Terrible Railway Disaster at New Hampton, Ia.

Seven Persons Lose Their Lives—Smashups Result Fatally at Various Other Points.

SLAIN AT A CURVE. NEW HAMPTON, Ia., Sept. 28.—A through freight crashed into the rear end of a local freight in the Chicago Great Western yards Saturday morning and seven occupants of the caboose were killed and two injured.

Local freight train No. 92 was two hours and a half late into the station, and proceeded to the discharge of freight in the usual manner—that is, by standing on the main track without the precaution of rear and forward signals.

The first section of the through stock train, No. 74, was due, but the full stop at the crossing of the Milwaukee road is considered a sufficient safeguard against rear-end accidents. While the local was backing up slowly to bring a freight car opposite the depot the through freight swung around a sharp turn and crashed into it.

The dead as they were taken from the wreck and carried to the platform presented a fearful spectacle. Some were literally cut and ground to pieces, others with great holes bored through their bodies, while one man's heart was exposed.

Eleven employes from both trains are under arrest, and will be held pending the investigation by the coroner's jury.

Four Persons Hurt at Pera. PERA, Ind., Sept. 26.—Wabash passenger train No. 34, due here from St. Louis at 4:58, collided Saturday evening with freight train 97, going west. Both engines were shattered.

A Reason for Opposing Cleveland.

If Mr. Cleveland's soldier substitute were running for the presidency you could, as a patriot, find several good and sufficient reasons for voting for him, but what reason can you adduce for voting for the man who, in youth and vigor, and, unlike Harrison, did not have the courage to go to the front? None whatever of course. Mr. Cleveland never heard a shot fired in anger, but he voted more old soldier pension bills than any president from Washington down. That is his great war record. He slaughtered veterans by the hundred.—New York Recorder.

I have been bothered with catarrh for about twenty years; I had lost sense of smell entirely, and I had almost lost my hearing. My eyes were getting so dim I had to get some one to thread my needle. Now I have my hearing as well as fine a needle as ever I did, my sense of smell is partly restored, and it seems to be improving all the time. I think there is nothing like Ely's Cream Balm for catarrh. Mrs E. E. Grimes, Rendell, Perry Co., O.
