

BOYS IN BLUE.

Annual Encampment of the Grand Army at Indianapolis.

The Twenty-Seventh National Meeting of the Union Veterans of the War Was a Success—The Pension Report—Women's Societies.

THEY BREAK BANKS.

INDIANAPOLIS, Ind., Sept. 8.—After nearly seven hours' continuous session yesterday the twenty-seventh national encampment of the grand army adjourned at 4 o'clock p. m. The report of the pension committee was the feature of the day. It was unanimously adopted and is as follows:

"Lincoln declared it the duty of the nation to care for those that had borne the battle and for their wives and orphans. After his death a grateful nation met and received the veterans and showered upon them the plaudits and honors they had so well and hardily earned. With profound sorrow and regret we have to report that all provision for the veterans has been changed. Thousands of pensions have been stopped without notice and thousands of pensioners dropped from the rolls. It has been claimed that an adjudication of a pension settled nothing, that the secretary of the interior and commissioner of pensions were invested by law with absolute power over the pension roll, and that it is within their legal authority to reopen and revise pensions allowed by their predecessors under regulations adopted by them, whenever they see fit to change the rules of evidence and the scale of ratings, and this in a country of law, where from the infancy of the government the United States by its organic law is in terms denied the right to deprive any person of property without due process of law.

"We deny that the secretary of the interior and the commissioner of pensions have any such power; therefore the Grand Army of the Republic, in national encampment assembled, regarding for the grand army of beloved comrades, many of them too poor, too unwell, too broken to understand the strong arm of the government when administered with an unfriendly hand, scorns and denies the indiscriminate changes of universal fraud because some unworthy survivors may be found that discredit may be cast upon the entire roll, and this great body of brave and patriotic citizens stand disgraced before the country.

"We demand that there shall be no backward step in pension legislation or administration, and that the sacred trust of those that bore the burden of the battle shall be sacredly observed and sacredly administered."

The report concluded with a series of resolutions declaring that the grand army looked with indignation and alarm upon the action of the administration in arbitrarily depriving the veterans of an opportunity to be heard in defense of the rights solemnly adjudged and confirmed to them; that it declared against the presumption of fraud until charges had been proven and until each pensioner had full notice and full and complete opportunity to be heard. An additional resolution declared that as the commissioner of pensions by his recent withdrawal of the obnoxious rulings, which had been generously condoned, had virtually acknowledged the incoherence of such rulings, it was deemed his further duty to at once restore to the rolls the thousands of pensioners now standing illegally suspended.

WOMEN CHOSE OFFICERS.

The Woman's Relief Corps elected the following officers: president, Sarah C. Mink, New York; senior vice-president, Jennie S. Myerhoff, Indianapolis; junior vice-president, Amanda T. Newcombe, Vermont; chaplain, Harriet K. Dodge, Connecticut; treasurer, Armilla A. Cheney, Detroit.

The ladies of the Grand Army of the Republic elected the following officers: President, Mrs. Amanda J. Withern, Minnesota; senior vice president, Mrs. Taylor, Ohio; junior vice president, Mrs. E. P. Anderson, California; treasurer, Mrs. Gordon, Kansas; counselor, Mrs. Carrie V. Sherriff, Pennsylvania; council of administration, Mrs. Josie Slicker, Pennsylvania; Mrs. Emma Dalton, Kansas; Mrs. Etta Tobey, Indiana.

MASKED ROBBERS.

They Rob an Express Car on the Lake Shore Road in Indiana.

CHICAGO, Sept. 12.—5:30 a. m.—Twenty masked men held up a Lake Shore express train 140 miles from Chicago near midnight and after wounding the engineer blew open the safe in the express car and stole its contents. The robbery occurred near Kendallville, Ind. The train consisted of ten coaches, two express cars and one baggage car. The dynamite having wrecked only one express car, the robbers contented themselves with looting this alone and made no effort to force an entrance to the second. The express car robbed was one used by the United States Express company, and is supposed to have contained a large sum of money.

Will Await the Action of Congress.

WASHINGTON, Sept. 12.—Attorney General Olney has instructed United States marshals to take no further steps for the enforcement of the Geary law pending specific instructions to the contrary from Washington. These instructions do not apply, however, to the Chinese already in progress of deportation by due process of law.

Messenger Chapman's Murderers Caught.

OSWEGO, Kan., Sept. 12.—The three men who robbed a Frisco train at Mound Valley, Kan., and killed Express Messenger Chapman last week have been captured and now are in jail at Arkansas City, Kan. All of the prisoners confess their guilt and one admits having killed Chapman.

Refused to Ratify.

OTTAWA, Ont., Sept. 12.—The government has refused to ratify the immigration agreement made with the New York commissioners that all immigrants landing at Canadian ports but destined for the United States should be inspected at the port of entry by United States officers.

William Mawher Acquitted.

COUNCIL BLUFFS, Ia., Sept. 9.—William Mawher was acquitted Friday of the murder of his wife at Avoca, this county. Mrs. Mawher died by poisoning. She was Mawher's third wife, the two others dying in the same manner.

Lumber Burned.

CHICAGO, Sept. 12.—Flames in the lumber yards of the Pullman Car company at Pullman last night caused a loss of \$250,000.

LIVES CRUSHED OUT.

Eleven Persons Killed and Many Injured in a Railway Wreck Near Chicago.

CHICAGO, Sept. 8.—The outbound world's fair special on the Pan-Handle and the inbound Valparaiso accommodation on the Pennsylvania road collided with terrible fatality near Colehour Thursday morning at 8:40 o'clock. In the collision eleven were killed, six were seriously injured and several were slightly injured. The killed and seriously injured were on the Pan-Handle train. The slightly injured were on the Valparaiso accommodation. The great loss of life on the Pan-Handle train was caused by the telescoping of the first coach of the train with the baggage car that preceded it. The accident is the worst of the kind that ever happened near Chicago. The list of dead and injured is as follows:

- A. S. Temple, manager Schiller theater, Chicago.
- Chester E. Coffin, Carthage, Ind.
- E. M. Rigney, general traveling freight agent Wisconsin Central railroad.
- J. D. Adams, Fairfield, Ill.
- F. M. Bomard, Terre Haute.
- F. D. Fleming, Fairview, Ill.
- W. D. Richardson, 173 State street, Chicago.
- Albert Heinz, Vincennes, Ind.
- William Shorninger, 24 years old, clerk; New Albany, Ind.
- Unknown tramp at Murphy's morgue, South Chicago.
- Michael Voll, 1623 Jackson street, Louisville, Ky.
- Wilson Turner, cigar dealer, Chicago.

The accident is charged to a blunder made by F. B. O'Connor, train dispatcher for the Pennsylvania road at Fort Wayne.

DRIEST SPELL KNOWN.

The Present Protracted Drought Breaks the Record in Illinois.

CHICAGO, Sept. 12.—It has been eighty three days since it rained in Chicago, and 104 days since there has been any rain between the hours of 7 a. m. and 6 p. m. This dry weather has cost the farmers millions. Over half the corn crop of this state and Indiana is a failure because of the drought. There have been but two seasons in twenty years when the annual rainfall was less than the weather probabilities forecast for this section, but in no time have the records shown such an uninterrupted period of dry weather in and about Chicago as the present one. All over the state this drought extends, excepting a small section near Cairo, in the very southern part. There and at Springfield there was some rain the other night, but elsewhere there has not been moisture enough to support vegetation. The grass in the country is all dead, having been burned up by the sun, and whole tracts for hundreds of miles between Chicago and Cairo look as if the ground had been passed over by flames. It is about the same in Indiana, where much suffering from lack of rain is reported among the farmers. Both in this state and Indiana farmers are feeding their stock, as there is absolutely nothing on the land to graze upon, and were it not for the hay and corn from last year's crop the animals would perish from starvation.

ROBBERS KILLED.

Two Members of the McCarthy Gang in Oregon Bite the Dust.

DELTA, Col., Sept. 11.—The two men who were killed last Thursday while attempting to escape after robbing the Farmers & Merchants' bank and killing its cashier have been positively identified as Tom and Fred McCarthy, father and son. The third man who participated in the robbery but escaped is Billy McCarthy, also a son of Tom McCarthy. These men constituted the McCarthy gang of Oregon and are wanted there for robbing stages and the United States mails. There is a reward of \$10,000 for them on that account.

Flames at Bay City, Mich.

BAY CITY, Mich., Sept. 9.—The sawmill and salt block of Eddy, Avery & Eddy, was destroyed by fire about 5:30 o'clock a. m. It is not known how the fire started. The property had been inspected by a watchman half an hour before the flames were discovered. The lumber docks were saved. The mill was burned in 1896, rebuilt in 1873 and had a capacity of 28,000,000 feet. Loss, \$100,000; insurance, \$35,000.

Arrested for a Double Murder.

SHOXT CITY, Ia., Sept. 9.—Jack Skinner, a notoriously desperate character, was arrested here Thursday by Sheriff Unger, of Cherokee, Ia., for the murder of Martin Schultz and wife near that city the night of August 26. The citizens of Cherokee offered a reward of \$1,500 for the arrest and conviction of the murderer.

The Vigilant Wins.

NEW YORK, Sept. 12.—By defeating her rivals twice in the trial races the yacht Vigilant has been chosen to defend the American cup in the coming contests with foreign yachts.

Kansas State Banks.

TOPEKA, Kan., Sept. 10.—In the past six months thirty-five state banks in Kansas closed their doors, five of which have resumed business.

HAMILTON FISH.

The Famous New York Statesman Dies Suddenly.

Healthy Up to Within a Few Hours of His Death, He Falls a Victim to Heart Failure—His Relations to the State and the Nation.

A NOTED CAREER ENDED.

NEW YORK, Sept. 8.—Hamilton Fish, secretary of state in the cabinet of Gen. Grant, died at his country home at Garrison's, N. Y.

Mr. Fish died of heart failure. His death was a shock to every one, as until a few hours of the sad event he was in his usual health and in the best of spirits. At the time of his death, there were with him his two sons, Hamilton Fish Jr., and Stuyvesant Fish, of this city, and his daughter, Mrs. A. J. Benjamin. Mr. Fish had his city residence at 231 East Seventeenth street, but had spent the entire season at Glen Clyde, and had

HAMILTON FISH.

intended to return to New York the latter part of this month. The funeral services will be held at Glen Clyde on next Sunday.

BIOGRAPHICAL SKETCH.

Hamilton Fish was born in New York city, August 8, 1808, the son of Col. Nicholas Fish, a distinguished officer of the revolutionary army, whose wife, Miss Stuyvesant, was a descendant of the Dutch Colonial Governor of New Amsterdam. Col. Fish had been in military life and politics the associate and intimate friend of Alexander Hamilton, whose brilliant career was ended by the duel with Aaron Burr in 1804, and the name of Hamilton Fish was bestowed as a personal tribute.

HIS POLITICAL LIFE.

In 1834 he was a candidate for the state assembly, and in 1832 was elected to congress in a city district, serving one term in the house. In 1836 he was the whig candidate for lieutenant governor, and in 1845 was elected governor of New York by a large plurality. John A. Dix and Reuben H. Walworth, dividing the democratic vote in the memorable split of that year. In 1851 he was elected United States senator for a term of six years, as the associate of William H. Seward (elected in 1849), and before his term expired he found himself with Seward and others in the newly organized republican ranks. During his term 'as the senate Mr. Fish opposed the repeal of the Missouri compromise, and after his senatorial term expired, in 1857 he went to Europe with his family, and remained abroad until shortly before the beginning of the civil war.

SECRETARY OF STATE.

In 1862 Gov. Fish took an active part in the election of Gen. Grant, who was appointed secretary of state by him in March, 1862, and was re-appointed for Grant's second term, thus serving in the state department from March 11, 1862, to March 12, 1867. He introduced a system of examinations of applicants for consulates, to test their knowledge of subjects connected with their duties. On February 9, 1871, the president appointed him one of the commissioners on the part of the United States to negotiate the treaty of Washington, which was signed by him on May 8 of that year. He effected a settlement of the long-standing northwestern boundary dispute, giving the island of San Juan to the United States, and successfully resisted an effort by Great Britain to change the terms of the extradition treaty by municipal legislation. In the settlement of the Alabama question he procured the acceptance of a doctrine by the Geneva tribunal securing the United States against claims for indirect damage arising out of Fenian raids or Cuban filibustering expeditions. In November, 1873, he negotiated with Admiral Polo, Spanish minister at Washington, the settlement of the "Virginius" question.

HOME RULE DEFEATED.

Gladstone's Famous Measure Rejected by the House of Lords.

LONDON, Sept. 9.—The house of lords Friday night rejected the home rule bill by a vote of 419 to 41. A significant feature of the discussion was the fact that a special police force was ordered to report for duty in the palace yard in front of the house of parliament in order to be ready for immediate action in case of a hostile demonstration against the lords after division on the home rule bill.

Capt. Lenon Exonerated.

DETROIT, Sept. 9.—The coroner's jury has brought in a verdict of justifiable homicide and exonerating Capt. Lenon, of the schooner Reuben Bond, of the charge of manslaughter. Lenon shot and killed Michael O'Brien, walking delegate of the Seamen's union, while the latter was leading an assault on the noonion crew of the Reuben Bond.

Twenty-seven Lives Lost.

ST. PETERSBURG, Sept. 12.—The steamer Shermoksha has been burned on the river Volga. Most of those on board when the fire broke out were rescued. Fifteen of the crew and twelve passengers were burned or drowned.

Ten Thousand Lives Lost.

NEW YORK, Sept. 11.—The North China Herald of Aug. 19 brings further details of the great flood, which it pronounces the most extensive since 1800. No less than 1,400 villages have been destroyed in the metropolitan prefecture of Shuntienfu alone. Ten thousand lives have been lost in Kiangtung

BUSINESS OUTLOOK.

Signs of Improvement Noted, But the Depression Is Still Serious.

NEW YORK, Sept. 11.—R. G. Dun & Co.'s weekly review of trade says: "Improvement has extended from the banks to the mills. The condition of great industries has distinctly mended, though still seriously depressed. More important by far than any rise in stocks is the fact that more work has resumed during the last week than has stopped operation, so that the producing force of the country after months of constant decline has begun to increase. Dispatches mention twenty-eight textile and thirty metal works which have resumed, some only with part force, while twenty-five textile and nine iron works have stopped. It is expected that most of the Fall River mills will start soon, the hands assenting to reduced wages. The money market is more healthy, the premium on currency has almost vanished, the embarrassments in domestic exchanges have well-nigh disappeared, and while little money is yet available for commercial or industrial loans there is some relief in that respect also.

"In cotton mills resumption is quite general. The paper business is doing better, the Troy paper and Illinois glass works are starting, and several shoe factories. But shipments of boots and shoes from Boston were again 32 per cent smaller for the week than last year and in three months the amount has been about \$300,000 cases, against 1,000,000 last year. These evidences of the extent of depression are needed now because they show why the sudden recovery, which some look for, is not possible.

"It must take time to revive business after such a shock as it has sustained, and there is no occasion for disheartenment if recovery is slow. While money markets have greatly improved they are yet far from the normal condition, and the crops are in doubt. The prospects for corn have not improved and the injury done by drought seems to insure a much smaller yield than was expected. The price during the week has advanced fully one and one-half cents.

"That the volume of trade has been small of late is not surprising. Exchanges through the principal clearing houses outside New York continue to show a large decrease in comparison with last year, for the last week 24.3 per cent. Although several banks which were forced to stop in July and August have resumed this week the numerous failures of two months have thrown into confusion the calculation of merchants and compel them to curtail operations. Incomplete returns of assets and liabilities for the month of August show that the liabilities in about 1,800 failures amounted to \$5,464,000, and the returns for the remaining failures of the month will probably raise the amount above \$10,000,000. The assets reported were \$67,238,218 and while 734 of the failures, with \$38,742,029 liabilities, were at the west, there were \$48, with \$21,328,957 liabilities, in eastern states, and \$2,000, with \$5,253,215 liabilities, in southern states. This body of defaulted liabilities for the single month of August exceeds the aggregate for any entire quarter except five during the last sixteen years.

"Failures for the week have been only 223 in number, against 255 last week and 420 for the week preceding and 25 in Canada, against 33 for the same week last year. While one large mortgage company swells the aggregate of liabilities for the week the average of other failures were lower than usual, 202 being for less than \$5,000 each and only four for over \$100,000 each."

FOSTER'S LIABILITIES.

The Receivers of the Ex-Secretary's Business Make a Statement.

FORESTRIA, O., Sept. 12.—According to the statement of the receivers of the various concerns which ex-Secretary Foster owned and controlled the total liabilities are \$1,185,671 92; total assets, \$960,342 19. The appraised value is very low in some instances, and it is barely possible that enough may be realized to make Mr. Foster's accounts come out about even. There is a proposition under consideration which is said to be favorably viewed by the ex-secretary himself to let Mr. Foster take charge of his business affairs and run them to a settlement without the imposition of irksome obligations.

VIRSBAILLES, Ky., Sept. 9.—James O'Neal and wife (colored), living 6 miles from here, went away from home Thursday and left John Banks in charge of four young children. Examinations.—The special examinations for Kent Co. Teachers will be held on the last Fridays of September and October in Grand Rapids.

A. HAMLIN SMITH, Commissioner.

M. D. Wilson gave a very pleasant party to his young gentlemen friends, last Thursday evening. Sixteen sat down to supper and thoroughly enjoyed themselves. The party was given to introduce R. G. McDonald, and to speed the departure of Roy R. Eaton, who soon leaves for Chicago.

There was a good crowd at the races, Saturday and some rare sport. The trotting race resulted as follows:

**W. H. Murphy's mare..... 1
F. Flanagan's mare..... 3
J. C. Truitt's "N. A. Dunning"..... 3**

The running race was a failure, one of the horses bolted the track and the other had to walk around.

Miss Susie Sanford, of Big Rapids, was married, last Thursday evening, to Will Bennett, by the Rev. E. H. Shanks, at the residence of her aunt, Mrs. Matthew Hunter, of South Lowell. Mrs. Bennett is a composer, and a good one. She is tendered the best wishes of the force.

Miss Hattie Cadwell has had another promotion, this time she goes from Hammond, Ind., to Chicago. She is still with the Postal Telegraph Co. getting pretty near the top. Hattie is first on her feet at quite a distance that they must say good bye to mother, brothers, sisters and all. There were a few tears left to show the love of the given and all joined in waving many happy returns of the birthday of Elizabeth, C. & W. M. & D. L. & N. One Fare Express. N. Y. The family will move to Brooklyn, N. Y. They have many friends here who regret very much that they cannot visit them.

Somebody says that there is said to be one editor in heaven. How he got in there is not possibly known but it is conjectured that he passed himself for a minister and stepped in unperceived. When the dodge was discovered they searched the realms of felicity in all their length and breadth for a lawyer to draw up the necessary papers for his ejection but they couldn't find one, so of course he lived at quite a distance that they must say good bye to mother, brothers, sisters and all. There were a few tears left to show the love of the given and all joined in waving many happy returns of the birthday of Elizabeth, C. & W. M. & D. L. & N. One Fare Express. N. Y. The family will move to Brooklyn, N. Y. They have many friends here who regret very much that they cannot visit them.

A Birthday Party

in which four generations participate. Mrs. H. Andreeva was 80 years old, Tuesday, the 3th of Sept, and her children, grand-children and great-grand-children assembled at the old homestead, to apprise her of the fact, which, by the way, she had not thought of until nearly one half of the company had arrived. Three times the extension table was filled. The first time, Mrs. A. with her children and their life partners filled the board. The second time, the young grand-children and the little ones (four in number) of the fourth generation enjoyed some good things with which the table was filled. The third table was surrounded by the grand-children, who were married, with their wives.

The day was greatly enjoyed by all until the time arrived which showed that the guests had to take their leave. They must say good bye to mother, brothers, sisters and all. There were a few tears left to show the love of the given and all joined in waving many happy returns of the birthday of Elizabeth, C. & W. M. & D. L. & N. One Fare Express. N. Y. Be on your Guard.

If some grocers urge another baking powder upon you in place of the "Royal," it is because of the greater profit upon it. This of itself is evidence of the superiority of the "Royal." To give greater profit the other must be a lower cost powder, and to cost less it must be made with cheaper and inferior materials, and thus, though selling for the same, give less value to the consumer.

To insure the finest cake, the most wholesome food, be sure that no substitute for Royal Baking Powder is accepted by you.

Nothing can be substituted for the Royal Baking Powder and give as good results.
