## ELECTIONS.

Cyclone in all directions.

Even Ben. Butler gets to be Governor.

Tuesday was a bad day for Republicans in some States. The internal feud among the Republicans in New York, resulted just as was anticipated by all careful political observers, in an overwhelming Democratic victory in that State. And so, too, in Pennsylvania. The prolonged and bitter squabble in that State gave the Democrats an easy victory. New Hampshire, Connecticut and all southern States holding elections show heavy Democratic gains. Even a few western States have done likewise. This "off year" has been a picnic to the Democrats. The greenback party has been swallowed body and soul by Democracy and will be known no more as a distinct organization.

### MICHIGAN RETURNS.

Begole, the fusion candidate for Governor is elected by probably 8,000 majority. The balance of the State ticket is Republican by about the same majority.

The Republicans have lost the first, second, fourth, fifth and sixth congressional districts. Houseman (Fusion) has a small majority over Webster in this district.

The Legislature is believed to be Republican by a good working majority. The cyclone struck Michigan. A light vote was polled in the State.

### KENT COUNTY.

THE ENTIRE FUSION COUNTY TICKET ELECTED BY MAJORITIES RANGING FROM 300 TO 900, EXCEPT HINE (REP.) FOR SENATOR ELECTED BY ABOUT 300 MAJORITY. FLETCHER AND THOMPSON (FUSION) ELECTED REPRESENTATIVES IN FIRST DISTRICT, TRAIN (FUSION) IN SECOND DISTRICT AND SELLERS (REP.) IN THIRD DISTRICT. ONE OF THE HOTTEST CAMPAIGNS EVER EXPERIENCED IN THE COUNTY.

The battle is over and the Republicans are the defeated party. Kent County was the battle ground of this congressional district and with Houseman of Grand Rapids on the fusion ticket, a man whose wealth and personal popularity made him a most formidable candidate, the Republicans of this county were long ago well aware that it would not be an easy thing to win a victory this fall. Houseman's name and influence undoubtedly strengthened the fusion county ticket more than 500 votes. This is conceded by the opposition. Such being the case the fusionists took fresh courage after Houseman's nomination and went in to win with all the energy, &c. they could muster. (The "etc." should not be misinterpreted.) There was probably never so much money used in this county to defeat the Republicans as there was during the campaign just closed.

The result is the election of the entire Fusion county ticket by an average majority of over 700, except Hine (Rep.) for senator whose majority over Murray will not vary much from 300. From the city two Fusion Representatives are elected. Train (Fusion) is elected Representative in the second district by a majority not yet known. Sellers (Rep.) carried the third district by a good majority.

### LOWELL RETURNS

The Votes Badly Mixed.

There was never more independent voting done in Lowell than was seen on Tuesday. It seemed as though three-fourths of the voters were determined to split their tickets and then try and get the other fourth to split theirs. The vote in this township was not large—637 being the total. Quiet reigned, although active work was kept up during the day and until the last vote was in. The editor of this paper, would be ungrateful to his friends if he did not make known his appreciation of the magnificent vote given him by his fellow townsmen for State Senator. It was a rare compliment and will be treasured up as the most valuable "keepsake" in his possession. It is also sufficient answer to the malicious attacks on him by a few of the opposition, whose mission has been for some weeks to belittle his position and endeavor to prejudice

voters against him. But enough of this, "With malice toward none" we proceed to give result in this township.
