

SPECIAL SALE OF WALL PAPER.

In order to make room for our next Spring Stock, we have decided to make a Special Sale of Wall Paper. Our paper trade this season has been good and our stock is small. We do not want to carry over a single roll of this year's stock and have decided to put the prices low enough to CLOSE OUT ALL WE HAVE ON HAND. Our stock includes WHITE, BLANK, PLAIN GOLD and EMBOSSED PAPERS which we will sell at

Less than HALF THEIR VALUE. Prices furnished on application.

We are Agents for the Alston Mfg Co's
LINSEED OIL,

Which we guarantee to be Strictly Pure. Buying direct from the Manufacturers we know we can furnish our customers with Pure Oil.

The Sherwin Williams Paints.

These Paints we can recommend to be Pure. They contain nothing but STRICTLY PURE LEAD, ZINC, AND PURE LINSEED OIL.

"What shall I do with the outside of my house?" is a question often asked by those who wish to paint.

In exterior decoration, the surroundings should be taken into consideration, and the building treated in such a way as to harmonize as nearly as possible with them; especially should this be the case in suburban residences, as there is nothing that so effectually destroys the beauty of a landscape as to see a house painted in colors that are in discord with objects about it.

This subject has become so important, we have naturally taken a great interest in it and have given it no little study. We shall be pleased to answer any specific questions that may be addressed to us.

ATTENTION is called to the fact that nearly all other manufacturers of mixed paints are obliged to give a rule for the covering capacity of their paints, requiring from 15 to 25 per cent. more than this, simply because THE SHERWIN-WILLIAMS PAINT is properly made and of pure materials, and therefore admits of being rubbed out under the brush like any pure lead, zinc and oil paint, not requiring to be "flowed on," as the manufacturers of cheap paints direct their products to be used.

We have just received a fine line of Perfumes and Face Powders including Domestic and Imported. A fine line of new Toilet Soaps is in stock.

TRAGEDY IN CHICAGO.

BANKER RAWSON SHOT DOWN AT A CHURCH DOOR.

His Step-Son, 17 Years Old, Does the Shooting—The Victim in a Precarious Condition—The Shooting Brought About by Divorce Proceedings Between Mr. and Mrs. Rawson.

CHICAGO, Oct. 17.—This city was startled Sunday by the announcement that Banker Rawson had been shot by his step-son, William Ralph Lee, 17 years of age. The shooting occurred just as Mr. Rawson came out of the Third Presbyterian church and was crossing the pavement to enter his carriage. Lee came within three feet of him from behind, holding a revolver in both hands, and pulling the trigger as rapidly as possible, he shot five times. The first two shots entered Rawson's back in the region of the spine, and at the second shot he fell forward upon his face. Lee sprang after him, and fired three shots, which entered the victim's left arm and hip.

At the first shot women screamed and men turned their heads to see where the shooting was. Two or three shots had been fired, and Rawson was lying in the street, before the men nearest him comprehended the affair. Several at sprang the boy, and just as his revolver was emptied he was seized by a brother of Mr. Lee, one of Rawson's lawyers. Lee struggled to escape, but was overpowered by several strong arms, and his revolver taken from him. When a policeman rushed into the crowd and laid his heavy hand on the boy's shoulder he became quiet, and, looking around, inquired for his hat, which had been knocked from his head during the struggle.

Mr. Rawson was taken home and physician called. His condition Monday was very critical, and the physicians say that death may occur at any moment. Divorce litigation between Mr. Rawson and Lee's mother led to the shooting. The last move by Mr. Rawson's lawyers was the filing of an amended answer to his wife's bill in which he apparently makes the most sweeping charges of immorality against her, and it is doubtful if he has had an hour's life since that has not been hounded for by the youth. The obnoxious amendment in fact only completed the original answer, which was technically defective, according to a common custom in such cases, in not making general as well as special charges. It was regarded as probably preliminary to the introduction of evidence of further alleged misconduct, the instance now being the case being rather than the original one.

The original bill was filed Sept. 29, 1887, by Mrs. Rawson, who, as Mrs. Meekie L. Smith, had married Mr. Rawson the previous March. In this she charged serious and wanton acts by her husband and asked for separate maintenance. Mr. Rawson's answer was responsive and re-eminant in tone. He also filed a cross bill, in which he charged cruelty and infidelity—the latter with an unknown man on a sleeping-car between Chicago & St. Louis. An order was made by Judge Shepley, dated Feb. 17, 1887, for \$1,000 alimony and counsel fees. The fight was for alimony on her part and to secure a decree denying it on his. The approach of the time for a hearing, and the weakening of the husband's case, by the confessed perjury of Troy Brown, the sleeping-car porter, probably led to the effort to open the case for further allegations.

Young Lee is very defiant and says that while Rawson lives his mother is in danger. Mrs. Rawson was informed of the affair by a reporter. She said she had no idea of her son's intentions, but thought Rawson deserved what he got. It is said that Mrs. Rawson will be arrested as an accessory.

BASE BALL NEWS.

The Detroit and St. Louis Browns Playing for the Championship.

CHICAGO, Oct. 12.—The champion games at St. Louis were evaded-up Tuesday by the Detroit club winning, 5 to 3. The association closed Monday, and the clubs stand at the end as follows:

Club.	Played.	Won.	Lost.	Per cent.
St. Louis	120	96	24	.794
Cincinnati	120	81	39	.675
Baltimore	120	77	43	.642
Louisville	120	75	45	.625
Albany	120	74	46	.617
Brooklyn	120	69	51	.575
Metropolitan	120	61	59	.508
Cleveland	120	40	80	.333

DETROIT, Mich., Oct. 13.—The third game of the St. Louis-Detroit series of base ball contests was played here Wednesday, and was played with great skill by both clubs, so much so that but three runs were made in thirteen innings, and Detroit got two of them. The league men now have two games to St. Louis one.

Other games were played as follows: At New York—Baltimore 9, New York 4; at Washington—Metropolitan 12, Washington 8; at Philadelphia—Philadelphia 3, Athletic 3, called tenth inning; at Minneapolis—Minneapolis 9, St. Paul 5; at Des Moines—Des Moines 13, Duluth 3.

PITTSBURG, Pa., Oct. 14.—The fourth game between Detroit and St. Louis for the world's championship was played here Thursday and resulted in an easy victory for the Wolverines. The score was: Detroit..... 4 1 0 0 1 2 0 0 0-8 St. Louis..... 0 0 0 0 0 0 0 0 0-0

BROOKLYN, Oct. 15.—The St. Louis-Detroit game Friday resulted: St. Louis..... 1 3 3 4 5 6 7 8 9 Detroit..... 2 0 0 0 2 1 1 0-5

NEW YORK, Oct. 17.—The league champions gave the St. Louis ball player a goose egg to hold Saturday, while they (the Detroiters) knocked the ball all over the field and scored one run for each inning—three each in the first and second, and three in the ninth. Ten thousand people witnessed game. Getz was the twirler for Detroit and Foutz sent in the easy balls that the champions handled so well.

Chicago beat Cincinnati by a score of 6 to 5, and on Sunday the Brooklyn's polished off St. Louis to the tune of 10 to 2.

PHILADELPHIA, Pa., Oct. 18.—The St. Louis club played a good game Monday, and made less errors and more hits than the Detroit, but their hits somehow failed to count and the score was 3 to 1, in favor of Detroit, making the League champions the winners of five of the seven games played for the world's championship. Carruthers and Baldwin were the pitchers.

MANIACS IN A PANIC.

Fire in an Insane Asylum—Six Women Killed, Others Injured.

CLEVELAND, Ohio, Oct. 13.—The Northern Ohio Insane asylum, near the southern limits of the city, was the scene of a horror Wednesday night. While 350 of the inmates, in charge of attendants, were dining in the chapel, a cry of fire was raised. Stiffing smoke swept through the room a moment later, and flames shot up all around. There was a stampede—wild rush of insane people for places of safety. The poor unreasoning creatures shrieked with fear, and scrambled for the doors, but became bewildered in the smoke, and were worse than helpless. The brave and cool-headed attendants, groping amid the smoke and flames, succeeded in rescuing all but six of the charges.

These, all women, were either asphyxiated or trampled to death and their lifeless bodies were found upon the floor after the fire had been subdued. Three others were badly injured. Two of the dead are unrecognizable. The names of the others are: Mrs. Margaret Pitts, Miss Jennie R. Hall, Miss Eveline Scribner, and Mrs. Charlotte Knowlton.

The injured are: Miss Caroline Knowlton, cousin of Charlotte, perhaps fatally; Miss Mary Ogle, and Miss Jane Block.

The fire started in the laundry and attendants' quarters which adjoin the chapel, and was soon gotten under control. The loss will not be large. But for the heroic conduct of the physicians and attendants the loss of life must have been very great, and but for the prompt action of the firemen the flames would certainly have communicated with the great main building, which are among the finest in the state.

CITY ELECTIONS.

Republicans Carry Indianapolis—The Result in Other Cities.

INDIANAPOLIS, Ind., Oct. 12.—Returns indicate the election of Denny, Republican, for mayor, by a majority over Edgartner, Democrat, of about 750. The vote cast for Denny, the Labor candidate, in fifty-three out of fifty-seven precincts amounts to 1,300, and this vote is the cause of Democratic defeat, as it came from the Democratic labor wards. The Republican wards show only a very slight Labor vote. The council will stand 15 Republicans to 10 Democrats, against 13 Republicans to 12 Democrats last year. The aldermanic board stands 4 Democrats to 2 Republicans. Simeon Coy was elected councilman by an increased majority.

CLEVELAND, Ohio, Oct. 12.—The city election which occurred Tuesday was the hottest in the history of the city. John B. Nicklin, Democrat, was elected over Charles Whiteside, Republican, by 118 majority. All the Republican aldermen were elected by majorities ranging from 300 to 500. The Labor ticket cut no figure whatever in the election. The Republican majority in the city is about 1,000.

NEWARK, N. J., Oct. 12.—In Tuesday's charter election Hayes, Democrat, was elected mayor by 1,400 plurality. The Republicans retain control of the council. Four tickets were in the field—Republican, Democratic, Law-and-Order, and Labor.

GALESBURG, Ill., Oct. 12.—Thomas Tait was elected mayor of Knoxville Tuesday in place of Dr. Sheldon, lately adjudged insane.

EX-CONGRESSMAN Worthington's Daughter Drowned.

PEORIA, Ill., Oct. 17.—Miss Carrie Worthington, daughter of ex-Congressman Worthington, a young lady of great personal beauty and musical accomplishments, fell off the little pleasure boat "The Lotus," Saturday evening at dark, into the Illinois river and was drowned. No one saw or heard her on the boat, but her screams were heard on the shore. When the boat reached shore she was missing. She was just 22 years of age. Miss Worthington was a general favorite with every one in the city.

BLOODTHIRSTY SPEECHES at Buffalo.

BUFFALO, N. Y., Oct. 17.—A meeting of the Anarchists of this city was held at Turn hall Saturday evening for the purpose of expressing their denunciation of the sentence of the seven Chicago Anarchists. Several blood-thirsty speeches were made in English and German and a collection taken up for the benefit of their condemned brothers. Resolutions were adopted and copies ordered sent to the president, the governor of Illinois, and the mayor of Chicago. The meeting passed off without any outbreak.

Day and Night

During a severe attack of Bronchitis, a ceaseless tickling in the throat, and an exhausting, dry, hacking cough, afflict the sufferer. Sleep is banished, and great prostration follows. This disease is also attended with Hoarseness, and sometimes Loss of Voice. It is liable to become chronic, involve the lungs, and terminate fatally. Ayer's Cherry Pectoral affords speedy relief and cure in cases of Bronchitis. It controls the disposition to cough, and induces refreshing sleep.

I have been a practicing physician for twenty-four years, and for the past twelve, have suffered from annual attacks of Bronchitis. After exhausting all the usual remedies

Without Relief,
I tried Ayer's Cherry Pectoral. It helped me immediately, and effected a speedy cure.—G. Stovall, M.D., Carrollton, Miss.

Ayer's Cherry Pectoral is decidedly the best remedy within my knowledge, for chronic Bronchitis, and all lung diseases.—M. A. East, M.D., South Paris, Me.

I was attacked, last winter, with a severe cold, which, from exposure, grew worse and finally settled on my lungs. My night sweats were reduced almost to a skeleton. My cough was incessant, and I frequently spit blood. My physician told me to give up business, as I would not live a month. After taking various remedies without relief, I was finally

Cured By Using
two bottles of Ayer's Cherry Pectoral. I am now in perfect health, and able to resume business, after having been pronounced incurable with Consumption.—S. P. Henderson, Southbury, Conn.

For years I was in a decline. I had weak lungs, and suffered from Bronchitis and Catarrh. Ayer's Cherry Pectoral restored me to health, and I have been for a long time comparatively vigorous. In case of a sudden cold I always resort to the Pectoral, and find speedy relief.—Edward E. Curtis, Rutland, Vt.

Two years ago I suffered from a severe Bronchitis. The physician attending me became fearful that the disease would terminate in Pneumonia. After trying various medicines, without benefit, he finally prescribed Ayer's Cherry Pectoral, which relieved me at once. I continued to take this medicine a short time, and was cured.—Ernest Horton, Loganport, Ind.

At 3 o'clock in the morning of May 26, 1880, Seneca Coolidge, of Lyons, saw a man running out of his room with his (Coolidge's) pantaloons. Coolidge gave chase, when the burglar turned and shot him through the lungs. Coolidge recovered from the bad wound received and June 12, 1881, Wm. Rogers was arrested in Milwaukee on suspicion of having committed the assault. He had been a resident of Vestaburg, Montcalm county, and left that place on the night of May 25, 1880. Sheriff Toan was active in securing Rogers' arrest. At the trial Rogers was convicted on circumstantial evidence and sentenced February 12, 1881, for twelve years in the house of correction. His conduct there has been excellent, but he has always protested his innocence.

Recently Mrs. Rambo, of Grand Leage, made affidavit that on the night of the attempted murder a brother of her husband, came to his house having a pistol and bearing the supposed murder, expressed a fear that he would be arrested. Mr. W. A. Vallee, who was then working for Rambo, also makes an affidavit of similar import. Vallee and the officers who were on Rogers' trail thought Rambo was innocent, but liable to suspicion, and it is alleged they helped him escape.

Subsequently Rambo was convicted of a crime in Iowa and was sentenced to 23 years in the penitentiary there. Now Mrs. Rambo and Vallee have made these affidavits believing he was the criminal and that Rogers is innocent.

It is mentioned that Coolidge and his son, who gave chase after his father was shot, both failed on the trail to identify Rogers as the culprit. Sheriff Toan, who was convicted of Rogers' guilt, now

REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder.

"I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is an cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates, or other injurious substances."
E. G. LOVY, Ph.D.

"It is a scientific fact that the Royal Baking Powder is absolutely pure."
H. A. MORR, Ph.D.

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious substance."
H. A. MORR, Ph.D., President of Stevens Institute of Technology.

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome."
S. DANA HAYES, State Assayer, Mass.

The Royal Baking Powder received the highest award over all competitors at the Vienna World Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and at State Fairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists, and Boards of Health all over the world.

NOTE.—THE ABOVE DIAGRAM illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves that every observant consumer of the Royal Baking Powder knows by practical experience, that while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any fair-minded person of these facts.

While the diagram shows some of the alum powders to be of a higher degree of strength than others, it is not to be taken as indicating that they are of any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.

each register of deeds of all mortgages recorded in his office by residents of the state who are non-residents of his county, and make it his duty to furnish a complete list of such non-resident mortgages to the register of deeds who, on receipt of same, is to notify the assessing officer in whose district the said mortgage may reside, who is required to assess such mortgages according to law.

The register receives ten cents for each notice, to be audited and paid like other contingent claims against the county.

The state board furnishes the books on the requisition of the board of supervisors and the county is to pay the cost and transportation of the same.

The register of deeds is required to note the fact of any discharge, and assignment, partial or total, or any payments thereon in the marginal space or the right hand where the report of the mortgage appears.

Each assessing officer is required in April of each year to inspect the "Assessors' book of unpaid mortgages" for his district, and assess such mortgage according to law.

Any violation of the act by a register of deeds or assessing officer is made a misdemeanor, punishable in case of a register by a fine not exceeding \$1,000 and of an assessor by a fine not exceeding \$500.

No mortgage can be recorded which fails to give the name of residence of the mortgagor.

Taxation of Mortgages.
Act 262, session laws of 1887, taking effect September 27, 1887, is designed to subject to taxation all real estate mortgages held by residents of the state, and in general interest, we give an abstract of its provisions, as follows:

The act creates each township and city in a county into a separate "assessment district."

It provides for the listing by the register of deeds of all mortgages on land in the county as follows: County resident books of unpaid mortgages, all mortgages in his county held by residents of the county, from and including 1880, which list is to be complete by April 1, 1888, and to add to such list every year thereafter all mortgages that may come into his office for record. On or before April 1, 1888, the register is required to furnish each assessing officer in the county a copy of all mortgages on land in said officer's assessment district, transcribed into a book, called the "District assessment book of unpaid mortgages," which book shall be returned to the register of deeds immediately after the meeting of the board of review of said assessment district. On such return the register of deeds is required to add a list of all mortgages that may come into his hands for record affecting real property in said assessment district.

The act also provides for the listing by
