NUMBER 37.

INTERNAL REVENUE.

Text of the New Bill Perforated by the Democrats.

All Taxes on Manufactured Tobacco to Be Repealed—A Total Reduction in Revenues of \$25,000,000 Will Be the Result.

TO REDUCE TAXES.
WASHINGTON, March 7.—The new internal-revenue bill was submitted by the Democratic majority of the Ways and Means Committee to the full committee yesterday. It begins by removing the tax from tobacco on July 1, 1888, after which date manufacturers of cigars will pay a special tax of three dollars each, and dealers in tobacco shall each pay one dollar annually as a special tax. Drawbacks related to the full amount of the tax will be allowed on original and unbroken packages held by manufacturers and dealers on July 1. The statute and all the laws imposing restrictions upon the sale of tobacco are repealed.

Wherever minimum punishments are laid down for infractions of internal-revenue laws in the statutes they are abolished, and it is left in the discretion of the court to fix the punishment, not exceeding the maximum limit fixed by the statute.

Warrants under the internal-revenue laws, upon affidavits making charges upon information and belief, shall only issue when the affidavit is made by a collector or deputy collector; with this exception warrants will only be issued on a sworn complaint setting forth the facts and alleging them to be within the personal knowledge of the affiant. Fees to court officers in prosecutions under the internal-revenue laws shall only be paid in cases where a conviction is secured, or when the district attorney, or the prosecutor, or wherein the prosecution began with information or indictment.

Persons arrested upon warrants under the internal-revenue laws shall be held in the designated judicial officer in the county of arrest, or if there be none, in another county nearest the county of arrest, and the judicial officer shall have power to make the preliminary examination and discharge, admit to bail, or commit to prison the person arrested. This section does not apply to the Indian Territory.

The Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury, may compound any tax liability, or reduce or remit fines, penalties or assessments under the internal-revenue laws.

When the returns are not made or are made negligently the collector may enter the premises of any one having taxable property and prepare a tax return upon which the tax shall be assessed, with a penalty of 50 per cent, and interest at 10 per cent.

All fruit brandies made from any fruit are brought under the provisions of the act of March 4, 1867.

When a distillery is seized the machinery and apparatus must be sold without being mutilated or destroyed. Distilleries which make less than twenty-five bushels of grain per day shall be taxed upon their capacity, and may be operated without store-keeper or gauger. Special warehouses may be established where the products of any designated number of these distilleries may be deposited, which product shall then become subject to the customs laws.

All special taxes on manufacturers of stills, retail dealers in liquors and retail dealers in malt liquors are repealed.

The act provides that it shall go into effect July 1, 1888.

The total reduction in revenue made by the act is about \$25,000,000, made up of \$20,000,000 on tobacco and \$5,000,000 on the special taxes removed.

The Democratic members of the Ways and Means Committee have resolved to add this bill to the Mills tariff bill, making it an integral part of the scheme for revenue reduction.

The total reduction by the two bills will be about \$75,000,000.

BEECHER'S STORY.

The Diary of the Late Divine Published—His Declarations of Innocence in the Titton Scandal.

NEW YORK, March 13.—That portion of the late Henry Ward Beecher's diary which bears on the Titton scandal has just been published. The statement was written a year after the trial had closed, and he stipulates that it should not be published until several months after his death. As a statement of fact, or as a history of the case, the diary affords no essential particulars from the story told by Mr. Beecher on the stand. He declares he was guilty of nothing except error of judgment, and concludes as follows:

"That I have previously erected judgment with this perplexed case no one is more conscious than I am. I chose the wrong path and accepted a disastrous guidance in the beginning and have endeavored to keep the edge of my prolonged efforts to suppress this scandal, which has at last spread so much delusion through the land. But I do not admit that I erred in desiring to keep these matters out of sight. In this respect I appeal to you and to all Christian men to judge whether almost any personal sacrifice ought not to have been made rather than to suffer the morals of an entire community, and especially of the young, to be corrupted by the filthy details of scandalous falsehoods daily created and amplified, for the gratification of impure curiosity and demoralization of every child that is old enough to read."

Sullivan and Mitchell.
LONDON, March 12.—The fight between Sullivan and Mitchell took place Saturday last in France, on the estate of Baron Rothschild, and it resulted in a draw after thirty-nine rounds had been fought. Both men were arrested and locked up in jail by the authorities. They were afterwards sent at liberty under a bail of 4,000 francs, and at once left for London. Both men's hands were knocked to pieces, and they were scarcely able to move.

Germany's New Emperor.
BERLIN, March 13.—Frederick III. was formally proclaimed Emperor yesterday, and issued a proclamation to the people in which he declared that the policy of the dead ruler should be continued. He also addressed a long letter to Prince Bismarck, thanking him for the prominent part he had taken to enhance the welfare of the nation, and urging a continuation of his well-proved devotion and support.

Blew Out the Gas.
NEW YORK, March 10.—While in an intoxicated condition Henry C. Parker, a New York provision broker, and an unknown man, retired in the room of the former Thursday night, blew out the gas, and both were found dead yesterday morning.

General Deaths.
DAYTON, O., March 13.—Valentine Winters, of this city, a retired banker, yesterday handed his check for \$5,000 to the trustees of the Widows' Home and a check for the same amount to the Women's Christian Association as donations.

Nine Nucleus in One Week.
CHICAGO, March 10.—During the past seven days five men and four women committed suicide in this city, and three other persons failed in their attempts to take their lives.

His First and Last Ride.
KNOXVILLE, Tenn., March 10.—Samuel Gilmore (colored), aged 93 years, took his first ride on the cars recently, and his nerves were so unstrung by the journey that he died yesterday from the effects.

On for Alaska.
OTTAWA, Ont., March 10.—Lord Londondale is on his way to the far north-western portions of the Queen's Dominion to hunt polar bear and musk oxen. His travels will extend to Alaska by way of Hudson's bay.

THE BURLINGTON STRIKE.

The Engineers Are Still Out—A Lengthy Struggle Anticipated.

CHICAGO, March 8.—A strike of engineers on the Burlington & Northern road was inaugurated at Minneapolis yesterday, and fears were expressed that other roads would be involved. In this city the Burlington & Quincy system seemed to be doing a fair share of business.

CHICAGO, March 10.—The outlook in the Chicago, Burlington & Quincy was more peaceful yesterday, and the probability of a general strike on all the Western roads decreased. The Burlington officials made ample provision for the transportation of passengers, and the Wabash road from further refusing to receive or deliver Burlington freight in the Brotherhood of Locomotive Engineers and its officers from issuing orders of any kind to their men to refuse to haul freight or to freight.

CHICAGO, March 11.—There was no change in the Chicago, Burlington & Quincy strike here yesterday. In Judge Graham's court action on the petition of the Burlington Company for injunctive relief to restrain the Wabash road to transport and deliver cars tended by the Burlington was postponed until the 12th. Judge Graham also issued an order enjoining the Eastern Pacific Railroad Company and its engineers from refusing to perform their duties under the Interstate Commerce law and enjoining the engineers from organizing or combining to direct any strike.

The engineers on the For. War. and Pan-Handle roads, after twenty-four hours of deliberation, announced their readiness to haul cars containing freight destined to or originating from all points on the Burlington system.

CHICAGO, March 12.—The indications on Saturday were that the Chicago, Burlington & Quincy strike was nearing an end, and rumors were current that the strikers were anxious to return to work. The fact that the Brotherhood of Locomotive Engineers' competing roads has been dissolved.

CHICAGO, March 13.—The future of the Chicago, Burlington & Quincy strike as regards the proposed extension to the latter case is in an advanced position. Judge Graham's decision in the case of the competing roads has been dissolved.

The arguments have been concluded and the case taken under advisement.

LOUISIA M. ALCOTT.

Death of the Famous Author of "Little Women" and Other Stories.

BOSTON, March 7.—Miss Louisa M. Alcott, the famous author of "Little Women" and other stories, died of brain fever at her home in this city yesterday morning, aged 64 years. She was the daughter of the late Thomas Alcott, the author and philosopher. Miss Alcott was not aware of her father's death. She had been suffering several days from a cold, which finally resulted in brain fever. Miss Alcott began to write stories when she was twelve years old. In 1840 she chose story-writing as her profession, and set diligently to work. When the civil war broke out she went to Washington to nurse the wounded soldiers at the government hospital. Her experiences there under the title of "Hospital Sketches" five years after, in 1868, she published the first volume of "Little Women," the book on which, despite her numerous other works, her fame will always rest.

ANOTHER TARIFF BILL.

Mr. Randall, of Pennsylvania, Introduces His Measure in the House.

WASHINGTON, March 13.—Mr. Randall introduced his tariff bill in the House yesterday. In explanation of its terms and scope he made the following statement:

"The bill repeals the entire internal tax on tobacco and other liquors. It also repeals the license tax on wholesale and retail liquor dealers, leaving that, as recommended by Jefferson, so that the State authorities might adopt them. It also repeals the excise tax on free and reduces the tax on whisky fifty cents per gallon."

"On the tariff bill a careful and complete review of the whole system is carried to the free list a large number of articles now paying duties and which enter into consumption, either as material or otherwise, and in the production of which there is no competition between this and other countries."

The estimated reduction of revenue from all sources by this bill is \$95,000,000, of which \$70,000,000 is in internal taxes alone.

AN EASTERN BLIZZARD.

Terrific Snow-Storm in New York and Other Places—Traffic Suspended.

NEW YORK, March 13.—The heaviest snow-storm of the year prevailed in this city yesterday, large drifts forming, which caused a suspension of traffic. Collisions occurred on the Third Avenue Elevated and on the Brooklyn Elevated roads, in the former case the engineer being killed and a number of passengers injured. The blizzard increased toward night, when all trains, street-cars and ferries were stopped. The hotels were filled with people from the suburbs, who were unable to get home, and of the cars on the trains, but two arrived. A woman absolutely froze to death last night at the corner of Broadway and Fulton street. The storm was general in the State, and also severe in Pennsylvania, New Jersey, Connecticut and points South.

Words of Warning.
JEFFERSONVILLE, Ind., March 10.—Macey Warner was hanged yesterday afternoon at this place for the murder of Frank Harris. During the night he joked and laughed with the guards, and before being placed on the drop said he was prepared to die, and the sooner the better. In his speech from the scaffold he warned those present to abstain from drink, and said there was a hemp rope coiled in the bottom of every glass of whisky.

Allen O. Myers in Washington.
WASHINGTON, March 11.—Allen O. Myers, who has figured so conspicuously as a defendant in the Mexican money trials at Columbus, O., and who fled from Columbus and the State of Ohio a few days ago, is here, and says he will remain in this city some time.

Made a Hog of Himself.
MILWAUKEE, Wis., March 5.—Adolf Dursney, a young Pole, was drinking with his friends on the south side, tried to drink five glasses of whisky in five seconds on a wager. As the fifth was going down he dropped dead.

"Port Crayon" Is Dead.
WHEELING, W. Va., March 9.—General David N. Strother, who was United States Consul-General in Mexico under President Hayes, and who was distinguished in the literary world as "Port Crayon," died in this city yesterday.

A Family Poisoned.
MASON CITY, Ia., March 13.—The family of H. L. Brown, nine in all, living near this place, were taken violently sick at supper yesterday, and Mr. Brown and one child died. How their food was poisoned has not been discovered.

On for Alaska.
OTTAWA, Ont., March 10.—Lord Londondale is on his way to the far north-western portions of the Queen's Dominion to hunt polar bear and musk oxen. His travels will extend to Alaska by way of Hudson's bay.

NATIONAL AFFAIRS.

What Our Senators and Representatives Are Doing.

Numerous Bills and Resolutions Before the Senate and House—Mr. Randall's Tariff Measure, the Senate Bill—Other Notes.

SENATE.
WASHINGTON, March 7.—The Dependent Pension bill was further considered in the Senate yesterday, and in the discussion Senator Ingalls bitterly arraigned the President and his party, charging them with base ingratitude toward Union soldiers. Senator Blackburn, deploring Mr. Ingalls' charges, a joint resolution was passed to investigate the practicability of constructing reservoirs for the storage of water in the arid regions of the United States. A rule was agreed to that a treaty may be made public or considered in open session whenever a majority vote so directed.

WASHINGTON, March 8.—A bill was introduced in the Senate yesterday to provide more efficient postal service between the United States and the South American Republics. The pension bill went over for one day. The President sent to the Senate a response to a resolution of inquiry, also a letter from Secretary Bayard, stating that there was no reason to expect an early return of the French Government against the importation of American pork products.

WASHINGTON, March 9.—In the Senate yesterday bills were placed on the calendar to provide for a joint celebration at Washington by the United States and American republics in honor of the centennial of the infant republic—the United States; for an Indian eight-hour law to let carriers. A petition was presented from thirty-two Territory signatories, containing over 102,000 signatures, against the admission of Utah as a State so long as its people are under the control of the Mormon priesthood. The bill granting pension to soldiers and sailors who are unable to perform manual labor and to the dependent relatives of deceased soldiers and sailors was passed by a vote of 44 yeas to 16 nays.

WASHINGTON, March 10.—In the Senate yesterday petitions were presented protesting against the reduction of a duty on lumber and salt from leading wool manufacturers and growers asking legislation to protect the wool interests. A bill was reported favorably authorizing the appointment and retirement of Arthur Plummer, a Major of cavalry. A bill was reported appropriating \$150,000 for a public building at Bay City, Mich.

THE HOUSE.
WASHINGTON, March 8.—In the House bills were introduced yesterday for the pensioning of prisoners of war and to create a department of agriculture and labor. The bill to divide the great Sioux Indian reservation into separate smaller reservations was passed. The bill to authorize the sale of public lands and acres of valuable land.

WASHINGTON, March 9.—A bill was introduced in the House yesterday to regulate the classification, compensation and allowance of postmasters. The bill to establish a postal telegraph was reported favorably, and the measure to enable the people to elect their postmasters was reported adversely. The bill for the allotment of lands in severalty on the White Earth and Red Lake reservations to the Indians in Minnesota, and when they open up to settlement of the other reservations of those Indians in that State. A communication was received from the Postmaster-General saying that the reports of inefficient mail service in the West and Southwest were without foundation.

WASHINGTON, March 11.—The House Friday passed the "omnibus" bill-claim bill, coming over from last Friday, by a vote of yeas 105, nays 100. An extended debate took place on the bill, and the House appropriated \$20,000 for the relief of the Protestant Episcopal Theological Seminary of Virginia. The amendment was agreed to—yeas 130, nays 90.

At the evening session the House made the Logan and Blair pension bills special orders for March 23. Thirty-four pension bills were passed, including one increasing the pension of the widow of General Robert Anderson to \$100 a month, and at 10 o'clock the House adjourned.

WASHINGTON, March 12.—In the House yesterday bills were passed to restore to the public domain part of the Uintah Indian reservation in Utah, and prescribing the manner in which the same shall be cut up and sold to Indian residents. The Dependent Pension bill was received from the Senate and referred to the Committee on Invalid Pensions.

WASHINGTON, March 13.—In the House yesterday bills were introduced directing the Committee on Agriculture to inquire into the expediency of prohibiting the sale of compounds as pure land, the Randall bill relating to tariff and internal revenue; to encourage a National exposition of the colored race, and providing for a commission to investigate trusts and for repeal of the protective tariff on all industries belonging to trusts.

OTHER NOTES.
WASHINGTON, March 7.—The President has sent the Senate the following nominations: John Lee Logan, of New York, to be Associate Justice of the Supreme Court of Idaho; Charles C. Jones, of Nebraska, to be Register of the Land Office of North Dakota; Rev. John E. Dolph, of Minnesota, to be post chaplain, and George P. Hollis, of Massachusetts, to be United States Consul at Cape Town.

WASHINGTON, March 8.—The House Committee on Commerce has authorized a favorable report on the Postal Telegraph bill. It appropriates \$8,000,000 for the purpose of the act and places the general supervision of the system under a Fourth Assistant Postmaster-General.

WASHINGTON, March 9.—The President informed Congress yesterday that negotiations with the Emperor of China for a treaty that shall exclude the importation of Chinese laborers into America was begun several months ago, and hopes were entertained that a satisfactory treaty would soon be concluded.

WASHINGTON, March 10.—The House Committee on Military Affairs has determined to recommend for passage the Catebeon bill, appropriating \$7,475,000 for the public debt.

Condition of Trade.
NEW YORK, March 10.—E. G. Dun's review of trade for the week ended March 7 says business begins to fall below that of last year in volume. The railroad strike and its liability of extension and the uncertainty of the tariff conspire to check new ventures and to limit purchases to immediate needs. The business failures during the past seven days number for the United States 195 and for Canada 50, or a total of 245, as compared with a total of 244 last week.

Thirty Persons Killed.
NEW YORK, March 10.—The steamship Athol, bound Thursday from West Indian ports, on leaving the harbor of Cartagena, February 22 her Captain learned that the boiler of the river steamer Rafael Beyes exploded and thirty persons had been killed.

EMPEROR WILLIAM.

Death at Berlin of the Famous Ruler of Germany.

BERLIN, March 10.—Emperor William died at 8:30 yesterday morning. The death of the Emperor was announced to the populace yesterday morning by the lowering of half-mast; the standard over the palace. Flags at half-mast are displayed on all the public buildings. He passed away with his hand clasping the hand of his wife. During the hours of his life he suffered little or no pain. The Crown Prince Frederick William at once became King of Prussia and Emperor of Germany, under the name of Frederick III. The death of Emperor William has called out the most stately and conspicuous representative of royalty in contemporary European history. From that day in 1861 when he placed the crown of Prussia upon his head himself, declaring that he held it from God alone, he has been every inch a sovereign, though standing in the shadow of two such men as Bismarck and Von Moltke. The death of Emperor William has called out expressions of sorrow and sympathy from all portions of the globe.

GLADSTONE SURELY COMING.

The Grand Old Man to Visit the United States in the Fall.

LONDON, March 12.—It can be stated upon absolute and direct authority that, providing his health will permit, Mr. Hon. William E. Gladstone will pay a visit to the United States next fall. He will be accompanied by his son Herbert and Sir Lyon Playfair, but it is hardly probable that Mrs. Gladstone, who holds sea voyages in mortal horror, will be induced to form one of the party. The visit will be entirely a private one, and the ex-premier's physicians, two of whom according to present plans will accompany him, will see to it that all invitations to banquets, formal receptions, etc., will be declined on the plea of advanced age and the necessity for an utter avoidance of excitement.

HEMMED IN BY FIRE.

Six Persons Lose Their Lives and Several Others Are Injured.

SPRINGFIELD, Mass., March 8.—A fire broke out in the Evening Union newspaper office in this city yesterday afternoon, and the occupants of the editorial and composing-rooms on the fifth floor were hemmed in by the flames and but few escaped. A dozen or more jumped from the windows, six being killed and the remainder dangerously wounded. The killed are: Henry L. Gooding, former of the Union composing-room, burned to death; Miss G. Farley, editorial department, fell from the window; Mr. Lamon, of Quebec, jumped to the sidewalk; W. E. Hoyt, of Boston, fell to the sidewalk and was crushed; Mr. Brown, a compositor.

POWDERY AND ARTHUR.

Mayor Hewitt Calls Them the Greatest Tyrants that Ever Lived.

NEW YORK, March 9.—At the dinner of the alumni of William College last night Mayor Hewitt denounced Powderly and Arthur as the greatest tyrants that ever lived and said: "Was there ever in the history of man a despot who laid claim to power enough to paralyze the entire industry of this country? Were at any time in the history of the races has it ever happened that a slave of ten or twelve delegates should determine whether the bread, the fuel or the necessities of life shall be withheld from those who are ready to work and who are waiting for their support, and that of their families?"

A University Burned.

MICHIGAN, D. T., March 10.—Early yesterday morning fire destroyed the Methodist University in this city. Ten persons jumped from windows. One died in two hours, three are believed to be fatally hurt and six others were badly wounded. The financial loss is \$50,000, and the insurance aggregates \$7,500.

Pipe-Line to Chicago.

LIMA, O., March 9.—The Standard Oil Company has commenced the preliminary work for the building of an immense pipeline from this city to Chicago. The capacity of the line will be about 25,000 barrels a day. The estimated cost of the line is \$2,000,000, and it is to be completed in sixty days.

Lehigh Strike Declared Off.

HAZLETON, Pa., March 13.—Hugh McGarvey, master workman and John J. Maghan, secretary of district assembly 87, Knights of Labor, have declared the miners' strike in the Lehigh region off, and in a few days every colliery will be at work.

Injured by an Explosion.

CAROL, Ill., March 11.—The steamer Ohio, plying between Cincinnati and Memphis, burst a steam pipe while about 100 miles below here Wednesday night, deluging the lower deck with hot water and steam and severely scalding six people.

Two Thousand Dollars Reward.

CHICAGO, March 12.—Mrs. Henrietta Snell, widow of Amos J. Snell, the murdered millwright, has offered a reward of \$10,000 for the arrest of William B. Tascott, the supposed murderer.

SIMMONS' LIVER REGULATOR.

DYSPEPSIA

Up to a few weeks ago I considered myself the champion Dyspeptic of America. During the years that I have been afflicted I have tried almost everything claimed to be a specific for Dyspepsia in the hope of finding something that would afford permanent relief. I had about made up my mind to abandon all medicine when I noticed an endorsement of Simmons' Liver Regulator by a prominent Georgian, a jurist whom I knew, and concluded to try its effects in my case. I have used but two bottles, and am satisfied that I have struck the right thing at last. It has produced effects almost immediately. Unlike all other preparations of a similar kind, no special instructions are required as to what one shall or shall not eat. This fact alone ought to commend it to all troubled with Dyspepsia.

HAY-FEVER THE CURE.
CATARRH

is a disease of the mucous membrane, generally originating in the nasal passages and maintaining its strong hold in the head. From this point it sends forth a poisonous virus into the stomach and through the digestive organs, corrupting the blood and producing other troublesome and dangerous symptoms.

Apply it to each nostril and it is agreeable. Price 50 cents at druggists, by mail, registered, 60 cents.

Detroit Fire & Marine, Detroit.
Mich. Fire & Marine, Detroit.
Western Assurance, Canada.
Also several of the best Life and Accident Companies.

NEIGHBORHOOD NOTES.

Morse Lake Ripples.
Saturday forenoon occurred the death of Mrs. John Hartly, who has long been ill with consumption. She has been for many years a consistent member of Morse Lake M. E. Church. The funeral services will be held at ten o'clock a. m. to-morrow, March 13th, at the Baptist Church. Rev. John Thomas is expected to preach the funeral sermon.

The funeral services of Mrs. Jno. Proctor of Whitneyville were held last Saturday. We did not hear the particulars of her death.

Mrs. Frank Chatterton is very sick with pneumonia.

Next Tuesday evening there will be a social at Mr. Clem Parrot's, also a chicken picnic at Mr. Simon Kleis's.

V. Johnson's baby Nellie is just recovering from the measles.

Mr. J. B. Yeiter's little girl is out from Lowell spending a week with her grand-ma Clark.

Reorganization of the M. E. S. S. is appointed for next Sunday.

Quarterly meeting services will be held at Morse Lake M. E. Church March 24th and 25th.

In a town not a thousand miles from here recently visited, we met a former schoolmate, Dr. Wright, whom we had not seen for twenty years. In the same building just across a hallway is the office of another M. D., Dr. Falling. It struck us that here was a striking contrast. If a person's physical system is not just right he naturally wants the Wright kind of a doctor, right off. On the other hand if a person has any physical failing, he feels that he is failing fast enough without the assistance of a Falling M. D. But perhaps we are wrong and Falling is all right. On the other hand as Dr. Wright has grown quite gray since we saw him last perhaps he is failing after all. Come to think of it though, as he has five boys and three girls there is not much danger of the Wright failing for several generations to come.

If the young fellows who make the Alto state a common resort, would make an effort to behave themselves with decency, it would be no detriment to Mr. Skidmore's business. No decent man or woman wishes to run the gauntlet of insolent remarks and foul epithets of a crowd of loafers, for the sake of doing a little trading.

Bowne Budget.
Mr. Constance and wife are visiting at Angus McDermid's.

Mr. Termer and James Nash had a narrow escape from death last week while in Grand Rapids. Termer retired first and blew out the gas. Jim thought there was a gas factory near last went to bed. They finally roused up and secured help and shut off the supply. Queer how a little gas should effect a Bowne Center man.

Alford Evans is moving north of Lowell, but intends moving to the northern part of the state soon.

John McConnell was in the Rapids settling up the Johnson estate. We understand that a Mr. Shedd, of Grand Rapids, has bought the farm.

There was an exhibition at the Low school house last Friday night under the management of Miss Low who has taught a very successful term of school. She will clerk for Mr. Warts at the center this summer.

A. A. Andrews is visiting at Plainfield.

Dr. VanAnburg has stored his goods until he can occupy his house.

Sheriff Neill was in town last Saturday.

Our Lycenim is defunct. The next thing in order will be to pronounce an eulogy over the remains and to plant sweet flowers over the grave.

Mr. Willie Banker finished his school last Friday and presented his scholars with a life size chronon.

So. Boston Breezes.
Melvin Walker, of Lowell, was buried in the So. Boston cemetery on Sunday and Frank Butler, of Grand Rapids, a son of Lewis Bolter, of Lowell, on Tuesday, making four brought here for interment from other localities since there has been one buried here in our vicinity.

We are not able to report Messrs Parsons and Ricketts much better and will have to add Mr. Duffy to our sick list.

Miss Jessie Hooker does not go north as soon as she expected, wishing to see her relatives, Mr. and Mrs. West and daughter who are expected this week from California.

Roy Booker goes to Dakota soon.

A girl engaged board at the house of Mr. and Mrs. Fred Bryant the first of the week. We would expect the price to be very low as her grand parents, Mr. and Mrs. Edwin Morse, will take pleasure in doing much of the work for nothing.

Last Saturday was a gloomy day. A neighbor reports the mailcarrier's vehicle as the only one which passed his home.

The Alton Club performed all they advertised, and each member done well.

Campbell Crumbs.
There is still a good interest manifested toward the cemetery at Clarksville. If the required amount can be raised it will surely be established as all other matters can be settled satisfactorily.

Several buildings will be moved in Clarksville this spring.

Geo. E. Marvin our enterprising hardware man, is turning out a goodly lot of syrup cans.

Mrs. Hattie Pest is visiting relatives and friends at Belmont, Kent Co.

The S. S. concert will be held at the W. M. Church the last Wednesday evening in March.

Mrs. Thorpe, mother of Mrs. Joseph Post, is visiting at the Clarksville hotel.

Thomas Rhodes is laid up with a sprained ankle, caused from slipping on the ice.

School closed in the Lake district last Saturday.

The funeral services of Mrs. Rung were held at the church last Wednesday.

The library at Clarksville contains some very good reading matter and is well patronized.

When will it stop freezing and thawing?

Vergennes Visitor.
Mrs. D. M. Watters, of Freeport, has been visiting her parents Mr. and Mrs. J. W. Walker and other friends.

Mrs. Hiram Mason, of Minneapolis, Minn., has been visiting her brother Gals and Lute Bailey.

Mr. A. Krum has sold his farm to Levi Nash and will move to Lowell.

J. W. Walker has lost one of his horses and is now driving out with a gay young team of dark bays and a plated harness.

Weather fine but very cold and the poor Robins have hid themselves again.

Lute Bailey is on the sick list. The other sick are improving.

Logan Laconics.

Mrs. John Deming is dangerously ill at this writing.

Mr. and Mrs. V. C. Walton Sundayed in Lowell.

Col. Pardee and Ben Keller were in Grand Rapids Sunday.

Those ship timbers which were drawn to the Logan Crossing were loaded on cars Sunday.

Mr. and Mrs. James Pardee visited at Godfrey Stadel's of Campbell, Sunday.

Mrs. Hattie J. Mesear Sundayed with Mrs. Darby of Campbell.

Miss Vina Wisinger, of Campbell, has been visiting relatives and friends here the past week.

W. H. Pardee Sundayed with a friend in Campbell.

Mr. Wm. Preston, of Freeport, is staying at S. Zelness for a few days.

Mrs. C. H. Morgan is quite sick at present writing.

Little Della Troyer has been quite sick but is better at present date.

E. B. Tyler has gone to Kalamazoo.

Newton Coons, of Lowell, was in town several days last week.

A. M. Lape, of Penn., is visiting at Jacob Custers.

Mrs. Ben Keller's cousin, of Grand Rapids, is visiting her at present.

Justin G. Warner, of Williamston, is staying at V. C. Walton's at present.

Fayette Youngs is not expected to live.

Miss Mattie Glasgow Sundayed with her aunt in Freeport.

Born, to Mr. and Mrs. Stephen Weaver recently a daughter.

Nathaniel Thomas will work for L. Blough this summer. "Birdoer."

Saratoga.
Charles Schedit and Anthony Freidman are getting their new steamboat well along towards completion. The hull is finished, and they are now working at the machinery. They have changed their plans somewhat since starting out, and have lengthened the hull to 40 feet all over. When completed it will be a very servicable craft.

It is reported that a fight to a finish was arranged to take place at Grommon's place, on Main street, last Saturday night, between Jasper Bush, Esq., and Charles Barnes. We also are told that quiet heavy stakes were deposited as to the result. The parties came to the scratch and in the second round the cry of "police" was raised and Bush scooted up into the boiler room and Barnes started for the river. It was a well fought scheme, as the principals in the fight were both thoroughly frightened and the door money, of which there was quite a little, went to the promoters of the affair.—Local.

Freeport.
Dr. Rickett, dentist, of Lowell, was in the village Monday morning and made the HERALD a welcome visit. Mr. Rickett contemplates opening an office in this place and doing dental work one day in a week.

Reported that Mr. Jas. Nash, of Bowne, is very sick from the effects of blowing out the when retiring Tuesday evening. There was another gentleman with him who is also sick, but we have been unable to learn his name; It happened in Grand Rapids.

The Freeport rink is no more. The building heretofore designated as such is now in the future of a Music Hall. Eber Mohr and band boys completed the change of name Monday by consigning the roller skates to a dry goods box, pouring on a solution of kerosene, igniting the whole. They made a glorious bonfire.—Herald.

Grattan Gatherings.
Messrs Horace Wood and Will White returned to Dakota, March 12.

Mr. John Wilson, of St. Louis, Mich. is visiting her only sister, Mrs. Wm. Slayton.

Grattan Grange will hold open session Thursday evening March 22. Come in friends and hear the "contest."

J. L. Randall is busy "fixing up" the new farm bought of A. Cowen.

Mrs. Wm. Lesiter attended the range march 8, the first time in months.

The Union School will present the drama, "Breed on the Waters," at the Grattan Church the evening of March 16.

Fallsburgh Facts.
Kate Rousser is very sick.

C. W. Fallas and wife spent Sunday in Fallsburgh.

Miss Laura Golds commenced her school at Fox's Corners last Monday.

Woodbees seem to be the rage in Fall assemblage. Old Mr. Richardson's turn came last Friday and his share was increased by the addition of 20 loads of wood.

Mrs. H. Scott is home from Grattan where she has been for some time caring for her daughter Mrs. Swars, who has been sick.

"Nasal Voices, Catarrh and False Teeth."
A prominent English woman says the American women all have high, shrill, nasal voices and false teeth.

Americans don't like the constant twittering they get about this nasal twang, and yet it is a fact caused by our dry stimulating atmosphere, and the universal presence of catarrhal difficulties.

But why should so many of our women have false teeth?
That is more of a poser to the English. It is quite impossible to account for it except on the theory of a deranged stomach action caused by indigestion in eating and by want of regular exercise.

Both conditions are unnatural. Catarrhal troubles everywhere prevail and end in cough and consumption, which are promoted by mal-nutrition induced by deranged stomach action. The condition is a modern one, one unknown to our ancestors who prevented the catarrh, cold, cough and consumption by abundant and regular use of what is now known as Warner's Log Cabin Cough and Consumption Remedy and Log Cabin Sarsaparilla, two old-fashioned standard remedies handed down from our ancestors, and now exclusively put forth under the strongest guarantees of purity and efficacy by the world-famed makers of Warner's safe cure. These two remedies plentifully used as the spring and summer seasons advance give a positive insurance of freedom, both from catarrh and those dreadful and if neglected, inevitable consequences, pneumonia, lung troubles and consumption, which so generally and fatally prevail among our people.

Comrade Ed Fisher, of Salem, Henry Co., Iowa, served four years in the late war and contracted a disease called consumption by the doctors. He had frequent hemorrhages. After using Warner's Log Cabin Cough and Consumption Remedy, he says, under date of Jan. 19th, 1888: "I do not bleed at the lungs any more, my cough does not bother me, and I do not have any more hemorrhaging spells. Warner's Log Cabin Cough and Consumption Remedy cured my wife of catarrh and she is 'sound and well.'"

Of course we do not like to have our women called nose talkers and false

ROYAL
VARIETY
POWDER
Absolutely Pure.

This powder never varies. A marvel of purity strength and whiteness. More economical than the ordinary kind, and cannot be sold so cheaply with the multitude of low priced, short weight alums or phosphate powders. Sold only in this form. Royal Variety Powder Co., 100 Wall St. N. Y.

teeth owners, but these conditions can be readily overcome in the manner indicated.

MICHIGAN MATTERS.

"Little Jake" Seligman and others produce (when the sign comes right) a bold sensation in that state town last Sunday. Ly settling down, was ended in a jury disagreement. There was strong evidence of the matter being a put-up job.

A package of registered letters evaporated out of the safe in the Grand Rapids postoffice on the night of 9th of February, but the fact has only now leaked out. No one knows how it was done or how much involved, but the sum is believed to be large.

Rev. J. H. McIntosh, of Chelsea, made a sensation in that town last Sunday. Ly settling down, was ended in a jury disagreement. There was strong evidence of the matter being a put-up job.

It is reported on reliable authority that another coal vein, 21 inches through has been discovered at Tusaola. The Corunna company is in charge, and is very reticent. Vaspar is also in a state of excitement, based on slight indications of coal seen in a well hole.

A Maple Rapids man teaches his six year old boy verses from Shakspeare and the mother has him learn verses from the bible. A few days ago the youngster made a recitation as follows: "Friends, Romans, countrymen, lend me your ears; I come to bury Cassar, not to praise him, and in the presence of mine enemies my cup runneth over."

Why is it that heavy operators who have heretofore manufactured their own lumber are evincing so strong an inclination to sell their logs instead of making their lumber. About 8,000,000 feet of logs were recently sold, in which Moore & Fisher, of this city, were interested; and a Bay City lumberman recently sold 4,000,000 feet of extra quality of logs at \$15 per thousand.

Very reticent is advanced that the proposed free listing of Canadian lumber induces the change of policy. A prominent lumberman volunteered the remark a few days ago that there never has been a time when the anxiety to sell logs is so marked as at present, and that men who never sold logs before are offering them for sale at present.—Saginaw Herald.

My Prices are Lowest, and will satisfy you.

We Want to Show You Our Goods, and will Always be Pleased to Do So, Whether You Buy or Not.

P. KELLEY, LOWELL.

Train's Hotel Block.

"MAY GOD BLESS YOU!"

A Boston Paper-Hanger's Trouble and How He Gets Out of It—Plain Words from the Sunny South.

When we are in trouble weary for help. When we are relieved we often forget to be thankful. But not always. Mr. W. W. Griffin, of Trout Creek, Cal., Ala., writes: "I had a bad attack of chills and fever. My system was full of malaria. For two years I was scarcely able to work at all. Four times my heart would palpitate for two hours at a time. My legs would get cold in the knees, and I fully expected to die. In September, 1891, I bought a bottle of Shaker's Extract of Root, or Seigle's Curative Syrup, of your agent, Mr. B. M. King, and before I had taken the first bottle I felt better, and in a short time was able to go to work. May God bless you for the good you have done."

Mr. Wm. J. McCann, 99 Randolph St., Boston writes: "Six months ago I began to throw up my food after eating. I thought I was going to die. I soon began to have pain in the chest, stomach and sides. I got a little sleep and woke all right. I once lost five pounds in four days. I began using Shaker's Extract of Root or Seigle's Curative Syrup, and when I had finished the sixth bottle I could eat three square meals a day, and go to sleep the minute I struck the bed. I am a paper hanger by trade, and have worked every day since I took the second bottle, and gained eighteen pounds. I ought to be thankful and glad."

The remedy opens all the natural passages of the body, expels the poison from the blood, and enables nature to rebuild what disease has destroyed. Shaker's Extract of Root, or Seigle's Syrup, is sold by all druggists, or sent to the proprietor, A. J. White, 54 Warren Street, New York.
