

TO HER SISTERS.

Chicago's Grand Welcome to American Cities.

Plan of the Ceremonies on Reunion Day at Jackson Park Next Saturday—A Gorgeous Programme.

A BRILLIANT SUCCESS PREDICTED.
CHICAGO, Oct. 24.—Chicago is to be the host once more before the gates close, and she hopes to outdo even the success of Chicago day. The Reunion of American Cities is the way the new celebration is designated. It is to be held on October 28, and it is expected that there will be very close to a million people in Jackson park on that day. The mayors, boards of aldermen and other officials of American cities of more than 10,000 population have been invited to come to the exposition on that day and participate in the celebration.

The programme. With the exception of a few minor details the programme for the day has been arranged as follows:

1. Salute of cannon at 10:30 on lake front Battery D. Lieut. Alfred Russell commanding.
2. Fanfare of universal peace, performed by sixteen trumpeters in heraldic costumes from Fort Sheridan.
3. "The Star-Spangled Banner," by the monster chorus of 2,000, placed about the Court of Honor, supported by five bands.
4. Popular national airs by the various bands.
5. "Old Folks at Home," by monster chorus and multitude.
6. "Fanfare of Peace" repeated.
7. "Home, Sweet Home," chorus and multitude.
8. Ringing of Liberty Bell. Aldermen Martin E. Madden and William B. Kerr.
9. The oratory, with salute of cannon at the close of each sentence, and "America."
10. Exercises at Choral Festival hall—Reception to the mayor at 12:30, welcome by Mayor Harrison and addresses by visiting mayors, reading of the Universal Litany by Isabella Beecher Hooker, and singing.
11. 2:30 p. m.—Grand procession of floats. Chicago, guided by Love and Liberty and surrounded by the states, receiving the civilized world. Escort, Chicago Hussars, Capt. Brand commanding, preceded by sixteen trumpeters.
12. Choral Festival hall, 4 p. m.—Grand festival concert of Chicago composers, assisted by Mrs. Geneva Johnston, B. shop, Miss Katharine Fisk, chorus of 2,000, and orchestra of sixty-five musicians.

In the evening there will be a grand illumination on the wooded island, fireworks on the lake front, and a water pageant.

Many Cities to be Represented.

A representative of the committee having in charge the reunion said from present indications there would be gathered together on that day, October 28, the representatives of more American cities than ever before met in one place. Every city heard from, he said, was glad to be given a chance to testify to the grand work Chicago had done. Among the cities whose mayors have signified their intentions of being present are:

- Milwaukee, Wis., Chattanooga, Tenn., Asherville, N. C., Omaha, Neb., Grand Rapids, Mich., Alton, Ill., Allentown, Pa., Dubuque, Ia., Sycamore, Ill., Oshkosh, Wis., Nashville, Tenn., Manistee, Mich., La Crosse, Wis., Rock Island, Ill., Centralia, Ill., Joliet, Ill., New Bedford, Mass., and Lima, O.

The city councils of the following cities sent, through their clerks, acceptances:

- Alton, Ill.; Mount Vernon, O.; Moline, Ill.; Ottawa, Ill.; Winona, Minn.; Galena, Ill.; Lockport, N. Y.; Portsmouth, O.; Jacksonville, Ill.

Arrangements have been made for the visitors to meet at the city hall Saturday morning and go in a body to the Illinois central station.

WILL STAY IN MIDWAY.

The Famous Ferris Wheel Will Not Be Moved.

CHICAGO, Oct. 24.—Whatever may be the fate of other features of the world's fair the Ferris wheel will turn on its axis for some time to come. It will not be moved to Coney Island or elsewhere. It will remain in Midway Plaisance. This conclusion has been reached by the executive officers of the company and it is final. The company has the right to its present position on Midway until May 1, 1894, and there it will remain. Before the expiration of that time arrangements will probably be made for a contract with the park commissioners for the right to the position.

Tragic Ending of a Quarrel.

PINE BLUFF, Ark., Oct. 24.—A fatal battle was fought at Orlando, near here, Sunday. Mrs. James Trammel resented some defamatory remarks made by Mrs. John Trammel and attacked her with a heavy club. The woman's screams brought Cliff Conway, a neighbor, to the rescue, when he was set upon and mortally wounded by James Trammel, knife in hand. His wife then beat the other woman so that she died within a few hours, first giving birth to lifeless girl twins.

Murder and Suicide.

CHICAGO, Oct. 24.—Frank Hilbert, until recently an employe in Mueller's restaurant at 445 State street, shot his Banee, Pauline Thorman, a cook in the same establishment, and then blew off the top of his head with the same pistol. Pauline is at the German hospital, where she will probably die, and Hilbert's body is on a slab at the morgue. Hilbert was out of work and wanted money from his sweetheart with which to buy liquor. The tragedy was caused by her refusal to give it to him.

Price of a Husband's Life.

BLOOMINGTON, Ill., Oct. 24.—In the circuit court here Jennie Dubois recovered a judgment for \$5,000 damages against the Chicago & Alton Railroad company for the killing of her husband, who at the time of his death was an engineer on that road.

Death of the Oldest Postmaster.

CHARLESTON, W. Va., Oct. 24.—J. H. Miller, undoubtedly the oldest postmaster in the United States, died at Gauley, Sunday night, aged 88 years. He was appointed in 1832 by President Jackson, and has been postmaster at Gauley continuously since.

M'MAHON AT REST.

France Does Last Homage to the Dead Field Marshal.

PARIS, Oct. 23.—Paris has seen one of the most splendid and imposing ceremonies it has ever witnessed in the whole of its long history. The obsequies of Marshal MacMahon on Sunday surpassed all that was expected. One hundred and twenty thousand persons marched from the Madeleine to the Invalides, through the Champs Elysee, forming the last escort of the great French soldier. The funeral cortege was marvelous. All the great bodies of the state were represented and the whole army of Paris was present. Every point of vantage—even the branches of trees along the route—was occupied. Behind the coffin walked the representatives of all the powers of Europe in full uniform. The most striking of these were five German officers of high rank, whose martial bearing and superb uniforms astounded the crowd of spectators. Not a hostile shout was heard as they passed through the immense crowd. Three Italian officers were received in the same way, and the English officers passed without attracting any notice. All the Russian officers walked in a compact body, headed by Admiral Avellan, and they were saluted by the crowd, who, while remaining silent, uncovered as they passed.

A TALE OF SORROW.

The Hand of Affliction Is Laid Heavily Upon a Chicago Family.

CHICAGO, Oct. 24.—Henrietta Kimball, 18 years old, living at 9306 Sedan avenue, South Chicago, committed suicide by throwing herself into the lake at the foot of Ninety-eighth street, Sunday morning. Insane with grief over his daughter's rash act Andrew Kimball on Monday followed her example, and, choosing the same kindly waters in which his daughter ended her earthly sufferings, drowned himself. He had chosen the exact spot where his daughter's body was found. Mrs. Kimball's mind gave way under the double blow, and it is feared her reason may never be restored. Another daughter, who has been ill for some time, was seriously affected by this triple misfortune and she shows signs of wandering in her mind.

The family can imagine no reason for Hetty's self-destruction. She was of a cheerful disposition, and her physical health was good so far as was known. It is thought she may have overtaxed her nervous strength by her musical studies, in which she was indefatigable.

A DOUBLE TRAGEDY.

Harry Lacey Kills His Wife and Her Mother at Sioux Falls, S. D.

SIoux FALLS, S. D., Oct. 23.—Harry Lacey at 6 o'clock Sunday evening shot and instantly killed his wife and mother-in-law, Mrs. Lida Bunker, and then shot himself through the head. The act was committed in the presence of his two little children. Lacey, who is a lawyer and real estate man, on Saturday settled up all his small bills. A year ago his wife started divorce proceedings against him, but withdrew them later. Lacey always blamed his mother-in-law for all his domestic troubles. Mrs. Lacey had gone to see her mother when her husband walked in and killed them.

FISHERMEN LOST.

Record of the Gloucester Season—Ten Vessels and Fifty-Seven Victims.

GLoucester, Mass., Oct. 24.—The closing of the fishing season tells a melancholy story of disaster as well as success and gain. During the year there have been lost at sea from this port fifty-seven men, leaving ten widows and thirty-two children. Ten vessels, valued at about \$60,000, founded or stranded. From 1890, since a record has been kept, to 1893 598 vessels have been lost, of the value of \$2,000,000. The number of lives lost is 3,231. Including those lost from this port prior to 1890, the list will amount to about 5,000.

An Old Law Resurrected.

WEST PLAINS, Mo., Oct. 21.—The late grand jury of Baxter county, Ark., returned indictments against sixty men for swearing, there being a law against profanity in that state. It had become a dead letter, but the grand jury resurrected it in good shape, and now there is some silent cursing among the parties indicted. A strong and combined fight will be made to beat the law when the cases come up for trial.

A LITTLE GIRL'S FATE.

Run Over and Nearly Cut in Halves by a Traction Engine.

EAST JORDAN, Oct. 20.—William Chaddock, a farmer living 3 miles north of this village, when returning home from a job of threshing with his traction engine, was met on the road by his children, who climbed on to ride. One little 3-year-old daughter came up on the opposite side unobserved by her father, who started up his engine and ran completely over the little body nearly severing it in two. She died in a few moments.

Banks in Good Shape.

LANSING, Oct. 24.—Banking Commissioner Sherwood says that thus far during the year 1893 only two state banks in Michigan, the Central Michigan of Lansing and the State savings of Crystal Lake, have passed into the hands of receivers. Only one, the Michigan county of Lansing, has suspended, and this bank was reopened for business Monday, after having been closed since June. Its capital has been doubled. The condition of Michigan state banks generally, he says, is much better than at the beginning of the year, their reserve having been constantly increasing since last April.

A MYSTERY SOLVED.

The Murder of the Wratten Family in Indiana Confessed.

James Stone, One of the Criminals, Gives the Details of the Horrible Crime—The Perpetrators Are Under Arrest.

HE OWNS UP.

WASHINGTON, Ind., Oct. 23.—The great Wratten murder mystery has been solved. James Stone was before the grand jury Saturday, and after a close examination he weakened and gave a full confession, implicating six other men. They are Grandison Cosby, Gibson Clark, John White, Martin Yarbrough, Lon Williams and William Kays. It will be remembered that the last two named were arrested several days ago on a charge of the murder and placed in the southern prison, where they are now confined.

Robbery the Motive.

Stone claims the originator of the scheme was Grandison Cosby, and that their motive was to rob the house, as the old lady, Mrs. Elizabeth Wratten, was said to have almost \$1,200 concealed about the house. They were to secure the money if the whole family had to be murdered. Stone says that he did not take part in the murder; that when he got to the Wratten house he was half an hour late. They had agreed to meet at 1 o'clock Tuesday morning, September 18. When he arrived he met Williams coming from the house and he said: "You Stone, you are too late to see the fun. We have killed them all, and had a picnic, except with the old woman, and she fought like a—l—l."

Failed to Find Money.

Williams was asked by Stone if he had found any money, when he replied: "Not a cent; could not find any." They then made Stone go in the house and get blood on his clothes so he would be implicated if the rest of them were. Stone was made to promise that he would go to the house the next morning and bring the news to this city. Stone says they all left the house in different directions, and he went home and washed his shirt in the spring and then changed his trousers. He told the officers where they would find the bloody trousers, and on a search they were found in his garret, and are now in the possession of the authorities.

Stone's Wife Caused His Arrest.

Stone's arrest was caused through his own wife, who appeared before the grand jury and testified that Stone arose in the night and complained of a violent toothache and that he was going to a dentist to have it extracted; that he did not return until a late hour, and then being covered with blood, he asked for a change of clothes; that Stone maintained that the blood on his clothes was caused by the bleeding of his tooth. On inquiry it was found that no doctor or dentist had extracted a tooth from Stone. This was deemed strong evidence, especially when coming from the man's wife. As soon as Stone was brought to town the grand jury went to work to obtain a confession from him. At first he strenuously denied everything, but, being assured that clemency would be guaranteed to him if he made a confession, he at midnight yielded to their overtures.

Kays and Williams killed the old woman, and Clark, White and Yarbrough killed the remainder of the family. Cosby had nothing to do with the assassination, but was simply a leader. He says that they did not get a cent.

Every man is now behind the walls of Jeffersonville prison, as it was not safe to leave them in this city, so excited are the citizens.

Discredit Stone's Story.

WASHINGTON, Ind., Oct. 24.—Yarbrough, one of the men whom Bud Stone implicated in the murder of the Wratten family on the night of September 18, has admitted a number of points made by Stone. He admits that the men had previously planned to rob old Mrs. Wratten. There is a prevailing opinion here that Stone's statement that the six men were present the night of the murder is not true. Two of them—White and Clark—can prove by good witnesses that they were elsewhere at the time of the butchery and it is thought Cosby will be able to explain his whereabouts in an acceptable way. Stone in all appearances was not aided by more than one or two others and possibly murdered the family alone. The blood on his clothes was not smeared on, as he insists, but it is in spots as though it had splashed on the garments. Stone's wife has been threatened with violence for having withheld the secret so long and has been brought here for safety. She claims she would have revealed all she knew but for fear of her husband's wrath.

Financial Crisis in India.

LONDON, Oct. 24.—A dispatch to the Times from Calcutta says that money is daily becoming scarcer. In this connection the Englishman suggests a gold loan of \$5,000,000 and declares that this loan is an absolute necessity in order to avoid a panic.

Cholera at Bilbao.

BILBAO, Oct. 24.—Forty-six new cases and twenty-two deaths from cholera have been reported here during the past four days. The disease is now confined to the town and has ceased to make its appearance outside the city limits.

An Ohio Tragedy.

BIPLEY, O., Oct. 24.—The remains of Mrs. A. J. Wagner and her two children were found Wednesday. The woman had evidently killed the little ones and herself.

DIED IN PRISON.

Rev. W. F. Pettit Passes Away in the Penitentiary at Michigan City, Ind. MICHIGAN CITY, Ind., Oct. 21.—W. F. Pettit, the ex-preacher from Lafayette, who was granted a new trial Thursday by the supreme court, died Friday night at 6:30 o'clock before Warden French had time to remove him to the Crawfordville jail, to which place he had been remanded. Pettit had served three years on a life sentence for poisoning his wife and while in prison was attacked by hasty consumption. He gradually wasted away until he became a mere shadow and could not speak above a whisper. Friday morning he was taken from the hospital to the officers outside the prison walls, where he rested all day on a cot. Just a few minutes before he died he asked for a glass of milk, which he drank, and then requested a fellow-convict to pack his trunk. His last words were to request that he be buried beside his wife in Oswego, N. Y. Pettit left a will in the possession of the warden, but made no confession, and was apparently satisfied to die with the mystery surrounding the death of his wife still unsolved.

RECIPROCITY WITH CANADA.

Edward Farrar Is Sent to the Dominion by Secretary Carlisle.

MONTREAL, Can., Oct. 24.—The United States government is about to make overtures to Canada for a reciprocity treaty between the two countries. Edward Farrar, formerly editor of the Toronto Globe and the Toronto Mail, is in Montreal to test the feelings of Canadians on the question. He has been sent here by Secretary Carlisle, and is a paid employe of the American government. The scheme is only a continuation of the policy to extend the commercial relations of the United States over the entire American continent. Mr. Farrar states that there is an earnest desire on the part of the democrats to conclude a reciprocity treaty with Canada, which would include natural products, coal, the free entrance of which into Canada was opposed by Sir John Thompson, the premier, at the last general election. Lumber, corn, barley and probably fish. Mr. Farrar, while in Canada, will see the cabinet ministers with the object of having the matter brought up at the next session of the Canadian parliament.

CHINESE REGISTRATION.

Report to Congress on the Attitude of the Chinese Government.

WASHINGTON, Oct. 21.—The president sent to the senate, while in executive session, a message transmitting the report of the secretary of state in reply to the Dolph resolution of inquiry concerning the attitude of China with regard to the extension of time for the registration of Chinese laborers. In this report Mr. Greaham says: "While the government of China has not formally requested that the time for registration provided for in the Geary law be extended and no formal assurance has been given that it extended Chinese laborers in the United States will take out certificates as provided by the act, the Chinese minister has repeatedly asserted, in conference with the undersigned, that his countrymen residing in the United States at the time of the passage of the act, on the advice of eminent counsel and in good faith, refrained from registering within the time allowed, and that it would be unjust to deny them an opportunity to register. The minister more than once has given assurance that an additional opportunity to register would afford his government great satisfaction."

A LIGHT SENTENCE.

Mackey's Assault Fine—4 \$250 for Shooting the Millionaire.

SAN FRANCISCO, Oct. 23.—W. C. Rippey, the decrepit old man who shot and nearly killed Millionaire John W. Mackey several months ago, was on Saturday sentenced in the superior court to pay a fine of \$500 or serve 125 days in jail. The jury convicted him of assault with a deadly weapon and urged a light sentence. Rippey lost all his money in mining stocks. It is said friends who knew him when he was a prosperous speculator will pay the fine.

Cattle-Killing Record.

KANSAS CITY, Mo., Oct. 23.—The cattle-killing record of the world has been broken at Armour's packing house in this city, where 3,218 cattle were slaughtered in eleven hours. The slaughter began at 7 o'clock, was interrupted a half hour at noon, and ended at 6:30. The average was five steers slaughtered every minute. No packing house in the world has ever killed the same number of cattle in the same time.

A late prominent patent medicine manufacturer once gave his opinion that we couldn't make Brant's Balsam a great seller, because we gave such large bottles for the money, there wouldn't be the large profits made by other manufacturers with which to advertise the goods. He hadn't learned that quality and quantity are advertising always fully appreciated, as proven by the rapid growth of sale of Brant's Balsam, the leading seller everywhere. Large bottles, small doses, quick effect. 25 and 50 cent sizes at D. G. Look and Hunter & Son.

How much do you suppose the editor received from delinquents in response to his call in September? Obituary. Again the death angel has spread his wings over our quiet village; and sorrow and gloom have fallen on the home of Mr and Mrs J. Johns. On Wednesday Oct. 14th, Frank, their oldest son passed from earth to his home above. He was born in Freedom, Washtenaw Co., Mich., on the 14th day of November 1879. A few hours before he departed he requested Mrs Hewett, who was attending him, to call the family as he wished to see them all together. He bade each one of them a loving good bye and charged them to meet him in heaven, saying that he was ready to go. He asked his mother to forgive all the bad things he had ever done. Told his father that he was so sorry that he was blind, but said to him: "mark down what I tell you, you will soon see again."

He gave a tender parting message to his brother and sister, when he had bid the family good bye he expressed a desire to see Dr. Brooks. When the doctor came he entrusted to him a good bye message to the Sunday School at the M. E. church, of which he was a faithful and constant scholar. Frank was a beautiful, manly boy respected and loved by all who knew him. The loss of the bereaved family is his hearty and eternal gain. He rests in peace with the God.

TO MY DEAR SON. Oh, why should we mourn for our son, Whose form lies under the sod; Whose bark on life's river no more is tossed, But is anchored safely with God.

We have pressed the last kiss on his brow, And his lips are silent and cold; And he lies now with white folded hands In the gloom of the graves damp mould.

But that dearly loved form will rise again, All free from corruption and sin; And the beautiful gates of Paradise Will open to let him in.

And when we stand by the river of death, And the angels beckon us o'er; May we feel the clasp of his angel hand, When the loving shall part no more.
