record they have made. The fusionists are fitly described as an "organized appetite," and at the present time there appears to be a great amount of appetite and very little organization. They have no principles and no record, and will grow more insignificant in the estimation of the intelligent people of Michigan during every week that precedes the November election.

of the opponents of the Republican party has made a victory for that party an easy task. Thousands of men who would have voted a straight Democratic ticket, composed of men known as conservative Democrats, will not vote for a renegade Republican who flung into the Greenback movement when the Republicans dropped him out of office, and has never been a Democrat at any time. It is the old "Greasy business" over again, with this difference, that Greeley was a man of established and admitted ability and Begole is not. The tricksters who engineer the Democrat party in this State, make the mistake of supposing that the men in the ranks of their party are as tricky and indifferent to principle and political consistency as they are themselves. This is not true. The experience of the tricky managers in their similar efforts in the past to carry the voters of their party with them, ought to have taught them something, but it does not seem to have been any benefit to them. A Michigan Democrat can just as consistently vote the straight Republican ticket this fall as the monger concern gotten up at Jackson and Grand Rapids, and many, as in the past, will do so, knowing what such a vote means, whereas no man can tell what a vote for the double-barreled ticket would mean.

ALL VOTERS MUST RE-REGISTER. Attention, Voters! In the Public Acts of 1881 of the Legislature of Michigan, is an enactment of the utmost importance, and demanding immediate attention over the entire State, except in the county of Wayne. It appears in the shape of a long proviso to an already long section of the Compiled Laws, and reads as follows:

Provided, That at the sessions of the several Boards of Registration next preceding the general election to be held in this State in the year 1882, and at the sessions next preceding the general election every ten years thereafter there shall be had an entire new registration of the qualified electors of each organized township and city in this State, excepting in the county of Wayne, and except in those cities where provision is made by existing laws for a new registration oftener than every ten years, the same to be made in the manner herein before specified for registration of qualified electors in townships after the year 1880. After the making of each of said new registrations no other shall be used in any manner at any election or township meeting, but the same shall be reviewed and corrected from time to time as herein before provided upon the making of each new registration here under, the former registers shall be sealed up and filed with the township clerks respectively, and shall not again be opened except upon an order of a court of competent jurisdiction, the Legislature, or a duly authorized Committee of one or both of the Houses thereof. Notice shall be given by the several township clerks of the time and of each new registration by posting written or printed notices thereof in six of the most public places in each township at least twenty days before the session of the Board at which the same is to occur.

In every case new registration books must be provided in season; and the notice required should be posted early in October—must be before the 13th, ignorance of the law excuses no one.

Every voter must have his name re-registered or he will lose his vote. Let every qualified elector see to it that his name is put on the new registration books.
