In order to make room for our next Spring Stock, we have decided to make a Special Sale of Wall Paper. Our paper trade this season has been good and our stock is small. We do not want to carry over a single roll of this year's stock and have decided to put the prices low enough to CLOSE OUT ALL WE HAVE ON HAND. Our stock includes WHITE, BLANK, PLAIN GOLD and EMBOSSED PAPERS which we will sell at

Less than HALF THEIR VALUE. Prices furnished on application.

We are Agents for the Alston Mfg Co's  
**LINSEED OIL,**

Which we guarantee to be Strictly Pure. Buying direct from the Manufacturers we know we can furnish our customers with Pure Oil.

## The Sherwin Williams Paints.

These Paints we can recommend to be Pure. They contain nothing but STRICTLY PURE LEAD, ZINC, AND PURE LINSEED OIL.

"What shall I do with the outside of my house?" is a question often asked by those who wish to paint.

In exterior decoration, the surroundings should be taken into consideration, and the building treated in such a way as to harmonize as nearly as possible with them; especially should this be the case in suburban residences, as there is nothing that so effectively destroys the beauty of a landscape as to see a house painted in colors that are in discord with objects about it.

This subject has become so important, we have naturally taken a great interest in it and have given it no little study. We shall be pleased to answer any specific questions that may be addressed to us.

ATTENTION is called to the fact that nearly all other manufacturers of mixed paints are obliged to give a rule for the covering capacity of their paints, requiring from 15 to 25 per cent. more than this, simply because THE SHERWIN-WILLIAMS PAINT is properly made and of pure materials, and therefore admits of being rubbed out under the brush like any pure lead, zinc and oil paint, not requiring to be "blowed on," as the manufacturers of cheap paints direct their products to be used.

We have just received a fine line of Perfumes and Face Powders including Domestic and Imported. A fine line of new Toilet Soaps is in stock. Our line of

## BASE BALL GOODS

will be found complete.

## CARRIAGE PAINTS.

Our Stock of these goods comprise all the leading colors. Call and examine them.

## PAINTS IN SMALL CANS

## DYSPEPSIA

Up to a few weeks ago I considered myself the champion Dyspeptic of America. During the years that I have been afflicted I have tried almost everything claimed to be a specific for Dyspepsia in the hope of finding something that would afford permanent relief. I had about made up my mind to abandon all medicines when I noticed an endorsement of Simmons' Liver Regulator by a prominent Georgian, a jurist whom I knew, and concluded to try it. I got a bottle, and am satisfied that I have struck the right thing at last. Its beneficial effects almost immediately. Unlike all other preparations of a similar kind, no special instructions are required as to what one shall or shall not eat. This fact alone ought to commend it to all troubled with Dyspepsia.

## A TERRIBLE RECORD.

Fearful Loss of Life in the Recent Western Blizzard.

Over 500 Persons Known to Have Perished Another Thousands Faced the Loss at 1,000-Fold in the South—Another Cold Wave.

**FROZEN TO DEATH.**  
ST. PAUL, Minn., Jan. 19.—The summary of fatalities resulting from the storm as prepared by the St. Paul Dispatch, brings the number of deaths up to 235.

**PIERRE, D. T., Jan. 20.**—The Signal-Service officer at Fort Sully reports another blizzard coming from the north, and predicts a terror. The mercury is 15 below and still falling. Trains have been ordered to await the abatement of the storm.

**CANTON, D. T., Jan. 20.**—Trains have all been abandoned on account of the intense cold and drifting snow.

**MASON CITY, Ia., Jan. 20.**—Western Iowa and Dakota report another blizzard coming and orders have been given by the general superintendents of the railroads to abandon trains. The thermometer now stands at 20 below and is rapidly growing colder.

**ST. PAUL, Minn., Jan. 20.**—Specials indicate that yesterday's storm in Southern Dakota and Minnesota, while severe and accompanied by extreme cold, is not to be classed as a genuine blizzard and is not likely to be followed by the disastrous consequences of its immediate predecessor. Last night's weather report shows the lowest air temperature at the points named: St. Paul, 18 below and cloudy; St. Vincent, 32 below and clear; Huron, D. T., 20 below and fair; Yankton, D. T., 16 below; Bismarck, 25 below and clear; Helena, 15 below with snow; Q. Appelle, N. W. T., 34 below; Fort Gary, 36 below and clear.

**HALIFAX, N. S., Jan. 20.**—The first snow-storm of the season is now prevailing, and is one of the heaviest known for years. Reports from all parts of the province say that the roads are blocked and that there are bad snow-drifts.

**NEBRASKA CITY, Neb., Jan. 22.**—Judge J. E. H. Smith, agent of the National Indian Agency in Dakota, arrived here Friday after being nine days on the road. Five days were necessary for the party to travel thirty miles. The thermometer during the five days was at 40 degrees below zero most of the time. The judge says the loss of life in Dakota has been greatly underestimated, as the Dakota papers have tried to cover up.

He described the scene which took place on board the cars. The coal was running low. The passengers were crowded into one car, trying to keep warm. Two babies perished. The men discarded all their garments, they could spare and gave them to the ladies and children. Finding these not enough, they brought mail-bags from the post-office and wrapped the children up in them.

While one party in Bonhomme County, the judge says, ninety from bodies were brought into the depot in one day. In Bonhomme County the list of dead will reach fully 100. The estimates made at Yankton yesterday of the loss throughout the Territory figure up over 1,000 lives lost. The counties where the loss of life was the largest are: Bonhomme, 180; Hutchinson, 14; Lincoln, 13; Grand, 12; Spink, 12; Hard, 10; Ward, 15. The northern and central parts of the Territory have not been heard from fully.

**ST. PAUL, Minn., Jan. 22.**—At Fort Keogh, M. T., the thermometer registered 65 degrees below zero during the late blizzard. At the same time on one occasion last summer it stood 130 degrees above zero, making a range of 195 degrees. It is doubtful if any such extreme variation between summer and winter temperature has been recorded at any other spot on the globe.

**MADISON, Wis., Jan. 23.**—Saturday morning spirit thermometers registered 68 degrees below zero at Chippewa Falls, 36 below at Janesville, 55 at Hudson, 52 at Burlington, 50 at Princeton, 52 at Green Lake, and extreme cold was reported in other portions of the State.

**LAMPASAS, Tex., Jan. 24.**—Another blizzard struck this section Saturday evening. Reports of the disastrous excess of that unprecedented cold spell of last week continue to arrive from distant sections surrounding this city. Loss of sheep was very heavy, owing to the fact that very few ranches are provided with adequate shelter for sheep. It is estimated that fully 20,000 sheep perished in the counties of Lampasas, Brown, Hamilton, Correll and San Saba, all large wool-producing counties. Colonel Charles Covington, in Coryell County, lost 800 head of sheep in one flock.

**Dan Driscoll Hanged.**  
NEW YORK, Jan. 24.—Dan Driscoll, the leader of the notorious Whyo gang of thieves and cut-throats, was hanged in the Tombs yesterday for the murder of Beatie Garrity, a dissolute young woman who was also a member of the band. The murder was an unintentional one, the woman receiving her death from a bullet fired by Driscoll and intended for an enemy whom he was pursuing.

**Distress in Kansas.**  
ATMORSON, Kan., Jan. 24.—Governor Martin authorizes the statement that great distress prevails in the extreme southwestern part of Kansas, owing to the failure of the crops last year and the rigor of the winter. Governor Martin is fully convinced that there are a great many cases of destitution, and appeals to the people of the older counties to organize for the purpose of extending the required assistance.

**The President's Counselor.**  
BALTIMORE, Md., Jan. 24.—At the meeting of the Methodist preachers yesterday the resolution offered at a previous meeting censuring President Cleveland for sending a copy of the constitution of the United States to Pope Leo came up. There was much discussion, but the resolutions were finally adopted by a vote of 19 to 10.

**A Novel Boycott.**  
DUBLIN, Jan. 24.—The boycott has been pushed to a curious extreme in Kerry. Piacards recently posted in Rathmore warn all girls not to marry until every priest in the district has joined the National League. Should they do so, their husbands and themselves will be boycotted.

**O'Brien's Candidate for Parliament.**  
DUBLIN, Jan. 24.—Mr. William O'Brien estimated yesterday that he would again stand as a Parliamentary candidate for fourth Tyrone provided the leaders of his party approved his so doing.

**Ten Persons Burned to Death.**  
TOWNS, Minn., Jan. 23.—The boarding-house of Nelson Bernaby, at this place, was burned Friday night, and ten persons perished in the flames.

**Starved to Death with Gold at Hand.**  
YOUNGSTOWN, O., Jan. 23.—The coroner yesterday found \$1,000 in gold hidden in the hut of William Price, who died of starvation at Girard Tuesday.

**Seven Persons Drowned.**  
ENNS, Tex., Jan. 19.—Seven persons were drowned yesterday in Sand Lake, ten miles from here, by breaking through the ice while skating.

## POLITICAL NOTES.

Busy Politicians in Various Portions of the Country.

United States Senators Wilson and Washburn Re-Elected—Woman Suffrage in Washington Territory—Other News.

**THE FIELD OF POLITICS.**  
JACKSON, Miss., Jan. 18.—General E. C. Walthall was yesterday elected to be his own successor in the United States Senate for the full term, beginning March 4, 1889.

**PHILADELPHIA, Jan. 19.**—At yesterday's meeting of the Democratic State Central Committee Elliot Kaser was elected chairman. He is opposed to the policy of Samuel J. Randall. May 23 was fixed as the date of the Democratic State convention, to be held in Harrisburg.

**DES MOINES, Ia., Jan. 19.**—Senator James F. Wilson's election to succeed himself in the United States Senate was formally ratified by the Legislature yesterday. This act extends his term of service to March 4, 1893.

**BOSTON, Jan. 20.**—The constitutional prohibition amendments were passed in the Senate yesterday afternoon by a vote of 25 to 8.

**NEW YORK, Jan. 20.**—Senator John O'Day, the Chairman of the Democratic State Committee of Missouri, declares that there is considerable talk about Mayor Hewitt for President in the West and that he is favorably thought of there. It is not thought that the mayor will retire, and that Mr. Cleveland for the control of the delegation from this State to the next National convention unless a greater opposition develops against the President than appears on the surface to-day.

**TACOMA, W. T., Jan. 20.**—The bill giving women the right to vote in Washington Territory has been voted by Governor Seap. A. Mason, Wis., Jan. 20.—The Prohibitionists will hold their State convention in this city May 23.

**DES MOINES, Ia., Jan. 24.**—A question is now raised as to the desirability of the present Iowa Legislature, the ground of it being that the last redistricting act is fatally informal. The Democrats seem to think there is enough in it at least to raise a question as to Senator Wilson's title to his seat.

**BROOKLYN, Jan. 24.**—In a letter to a friend in this city Mrs. Belva Lockwood says she is willing to again act as a candidate for President of a National Women's Suffrage party in order to keep the question before the people.

**DES MOINES, Ia., Jan. 24.**—J. S. Clarkson, of Iowa, member of the National Republican Committee and chairman of the sub-committee having in charge the preliminary preparations for the National convention has called a meeting of the sub-committee, to be held at the Grand Pacific Hotel in Chicago Thursday evening, February 9. The members of this committee, besides the chairman, are: Messrs. Foxworth, of Connecticut; Hobart, of New Jersey; Jones, of Pennsylvania; Conger, of Ohio; Clayton, of Arkansas; Leland, of Kansas; Howe, of Nebraska; and Coney, of Texas. This first meeting of the committee will be the most important one, as well be charged with the appointment of all the citizens' committees and the elaboration of the entire preliminary plans for the convention.

**DES MOINES, Ia., Jan. 24.**—The State Temperance Alliance has called a State Prohibition convention to be held here February 8.

**LABOR STRIKES DURING 1887.**  
Some Interesting Statistics Made Public by "Herald's" Staff.

**NEW YORK, Jan. 23.**—Herald's Journal has the following summary of strikes and lockouts of importance taking place during 1887, as compared with 1886. The totals are believed to include at least nine-tenths of the total number of industrial and transportation company employees who have struck within two years past. There are reported 884 strikes, involving 340,000 strikers for 1887, as compared with 350 strikes (of total 450,000 strikers) in 1886. The outbreaks have increased two and one-half times, but the number engaged in 1887 was but three-quarters of the total engaged in 1886. There were twenty lockouts of 48,000 employees last year, and 26 lockouts the year before, affecting directly 80,000 people. Seven-eighths of the lockouts and employees were beaten last year and three-fourths of them the year before.

Two-thirds of the strikes were for higher or against lower wages, or for shorter hours at unchanged wages, and one-fourth of them concerned trades union demands not relating to wages or hours directly. Of the total striking last year, 340,000, about 40 per cent. succeeded, as compared with 20 per cent. succeeding in 1886. These figures point to there having been at least 1,300 industrial strikes in the United States within two years past, involving 2,000 employees, of whom about 30 per cent. gained their points wholly or in part. Out of 340,000 strikers, Pennsylvania reported 111,317, or nearly 33 per cent., and New York 82,000, or 18 per cent., of these two States together one-half of the total.

**Captured After Many Years.**  
ZANESVILLE, O., Jan. 20.—Richard Campbell, who was convicted of manslaughter here in 1856 and sentenced to the penitentiary, escaping on a raucous, was arrested Wednesday near Massillon by Sheriff Bethel. He was convicted of killing William Hild at Dresden, who is in the penitentiary to prevent Campbell's whipping his wife. He served in the war and is drawing a pension.

**Ten Thousand Starving Turks.**  
BOSTON, Jan. 20.—A dispatch has reached the rooms of the American Board of Foreign Missions from Mardin, in East Turkey, stating that 10,000 people are starving there and calling for immediate relief. It is also reported that the famine at Adana, in Central Turkey, still continues, and the number who are suffering increases daily.

**The Lottery Win.**  
PITTSBURGH, Pa., Jan. 21.—William Murdoch, an old resident of this city, was victimized by a bunco man out of \$10,000. He was met by a man who had just drawn \$20,000 in a lottery and got a certicate cashed.

**Out of Prison.**  
DUBLIN, Jan. 21.—William O'Brien, editor of United Ireland, was released from Tullamore jail yesterday, where he had been confined since October 21. When he arrived in this city he was greeted by an immense crowd, houses were illuminated and bonfires blazed in all parts of the town.

**A Fatal Encounter.**  
LITTLE ROCK, Ark., Jan. 21.—Near this city yesterday a quarrel while dividing their land between a son and daughter of each, who were about to be married, and stabbed each other fatally with bowie-knives.

**Coal Discovered Near Yassar, Mich.**  
YASSAR, Mich., Jan. 20.—A vein of coal seven feet thick was discovered here Wednesday from 143 to 200 feet beneath the surface.

MASON CITY, Ia., Jan. 20.—Western Iowa and Dakota report another blizzard coming and orders have been given by the general superintendent of the railroad to abandon trains. The thermometer now stands at 20 below and is rapidly growing colder.

St. Paul, Minn., Jan. 20.—Specials indicate that yesterday's storm in Southern Dakota and Minnesota, while severe and accompanied by extreme cold is not to be classed as a genuine blizzard and its not likely to be followed by the disastrous consequences of its immediate predecessor. Last night's weather reports show the following conditions at the points named: St. Paul, 18 below and cloudy; St. Vincent, 32 below and clear; Huron, D. T., 20 below and fair; Yankton, D. T., 10 below; Black Rock, 25 below and clear; Helena, 12 below, with snow; Appelle, N. W. T., 34 below; Fort Gary, 36 below and clear.

HALIFAX, N. S., Jan. 20.—The first snow-storm of the season is now prevailing, and one of the heaviest known for years. Reports from all parts of the province say that the roads are blocked and that there are bad snow-drifts.

MINNESOTA CITY, Neb., Jan. 22.—Judge J. E. Kinney, agent of the Yankton Sioux Indian Agency in Dakota, arrived here Friday after being nine days on the road. Five days were necessary for the party to travel thirty miles. The thermometer during the five days was at 40 degrees below zero most of the time. The judge says the loss of life in Dakota has been greatly underestimated, as the Dakota papers have tried to cover up.

He described the case which took place on board the cars. The coal was running low. The passengers were crowded into one car, trying to keep warm. Two babies perished. The men dispersed all the outer garments they could spare and gave them to the ladies and children. Finding these not enough, they brought mail-bags from the post-office and wrapped the children up in them.

The judge says in Bonhomme County, the judge says, nineteen frozen bodies were brought into the depot in one day. In Bonhomme County the list of dead will reach fully 160. The estimates as made at Yankton yesterday of the loss throughout the Territory figure up over 1,000 lives lost. The counties where the loss of life was the largest are: Bonhomme, 160; Hutchinson, 14; Lincoln, 13; Beadle, 11; Grand, 10; Ward, 15. The northern and central parts of the Territory have not been heard from fully.

St. Paul, Minn., Jan. 22.—At Fort Keogh, M. T., the thermometer registered 65 degrees below zero during the late blizzard. At the same point on one occasion last summer it stood 130 degrees above zero, making a range of 195 degrees. It is doubtful if any such extreme variation between summer and winter temperature has been recorded at any other place on the globe.

MADISON, Wis., Jan. 23.—Saturday morning spirit thermometers registered 68 degrees below zero at Chippewa Falls, 38 below at Janesville, 52 at Hudson, 52 at Duroin, 53 at Princeton, 50 at Sparta, 52 at Green Lake, and extreme cold was reported in other portions of the State.

LAMPASAS, Tex., Jan. 24.—Another blizzard struck this section Saturday evening. Reports of the disastrous effects of that unprecedented cold spell of last week continue to arrive from distant sections surrounding this city. It is estimated that fully 20,000 sheep perished in the counties of Lampasas, Brown, Hamilton, Coryell and San Saba, all large wool-producing counties. Colonel Charles Covington, in Coryell County, lost 800 head of sheep in one flock.

**THE READING STRIKE.**  
No Change in the Position of the Parties Engaged in the Fight.  
READING, Pa., Jan. 23.—The strike of the Schuylkill coal miners and Reading railroad roadmen is still in progress. Both parties are waiting to see what the other will do. The miners have virtually abandoned all aggressive measures in expectancy of receiving from the Reading Company an offer by which an agreement can be reached. It is announced here that the company's proposition will be made public to-day, and that President Corbin had somewhat receded from his first position and would not further communicate with the strikers.  
PHILADELPHIA, Jan. 23.—President Corbin has written a long communication giving an account of the Reading strike. He says the trouble began by the refusal of a crew of men to transport cartloads of freight for a Philadelphia elevator company. The ground of this action was that the elevator company did not employ Knights of Labor. The crew was notified that the company had nothing to do with that matter, as they were obliged to transport and deliver freight to them as common carriers. The men were asked to go to work and on refusing were discharged. The rest of the railroad employees struck because these men were not reinstated. Mr. Corbin further says that the railroad strike is ended and will not be discussed by the company. The management, he says, is not opposed to labor organizations and does not care whether its employees are union or non-union men so long as they do their work. In regard to the miners' strike he says the men broke their agreement when they went out, the company having contracted to pay the 8 per cent advance till January 1. He deprecates the loss that must ensue, but says the company is determined to run its own business in its own way.

**ADRIAN, Jan. 21.**—This morning the dead body of Ed. Dunn, of the cattle buying firm of Dunn & Hart, of Wells-ville, was found in the road about two miles from that village. Perhaps no local disease has puzzled and baffled the medical profession more than nasal catarrh. While not immediately fatal it is among the most distressing, nauseous and disgusting ailments, and is a source of constant and recurring cure of chronic catarrh by any of the multitude of modes of treatment until the introduction of Ely's Cream Balm a few years ago. The success of this preparation has been most gratifying and surprising.

**"MAY GOD BLESS YOU!"**  
A Boston Paper-Hanger's Trouble and How He Gets Out of It.—Plain Words from the Sunny South.  
When we are in trouble weary for help. When we are relieved we often forget to be thankful. But not always. Mr. W. W. Griffin, of Trout Creek, Okla., writes as follows:  
"I was afflicted with rheumatism, and my system was full of malaria. For two years I was scarcely able to walk. In September, 1891, I bought a bottle of Baker's Extract of Roots, or Selgie's Curative Syrup, of your agent, Mr. R. M. King, and before I had taken the sixth bottle I felt better, and in a short time was able to go to work. May God bless you for the good you do!"  
McCann, 99 Randall St., Boston writes: "Six months ago I began to throw up my food after eating. I thought I was going to be consumed. I soon began to have pain in the chest, stomach and sides. I got a little sleep and was all tired out. I once lost five pounds in four days. I began using Baker's Extract of Roots, or Selgie's Curative Syrup, and when I had taken the sixth bottle I could eat three square meals a day, and go to sleep the minute I struck the bed. I am a paper hanger by trade, and have worked every day since I took the second bottle, and gained eighteen pounds. I ought to be thankful and am."  
The remedy opens all the natural passages of the body, expels the poison from the blood and enables nature to rebuild weak disease has destroyed.  
Baker's Extract of Roots, or Selgie's Syrup, is sold by all druggists, or sent to the proprietor, A. J. White, 64 Warren Street, New York.
