LOWELL JOURNAL.

JAS. W. HINE, PUBLISHER. Lowell, Mich., JAN. 14, 1885

Church Directory M. E. Church—Corner Bridge and Division streets. Rev. J. W. DAVIDS, pastor. Preaching every Sabbath at 10:30 a. m. and 7 p. m. Sabbath School after morning service. Class meeting after morning and evening service. Children's meeting, 3 o'clock Sabbath afternoon. Young Peoples prayer meeting Tuesday evening. Regular prayer meeting Thursday evening.

TIMELY TOPICS.

Immigration at the port of New York showed a decrease last year as compared with the figures of the preceding year. In 1884 319,425 arrived at Castle Garden, as against 888,207 in 1883.

The total losses by fire for 1884 in the United States and Canada exceeded \$108,000,000, which, added to the expenses of the companies, exceeded the total amount of premiums received. Only a few of the more fortunate companies declared dividends on last year's business.

Greenville Independent: One of the interesting facts shown by the collated returns of the popular vote in the recent election is the comparative insignificance of the vote outside of the two great parties. Of the 10,000,000 votes cast, all but about 300,000 were cast for Cleveland or Blaine. In other words, only three per cent of the vote was thrown away.

Secretary of State Frelinghuysen gives to Congress the result of consular investigation into the relative condition of labor in Europe and our own country favorable to the American workman.

It appears, comparing the cities of Europe with those of the United States, that brick-layers and masons are paid very nearly three times the wages, plasterers nearly four times, slaters three times, plumbers nearly three times, carpenters twice, blacksmiths twice, bookbinders more than twice, brick-makers nearly three times, brass founders and cabinet makers nearly three times, confectioners twice, cigarmakers nearly three times, cooper one and a half as much, draymen, teamsters and street railway drivers nearly twice, dyers more than twice, engravers nearly three times, furriers twice, horsehoers three and a half times, jewelers more than one and a half times, laborers, porters, etc., more than twice, lithographers three times, telegraph operators twice and a half, sailmakers more than twice, prin-

ters twice and a half, saddlers and harnessmakers more than one and a half times, stevedores more than twice and one-fourth times, tailors twice, tin-smiths once and three-fourths times the wages paid to similar trades and callings in London.

By the provisions of the Nicaragua treaty the United States has two years in which to ratify in. Admiral Ammen's original report on the construction of the canal assumed that the River San Juan and the Lake Nicaragua were in a condition to be utilized without expense, and that the harbors of Greytown and Brito at the eastern and western termini of the proposed canal were ready to receive ships with full cargoes. His estimate of the cost, approximately, was \$32,000,000. The report of Maj. McFarland of the United States engineer corps made in 1874 but only recently published, shows that an artificial harbor will have to be made at Greytown in place of the old harbor, which has been filled up with sand, at an estimated expense of \$10,000,000; that at Brito on the Pacific side there is practically no harbor at all, and he puts the cost of constructing one there at \$5,000,000 more. The river also will need to be widened and straightened, with much dredging, and in the lake several channels will have to be cut in order to get a sufficient depth of water—one 1,200 feet in length and another no less than seven miles. To keep these channels open a protection will be necessary, somewhat like the timber structure that protects the government canal at the St. Clair falls. On the basis of \$1 a day for wages, Maj. McFarland's estimate reaches a total of \$140,000,000, and the probability is that the entire cost of the work would reach \$150,000,000, and perhaps exceed that sum. The JOURNAL agrees with the Detroit Post that the magnitude of the undertaking and the complicated interests involved will justify congress in proceeding in the matter very slowly.

At the regular meeting of the W. C. T. U. of Lowell, Jan. 9 the above letter was read before that body. A motion prevailed that we endorse the sentiment therein contained. Also that the letter be published in the LOWELL JOURNAL. M. S. CHAPMAN, Rec. Sec'y.

Roll of Honor.

Roll of honor for month ending Jan. 9, 1885. Dist. No. 2, Lowell. Emma Denny, Jessie Epley, Ross Calvin, May Hastings, Romaine Jones, Jack Epley, Myrtle Epley, Frank W. Vanech, Millie Earnest, Bertie White, Fred Wunsche, Ida Merriam Teacher.

Obituary.

She is not dead, nor suffering. There is no death, tho' an angel form. Walks o'er the earth with silent tread. And bears our loved ones on her way. And she will smile and tenderly keep.

The happy wife whose loving tones Made glad the scenes of earthly strife, Around the throes of life, Exulted in the smiles of her dear ones, And in the tears of her dear ones, And in the smiles of her dear ones, And in the tears of her dear ones.

About Smoking in the New P. O.

To the W. C. T. U. Lowell, Mich.

Sympathizing with you in your work in the temperance cause, and having faith that your prayers, accompanied with works will accomplish much, we appeal to you for help, in a direction that to us appears proper and legitimate for you to labor. Which is, that your honorable body do all in your power to make the new P. O. building a fit place for our children, and you ladies to remain in while the mail is being distributed, in case they, or you find it necessary to do so, without being made sick the remainder of the day, or carrying home enough times of tobacco in your garments to give the rest of the family a strong suspicion that you may have visited the saloon in your absence. Can you bring the right influence to bear, that the stockholders will not permit any person to sell tobacco in any form in the building? Also have them

post notices reading thus: "Please do not smoke in this building," and enforce it? Believing you have the power to accomplish the above, we remain fraternally in the work.

Mr. & Mrs. J. C. ENGLISH. At the regular meeting of the W. C. T. U. of Lowell, Jan. 9 the above letter was read before that body. A motion prevailed that we endorse the sentiment therein contained. Also that the letter be published in the LOWELL JOURNAL. M. S. CHAPMAN, Rec. Sec'y.

Montreal Carnival.

The Chicago & Grand Trunk and Detroit, Grand Haven & Milwaukee Railway Companies will sell Special Return Tickets to Montreal on account of the Winter Carnival, which commences in that city January 26th, at very low fares. These tickets will be sold January 22nd to 30th, inclusive, and will be good to February 7th, inclusive. Those who visited Montreal during the Carnival week a year ago will be sure to take advantage of these low rates, and it is expected that the growing popularity of this entertainment will result in a large increase in the number attending this year.

Hale's Honey the great cough cure, 25c. & 50c. Gicman's Sulphur Soap beads & beautifies, 25c. German Corn Remover kills Corns & Bunions. Pike's Hair and Whisker Dye—Black and Brown, 50c. Pike's Toothache Drops cure in 1 Minute, 25c. Deane's Rheumatic Pills are a sure cure, 50c.

An Editor's Life.

The Grand Rapids Leader hits it off as follows: One of the beauties and charms of an editor's life is his dead-heading it on all occasions. No one who has never feasted on the sweetness of that bliss can begin to take in the glory of his happiness. He does \$100 worth of advertising for a railroad, gets a "pass" for a year, rides \$25 worth, and then is looked upon as a dead-head or a half-blown dead-beat. He "pulls" a concert troupe \$10 worth and gets \$1 in complimentary, and is thus passed "free." If the hall is crowded for his complimentarys were paying tickets the troupe would be so much in pocket. He blows and puffs a church festival free to any desired extent and does the poster printing at half rates, and rarely gets a "thank you" for it. It goes as a part of his duties as an editor. He does more moral work gratuitously for the town and community than all the rest of the population put together, and gets cursed for it all, while in many instances a man who donates a few dollars to a Fourth of July celebration, base ball club or church is gratefully remembered. Oh, it is a sweet thing to be an editor. He passes "free" you know.

Guarantee I.—Pure and Harmless. That Warner's Safe Remedies are pure and harmless. Guarantee II.—Testimonials Genuine. That the testimonials used by us, so far as we know, are bona fide, with a forfeit of \$5,000 for proof to the contrary. Guarantee III.—Curative Effects Permanent. That Warner's Safe Remedies are not merely temporary, but permanent; in their curative effects, and will sustain every claim, if used sufficiently and as directed.

PROOFS OF PERMANENCY.

Sixth.—Special inquiry among hundreds of our oldest patients results in unequivocal testimony that the cure wrought six, five, four and three years ago, were permanent. And most of these patients were pronounced incurable when they began Warner's SAFE Remedies.

Read a few of thousands of testimonials. ELDER JAMES S. PRESCOTT, Box 262, Cleveland, Ohio, in 1878 was pronounced incurable of Bright's disease; in 1879 he began the use of Warner's Safe Cure, and in 1884 he reported: "Health never better; just past 80th year; am an enthusiast for Warner's Safe Cure." R. H. McMICHAEL, Emporia Kas., in 1880 had inflammation of the bowels and a monstrous abdominal tumor. He began using Warner's Safe Cure, 53 bottles of which, he said, July 15th, 1884, "permanently cured me."

EMPHATIC GUARANTEES.

Which are justified by an Extraordinary Public Experience. TO THE PUBLIC.—Greeting: As the conductors of the largest business of the kind in the world, (and therefore having an extraordinary experience,) we feel justified in making the following statements:

OUR THEORY PROVED.

First.—We have held from the beginning that most of the common ailments are caused primarily by kidney and liver disorders, not primarily by bad blood; that bad blood is caused by temporary or chronic derangement of the kidneys and liver, and that by restoring these blood-purifying organs to health, we could cure most of the common ailments. Other practitioners, however, held that the liver and kidney disorders were incurable. We have proved to the contrary in thousands of cases, SAEGUARDS AGAINST EPIDEMICS.

Second.—The kidneys and liver are the sewers of the system, and unless they are kept in perfect working order no amount of public sanitation can prevent epidemics raging among the people. The prudent man, in the winter and spring, will fortify the system against any such possibility. Dr. Koch, the celebrated German scientist and physician, says, for instance, that cholera will have but little effect among those who keep the digestive organs and the kidneys and liver in healthful operation. Warner's Safe Remedies are the best scientific curatives and preventives, and should be used now as a safeguard against any future scourge.

SCIENTIFIC SPECIFICS.

Third.—We do not cure every known disease from one bottle, for Warner's Safe Remedies number seven scientific specifics, which have been put upon the market, only in obedience to strong public demand.

RECOGNIZED STANDARDS.

Fourth.—Warner's Safe Remedies, spite of all opposition, have won the favor of the profession as well as the masses, and are recognized as the leading standard medical preparations.

STRONG GUARANTEES.

Fifth.—After six years of unequalled experience, we can give these unequalled guarantees:

Guarantee I.—Pure and Harmless.

That Warner's Safe Remedies are pure and harmless. Guarantee II.—Testimonials Genuine. That the testimonials used by us, so far as we know, are bona fide, with a forfeit of \$5,000 for proof to the contrary. Guarantee III.—Curative Effects Permanent. TO YOU WE MAKE THIS OFFER!

"American Farmer" AND Lowell Journal, BOTH PUBLICATIONS ONE YEAR FOR \$1.25!

To all subscribers to the LOWELL JOURNAL who pay their subscriptions in full to date and one year in advance we make this rare offer, which will hold good for a limited time only.

Subscribe Now and get both publications one year for \$1.25.

THE AMERICAN FARMER is a sixteen-page Agricultural Magazine, published monthly by E. A. K. Hackett, at Fort Wayne, Indiana, and it is rapidly taking rank as one of the leading Agricultural publications of the country. It is devoted exclusively to the interests of the Farmer, Stock Breeder, Dairyman, Gardener, and their households, and every species of industry connected with that great portion of the people of the world, the Farmers. The subscription price is ONE DOLLAR a year but you can get both papers—the LOWELL JOURNAL and THE AMERICAN FARMER one year by paying us \$1.25, as above offered. Sample copies of the "FARMER" can be seen at the JOURNAL office, Train's Hall Block, Lowell.

JAS. W. HINE, PUBLISHER JOURNAL.
