THE FISHERIES.

Full Text of the Treaty Prepared by the Joint Commission.

WASHINGTON, Feb. 22.—The treaty concluded by the Joint Fishery Commission was made public yesterday. President Cleveland's message accompanying the treaty and protocols expresses approval of the treaty as a satisfactory, practical and final adjustment of the vexed question which it relates.

Article 1 to 8 of the treaty are devoted to the details of the headland theory of lines for which Canada has contended. She still retains exclusive jurisdiction within the three-mile limit, measured seaward from low-water mark, but the headland theory is disposed of by the provision that "as every bay creek or harbor not otherwise specially provided for in the part nearest the entrance at the first point where the width does not exceed ten miles."

Article 9 to 13 concern the right to touch and trade, and provide that American fishing vessels entering Canadian ports under stress of weather to repair damages or for the purpose of purchasing wood or obtaining water need not report, enter or clear, and when seeking shelter may unload and sell their fish, replenish their outfits and supplies, and have all facilities for shipping crews.

Article 14 lays the penalties for unlawfully fishing in the waters, bays, creeks and harbors referred to in article 1 of this treaty may extend to forfeiture of the boat or vessel and apprentices, and also of the supplies and cargo aboard when the offense was committed; and for preparing in such waters to unlawfully fish therein, penalties shall be fixed by the court, not to exceed those for unlawfully fishing.

Article 15 provides that whenever the United States shall remove the duty they will allow our fishermen to buy bait, fishing outfit and supplies, tranship their catch for transportation and ship crews.

Article 16 says that this treaty shall be ratified by the President of the United States, and with the consent of the Senate; and Her Britannic Majesty, having received the assent of the Parliament of Canada and the ratifications shall be exchanged at Washington as soon as possible.

The protocol to the treaty provides that pending its ratification, the limit of which is fixed at two years, our fishermen may have the right to purchase bait, ice, seines and lines by annual licenses at a fee of \$1.00 per ton, and if during the continuation of this arrangement Congress should remove the duty on fish licenses shall be in force.

MONTREAL, Can., Feb. 23.—The Canadian press treat the fishery treaty from a purely party standpoint, the Government organs claiming that an honorable and equitable arrangement for both countries has been effected at the opposition papers hold that Canada's rights have been sacrificed.

WASHINGTON, Feb. 23.—It is generally probable that the treaty over which Mr. Bayard, Mr. Chamberlain and their associates have spent so much time and care will be ratified by the Senate.

I am glad to speak a good word for your Petroleum Balm. I have had Catarrh for twenty years. It had become so bad that I could no longer speak in public, and at times I feared that it would destroy my voice entirely. I used many catarrh cures with no benefit. One of your samples gave me great relief, and a 25c box has made me feel like a new man. Yours truly,
C. E. BAILEY.
LATER REPORT.

I furnished some persons here with it who desire more. If you think best I think I can make arrangements with a druggist here to sell it for you. I think it really valuable. I am cured and do not need it for myself.
Yours truly,

AN OPEN LETTER.
WHICH IS MORE FULLY EXPLAINED BY ONE FROM REV. J. ROBERTS, PASTOR FIRST M. E. CHURCH, FREMONT, MICH.
Rheumatic Syrup Co., Jackson, Mich.
Gentlemen—From the fact that several remarkable cures by Hibbard's Rheumatic Syrup came under my observation, among which were those of Rev. J. Berry of Morley, and Mrs. Harrington of Altona, I recommended Rev. J. Roberts to have his daughter give the remedy a trial. As I expected, it broke up the disease, as the following letter explains:
O. C. PEMBERTON, Druggist, O. C. Pemberton:
My daughter Maude has used Hibbard's Rheumatic Syrup and Plasters, which you so strongly recommended her to try for inflammatory rheumatism. Her limbs were badly swollen, and the poor girl was in terrible agony. In the midst of the pain, we wound the Plasters about her limbs and, as a result, the swelling was reduced and she became quiet and rested. The Syrup corrected her indigestion, cleaned the rheumatic poison from her blood, and she is now able to be around the house.
Hibbard's Rheumatic Syrup and Plasters are remedies of great merit.
REV. J. ROBERTS,
Pastor First M. E. Church, FREMONT, Mich., Oct. 26, 1887.

Dr. W. B. Squire, a prominent and well-known physician of Worthington, Ind., in writing to Dr. White, says: "I have sold your Pulmonaria and Dandelion in my drug store for six years, and I have never known them to fail doing all that is promised of them. The Pulmonaria is a specific for Whooping Cough. I have practiced medicine for more than twenty-five years, and have tried all the usual remedies for this disease, without success. I have recommended the Pulmonaria in more than one hundred cases of Whooping Cough, and it has always cured. Last January my own child was attacked with Whooping Cough, and became quite bad before we were aware of what the difficulty was. We at once began the use of the Pulmonaria, after which the child was entirely cured. In two weeks' time she was entirely cured. I could procure a score of certificates as strong as my own, in favor of your Pulmonaria."

"MAY GOD BLESS YOU!"
A Boston Paper-Hanger's Trouble and How He Gets Out of It—Plain Words from the Sunny South.
When we are in trouble we cry for help. When we are relieved we often forget to be thankful. But not always. Mr. W. W. Griffin, of Trout Creek, St. Clair Co., Ala., writes: "I had a bad attack of chills and fever. My system was full of malaria. For two years I was scarcely able to work at all. Some times my heart would palpitate for two hours at a time. My legs would get cold in the knees, and I fully expected to die. In September, 1881, I bought a bottle of Shaker's Extract of Roots, or Seigle's Curative Syrup, of your agent, Mr. R. M. King, and before I had taken the first bottle I felt better, and in a short time was able to go to work. May God bless you for the good you have done."
Mr. Wm. J. McMan, 92 Randall St., Boston writes: "Six months ago I began to throw up my food after eating. I thought I was going into consumption. I soon began to have pain in the chest, stomach and sides. I got a little sleep and woke all tired out. I once lost five pounds in four days. I began using Shaker's Extract of Roots or Seigle's Syrup, and when I had finished the sixth bottle I could eat three square meals a day, and go to sleep the minute I struck the bed. I am a paper hanger by trade, and have worked every day since I took the second bottle, and gained eighteen pounds. I ought to be thankful and I am."
The remedy opens all the natural passages of the body, expels the poison from the blood, and enables nature to rebuild what disease has destroyed.
Shaker's Extract of Roots, or Seigle's Syrup, is sold by all druggists, or sent to the proprietor, A. J. White, 54 Warren Street, New York.
