THE OLD YEAR.

Brief Tales of Sorrowful Events in Twelve Months.

Losses of Life by All Kinds of Casualties—Some of the Most Striking Calamities—Fires, Murders, Hangings, Lynchings and Suicides.

CASUALTIES. The following table gives the loss of life occurring by various disasters in this country during the year:

The whole list of casualties in the Old World where the loss of life was heavy enough to be reported by telegraph, including those who perished by disease and in battle, was 90,850, as compared with 95,850 last year, 66,107 in 1888, 187,500 in 1887, 118,023 in 1886, and 351,845 in 1885.

DEATHS. The number of deaths by pestilence last year was 17,600. This year they reach 49,002, occasioned mostly by cholera in Asia, Russia, Spain, Egypt and Japan.

BATTLES. There have been no great wars during the year and yet the loss-of-life record reaches 14,700, as compared with 40,978 last year. The most of these were killed in the wars in Dahomey, Senegal, Formosa and Massowah, and in the revolutions in Brazil, Peru, Buenos Ayres and San Salvador.

RAILROAD DISASTERS. The loss of life by railroad disasters shows an increase over last year, the total number of killed being 3,430, as compared with 3,238 in 1889, 1,254 in 1888, 1,238 in 1887, 855 in 1886, and 947 in 1885.

BUSINESS FAILURES. There were 12,907 business failures in the United States during the year 1890, against 9,508 in 1889. The total liabilities were \$189,000,000, against \$148,000,000 in 1889.

WORK OF AMERICAN LITERATURE. Judge Lynch has executed during the year 126 victims, a decrease over last year as compared with 179 in 1889, 144 in 1888, 123 in 1887, 183 in 1886, and 181 in 1885.

LOSSES BY FIRE. The total fire losses for the year, when the loss in each country was \$100,000,000, amount to \$65,225,444, which, added to the larger losses, makes a grand total of \$195,412,094, as compared with \$143,500,000 in 1889, \$109,000,000 in 1888, \$130,000,000 in 1887, and \$115,000,000 in 1886.

EMBEZZLEMENTS. During the year 1890 there were 238 embezzlements, the total amount of money taken being \$8,621,933. Pennsylvania leads in the greatest amount of funds embezzled—\$2,326,837.

MURDERS. The total number of murders committed in this country was 4,290, as compared with 3,967 in 1889, 3,194 in 1888, 4,283 in 1887, 1,929 in 1886, and 1,308 in 1885.

FIRE IN NEW YORK.

Two Theaters and a Block of Buildings Destroyed by Fire.

New York, Jan. 6.—A fire broke out in the Fifth Avenue Theater shortly after midnight, and within an hour that famous play-house was practically destroyed and Hermann's Theater was ruined. No lives are known to have been lost, although several were injured or more narrowly escaped, and at one time it was thought that three firemen who were caught upon the roof-top would perish.

The loss on the Fifth Avenue Theater was estimated at \$100,000 by E. C. Miner and \$200,000 by the Glassy estate, to which the property belonged. Miss Fanny Davenport loses \$20,000, exclusive of her costumes, and Prof. Hermann's loss is placed at \$50,000. The fire was caused by an explosion in the Fifth Avenue Theater.

FIVE LIVES LOST.

Fatal Explosion on an Ohio River Steamer. Most Near West Point, Ohio.

Pontiac, O., Jan. 5.—Friday morning the towboat Anna Roberts, of Pittsburgh, blew off a cylinder head, instantly killing five men and terribly wounding many more. The boat was bound for Pittsburgh and was moving slowly up the river. Just as it was about to pass a dam, when the cylinder exploded, tearing open the boiler deck and hurling the mangled bodies of the killed and about ten or twelve wounded into the river. Most of the men killed were asleep in their bunks at the time of the accident. All were horribly burned, scalded and some mangled by pieces of iron. The damage to the vessel is very slight. It is owned by a Pittsburgh firm and most of the crew lived there.

Illinois Railway Statistics. Springfield, Ill., Jan. 5.—Illinois now has the greatest railway mileage of any State in the Union, 14,017 miles. The gross earnings of all the roads in the State during the past year were \$28,000,000. There were 185,000 employees, whose yearly compensation was \$107,700,000. Five hundred and sixty-eight persons were killed; only twenty-eight of this number were passengers.

Big Money for Wisconsin Parrot. Brodhead, Wis., Jan. 4.—A. Young, of this city, who has been dealing extensively in the raising and shipping of parrots, has just received a beautiful specimen of the blue and white parrot, which is being followed up by increased activity among military headquarters. The intelligence comes that a battle or skirmish has taken place at which Brooke's or Carr's command has lost men there is little doubt.

OMAHA, Neb., Jan. 5.—Specials from Gordon, Neb., say that two scouts just arrived there from a report of a battle Saturday. The first reports were to the effect that a battle was raging about ten miles northeast of Gordon. The booming of cannon could be distinctly heard. Every body is under arms and the wildest excitement exists. The fight was between the Indians and a detachment sent out by General Miles from Rosebud agency to bury the dead Indians and to Wounded Knee battle.

WASHINGTON, Jan. 5.—A dispatch from the War Department says that the Attorney, died here Sunday, aged 41 years, of pneumonia. Mr. Coyne spent the last of his life in the United States and was a member of the State Board of Agriculture, who has just returned from a trip through a Kansas county, and that many of the orchards were ruined, and that a number of sheep, hogs and cows perished.

ROCKFORD, Minn., Jan. 5.—The office of the county treasurer of Wright County was robbed of \$2,500 last night. About 6 o'clock a man entered the vault two masked robbers entered the office, fired one harmless shot and knocked the treasurer senseless. Then they gathered up the money and fled. There is no clue.

DEATH OF AN ABORIGINAL. WASHINGTON, Jan. 5.—A dispatch from the War Department says that the Attorney, died here Sunday, aged 41 years, of pneumonia. Mr. Coyne spent the last of his life in the United States and was a member of the State Board of Agriculture, who has just returned from a trip through a Kansas county, and that many of the orchards were ruined, and that a number of sheep, hogs and cows perished.

STOCKBROKER, MASS. JAN. 5.—S. H. Willis, treasurer of the Stockbridge Savings Bank, is a defaulter to an amount running from \$25,000 to \$25,000. It is ascertained that Willis has not sent up his books for some years. He acknowledged that he had taken the above amount from the bank.

AN ESTIMATE FAMILY FROSE TO DEATH. LONDON, Jan. 5.—A family of five persons without a home, who have been tramping through the country, were found by a roadside near Cambridge Friday morning, all frozen to death.

ON THE WAR-PATH.

Most of the Friendly Indians Join the Hostiles.

Several Bands Straggle Which Result in the Loss of Life—Some Indians Well Armed But Are Short of Ammunition.

THE INDIAN WAR. OMAHA, Neb., Jan. 5.—The Bee's special from Knoxville says it is definitely known that hostiles to the number of about 1,100 are fortified near the mouth of White Clay creek, and that General Brooke, with detachments of troops, is swinging round to the north of them. General Carey is supposed to be approaching from the west and General Miles will make a dash from the south. The force thus engaged is thought to be ample for annihilating the entire band unless some unforeseen complication or untoward misfortune arises. Ambassadors from this hostile camp have again been sent for peace and offering to surrender arms. It is not known here whether terms will be granted or not, but the general opinion prevails that in view of the recent actions of the rebels in slaughtering troops while under a flag of truce not much weight will be given the pretended repentance. That the hostiles have been largely reformed within the last two days there is no longer any doubt, and there seems reasonable ground for supposing that some Indians from other agencies or the British possessions have joined them. It is currently reported here that there is a great row in the camp of the hostiles—the contention being as to the advisability of surrendering. This is not confirmed, but comes through a half-breed courier who claims to have just arrived from the hostile camp. It is said that the conditional surrender there will undoubtedly be a great battle.

A late special to the Bee from Pine Ridge says a scout just in from the hostiles says that fourteen cavalry horses were taken and other equipment of the war was brought into the hostile camp Friday night by young warriors. The scout heard the hostiles make remarks to the effect that there were four hundred men soldiers to fight and the hostiles had lost only two warriors in getting the fourteen cavalry horses. The scout's report has caused a new sensation here, which is being followed up by increased activity among military headquarters. The intelligence comes that a battle or skirmish has taken place at which Brooke's or Carr's command has lost men there is little doubt.

OMAHA, Neb., Jan. 5.—Specials from Gordon, Neb., say that two scouts just arrived there from a report of a battle Saturday. MICHIGAN STATE NEWS.

UNCONSTITUTIONAL.

The Cumulative Voting Law Declared Unconstitutional by the Supreme Court.

The State Board of Education has declared unconstitutional the statute which passed by the Legislature two years ago. The law was designed to secure minority representation in the lower branch of the Legislature from Detroit and Grand Rapids. In Detroit seven Representatives are elected. The cumulative voting law allowed the elector to cast seven votes for one of these candidates if he wished instead of one for each of the seven. Under this act the Republicans secured in Detroit four Representatives in Detroit this fall and one in Grand Rapids. The canvassers refused, however, to give the Republicans certificates of election and a test case was carried to the Supreme Court. In deciding against the law the court holds that it is not within the power of the Legislature to allow an elector to cast more than one vote for any candidate nor to give to the choice of an elector in Detroit and Grand Rapids. Such a law, says the court, in conclusion, would be but legalized ballot-box stuffing.

TWO-CENT FARE LAW VALID.

The Constitutionality of the Act Upheld by the State Supreme Court.

The Supreme Court has decided that the 2-cent fare law enacted by the last Legislature, and which has been continuously disregarded by all the railroads operating under its provisions, is valid and must be enforced. The law provides for a sliding scale of passenger rates. Roads earning less than \$2,000 per mile gross were allowed to charge 3 cents as heretofore. Roads earning over \$2,000 and less than \$3,000 were required to carry passengers at 2 1/2 cents per mile, and roads earning over \$3,000 were cut down to 2 cents per mile. Under the law the Chicago & Grand Trunk was one of the roads required to make a 2-cent rate, and this company brought a test case to the Supreme Court on the ground that the sliding scale arrangement was unconstitutional. The court was unanimous in its decision, upholding the law.

State Teachers' Association.

The fourth annual meeting of the State Teachers' Association was held at Grand Rapids over the following officers were elected: President, O. S. Schurtz, of Charlotte; Vice-President, J. W. Simmons, of Owosso. C. T. Grawn, of Traverse City; Secretary, E. M. Russell, of Battle Creek; Treasurer, C. L. Burns, of Ionia. During the past year seventy-two institutes were held with an attendance of 4,597 and an expense of \$11,200. The total teaching force in the State was 16,072.

Health in Michigan.

Reports to the State Board of Health by sixty-two observers in different parts of the State for the week ended Dec. 31, indicated that whooping cough, cholera morbus, inflammation of the brain, scarlet fever and typhoid fever increased, and diphtheria, cholera infantum and inflammation of the bowels decreased in area of prevalence. The number of cases of whooping cough reported at twenty-one places in the State was 1,000. Typhoid fever at sixteen and measles at thirteen places.

Shot by a Marshal.

The town of Milton City, Huron County, was the scene of a shooting affair in which Archie Mooney, proprietor of the Huron Hotel, would probably have lost his life. John Cole, who was drunk at the time, was taking a drunken man to jail when Mooney interfered. Cole drew his revolver and fired three shots, two of them taking effect in Mooney's breast. It was reported that both Mooney and Cole had been drinking.

Left in Desert.

A 300 minister left his pulpit in disgust the other evening. Suddenly stopping in the midst of a sermon he said: "There is fighting, talking, not-writing, gum-chewing and visiting going on here, and I will stop until you get through." He waited fifteen minutes and then he disappeared instead of dismissing. He then took the minister to lock up the church and the audience went out.

Law Stenographers Organize.

The State Law Stenographers' Association was organized at Lansing for the purpose of establishing and maintaining a proper standard of efficiency in the profession. The officers elected were: President, Henry F. Walsh, of Grand Rapids; Vice-President, George G. Gattell, of Marshall; Secretary and Treasurer, George C. Bigbee, of Marquette.

Short but Severe Issues.

Old Mrs. McKinley died of starvation at Lansing. Hunters are thick around Wales, but rabbits are only worth a cent or two there, even when ready for market. Governor Luce has pardoned Joseph Mussett, who was sent from Newaygo in 1888 to serve twenty-five years in the State prison at Jackson for assault.

One Mine at Schwabing is Taking Out 100 tons of bituminous coal daily.

Deer-hunters are flocking to Northern Michigan by the hundreds. Marquette was plating a 100-acre addition, with free sites for factories. The St. Clair County supervisors have cut the medical examiners' fees in insanity cases from \$15 to \$5.

I took 500 people to raise the \$100,000 loan for the Lansing Capitol wagon-guns. They are all become stockholders. The factory will be built at once.

O. H. Bradford, a notion dealer at Flint, has decided to give up business, and go to evangelizing. F. W. Leech & Co., lumber dealers at Detroit, have just received a large secure indebtedness aggregating \$20,000. It was said the assets greatly exceeded the liabilities. C. F. Gibbs, of Atlanta, traded a horse for forty acres of pine land on a 15-acre lot estimate. He has already cut 250,000 feet of pine, and he is still cutting. The horse was worth about \$15.

BRADFIELD'S FEMALE REGULATORY.

Should be used by the young woman, who suffers from any disorder peculiar to her sex, and at change of life is a powerful tonic, benefits all who use it. Write the Bradford, Co., Atlanta, Ga., for particulars. Sold by Yetter & Look.

SALT RHEUM.

With its intense itching, dry, hot skin, often broken into painful cracks, and the little water pimples, often causes indescribable suffering. How's Sarsaparilla has wonderful power over this disease. It purifies the blood and excites the humor, and the skin heals as if by a charm. Send for book containing many statements of cures, to C. L. Hood & Co., Apothecaries, Lowell, Mass.

Look out for counterfeits! See that you get the genuine Sarsaparilla! Do not let the dealer sell you some "just as good," but insist upon getting the genuine with the Bull's Head trade-mark on the wrapper.

MAY THANK HER STARS.

The narrow escape of Mrs. B. M. Searles, of Elkhart, Ind., from a premature death is wonderful. She states that "for twenty years my heart troubled me greatly. I became worse. Had smothering spells, short breath, fluttering; could not sleep on my left side, had much pain in breast, shoulder and stomach. Ankle swelled. Had much headache and dizziness. Treatment did me no good until I tried Dr. Miles' New Heart Cure and Restorative Nervine. The first bottle I became worse. Had smothering spells, short breath, fluttering; could not sleep on my left side, had much pain in breast, shoulder and stomach. Ankle swelled. Had much headache and dizziness. Treatment did me no good until I tried Dr. Miles' New Heart Cure and Restorative Nervine. The first bottle I became worse.
