WIND AND RAIN!

Lives Lost and Property Destroyed in the South.

Five Persons Killed and Others Injured at Rosedale, Miss.—Tennessee and Arkansas Visited and Much Damage is Done.

IN MISSISSIPPI.

ROSEDALE, Miss., June 2.—One of the most destructive cyclones ever known in this section passed over Rosedale Wednesday afternoon. At 5:45 p. m. a very dark, funnel-shaped cloud, fringed with white, appeared in the southwest, and in five minutes a dense roaring could be heard and the air was soon filled with trunks, tree tops and leaves. People rushed to shelter. By 4 o'clock the cyclone in all its fury struck the town amid the falling of trees and crashing of buildings. Rev. W. L. Bowdre and wife (colored) were killed. Their babe was uninjured. It is reported that three other lives were lost. Six persons were badly injured. Nearly every business house in town and many fine residences were totally or partially wrecked. The beautiful Methodist church is completely demolished. There are also twenty-three negro houses blown down. There is scarcely a tree left standing in the city. G. Wingfield, editor of the Bolivar County Review, was caught in the cyclone and blown a hundred yards away and escaped unscathed.

IN TENNESSEE.

MILAN, Tenn., June 2.—One of the most disastrous and destructive wind and rainstorms known for years struck this section Wednesday morning and continued throughout the day. The destruction to crops, buildings, etc., will be enormous. The sewer on Main street became obstructed, flooding business houses and converting that thoroughfare into a roaring torrent and sweeping away several bridges. Robert Swett fell into the Main street flood and narrowly escaped drowning. Jack Morgan and son attempted to ford a stream and Morgan was swept away and drowned.

IN ARKANSAS.

FOREST CITY, Ark., June 2.—In a hurricane a miles west of this city Wednesday a two-story frame house occupied by Mrs. Thomas, a widow, with a large family, was completely demolished and Mrs. Thomas and her 13-year-old daughter instantly killed. Other members of the family were badly bruised. Many of the houses in the track of the cyclone were demolished or unroofed. Not a tree or fence was left standing in its track.

LITTLE ROCK, Ark., June 3.—The town of Eldorado, Union county, Ark., was swept by one of the most destructive cyclones about 4 o'clock Friday afternoon that has passed over this section of the southwest for years past. Eldorado has a population of 1,100 and the death and destruction to people and property in the town were frightful. A dispatch received here while the storm was raging says from fifteen to twenty-five persons were killed and injured in Eldorado, while the destruction of property and loss of life in the vicinity was terrible.

A TEXAS CYCLONE.

It Causes the Loss of Your Lives and Great Destruction of Property.

HOUSTON, Tex., June 5.—Spanish Camp, in Wharton county, 20 miles from the railroad, was struck by a terrible cyclone Friday night. Numbers of houses were unroofed and destroyed. In the village Josh Wilkins' house was blown down and two of his children killed. For 3 miles square everything is wrecked. Three miles from town Mrs. Simmons was killed and Wash Jenkins, a colored man over 100 years old, was caught beneath the ruins in his cabin and crushed to death. All the residences and outhouses on the Montgomery plantation were blown away and several persons hurt, but none killed.

FOR SOCIAL PURITY.

A Congress Convened in Chicago Addressed by Archbishop Ireland.

CHICAGO, June 3.—The world's congress on social purity began its sessions on Friday in the Hall of Columbus, Memorial Art palace. Addresses were delivered by President G. C. Bonney, Aaron M. Powell, of New York, Archbishop Ireland, Julia Ward Howe and Rev. John M. Cleary, of St. Paul. Papers written by Josephine E. Butler, of London, and Mrs. Ballington Booth were read by Mrs. Anna Rice Powell, of New York, and Adjutant Vickers, a Salvation Army lassie.

Look at the Spots on the Sun.

SAN FRANCISCO, June 3.—Prof. Holden, of the Lick observatory telegraphs that it may be of general interest to know that a large group of spots is now clearly visible on the sun, which can be seen with the naked eye by the use of smoked glass.

She Committed Suicide.

PULASKI, Ill., June 4.—Laura Dade, daughter of Supervisor R. E. Dade, committed suicide by drowning in the Mississippi river. She had been reproached by her mother and left the house in tears.

Strawboard Factory Burned.

TOLEDO, O., June 3.—A fire at midnight totally destroyed the plant of the American Strawboard company at Lima; loss, \$400,000. Fifty girls working on the night force had a narrow escape.

Disastrous Floods in Eastern Galicia.

PARIS, June 5.—Great damage has been done by extensive floods in eastern Galicia and eighteen persons have been drowned.

MORE STRINGENT.

Finance, Manufacturing and General Trade Show Discouraging Conditions.

NEW YORK, June 3.—The weekly review of trade says: "More disheartening conditions have prevailed during the last week, and those who saw the beginning of permanent recovery in the better tone a week ago are disappointed. The money markets have been closer, especially in the interior, and manufacturing and trade are more restricted than before. Gold has gone out again in large amounts, exports for the week being about \$5,000,000, and the treasury gold reserve has been drawn down to about \$90,000,000. In nearly all departments of trade uncertainty about the future has a depressing influence, which is now clearly perceived in decrease of new business, and while most manufacturing works are yet employed on full orders as these run out the number of works closed increased.

"General trade has already been cut into, noticeably in eastern and middle states, to a marked extent in central, northwestern and western states, but to a more moderate extent south. Interviews with several hundred prominent jobbers, manufacturers and bankers at leading money center indicate a likelihood of continued stringency and that general trade may be restricted still further. Opinions offered are not altogether gloomy with respect to the outlook, but the banks are calling loans in many directions and in other ways strengthening reserves, and generally refusing to extend or grant discounts to other than regular customers. Efforts are making to protect certain lines of trade, notably grain. Money lenders are affected by the prevalent sense of uncertainty in the financial world and do not regard the outlook as encouraging. An influence may be exerted as well by the wages contests in iron and steel industries at the west during the summer. The tendency of prices continues downward and includes wool, finished iron, hides, sugar, hogs, wheat, corn and oats, lard and cotton, nominal advances being reported in tobacco and coal. At Chicago wheat is quoted an eighth below the lowest price for thirty years. Speculative markets have been sinking. Stocks are nearly 2¢ per share lower than a week ago. Wheat has declined 1½ cents, corn 2½ cents and oats 1½ cents, with moderate transactions, few owing to buy wheat with enormous stocks in sight. Lard and hogs are lower and cotton has declined a sixteenth, with moderate sales, though receipts are small.

"Exports of products still fall below last year's in value, and there is much withdrawal of money loaned in this country on foreign account. The fact that \$5,000,000 of such loans mature within the next week leads to the expectation of further exports of gold.

"Failures during the last week have been 238 in the United States, against 275 last year, and 21 in Canada, against 25 last year; but two of the United States failures were for more than \$1,000,000 each, four others were of firms rated at over \$200,000 each, and forty more of firms rated at over \$50,000 each. Last week the total number of failures was 273."

IOWA PROHIBITIONISTS.

State Convention Meets at Des Moines—Platform Adopted and Ticket Selected.

DES MOINES, Ia., June 2.—The prohibition state convention adjourned late Thursday afternoon after putting a full state ticket in the field and adopting a voluminous platform. The ticket is as follows: For governor, B. O. Aylesworth, of Des Moines; for lieutenant governor, J. C. Reed, of Delta; for superintendent of public instruction, Miss Belle H. Miz, of Danville; for supreme judge, J. A. Harvey, of Polk City; for railroad commissioner, E. H. Gillette, of Des Moines.

The resolutions adopted were, in brief, as follows: They reaffirm the Cincinnati platform, declare the liquor issue the paramount one, aver that the present prohibitory law of Iowa must be strengthened, and declare the recent dynamite explosions in Muscatine as due to the highly culpable example of the governor of Iowa.

Taking up other questions the platform declares in favor of a passenger railroad rate of two cents, favors an extension of suffrage to women, for a repeal of the tariff duties on necessities of life, and that tariff revenues be limited to the wants of the government. Restriction of immigration is urged, a repeal of the Geary law and the establishment of postal savings banks and postal telegraph, as well as the reduction of letter postage to one cent per ounce.

An additional resolution was adopted denouncing Sunday opening of the world's fair and calling on the president to stop it 'in aid against high Heaven and the rebellion against the government."

BANKS CLOSED.

Twenty Failures Reported Since the Commencement of the Year.

WASHINGTON, June 2.—"This makes a score of national bank failures since January 1, 1893," remarked Comptroller Eckels as he received the tidings that the First national bank of Brady, Tex., had suspended operations. "It's another case of the officers of the bank borrowing all the available assets."

During the five months ending Thursday there were twenty failures of national banks, the capital involved being \$8,150,000, as against seven failures for a corresponding period of 1892, when the capital aggregated \$6,250,000. Of the western banks the capital involved reached \$3,050,000, or about half of the capital stock of all the suspended banks.

An Ohio Bank Falls.

PAULDING, O., June 3.—Potter's bank, the oldest bank in Paulding county, and heretofore considered one of the safest, has closed its doors. The bank was established in 1874 and has always done a large banking business. The bank has also done a large business loaning money on land in this county. Several township treasurers were caught for many thousands dollars and the whole town will suffer from the failure.

Two Children Burned.

WHEELING, W. Va., June 3.—Near Hebron, Tyler county, the house of James Umbleman, a wealthy farmer, was destroyed by fire Thursday night. Two children, aged 6 and 8 years, respectively, perished in the flames. The fire is believed to have been the work of an incendiary.

Took Their Own Lives.

CHICAGO, June 4.—Augustus Victorson and Thomas G. McLaurie committed suicide yesterday at the Hotel Metropole. The former was a wealthy Chicagoan and the latter a wealthy resident of New Orleans. Despondency was given as the cause in both cases.

End of the Nicaragua War.

WASHINGTON, June 1.—The state department has received unofficial advice that President Sacaos, of Nicaragua, resigned Tuesday night, after signing terms of peace.

SUNK IN A FOG.

The Steamer Corsica Collides with an Unknown Schooner.

The Sailing Vessel, Cut in Two, Sinks Instantly, and Her Crew Perishes—The Corsica, Badly Damaged, Is Beached.

A LAKE DISASTER.

ALPENA, Mich., June 5.—The steel steamer Corsica collided with an unknown schooner 15 miles off Thunder Bay island on Lake Huron at daybreak Friday morning in a fog. The schooner was cut in two and went to the bottom instantly. Her entire crew was lost. The Corsica had no time to wait for the rescue of any survivors who might be floating around in the mass of wreckage, as her bow was stove in and water was pouring into her hold. She was run on the shore in Thunder bay just below Ossi-neke. The bows are all crushed in for a considerable distance and twenty-four big steel plates are loosened.

STORY OF THE MATE.

Capt. Cumming was asleep at the time of the collision. His mate states that the Corsica was bound down Lake Huron with a cargo of iron ore and had run all night through the fog. He claims that the Corsica did not run into the schooner, but that the schooner ran into the steamer. The moment they struck he states that the engines were reversed, and that the schooner disappeared from view in a second. Her disappearance was so sudden that not even her name, color or size could be made out by those on board the steamer. He is certain that the schooner's crew were all lost. On the steamer more attention was paid to her condition than to the fate of those on the schooner, for it was feared at first that she was going down.

SLIGHT CREW FOUND.

That the unknown schooner was lost is made certain by the fish tug Angler, which has just arrived here. She reports having passed the cabin of the schooner and a large amount of wreckage off Thunder bay. There was no name on any article seen. The cabin was about 18 feet long and was about one-third cut through, which clearly indicates that the steamer ran into the schooner. In a coat which was picked up among the wreckage was a letter signed by Joe Davy, 218 Cherry street, Green Bay, Wis., March 30, 1893. There was no envelope on the letter nor any other way of telling to whom it was addressed.

FOUND GUILTY.

Prof. Charles A. Briggs Convicted of the Charge of Heresy.

WASHINGTON, June 1.—Another step has been made by the general assembly in convicting Prof. Briggs of heresy. The status of the case may be explained in this way: The New York presbytery acquitted Prof. Briggs of various charges. An appeal was taken against that acquittal to the general assembly, and late last night, after many hours of debate, the assembly sustained the appeal from the New York presbytery by the following vote: To sustain, 298 to sustain in part, 85; total, 383; not to sustain, 116.

FIREMEN KILLED.

Fatal Results of a Blaze in the City of Omaha, Neb.

OMAHA, Neb., June 5.—The large furniture house of Charles Shiverick & Co., on Farham street, burned to the ground Saturday night, and the fire was attended with the death of Capt. C. D. Cox and Robert O'urray, of the fire department, and the fatal injury of Firemen Ben Morris, Charles Ellington, George Couler, C. H. Pringle and James Conley, of Scranton, Pa., a bystander. The loss on the building is \$40,000 and the stock \$150,000. Ed Maurer's restaurant next door was damaged \$25,000.

Says He Is a Pauper.

TOLEDO, O., June 2.—A financial crash, which has been expected for some time, came Thursday evening. Col. Isaac D. Smead, the founder and head of the twenty or more great heating and ventilating concerns bearing his name, stated that he was a pauper. His liabilities and assets will become known to some extent to-day, when a receiver will be appointed.

An Illinois Bank Robbed.

AVA, Ill., June 2.—At noon Thursday Dean Brothers' bank was robbed of \$3,000 or more in cash by unknown parties. It was done while Banker Dean and his employees were at dinner, and although two men were seen coming from behind the building nothing wrong was suspected.

The Public Debt.

WASHINGTON, June 3.—The public debt statement issued yesterday showed that the debt increased \$739,453 during the month of May. The cash in the treasury was \$754,122,934. The total debt, less the cash balance in the treasury, amounts to \$849,183,733.

LEADVILLE, Col., June 2.—Another cave-in accident occurred at the Baskin-Ivanhoe tunnel Thursday in which three men were killed, two others fatally and one seriously injured.

NOT A SUCCESS.

The Second Open Sunday at the Fair Falls to Draw a Large Crowd.

CHICAGO, June 5.—Decision in the Sunday closing case in the United States courts will be announced next Thursday. A temporary injunction against opening the gates of Jackson park yesterday was refused by the judges by whom the case was heard. The attendance yesterday at the fair grounds was disappointing to the exposition officials. The paid attendance, as shown by the purchase of tickets at the park, was 54,804, of which number 2,960 were children. Exposition people attributed the light attendance to various causes. They thought that many were deterred from coming on account of the heat, others because the threatening clouds massed on the western horizon in the afternoon portended rain, and still others thought the uncertainty of the injunction proceedings had left the people in doubt until too late for them to plan a Sunday trip.

With the exception of the Government building all the exposition halls were open, but many of the exhibits were covered with sheets. The states which closed their doors the preceding Sunday were closed yesterday. Virginia was an exception to this, for Mount Vernon was open, but Maine, which was open the Sunday before, was closed yesterday. Midway Pleasure concessionaires were disappointed. The crowd there was small and those who were out did not spend money.

COULD NOT HOLD OUT.

The Plankinton National Bank of Milwaukee Forced to Suspend.

MILWAUKEE, June 2.—The Plankinton bank closed its doors yesterday morning with liabilities of \$1,100,000. Continued withdrawal of deposits is given as the cause.

Late in the afternoon the bank made an assignment, the court appointing William Plankinton assignee. His bond was fixed at \$1,600,000, which was immediately furnished. President Frederick T. Day, who is now a physical and mental wreck, is said to be responsible for the failure. He loaned F. A. Lappen & Co., who failed May 12, \$219,000 of the bank's money, or \$19,000 more than the bank's capital stock.

MILWAUKEE, June 5.—Frederick T. Day, president of the Plankinton bank, has made a voluntary assignment to William H. Mousen, cashier of the bank, who furnished bonds in the sum of \$800,000, with Charles F. Pfister, George B. Miner and Willis A. Meyer as sureties. Mr. Day's nominal assets are placed at \$600,000 and his liabilities at \$500,000. So far the examination of his assets has been only cursory, but it is believed that enough can be realized from them to meet all his debts. In doing this, however, his large private fortune will be utterly wrecked. Reckless banking methods are said to have been the cause of Mr. Day's failure.

DEATH BY FIRE.

Five Inmates of a Burning Tenement in New York Perish.

NEW YORK, June 5.—Five persons were killed at a fire that began just about midnight Saturday night in the five-story flat house at 133 East Forty-third street, half a block from the Press Club fair. They were:

William Bente, a stenographer; Mrs. Bente his wife; Elsie Bente, his sister, aged 20; Helen Wetmore Dietz, his niece; Edward Fugley, a young man who roomed on the top floor.

Murdered in Their Beds.

CLARENCEVILLE, Can., June 4.—The bodies of Mr. and Mrs. Ely and their daughter were found in their home at Beach Ridge, a few miles from here. All indications show that the three people were murdered during the night. The victims were poor and hence robbery could not have been the motive. Detectives are at work upon the case.
