FACTS WORTH KNOWING.

In all diseases of the nasal mucous membrane the remedy used must be non-irritating. The medical profession has been slow to learn this. Nothing satisfactory can be accomplished with douches, snuffs, powders, or sprays because they are all irritating, do not thoroughly reach the affected surface and should be abandoned. Persons who have pain or tenderness in chest, faint failures, a multitude of persons who had for years borne all the worry and pain that catarrh can inflict testify to radical cures wrought by Ely's Cream Balm.

VOTING IN NEW STATES.

Returns from the Several Elections Held on Tuesday.

North and South Dakota and Washington surely Prohibition—Montana in Doubt—Ohio on Prohibition and the Capital Issue.

SOUTH DAKOTA. STOCK FALLS, N. D., Oct. 4.—The election of Pierre as capital of South Dakota is now somewhat in doubt. The fact that this city had a Senatorial election in the field is ascribed to the defeat.

The interest in the election returns has shifted to prohibition, and the liquor men are willing to bet that the Democratic majority. The success of prohibition is a great question. It looks now as if the highest Republican majority on the State ticket would exceed 10,000.

MONTANA. HELENA, Mont., Oct. 4.—The Republicans now estimate their majority for Governor at 10,000, while the Democrats claim 7,000. The election will be a close one. The Republican paper, places the minority of Carter, (Rep.) for Congress at 1,300. The Republicans have probably secured all their State ticket except their candidate for Governor.
